If the Legislature believes that C&DD is the best solution that protects Ohioans. That was determined reasonable and Ohio's dedicated C&DD landfills,

Senator Reineke wrote in his testimony because we aren't doing enough. Ohio already does a lot with recycling. I was in North America in Columbus last week. It's just good business. The true cost of waste on the East Coast has sky high disposal prices.

Do we really want sky high disposal prices?

I am asking the committee to provide the
