

My name is Aryel Clarke. I am a Berea resident and Ohio educator, and I strongly oppose HB 188. This bill would send millions of taxpayer dollars into a foreign partnership with the State of Israel. This funding would be sent overseas at a time when Ohio communities are struggling with the rising cost of living and continued cuts to public services like schools and libraries.

I am disappointed HB188 is being prioritized by our elected representatives. Beyond the warped priorities this proposal promotes, I have serious concerns about this bill's lack of transparency, oversight, and return on investment for Ohio taxpayers. The legislation includes no clear benchmarks, performance reporting requirements, or community input mechanisms. The bill creates a board stacked with political appointees tied to pro-Israel organizations, explicitly excluding Palestinian, Arab-American, Muslim, and neutral voices. It contains no independent oversight, no competitive process, and no clear safeguards to ensure accountability or public benefit.

This is not just about trade. This is about values. Israel is currently under international investigation for crimes against humanity. A trade partnership makes Ohio complicit.

I strongly believe Ohio's resources should stay in Ohio, to build up the economy of our own communities. Please stand for transparency, equity, and fiscal responsibility, and consider the people of Ohio who elected you—not foreign lobbyists—and to vote NO on HB 188.

Sincerely,

Aryel Clarke
