Dear Ohio Legislator,

I am writing on behalf of Infinity Resources, Inc. to express my full support for Junior Achievement's efforts to expand its workforce and financial literacy programming across the state of Ohio. As an Ashtabula County Advisory board member, I have witnessed firsthand the positive impact these programs have on our community here in JA of Eastern Ohio.

INFINITY RESOURCES, INC. is a full-service staffing organization with temporary to hire and directly placed workers provided to the southern shore of Lake Erie from Dunkirk, NY to Painesville, OH. Our organization focuses on sales, service and human resource expertise: Business, Marketing, Finance, and Manufacturing. We are committed to JA's mission and provide financial and volunteer resources to JA of Eastern Ohio.

Our organization has long valued the impact of Junior Achievement in our community. We have witnessed firsthand the positive influence JA programs have had on youth development and are excited at the prospect of this expanded partnership. Junior Achievement will offer even more opportunities for us to support and engage with local students, providing them with the skills and knowledge essential for success in today's economy.

In light of this, I respectfully ask that you consider including an amendment to HB 96 that would provide \$2.75 million per fiscal year to Junior Achievement. This funding will allow JA to expand its programs statewide, ensuring that every student in Ohio has access to the tools they need to succeed. It will support educational programs in all 88 counties, fostering workforce readiness and financial literacy for the students who will contribute to our state's economic prosperity.

Thank you for your time and consideration of this important matter. I am happy to provide additional information if needed and can be reached at 440-344-0458.

Very Truly,

These skills are invaluable in preparing the next generation of leaders and professionals who will drive Ohio's future success.

The work Junior Achievement does aligns closely with the needs of our community, and I have seen the difference it makes in the lives of students. 7 17 Credit Union supports Junior Achievement by volunteering in programs like JA Personal Finance, where their employees mentor students on budgeting, saving, and financial decision-making. Their financial contributions and hands-on involvement help provide essential financial literacy education to students, empowering them for future success.

In light of this, I respectfully ask that you consider including an amendment to HB 96 that would provide \$2.75 million per fiscal year to Junior Achievement.
