Angela Dockery
Opposition Testimony

Chair Ray, Vice Chair LaRe, Ranking Member Brent, and members of the House General Government Committee,

Thank you for the opportunity to testify today. My name is Angela Dockery and I am a third generation voter. I am opposed to SB 293.

I appreciate and value the ability to mail a vote postmarked the day before election day with a four day acceptance window. This enables the most people to cast their vote. Access to voting is something, as a third generation female voter, that I take very seriously.

Before my grandmothers were born, no woman in our family had voted. The grave situation before you right now is whether you will see the need and moral responsibility to your constituents to enable voter access so that people, like me, will continue to be able to cast their vote postmarked by the day before an election with a four day window.

I ask you to vote NO on this bill. Thank you.
