To House General Government Committee

I am writing to urge you to vote no on SB293 which takes away the 4 day period after the election to count Ballots that have been postmarked before Election Day. I am a senior in my 80s as is my husband, and we Want to be assured that our ballot is counted. The postal service is often slow and the ballots may not arrive by Election Day. I would not want to be penalized by not having my vote counted because of postal delays.

Again, Please vote no on this unnecessary bill.

Thank you,

Carol Grasha
