

I am strongly opposed to SB 293. I find it completely insensible and irresponsible to punish Ohio voters for delays that the Postal Service may have. An absentee vote cast on November 1st and a mail-in ballot postmarked November 1st should have the same amount of weight in our democracy. Later mail-in voters are simply taking in all possible information before making their decision. Undercutting mail-in voting is undercutting our democracy. Please vote no on SB 293.

Sincerely,

Rachelle Magaram
