

To the Government Oversight Committee

House Of Representatives

Columbus, Ohio

Regarding the Hearing on H. J. R. No. 2

Dear Members of the Committee,

On May 20 you will be voting on HJR2. A YES vote on HJR2 will take the people of Ohio and the nation one step closer to realizing the intentions of our founding fathers to self rule.

The three issues considered, if a Convention of States were to be allowed are as follows:

Term limits for all Federal Officials, including Members of Congress.

Require all powers not enumerated in the Constitution as Federal Power, be returned to the States.

Require Fiscal Responsibility by way of a Balanced Budget Amendment.

As State Representatives you are fully aware of the time and sacrifices you are making while serving the people. By voting YES on HJR2, ***Term Limits by Federal Officials and Congress*** and ***Returning the Power back to the States*** would place the power to truly self rule back into your hands.

And lastly, all citizens would surely benefit if the ***Congress were Required to Balance the Budget*** every year.

For those reasons, please consider voting YES on HJR2.

A concerned citizen,

Bruce Santoro
