

Testimony of David E. Laman in support of HJR 2

To: The House Government Oversight Committee

Chair Hall, Vice Chair Ferguson, Ranking Member Humphrey, and Members of the Committee,

I am retired and living in the Delphos, Ohio community. I've had a lengthy career in sales and marketing many automotive products. I was born and raised in this small northwest Ohio town and have watched our country change in a disturbing way in my 78 years.

Many of the federal House and Senators have found it easy to spend their time campaigning and raising money from special interests instead of working to benefit the people they represent, the people of the United States and their individual States.

I do hope that the Representatives and Senators of Ohio feel as I do, that our state issues are better handled in the Ohio State government, closer to the citizens of Ohio.

I hope that you will see your way clear to pass HJR 2 on to the House for a full vote.

Thank you for your respected service to the people of Ohio and allowing me to have the opportunity to submit my testimony.

David E. Laman
Delphos, Ohio
