Hearing on H. J. R. No. 2

Chair Hall, Vice Chair Ferguson, Ranking Member Humphrey, and members of the committee:

Thank you for your service to Ohio. I am a concerned constituent and owner of a Mason Ohio business. I believe Washington is broken on both sides of the aisle. Our federal government is larger and more involved in the activities of the states and citizens than ever intended by the framers. Most of our federal officials lack fiscal responsibility and content to print more money while kicking the can down the road. Most seem to care more about foreign wars and illegal immigrants than their own constituents.

Please support HJR2 and pass it on to the full house for a vote. The bill seeks three amendments:

- 1) Fiscal restrictions (a balanced budget similar to what is required in Ohio).
- 2) Limit the power and jurisdiction of the federal government
- 3) Term limits for federally elected officials

I fear if we do not do something quickly it will be too late.

For these reasons I ask you to vote in favor of HJR2. Thank you for your service to me and the citizens of Ohio.
