

Testimony to the
GOVERNMENT OVERSIGHT COMMITTEE
OHIO HOUSE OF REPRESENTATIVES
COLUMBUS, OHIO

Hearing on H. J. R. No. 2

May 14, 2025

Randall Edward Barger
6687 Hummingbird Drive
Mason, OH 45040

Chair Hall, Vice Chair Ferguson, Ranking Member Humphrey, and members of the committee:

I am a Supply Chain Manager from Mason, House District 56. I'm frustrated by the fact that most of the Washington congressmen (men and women) are "bought and paid for". The majority of them go to Washington with the best intentions, but Washington (lobbyists & the political machines) change them. The founding fathers never intended for our representatives to be life-time politicians. Term Limits must be established for all of our representatives in Washington.

My other concern is the Federal Debt... it is unsustainable! Federal Spending must be "reigned in".

For these two reasons I ask you to vote in favor of HJR2. Thank you.
