Chairman Schmidt, Vice Chair Deeter, Ranking Member Somani, and Members of the
House Health Committee,

Thank you for the opportunity to submit my support testimony for HB 12, The Jeff Dave &
Angie Patient Right to Try Act.

On behalf of Georgia Coalition for Vaccine Choice, a consumer and human rights advocacy
organization, I am writing to express our strong and unwavering support for HB 12. This bill
is of particular personal importance to me, as my daughter and grandchildren are proud
residents of Ohio.

I respectfully urge you to protect the fundamental right of health care providers to exercise
medical free speech so that patients can receive full, informed consent and have access to
life-saving treatments their doctors have prescribed and they have willingly consented to.
Please restore the Doctor-patient relationship by voting YES on HB 12.

I urge the committee to vote YES on HB 12.

Sincerely,

Sandi Marcus
