

To whom it may concern,

Hi, my name is Jay Zollinger. I retired from my job back in January 2020. I applied for my health insurance through the Federal Insurance Marketplace. Based on my income and my age at the time (59), I was placed on Medicaid. I continued on Medicaid through January, 2021. I was never notified by anyone that when I died, there was an estate recovery for those premiums. At the end of December, 2021 my brother was talking to Bob Weldon. Bob was aware what was happening with this estate recovery because of his brother Phil Weldon. My brother Scott Zollinger and Bob were talking one day about this and Scott told him I was on Medicaid. Bob and Scott called me and told me what was happening and to cancel the Medicaid insurance. I did that and made other arrangements. Now, I have requested and received a copy of what my estate recovery bill is (\$15,845.05).

Back in 2022, Bob, Scott, and I met with Jeff Lake, Robert Byrne and others concerning this issue. I received a phone call a few weeks later stating there was nothing that could be done about my issue.

Thank you,

Jay K Zollinger

Joy K Zollinger
