

Representative Tex Fischer
59th Ohio House District

Chairman Roemer, Vice Chairman Thomas, Ranking Member Troy, and members of the House Ways and Means Committee, thank you for the opportunity to testify today on House Bill 330. If enacted, HB 330 would create a sales tax holiday from March to April and November to December of each year for firearm safety or storage devices.

Regardless of your position on firearms, one thing we can agree on across party lines is that they should be kept in a way that avoids unnecessary risk to their owners and children. By creating this sales tax holiday, we can help not only promote these products that make gun-owning households a safer place but also make them more accessible and affordable to families across the state of Ohio.

This legislation has already received bipartisan support, and we hope that we can all stand together to help relieve the financial burden on those who simply want to make sure the firearms in their house are kept in a manner that is safe for their entire family.

Thank you again for the opportunity to testify before you today, and we are happy to answer any questions you may have.
