

Chair Chavez, Vice Chair Landis, and Ranking Member Smith:

My name is Mike Halaiko, and I am a resident of Pickerington, Ohio, a lifelong Ohioan, and a retired Ohio Public School Teacher/Administrator with over 40 years of service in Ohio Public Schools.

I am opposed to Senate Bill 294, because it makes the false claim that natural gas and nuclear energy are clean, non pollutant energy sources.

Let's not deceive ourselves and pretend these energy sources do not harm our environment.

I urge you to be honest with us and reject Senate Bill 294.

Thank you and please take an honest look at our future by supporting green, renewable energy sources like solar and wind power technologies.

Sincerely

Mike Halaiko
