

Testimony:

Hello, my name is Brody French and I am a student at Westerville South High School. I am sending this to you today because I am concerned about the proposed cuts to state funding and what kind of effect it will have on our public schools. Funding that is adequate is very important in order to provide students an education that prepares us to be the next group of working class citizens in the future. Please continue to make sure that Ohio's public schools are fully funded.
