

Dear Medicaid Committee members,

I am submitting testimony in opposition to SB96. It is cruel policy to discontinue Medicaid expansion in Ohio. Medicaid is designed to help Ohioans, especially children, from households making less than 138% of the federal poverty level. These recipients are the most vulnerable citizens of our state. These are people with real needs for healthcare, a right that all Ohioans deserve and need. By eliminating the Medicaid Expansion Program, or putting more work restrictions in the system, people will die. Please vote no and show that you care about the people of Ohio.

Thank you.
