

Dear Medicaid Committee members,

I am submitting testimony in opposition to SB96. Many Medicaid recipients are vulnerable citizens of our state. Medicaid expansion covers these individuals with income levels below the federal poverty level. People making less than \$20,000 a year are not “taking advantage of the system.” These are people who need healthcare. Eliminating the Medicaid Expansion Program, or putting more work restrictions in the system, people will die. Please vote no and show that you care about the people of Ohio.

Thank you,
