

Fair Gaming Coalition of Ohio

Since 2012

Dear Chair Manning, Senator Timken, and members of the Senate Gaming Committee,

We are appreciative of your efforts on the Ohio Senate Gaming Committee and respectfully reach out to you for help. Our small businesses are suffering from the lack of a gaming entertainment option for our customers. We are consistently losing customers to the mini casinos popping up all over the county, and the veteran and fraternal halls where they can have 10 slot machines per location. We have seen our colleagues in multiple other states including Illinois, Georgia, West Virginia and soon to be Pennsylvania, be able to offer a limited number of licensed, taxed and regulated gaming devices. We are keenly trained in identifying and preventing underage use of a product in our locations. We desperately need your assistance and ask to be included in any Senate gaming language to allow us to operate 2-3 games in our bars.

Thank you for your consideration,

The bars and taverns of Stark County

3757 Indianola Ave, Columbus, Ohio 43214
