

To: Ohio Senate General Government Committee

From: John C. Anderson

Regarding: Senate Bill 153

Date: 10/27/2025

Committee Members,

I am opposed to SB153 on the grounds that it is unnecessary and needlessly complicates the election process. In addition, I believe that it will result in a lower voter turnout and deprive some of our Ohio citizens their voice. Our Secretary of State recently touted Ohio's elections as being fair, well-run, and devoid of illegal tampering. Given that background, introducing additional tasks for election workers to perform is solving a problem that does not exist.

Please do not pass this legislation, it is not needed and overly burdensome.

Regards,

John C. Anderson
