Re: Senate Bill 247

To Whom It May Concern:

I am so proud to be a strong proponent of Senate Bill 247, a bill that will ensure what all of us already know: there is nothing better than a Buckeye. And that's a sentiment shared by our customers and clients at the Chocolate Cafe, a local, woman-owned business that just celebrated 18 years in business. And I am also a proud graduate of the Ohio State University!

The Chocolate Cafe is known for our casual menu, our delectable coffee and desserts, and also our hand-rolled Buckeyes. In fact, during this time of year, it's hard to keep up with the demand. The Buckeye is our number one request - and we ship Buckeye gift boxes all over the country, which is why it should be recognized as the State Candy of Ohio.

We do a traditional Buckeye and other types of Buckeyes, including Oreo Buckeyes, Heath, Butterfinger and Dubai. They are all popular! Much like Buckeye nation, the Buckeye is a candy that thrives and celebrates diversity.

So let's do this, Ohio! Let's unite and raise our Buckeyes to the sky and say:

OH-IO!
