

Hello Chair O'Brien,

I'm a senior citizen who depends on my Airbnb earning as supplemental second income.

Please vote for any bills that preserve it and do not vote any legislation that could jeopardize it.

I worked my whole life to be able to be a snowbird, and when I am in Florida, many families enjoy my beautiful home in Ohio.

I'm not a rich person... And that house is the only asset I have to my name.

Sincerely,

Rita El Gani
