

Hello Chair O'Brien,

Dear Senators

I am a local resident in Franklin County and small business owner asking you to support SB104 to protect my property rights and ability to earn a living as a short term rental host.

As the property owner I don't feel it right for cities and townships to discriminate about how I choose to rent my own home and open nit up to others to feed my family. Please lend us your support as we try to make ends meet and pay our mortgages with a little help from short term rentals.

Sincerely,

kyle barger
