

Hello Chair O'Brien,

Please vote yes on SB 104. I've been a host for many years and have provided, very much needed, affordable housing for many a weary travelers. Most are professionals, especially medical professionals and first responders, who are so essential to our healthcare community and hospitals. Some have been active duty military personnel, on assignment at the Air Force Base. Everyone has been so grateful for safe and affordable housing. This extra income has allowed me to expand this business to provide even more housing to those in need. It has also allowed me to bring to life the entrepreneurship that I thought was only a dream. I'm a good tax paying citizen and a hard working first responder myself. I have been incredibly blessed to be able to utilize Airbnb to bring so much good to so many, at the same time helping to attract commerce and business to our Ohio cities. I would greatly appreciate your continued support of local small entrepreneurs like myself. Thank you for your time and consideration.

Sincerely,

Mae Ojeda
