

Hello Chair O'Brien,

I host properties in and around Cleveland. Most of our guests are associated with the hospitals, either as medical professionals or patients and their families. We provide a much-needed product and service to individuals who come to the area from all over the world and need to stay somewhere that is comfortable and feels somewhat like a home. We are responsible hosts who improve our neighborhoods by keeping the exterior of all of our properties clean and beautiful. We pay our taxes and are all-around good neighbors and citizens.

Please vote YES on SB104.

Sincerely,

Sophie Boehlen
