

Hello Chair O'Brien,

Please vote yes on SB 104. We are a short term rental family in Amherst Township on four acres. Our guests enjoy the country feel of our guest home, with all of the convenient accessibility to local attractions such as Cedar Point, fishing tournaments on Lake Erie, Downtown Cleveland events and everything in between.

This additional income helps our family to pay for real estate taxes, insurance and repairs or maintenance of the property. In addition it helps our family operate properly with the increase of cost of living we need this income to survive.

We also are a cancer family, our youngest son was diagnosed at four months old with pediatric cancer-neuroblastoma. This additional income helps for outstanding medical costs and aids in the unknown lifelong journey our family will have together.

We host responsibly. Our family had rental properties for fifty years. With our youngest son's cancer diagnosis we sold all of rental properties and solely concentrate on our guest house since it's easy to manage being on the same grounds.

Please don't take this away from us, we appreciate your time. Thank you!

Sincerely,

Danielle Miskov-Dziak
