

Hello Chair O'Brien,

we have been hosts here in Ohio for about 5 years now. we love hosting and creating unique experiences for others. We receive great amount of love from our guests who keep coming back to our places. Hosting has been great benefit to our family and the community and we are asking you to please vote yes and support the suggested SB 104 bill. The market forces have been voting yes for hosting and we are very hopeful that the law can vote accordingly and allow us hosts keep doing what we love.

Thank you so much for your time!

Sincerely,

Adoram Shemesh
