

Hello Chair O'Brien,

We have hosted over 400 guests in our college town of Granville in partnership with AirBNB. As retirees, this additional income and also the interesting interactions with people from all over the world have been a blessing.

The village is making noise about short-term rentals with no foundation we can see. Please support SB104 to protect us from their fees and odious rules. Many Denison parents find our cost friendly cottage a life saver!

Thank you for your attention. Mindy and Bob Kshywonis

Sincerely,

Mindy Kshywonis
