

Greetings Sen. Paula Hicks-Hudson,

I am a constituent of yours, voted for you, and served in local government under you, in your time as mayor of Toledo, with my direct supervisor being Bonita Bonds. I believe both you and I had a good relationship with her.

I am writing to you today to express my strong support for SB 104 and to ask for your vote in favor of it. I believe in the ability of local homeowners to rent their property for the short-term and would hate to see the localities of Ohio become so regressive as to ban or over-regulate this opportunity for small business owners. I am sure we both agree that Ohio needs all the tourism and commerce it can get to continue to be a great place to live and visit.

Please keep our laws uniform and fair for property owners.

Sincerely,

Zachary Lohman

Zachary
