

Hello Chair O'Brien,

Hello, thank you for giving me the opportunity to speak about why hosting is vital to the well being of my family. My husband retired from the United States Air force 23 years ago. We had no retirement. After he had quadruple bypass surgery in 2017 he could no longer work any more. We have been host for two years now and it has made a major difference for our financial situation. Many people are counting on continuing being able to continue with their short term and midterm businesses. When people are able to pour financially back into the community it causes growth for our State, small businesses and communities. . Please, we support regulations. We want the rules followed , we want protection for our businesses, by passing this bill it would help the state know how important this bill is to so many people. Thank you for your time.

Sincerely,

Letrice Foxx
