

Hello Chair O'Brien,

I'm an Ohio constituent and request you to vote yes on SB 104 and support host entrepreneurs like myself. I host to bring in additional income to our family along with this I enjoy hosting helping guests from all over experience the area in a positive way. Because this business helps to support my family, host protections are crucial to create an even playing field for Ohioans, protect property rights, and support tourism and hosts ability to make ends meet.

Thank you for your time and consideration.

Sincerely,

Regina Jesser
