

Hello Chair O'Brien

We operate a farm in southeastern Ohio and visitors to our farm are part of our income. We AirBnB customized travel trailers for visitors. Families love bringing their children to the farm to learn where their food comes from, what proper animal care entails and just an overall ESCAPE from the hustle & bustle of the city. We have had 5 star reviews from every visit and thoroughly enjoy meeting new people who want to learn about living agriculturally.

Thank you for your time. Please vote YES on SB104 and support host entrepreneurs like us.

Sincerely,

Regina
