

Hello Chair O'Brien

Dear Senators,

I have been hosting on Airbnb for over a year. I have helped other locals also set up their Airbnb accounts. I would be distraught if something changed and I was not able to do this as renting out my Airbnb pays for a good portion of my mortgage on my historic building.

It has also allowed me to meet lots of wonderful folks from all over the country. It is good for a local economy as well. Please vote yes on this bill.

Thank you so much.

Sincerely,

Caroline Eells
