**Senate Transportation Committee
Senate Bill 282 — Sponsor Testimony
Wednesday, October 22, 2025**

Chairman Patton, Ranking Member Antonio, and members of the Senate Transportation Committee, thank you for the opportunity to present sponsor testimony on Senate Bill 282.

This legislation will create the American Motorcyclist Association license plate for use on noncommercial passenger vehicles and motorcycles. The inspiration for this bill came from a meeting I had with Bob Davis, the Grassroots Coordinator at the American Motorcyclist Association. I was surprised to learn in that meeting that the Association did not have a specialty license plate, but I want to help change that.

The American Motorcyclist Association, which is located in my district in Pickerington, is a 501(c)(4) nonprofit organization dedicated to advocating for motorcyclists and promoting their lifestyle. This license plate will give motorcycle enthusiasts and avid riders across all walks of life the opportunity to buy a specialty license plate supporting the Association. The contribution to the Association under the bill will be \$15 per plate.

Thank you once again Chairman Patton and members of the committee for the opportunity to present this legislation to you today. I will be glad to answer any questions at this time.

With God, all things are possible.
