Dear Chairman Blessing, Vice Chair Roegner, Ranking Member DeMora and members of the committee.

Thank you for your service to the people of Ohio.
I'm writing in favor of House Bill 148, allowing Ohioans to donate part of their income tax refund toward spay and neuter if they wish.

Ohio is in crisis and desperately needs more funding for spay and neuter. House Bill 148 is an easy, no cost way to support the boots on the ground that are trying to manage overpopulation.

Our organization has received an Ohio Pet Fund spay-neuter grants, which have been very helpful in trying to get homeless pets adopted. People are more likely to adopt spayed or neutered animals, and accomplishing this ensures that there won't be unwanted litters that overwhelm us in this community.

Please join us in support House Bill 148.

Sincerely,
Krissi Hawke
