Dear Chairman Blessing, Vice Chair Roegner, Ranking Member DeMora and members of the committee: thank you for the opportunity to testify in favor of House Bill 148.

Hello. My name is Sue Cheslock. I am the founder and director of SART, which is a cat rescue in St Marys, Ohio. We are an all-volunteer organization where all donated funds go to running the shelter and medical vetting of each animal.

I am writing in support of HB 148. We have rescued over 5500 cats and kittens in the last 23 years. We have adopted into inside homes over 5400.

Having the option to donate on the Ohio State Income Tax return would certainly raise money to help rescues and shelters receive much needed funds for this work. Please support this bill and get it passed! Love or hate cats this would help get the feline population under control!

Thank you,

Sue Cheslock
