Medina Meow Fix is a 501 (c) 3 nonprofit in Medina, Ohio, that is dedicated to spay and neuter of felines.

We are writing in support of HB 148, giving us the option of donating part of our Ohio tax refund to spay-neuter via a check-off on the tax form. This is incredibly easy and would tremendously help so many nonprofits who are trying to curb the population by spay, neuter and education.

The cat overpopulation problem has reached epidemic proportions, causing damage to property and needless death of thousands of cats and kittens. We can't adopt our way out of this situation. Spay-neuter grants like those available from the Ohio Pet Fund can prevent hundreds of unwanted litters, but more help is needed, and we know that people are willing to donate when provided an easy option.

Please help those of us who are working tirelessly on the front lines, and pass House Bill 148.
