RESOLUTIONS REPORTED BY COMMITTEE

S. C. R. No. 19-Senator Wilkin.

Cosponsor: Senator Schaffer.

To urge the Congress of the United States to enact the Ohio River Restoration Program Act to bring clean water, enhanced fish and aquatic wildlife, economic benefits, expanded recreation opportunities, and public health protections to Ohio.

WHEREAS, The Ohio River is a major river in the United States, with its watershed spanning 15 states and serving 30 million people; and

WHEREAS, The Ohio River is 981 miles long and forms the entire 451-mile southern border of Ohio; and

WHEREAS, 40 of Ohio's streams and rivers, fed by hundreds of tributaries, flow into the Ohio River; and

WHEREAS, The Ohio River watershed covers approximately 29,750

square miles within Ohio, accounting for nearly 75% of Ohio's total landmass and 14.5% of the entire Ohio River Basin's drainage area; and

WHEREAS, The Ohio River is a massive economic driver for Ohio, with maritime commerce generating billions of dollars in business revenue, personal income, and transportation savings annually. Cargo activity generates about \$26.5 billion in total economic value; and

WHEREAS, Earth Economics found that the 68 million acres of natural ecosystems in the Ohio River Basin provide at least \$50 billion in public benefits annually and a projected value of \$1.17 trillion over 30 years; and

WHEREAS, In 2023, the national nonprofit American Rivers designated the Ohio River as America's second most endangered river; and

WHEREAS, Degradation of water quality, harmful algal blooms, toxic contamination, failing infrastructure, and flooding events pose significant risks to public health, including threats to safe drinking water, increased exposure to waterborne illness, and elevated risks of respiratory and other chronic health conditions; and

WHEREAS, Investments in water quality improvement, watershed restoration, green infrastructure, and toxic remediation will reduce public health risks, lower long-term healthcare costs, strengthen community resilience to extreme weather events, and improve overall quality of life for residents throughout the Basin; and

WHEREAS, H.R. 5966 has been introduced in the United States House of Representatives and S. 3796 has been introduced in the United States Senate, both with wide bipartisan support; and

WHEREAS, H.R. 5966 and S. 3796 create the Ohio River Basin Restoration Program to improve water quality, increase flood resiliency, restore natural systems, protect and restore fish and wildlife habitats, prevent and control invasive aquatic species, remediate toxic substances, improve public access and recreation, and improve public outreach and education in the Ohio River Basin; and

WHEREAS, Ohio will benefit from an improved Ohio River and its tributaries, including improved drinking water, economic benefits to communities, infrastructure investments, enhanced recreational opportunities, and measurable public health protections; now therefore be it

RESOLVED, That we, the members of the 136th General Assembly of the State of Ohio, urge approval of H.R. 5966 and S. 3796, creating the Ohio River Restoration Program Act, to bring clean water, enhanced fish and

aquatic wildlife, economic benefits, expanded recreation opportunities, and improved public health protections to Ohio; and be it further

RESOLVED, That the Clerk of the Senate transmit duly authenticated copies of this resolution to the members of the Ohio Congressional delegation.

The question being, “Shall the concurrent resolution, **S. C. R. No. 19**, be adopted?”

The yeas and nays were taken and resulted – yeas 33, nays 0, as follows:

Those who voted in the affirmative were: Senators

Antonio	Blackshear	Blessing	Brenner
Chavez	Cirino	Craig	Cutrona
DeMora	Gavarone	Hicks-Hudson	Huffman
Ingram	Johnson	Koehler	Landis
Lang	Liston	Manchester	Manning
O'Brien	Patton	Reineke	Reynolds
Roegner	Romanchuk	Schaffer	Smith
Timken	Weinstein	Wilkin	Wilson
			McColley-33

So the concurrent resolution was adopted.

The title was amended as follows:

Add the names: "Blackshear, Cirino, Craig, DeMora, Gavarone, Hicks-Hudson, Ingram, Johnson, Landis, Lang, Patton, Reineke, Roegner, Smith, Timken, Weinstein, Wilson."

The question being, “Shall the motion be agreed to?”

The motion was agreed to and the title so amended.

S. C. R. No. 20-Senator Wilkin.

To urge Congress to enact reforms to federal permitting policies to accelerate deployment of new energy infrastructure.

WHEREAS, Ohio recognizes that abundant, resilient, and diversified domestic energy production in the United States enhances American national security, economic competitiveness, and energy independence; and

WHEREAS, The excessively complex federal permitting and environmental review processes that have built up around America's environmental laws, including the National Environmental Policy Act (NEPA), the Endangered Species Act (ESA), the National Historic Preservation Act (NHPA), Clean Water Act (CWA), and dozens of other federal requirements, have grown to be so cumbersome that they often unnecessarily slow or prevent the construction of essential new energy

infrastructure and therefore discourage domestic energy production without advancing the laudable goals of these laws; and

WHEREAS, Energy is produced in the United States at a much higher environmental standard than is typically the case in the countries from which energy is imported, so prevention of domestic energy production undermines the goals of those very same environmental laws; and

WHEREAS, Delays caused by permitting inefficiencies inhibit the building of all of the essential components of a low-cost, reliable, and modern energy infrastructure that is needed to support economic competitiveness, to enhance reliability and prevent blackouts, to lower costs for consumers and businesses, and to achieve many of the goals of America's environmental laws; and

WHEREAS, After more than a decade of flat electricity demand, demand for electricity in the United States is projected to dramatically increase in the coming decades, requiring major increases in domestic energy production and a more than doubling of the domestic electricity transmission grid capacity; and

WHEREAS, Regulatory barriers today mean that more than two thousand gigawatts of energy production and storage, more than the entire current American electricity capacity combined, are stuck in electricity interconnection queues and the average amount of time to interconnect new energy resources has nearly doubled from about two years to nearly four years; and

WHEREAS, The average time it takes to process an environmental impact statement under the National Environmental Policy Act (NEPA) for major infrastructure projects has risen to an excessive length of four and one-half years; and

WHEREAS, The United States is highly reliant on China and other countries that do not share our interests to mine and process critical minerals, with demand for some of these minerals potentially growing by more than forty times by 2040; and

WHEREAS, Other developed nations that share our goals to protect the environment while producing abundant energy resources, such as Canada and Australia, have shown that they can permit new mines within two to three years instead of nearly ten years, as is often the case in the United States; and

WHEREAS, Both linear infrastructure, such as pipelines and transmission lines, as well as energy generation infrastructure all face extraordinary and indefensible delays due to overlitigation, inappropriate

blocking of nationally important projects by unrepresentative and often radical groups that hold those projects hostage, and excessive use of our court system to hamstring worthy projects; and

WHEREAS, Major delays in projects caused by inefficient permitting or overlitigation can dramatically increase costs and make projects less viable, costing consumers, businesses, and taxpayers money and making our energy system less reliable; and

WHEREAS, Unnecessary permitting and regulatory delays also increase American dependence on energy produced by foreign dictators and authoritarian regimes; and

WHEREAS, Unnecessary permitting delays limit investments made in modernizing our nation's infrastructure that would result in a more efficient energy system with reduced emissions and environmental impact; and

WHEREAS, Overlapping federal permitting requirements lack the flexibility to allow for efforts that reflect the spirit and intent of traditional environmental laws by protecting human health and the environment instead of procedural compliance with decades-old regulation; and

WHEREAS, Failure to reform federal permitting laws is already resulting in fewer jobs, reduced security, and higher prices for Americans without providing additional benefits for the environment; and

WHEREAS, Failing to reform these laws in the coming months will result in even greater limitations on our energy infrastructure, costing even more American jobs while raising costs for consumers and businesses and leaving us vulnerable to unreliability, blackouts, and the resulting severe harm to the American people; now therefore be it

RESOLVED, That we, the members of the 136th General Assembly of the State of Ohio, urge federal legislators to work in good faith to enact legislation that reforms federal permitting and environmental review processes to promote economic and environmental stewardship by expediting the deployment of modern energy infrastructure; and be it further

RESOLVED, That these reforms should enable faster and lower-cost construction of modern energy infrastructure of all kinds, without prejudice, including by considering steps to limit excessive use of judicial processes to slow projects inappropriately, prevent inappropriate usage of the Clean Water Act and other laws to hamstring the lawful building of linear energy infrastructure, such as pipelines and transmission lines, enact reforms to plan, permit, and pay for the necessary build-out of regional and interregional electricity transmission infrastructure to support a more reliable energy grid

that lowers costs for consumers and businesses, enable the domestic build-out of the full array of energy technologies essential to a modern system, including all affordable energy resources, and all other traditional and emerging sources needed to meet diverse energy demands; and be it further

RESOLVED, That these legislative reforms should also strive to ensure accountability for federal agencies conducting permitting and environmental review processes, including better data and more aggressive timelines for projects at all levels of environmental review, whether environmental impact statements, environmental assessments, or categorically excluded projects under NEPA; and be it further

RESOLVED, That these legislative reforms must be accompanied by a redoubling of efforts to streamline federal regulations to support the efficient building of new energy infrastructure; and be it further

RESOLVED, That failure to act to update our federal permitting system to support building new energy infrastructure in a sustainable and effective manner will further harm consumers, workers, and businesses, while making our country less competitive and more vulnerable; and be it further

RESOLVED, That Congress must act with urgency in the coming months to fix our broken permitting system, and we are grateful to the members of Ohio's Congressional Delegation, including both United States Senators, for their support and prioritization of a federal permitting reform deal; and be it further

RESOLVED, That the Clerk of the Senate transmit duly authenticated copies of this resolution to the President Pro Tempore of the United States Senate, the Speaker of the United States House of Representatives, and the members of Ohio's Congressional Delegation.

The question being, "Shall the concurrent resolution, **S. C. R. No. 20**, be adopted?"

The yeas and nays were taken and resulted – yeas 24, nays 9, as follows:

Those who voted in the affirmative were: Senators

Blessing	Brenner	Chavez	Cirino
Cutrona	Gavarone	Huffman	Johnson

(4) Performing nonhighway-related duties of the state highway patrol at the Ohio state fair.

Sec. 5503.02. (A) The state highway patrol shall enforce the laws of the state relating to the titling, registration, and licensing of motor vehicles;

enforce on all roads and highways, notwithstanding section 4513.39 of the Revised Code, the laws relating to the operation and use of vehicles on the highways; enforce and prevent the violation of the laws relating to the size, weight, and speed of commercial motor vehicles and all laws designed for the protection of the highway pavements and structures on the highways; investigate and enforce rules and laws of the public utilities commission governing the transportation of persons and property by motor carriers and report violations of such rules and laws to the commission; enforce against any motor carrier as defined in section 4923.01 of the Revised Code those rules and laws that, if violated, may result in a forfeiture as provided in section 4923.99 of the Revised Code; investigate and report violations of all laws relating to the collection of excise taxes on motor vehicle fuels; and regulate the movement of traffic on the roads and highways of the state, notwithstanding section 4513.39 of the Revised Code.

The patrol, whenever possible, shall determine the identity of the persons who are causing or who are responsible for the breaking, damaging, or destruction of any improved surfaced roadway, structure, sign, marker, guardrail, or other appurtenance constructed or maintained by the department of transportation and shall arrest the persons who are responsible for the breaking, damaging, or destruction and bring them before the proper officials for prosecution.

State highway patrol troopers shall investigate and report all motor vehicle accidents on all roads and highways outside of municipal corporations. The superintendent of the patrol or any state highway patrol trooper may arrest, without a warrant, any person, who is the driver of or a passenger in any vehicle operated or standing on a state highway, whom the superintendent or trooper has reasonable cause to believe is guilty of a felony, under the same circumstances and with the same power that any peace officer may make such an arrest.

The superintendent or any state highway patrol trooper may enforce the criminal laws on all state properties and state institutions, owned or leased by the state, and, when so ordered by the governor in the event of riot, civil disorder, or insurrection, may, pursuant to sections 2935.03 to 2935.05 of the Revised Code, arrest offenders against the criminal laws wherever they may be found within the state if the violations occurred upon, or resulted in injury to person or property on, state properties or state institutions, or under the conditions described in division (B) of this section. This authority of the superintendent and any state highway patrol trooper to enforce the criminal laws shall extend to the Lake Erie Correctional Institution and the Northeast Ohio Correctional Center, to the same extent as if those prisons were owned by this state.

(B) In the event of riot, civil disorder, or insurrection, or the reasonable threat of riot, civil disorder, or insurrection, and upon request, as

provided in this section, of the sheriff of a county or the mayor or other chief executive of a municipal corporation, the governor may order the state highway patrol to enforce the criminal laws within the area threatened by riot, civil disorder, or insurrection, as designated by the governor, upon finding that law enforcement agencies within the counties involved will not be reasonably capable of controlling the riot, civil disorder, or insurrection and that additional assistance is necessary. In cities in which the sheriff is under contract to provide exclusive police services pursuant to section 311.29 of the Revised Code, in villages, and in the unincorporated areas of the county, the sheriff has exclusive authority to request the use of the patrol. In cities in which the sheriff does not exclusively provide police services, the mayor, or other chief executive performing the duties of mayor, has exclusive authority to request the use of the patrol.

The superintendent or any state highway patrol trooper may enforce the criminal laws within the area designated by the governor during the emergency arising out of the riot, civil disorder, or insurrection until released by the governor upon consultation with the requesting authority. State highway patrol troopers shall never be used as peace officers in connection with any strike or labor dispute.

When a request for the use of the patrol is made pursuant to this division, the requesting authority shall notify the law enforcement authorities in contiguous communities and the sheriff of each county within which the threatened area, or any part of the threatened area, lies of the request, but the failure to notify the authorities or a sheriff shall not affect the validity of the request.

(C) Any person who is arrested by the superintendent or a state highway patrol trooper shall be taken before any court or magistrate having jurisdiction of the offense with which the person is charged. Any person who is arrested or apprehended within the limits of a municipal corporation shall be brought before the municipal court or other tribunal of the municipal corporation.

(D)(1) State highway patrol troopers have the same right and power of search and seizure as other peace officers.

No state official shall command, order, or direct any state highway patrol trooper to perform any duty or service that is not authorized by law. The powers and duties conferred on the patrol are supplementary to, and in no way a limitation on, the powers and duties of sheriffs or other peace officers of the state.

(2)(a) A state highway patrol trooper, pursuant to the policy established by the superintendent of the state highway patrol under division (D)(2)(b) of this section, may render emergency assistance to any other peace officer who has arrest authority under section 2935.03 of the Revised Code,

if both of the following apply:

(i) There is a threat of imminent physical danger to the peace officer, a threat of physical harm to another person, or any other serious emergency situation;

(ii) Either the peace officer requests emergency assistance, or it appears that the peace officer is unable to request emergency assistance and the circumstances observed by the state highway patrol trooper reasonably indicate that emergency assistance is appropriate, or the peace officer requests emergency assistance and in the request the peace officer specifies a particular location and the state highway patrol trooper arrives at that location prior to the time that the peace officer arrives at that location and the circumstances observed by the state highway patrol trooper reasonably indicate that emergency assistance is appropriate.

(b) The superintendent of the state highway patrol shall establish—~~within sixty days of August 8, 1991,~~ a policy that sets forth the manner and procedures by which a state highway patrol trooper may render emergency assistance to any other peace officer under division (D)(2)(a) of this section. The policy shall include a provision that a state highway patrol trooper never be used as a peace officer in connection with any strike or labor dispute.

(3)(a) A state highway patrol trooper who renders emergency assistance to any other peace officer under the policy established by the superintendent pursuant to division (D)(2)(b) of this section shall be considered to be performing regular employment for the purposes of compensation, pension, indemnity fund rights, workers' compensation, and other rights or benefits to which the trooper may be entitled as incident to regular employment.

(b) A state highway patrol trooper who renders emergency assistance to any other peace officer under the policy established by the superintendent pursuant to division (D)(2)(b) of this section retains personal immunity from liability as specified in section 9.86 of the Revised Code.

(c) A state highway patrol trooper who renders emergency assistance under the policy established by the superintendent pursuant to division (D)(2)(b) of this section has the same authority as the peace officer for or with whom the state highway patrol trooper is providing emergency assistance.

(E)(1) Subject to the availability of funds specifically appropriated by the general assembly for security detail purposes, the state highway patrol shall provide security as follows:

~~(a)(a)(i)~~ For the governor, the lieutenant governor, the governor-elect, the lieutenant governor-elect, and, at the direction of the governor, any eligible candidate and immediate family as defined in section 102.01 of the Revised Code;

(ii) For the purpose of division (E)(1)(a)(i) of this division, "eligible candidate" means any of the following:

(I) A candidate for the office of governor or lieutenant governor, upon being nominated in a primary election as a party candidate for election at the next general election by a major political party as defined in division (F)(1) of section 3501.01 of the Revised Code, as of the date that the results of the unofficial count conducted by the boards of elections under section 3505.30 of the Revised Code indicate that the candidate received the most votes in the primary election;

(II) A major political party's candidate for the office of governor or lieutenant governor, upon being certified to fill a vacancy on a general election ballot under division (E) of section 3513.311 of the Revised Code.

(b) At the direction of the governor, for other officials of the state government of this state; officials of the state governments of other states who are visiting this state; officials of the United States government who are visiting this state; officials of the governments of foreign countries or their political subdivisions who are visiting this state; or other officials or dignitaries who are visiting this state, including, but not limited to, members of trade missions;

(c) For the capitol square, as defined in section 105.41 of the Revised Code;

(d) For the Vern Riffe center and the James A. Rhodes state office tower, as directed by the department of public safety;

(e) For other state property.

(2) To carry out the security responsibilities of the patrol listed in division (E)(1) of this section, the superintendent may assign state highway patrol troopers to a separate executive protection unit that is responsible for security details, whether on a permanent or temporary basis. The number of troopers assigned to particular security details shall be determined by the superintendent.

(3) The superintendent and any state highway patrol trooper, when providing security as part of the executive protection unit pursuant to ~~division~~ divisions (E)(1) and (2) of this section, have the same arrest powers as other peace officers to apprehend offenders against the criminal laws ~~who endanger or threaten the security of any person or state property being protected under division (E) of this section~~, no matter where the offense occurs. This arrest authority is concurrent with that of any other peace officer, as defined in section 2935.01 of the Revised Code, or any other law enforcement officer, as defined in section 2901.01 of the Revised Code, with jurisdiction at the respective location.

The superintendent, any state highway patrol trooper, and any special

SECURITY AND INVESTIGATIONS

On the effective date of this section, or as soon as possible thereafter, the Director of Budget and Management shall transfer \$10,000,000 from the General Revenue Fund to the Security, Investigations, and Policing Fund (Fund 8400).

The foregoing appropriation item 764617, Security and Investigations, shall be used by the State Highway Patrol to provide security, at the direction of the Governor, for any major political party candidate for the office of governor or lieutenant governor, and the immediate family, in the months leading up to the 2026 general election.

Of the foregoing appropriation item 764617, Security and Investigations, \$2,000,000 in fiscal year 2027 shall be used by the Department of Public Safety to reimburse law enforcement agencies for costs incurred for assisting the State Highway Patrol, at the request of the State Highway Patrol, to provide security for any major political party candidate for the office of governor or lieutenant governor in the months leading up to the 2026 general election as provided after the effective date of this section. Law enforcement agencies shall submit for reimbursement to the Department of Public Safety in a manner prescribed by the Director.

An amount equal to the unexpended, unencumbered balance of the foregoing appropriation item 764617, Security and Investigations, at the end of fiscal year 2026 is hereby reappropriated to the same appropriation item for the same purpose in fiscal year 2027.

Section 5. Within the limits set forth in this act, the Director of Budget and Management shall establish accounts indicating the source and amount of funds for each appropriation made in this act, and shall determine the manner in which appropriation accounts shall be maintained. Expenditures from operating appropriations contained in this act shall be accounted for as though made in, and are subject to all applicable provisions of, H.B. 96 of the 136th General Assembly."
