(C)(1) Whoever knowingly makes a false statement under division (B) of this section concerning an application for economic development assistance or who fails to provide any information required by that division is ineligible for the assistance applied for and is ineligible for any future economic development assistance from the state, a state agency, or a political subdivision.

inspection.

Sec. 149.311. (A) As used in this section:

(1) "Historic building" means a building, including its structural components, that is located in this state and that is either individually listed on the national register of historic places under 16 U.S.C. 470a, located in a registered historic district, and certified by the state historic preservation officer as being of historic significance to the district, or is individually listed as an historic landmark designated by a local government certified under 16 U.S.C. 470a(c).

(2) "Qualified rehabilitation expenditures" means expenditures paid or incurred during the rehabilitation period, and before and after that period as determined under 26 U.S.C. 47, by an owner or qualified lessee of an historic building to rehabilitate the building. "Qualified rehabilitation expenditures" includes architectural or engineering fees paid or incurred in connection with the rehabilitation, and expenses incurred in the preparation of nomination forms for listing on the national register of historic places. "Qualified rehabilitation expenditures" does not include any of the following:

(a) The cost of acquiring, expanding, or enlarging an historic building;

(b) Expenditures attributable to work done to facilities related to the building, such as parking lots, sidewalks, and landscaping;

(c) New building construction costs.

(3) "Owner" of an historic building means a person holding the fee simple interest in the building. "Owner" does not include the state or a state agency, or any political subdivision as defined in section 9.23 of the Revised Code.

(4) "Qualified lessee" means a person subject to a lease agreement for an historic building and eligible for the federal rehabilitation tax credit under 26 U.S.C. 47. "Qualified lessee" does not include the state or a state agency or political subdivision as defined in section 9.23 of the Revised Code.

(5) "Certificate owner" means the owner or qualified lessee of an historic building to which a rehabilitation tax credit certificate was issued under this section.

(6) "Registered historic district" means an historic district listed in the national register of historic places under 16 U.S.C. 470a, an historic district designated by a local government certified under 16 U.S.C. 470a(c), or a local historic district certified under 36 C.F.R. 67.8 and 67.9.

(7) "Rehabilitation" means the process of repairing or altering an historic building or buildings, making possible an efficient use while preserving those portions and features of the building and its site and environment that are significant to its historic, architectural, and cultural values.

(8) "Rehabilitation period" means one of the following:

(a) If the rehabilitation initially was not planned to be completed in stages, a period chosen by the owner or qualified lessee not to exceed twenty-four months during which rehabilitation occurs;

(b) If the rehabilitation initially was planned to be completed in stages, a period chosen by the owner or qualified lessee not to exceed sixty months during which rehabilitation occurs. Each stage shall be reviewed as a phase of a rehabilitation as determined under 26 C.F.R. 1.48-12 or a successor to that section.

(9) "State historic preservation officer" or "officer" means the state historic preservation officer appointed by the governor under 16 U.S.C. 470a.

(10) "Catalytic project" means the rehabilitation of an historic building, the rehabilitation of which will foster economic development within two thousand five hundred feet of the historic building.

(B) The owner or qualified lessee of an historic building may apply to the director of development for a rehabilitation tax credit certificate for qualified rehabilitation expenditures paid or incurred by such owner or qualified lessee after April 4, 2007, for rehabilitation of an historic building. If the owner of an historic building enters a pass-through agreement with a qualified lessee for the purposes of the federal rehabilitation tax credit under 26 U.S.C. 47, the qualified rehabilitation expenditures paid or incurred by the owner after April 4, 2007, may be attributed to the qualified lessee.

The form and manner of filing such applications shall be prescribed by rule of the director. Each application shall state the amount of qualified rehabilitation expenditures the applicant estimates will be paid or incurred and shall indicate whether the historic building was used as a theater before, and is intended to be used as a theater after, the rehabilitation. The director may require applicants to furnish documentation of such estimates.

The director, after consultation with the tax commissioner and in accordance with Chapter 119. of the Revised Code, shall adopt rules that establish all of the following:

(1) Forms and procedures by which applicants may apply for rehabilitation tax credit certificates;

(2) Criteria for reviewing, evaluating, and approving applications for certificates within the limitations under division (D) of this section, criteria for assuring that the certificates issued encompass a mixture of high and low qualified rehabilitation expenditures, and criteria for issuing certificates under division (C)(3)(b) of this section;

(3) Eligibility requirements for obtaining a certificate under this section;

(4) The form of rehabilitation tax credit certificates;

(5) Reporting requirements and monitoring procedures;

(6) Procedures and criteria for conducting cost-benefit analyses of historic buildings that are the subjects of applications filed under this section. The purpose of a cost-benefit analysis shall be to determine whether rehabilitation of the historic building will result in a net revenue gain in state and local taxes once the building is used.

(7) Any other rules necessary to implement and administer this section.

(C) The director shall review the applications with the assistance of the state historic

preservation officer and determine whether all of the following criteria are met:

(1) That the building that is the subject of the application is an historic building and the applicant is the owner or qualified lessee of the building;

(2) That the rehabilitation will satisfy standards prescribed by the United States secretary of the interior under 16 U.S.C. 470, et seq., as amended, and 36 C.F.R. 67.7 or a successor to that section;

(3) That receiving a rehabilitation tax credit certificate under this section is a major factor in:

(a) The applicant's decision to rehabilitate the historic building; or

(b) To increase the level of investment in such rehabilitation.

(4) The historic building that is the subject of the application is not, and will not upon completion of the rehabilitation project be, part of a qualified low-income housing project allocated a tax credit pursuant to section 42 of the Internal Revenue Code.

An applicant shall demonstrate to the satisfaction of the state historic preservation officer and director that the rehabilitation will satisfy the standards described in division (C)(2) of this section before the applicant begins the physical rehabilitation of the historic building.

(D)(1) If the director determines that an application meets the criteria in division (C) of this section, the director shall conduct a cost-benefit analysis for the historic building that is the subject of the application to determine whether rehabilitation of the historic building will result in a net revenue gain in state and local taxes once the building is used. The director shall consider the results of the cost-benefit analysis in determining whether to approve the application. The director shall also consider the potential economic impact and the regional distributive balance of the credits throughout the state. The director shall not consider whether the historic building is located in or will benefit an economically distressed area, including by weighting preference based on the poverty rate in the jurisdiction or census tract in which the building is located, nor shall the director consider or give weighted preference based on vacancy or underutilization of the building. The director may approve an application only after completion of the cost-benefit analysis.

(2) A rehabilitation tax credit certificate shall not be issued for an amount greater than the estimated amount furnished by the applicant on the application for such certificate and approved by the director. The director shall not approve more than a total of seventy-five million dollars of rehabilitation tax credits for each of fiscal years 2023 and 2024, and for each fiscal year thereafter, but the director may reallocate unused tax credits from a prior fiscal year for new applicants and such reallocated credits shall not apply toward the dollar limit of this division.

(3) For rehabilitations with a rehabilitation period not exceeding twenty-four months as provided in division (A)(8)(a) of this section, a rehabilitation tax credit certificate shall not be issued before the rehabilitation of the historic building is completed.

(4) For rehabilitations with a rehabilitation period not exceeding sixty months as provided in division (A)(8)(b) of this section, a rehabilitation tax credit certificate shall not be issued before a stage of rehabilitation is completed. After all stages of rehabilitation are completed, if the director

cannot determine that the criteria in division (C) of this section are satisfied for all stages of rehabilitations, the director shall certify this finding to the tax commissioner, and any rehabilitation tax credits received by the applicant shall be repaid by the applicant and may be collected by assessment as unpaid tax by the commissioner.

(5) The director shall require the applicant to provide a third-party cost certification by a certified public accountant of the actual costs attributed to the rehabilitation of the historic building when qualified rehabilitation expenditures exceed two hundred thousand dollars.

If an applicant whose application is approved for receipt of a rehabilitation tax credit certificate fails to provide to the director sufficient evidence of reviewable progress, including a viable financial plan, copies of final construction drawings, and evidence that the applicant has obtained all historic approvals within twelve months after the date the applicant received notification of approval, and if the applicant fails to provide evidence to the director that the applicant has secured and closed on financing for the rehabilitation within eighteen months after receiving notification of approval, the director may rescind the approval of the application. The director shall notify the applicant if the approval has been rescinded. Credits that would have been available to an applicant whose approval was rescinded shall be available for other qualified applicants. Nothing in this division prohibits an applicant whose approval has been rescinded from submitting a new application for a rehabilitation tax credit certificate.

(6) The director may approve the application of, and issue a rehabilitation tax credit certificate to, the owner of a catalytic project, provided the application otherwise meets the criteria described in divisions (C) and (D) of this section. The director may not approve more than one application for a rehabilitation tax credit certificate under division (D)(6) of this section during each state fiscal biennium. The director shall not approve an application for a rehabilitation tax credit certificate under division (D)(6) of this section during the state fiscal biennium beginning July 1, 2017, or during any state fiscal biennium thereafter. The director shall consider the following criteria in determining whether to approve an application for a certificate under division (D)(6) of this section:

(a) Whether the historic building is a catalytic project;

(b) The effect issuance of the certificate would have on the availability of credits for other applicants that qualify for a credit certificate within the credit dollar limit described in division (D)(2) of this section;

(c) The number of jobs, if any, the catalytic project will create.

(7)(a) The owner or qualified lessee of a historic building may apply for a rehabilitation tax credit certificate under both divisions (B) and (D)(6) of this section. In such a case, the director shall consider each application at the time the application is submitted.

(b) The director shall not issue more than one certificate under this section with respect to the same qualified rehabilitation expenditures.

(8) The director shall give consideration for tax credits awarded under this section to

rehabilitations of historic buildings used as a theater before, and intended to be used as a theater after, the rehabilitation. In determining whether to approve an application for such a rehabilitation, the director shall consider the extent to which the rehabilitation will increase attendance at the theater and increase the theater's gross revenue.

(9) The director shall rescind the approval of any application if the building that is the subject of the application is part of a qualified low-income housing project allocated a tax credit pursuant to section 42 of the Internal Revenue Code at any time before the building's rehabilitation is complete.

(E) Issuance of a certificate represents a finding by the director of the matters described in divisions (C)(1), (2), and (3) of this section only; issuance of a certificate does not represent a verification or certification by the director of the amount of qualified rehabilitation expenditures for which a tax credit may be claimed under section 5725.151, 5725.34, 5726.52, 5729.17, 5733.47, or 5747.76 of the Revised Code. The amount of qualified rehabilitation expenditures for which a tax credit may be claimed is subject to inspection and examination by the tax commissioner or employees of the commissioner under section 5703.19 of the Revised Code and any other applicable law. Upon the issuance of a certificate, the director shall certify to the tax commissioner, in the form and manner requested by the tax commissioner, the name of the applicant, the amount of qualified rehabilitation expenditures shown on the certificate, and any other information required by the rules adopted under this section.

(F)(1) On or before the first day of August each year, the director and tax commissioner jointly shall submit to the president of the senate and the speaker of the house of representatives a report on the tax credit program established under this section and sections 5725.151, 5725.34, 5726.52, 5729.17, 5733.47, and 5747.76 of the Revised Code. The report shall present an overview of the program and shall include information on the number of rehabilitation tax credit certificates issued under this section during the preceding fiscal year, an update on the status of each historic building for which an application was approved under this section, the dollar amount of the tax credits granted under sections 5725.151, 5725.34, 5726.52, 5729.17, 5733.47, and 5747.76 of the Revised Code, and any other information the director and commissioner consider relevant to the topics addressed in the report.

(2) On or before December 1, 2015, the director and tax commissioner jointly shall submit to the president of the senate and the speaker of the house of representatives a comprehensive report that includes the information required by division (F)(1) of this section and a detailed analysis of the effectiveness of issuing tax credits for rehabilitating historic buildings. The report shall be prepared with the assistance of an economic research organization jointly chosen by the director and commissioner.

(G) There is hereby created in the state treasury the historic rehabilitation tax credit operating fund. The director is authorized to charge reasonable application and other fees in connection with the administration of tax credits authorized by this section and sections 5725.151,

5725.34, 5726.52, 5729.17, 5733.47, and 5747.76 of the Revised Code. Any such fees collected shall be credited to the fund and used to pay reasonable costs incurred by the department of development in administering this section and sections 5725.151, 5725.34, 5726.52, 5729.17, 5733.47, and 5747.76 of the Revised Code.

The Ohio historic preservation office is authorized to charge reasonable fees in connection with its review and approval of applications under this section. Any such fees collected shall be credited to the fund and used to pay administrative costs incurred by the Ohio historic preservation office pursuant to this section.

(H) Notwithstanding sections 5725.151, 5725.34, 5726.52, 5729.17, 5733.47, and 5747.76 of the Revised Code, the certificate owner of a tax credit certificate issued under division (D)(6) of this section may claim a tax credit equal to twenty-five per cent of the dollar amount indicated on the certificate for a total credit of not more than twenty-five million dollars. The credit claimed by such a certificate owner for any calendar year, tax year, or taxable year under section 5725.151, 5725.34, 5726.52, 5729.17, 5733.47, or 5747.76 of the Revised Code shall not exceed five million dollars. If the certificate owner is eligible for more than five million dollars in total credits, the certificate owner may carry forward the balance of the credit in excess of the amount claimed for that year for not more than five ensuing calendar years, tax years, or taxable years. If the credit claimed in any calendar year, tax year, or taxable year exceeds the tax otherwise due, the excess shall be refunded to the taxpayer.

(I) Notwithstanding sections 5725.151, 5725.34, 5726.52, 5729.17, 5733.47, and 5747.76 of the Revised Code, the following apply to a tax credit approved under this section after September 13, 2022, and before July 1, 2024:

(1) The certificate holder may claim a tax credit equal to thirty-five per cent of the dollar amount indicated on the tax credit certificate if any county, township, or municipal corporation within which the project is located has a population of less than three hundred thousand according to the 2020 decennial census. The tax credit equals twenty-five per cent of the dollar amount indicated on the certificate if the project is not located within such a county, township, or municipal corporation.

(2) The total tax credit claimed under section 5725.151, 5725.34, 5726.52, 5729.17, 5733.47, or 5747.76 of the Revised Code for any one project shall not exceed ten million dollars for any calendar year, tax year, or taxable year.

(3) If the credit claimed in any calendar year, tax year, or taxable year exceeds the tax otherwise due, the excess shall be refunded to the taxpayer, subject to division (I)(2) of this section.

(J) If a tax credit approved under this section between September 13, 2022, and July 1, 2024, is rescinded pursuant to division (D)(5) of this section, the provisions of divisions (I)(1) to (I)(3) of this section apply to any tax credit approved for the same project following a new application.

(K) Notwithstanding sections 5725.151, 5725.34, 5726.52, 5729.17, 5733.47, and 5747.76 of the Revised Code, the certificate owner of a tax credit certificate may claim a tax credit equal to

thirty-five per cent of the dollar amount of qualified rehabilitation expenditures indicated on the certificate if the project for which the certificate was issued is located in a municipal corporation with a population of less than three hundred thousand or in the unincorporated area of a township.

~~(K)~~(L) The director of development, in consultation with the director of budget and management, shall develop and adopt a system of tracking any information necessary to anticipate the impact of credits issued under this section on tax revenues for current and future fiscal years. Such information may include the number of applications approved, the estimated rehabilitation expenditures and rehabilitation period associated with such applications, the number and amount of tax credit certificates issued, and any other information the director of budget and management requires for the purposes of this division.

~~(L)~~(M) For purposes of this section and Chapter 122:19-1 of the Ohio Administrative Code, a tax credit certificate issued under this section is effective on the date that all historic buildings rehabilitated by the project are "placed in service," as that term is used in section 47 of the Internal Revenue Code.

Sec. 169.081. (A) Notwithstanding division (I)(4) of section 169.08 of the Revised Code, attorney unclaimed funds and interest earned thereon that are first reported to the director under section 169.03 of the Revised Code on or before January 1, 2016, and that are deemed abandoned and escheat to the state on January 1, 2026, shall remain in the custody of, or remain eligible for claim by, the director of the Ohio access to justice foundation under division (A) of section 169.052 of the Revised Code. Such funds shall continue to be subject to section 169.052 of the Revised Code until January 1, 2036, after which all property rights, legal title to, and ownership of those funds and interest earned thereon vest solely in the Ohio access to justice foundation.

(B) This section does not apply to attorney unclaimed funds and interest earned thereon that are first reported to the director under section 169.03 of the Revised Code after January 1, 2016. Such funds are subject to division (I), other than division (I)(1), of section 169.08 of the Revised Code, which may be offset by an appropriation to the Ohio access to justice foundation under division (C) of this section.

(C) The general assembly may appropriate funds to the Ohio access to justice foundation each biennium to offset attorney unclaimed funds and interest earned thereon that are deemed abandoned and escheat to the state pursuant to division (I), other than division (I)(1), of section 169.08 of the Revised Code. Such funds shall not be subject to section 169.052 of the Revised Code.

Sec. 718.13. (A) Any information gained as a result of returns, investigations, hearings, or verifications required or authorized by this chapter or by a charter or ordinance of a municipal corporation levying an income tax pursuant to this chapter is confidential and not a public record under section 149.43 of the Revised Code, and no person shall access or disclose such information except in accordance with a proper judicial order or in connection with the performance of that person's official duties or the official business of the municipal corporation as authorized by this chapter or the charter or ordinance authorizing the levy. The tax administrator of the municipal

corporation or a designee thereof may furnish copies of returns filed or otherwise received under this chapter and other related tax information to the internal revenue service, the tax commissioner, and tax administrators of other municipal corporations.

(B) This section does not prohibit a municipal corporation from publishing or disclosing statistics in a form that does not disclose information with respect to particular taxpayers.

(C) A municipal corporation may provide tax information related to municipal income tax revenues derived from a transformational major sports facility mixed-use project district, as authorized under section 123.281 of the Revised Code, to the department of taxation and the fiscal officer of a governmental agency, as defined in division (F) of section 123.28 of the Revised Code, that owns, or holds a sufficient ownership in, a major sports facility located within the territorial boundaries of a transformational major sports facility mixed-use project district.

Sec. 718.84. (A) Any information gained as a result of returns, investigations, hearings, or verifications required or authorized by sections 718.80 to 718.95 of the Revised Code is confidential and not a public record under section 149.43 of the Revised Code, and no person shall disclose such information, except for official purposes, in accordance with a proper judicial order, or as provided in section 4123.271 or 5703.21 of the Revised Code. The tax commissioner may furnish the internal revenue service with copies of returns filed. This section does not prohibit the publication of statistics in a form which does not disclose information with respect to particular taxpayers.

(B) In May and December of each year, the tax commissioner shall provide each tax administrator with the following information for every taxpayer that had municipal taxable income apportionable to the municipal corporation under this chapter on tax returns filed with the commissioner under sections 718.80 to 718.95 of the Revised Code in the preceding five or seven months, respectively:

- (1) The taxpayer's name, address, and federal employer identification number;
- (2) The taxpayer's apportionment ratio for, and amount of municipal taxable income apportionable to, the municipal corporation pursuant to section 718.82 of the Revised Code;
- (3) The amount of any pre-2017 net operating loss carryforward utilized by the taxpayer;
- (4) Whether the taxpayer requested that any overpayment be carried forward to a future taxable year;
- (5) The amount of any credit claimed under section 718.94 of the Revised Code.

(C) Not later than thirty days after each distribution made to municipal corporations under section 718.83 of the Revised Code, the tax commissioner shall provide to each municipal corporation a report stating the name and federal identification number of every taxpayer that made estimated payments that are attributable to the municipal corporation and the amount of each such taxpayer's estimated payment.

(D) Not later than the thirty-first day of January of each year, every municipal corporation having taxpayers that have made the election allowed under section 718.80 of the Revised Code shall provide to the tax commissioner, in a format prescribed by the commissioner, the name and

mailing address of up to two persons to whom the municipal corporation requests that the commissioner send the information described in divisions (B) and (C) of this section. The commissioner shall not provide such information to any person other than a person who is designated to receive the information under this section and who is employed by the municipal corporation or by a tax administrator, as defined in section 718.01 of the Revised Code, that administers the municipal corporation's income tax, except as may otherwise be provided by law.

(E)(1) The tax commissioner may adopt rules that further govern the terms and conditions under which tax returns filed with the commissioner under this chapter, and any other information gained in the performance of the commissioner's duties prescribed by this chapter, shall be available for inspection by properly authorized officers, employees, or agents of the municipal corporations to which the taxpayer's net profit is apportioned under section 718.82 of the Revised Code.

(2) As used in this division, "properly authorized officer, employee, or agent" means an officer, employee, or agent of a municipal corporation who is authorized by charter or ordinance of the municipal corporation to view or possess information referred to in section 718.13 of the Revised Code.

(F)(1) If, upon receiving the information described in division (B) of section 718.91 of the Revised Code or division (B) or (C) of this section, a municipal corporation discovers that it has additional information in its possession that could result in a change to a taxpayer's tax liability, the municipal corporation may refer the taxpayer to the tax commissioner for an audit. Such referral shall be made on a form prescribed by the commissioner and shall include any information that forms the basis for the referral.

(2) Upon receipt of a referral under division (F)(1) of this section, the commissioner shall review the referral and may conduct an audit of the taxpayer that is the subject of the referral based on the information in the referral and any other relevant information available to the commissioner.

(2) "CMS" means the United States centers for medicare and medicaid services.

(3) "Long-stay resident" means an individual who has resided in a nursing facility for at least one hundred one days.

(4) "Nursing facilities for which a quality score was determined" includes nursing facilities that are determined to have a quality score of zero.

(5) "SFF list" means the list of nursing facilities that the United States department of health and human services creates under the special focus facility program.

(6) "Special focus facility program" means the program conducted by the United States secretary of health and human services pursuant to section 1919(f)(10) of the "Social Security Act," 42 U.S.C. 1396r(f)(10).

(B) Subject to divisions (D) and (E) and except as provided in division (F) of this section, the department of medicaid shall determine each nursing facility's per medicaid day quality incentive payment rate as follows:

(1) Determine the sum of the quality scores determined under division (C) of this section for all nursing facilities.

(2) Determine the average quality score by dividing the sum determined under division (B)(1) of this section by the number of nursing facilities for which a quality score was determined.

(3) Determine the sum of the total number of medicaid days for all of the calendar year preceding the fiscal year for which the rate is determined for all nursing facilities for which a quality score was determined.

(4) Multiply the average quality score determined under division (B)(2) of this section by the sum determined under division (B)(3) of this section.

(5) Determine the value per quality point by determining the quotient of the following:

(a) The sum determined under division (E)(2) of this section.

(b) The product determined under division (B)(4) of this section.

(6) Multiply the value per quality point determined under division (B)(5) of this section by the nursing facility's quality score determined under division (C) of this section.

(C)(1) Except as provided in divisions (C)(2) and (3) of this section, a nursing facility's quality score for a state fiscal year shall be the sum of the following:

(a) The total number of points that CMS assigned to the nursing facility under CMS's nursing facility five-star quality rating system for the following quality metrics, or CMS's successor metrics as described below, based on the most recent four-quarter average data, or the average data for fewer quarters in the case of successor metrics, available in the database maintained by CMS and known as nursing home compare in the most recent month of the calendar year during which the fiscal year for which the rate is determined begins:

(iii) The percentage of the nursing facility's long-stay residents whose ability to move independently worsened;

(iv) The percentage of the nursing facility's long-stay residents who had a catheter inserted and left in their bladder.

If CMS ceases to publish any of the metrics specified in division (C)(1)(a) of this section, the department shall use the nursing facility quality metrics on the same topics that CMS subsequently publishes.

(b) Seven and five-tenths points for fiscal year 2024 and three points for fiscal year 2025 and subsequent fiscal years if the nursing facility's occupancy rate is greater than seventy-five per cent. For purposes of this division, the department shall utilize the facility's occupancy rate for licensed beds reported on its cost report for the calendar year preceding the fiscal year for which the rate is determined or, if the facility is not required to be licensed, the facility's occupancy rate for certified beds. If the facility surrenders licensed or certified beds before the first day of July of the calendar year in which the fiscal year begins, the department shall calculate a nursing facility's occupancy rate by dividing the inpatient days reported on the facility's cost report for the calendar year preceding the fiscal year for which the rate is determined by the product of the number of days in the calendar year and the facility's number of licensed, or if applicable, certified beds on the first day of July of the calendar year in which the fiscal year begins.

(c) Beginning with state fiscal year 2025, the total number of points that CMS assigned to the nursing facility under CMS's nursing facility five-star quality rating system for the following quality metrics, or successor metrics designated by CMS, based on the most recent four-quarter average data available in the database maintained by CMS and known as nursing home compare in the most recent month of the calendar year during which the fiscal year for which the rate is determined begins:

(i) The percentage of the nursing facility's long-stay residents whose need for help with daily activities has increased;

(ii) The percentage of the nursing facility's long-stay residents experiencing one or more falls with major injury;

(iii) The percentage of the nursing facility's long-stay residents who were administered an antipsychotic medication;

If CMS ceases to publish any of the metrics specified in division (C)(1)(c) of this section, the department shall use the nursing facility quality metrics on the same topics CMS subsequently

publishes.

(2) In determining a nursing facility's quality score for a state fiscal year, the department shall make the following adjustment to the number of points that CMS assigned to the nursing facility for each of the quality metrics specified in divisions (C)(1)(a) and (c) of this section:

(a) Unless division (C)(2)(b) or (c) of this section applies, divide the number of the nursing facility's points for the quality metric by twenty.

(b) If CMS assigned the nursing facility to the lowest percentile for the quality metric, reduce the number of the nursing facility's points for the quality metric to zero.

(c) If the nursing facility's total number of points calculated for or during a state fiscal year for all of the quality metrics specified in divisions (C)(1)(a), and if applicable, division (C)(1)(c) of this section is less than a number of points that is equal to the twenty-fifth percentile of all nursing facilities, calculated using the points for the July 1 rate setting of that fiscal year reduce the nursing facility's points to zero until the next point calculation. If a facility's recalculated points under division (C)(3) of this section are below the number of points determined to be the twenty-fifth percentile for that fiscal year, the facility shall receive zero points for the remainder of that fiscal year.

(3) A nursing facility's quality score shall be recalculated for the second half of the state fiscal year based on the most recent four quarter average data, or the average data for fewer quarters in the case of successor metrics, available in the database maintained by CMS and known as the care compare, in the most recent month of the calendar year during which the fiscal year for which the rate is determined begins. The metrics specified by division (C)(1)(b) of this section shall not be recalculated. In redetermining the quality payment for each facility based on the recalculated points, the department shall use the same per point value determined for the quality payment at the start of the fiscal year.

(D) A nursing facility shall not receive a quality incentive payment if the Department of Health assigned the nursing facility to the SFF list under the special focus facility program and the nursing facility is listed in table A, on the first day of May of the calendar year for which the rate is being determined.

(E) The total amount to be spent on quality incentive payments under division (B) of this section for a fiscal year shall be determined as follows:

(1) Determine the following amount for each nursing facility:

(a) The amount that is five and two-tenths per cent of the nursing facility's base rate for nursing facility services provided on the first day of the state fiscal year plus one dollar and seventy-nine cents plus sixty per cent of the per diem amount by which the nursing facility's ~~rate for direct care costs determined for the fiscal year under section 5165.19 of the Revised Code~~ cost per case-mix unit changed as a result of the rebasing conducted under section 5165.36 of the Revised Code. The nursing facility's cost per case-mix unit is determined under division (C) of section 5165.19 of the Revised Code and for purposes of this division shall not be multiplied by the facility's

semiannual case-mix score determined under section 5165.192 of the Revised Code.

(b) Multiply the amount determined under division (E)(1)(a) of this section by the number of the nursing facility's medicaid days for the calendar year preceding the fiscal year for which the rate is determined.

(2) Determine the sum of the products determined under division (E)(1)(b) of this section for all nursing facilities for which the product was determined for the state fiscal year.

(3) To the sum determined under division (E)(2) of this section, add one hundred twenty-five million dollars.

(F)(1) Beginning July 1, 2023, a new nursing facility shall receive a quality incentive payment for the fiscal year in which the new facility obtains an initial provider agreement and the immediately following fiscal year equal to the median quality incentive payment determined for nursing facilities for the fiscal year. For the state fiscal year after the immediately following fiscal year and subsequent fiscal years, the quality incentive payment shall be determined under division (C) of this section.

(2) A nursing facility that undergoes a change of operator with an effective date of July 1, 2025, or later shall not receive a quality incentive payment until the earlier of the first day of January or the first day of July that is at least six months after the effective date of the change of operator. Thereafter any quality incentive payment shall be determined under division (C) of this section.

(G) The intent of the general assembly, in amending this section, is to clarify statutory language in response to the decision of the Ohio Supreme Court in the case *State ex rel. LeadingAge Ohio v. Ohio Dept. of Medicaid*, Slip Opinion No. 2025-Ohio-3066 and to require the department to continue calculating and paying the quality incentive payments in the manner they were actually paid in state fiscal years 2024 and 2025. (A)(1) If a contractor has not commenced his work within a reasonable time, or does not carry the same forward with reasonable progress, or is improperly performing his the work, or has abandoned, or fails or refuses to complete a contract entered into under Chapters 5501., 5503., 5511., 5513., 5515., 5516., 5517., 5519., 5521., 5523., 5525., 5527., 5528., 5529., 5531., 5533., and 5535. of the Revised Code, the director of transportation shall make a finding to that

effect and so notify the contractor in writing, and the rights of the contractor to control and supervise the work shall immediately cease. The director shall forthwith give written notice to the sureties on the bonds of such contractor of such action. If

(2) If, within ten days after the receipt of such notice, such sureties on the contract performance bond or any one or more of them notify the director in writing of their intention to enter upon and complete the work covered by such contract, such sureties shall be permitted to do so and the director shall allow them thirty days, after the receipt of such notice in writing, within which to enter upon the work and resume construction, unless such time is extended by the director for good cause shown. If such sureties do not carry the same forward with reasonable progress, or if they improperly perform, abandon, or fail to complete the work covered by any such contract, the director shall complete the same in the manner provided in this section. If

(3) Except as provided in division (A)(4) of this section, in the event the sureties on the contract performance bond, or any one or more of them, notify the director in writing of their intention to enter upon and complete the work covered by such contract, and then fail or refuse to so complete, any additional costs reasonably incurred by the director as a result of such failure or refusal shall be computed by the director and become the liability of such surety, which is not limited by the amount of the contract performance bond. If

(4)(a) In the event the sureties on a contract performance bond that relates to a major bridge project, or any one or more of them, notify the director in writing of their intention to enter upon and complete the work covered by such contract, and then fail or refuse to so complete, any additional costs reasonably incurred by the director as a result of such failure or refusal shall be computed by the director and become the liability of such surety in an amount not to exceed one hundred fifteen per cent of the contract performance bond.

(b) As used in division (A)(4)(a) of this section, "major bridge project" means a bridge project that spans the Ohio river for a contract that was awarded with the allowances authorized under division (D) of section 5517.011 of the Revised Code.

(5) If the surety fails to pay such the amount computed by the director under division (A)(3) or (4) of this section, the director shall certify the facts to the attorney general, who shall proceed to collect such additional costs from the surety and the amount so collected shall be paid into the state treasury to the credit of the fund from which the excess cost was originally paid.

(B) If, after receiving notice of the action of the director in terminating the control of the contractor over the work covered by ~~his~~ the contract, the sureties on such contract performance bond do not within ten days give the director the written notice provided for in this section, the director shall cause that portion of the work which remains uncompleted to be re-estimated and relet in accordance with the requirements applicable to original bids; or in the event the director determines with the approval of the controlling board that an extraordinary emergency exists, ~~he~~ the director may contract for the completion of the work without advertising for bids, if ~~he~~ the director considers it to be in the best public interest.

(C) Before entering into a contract for the completion of any such improvement in accordance with division (B) of this section, the director shall require a contract performance bond and a payment bond with sufficient sureties each in an amount equal to one hundred per cent of the estimated cost of completing the work, and conditions relating to the bonds of original contractors shall apply to such bonds.

(D)(1) If the cost of completing such work under division (C) of this section exceeds the amount set aside or apportioned therefor, the remainder of the cost shall be paid from the appropriations from the state highway operating fund available for the use of the department of transportation and against which no contractual obligations exist.

~~If (2)~~ Subject to the limitation specified in division (A)(4) of this section, if the cost of completing any such improvement exceeds the portion of the contract price remaining unpaid to the original contractor at the time of his default, such excess shall be computed by the director and becomes the liability of such contractor or surety or both. If either the contractor or surety fails to pay such amount, the director shall certify the facts to the attorney general, who shall proceed to collect such excess cost from the contractor and the sureties upon ~~his~~ the contract performance bond, and the amount so collected shall be paid into the state treasury to the credit of the fund from which the excess cost was originally paid.

(E) Where the estimated cost of completing a defaulted contract does not exceed five thousand dollars, the director may complete the same by force account, or by a contract let without advertisement.

Sec. 5709.40. (A) As used in this section:

(1) "Blighted area" and "impacted city" have the same meanings as in section 1728.01 of the Revised Code.

(2) "Business day" means a day of the week excluding Saturday, Sunday, and a legal holiday as defined under section 1.14 of the Revised Code.

(3) "Housing renovation" means a project carried out for residential purposes.

(4) "Improvement" means the increase in the assessed value of any real property that would first appear on the tax list and duplicate of real and public utility property after the effective date of an ordinance adopted under this section were it not for the exemption granted by that ordinance.

(5) "Incentive district" means an area not more than three hundred acres in size enclosed by a continuous boundary in which a project is being, or will be, undertaken and having one or more of the following distress characteristics:

(a) At least fifty-one per cent of the residents of the district have incomes of less than eighty per cent of the median income of residents of the political subdivision in which the district is located, as determined in the same manner specified under section 119(b) of the "Housing and Community Development Act of 1974," 88 Stat. 633, 42 U.S.C. 5318, as amended;

(b) The average rate of unemployment in the district during the most recent twelve-month period for which data are available is equal to at least one hundred fifty per cent of the average rate

of unemployment for this state for the same period.

(c) At least twenty per cent of the people residing in the district live at or below the poverty level as defined in the federal Housing and Community Development Act of 1974, 42 U.S.C. 5301, as amended, and regulations adopted pursuant to that act.

(d) The district is a blighted area.

(e) The district is in a situational distress area as designated by the director of development under division (F) of section 122.23 of the Revised Code.

(f) As certified by the engineer for the political subdivision, the public infrastructure serving the district is inadequate to meet the development needs of the district as evidenced by a written economic development plan or urban renewal plan for the district that has been adopted by the legislative authority of the subdivision.

(g) The district is comprised entirely of unimproved land that is located in a distressed area as defined in section 122.23 of the Revised Code.

(6) "Overlay" means an area of not more than three hundred acres that is a square, or that is a rectangle having two longer sides that are not more than twice the length of the two shorter sides, that the legislative authority of a municipal corporation delineates on a map of a proposed incentive district.

(7) "Project" means development activities undertaken on one or more parcels, including, but not limited to, construction, expansion, and alteration of buildings or structures, demolition, remediation, and site development, and any building or structure that results from those activities.

(8) "Public infrastructure improvement" includes, but is not limited to, public roads and highways; water and sewer lines; the continued maintenance of those public roads and highways and water and sewer lines; environmental remediation; land acquisition, including acquisition in aid of industry, commerce, distribution, or research; demolition, including demolition on private property when determined to be necessary for economic development purposes; stormwater and flood remediation projects, including such projects on private property when determined to be necessary for public health, safety, and welfare; the provision of gas, electric, and communications service facilities, including the provision of gas or electric service facilities owned by nongovernmental entities when such improvements are determined to be necessary for economic development purposes; the enhancement of public waterways through improvements that allow for greater public access; and off-street parking facilities, including those in which all or a portion of the parking spaces are reserved for specific uses when determined to be necessary for economic development purposes.

(9) "Nonperforming parcel" means a parcel to which all of the following apply:

(a) The parcel is exempted from taxation under division (B) of this section or has been included in a district created under division (C) of this section.

(b) The parcel's owner is required to make payments in lieu of taxes in accordance with section 5709.42 of the Revised Code.

(c) No such payments have been remitted to the county treasurer since the inception of the exemption or district.

(B) The legislative authority of a municipal corporation, by ordinance, may declare improvements to certain parcels of real property located in the municipal corporation to be a public purpose. Improvements with respect to a parcel that is used or to be used for residential purposes may be declared a public purpose under this division only if the parcel is located in a blighted area of an impacted city. For this purpose, "parcel that is used or to be used for residential purposes" means a parcel that, as improved, is used or to be used for purposes that would cause the tax commissioner to classify the parcel as residential property in accordance with rules adopted by the commissioner under section 5713.041 of the Revised Code. Except as otherwise provided under division (D) of this section or section 5709.51 or 5709.511 of the Revised Code, not more than seventy-five per cent of an improvement thus declared to be a public purpose may be exempted from real property taxation for a period of not more than ten years. The ordinance shall specify the percentage of the improvement to be exempted from taxation and the life of the exemption.

An ordinance adopted or amended under this division shall designate the specific public infrastructure improvements made, to be made, or in the process of being made by the municipal corporation that directly benefit, or that once made will directly benefit, the parcels for which improvements are declared to be a public purpose. The service payments provided for in section 5709.42 of the Revised Code shall be used to finance the public infrastructure improvements designated in the ordinance, for the purpose described in division (D)(1) of this section or as provided in section 5709.43 of the Revised Code.

(C)(1) The legislative authority of a municipal corporation may adopt an ordinance creating an incentive district and declaring improvements to parcels within the district to be a public purpose and, except as provided in division (C)(2) of this section, exempt from taxation as provided in this section, but no legislative authority of a municipal corporation that has a population that exceeds twenty-five thousand, as shown by the most recent federal decennial census, shall adopt an ordinance that creates an incentive district if the sum of the taxable value of real property in the proposed district for the preceding tax year and the taxable value of all real property in the municipal corporation that would have been taxable in the preceding year were it not for the fact that the property was in an existing incentive district and therefore exempt from taxation exceeds twenty-five per cent of the taxable value of real property in the municipal corporation for the preceding tax year. The ordinance shall delineate the boundary of the proposed district and specifically identify each parcel within the district. A proposed district may not include any parcel, other than a nonperforming parcel, that is or has been exempted from taxation under division (B) of this section or that is or has been within another district created under this division. On and after the effective date of the district, a nonperforming parcel within the district is no longer exempted from taxation under division (B) of this section or included within an incentive district under any previous ordinance, and the parcel's owner is no longer required to make payments in lieu of taxes under such

a previous ordinance in accordance with section 5709.42 of the Revised Code. Any exemption application filed with the tax commissioner under section 5715.27 of the Revised Code under the second ordinance shall identify the nonperforming parcels included in the second district, the original ordinance under which the nonperforming parcels were originally exempted, and the value history of each nonperforming parcel since the enactment of the original ordinance. An ordinance may create more than one such district, and more than one ordinance may be adopted under division (C)(1) of this section.

(2)(a) Not later than thirty days prior to adopting an ordinance under division (C)(1) of this section, if the municipal corporation intends to apply for exemptions from taxation under section 5709.911 of the Revised Code on behalf of owners of real property located within the proposed incentive district, the legislative authority of the municipal corporation shall conduct a public hearing on the proposed ordinance. Not later than thirty days prior to the public hearing, the legislative authority shall give notice of the public hearing and the proposed ordinance by first class mail to every real property owner whose property is located within the boundaries of the proposed incentive district that is the subject of the proposed ordinance. The notice shall include a map of the proposed incentive district on which the legislative authority of the municipal corporation shall have delineated an overlay. The notice shall inform the property owner of the owner's right to exclude the owner's property from the incentive district if the owner's entire parcel of property will not be located within the overlay, by submitting a written response in accordance with division (C)(2)(b) of this section. The notice also shall include information detailing the required contents of the response, the address to which the response may be mailed, and the deadline for submitting the response.

(b) Any owner of real property located within the boundaries of an incentive district proposed under division (C)(1) of this section whose entire parcel of property is not located within the overlay may exclude the property from the proposed incentive district by submitting a written response to the legislative authority of the municipal corporation not later than forty-five days after the postmark date on the notice required under division (C)(2)(a) of this section. The response shall be sent by first class mail or delivered in person at a public hearing held by the legislative authority under division (C)(2)(a) of this section. The response shall conform to any content requirements that may be established by the municipal corporation and included in the notice provided under division (C)(2)(a) of this section. In the response, property owners may identify a parcel by street address, by the manner in which it is identified in the ordinance, or by other means allowing the identity of the parcel to be ascertained.

(c) Before adopting an ordinance under division (C)(1) of this section, the legislative authority of a municipal corporation shall amend the ordinance to exclude any parcel located wholly or partly outside the overlay for which a written response has been submitted under division (C)(2)(b) of this section. A municipal corporation shall not apply for exemptions from taxation under section 5709.911 of the Revised Code for any such parcel, and service payments may not be required from the owner of the parcel. Improvements to a parcel excluded from an incentive district

under this division may be exempted from taxation under division (B) of this section pursuant to an ordinance adopted under that division or under any other section of the Revised Code under which the parcel qualifies.

(3)(a) An ordinance adopted under division (C)(1) of this section shall specify the life of the incentive district and the percentage of the improvements to be exempted, shall designate the public infrastructure improvements made, to be made, or in the process of being made, that benefit or serve, or, once made, will benefit or serve parcels in the district. The ordinance also shall identify one or more specific projects being, or to be, undertaken in the district that place additional demand on the public infrastructure improvements designated in the ordinance. The project identified may, but need not be, the project under division (C)(3)(b) of this section that places real property in use for commercial or industrial purposes. Except as otherwise permitted under that division, the service payments provided for in section 5709.42 of the Revised Code shall be used to finance the designated public infrastructure improvements, for the purpose described in division (D)(1), (E), or (F) of this section, or as provided in section 5709.43 of the Revised Code.

An ordinance adopted under division (C)(1) of this section on or after March 30, 2006, shall not designate police or fire equipment as public infrastructure improvements, and no service payment provided for in section 5709.42 of the Revised Code and received by the municipal corporation under the ordinance shall be used for police or fire equipment.

(b) An ordinance adopted under division (C)(1) of this section may authorize the use of service payments provided for in section 5709.42 of the Revised Code for the purpose of housing renovations within the incentive district, provided that the ordinance also designates public infrastructure improvements that benefit or serve the district, and that a project within the district places real property in use for commercial or industrial purposes. Service payments may be used to finance or support loans, deferred loans, and grants to persons for the purpose of housing renovations within the district. The ordinance shall designate the parcels within the district that are eligible for housing renovation. The ordinance shall state separately the amounts or the percentages of the expected aggregate service payments that are designated for each public infrastructure improvement and for the general purpose of housing renovations.

(4) Except with the approval of the board of education of each city, local, or exempted village school district within the territory of which the incentive district is or will be located, and subject to division (E) of this section, the life of an incentive district shall not exceed ten years, and the percentage of improvements to be exempted shall not exceed seventy-five per cent. With approval of the board of education, the life of a district may be not more than thirty years, and the percentage of improvements to be exempted may be not more than one hundred per cent. The approval of a board of education shall be obtained in the manner provided in division (D) of this section.

(D)(1) If the ordinance declaring improvements to a parcel to be a public purpose or creating an incentive district specifies that payments in lieu of taxes provided for in section 5709.42 of the

Revised Code shall be paid to the city, local, or exempted village, and joint vocational school district in which the parcel or incentive district is located in the amount of the taxes that would have been payable to the school district if the improvements had not been exempted from taxation, the percentage of the improvement that may be exempted from taxation may exceed seventy-five per cent, and the exemption may be granted for up to thirty years, without the approval of the board of education as otherwise required under division (D)(2) of this section.

(2) Improvements with respect to a parcel may be exempted from taxation under division (B) of this section, and improvements to parcels within an incentive district may be exempted from taxation under division (C) of this section, for up to ten years or, with the approval under this paragraph of the board of education of the city, local, or exempted village school district within which the parcel or district is located, for up to thirty years. The percentage of the improvement exempted from taxation may, with such approval, exceed seventy-five per cent, but shall not exceed one hundred per cent. Not later than forty-five business days prior to adopting an ordinance under this section declaring improvements to be a public purpose that is subject to approval by a board of education under this division, the legislative authority shall deliver to the board of education a notice stating its intent to adopt an ordinance making that declaration. The notice regarding improvements with respect to a parcel under division (B) of this section shall identify the parcels for which improvements are to be exempted from taxation, provide an estimate of the true value in money of the improvements, specify the period for which the improvements would be exempted from taxation and the percentage of the improvement that would be exempted, and indicate the date on which the legislative authority intends to adopt the ordinance. The notice regarding improvements to parcels within an incentive district under division (C) of this section shall delineate the boundaries of the district, specifically identify each parcel within the district, identify each anticipated improvement in the district, provide an estimate of the true value in money of each such improvement, specify the life of the district and the percentage of improvements that would be exempted, and indicate the date on which the legislative authority intends to adopt the ordinance. The board of education, by resolution adopted by a majority of the board, may approve the exemption for the period or for the exemption percentage specified in the notice; may disapprove the exemption for the number of years in excess of ten, may disapprove the exemption for the percentage of the improvement to be exempted in excess of seventy-five per cent, or both; or may approve the exemption on the condition that the legislative authority and the board negotiate an agreement providing for compensation to the school district equal in value to a percentage of the amount of taxes exempted in the eleventh and subsequent years of the exemption period or, in the case of exemption percentages in excess of seventy-five per cent, compensation equal in value to a percentage of the taxes that would be payable on the portion of the improvement in excess of seventy-five per cent were that portion to be subject to taxation, or other mutually agreeable compensation. If an agreement is negotiated between the legislative authority and the board to compensate the school district for all or part of the taxes exempted, including agreements for payments in lieu of taxes under section 5709.42 of the Revised

Code, the legislative authority shall compensate the joint vocational school district within which the parcel or district is located at the same rate and under the same terms received by the city, local, or exempted village school district.

(3) The board of education shall certify its resolution to the legislative authority not later than fourteen days prior to the date the legislative authority intends to adopt the ordinance as indicated in the notice. If the board of education and the legislative authority negotiate a mutually acceptable compensation agreement, the ordinance may declare the improvements a public purpose for the number of years specified in the ordinance or, in the case of exemption percentages in excess of seventy-five per cent, for the exemption percentage specified in the ordinance. In either case, if the board and the legislative authority fail to negotiate a mutually acceptable compensation agreement, the ordinance may declare the improvements a public purpose for not more than ten years, and shall not exempt more than seventy-five per cent of the improvements from taxation. If the board fails to certify a resolution to the legislative authority within the time prescribed by this division, the legislative authority thereupon may adopt the ordinance and may declare the improvements a public purpose for up to thirty years, or, in the case of exemption percentages proposed in excess of seventy-five per cent, for the exemption percentage specified in the ordinance. The legislative authority may adopt the ordinance at any time after the board of education certifies its resolution approving the exemption to the legislative authority, or, if the board approves the exemption on the condition that a mutually acceptable compensation agreement be negotiated, at any time after the compensation agreement is agreed to by the board and the legislative authority.

(4) If a board of education has adopted a resolution waiving its right to approve exemptions from taxation under this section and the resolution remains in effect, approval of exemptions by the board is not required under division (D) of this section. If a board of education has adopted a resolution allowing a legislative authority to deliver the notice required under division (D) of this section fewer than forty-five business days prior to the legislative authority's adoption of the ordinance, the legislative authority shall deliver the notice to the board not later than the number of days prior to such adoption as prescribed by the board in its resolution. If a board of education adopts a resolution waiving its right to approve agreements or shortening the notification period, the board shall certify a copy of the resolution to the legislative authority. If the board of education rescinds such a resolution, it shall certify notice of the rescission to the legislative authority.

(5) If the legislative authority is not required by division (D) of this section to notify the board of education of the legislative authority's intent to declare improvements to be a public purpose, the legislative authority shall comply with the notice requirements imposed under section 5709.83 of the Revised Code, unless the board has adopted a resolution under that section waiving its right to receive such a notice.

(6) Nothing in division (D) of this section prohibits the legislative authority of a municipal corporation from amending the ordinance or resolution under section 5709.51 or 5709.511 of the Revised Code to extend the term of the exemption.

(E)(1) If a proposed ordinance under division (C)(1) of this section exempts improvements with respect to a parcel within an incentive district for more than ten years, or the percentage of the improvement exempted from taxation exceeds seventy-five per cent, not later than forty-five business days prior to adopting the ordinance the legislative authority of the municipal corporation shall deliver to the board of county commissioners of the county within which the incentive district will be located a notice that states its intent to adopt an ordinance creating an incentive district. The notice shall include a copy of the proposed ordinance, identify the parcels for which improvements are to be exempted from taxation, provide an estimate of the true value in money of the improvements, specify the period of time for which the improvements would be exempted from taxation, specify the percentage of the improvements that would be exempted from taxation, and indicate the date on which the legislative authority intends to adopt the ordinance.

(2) The board of county commissioners, by resolution adopted by a majority of the board, may object to the exemption for the number of years in excess of ten, may object to the exemption for the percentage of the improvement to be exempted in excess of seventy-five per cent, or both. If the board of county commissioners objects, the board may negotiate a mutually acceptable compensation agreement with the legislative authority. In no case shall the compensation provided to the board exceed the property taxes forgone due to the exemption. If the board of county commissioners objects, and the board and legislative authority fail to negotiate a mutually acceptable compensation agreement, the ordinance adopted under division (C)(1) of this section shall provide to the board compensation in the eleventh and subsequent years of the exemption period equal in value to not more than fifty per cent of the taxes that would be payable to the county or, if the board's objection includes an objection to an exemption percentage in excess of seventy-five per cent, compensation equal in value to not more than fifty per cent of the taxes that would be payable to the county, on the portion of the improvement in excess of seventy-five per cent, were that portion to be subject to taxation. The board of county commissioners shall certify its resolution to the legislative authority not later than thirty days after receipt of the notice.

(3) If the board of county commissioners does not object or fails to certify its resolution objecting to an exemption within thirty days after receipt of the notice, the legislative authority may adopt the ordinance, and no compensation shall be provided to the board of county commissioners. If the board timely certifies its resolution objecting to the ordinance, the legislative authority may adopt the ordinance at any time after a mutually acceptable compensation agreement is agreed to by the board and the legislative authority, or, if no compensation agreement is negotiated, at any time after the legislative authority agrees in the proposed ordinance to provide compensation to the board of fifty per cent of the taxes that would be payable to the county in the eleventh and subsequent years of the exemption period or on the portion of the improvement in excess of seventy-five per cent, were that portion to be subject to taxation.

(F) Service payments in lieu of taxes that are attributable to any amount by which the effective tax rate of either a renewal levy with an increase or a replacement levy exceeds the

effective tax rate of the levy renewed or replaced, or that are attributable to an additional levy, for a levy authorized by the voters for any of the following purposes on or after January 1, 2006, and which are provided pursuant to an ordinance creating an incentive district under division (C)(1) of this section that is adopted on or after January 1, 2006, or a later date as specified in this division, shall be distributed to the appropriate taxing authority as required under division (C) of section 5709.42 of the Revised Code in an amount equal to the amount of taxes from that additional levy or from the increase in the effective tax rate of such renewal or replacement levy that would have been payable to that taxing authority from the following levies were it not for the exemption authorized under division (C) of this section:

(1) A tax levied under division (L) of section 5705.19 or section 5705.191 or 5705.222 of the Revised Code for community developmental disabilities programs and services pursuant to Chapter 5126. of the Revised Code;

(2) A tax levied under division (Y) of section 5705.19 of the Revised Code for providing or maintaining senior citizens services or facilities;

(3) A tax levied under section 5705.22 of the Revised Code for county hospitals;

(4) A tax levied by a joint-county district or by a county under section 5705.19, 5705.191, or 5705.221 of the Revised Code for alcohol, drug addiction, and mental health services or facilities;

(5) A tax levied under section 5705.23 of the Revised Code for library purposes;

(6) A tax levied under section 5705.24 of the Revised Code for the support of children services and the placement and care of children;

(7) A tax levied under division (Z) of section 5705.19 of the Revised Code for the provision and maintenance of zoological park services and facilities under section 307.76 of the Revised Code;

(8) A tax levied under section 511.27 or division (H) of section 5705.19 of the Revised Code for the support of township park districts;

(9) A tax levied under division (A), (F), or (H) of section 5705.19 of the Revised Code for parks and recreational purposes of a joint recreation district organized pursuant to division (B) of section 755.14 of the Revised Code;

(10) A tax levied under section 1545.20 or 1545.21 of the Revised Code for park district purposes;

(11) A tax levied under section 5705.191 of the Revised Code for the purpose of making appropriations for public assistance; human or social services; public relief; public welfare; public health and hospitalization; and support of general hospitals;

(12) A tax levied under section 3709.29 of the Revised Code for a general health district program.

(13) A tax levied by a township under section 505.39, division (I) of section 5705.19, or division (JJ) of section 5705.19 of the Revised Code to the extent the proceeds are used for the purposes described in division (I) of that section, for the purpose of funding fire, emergency medical, and ambulance services as described in that section and those divisions. Division (F)(13) of

this section applies only if the township levying the tax provides fire, emergency medical, or ambulance services in the incentive district, and only to incentive districts created by an ordinance adopted on or after the effective date of the amendment of this section by H.B. 69 of the 132nd general assembly, March 23, 2018. The board of township trustees may, by resolution, waive the application of this division or negotiate with the municipal corporation that created the district for a lesser amount of payments in lieu of taxes.

(G) An exemption from taxation granted under this section commences with the tax year specified in the ordinance so long as the year specified in the ordinance commences after the effective date of the ordinance. If the ordinance specifies a year commencing before the effective date of the resolution or specifies no year whatsoever, the exemption commences with the tax year in which an exempted improvement first appears on the tax list and duplicate of real and public utility property and that commences after the effective date of the ordinance. In lieu of stating a specific year, the ordinance may provide that the exemption commences in the tax year in which the value of an improvement exceeds a specified amount or in which the construction of one or more improvements is completed, provided that such tax year commences after the effective date of the ordinance. With respect to the exemption of improvements to parcels under division (B) of this section, the ordinance may allow for the exemption to commence in different tax years on a parcel-by-parcel basis, with a separate exemption term specified for each parcel.

Except as otherwise provided in this division or section 5709.51 or 5709.511 of the Revised Code, the exemption ends on the date specified in the ordinance as the date the improvement ceases to be a public purpose or the incentive district expires, or ends on the date on which the public infrastructure improvements and housing renovations are paid in full from the municipal public improvement tax increment equivalent fund established under division (A) of section 5709.43 of the Revised Code, whichever occurs first. The exemption of an improvement with respect to a parcel or within an incentive district may end on a later date, as specified in the ordinance, if the legislative authority and the board of education of the city, local, or exempted village school district within which the parcel or district is located have entered into a compensation agreement under section 5709.82 of the Revised Code with respect to the improvement, and the board of education has approved the term of the exemption under division (D)(2) of this section, but in no case shall the improvement be exempted from taxation for more than thirty years. Exemptions shall be claimed and allowed in the same manner as in the case of other real property exemptions. If an exemption status changes during a year, the procedure for the apportionment of the taxes for that year is the same as in the case of other changes in tax exemption status during the year.

(H) Additional municipal financing of public infrastructure improvements and housing renovations may be provided by any methods that the municipal corporation may otherwise use for financing such improvements or renovations. If the municipal corporation issues bonds or notes to finance the public infrastructure improvements and housing renovations and pledges money from the municipal public improvement tax increment equivalent fund to pay the interest on and principal of

the bonds or notes, the bonds or notes are not subject to Chapter 133. of the Revised Code.

(I) The municipal corporation, not later than fifteen days after the adoption of an ordinance under this section, shall submit to the director of development a copy of the ordinance. On or before the thirty-first day of March of each year, the municipal corporation shall submit a status report to the director. The report shall indicate, in the manner prescribed by the director, the progress of the project during each year that an exemption remains in effect, including a summary of the receipts from service payments in lieu of taxes; expenditures of money from the funds created under section 5709.43 of the Revised Code; a description of the public infrastructure improvements and housing renovations financed with such expenditures; and a quantitative summary of changes in employment and private investment resulting from each project.

(J) Nothing in this section shall be construed to prohibit a legislative authority from declaring to be a public purpose improvements with respect to more than one parcel.

(K) If a parcel is located in a new community district in which the new community authority imposes a community development charge on the basis of rentals received from leases of real property as described in division (L)(2) of section 349.01 of the Revised Code, the parcel may not be exempted from taxation under this section.

(L)(1) Notwithstanding the limitations on the life of an incentive district and the number of years that improvements to a parcel or parcels within an incentive district may be exempted from taxation prescribed by divisions (C) and (D) of this section, the legislative authority of a municipal corporation may amend an ordinance originally adopted under division (C) of this section before January 1, 2006, to extend the life of an incentive district created by that ordinance. The extension shall be for a period not to exceed fifteen years and shall not increase the percentage of the value of improvements exempted from taxation.

(2) Before adopting an amendment authorized by division (L)(1) of this section, the legislative authority of the municipal corporation shall provide notice of the amendment to each board of education of the city, local, or exempted village school district in which the incentive district is located, in the same manner as provided under division (D) of this section, and shall obtain the approval of each such board in the manner required under that division, except both of the following apply:

(a) The board of education may approve the exemption on the condition that the legislative authority and the board negotiate an agreement providing for mutually agreeable compensation to the school district.

(b) If the board of education fails to certify a resolution approving the amendment to the legislative authority within the time prescribed by division (D) of this section, the legislative authority shall not adopt the amendment authorized under division (L) of this section.

(3) No approval otherwise required by division (L)(2) of this section shall be required from a board of education if either of the following apply:

(a) The amendment provides for compensation to the city, local, or exempted village school

district in which the incentive district is located equal in value to the amount of taxes that would be payable to the school district if the improvements exempted from taxation had not been exempted for the additional period.

(b) The board of education has adopted a resolution waiving its right to approve exemptions from taxation pursuant to division (D)(4) of this section. If the board has adopted such a resolution, the municipal corporation shall comply with the notice requirements imposed by section 5709.83 of the Revised Code before taking formal action to adopt an amendment authorized under division (L)(1) of this section unless the board has adopted a resolution under that section waiving its right to receive that notice.

(4) Not later than fourteen days before adopting an amendment authorized by division (L)(1) of this section, the legislative authority of the municipal corporation shall deliver a notice identical to a notice required under section 5709.83 of the Revised Code to the board of county commissioners of each county in which the incentive district is located.

Sec. 5709.41. (A) As used in this section:

(1) "Business day" means a day of the week excluding Saturday, Sunday, and a legal holiday as defined under section 1.14 of the Revised Code.

(2) "Improvement" means the increase in assessed value of any parcel of property subsequent to the acquisition of the parcel by a municipal corporation engaged in urban redevelopment or by a township engaged in redevelopment.

(B) The legislative authority of a municipal corporation or township, by ordinance or resolution, may declare to be a public purpose any improvement to a parcel of real property if both of the following apply:

(1) The municipal corporation or township held fee title to the parcel prior to the adoption of the ordinance or resolution;

(2) The parcel is leased, or the fee of the parcel is conveyed, to any person either before or after adoption of the ordinance or resolution.

Improvements used or to be used for residential purposes may be declared a public purpose under this section only if the parcel is located in a blighted area of an impacted city, in the case of a municipal corporation, or in a blighted area, in the case of a township, as those terms are defined in section 1728.01 of the Revised Code. For this purpose, "parcel that is used or to be used for residential purposes" means a parcel that, as improved, is used or to be used for purposes that would cause the tax commissioner to classify the parcel as residential property in accordance with rules adopted by the commissioner under section 5713.041 of the Revised Code.

(C) Except as otherwise provided in division (C)(1), (2), or (3) of this section, not more than seventy-five per cent of an improvement thus declared to be a public purpose may be exempted from real property taxation. The ordinance or resolution shall specify the percentage of the improvement to be exempted from taxation. If a parcel is located in a new community district in which the new community authority imposes a community development charge on the basis of rentals received

from leases of real property as described in division (L)(2) of section 349.01 of the Revised Code, the parcel may not be exempted from taxation under this section.

(1) If the ordinance or resolution declaring improvements to a parcel to be a public purpose specifies that payments in lieu of taxes provided for in section 5709.42 or 5709.74 of the Revised Code shall be paid to the city, local, or exempted village school district in which the parcel is located in the amount of the taxes that would have been payable to the school district if the improvements had not been exempted from taxation, the percentage of the improvement that may be exempted from taxation may exceed seventy-five per cent, and the exemption may be granted for up to thirty years, without the approval of the board of education as otherwise required under division (C)(2) of this section.

(2) Improvements may be exempted from taxation for up to ten years or, with the approval of the board of education of the city, local, or exempted village school district within the territory of which the improvements are or will be located, for up to thirty years. The percentage of the improvement exempted from taxation may, with such approval, exceed seventy-five per cent, but shall not exceed one hundred per cent. Not later than forty-five business days prior to adopting an ordinance or resolution under this section, the legislative authority shall deliver to the board of education a notice stating its intent to declare improvements to be a public purpose under this section. The notice shall describe the parcel and the improvements, provide an estimate of the true value in money of the improvements, specify the period for which the improvements would be exempted from taxation and the percentage of the improvements that would be exempted, and indicate the date on which the legislative authority intends to adopt the ordinance or resolution. The board of education, by resolution adopted by a majority of the board, may approve the exemption for the period or for the exemption percentage specified in the notice, may disapprove the exemption for the number of years in excess of ten, may disapprove the exemption for the percentage of the improvements to be exempted in excess of seventy-five per cent, or both, or may approve the exemption on the condition that the legislative authority and the board negotiate an agreement providing for compensation to the school district equal in value to a percentage of the amount of taxes exempted in the eleventh and subsequent years of the exemption period, or, in the case of exemption percentages in excess of seventy-five per cent, compensation equal in value to a percentage of the taxes that would be payable on the portion of the improvement in excess of seventy-five per cent were that portion to be subject to taxation. The board of education shall certify its resolution to the legislative authority not later than fourteen days prior to the date the legislative authority intends to adopt the ordinance or resolution as indicated in the notice. If the board of education approves the exemption on the condition that a compensation agreement be negotiated, the board in its resolution shall propose a compensation percentage. If the board of education and the legislative authority negotiate a mutually acceptable compensation agreement, the ordinance or resolution may declare the improvements a public purpose for the number of years specified in the ordinance or resolution or, in the case of exemption percentages in excess of seventy-five per cent,

for the exemption percentage specified in the ordinance or resolution. In either case, if the board and the legislative authority fail to negotiate a mutually acceptable compensation agreement, the ordinance or resolution may declare the improvements a public purpose for not more than ten years, but shall not exempt more than seventy-five per cent of the improvements from taxation. If the board fails to certify a resolution to the legislative authority within the time prescribed by this division, the legislative authority thereupon may adopt the ordinance or resolution and may declare the improvements a public purpose for up to thirty years. The legislative authority may adopt the ordinance or resolution at any time after the board of education certifies its resolution approving the exemption to the legislative authority, or, if the board approves the exemption on the condition that a mutually acceptable compensation agreement be negotiated, at any time after the compensation agreement is agreed to by the board and the legislative authority. If a mutually acceptable compensation agreement is negotiated between the legislative authority and the board, including agreements for payments in lieu of taxes under section 5709.42 or 5709.74 of the Revised Code, the legislative authority shall compensate the joint vocational school district within the territory of which the improvements are or will be located at the same rate and under the same terms received by the city, local, or exempted village school district.

(3) If a board of education has adopted a resolution waiving its right to approve exemptions from taxation and the resolution remains in effect, approval of exemptions by the board is not required under this division. If a board of education has adopted a resolution allowing a legislative authority to deliver the notice required under this division fewer than forty-five business days prior to the legislative authority's adoption of the ordinance or resolution, the legislative authority shall deliver the notice to the board not later than the number of days prior to such adoption as prescribed by the board in its resolution. If a board of education adopts a resolution waiving its right to approve exemptions or shortening the notification period, the board shall certify a copy of the resolution to the legislative authority. If the board of education rescinds such a resolution, it shall certify notice of the rescission to the legislative authority.

(4) If the legislative authority is not required by division (C)(1), (2), or (3) of this section to notify the board of education of the legislative authority's intent to declare improvements to be a public purpose, the legislative authority shall comply with the notice requirements imposed under section 5709.83 of the Revised Code, unless the board has adopted a resolution under that section waiving its right to receive such a notice.

(5) Nothing in division (C) of this section prohibits the legislative authority of a municipal corporation or township from amending the ordinance or resolution under section 5709.51 or 5709.511 of the Revised Code to extend the term of the exemption.

(D) An exemption granted under this section commences with the tax year specified in the ordinance or resolution so long as the year specified in the ordinance or resolution commences after the effective date of the ordinance or resolution. If the ordinance or resolution specifies a year commencing before the effective date of the ordinance or resolution or specifies no year, the

exemption commences with the tax year in which an exempted improvement first appears on the tax list and that commences after the effective date of the ordinance or resolution. In lieu of stating a specific year, the ordinance or resolution may provide that the exemption commences in the tax year in which the value of an improvement exceeds a specified amount or in which the construction of one or more improvements is completed, provided that such tax year commences after the effective date of the ordinance or resolution. In lieu of stating a specific year, the ordinance or resolution may allow for the exemption to commence in different tax years on a parcel-by-parcel basis, with a separate exemption term specified for each parcel. The exemption ends on the date specified in the ordinance or resolution as the date the improvement ceases to be a public purpose. The exemption shall be claimed and allowed in the same or a similar manner as in the case of other real property exemptions. If an exemption status changes during a tax year, the procedure for the apportionment of the taxes for that year is the same as in the case of other changes in tax exemption status during the year.

(E) A municipal corporation or township, not later than fifteen days after the adoption of an ordinance or resolution granting a tax exemption under this section, shall submit to the director of development a copy of the ordinance or resolution. On or before the thirty-first day of March each year, the municipal corporation or township shall submit a status report to the director of development outlining the progress of the project during each year that the exemption remains in effect.

Sec. 5709.511. (A) As used in this section, "multinational for-profit entity" means an entity that is organized for profit, headquartered in Ohio, and has business operations in both the United States and other countries.

(B) The legislative authority of a municipal corporation, a board of township trustees, or a board of county commissioners may amend, or provide in, an ordinance or resolution adopted in accordance with division (B) of section 5709.40, section 5709.41, division (B) of section 5709.73, or division (A) of section 5709.78 of the Revised Code, as applicable, to extend the exemption from taxation of improvements to the parcel or parcels designated in the ordinance or resolution for an additional period of not more than thirty years if all of the following conditions are met:

(1) The buildings and structures on the parcels are owned by a multinational for-profit entity.

(2) The multinational for-profit entity has maintained a presence on the site for more than twenty-five years.

(3) The multinational for-profit entity will commit to investing at least one hundred million dollars at the location over the period of the extended exemption authorized by this section.

(4) The multinational for-profit entity will commit to retaining at least one thousand jobs related to the parcels over the period of the extended exemption authorized by this section.

(5) The improvements were previously subject to an exemption from taxation pursuant to an ordinance or resolution adopted in accordance with division (B) of section 5709.40, section 5709.41, division (B) of section 5709.73, or division (A) of section 5709.78 of the Revised Code and that

exemption expired after tax year 2024.

(C) Not later than fifteen days after adopting or amending an ordinance or resolution under this section, the legislative authority of the municipal corporation, board of township trustees, or board of county commissioners shall send a copy of the amendment to the director of development.

(D) The extension of a tax exemption under division (B) of this section may, as provided in the ordinance or resolution authorizing the extension, commence in tax year 2025 or any succeeding tax year and apply as applicable to succeeding tax years regardless of the effective date of this section.

Sec. 5709.73. (A) As used in this section and section 5709.74 of the Revised Code:

(1) "Business day" means a day of the week excluding Saturday, Sunday, and a legal holiday as defined in section 1.14 of the Revised Code.

(2) "Further improvements" or "improvements" means the increase in the assessed value of real property that would first appear on the tax list and duplicate of real and public utility property after the effective date of a resolution adopted under this section were it not for the exemption granted by that resolution. For purposes of division (B) of this section, "improvements" do not include any property used or to be used for residential purposes. For this purpose, "property that is used or to be used for residential purposes" means property that, as improved, is used or to be used for purposes that would cause the tax commissioner to classify the property as residential property in accordance with rules adopted by the commissioner under section 5713.041 of the Revised Code.

(3) "Housing renovation" means a project carried out for residential purposes.

(4) "Incentive district" has the same meaning as in section 5709.40 of the Revised Code, except that a blighted area is in the unincorporated area of a township.

(5) "Overlay" has the same meaning as in section 5709.40 of the Revised Code, except that the overlay is delineated by the board of township trustees.

(6) "Project" and "public infrastructure improvement" have the same meanings as in section 5709.40 of the Revised Code.

(7) "Urban township" has the same meaning as in section 504.01 of the Revised Code.

(8) "Nonperforming parcel" means a parcel to which all of the following apply:

(a) The parcel is exempted from taxation under division (B) of this section or has been included in a district created under division (C) of this section.

(b) The parcel's owner is required to make payments in lieu of taxes in accordance with section 5709.74 of the Revised Code.

(c) No such payments have been remitted to the county treasurer since the inception of the exemption or district.

(B) A board of township trustees may adopt a resolution that declares to be a public purpose any public infrastructure improvements made that are necessary for the development of certain parcels of land located in the unincorporated area of the township. Except for a resolution adopted by the board of an urban township, the resolution shall be adopted by a unanimous vote of the board.

Except as otherwise provided under division (D) of this section or section 5709.51 or 5709.511 of the Revised Code, the resolution may exempt from real property taxation not more than seventy-five per cent of further improvements to a parcel of land that directly benefits from the public infrastructure improvements, for a period of not more than ten years. The resolution shall specify the percentage of the further improvements to be exempted and the life of the exemption.

(C)(1) A board of township trustees may adopt a resolution creating an incentive district and declaring improvements to parcels within the district to be a public purpose and, except as provided in division (C)(2) of this section, exempt from taxation as provided in this section. Except for a resolution adopted by the board of an urban township, the resolution shall be adopted by a unanimous vote of the board. A board of township trustees of a township that has a population that exceeds twenty-five thousand, as shown by the most recent federal decennial census, may not adopt a resolution that creates an incentive district if the sum of the taxable value of real property in the proposed district for the preceding tax year and the taxable value of all real property in the township that would have been taxable in the preceding year were it not for the fact that the property was in an existing incentive district and therefore exempt from taxation exceeds twenty-five per cent of the taxable value of real property in the township for the preceding tax year. The district shall be located within the unincorporated area of the township and shall not include any territory that is included within a district created under division (B) of section 5709.78 of the Revised Code. The resolution shall delineate the boundary of the proposed district and specifically identify each parcel within the district. A proposed district may not include any parcel, other than a nonperforming parcel, that is or has been exempted from taxation under division (B) of this section or that is or has been within another district created under this division. On and after the effective date of the district, a nonperforming parcel within the district is no longer exempted from taxation under division (B) of this section or included within an incentive district under any previous resolution, and the parcel's owner is no longer required to make payments in lieu of taxes under such a previous resolution in accordance with section 5709.74 of the Revised Code. Any exemption application filed with the tax commissioner under section 5715.27 of the Revised Code under the second resolution shall identify the nonperforming parcels included in the second district, the original resolution under which the nonperforming parcels were originally exempted, and the value history of each nonperforming parcel since the enactment of the original resolution. A resolution may create more than one such district, and more than one resolution may be adopted under division (C)(1) of this section.

(2)(a) Not later than thirty days prior to adopting a resolution under division (C)(1) of this section, if the township intends to apply for exemptions from taxation under section 5709.911 of the Revised Code on behalf of owners of real property located within the proposed incentive district, the board shall conduct a public hearing on the proposed resolution. Not later than thirty days prior to the public hearing, the board shall give notice of the public hearing and the proposed resolution by first class mail to every real property owner whose property is located within the boundaries of the proposed incentive district that is the subject of the proposed resolution. The notice shall include a

map of the proposed incentive district on which the board of township trustees shall have delineated an overlay. The notice shall inform the property owner of the owner's right to exclude the owner's property from the incentive district if both of the following conditions are met:

(i) The owner's entire parcel of property will not be located within the overlay.

(ii) The owner has submitted a statement to the board of county commissioners of the county in which the parcel is located indicating the owner's intent to seek a tax exemption for improvements to the owner's parcel under division (A) or (B) of section 5709.78 of the Revised Code within the next five years.

When both of the preceding conditions are met, the owner may exclude the owner's property from the incentive district by submitting a written response in accordance with division (C)(2)(b) of this section. The notice also shall include information detailing the required contents of the response, the address to which the response may be mailed, and the deadline for submitting the response.

(b) Any owner of real property located within the boundaries of an incentive district proposed under division (C)(1) of this section who meets the conditions specified in divisions (C)(2)(a)(i) and (ii) of this section may exclude the property from the proposed incentive district by submitting a written response to the board not later than forty-five days after the postmark date on the notice required under division (C)(2)(a) of this section. The response shall include a copy of the statement submitted under division (C)(2)(a)(ii) of this section. The response shall be sent by first class mail or delivered in person at a public hearing held by the board under division (C)(2)(a) of this section. The response shall conform to any content requirements that may be established by the board and included in the notice provided under division (C)(2)(a) of this section. In the response, property owners may identify a parcel by street address, by the manner in which it is identified in the resolution, or by other means allowing the identity of the parcel to be ascertained.

(c) Before adopting a resolution under division (C)(1) of this section, the board shall amend the resolution to exclude any parcel for which a written response has been submitted under division (C)(2)(b) of this section. A township shall not apply for exemptions from taxation under section 5709.911 of the Revised Code for any such parcel, and service payments may not be required from the owner of the parcel. Improvements to a parcel excluded from an incentive district under this division may be exempted from taxation under division (B) of this section pursuant to a resolution adopted under that division or under any other section of the Revised Code under which the parcel qualifies.

(3)(a) A resolution adopted under division (C)(1) of this section shall specify the life of the incentive district and the percentage of the improvements to be exempted, shall designate the public infrastructure improvements made, to be made, or in the process of being made, that benefit or serve, or, once made, will benefit or serve parcels in the district. The resolution also shall identify one or more specific projects being, or to be, undertaken in the district that place additional demand on the public infrastructure improvements designated in the resolution. The project identified may, but need not be, the project under division (C)(3)(b) of this section that places real property in use for

commercial or industrial purposes.

A resolution adopted under division (C)(1) of this section on or after March 30, 2006, shall not designate police or fire equipment as public infrastructure improvements, and, except as provided in division (F) of this section, no service payment provided for in section 5709.74 of the Revised Code and received by the township under the resolution shall be used for police or fire equipment.

(b) A resolution adopted under division (C)(1) of this section may authorize the use of service payments provided for in section 5709.74 of the Revised Code for the purpose of housing renovations within the incentive district, provided that the resolution also designates public infrastructure improvements that benefit or serve the district, and that a project within the district places real property in use for commercial or industrial purposes. Service payments may be used to finance or support loans, deferred loans, and grants to persons for the purpose of housing renovations within the district. The resolution shall designate the parcels within the district that are eligible for housing renovations. The resolution shall state separately the amount or the percentages of the expected aggregate service payments that are designated for each public infrastructure improvement and for the purpose of housing renovations.

(4) Except with the approval of the board of education of each city, local, or exempted village school district within the territory of which the incentive district is or will be located, and subject to division (E) of this section, the life of an incentive district shall not exceed ten years, and the percentage of improvements to be exempted shall not exceed seventy-five per cent. With approval of the board of education, the life of a district may be not more than thirty years, and the percentage of improvements to be exempted may be not more than one hundred per cent. The approval of a board of education shall be obtained in the manner provided in division (D) of this section.

(D) Improvements with respect to a parcel may be exempted from taxation under division (B) of this section, and improvements to parcels within an incentive district may be exempted from taxation under division (C) of this section, for up to ten years or, with the approval of the board of education of the city, local, or exempted village school district within which the parcel or district is located, for up to thirty years. The percentage of the improvements exempted from taxation may, with such approval, exceed seventy-five per cent, but shall not exceed one hundred per cent. Not later than forty-five business days prior to adopting a resolution under this section declaring improvements to be a public purpose that is subject to approval by a board of education under this division, the board of township trustees shall deliver to the board of education a notice stating its intent to adopt a resolution making that declaration. The notice regarding improvements with respect to a parcel under division (B) of this section shall identify the parcels for which improvements are to be exempted from taxation, provide an estimate of the true value in money of the improvements, specify the period for which the improvements would be exempted from taxation and the percentage of the improvements that would be exempted, and indicate the date on which the board of township

trustees intends to adopt the resolution. The notice regarding improvements made under division (C) of this section to parcels within an incentive district shall delineate the boundaries of the district, specifically identify each parcel within the district, identify each anticipated improvement in the district, provide an estimate of the true value in money of each such improvement, specify the life of the district and the percentage of improvements that would be exempted, and indicate the date on which the board of township trustees intends to adopt the resolution. The board of education, by resolution adopted by a majority of the board, may approve the exemption for the period or for the exemption percentage specified in the notice; may disapprove the exemption for the number of years in excess of ten, may disapprove the exemption for the percentage of the improvements to be exempted in excess of seventy-five per cent, or both; or may approve the exemption on the condition that the board of township trustees and the board of education negotiate an agreement providing for compensation to the school district equal in value to a percentage of the amount of taxes exempted in the eleventh and subsequent years of the exemption period or, in the case of exemption percentages in excess of seventy-five per cent, compensation equal in value to a percentage of the taxes that would be payable on the portion of the improvements in excess of seventy-five per cent were that portion to be subject to taxation, or other mutually agreeable compensation.

The board of education shall certify its resolution to the board of township trustees not later than fourteen days prior to the date the board of township trustees intends to adopt the resolution as indicated in the notice. If the board of education and the board of township trustees negotiate a mutually acceptable compensation agreement, the resolution may declare the improvements a public purpose for the number of years specified in the resolution or, in the case of exemption percentages in excess of seventy-five per cent, for the exemption percentage specified in the resolution. In either case, if the board of education and the board of township trustees fail to negotiate a mutually acceptable compensation agreement, the resolution may declare the improvements a public purpose for not more than ten years, and shall not exempt more than seventy-five per cent of the improvements from taxation. If the board of education fails to certify a resolution to the board of township trustees within the time prescribed by this section, the board of township trustees thereupon may adopt the resolution and may declare the improvements a public purpose for up to thirty years or, in the case of exemption percentages proposed in excess of seventy-five per cent, for the exemption percentage specified in the resolution. The board of township trustees may adopt the resolution at any time after the board of education certifies its resolution approving the exemption to the board of township trustees, or, if the board of education approves the exemption on the condition that a mutually acceptable compensation agreement be negotiated, at any time after the compensation agreement is agreed to by the board of education and the board of township trustees. If a mutually acceptable compensation agreement is negotiated between the board of township trustees and the board of education, including agreements for payments in lieu of taxes under section 5709.74 of the Revised Code, the board of township trustees shall compensate the joint vocational school district within which the parcel or district is located at the same rate and under the same terms

received by the city, local, or exempted village school district.

If a board of education has adopted a resolution waiving its right to approve exemptions from taxation under this section and the resolution remains in effect, approval of such exemptions by the board of education is not required under division (D) of this section. If a board of education has adopted a resolution allowing a board of township trustees to deliver the notice required under division (D) of this section fewer than forty-five business days prior to adoption of the resolution by the board of township trustees, the board of township trustees shall deliver the notice to the board of education not later than the number of days prior to the adoption as prescribed by the board of education in its resolution. If a board of education adopts a resolution waiving its right to approve exemptions or shortening the notification period, the board of education shall certify a copy of the resolution to the board of township trustees. If the board of education rescinds the resolution, it shall certify notice of the rescission to the board of township trustees.

If the board of township trustees is not required by division (D) of this section to notify the board of education of the board of township trustees' intent to declare improvements to be a public purpose, the board of township trustees shall comply with the notice requirements imposed under section 5709.83 of the Revised Code before taking formal action to adopt the resolution making that declaration, unless the board of education has adopted a resolution under that section waiving its right to receive the notice.

Nothing in this division prohibits the board of township trustees from amending the resolution under section 5709.51 or 5709.511 of the Revised Code to extend the term of the exemption.

(E)(1) If a proposed resolution under division (C)(1) of this section exempts improvements with respect to a parcel within an incentive district for more than ten years, or the percentage of the improvement exempted from taxation exceeds seventy-five per cent, not later than forty-five business days prior to adopting the resolution the board of township trustees shall deliver to the board of county commissioners of the county within which the incentive district is or will be located a notice that states its intent to adopt a resolution creating an incentive district. The notice shall include a copy of the proposed resolution, identify the parcels for which improvements are to be exempted from taxation, provide an estimate of the true value in money of the improvements, specify the period of time for which the improvements would be exempted from taxation, specify the percentage of the improvements that would be exempted from taxation, and indicate the date on which the board of township trustees intends to adopt the resolution.

(2) The board of county commissioners, by resolution adopted by a majority of the board, may object to the exemption for the number of years in excess of ten, may object to the exemption for the percentage of the improvement to be exempted in excess of seventy-five per cent, or both. If the board of county commissioners objects, the board may negotiate a mutually acceptable compensation agreement with the board of township trustees. In no case shall the compensation provided to the board of county commissioners exceed the property taxes foregone due to the

exemption. If the board of county commissioners objects, and the board of county commissioners and board of township trustees fail to negotiate a mutually acceptable compensation agreement, the resolution adopted under division (C)(1) of this section shall provide to the board of county commissioners compensation in the eleventh and subsequent years of the exemption period equal in value to not more than fifty per cent of the taxes that would be payable to the county or, if the board of county commissioner's objection includes an objection to an exemption percentage in excess of seventy-five per cent, compensation equal in value to not more than fifty per cent of the taxes that would be payable to the county, on the portion of the improvement in excess of seventy-five per cent, were that portion to be subject to taxation. The board of county commissioners shall certify its resolution to the board of township trustees not later than thirty days after receipt of the notice.

(3) If the board of county commissioners does not object or fails to certify its resolution objecting to an exemption within thirty days after receipt of the notice, the board of township trustees may adopt its resolution, and no compensation shall be provided to the board of county commissioners. If the board of county commissioners timely certifies its resolution objecting to the trustees' resolution, the board of township trustees may adopt its resolution at any time after a mutually acceptable compensation agreement is agreed to by the board of county commissioners and the board of township trustees, or, if no compensation agreement is negotiated, at any time after the board of township trustees agrees in the proposed resolution to provide compensation to the board of county commissioners of fifty per cent of the taxes that would be payable to the county in the eleventh and subsequent years of the exemption period or on the portion of the improvement in excess of seventy-five per cent, were that portion to be subject to taxation.

(F) Service payments in lieu of taxes that are attributable to any amount by which the effective tax rate of either a renewal levy with an increase or a replacement levy exceeds the effective tax rate of the levy renewed or replaced, or that are attributable to an additional levy, for a levy authorized by the voters for any of the following purposes on or after January 1, 2006, and which are provided pursuant to a resolution creating an incentive district under division (C)(1) of this section that is adopted on or after January 1, 2006, or a later date as specified in this division, shall be distributed to the appropriate taxing authority as required under division (C) of section 5709.74 of the Revised Code in an amount equal to the amount of taxes from that additional levy or from the increase in the effective tax rate of such renewal or replacement levy that would have been payable to that taxing authority from the following levies were it not for the exemption authorized under division (C) of this section:

(1) A tax levied under division (L) of section 5705.19 or section 5705.191 or 5705.222 of the Revised Code for community developmental disabilities programs and services pursuant to Chapter 5126. of the Revised Code;

(2) A tax levied under division (Y) of section 5705.19 of the Revised Code for providing or maintaining senior citizens services or facilities;

(3) A tax levied under section 5705.22 of the Revised Code for county hospitals;

(4) A tax levied by a joint-county district or by a county under section 5705.19, 5705.191, or 5705.221 of the Revised Code for alcohol, drug addiction, and mental health services or families;

(5) A tax levied under section 5705.23 of the Revised Code for library purposes;

(6) A tax levied under section 5705.24 of the Revised Code for the support of children services and the placement and care of children;

(7) A tax levied under division (Z) of section 5705.19 of the Revised Code for the provision and maintenance of zoological park services and facilities under section 307.76 of the Revised Code;

(8) A tax levied under section 511.27 or division (H) of section 5705.19 of the Revised Code for the support of township park districts;

(9) A tax levied under division (A), (F), or (H) of section 5705.19 of the Revised Code for parks and recreational purposes of a joint recreation district organized pursuant to division (B) of section 755.14 of the Revised Code;

(10) A tax levied under section 1545.20 or 1545.21 of the Revised Code for park district purposes;

(11) A tax levied under section 5705.191 of the Revised Code for the purpose of making appropriations for public assistance; human or social services; public relief; public welfare; public health and hospitalization; and support of general hospitals;

(12) A tax levied under section 3709.29 of the Revised Code for a general health district program;

(13) A tax levied by a township under section 505.39, 505.51, or division (I), (J), (U), or (JJ) of section 5705.19 of the Revised Code for the purpose of funding fire, police, emergency medical, or ambulance services as described in those sections. Division (F)(13) of this section applies only to incentive districts created by a resolution adopted on or after March 22, 2019, the effective date of the amendment of this section by H.B. 500 of the 132nd general assembly, and only if that resolution specifies that division (F) of this section shall apply to such a tax.

(G) An exemption from taxation granted under this section commences with the tax year specified in the resolution so long as the year specified in the resolution commences after the effective date of the resolution. If the resolution specifies a year commencing before the effective date of the resolution or specifies no year whatsoever, the exemption commences with the tax year in which an exempted improvement first appears on the tax list and duplicate of real and public utility property and that commences after the effective date of the resolution. In lieu of stating a specific year, the resolution may provide that the exemption commences in the tax year in which the value of an improvement exceeds a specified amount or in which the construction of one or more improvements is completed, provided that such tax year commences after the effective date of the resolution. With respect to the exemption of improvements to parcels under division (B) of this section, the resolution may allow for the exemption to commence in different tax years on a parcel-by-parcel basis, with a separate exemption term specified for each parcel.

Except as otherwise provided in this division and ~~section~~ sections 5709.51 and 5709.511 of

the Revised Code, the exemption ends on the date specified in the resolution as the date the improvement ceases to be a public purpose or the incentive district expires, or ends on the date on which the public infrastructure improvements and housing renovations are paid in full from the township public improvement tax increment equivalent fund established under section 5709.75 of the Revised Code, whichever occurs first. The exemption of an improvement with respect to a parcel or within an incentive district may end on a later date, as specified in the resolution, if the board of township trustees and the board of education of the city, local, or exempted village school district within which the parcel or district is located have entered into a compensation agreement under section 5709.82 of the Revised Code with respect to the improvement and the board of education has approved the term of the exemption under division (D) of this section, but in no case shall the improvement be exempted from taxation for more than thirty years. The board of township trustees may, by majority vote, adopt a resolution permitting the township to enter into such agreements as the board finds necessary or appropriate to provide for the construction or undertaking of public infrastructure improvements and housing renovations. Any exemption shall be claimed and allowed in the same or a similar manner as in the case of other real property exemptions. If an exemption status changes during a tax year, the procedure for the apportionment of the taxes for that year is the same as in the case of other changes in tax exemption status during the year.

(H) The board of township trustees may issue the notes of the township to finance all costs pertaining to the construction or undertaking of public infrastructure improvements and housing renovations made pursuant to this section. The notes shall be signed by the board and attested by the signature of the township fiscal officer, shall bear interest not to exceed the rate provided in section 9.95 of the Revised Code, and are not subject to Chapter 133. of the Revised Code. The resolution authorizing the issuance of the notes shall pledge the funds of the township public improvement tax increment equivalent fund established pursuant to section 5709.75 of the Revised Code to pay the interest on and principal of the notes. The notes, which may contain a clause permitting prepayment at the option of the board, shall be offered for sale on the open market or given to the vendor or contractor if no sale is made.

(I) The township, not later than fifteen days after the adoption of a resolution under this section, shall submit to the director of development a copy of the resolution. On or before the thirty-first day of March of each year, the township shall submit a status report to the director. The report shall indicate, in the manner prescribed by the director, the progress of the project during each year that the exemption remains in effect, including a summary of the receipts from service payments in lieu of taxes; expenditures of money from the fund created under section 5709.75 of the Revised Code; a description of the public infrastructure improvements and housing renovations financed with the expenditures; and a quantitative summary of changes in private investment resulting from each project.

(J) Nothing in this section shall be construed to prohibit a board of township trustees from declaring to be a public purpose improvements with respect to more than one parcel.

If a parcel is located in a new community district in which the new community authority imposes a community development charge on the basis of rentals received from leases of real property as described in division (L)(2) of section 349.01 of the Revised Code, the parcel may not be exempted from taxation under this section.

(K) A board of township trustees that adopted a resolution under this section prior to July 21, 1994, may amend that resolution to include any additional public infrastructure improvement. A board of township trustees that seeks by the amendment to utilize money from its township public improvement tax increment equivalent fund for land acquisition in aid of industry, commerce, distribution, or research, demolition on private property, or stormwater and flood remediation projects may do so provided that the board currently is a party to a hold-harmless agreement with the board of education of the city, local, or exempted village school district within the territory of which are located the parcels that are subject to an exemption. For the purposes of this division, a "hold-harmless agreement" means an agreement under which the board of township trustees agrees to compensate the school district for one hundred per cent of the tax revenue that the school district would have received from further improvements to parcels designated in the resolution were it not for the exemption granted by the resolution.

(L)(1) Notwithstanding the limitation prescribed by division (D) of this section on the number of years that improvements to a parcel or parcels may be exempted from taxation, and subject to division (L)(3) of this section, a board of trustees of a township with a population of fifteen thousand or more may amend a resolution originally adopted under this section before December 31, 1994, to extend the exemption of improvements to the parcel or parcels included in such resolution for an additional period not to exceed fifteen years. The amendment shall not increase the percentage of improvements to the parcel or parcels exempted from taxation.

(2) Notwithstanding the limitations prescribed by divisions (C) and (D) of this section on the life of an incentive district and the number of years that improvements to a parcel or parcels within an incentive district may be exempted from taxation, and subject to division (L)(3) of this section, a board of township trustees may amend a resolution originally adopted under division (C) of this section before January 1, 2006, to extend the life of an incentive district created by that resolution. The extension shall be for a period not to exceed fifteen years and shall not increase the percentage of the value of improvements exempted from taxation.

(3) Before adopting an amendment authorized under division (L)(1) or (2) of this section, the board of township trustees shall provide notice of the amendment to each board of education of the city, local, or exempted village school district in which the exempted parcels or incentive district are located, in the same manner as provided under division (D) of this section, and shall obtain the approval of each such board of education in the manner required under that division, except that (a) the board of education may approve the exemption on the condition that the board of township trustees and the board of education negotiate an agreement providing for compensation to the school district equal in value to the amount of taxes the district forgoes in each year the exemption is

extended or any other mutually agreeable compensation and (b) if the board of education fails to certify a resolution approving the amendment to the board of township trustees within the time prescribed by division (D) of this section, the board of township trustees shall not adopt the amendment.

No approval under division (L)(3) of this section shall be required for an amendment authorized under division (L)(2) of this section if the amendment provides for compensation to the city, local, or exempted village school district in which the incentive district is located equal in value to the amount of taxes that would be payable to the school district if the improvements exempted from taxation had not been exempted for the additional period. Approval is also not required for an amendment authorized under either division (L)(1) or (2) of this section from a board of education that has adopted a resolution waiving its right to approve exemptions from taxation pursuant to division (D) of this section. If the board of education has adopted such a resolution, the board of township trustees shall comply with the notice requirements imposed under section 5709.83 of the Revised Code before taking formal action to adopt the amendment unless the board of education has adopted a resolution under that section waiving its right to receive the notice. Not later than fourteen days before adopting an amendment authorized under division (L)(1) or (2) of this section, the board of township trustees shall deliver a notice identical to a notice required under section 5709.83 of the Revised Code to the board of county commissioners of each county in which the exempted parcels or incentive district are located.

Sec. 5709.78. (A) A board of county commissioners may, by resolution, declare improvements to certain parcels of real property located in the unincorporated territory of the county to be a public purpose. Except as otherwise provided under division (C) of this section or section 5709.51 or 5709.511 of the Revised Code, not more than seventy-five per cent of an improvement thus declared to be a public purpose may be exempted from real property taxation, for a period of not more than ten years. The resolution shall specify the percentage of the improvement to be exempted and the life of the exemption.

A resolution adopted under this division shall designate the specific public infrastructure improvements made, to be made, or in the process of being made by the county that directly benefit, or that once made will directly benefit, the parcels for which improvements are declared to be a public purpose. The service payments provided for in section 5709.79 of the Revised Code shall be used to finance the public infrastructure improvements designated in the resolution, or as provided in section 5709.80 of the Revised Code.

(B)(1) A board of county commissioners may adopt a resolution creating an incentive district and declaring improvements to parcels within the district to be a public purpose and, except as provided in division (B)(2) of this section, exempt from taxation as provided in this section, but no board of county commissioners of a county that has a population that exceeds twenty-five thousand, as shown by the most recent federal decennial census, shall adopt a resolution that creates an incentive district if the sum of the taxable value of real property in the proposed district for the

preceding tax year and the taxable value of all real property in the county that would have been taxable in the preceding year were it not for the fact that the property was in an existing incentive district and therefore exempt from taxation exceeds twenty-five per cent of the taxable value of real property in the county for the preceding tax year. The district shall be located within the unincorporated territory of the county and shall not include any territory that is included within a district created under division (C) of section 5709.73 of the Revised Code. The resolution shall delineate the boundary of the proposed district and specifically identify each parcel within the district. A proposed district may not include any parcel that is or has been exempted from taxation under division (A) of this section or that is or has been within another district created under this division. A resolution may create more than one such district, and more than one resolution may be adopted under division (B)(1) of this section.

(2)(a) Not later than thirty days prior to adopting a resolution under division (B)(1) of this section, if the county intends to apply for exemptions from taxation under section 5709.911 of the Revised Code on behalf of owners of real property located within the proposed incentive district, the board of county commissioners shall conduct a public hearing on the proposed resolution. Not later than thirty days prior to the public hearing, the board shall give notice of the public hearing and the proposed resolution by first class mail to every real property owner whose property is located within the boundaries of the proposed incentive district that is the subject of the proposed resolution. The board also shall provide the notice by first class mail to the clerk of each township in which the proposed incentive district will be located. The notice shall include a map of the proposed incentive district on which the board of county commissioners shall have delineated an overlay. The notice shall inform property owners of the owner's right to exclude the owner's property from the incentive district if both of the following conditions are met:

(i) The owner's entire parcel of property will not be located within the overlay.

(ii) The owner has submitted a statement to the board of township trustees of the township in which the parcel is located indicating the owner's intent to seek a tax exemption for improvements to the owner's parcel under section 5709.41 or division (B) or (C) of section 5709.73 of the Revised Code within the next five years.

When both of the preceding conditions are met, the owner may exclude the owner's property from the incentive district by submitting a written response in accordance with division (B)(2)(b) of this section. The notice also shall include information detailing the required contents of the response, the address to which the response may be mailed, and the deadline for submitting the response.

(b) Any owner of real property located within the boundaries of an incentive district proposed under division (B) (1) of this section who meets the conditions specified in divisions (B) (2)(a)(i) and (ii) of this section may exclude the property from the proposed incentive district by submitting a written response to the board not later than forty-five days after the postmark date on the notice required under division (B)(2)(a) of this section. The response shall include a copy of the statement submitted under division (B)(2)(a)(ii) of this section. The response shall be sent by first

class mail or delivered in person at a public hearing held by the board under division (B)(2)(a) of this section. The response shall conform to any content requirements that may be established by the board and included in the notice provided under division (B)(2)(a) of this section. In the response, property owners may identify a parcel by street address, by the manner in which it is identified in the resolution, or by other means allowing the identity of the parcel to be ascertained.

(c) Before adopting a resolution under division (B)(1) of this section, the board shall amend the resolution to exclude any parcel for which a written response has been submitted under division (B)(2)(b) of this section. A county shall not apply for exemptions from taxation under section 5709.911 of the Revised Code for any such parcel, and service payments may not be required from the owner of the parcel. Improvements to a parcel excluded from an incentive district under this division may be exempted from taxation under division (A) of this section pursuant to a resolution adopted under that division or under any other section of the Revised Code under which the parcel qualifies.

(3)(a) A resolution adopted under division (B)(1) of this section shall specify the life of the incentive district and the percentage of the improvements to be exempted, shall designate the public infrastructure improvements made, to be made, or in the process of being made, that benefit or serve, or, once made, will benefit or serve parcels in the district. The resolution also shall identify one or more specific projects being, or to be, undertaken in the district that place additional demand on the public infrastructure improvements designated in the resolution. The project identified may, but need not be, the project under division (B)(3)(b) of this section that places real property in use for commercial or industrial purposes.

A resolution adopted under division (B)(1) of this section on or after March 30, 2006, shall not designate police or fire equipment as public infrastructure improvements, and no service payment provided for in section 5709.79 of the Revised Code and received by the county under the resolution shall be used for police or fire equipment.

(b) A resolution adopted under division (B)(1) of this section may authorize the use of service payments provided for in section 5709.79 of the Revised Code for the purpose of housing renovations within the incentive district, provided that the resolution also designates public infrastructure improvements that benefit or serve the district, and that a project within the district places real property in use for commercial or industrial purposes. Service payments may be used to finance or support loans, deferred loans, and grants to persons for the purpose of housing renovations within the district. The resolution shall designate the parcels within the district that are eligible for housing renovations. The resolution shall state separately the amount or the percentages of the expected aggregate service payments that are designated for each public infrastructure improvement and for the purpose of housing renovations.

(4) Except with the approval of the board of education of each city, local, or exempted village school district within the territory of which the incentive district is or will be located, and subject to division (D) of this section, the life of an incentive district shall not exceed ten years, and

the percentage of improvements to be exempted shall not exceed seventy-five per cent. With approval of the board of education, the life of a district may be not more than thirty years, and the percentage of improvements to be exempted may be not more than one hundred per cent. The approval of a board of education shall be obtained in the manner provided in division (C) of this section.

(C)(1) Improvements with respect to a parcel may be exempted from taxation under division (A) of this section, and improvements to parcels within an incentive district may be exempted from taxation under division (B) of this section, for up to ten years or, with the approval of the board of education of each city, local, or exempted village school district within which the parcel or district is located, for up to thirty years. The percentage of the improvements exempted from taxation may, with such approval, exceed seventy-five per cent, but shall not exceed one hundred per cent. Not later than forty-five business days prior to adopting a resolution under this section declaring improvements to be a public purpose that is subject to the approval of a board of education under this division, the board of county commissioners shall deliver to the board of education a notice stating its intent to adopt a resolution making that declaration. The notice regarding improvements with respect to a parcel under division (A) of this section shall identify the parcels for which improvements are to be exempted from taxation, provide an estimate of the true value in money of the improvements, specify the period for which the improvements would be exempted from taxation and the percentage of the improvements that would be exempted, and indicate the date on which the board of county commissioners intends to adopt the resolution. The notice regarding improvements to parcels within an incentive district under division (B) of this section shall delineate the boundaries of the district, specifically identify each parcel within the district, identify each anticipated improvement in the district, provide an estimate of the true value in money of each such improvement, specify the life of the district and the percentage of improvements that would be exempted, and indicate the date on which the board of county commissioners intends to adopt the resolution. The board of education, by resolution adopted by a majority of the board, may approve the exemption for the period or for the exemption percentage specified in the notice; may disapprove the exemption for the number of years in excess of ten, may disapprove the exemption for the percentage of the improvements to be exempted in excess of seventy-five per cent, or both; or may approve the exemption on the condition that the board of county commissioners and the board of education negotiate an agreement providing for compensation to the school district equal in value to a percentage of the amount of taxes exempted in the eleventh and subsequent years of the exemption period or, in the case of exemption percentages in excess of seventy-five per cent, compensation equal in value to a percentage of the taxes that would be payable on the portion of the improvements in excess of seventy-five per cent were that portion to be subject to taxation, or other mutually agreeable compensation.

(2) The board of education shall certify its resolution to the board of county commissioners not later than fourteen days prior to the date the board of county commissioners intends to adopt its

resolution as indicated in the notice. If the board of education and the board of county commissioners negotiate a mutually acceptable compensation agreement, the resolution of the board of county commissioners may declare the improvements a public purpose for the number of years specified in that resolution or, in the case of exemption percentages in excess of seventy-five per cent, for the exemption percentage specified in the resolution. In either case, if the board of education and the board of county commissioners fail to negotiate a mutually acceptable compensation agreement, the resolution may declare the improvements a public purpose for not more than ten years, and shall not exempt more than seventy-five per cent of the improvements from taxation. If the board of education fails to certify a resolution to the board of county commissioners within the time prescribed by this section, the board of county commissioners thereupon may adopt the resolution and may declare the improvements a public purpose for up to thirty years or, in the case of exemption percentages proposed in excess of seventy-five per cent, for the exemption percentage specified in the resolution. The board of county commissioners may adopt the resolution at any time after the board of education certifies its resolution approving the exemption to the board of county commissioners, or, if the board of education approves the exemption on the condition that a mutually acceptable compensation agreement be negotiated, at any time after the compensation agreement is agreed to by the board of education and the board of county commissioners. If a mutually acceptable compensation agreement is negotiated between the board of county commissioners and the board of education, including agreements for payments in lieu of taxes under section 5709.79 of the Revised Code, the board of county commissioners shall compensate the joint vocational school district within which the parcel or district is located at the same rate and under the same terms received by the city, local, or exempted village school district.

(3) If a board of education has adopted a resolution waiving its right to approve exemptions from taxation under this section and the resolution remains in effect, approval of such exemptions by the board of education is not required under division (C) of this section. If a board of education has adopted a resolution allowing a board of county commissioners to deliver the notice required under division (C) of this section fewer than forty-five business days prior to approval of the resolution by the board of county commissioners, the board of county commissioners shall deliver the notice to the board of education not later than the number of days prior to such approval as prescribed by the board of education in its resolution. If a board of education adopts a resolution waiving its right to approve exemptions or shortening the notification period, the board of education shall certify a copy of the resolution to the board of county commissioners. If the board of education rescinds such a resolution, it shall certify notice of the rescission to the board of county commissioners.

(4) Nothing in division (C) of this section prohibits the board of county commissioners from amending the resolution under section 5709.51 or 5709.511 of the Revised Code to extend the term of the exemption.

(D)(1) If a proposed resolution under division (B)(1) of this section exempts improvements with respect to a parcel within an incentive district for more than ten years, or the percentage of the

improvement exempted from taxation exceeds seventy-five per cent, not later than forty-five business days prior to adopting the resolution the board of county commissioners shall deliver to the board of township trustees of any township within which the incentive district is or will be located a notice that states its intent to adopt a resolution creating an incentive district. The notice shall include a copy of the proposed resolution, identify the parcels for which improvements are to be exempted from taxation, provide an estimate of the true value in money of the improvements, specify the period of time for which the improvements would be exempted from taxation, specify the percentage of the improvements that would be exempted from taxation, and indicate the date on which the board intends to adopt the resolution.

(2) The board of township trustees, by resolution adopted by a majority of the board, may object to the exemption for the number of years in excess of ten, may object to the exemption for the percentage of the improvement to be exempted in excess of seventy-five per cent, or both. If the board of township trustees objects, the board of township trustees may negotiate a mutually acceptable compensation agreement with the board of county commissioners. In no case shall the compensation provided to the board of township trustees exceed the property taxes forgone due to the exemption. If the board of township trustees objects, and the board of township trustees and the board of county commissioners fail to negotiate a mutually acceptable compensation agreement, the resolution adopted under division (B)(1) of this section shall provide to the board of township trustees compensation in the eleventh and subsequent years of the exemption period equal in value to not more than fifty per cent of the taxes that would be payable to the township or, if the board of township trustee's objection includes an objection to an exemption percentage in excess of seventy-five per cent, compensation equal in value to not more than fifty per cent of the taxes that would be payable to the township on the portion of the improvement in excess of seventy-five per cent, were that portion to be subject to taxation. The board of township trustees shall certify its resolution to the board of county commissioners not later than thirty days after receipt of the notice.

(3) If the board of township trustees does not object or fails to certify a resolution objecting to an exemption within thirty days after receipt of the notice, the board of county commissioners may adopt its resolution, and no compensation shall be provided to the board of township trustees. If the board of township trustees certifies its resolution objecting to the commissioners' resolution, the board of county commissioners may adopt its resolution at any time after a mutually acceptable compensation agreement is agreed to by the board of county commissioners and the board of township trustees. If the board of township trustees certifies a resolution objecting to the commissioners' resolution, the board of county commissioners may adopt its resolution at any time after a mutually acceptable compensation agreement is agreed to by the board of county commissioners and the board of township trustees, or, if no compensation agreement is negotiated, at any time after the board of county commissioners in the proposed resolution to provide compensation to the board of township trustees of fifty per cent of the taxes that would be payable to the township in the eleventh and subsequent years of the exemption period or on the portion of the

improvement in excess of seventy-five per cent, were that portion to be subject to taxation.

(E) Service payments in lieu of taxes that are attributable to any amount by which the effective tax rate of either a renewal levy with an increase or a replacement levy exceeds the effective tax rate of the levy renewed or replaced, or that are attributable to an additional levy, for a levy authorized by the voters for any of the following purposes on or after January 1, 2006, and which are provided pursuant to a resolution creating an incentive district under division (B)(1) of this section that is adopted on or after January 1, 2006, shall be distributed to the appropriate taxing authority as required under division (D) of section 5709.79 of the Revised Code in an amount equal to the amount of taxes from that additional levy or from the increase in the effective tax rate of such renewal or replacement levy that would have been payable to that taxing authority from the following levies were it not for the exemption authorized under division (B) of this section:

(1) A tax levied under division (L) of section 5705.19 or section 5705.191 or 5705.222 of the Revised Code for community developmental disabilities programs and services pursuant to Chapter 5126. of the Revised Code;

(2) A tax levied under division (Y) of section 5705.19 of the Revised Code for providing or maintaining senior citizens services or facilities;

(3) A tax levied under section 5705.22 of the Revised Code for county hospitals;

(4) A tax levied by a joint-county district or by a county under section 5705.19, 5705.191, or 5705.221 of the Revised Code for alcohol, drug addiction, and mental health services or facilities;

(5) A tax levied under section 5705.23 of the Revised Code for library purposes;

(6) A tax levied under section 5705.24 of the Revised Code for the support of children services and the placement and care of children;

(7) A tax levied under division (Z) of section 5705.19 of the Revised Code for the provision and maintenance of zoological park services and facilities under section 307.76 of the Revised Code;

(8) A tax levied under section 511.27 or division (H) of section 5705.19 of the Revised Code for the support of township park districts;

(9) A tax levied under division (A), (F), or (H) of section 5705.19 of the Revised Code for parks and recreational purposes of a joint recreation district organized pursuant to division (B) of section 755.14 of the Revised Code;

(10) A tax levied under section 1545.20 or 1545.21 of the Revised Code for park district purposes;

(11) A tax levied under section 5705.191 of the Revised Code for the purpose of making appropriations for public assistance; human or social services; public relief; public welfare; public health and hospitalization; and support of general hospitals;

(12) A tax levied under section 3709.29 of the Revised Code for a general health district program.

(F) An exemption from taxation granted under this section commences with the tax year specified in the resolution so long as the year specified in the resolution commences after the

effective date of the resolution. If the resolution specifies a year commencing before the effective date of the resolution or specifies no year whatsoever, the exemption commences with the tax year in which an exempted improvement first appears on the tax list and duplicate of real and public utility property and that commences after the effective date of the resolution. In lieu of stating a specific year, the resolution may provide that the exemption commences in the tax year in which the value of an improvement exceeds a specified amount or in which the construction of one or more improvements is completed, provided that such tax year commences after the effective date of the resolution. With respect to the exemption of improvements to parcels under division (A) of this section, the resolution may allow for the exemption to commence in different tax years on a parcel-by-parcel basis, with a separate exemption term specified for each parcel.

Except as otherwise provided in this division, the exemption ends on the date specified in the resolution as the date the improvement ceases to be a public purpose or the incentive district expires, or ends on the date on which the county can no longer require annual service payments in lieu of taxes under section 5709.79 of the Revised Code, whichever occurs first. The exemption of an improvement with respect to a parcel or within an incentive district may end on a later date, as specified in the resolution, if the board of commissioners and the board of education of the city, local, or exempted village school district within which the parcel or district is located have entered into a compensation agreement under section 5709.82 of the Revised Code with respect to the improvement, and the board of education has approved the term of the exemption under division (C) (1) of this section, but in no case shall the improvement be exempted from taxation for more than thirty years. Exemptions shall be claimed and allowed in the same or a similar manner as in the case of other real property exemptions. If an exemption status changes during a tax year, the procedure for the apportionment of the taxes for that year is the same as in the case of other changes in tax exemption status during the year.

(G) If the board of county commissioners is not required by this section to notify the board of education of the board of county commissioners' intent to declare improvements to be a public purpose, the board of county commissioners shall comply with the notice requirements imposed under section 5709.83 of the Revised Code before taking formal action to adopt the resolution making that declaration, unless the board of education has adopted a resolution under that section waiving its right to receive such a notice.

(H) The county, not later than fifteen days after the adoption of a resolution under this section, shall submit to the director of development a copy of the resolution. On or before the thirty-first day of March of each year, the county shall submit a status report to the director. The report shall indicate, in the manner prescribed by the director, the progress of the project during each year that an exemption remains in effect, including a summary of the receipts from service payments in lieu of taxes; expenditures of money from the fund created under section 5709.80 of the Revised Code; a description of the public infrastructure improvements and housing renovations financed with such expenditures; and a quantitative summary of changes in employment and private investment

resulting from each project.

(I) Nothing in this section shall be construed to prohibit a board of county commissioners from declaring to be a public purpose improvements with respect to more than one parcel.

(J) If a parcel is located in a new community district in which the new community authority imposes a community development charge on the basis of rentals received from leases of real property as described in division (L)(2) of section 349.01 of the Revised Code, the parcel may not be exempted from taxation under this section.

SECTION 2. That existing sections 9.66, 126.65, 149.311, 718.13, 718.84, 3313.6028, 3315.063, 3327.017, 3333.133, 3333.97, 3345.89, 3376.01, 3379.10, 4503.44, 4506.11, 4507.05, 4507.21, 4507.23, 4771.12, 5104.32, 5104.53, 5165.26, 5502.262, 5525.17, 5709.40, 5709.41, 5709.73, and 5709.78 of the Revised Code are hereby repealed.

SECTION 3. The amendment or enactment by this act of sections 3376.01, 3376.14, 4771.021, and 4771.12 of the Revised Code applies to contracts and agreements entered into on or after the effective date of this section.

SECTION 4. (A) As used in this section, "qualified property" means property that satisfies the qualifications for tax exemption under section 717.051 of the Revised Code and that is owned or leased by a municipal corporation, county, new community authority, or port authority situated within a county having a population of greater than one million three hundred thousand.

(B) Notwithstanding sections 5713.08, 5713.081, and 5715.27 of the Revised Code, and without regard to any time or payment limitations under any section of the Revised Code, the municipal corporation, county, new community authority, or port authority that owns or leases qualified property at any time within twelve months after the effective date of this section may file an application with the Tax Commissioner requesting that the qualified property be placed on the exempt list and that all unpaid taxes, penalties, and interest on the property be abated.

(C) The application shall be made on the form prescribed by the Tax Commissioner under section 5715.27 of the Revised Code and shall list the name of the county in which the property is located; the property's legal description, taxable value, and the amount, in dollars, of the unpaid taxes, penalties, and interest; the date of acquisition of title to the property or the effective date of the lease of the property; the use of the property during any time that the unpaid taxes accrued; and any other information required by the Commissioner. The county auditor shall supply the required information upon request of the applicant.

(D) Upon request of the applicant, the county treasurer shall determine if all taxes, penalties, and interest that became a lien on the qualified property before it was first used by the property's owner or a prior owner for an exempt purpose have been paid in full. If so, the county treasurer shall

issue a certificate to the applicant stating that all such taxes, penalties, and interest have been paid in full. The applicant shall attach the county treasurer's certificate to the application filed with the Tax Commissioner under this section. The Commissioner shall not consider an application filed under this section unless such a certificate is attached to it.

(E) Upon receipt of an application, the Tax Commissioner shall determine if the qualified property meets the qualifications set forth in this section and if so shall issue an order directing that the property be placed on the exempt list of the county in which it is located and that all unpaid taxes, penalties, and interest for each year that the property met the qualifications for exemption described in section 717.051 of the Revised Code be abated. If the Commissioner finds that the property is or previously was being used for a purpose that would disqualify it for such exemption, the Tax Commissioner shall issue an order denying the application with respect to such tax years where the Commissioner finds that disqualifying use.

(F) If the Tax Commissioner finds that the property is not entitled to the tax exemption and abatement of unpaid taxes, penalties, and interest for any of the years for which the applicant claims an exemption or abatement, the Commissioner shall order the county treasurer of the county in which the property is located to collect all taxes, penalties, and interest on the property for those years as required by law.

(G) The Tax Commissioner may apply this section to any qualified property that is the subject of an application for exemption pending before the Commissioner on the effective date of this section, without requiring the property owner to file an additional application. The Commissioner may also apply this section to any qualified property that is the subject of an application for exemption filed on or after the effective date of this section and on or before twelve months after that effective date, even though the application does not expressly request abatement of unpaid taxes, penalties, and interest.

SECTION 5. That Section 265.550 of H.B. 33 of the 135th General Assembly (as amended by H.B. 96 of the 136th General Assembly) be amended to read as follows:

Sec. 265.550. PUPIL TRANSPORTATION PILOT PROGRAMS

(A) The Department of Education and Workforce shall establish two pilot programs under which two educational service centers shall provide transportation to students in lieu of the students receiving transportation from their resident school district. Not later than October 15, 2023, the Department shall select both of the following to participate in a pilot program under this section:

(1) One service center that is in a county located in central Ohio with a population of 1,323,807, according to the 2020 United States census;

(2) One service center that is in a county located in southwest Ohio with a population of 537,309, according to the 2020 United States census.

(B)(1) The service center selected under division (A)(1) of this section shall identify students who are struggling with transportation issues, as determined by their resident school district, and are

served by the service center, community schools, or chartered nonpublic schools that enroll students from the district or districts for whom the service center will provide transportation during the 2024-2025 school year.

(2) The service center selected under division (A)(2) of this section shall provide transportation during the 2024-2025, 2025-2026, and 2026-2027 school years to any student whom the district and the educational service center determine is struggling with transportation issues that meets either of the following criteria:

(a) The student attends a school different from the one to which the student would be assigned in the student's resident school district.

(b) The student is a child with a disability for whom the student's resident school district is required to provide transportation as a related service.

(3) In addition to providing transportation to and from a student's place of residence, the service center selected under division (A)(2) of this section also may provide transportation to and from a student's workplace learning experiences.

(4) Both service centers shall report to the Department, in the manner prescribed by the Department, students who are transported by the service center.

(C) No community school or chartered nonpublic school shall be required to participate in either pilot program.

(D) Each participating educational service center shall do all of the following for each applicable school year:

(1) Arrange for the use of a sufficient number of school buses or other approved vehicles designed to transport not more than nine passengers, not including the driver, and bus drivers or other individuals authorized to transport students in other approved vehicles, to transport students from participating schools who qualify for transportation under section 3327.01 of the Revised Code and the school district's transportation policy. However, nothing shall preclude the service center from providing transportation to other students enrolled in the schools.

(2) Collaborate with participating schools to designate daily start and end times for each applicable school year that will enable timely and efficient transportation of the schools' students;

(3) On behalf of participating schools, notify the school district of the students that they will not require transportation for the applicable school year.

(E)(1) Except as described in division (E)(2) of this section, the Department shall deduct from the school district's transportation payment under section 3317.0212 of the Revised Code and pay to the educational service center the statewide average cost per student for the qualifying ridership, under section 3317.0212 of the Revised Code, for each student transported by the service center in compliance with this section.

(2) In the case of a student described in division (C)(1) of section 3317.024 of the Revised Code, the service center shall not receive a payment under division (E)(1) of this section. Instead, the department shall make a payment to the service center for such student in the manner prescribed

under division (C) of section 3317.024 of the Revised Code.

(F) The educational service centers and the school districts shall not be subject to section 3327.021 of the Revised Code during each school year in which the pilot program they participate in operates with regard to students enrolled in participating schools. Notwithstanding section 3314.46 of the Revised Code, the service centers may provide transportation to any participating community school they sponsor.

(G) The educational service centers shall comply with all transportation requirements for students with disabilities as specified in the individualized education programs developed for the students pursuant to Chapter 3323. of the Revised Code.

(H) The Department shall evaluate the pilot program in which the service center selected under division (A)(1) of this section participates and issue a report of its findings not later than September 15, 2025. The Department shall evaluate the pilot program in which the service center selected under division (A)(2) of this section participates and issue a report of its findings not later than September 15, 2027. The educational service centers and participating schools shall submit data and other information to the Department, in a manner determined by the Department, for the purpose of conducting the evaluation.

SECTION 6. That existing Section 265.550 of H.B. 33 of the 135th General Assembly (as amended by H.B. 96 of the 136th General Assembly) is hereby repealed.

SECTION 7. That Sections 200.30 (as amended by H.B. 96 of the 136th General Assembly), 221.10 (as amended by S.B. 54 of the 135th General Assembly), 221.15 (as amended by H.B. 96 of the 136th General Assembly), 229.10, and 373.15 (as amended by H.B. 96 of the 136th General Assembly) of H.B. 2 of the 135th General Assembly be amended to read as follows:

FIRE DEPARTMENT GRANTS

(A) The foregoing appropriation item 800639, Fire Department Grants, shall be used to make annual grants to the following eligible recipients: volunteer fire departments, fire departments that serve one or more small municipalities or small townships, joint fire districts comprised of fire departments that primarily serve small municipalities or small townships, local units of government responsible for such fire departments, and local units of government responsible for the provision of fire protection services for small municipalities or small townships. For the purposes of these grants, a private fire company, as that phrase is defined in section 9.60 of the Revised Code, that is providing fire protection services under a contract to a political subdivision of the state, is an additional eligible recipient for a training grant.

Eligible recipients that consist of small municipalities or small townships that all intend to

contract with the same fire department or private fire company for fire protection services may jointly apply and be considered for a grant. If a joint applicant is awarded a grant, the State Fire Marshal shall, if feasible, proportionately award the grant and any equipment purchased with grant funds to each of the joint applicants based upon each applicant's contribution to and demonstrated need for fire protection services. For the purpose of this grant program, an eligible recipient or any firefighting entity that is contracted to serve an eligible recipient may only file, be listed as joint applicant, or be designated as a service provider on one grant application per fiscal year.

If the grant awarded to joint applicants is an equipment grant and the equipment to be purchased cannot be readily distributed or possessed by multiple recipients, each of the joint applicants shall be awarded by the State Fire Marshal an ownership interest in the equipment so purchased in proportion to each applicant's contribution to and demonstrated need for fire protection services. The joint applicants shall then mutually agree on how the equipment is to be maintained, operated, stored, or disposed of. If, for any reason, the joint applicants cannot agree as to how jointly owned equipment is to be maintained, operated, stored, or disposed of or any of the joint applicants no longer maintain a contract with the same fire protection service provider as the other applicants, then the joint applicants shall, with the assistance of the State Fire Marshal, mutually agree as to how the jointly owned equipment is to be maintained, operated, stored, disposed of, or owned. If the joint applicants cannot agree how the grant equipment is to be maintained, operated, stored, disposed of, or owned, the State Fire Marshal may, in its discretion, require all of the equipment acquired by the joint applicants with grant funds to be returned to the State Fire Marshal. The State Fire Marshal may then award the returned equipment to any eligible recipients. For this paragraph only, an "equipment grant" also includes a MARCS Grant.

(B) Except as otherwise provided in this section, the grants shall be used by recipients to purchase firefighting or rescue equipment or gear or similar items, to provide full or partial reimbursement for the documented costs of firefighter training, or, at the discretion of the State Fire Marshal, to cover fire department costs for providing fire protection services in that grant recipient's jurisdiction.

(1) Of the foregoing appropriation item 800639, Fire Department Grants, up to \$1,300,000 per fiscal year may be used to pay for the State Fire Marshal's costs of providing firefighter I certification classes or other firefighter classes approved by the State Fire Marshal at no cost to selected students attending the Ohio Fire Academy or other class providers approved by the State Fire Marshal. The State Fire Marshal may establish the qualifications and selection processes for students to attend such classes by written policy, and such students shall be considered eligible recipients of fire department grants for the purposes of this portion of the grant program.

(2) Of the foregoing appropriation item 800639, Fire Department Grants, up to \$4,000,000 in each fiscal year may be used for MARCS Grants. MARCS Grants may be used for the payment of user access fees by the eligible recipient to cover costs for accessing MARCS.

(3) Of the foregoing appropriation item 800639, Fire Department Grants, \$30,000 in fiscal

year 2026 shall be used to support volunteer firefighter training programs at the Northwestern Ohio Volunteer Firemen's Association Fire School.

For purposes of this section, a MARCS Grant is a grant for systems, equipment, or services that are a part of, integrated into, or otherwise interoperable with the Multi-Agency Radio Communication System (MARCS) operated by the state.

MARCS Grant awards may be up to \$50,000 in each fiscal year per eligible recipient. Each eligible recipient may apply, as a separate entity or as a part of a joint application, for only one MARCS Grant per fiscal year. The State Fire Marshal may give a preference to MARCS Grants that will enhance the overall interoperability and effectiveness of emergency communication networks in the geographic region that includes and that is adjacent to the applicant.

Eligible recipients that are or were awarded fire department grants that are not MARCS Grants may also apply for and receive MARCS Grants in accordance with criteria for the awarding of grant funds established by the State Fire Marshal.

(4) Grant awards for firefighting or rescue equipment or gear or for fire department costs of providing fire protection services shall be up to \$15,000 per fiscal year, or up to \$25,000 per fiscal year if an eligible entity serves a jurisdiction in which the Governor declared a natural disaster during the preceding or current fiscal year in which the grant was awarded. In addition to any grant funds awarded for rescue equipment or gear, or for fire department costs associated with the provision of fire protection services, an eligible entity may receive a grant for up to \$15,000 per fiscal year for full or partial reimbursement of the documented costs of firefighter training. For each fiscal year, the State Fire Marshal shall determine the total amounts to be allocated for each eligible purpose.

(5) Of the foregoing appropriation item 800639, Fire Department Grants, \$8,000,000 in fiscal year 2026 shall be used to issue grants to ~~small county volunteer fire departments~~ eligible recipients located within counties having a total population that is 70,000 or lower as of the most recent decennial census.

~~Small~~ These small county volunteer fire department grants may be up to ~~\$50,000~~ per \$50,000 per eligible recipient. Grant awards are to be used for firefighting or rescue equipment or gear, or for fire department costs associated with the provision of fire protection services.

(C) The grants shall be administered by the State Fire Marshal in accordance with rules the State Fire Marshal adopts as part of the state fire code adopted pursuant to section 3737.82 of the Revised Code that are necessary for the administration and operation of the grant program. The rules may further define the entities eligible to receive grants and establish criteria for the awarding and expenditure of grant funds, including methods the State Fire Marshal may use to verify the proper use of grant funds or to obtain reimbursement for or the return of equipment for improperly used grant funds. To the extent consistent with this section and until the rules are updated, the existing rules in the state fire code adopted pursuant to section 3737.82 of the Revised Code for fire department grants under this section apply to MARCS Grants. Any amounts in appropriation item

800639, Fire Department Grants, in excess of the amount allocated for these grants may be used for the administration of the grant program.
