The motion was _____ agreed to.

SYNOPSIS 116

Sudden cardiac arrest - preparticipation physical 117
examination timeline 118

R.C. 3313.5310 and 3707.58 119

Revises the timeline for conducting a student or youth 120
athlete's preparticipation physical examination, by requiring it 121
to be conducted no more than three months before the first day 122
of participation (rather than conducted within the later of six 123
weeks of the first day of official practice or six weeks of the 124
first day of participation, as under the As Introduced version). 125

Educational pamphlets 126

R.C. 3313.5310, 3707.58, 3707.59, 4723.484, 4730.46, and 127
4731.89 128

Eliminates the requirement that the Department of Health 129
and Department of Education and Workforce develop an educational 130
pamphlet describing sudden cardiac arrest, relying instead on 131
the bill's existing requirement that the Departments develop 132
guidelines and other relevant materials describing sudden 133
cardiac arrest (renames relevant materials as relevant 134
educational materials). 135

Replaces - in corresponding sections of the bill - 136

references to <i>pamphlets</i> with references to <i>guidelines and other</i>	137
<i>relevant educational materials.</i>	138
Preparticipation physical evaluation form	139
R.C. 3707.59	140
With respect to the preparticipation physical evaluation	141
form to be developed by the Department of Health and completed	142
by a health care professional when examining an individual 19	143
years of age and under, makes the following changes:	144
--Removes references to specific medical organizations;	145
--Modifies the form's components, by eliminating specific	146
questions required to be posed during the examination and	147
instead requiring broader topics relevant to sudden cardiac	148
arrest to be addressed (personal history, family history,	149
screening for certain conditions).	150
Rulemaking	151
R.C. 3707.592	152
Requires the Department of Health and Department of	153
Education and Workforce to jointly adopt rules as necessary to	154
implement the bill's provisions and requires those rules to	155
follow nationally-recognized, evidence-based guidelines	156
recommended by organizations focused on pediatric cardiovascular	157
care.	158
Health care professional obligations - penalties	159
R.C. 4723.28, 4723.484, 4723.99, 4730.25, 4730.46,	160
4730.99, 4731.22, 4731.89, and 4731.99	161
Eliminates provisions that - in the event a health care	162
professional fails to comply with the bill's requirements - (1)	163

establish criminal penalties and (2) authorize the	164
professional's licensing board to impose fines, while	165
maintaining existing provisions authorizing the licensing board	166
to take disciplinary action against the professional for a	167
failure to comply.	168
