- In line 473, delete "certified Ohio" and insert "registered"; delete 4  
"analyst" and insert "technician" 5

The motion was \_\_\_\_\_ agreed to.

SYNOPSIS

**Applied behavior analysis - exam-eligible technicians**

**R.C. 4783.40**

Eliminates the option for an individual in the process of 9  
becoming a registered behavior technician to practice as an 10  
exam-eligible technician if overseen by a board certified 11

assistant behavior analyst certified by the national Behavior Analyst Certification Board (retains the option to be an exam-eligible technician if overseen by a certified Ohio behavior analyst).

Clarifies that if an exam-eligible technician does not achieve certification as a registered behavior technician (rather than a certified Ohio behavior analyst) within 90 days, the individual may not engage in the practice of applied behavior analysis.
