~~Each high school selected to provide intervention services under this division shall provide intervention services to any student whose results indicate that the student is failing to make satisfactory progress toward being able to attain scores at the proficient level on the Ohio graduation tests. The rules may require the use of the data verification codes assigned to students pursuant to division (D)(2) of section 3301.0714 of the Revised Code to protect the confidentiality of student scores.

(J) Notwithstanding division (D) of section 3311.52 of the Revised Code, this section does not apply to the board of education of any cooperative education school district except as provided under rules adopted pursuant to this division.

(1) In accordance with rules that the department shall adopt, the board of education of any city, exempted village, or local school district with territory in a cooperative education school district established pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code may enter into an agreement with the board of education of the cooperative education school district for administering any assessment prescribed under this section to students of the city, exempted village, or local school district who are attending school in the cooperative education school district.

(2) In accordance with rules that the department shall adopt, the board of education of any city, exempted village, or local school district with territory in a cooperative education

school district established pursuant to section 3311.521 of the Revised Code shall enter into an agreement with the cooperative district that provides for the administration of any assessment prescribed under this section to ~~both of the following:~~

~~(a) Students~~ students who are attending school in the cooperative district and who, if the cooperative district were not established, would be entitled to attend school in the city, local, or exempted village school district pursuant to section 3313.64 or 3313.65 of the Revised Code~~;~~

~~(b) Persons described in division (B)(8)(b) of this section~~.

Any assessment of students pursuant to such an agreement shall be in lieu of any assessment of such students or persons pursuant to this section.

(K)(1)(a) Except as otherwise provided in division (K)(1) or (2) of this section, each chartered nonpublic school for which at least sixty-five per cent of its total enrollment is made up of students who are participating in state scholarship programs shall administer the assessments prescribed by division (A) of section 3301.0710 of the Revised Code or an alternative standardized assessment determined by the department. In accordance with procedures and deadlines prescribed by the department, the parent or guardian of a student enrolled in the school who is not participating in a state scholarship program may submit notice to the chief administrative officer of the school that the parent or guardian does not wish to have the student take the assessments prescribed for the student's grade level under division (A) of section 3301.0710 of the Revised Code. If a parent or guardian submits an opt-out notice, the school shall not administer the assessments to that student.

This option does not apply to any assessment required for a high school diploma under section 3313.612 of the Revised Code.

(b) Any chartered nonpublic school that enrolls students who are participating in state scholarship programs may administer an alternative standardized assessment determined by the department instead of the assessments prescribed by division (A) of section 3301.0710 of the Revised Code.

Each chartered nonpublic school subject to division (K)(1)(a) or (b) of this section shall report the results of each assessment administered under those divisions to the department.

(2) A chartered nonpublic school may submit to the director of education and workforce a request for a waiver from administering the elementary assessments prescribed by division (A) of section 3301.0710 of the Revised Code. The director shall approve or disapprove a request for a waiver submitted under division (K)(2) of this section.

To be eligible to submit a request for a waiver, a chartered nonpublic school shall meet the following conditions:

(a) At least ninety-five per cent of the students enrolled in the school are children with disabilities, as defined under section 3323.01 of the Revised Code, or have received a diagnosis by a school district or from a physician, including a neuropsychiatrist or psychiatrist, or a psychologist who is authorized to practice in this or another state as having a condition that impairs academic performance, such as dyslexia, dyscalculia, attention deficit hyperactivity disorder, or Asperger's syndrome.

(b) The school has solely served a student population described in division (K)(1)(a) of this section for at least ten

years.

(c) The school provides to the department at least five years of records of internal testing conducted by the school that affords the department data required for accountability purposes, including diagnostic assessments and nationally standardized norm-referenced achievement assessments that measure reading and math skills.

(3) Any chartered nonpublic school that is not subject to division (K)(1) of this section may participate in the assessment program by administering any of the assessments prescribed by division (A) of section 3301.0710 of the Revised Code. The chief administrator of the school shall specify which assessments the school will administer. Such specification shall be made in writing to the director prior to the first day of August of any school year in which assessments are administered and shall include a pledge that the nonpublic school will administer the specified assessments in the same manner as public schools are required to do under this section and rules adopted by the department.

(4) The department shall furnish the assessments prescribed by section 3301.0710 of the Revised Code to each chartered nonpublic school that is subject to division (K)(1) of this section or participates under division (K)(3) of this section.

(L) If a chartered nonpublic school is educating students in grades nine through twelve, the following shall apply:

(1) Except as provided in division (L)(4) of this section, for a student who is enrolled in a chartered nonpublic school that is accredited through the independent schools association

of the central states and who is attending the school under a state scholarship program, the student shall either take all of the assessments prescribed by division (B) of section 3301.0712 of the Revised Code or take an alternative assessment approved by the department under section 3313.619 of the Revised Code. However, a student who is excused from taking an assessment under division (C) of this section or has presented evidence to the chartered nonpublic school of having satisfied the condition prescribed by division (A)(1) of section 3313.618 of the Revised Code to qualify for a high school diploma prior to the date of the administration of the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code shall not be required to take that assessment. No governing authority of a chartered nonpublic school shall prohibit a student who is not required to take such assessment from taking the assessment.

(2) For a student who is enrolled in a chartered nonpublic school that is accredited through the independent schools association of the central states, and who is not attending the school under a state scholarship program, the student shall not be required to take any assessment prescribed under section 3301.0712 or 3313.619 of the Revised Code.

(3)(a) Except as provided in divisions (L)(3)(b) and (4) of this section, for a student who is enrolled in a chartered nonpublic school that is not accredited through the independent schools association of the central states, regardless of whether the student is attending or is not attending the school under a state scholarship program, the student shall do one of the following:

(i) Take all of the assessments prescribed by division (B) of section 3301.0712 of the Revised Code;

(ii) Take only the assessment prescribed by division (B)(1) of section 3301.0712 of the Revised Code, provided that the student's school publishes the results of that assessment for each graduating class. The published results of that assessment shall include the overall composite scores, mean scores, twenty-fifth percentile scores, and seventy-fifth percentile scores for each subject area of the assessment.

(iii) Take an alternative assessment approved by the department under section 3313.619 of the Revised Code.

(b) A student who is excused from taking an assessment under division (C) of this section or has presented evidence to the chartered nonpublic school of having satisfied the condition prescribed by division (A)(1) of section 3313.618 of the Revised Code to qualify for a high school diploma prior to the date of the administration of the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code shall not be required to take that assessment. No governing authority of a chartered nonpublic school shall prohibit a student who is not required to take such assessment from taking the assessment.

(4) The assessments prescribed by sections 3301.0712 and 3313.619 of the Revised Code shall not be administered to any student attending the school, if the school meets all of the following conditions:

(a) At least ninety-five per cent of the students enrolled in the school are children with disabilities, as defined under section 3323.01 of the Revised Code, or have received a diagnosis by a school district or from a physician, including a neuropsychologist or psychiatrist, or a psychologist who is authorized to practice in this or another state as having a condition that impairs academic performance, such as dyslexia,

dyscalculia, attention deficit hyperactivity disorder, or Asperger's syndrome.

(b) The school has solely served a student population described in division (L)(4)(a) of this section for at least ten years.

(c) The school makes available to the department at least five years of records of internal testing conducted by the school that affords the department data required for accountability purposes, including growth in student achievement in reading or mathematics, or both, as measured by nationally norm-referenced assessments that have developed appropriate standards for students.

Division (L)(4) of this section applies to any student attending such school regardless of whether the student receives special education or related services and regardless of whether the student is attending the school under a state scholarship program.

(M)(1) The superintendent of Ohio deaf and blind education services shall administer the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code for the state school for the blind and the state school for the deaf. The superintendent of Ohio deaf and blind education services shall administer the assessments in the same manner as district boards are required to do under this section and rules adopted by the department and in conformity with division (C)(1)(a) of this section.

(2) The department shall furnish the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code to the superintendent of Ohio deaf and blind education services.

(N) Notwithstanding division (E) of this section, a school district may use a student's failure to attain a score in at least the proficient range on the mathematics assessment described by division (A)(1)(a) of section 3301.0710 of the Revised Code or on an assessment described by division (A)(1)(b), (c), (d), (e), or (f) of section 3301.0710 of the Revised Code as a factor in retaining that student in the current grade level.

(O)(1) In the manner specified in divisions (O)(3) and (4) of this section, the assessments required by division (A)(1) of section 3301.0710 of the Revised Code shall become public records pursuant to section 149.43 of the Revised Code on the thirty-first day of July following the school year that the assessments were administered.

(2) The department may field test proposed questions with samples of students to determine the validity, reliability, or appropriateness of questions for possible inclusion in a future year's assessment. The department also may use anchor questions on assessments to ensure that different versions of the same assessment are of comparable difficulty.

Field test questions and anchor questions shall not be considered in computing scores for individual students. Field test questions and anchor questions may be included as part of the administration of any assessment required by division (A)(1) ~~or (B)~~ of section 3301.0710 and division (B) of section 3301.0712 of the Revised Code.

(3) Any field test question or anchor question administered under division (O)(2) of this section shall not be a public record. Such field test questions and anchor questions shall be redacted from any assessments which are released as a

public record pursuant to division (O)(1) of this section.

(4) Division (O)(4) of this section applies to the assessments prescribed by division (A) of section 3301.0710 and division (B)(2) of section 3301.0712 of the Revised Code.

Beginning with the assessments administered in the spring of the 2025-2026 school year, the department shall determine which questions on each assessment that are used to compute a student's score are a public record, if any. The department shall determine which questions will be needed for reuse on a future assessment and those questions shall not be public records and shall be redacted from the assessment prior to its release as a public record. However, for each redacted question, the department shall inform each city, local, and exempted village school district of the corresponding statewide academic standard adopted under section 3301.079 of the Revised Code and the corresponding benchmark to which the question relates. The department is not required to provide corresponding standards and benchmarks to field test questions that are redacted under division (O)(3) of this section.

(P) As used in this section:

(1) "Three-year average" means the average of the most recent consecutive three school years of data.

(2) "Dropout" means a student who withdraws from school before completing course requirements for graduation and who is not enrolled in an education program approved by the department or an education program outside the state. "Dropout" does not include a student who has departed the country.

(3) "Graduation rate" means the ratio of students receiving a diploma to the number of students who entered ninth

grade four years earlier. Students who transfer into the district are added to the calculation. Students who transfer out of the district for reasons other than dropout are subtracted from the calculation. If a student who was a dropout in any previous year returns to the same school district, that student shall be entered into the calculation as if the student had entered ninth grade four years before the graduation year of the graduating class that the student joins.

(4) "State scholarship programs" means the educational choice scholarship pilot program established under sections 3310.01 to 3310.17 of the Revised Code, the autism scholarship program established under section 3310.41 of the Revised Code, the Jon Peterson special needs scholarship program established under sections 3310.51 to 3310.64 of the Revised Code, and the pilot project scholarship program established under sections 3313.974 to 3313.979 of the Revised Code.

(5) "Other public school" means a community school established under Chapter 3314.~~,~~ or a STEM school established under Chapter 3326.~~, or a college-preparatory boarding school established under Chapter 3328.~~ of the Revised Code.

(7) "Classical school" means a community school established under Chapter 3314. of the Revised Code that is a member of the Ohio classical school association, or its successor organization, and uses a curriculum substantially similar to that of a nationally recognized classical school network.

Sec. 3301.0712. (A) The department of education and

workforce and the chancellor of higher education shall develop a system of college and work ready assessments as described in division (B) of this section to assess whether each student upon graduating from high school is ready to enter college or the workforce. ~~Beginning with students who enter the ninth grade for the first time on or after July 1, 2014, the system shall replace the Ohio graduation tests prescribed in division (B)(1) of section 3301.0710 of the Revised Code as a measure of student academic performance and one determinant of eligibility for a high school diploma in the manner prescribed by rule adopted under division (D) of this section.~~

(B) The college and work ready assessment system shall consist of the following:

(1)(a) Except as provided in division (B)(1)(b) of this section, nationally standardized assessments that measure college and career readiness and are used for college admission. The assessments shall be selected jointly by the department and the chancellor, and one of which shall be selected by each school district or school to administer to its students. The assessments prescribed under division (B)(1) of this section shall be administered to all eleventh-grade students in the spring of the school year.

(b) Beginning with students who enter the ninth grade for the first time on or after July 1, 2022, the parent or guardian of a student may elect not to have a nationally standardized assessment administered to that student. In that event, the student's school district or school shall not administer the nationally standardized assessment to that student.

(2)(a) Except as provided in division (B)(2)(b) of this section, seven end-of-course examinations, one in each of the

areas of English language arts I, English language arts II, science, Algebra I, geometry, American history, and American government. The end-of-course examinations shall be selected jointly by the department and the chancellor in consultation with faculty in the appropriate subject areas at institutions of higher education of the university system of Ohio. Advanced placement examinations and international baccalaureate examinations, as prescribed under section 3313.6013 of the Revised Code, in the areas of science, American history, and American government may be used as end-of-course examinations in accordance with division (B)(4)(a)(i) of this section. Final course grades for courses taken under any other advanced standing program, as prescribed under section 3313.6013 of the Revised Code, in the areas of science, American history, and American government may be used in lieu of end-of-course examinations in accordance with division (B)(4)(a)(ii) of this section.

(b) Beginning with students who enter ninth grade for the first time on or after July 1, 2019, five end-of-course examinations, one in each areas of English language arts II, science, Algebra I, American history, and American government. However, only the end-of-course examinations in English language arts II and Algebra I shall be required for graduation.

The department shall, as necessary to implement division (B)(2)(b) of this section, seek a waiver from the United States secretary of education for testing requirements prescribed under federal law to allow for the use and implementation of Algebra I as the primary assessment of high school mathematics. If the department does not receive a waiver under this division, the end-of-course examinations for students described in division (B)(2)(b) of this section also shall include an end-of-course

examination in the area of geometry. However, the geometry end-of-course examination shall not be required for graduation.

(3) The end-of-course examinations in American history and American government shall require demonstration of mastery of the American history and American government content for social studies standards adopted under division (A)(1)(b) of section 3301.079 of the Revised Code and the topics required under division (M) of section 3313.603 of the Revised Code.

At least twenty per cent of the end-of-course examination in American government shall address the topics on American history and American government described in division (M) of section 3313.603 of the Revised Code.

(4)(a) Notwithstanding anything to the contrary in this section, both of the following shall apply:

(i) If a student is enrolled in an appropriate advanced placement or international baccalaureate course, that student shall take the advanced placement or international baccalaureate examination in lieu of the science, American history, or American government end-of-course examinations prescribed under division (B)(2) of this section. The department shall specify the score levels for each advanced placement examination and international baccalaureate examination for purposes of calculating the minimum cumulative performance score that demonstrates the level of academic achievement necessary to earn a high school diploma.

(ii) If a student is enrolled in an appropriate course under any other advanced standing program, as described in section 3313.6013 of the Revised Code, that student shall not be required to take the science, American history, or American

government end-of-course examination, whichever is applicable, prescribed under division (B)(2) of this section. Instead, that student's final course grade shall be used in lieu of the applicable end-of-course examination prescribed under that section. The department, in consultation with the chancellor, shall adopt guidelines for purposes of calculating the corresponding final course grades that demonstrate the level of academic achievement necessary to earn a high school diploma.

Division (B)(4)(a)(ii) of this section shall apply only to courses for which students receive transcripted credit, as defined in section 3365.01 of the Revised Code. It shall not apply to remedial or developmental courses.

(b) No student shall take a substitute examination or examination prescribed under division (B)(4)(a) of this section in place of the end-of-course examinations in English language arts I, English language arts II, Algebra I, or geometry prescribed under division (B)(2) of this section.

(c) The department shall consider additional assessments that may be used as substitute examinations in lieu of the end-of-course examinations prescribed under division (B)(2) of this section.

(5) The department shall do all of the following:

(a) Determine and designate at least five ranges of scores on each of the end-of-course examinations prescribed under division (B)(2) of this section, and substitute examinations prescribed under division (B)(4) of this section. Not later than sixty days after the designation of ranges of scores, the director of education and workforce shall conduct a public presentation before the standing committees of the house of

representatives and the senate that consider primary and secondary education legislation regarding the designated range of scores. Each range of scores shall be considered to demonstrate a level of achievement so that any student attaining a score within such range has achieved one of the following:

(i) An advanced level of skill;

(ii) An accomplished level of skill;

(iii) A proficient level of skill;

(iv) A basic level of skill;

(v) A limited level of skill.

(b) Determine a method by which to calculate a cumulative performance score based on the results of a student's end-of-course examinations or substitute examinations;

(c) Determine the minimum cumulative performance score that demonstrates the level of academic achievement necessary to earn a high school diploma under division (A)(2) of section 3313.618 of the Revised Code. However, no new minimum cumulative performance score shall be determined after October 17, 2019.

(d) Develop a table of corresponding score equivalents for the end-of-course examinations and substitute examinations in order to calculate student performance consistently across the different examinations.

A score of two on an advanced placement examination or a score of two or three on an international baccalaureate examination shall be considered equivalent to a proficient level of skill as specified under division (B)(5)(a)(iii) of this section.

(6)(a) ~~A student who meets both of the following conditions shall not be required to take an end-of-course examination:~~

~~(i) The student received high school credit prior to July 1, 2015, for a course for which the end-of-course examination is prescribed.~~

~~(ii) The examination was not available for administration prior to July 1, 2015.~~

~~Receipt of credit for the course described in division (B)(6)(a)(i) of this section shall satisfy the requirement to take the end-of-course examination. A student exempted under division (B)(6)(a) of this section may take the applicable end-of-course examination at a later date.~~

~~(b) For purposes of determining whether a student who is exempt from taking an end-of-course examination under division (B)(6)(a) of this section has attained the cumulative score prescribed by division (B)(5)(c) of this section, such student shall select either of the following:~~

~~(i) The student is considered to have attained a proficient score on the end-of-course examination from which the student is exempt;~~

~~(ii) The student's final course grade shall be used in lieu of a score on the end-of-course examination from which the student is exempt.~~

~~The department, in consultation with the chancellor, shall adopt guidelines for purposes of calculating the corresponding final course grades and the minimum cumulative performance score that demonstrates the level of academic achievement necessary to earn a high school diploma.~~

~~(7)(a)~~ Notwithstanding anything to the contrary in this section, the department may replace the algebra I end-of-course examination prescribed under division (B)(2) of this section with an algebra II end-of-course examination~~, beginning with the 2016-2017 school year for students who enter ninth grade on or after July 1, 2016~~.

(b) If the department replaces the algebra I end-of-course examination with an algebra II end-of-course examination as authorized under division ~~(B)(7)(a)~~ (B)(6)(a) of this section, both of the following shall apply:

(i) A student who is enrolled in an advanced placement or international baccalaureate course in algebra II shall take the advanced placement or international baccalaureate examination in lieu of the algebra II end-of-course examination.

(ii) A student who is enrolled in an algebra II course under any other advanced standing program, as described in section 3313.6013 of the Revised Code, shall not be required to take the algebra II end-of-course examination. Instead, that student's final course grade shall be used in lieu of the examination.

(c) If a school district or school utilizes an integrated approach to mathematics instruction, the district or school may do either or both of the following:

(i) Administer an integrated mathematics I end-of-course examination in lieu of the prescribed algebra I end-of-course examination;

(ii) Administer an integrated mathematics II end-of-course examination in lieu of the prescribed geometry end-of-course examination.

~~(8)(a) For students entering the ninth grade for the first time on or after July 1, 2014, but prior to July 1, 2015, the assessment in the area of science shall be physical science or biology. For students entering the ninth grade for the first time on or after July 1, 2015, the~~ (7) The assessment in the area of science shall be biology.

~~(b) Until July 1, 2019, the department shall make available the end-of-course examination in physical science for students who entered the ninth grade for the first time on or after July 1, 2014, but prior to July 1, 2015, and who wish to retake the examination.~~

~~(c) The department shall adopt rules prescribing the requirements for the end-of-course examination in science for students who entered the ninth grade for the first time on or after July 1, 2014, but prior to July 1, 2015, and who have not met the requirement prescribed by section 3313.618 of the Revised Code by July 1, 2019, due to a student's failure to satisfy division (A)(2) of section 3313.618 of the Revised Code.~~

~~(9)~~(8) The department shall not develop or administer an end-of-course examination in the area of world history.

~~(10)~~(9) The department, in consultation with the chancellor and the governor's office of workforce transformation, shall determine a competency score for both of the Algebra I and English language arts II end-of-course examinations for the purpose of graduation eligibility.

(C) The department shall convene a group of national experts, state experts, and local practitioners to provide advice, guidance, and recommendations for the alignment of standards and model curricula to the assessments and in the

design of the end-of-course examinations prescribed by this section.

(D) Upon completion of the development of the assessment system, the department shall adopt rules prescribing all of the following:

(1) A timeline and plan for implementation of the assessment system, including a phased implementation if the department determines such a phase-in is warranted;

(2) The date after which a person shall meet the requirements of the entire assessment system as a prerequisite for a diploma of adult education under section 3313.611 of the Revised Code;

(3) Whether and the extent to which a person may be excused from an American history end-of-course examination and an American government end-of-course examination under division ~~(H)~~ (G) of section 3313.61 and division (B)(3) of section 3313.612 of the Revised Code;

(4) The date after which a person who has fulfilled the curriculum requirement for a diploma but has not passed one or more of the required assessments at the time the person fulfilled the curriculum requirement shall meet the requirements of the entire assessment system as a prerequisite for a high school diploma under division (B) of section 3313.614 of the Revised Code;

(5) The extent to which the assessment system applies to students enrolled in a dropout prevention and recovery program for purposes of division (F) of section 3313.603 or a dropout prevention and recovery community school under section 3314.36 of the Revised Code.

(E)(1) Any person enrolled in a nonchartered nonpublic school or any person who is exempt from attendance at school for the purpose of home education under section 3321.042 of the Revised Code may choose to participate in the system of assessments administered under divisions (B)(1) and (2) of this section. However, no such person shall be required to participate in the system of assessments.

(2) The department shall adopt rules for the administration and scoring of any assessments under division (E)(1) of this section.

(F) The department shall select at least one nationally recognized job skills assessment. Each school district shall administer that assessment to those students who opt to take it. The department shall reimburse a school district for the costs of administering that assessment. The department shall establish the minimum score a student must attain on the job skills assessment in order to demonstrate a student's workforce readiness and employability. The administration of the job skills assessment to a student under this division shall not exempt a school district from administering the assessments prescribed in division (B) of this section to that student.

Sec. 3301.0714. (A) The department of education and workforce shall adopt rules for a statewide education management information system. The rules shall require the department to establish guidelines for the establishment and maintenance of the system in accordance with this section and the rules adopted under this section. Individual student test scores and individual student reports shall be made available only to a student's classroom teacher and other appropriate educational personnel and to the student's parent or guardian.

(B) The department shall explore the feasibility of using the value-added gain index and effect size to improve differentiation and interpretation of the measure. If the department determines that it is feasible, it may update the

rules adopted under division (A) of this section to implement the use of gain index and effect size. If rules are adopted under division (A) of this section that use the gain index and effect size, any prior method used to calculate letter grades or performance ratings under section 3302.03 of the Revised Code shall no longer apply. Rather, the department shall update its rules to determine how letter grades or performance ratings for each level of performance are calculated under section 3302.03 of the Revised Code using gain index and effect size.

(C) The department shall use a system designed for collecting necessary data, calculating the value-added progress dimension, analyzing data, and generating reports, which system has been used previously by a nonprofit organization led by the Ohio business community for at least one year in the operation of a pilot program in cooperation with school districts to collect and report student achievement data via electronic means and to provide information to the districts regarding the academic performance of individual students, grade levels, school buildings, and the districts as a whole.

However, nothing in this section shall preclude the department or any school district from entering into a contract for the provision of more services at a higher fee per student. Any data analysis conducted under this section by an entity under contract with the department shall be completed in accordance with timelines established by the director of education and workforce.

(E) The department shall share any aggregate student data and any calculation, analysis, or report utilizing aggregate student data that is generated under this section with the chancellor of higher education. The department shall not share individual student test scores and individual student reports with the chancellor.

(F) The department shall make individual student performance data reports available to districts and schools that have an overall score under the value-added progress dimension calculated under ~~division (D)(1)(d) of~~ section 3302.03 of the Revised Code. The reports shall include data regarding student level percentiles, normal curve equivalents, unique identifiers, and other data for each school year a district or school has an overall score calculated under that division. The department also shall make available the data used to calculate the district's or school's overall growth rating. The reports shall be made available in an electronic spreadsheet form, as soon as practicable each school year, to appropriate educational personnel in each district or school for all the individual students who are administered assessments by, or who are enrolled in, the district or school.

Division (F) of this section is subject to section 3319.321 of the Revised Code and the "Family Educational Rights and Privacy Act of 1974," 20 U.S.C. 1232g.

The department shall adopt rules pursuant to Chapter 119. of the Revised Code to implement this section. The department's rules shall establish performance criteria for each ~~letter grade or~~ performance rating and prescribe a method by which the department assigns each ~~letter grade or~~ performance rating. For a school building to which any of the performance measures do not apply, due to grade levels served by the building, the department shall designate the performance measures that are applicable to the building and that must be calculated separately and used to calculate the building's overall ~~grade or~~ performance rating. The department shall issue annual report cards reflecting the performance of each school district, each building within each district, and for the state as a whole using the performance measures and ~~letter grade or~~ performance rating system described in this section. ~~(f) The value-added progress dimension score for a school district or building disaggregated for each of the following subgroups: students identified as gifted, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis. Each subgroup shall be a separate graded measure.~~

~~(2) The department shall adopt a resolution describing the performance measures, benchmarks, and grading system for the 2012-2013 school year and shall adopt rules in accordance with Chapter 119. of the Revised Code that prescribe the methods by~~

~~At least forty-five days prior to the department's adoption of rules to prescribe the methods by which the performance measures under division (B)(1) of this section shall be assessed and assigned a letter grade, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing such methods, including performance benchmarks.~~

~~(4) There shall not be an overall letter grade for a school district or building for the 2013-2014, 2014-2015, 2015-2016, and 2016-2017 school years.~~

~~(C)(1) For the 2014-2015, 2015-2016, 2016-2017, 2017-2018, 2018-2019, 2019-2020, and 2020-2021 school years, the department shall issue grades as described in division (F) of this section for each of the performance measures prescribed in division (C)(1) of this section. The graded measures are as follows:~~

~~(a) Annual measurable objectives. For the 2017-2018 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than twenty-five students. For the 2018-2019 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than twenty students. Beginning with the 2019-2020 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than fifteen~~

~~students.~~

~~(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as created by the department. In adopting benchmarks for assigning letter grades under division (C)(1)(b) of this section, the department shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."~~

~~(c) The extent to which the school district or building meets each of the applicable performance indicators established by the department under section 3302.03 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (C)(1)(c) of this section, the department shall designate ninety per cent or higher for an "A."~~

~~(d) The four- and five-year adjusted cohort graduation rates;~~

~~(e) The overall score under the value-added progress dimension, or another measure of student academic progress if adopted by the department, of a school district or building, for which the department shall use up to three years of value-added data as available.~~

~~In adopting benchmarks for assigning letter grades for overall score on value-added progress dimension under division (C)(1)(e) of this section, the department shall prohibit the assigning of a grade of "A" for that measure unless the district's or building's grade assigned for value-added progress dimension for all subgroups under division (C)(1)(f) of this~~

~~section is a "C" or higher.~~

~~For the metric prescribed by division (C)(1)(e) of this section, the department may adopt a student academic progress measure to be used instead of the value-added progress dimension. If the department adopts such a measure, it also shall prescribe a method for assigning letter grades for the new measure that is comparable to the method prescribed in division (A)(1)(e) of this section.~~

~~(f) The value-added progress dimension score of a school district or building disaggregated for each of the following subgroups: students identified as gifted in superior cognitive ability and specific academic ability fields under Chapter 3324. of the Revised Code, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the department. Each subgroup shall be a separate graded measure.~~

~~The department may adopt student academic progress measures to be used instead of the value-added progress dimension. If the department adopts such measures, it also shall prescribe a method for assigning letter grades for the new measures that is comparable to the method prescribed in division (A)(1)(e) of this section.~~

~~(g) Whether a school district or building is making progress in improving literacy in grades kindergarten through three, as determined using a method prescribed by the department. The department shall adopt rules to prescribe benchmarks and standards for assigning grades to a district or building for purposes of division (C)(1)(g) of this section. The department shall designate for a "C" grade a value that is not~~

~~lower than the statewide average value for this measure. No grade shall be issued under division (C)(1)(g) of this section for a district or building in which less than five per cent of students have scored below grade level on the kindergarten diagnostic assessment under division (B)(1) of section 3313.608 of the Revised Code.~~

~~(h) For a high mobility school district or building, an additional value-added progress dimension score. For this measure, the department shall use value-added data from the most recent school year available and shall use assessment scores for only those students to whom the district or building has administered the assessments prescribed by section 3301.0710 of the Revised Code for each of the two most recent consecutive school years.~~

~~As used in this division, "high mobility school district or building" means a school district or building where at least twenty-five per cent of its total enrollment is made up of students who have attended that school district or building for less than one year.~~

~~(2) In addition to the graded measures in division (C)(1) of this section, the department shall include on a school district's or building's report card all of the following without an assigned letter grade:~~

~~(a) The percentage of students enrolled in a district or building who have taken a national standardized test used for college admission determinations and the percentage of those students who are determined to be remediation-free in accordance with the standards adopted under division (F) of section 3345.061 of the Revised Code;~~

~~(b) The percentage of students enrolled in a district or building participating in advanced placement classes and the percentage of those students who received a score of three or better on advanced placement examinations;~~

~~(c) The percentage of a district's or building's students who have earned at least three college credits through advanced standing programs, such as the college credit plus program under Chapter 3365. of the Revised Code and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's college transcript issued by the institution of higher education from which the student earned the college credit. The credits earned that are reported under divisions (B)(2)(b) and (C)(2)(c) of this section shall not include any that are remedial or developmental and shall include those that count toward the curriculum requirements established for completion of a degree.~~

~~(d) The percentage of the district's or building's students who receive an honor's diploma under division (B) of section 3313.61 of the Revised Code;~~

~~(e) The percentage of the district's or building's students who receive industry-recognized credentials as approved under section 3313.6113 of the Revised Code;~~

~~(f) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations;~~

~~(g) The results of the college and career-ready assessments administered under division (B)(1) of section~~

~~3301.0712 of the Revised Code;~~

~~(h) Whether the school district or building has implemented a positive behavior intervention and supports framework in compliance with the requirements of section 3319.46 of the Revised Code, notated as a "yes" or "no" answer.~~

~~(3) The department shall adopt rules pursuant to Chapter 119. of the Revised Code that establish a method to assign an overall grade for a school district or school building for the 2017-2018 school year and each school year thereafter. The rules shall group the performance measures in divisions (C)(1) and (2) of this section into the following components:~~

~~(a) Gap closing, which shall include the performance measure in division (C)(1)(a) of this section;~~

~~(b) Achievement, which shall include the performance measures in divisions (C)(1)(b) and (c) of this section;~~

~~(d) Graduation, which shall include the performance measure in division (C)(1)(d) of this section;~~

~~(e) Kindergarten through third-grade literacy, which shall include the performance measure in division (C)(1)(g) of this section;~~

~~(f) Prepared for success, which shall include the performance measures in divisions (C)(2)(a), (b), (c), (d), (e), and (f) of this section. The department shall develop a method to determine a grade for the component in division (C)(3)(f) of this section using the performance measures in divisions (C)(2)(a), (b), (c), (d), (e), and (f) of this section. When~~

~~available, the department may incorporate the performance measure under division (C)(2)(g) of this section into the component under division (C)(3)(f) of this section. When determining the overall grade for the prepared for success component prescribed by division (C)(3)(f) of this section, no individual student shall be counted in more than one performance measure. However, if a student qualifies for more than one performance measure in the component, the department may, in its method to determine a grade for the component, specify an additional weight for such a student that is not greater than or equal to 1.0. In determining the overall score under division (C)(3)(f) of this section, the department shall ensure that the pool of students included in the performance measures aggregated under that division are all of the students included in the four- and five-year adjusted graduation cohort.~~

~~In the rules adopted under division (C)(3) of this section, the department shall adopt a method for determining a grade for each component in divisions (C)(3)(a) to (f) of this section. The department also shall establish a method to assign an overall grade of "A," "B," "C," "D," or "F" using the grades assigned for each component. The method the department adopts for assigning an overall grade shall give equal weight to the components in divisions (C)(3)(b) and (c) of this section.~~

~~At least forty-five days prior to the department's adoption of rules to prescribe the methods for calculating the overall grade for the report card, as required by this division, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing the format for the report card, weights that will be assigned to the components of the overall grade, and the method for calculating~~

~~the overall grade.~~

~~(D) For the 2021-2022 school year and each school year thereafter, all of the following apply:~~

~~(1)~~(A) The department shall include on a school district's or building's report card all of the following performance measures without an assigned performance rating:

~~(a)~~(1) Whether the district or building meets the gifted performance indicator under division ~~(A)(2)~~(B) of section 3302.02 of the Revised Code and the extent to which the district or building meets gifted indicator performance benchmarks;

~~(b)~~(2) The extent to which the district or building meets the chronic absenteeism indicator under division ~~(A)(3)~~(C) of section 3302.02 of the Revised Code;

~~(c)~~(3) Performance index score percentage for a district or building, which shall be calculated by dividing the district's or building's performance index score according to the performance index system created by the department by the maximum performance index score for a district or building. The maximum performance index score shall be as follows:

~~(i)~~(a) For a building, the average of the highest two per cent of performance index scores achieved by a building for the school year for which a report card is issued;

~~(ii)~~(b) For a district, the average of the highest two per cent of performance index scores achieved by a district for the school year for which a report card is issued.

~~(d)~~(4) The overall score under the value-added progress dimension of a district or building, for which the department shall use three consecutive years of value-added data. In using

three years of value-added data to calculate the measure prescribed under division ~~(D)(1)(d)~~ (A)(4) of this section, the department shall assign a weight of fifty per cent to the most recent year's data and a weight of twenty-five per cent to the data of each of the other years. However, if three consecutive years of value-added data is not available, the department shall use prior years of value-added data to calculate the measure, as follows:

~~(i)~~ (a) If two consecutive years of value-added data is not available, the department shall use one year of value-added data to calculate the measure.

~~(ii)~~ (b) If two consecutive years of value-added data is available, the department shall use two consecutive years of value-added data to calculate the measure. In using two years of value-added data to calculate the measure, the department shall assign a weight of sixty-seven per cent to the most recent year's data and a weight of thirty-three per cent to the data of the other year.

~~(e) The~~ (5) A four-year adjusted cohort graduation measure, which the department shall calculate in the same manner as the four-year adjusted cohort graduation rate, except that the department shall include as graduates any students with an individualized education program, as defined in section 3323.01 of the Revised Code, who have satisfied the conditions for a high school diploma under section 3313.61 or 3325.08 of the Revised Code but opted not to receive a diploma at the time that the graduation requirements were met, but will receive a diploma prior to the student's twenty-second birthday, and are still receiving education services.

~~(f) The~~ (6) A five-year adjusted cohort graduation

measure, which the department shall calculate in the same manner as the five-year adjusted cohort graduation rate, except that the department shall include as graduates any students with an individualized education program who have satisfied the conditions for a high school diploma under section 3313.61 or 3325.08 of the Revised Code but opted not to receive a diploma at the time that the graduation requirements were met, but will receive a diploma prior to the student's twenty-second birthday, and are still receiving education services.

To the extent possible, the department shall include the results of the summer administration of the third grade reading assessment under section 3301.0710 of the Revised Code in the performance measures prescribed under divisions ~~(D)(1)(g)~~ (A)(7) and ~~(h)~~ (8) of this section.

~~(h)~~ (8) Whether a district or building is making progress in improving literacy in grades kindergarten through three, as determined using a method prescribed by the department. The method shall determine progress made based on the reduction in the total percentage of students scoring below grade level, or below proficient, compared from year to year on the reading segments of the diagnostic assessments administered under division (A)(1) of section 3301.0715 of the Revised Code and the third grade English language arts assessment under section 3301.0710 of the Revised Code, as applicable. The method shall not include a deduction for students who did not pass the third grade English language arts assessment under section 3301.0710

of the Revised Code and were not on a reading improvement and monitoring plan.

The performance measure prescribed under division ~~(D)(1)(h)~~ (A)(8) of this section shall not be included on the report card of a district or building in which less than ten per cent of students have scored below grade level on the diagnostic assessment administered to students in kindergarten under division (B)(1) of section 3313.608 of the Revised Code.

~~(i)~~ (9) The percentage of students in a district or building who are promoted to the fourth grade ~~based on the student's score on the third grade English language arts assessment under division (A)(3) of section 3301.0710 of the Revised Code or demonstrate competency on an alternative assessment under division (A)(2)(c) of section 3313.608 of the Revised Code~~and not subject to retention under division (A)(2) of section 3313.608 of the Revised Code;

Demonstration of post-secondary readiness shall include a student doing any of the following:

~~(i) Attaining~~ (a) Achieving both of the following:

institution of higher education from which the student earned the college credit;

(ii) Advanced placement or international baccalaureate examinations. Under this division, a score of three or better on an advanced placement examination or a score of four or more on an international baccalaureate examination shall equate to three college credits. ~~Earned~~

The four-year adjusted cohort graduation ~~rate~~ measure shall be assigned a weight of sixty per cent and the five-year adjusted cohort graduation ~~rate~~ measure shall be assigned a weight of forty per cent.

~~(e)~~ (5) Early literacy, which shall include the performance measures in divisions ~~(D)(1)(g), (h),~~ (A)(7), (8), and ~~(i)~~ (9) of this section and the reported data in division ~~(D)(2)(k)~~ (B)(12) of this section.

If the measure prescribed under division ~~(D)(1)(h)~~ (A)(8) of this section is included in a report card, performance ratings for the early literacy component shall give a weight of forty per cent to the measure prescribed under division ~~(D)(1)(g)~~ (A)(7) of this section, a weight of thirty-five per cent to the measure prescribed under division ~~(D)(1)(i)~~ (A)(9) of this section, and a weight of twenty-five per cent to the measure prescribed under division ~~(D)(1)(h)~~ (A)(8) of this section.

If the measure prescribed under division ~~(D)(1)(h)~~ (A)(8) of this section is not included in a report card of a district or building, performance ratings for the early literacy component shall give a weight of sixty per cent to the measure prescribed under division ~~(D)(1)(g)~~ (A)(7) of this section and a

weight of forty per cent to the measure prescribed under division ~~(D)(1)(i)~~ (A)(9) of this section.

~~(f)~~ (6) College, career, workforce, and military readiness, which shall include the performance measure in division ~~(D)(1)(j)~~ (A)(10) of this section and the reported data in division ~~(D)(2)(e)~~ (B)(5) of this section.

The reported data shall include the percentage of students who demonstrate post-secondary readiness using any of the options described in division (D)(1)(j) of this section.~~

~~The department shall analyze the data included in the performance measure prescribed in division (D)(1)(j) of this section for the 2021-2022, 2022-2023, and 2023-2024 school years. Using that data, the~~ The department shall ~~develop and propose~~ adopt rules ~~for~~ establishing a method to assign a performance rating to the college, career, workforce, and military readiness component based on ~~that measure~~ the performance measure prescribed in division (A)(10) of this section. The method to assign a performance rating shall not include a tiered structure or per student bonuses. The rules shall specify that a district or building shall not receive lower than a performance rating of three stars for the component if the district's or building's performance on the component meets or exceeds a level of improvement set by the department. Notwithstanding anything to the contrary in division ~~(D)(4)(b)~~ (D) of this section, more than half of the total districts and buildings may earn a performance rating of three stars on this

component to account for the districts and buildings that earned a performance rating of three stars because they met or exceeded the level of improvement set by the department.

~~The department shall submit the rules to the joint committee on agency rule review. The committee shall conduct at least one public hearing on the proposed rules and approve or disapprove the rules. If the committee approves the rules, the department shall adopt the rules in accordance with Chapter 119. of the Revised Code. If the rules are adopted, the department shall assign a performance rating to the college, career, workforce, and military readiness component under the rules beginning with the 2024-2025 school year, and for each school year thereafter. The method shall give equal weight to the components in divisions (D)(3)(a), (d), and (e) of this section. The individual weights of each of the components prescribed in divisions (D)(3)(a), (d), and (e) of this section~~

~~shall be equal to one-half of the weight given to the component prescribed in division (D)(3)(b) of this section.~~

~~(ii) If the joint committee on agency rule review approves the department's rules regarding the college, career, workforce, and military readiness component as described in division (D)(3)(f) of this section, for the 2024-2025 school year, and each school year thereafter, the~~ The department's method shall use the components in divisions ~~(D)(3)(a), (b), (c), (d), (e), and (f)~~ (C)(1) to (6) of this section to calculate the overall performance rating. The method shall give equal weight to the components in divisions ~~(D)(3)(b)~~ (C)(2) and ~~(c)~~ (3) of this section. The method shall give equal weight to the components prescribed in divisions ~~(D)(3)(a), (d), (e)~~ (C)(1), (4), (5), and ~~(f)~~ (6) of this section. The individual weights of each of the components prescribed in divisions ~~(D)(3)(a), (d), (e)~~ (C)(1), (4), (5), and ~~(f)~~ (6) of this section shall be equal to one-half the weight given to the component prescribed in division ~~(D)(3)(b)~~ (C)(2) of this section.

~~If the joint committee on agency rule review disapproves the department's rules regarding the college, career, workforce, and military readiness component as described in division (D)(3)(f) of this section, division (D)(3)(g)(ii) of this section does not apply.~~

~~(4)(a)~~ (D) The department shall adopt rules in accordance with Chapter 119. of the Revised Code to establish the performance criteria, benchmarks, and rating system necessary to implement ~~divisions (D) and (F) of~~ this section, including the method for the department to assign performance ratings under division ~~(D)(3)~~ (C) of this section.

~~(b)~~ In establishing the performance criteria, benchmarks,

and rating system, the department shall consult with stakeholder groups and advocates that represent parents, community members, students, business leaders, and educators from different school typology regions. The department shall use data from prior school years and simulations to ensure that there is meaningful differentiation among districts and buildings across all performance ratings and that, except as permitted in division ~~(D)(3)(f)~~ (C)(6) of this section, more than half of all districts or buildings do not earn the same performance rating in any component or overall performance rating.

~~(c) The department shall adopt the rules prescribed by division (D)(4) of this section not later than March 31, 2022. However, the department shall notify districts and buildings of the changes to the report card prescribed in law not later than one week after September 30, 2021.~~

~~(d)~~ Prior to adopting or updating rules under this division ~~(D)(4) of this section~~, the director of education and workforce and the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider primary and secondary education legislation describing the format for the report card and the performance criteria, benchmarks, and rating system, including the method to assign performance ratings under division ~~(D)(3)~~ (C) of this section.

~~(E) The department may develop a measure of student academic progress for high school students using only data from assessments in English language arts and mathematics. If the department develops this measure, each school district and applicable school building shall be assigned a separate letter grade for it not sooner than the 2017-2018 school year. The~~

~~district's or building's grade for that measure shall not be included in determining the district's or building's overall letter grade.~~

~~(F)(1) The letter grades assigned to a school district or building under this section shall be as follows:~~

~~(a) "A" for a district or school making excellent progress;~~

~~(b) "B" for a district or school making above average progress;~~

~~(c) "C" for a district or school making average progress;~~

~~(d) "D" for a district or school making below average progress;~~

~~(e) "F" for a district or school failing to meet minimum progress.~~

~~(2)~~(E)(1) For the overall performance rating under division ~~(D)(3)~~(C) of this section, the department shall include a descriptor for each performance rating as follows:

(a) "Significantly exceeds state standards" for a performance rating of five stars;

(b) "Exceeds state standards" for a performance rating of four stars or four and one-half stars;

(c) "Meets state standards" for a performance rating of three stars or three and one-half stars;

(d) "Needs support to meet state standards" for a performance rating of two stars or two and one-half stars;

(e) "Needs significant support to meet state standards" for a performance rating of one star or one and one-half stars.

~~(3)~~ (2) For performance ratings for each component under ~~divisions (D)(3)(a) to (f)~~division (C) of this section, the department shall include a description of each component and performance rating. The description shall include component-specific context to each performance rating earned, estimated comparisons to other school districts and buildings if appropriate, and any other information determined by the department. The descriptions shall be not longer than twenty-five words in length when possible. In addition to such descriptions, the department shall include the descriptors in division ~~(F)(2)~~ (E)(1) of this section for component performance ratings.

~~(4)~~ (3) Each report card issued under this section shall include all of the following:

(a) A graphic that depicts the performance ratings of a district or school on a color scale. The color associated with a performance rating of three stars shall be green and the color associated with a performance rating of one star shall be red.

(b) An arrow graphic that shows data trends for performance ratings for school districts or buildings. The department shall determine the data to be used for this graphic, which shall include at least the three most recent years of data.

(c) A description regarding the weights that are assigned to each component and used to determine an overall performance rating, as prescribed under division ~~(D)(3)(g)~~ (C)(7) of this section, which shall be included in the presentation of the overall performance rating on each report card.

~~(G)~~ (F) When reporting data on student achievement and

(1) Performance of students by grade-level;

(2) Performance of students by race and ethnic group;

(3) Performance of students by gender;

(4) Performance of students grouped by those who have been enrolled in a district or school for three or more years;

(5) Performance of students grouped by those who have been enrolled in a district or school for more than one year and less than three years;

(6) Performance of students grouped by those who have been enrolled in a district or school for one year or less;

(11) Performance of students grouped by those who are classified as migrants;

(12) Performance of students grouped by those who are identified as gifted in superior cognitive ability and the specific academic ability fields of reading and math pursuant to Chapter 3324. of the Revised Code. In disaggregating specific

academic ability fields for gifted students, the department shall use data for those students with specific academic ability in math and reading. If any other academic field is assessed, the department shall also include data for students with specific academic ability in that field as well.

(13) Performance of students grouped by those who perform in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the department.

The department may disaggregate data on student performance according to other categories that the department determines are appropriate. To the extent possible, the department shall disaggregate data on student performance according to any combinations of two or more of the categories listed in divisions ~~(G)(1)~~ (F)(1) to (13) of this section that it deems relevant.

In reporting data pursuant to division ~~(G)~~ (F) of this section, the department shall not include in the report cards any data statistical in nature that is statistically unreliable or that could result in the identification of individual students. For this purpose, the department shall not report student performance data for any group identified in division ~~(G)~~ (F) of this section that contains less than ten students. If the department does not report student performance data for a group because it contains less than ten students, the department shall indicate on the report card that is why data was not reported.

The district superintendent shall provide a copy of any item on the list to anyone who requests it.

~~(J)(1)(a)~~ (I)(1)(a) Except as provided in division ~~(J)(1)(b)~~ (I)(1)(b) of this section, for any district that sponsors a conversion community school under Chapter 3314. of the Revised Code, the department shall combine data regarding the academic performance of students enrolled in the community school with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the report card issued for the district under this section or section 3302.033 of the Revised Code.

(b) The department shall not combine data from any conversion community school that a district sponsors if the conversion community school is a dropout prevention and recovery community school, as defined in section 3314.02 of the Revised Code. The department shall include as an addendum to the district's report card the ratings and performance measures that are required under section 3314.017 of the Revised Code for any

community school to which division ~~(J)(1)(b)~~ (I)(1)(b) of this section applies. This addendum shall include, at a minimum, the data specified in divisions (C)(1)(a), (C)(2), and (C)(3) of section 3314.017 of the Revised Code.

(2) Any district that leases a building to a community school located in the district or that enters into an agreement with a community school located in the district whereby the district and the school endorse each other's programs may elect to have data regarding the academic performance of students enrolled in the community school combined with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the district report card. Any district that so elects shall annually file a copy of the lease or agreement with the department.

(3) Any municipal school district, as defined in section 3311.71 of the Revised Code, that sponsors a community school located within the district's territory, or that enters into an agreement with a community school located within the district's territory whereby the district and the community school endorse each other's programs, may exercise either or both of the following elections:

(a) To have data regarding the academic performance of students enrolled in that community school combined with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the district's report card;

(b) To have the number of students attending that community school noted separately on the district's report card.

The election authorized under division ~~(J)(3)(a)~~ (I)(3)(a)

of this section is subject to approval by the governing authority of the community school.

Any municipal school district that exercises an election to combine or include data under division ~~(J)(3)~~ (I)(3) of this section, by the first day of October of each year, shall file with the department documentation indicating eligibility for that election, as required by the department.

~~(K)~~ (J) The department shall include on each report card the percentage of teachers in the district or building who are properly certified or licensed teachers, as defined in section 3319.074 of the Revised Code, and a comparison of that percentage with the percentages of such teachers in similar districts and buildings.

(2) In calculating performance index scores, rates of achievement on the performance indicators established by the department under section 3302.02 of the Revised Code, and annual measurable objectives for determining adequate yearly progress for school districts and buildings under this section, the department shall do all of the following:

(a) Include for each district or building only those students who are included in the ADM certified for the first full school week of October and are continuously enrolled in the district or building through the time of the spring administration of any assessment prescribed by division (A)(1) ~~or (B)(1)~~ of section 3301.0710 or division (B) of section 3301.0712 of the Revised Code that is administered to the student's grade level;

(b) Include cumulative totals from both the fall and spring administrations of the third grade English language arts achievement assessment and, to the extent possible, the summer administration of that assessment;

(c) Include for each district or building any English learner in accordance with the department's plan, as approved by the United States secretary of education, to comply with the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6311 to 6339.

As used in this section, "English learner" has the same meaning as in section 3301.0731 of the Revised Code.

~~(M)~~ (L) Beginning with the 2015-2016 school year and at least once every three years thereafter, the department shall review and may adjust the benchmarks for assigning ~~letter grades or~~ performance ratings to the performance measures and components prescribed under divisions ~~(C)(3), (D), and (E)~~ (A), (B), and (C) of this section.

Sec. 3302.035. (A) Not later than October 1, 2015, and not later than the first day of October each year thereafter, the department of education and workforce shall report for each school district, each community school established under Chapter 3314., and each STEM school established under Chapter 3326.~~, and each college-preparatory boarding school established under Chapter 3328.~~ of the Revised Code, the following measures for students with disabilities enrolled in that school district or community~~,~~ or STEM~~, or college-preparatory boarding~~ school:

(B) The department shall make each report completed pursuant to division (A) of this section available on its web site for comparison purposes.

Sec. 3302.04. (A) The department of education and workforce shall establish a system of intensive, ongoing support for the improvement of school districts and school buildings. In accordance with the model of differentiated accountability described in section 3302.041 of the Revised Code, the system shall give priority to districts and buildings in the manner prescribed by any agreement currently in force between the department of education and workforce and the United States department of education. The department of education and

workforce shall endeavor to include schools and buildings that receive ~~grades or~~ performance ratings under section 3302.03 of the Revised Code that the department considers to be low performing.

(C) The department of education and workforce may initiate a site evaluation of a building or school district that meets the conditions for a site evaluation prescribed by the agreement described in division (A) of this section.

(D) This division applies only to school districts that operate a school building that fails to make adequate yearly progress for two or more consecutive school years. It does not apply to any such district after June 30, 2008, except as provided in division (D)(2) of section 3313.97 of the Revised Code.

The notification shall also describe the actions being taken by the district or building to improve the academic performance of the building and any progress achieved toward that goal in the immediately preceding school year.

(b) If the building receives funds under Title I, Part A of the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6311 to 6339, from the district, in accordance with section 3313.97 of the Revised Code, offer all students enrolled in the building the opportunity to enroll in an alternative building within the district that is not in school improvement status as defined by the "No Child Left Behind Act of 2001." Notwithstanding Chapter 3327. of the Revised Code, the district shall spend an amount equal to twenty per cent of the funds it receives under Title I, Part A of the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6311 to 6339, to provide transportation for students who enroll in alternative buildings under this division, unless the district can satisfy all demand for transportation with a lesser amount. If an amount equal to twenty per cent of the funds the district receives under Title I, Part A of the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6311 to 6339, is insufficient to satisfy all demand for transportation, the district shall grant priority over all other students to the lowest achieving students among the subgroup described in division (B)(3) of section 3302.01 of the Revised Code in providing transportation. Any district that does not receive funds under Title I, Part A of the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6311 to 6339, shall not be required to provide transportation to any student

who enrolls in an alternative building under this division.

(2) For any school building that fails to make adequate yearly progress for three consecutive school years, the district shall do both of the following:

Notwithstanding Chapter 3327. of the Revised Code, the district shall provide transportation for students who enroll in alternative buildings under this division to the extent required under division (D)(2) of this section.

(b) If the building receives funds under Title I, Part A of the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6311 to 6339, from the district, offer supplemental educational services to students who are enrolled in the building and who are in the subgroup described in division (B)(3) of section 3302.01 of the Revised Code.

The district shall spend a combined total of an amount equal to twenty per cent of the funds it receives under Title I, Part A of the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6311 to 6339, to provide transportation for students who enroll in alternative buildings under division (D)(1)(b) or (D)(2)(a) of this section and to pay the costs of the supplemental educational services provided to students under division (D)(2)(b) of this section, unless the district can satisfy all demand for transportation and pay the costs of

supplemental educational services for those students who request them with a lesser amount. In allocating funds between the requirements of divisions (D)(1)(b) and (D)(2)(a) and (b) of this section, the district shall spend at least an amount equal to five per cent of the funds it receives under Title I, Part A of the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6311 to 6339, to provide transportation for students who enroll in alternative buildings under division (D)(1)(b) or (D)(2)(a) of this section, unless the district can satisfy all demand for transportation with a lesser amount, and at least an amount equal to five per cent of the funds it receives under Title I, Part A of the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6311 to 6339, to pay the costs of the supplemental educational services provided to students under division (D)(2)(b) of this section, unless the district can pay the costs of such services for all students requesting them with a lesser amount. If an amount equal to twenty per cent of the funds the district receives under Title I, Part A of the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6311 to 6339, is insufficient to satisfy all demand for transportation under divisions (D)(1)(b) and (D)(2)(a) of this section and to pay the costs of all of the supplemental educational services provided to students under division (D)(2)(b) of this section, the district shall grant priority over all other students in providing transportation and in paying the costs of supplemental educational services to the lowest achieving students among the subgroup described in division (B)(3) of section 3302.01 of the Revised Code.

Any district that does not receive funds under Title I, Part A of the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6311 to 6339, shall not be required to provide

transportation to any student who enrolls in an alternative building under division (D)(2)(a) of this section or to pay the costs of supplemental educational services provided to any student under division (D)(2)(b) of this section.

No student who enrolls in an alternative building under division (D)(2)(a) of this section shall be eligible for supplemental educational services under division (D)(2)(b) of this section.

(3) For any school building that fails to make adequate yearly progress for four consecutive school years, the district shall continue to comply with division (D)(2) of this section and shall implement at least one of the following options with respect to the building:

(a) Institute a new curriculum that is consistent with the statewide academic standards adopted pursuant to division (A) of section 3301.079 of the Revised Code;

(b) Decrease the degree of authority the building has to manage its internal operations;

(c) Appoint an outside expert to make recommendations for improving the academic performance of the building. The district may request the department to establish a state intervention team for this purpose pursuant to division (E) of this section.

(d) Extend the length of the school day or year;

(e) Replace the building principal or other key personnel;

(f) Reorganize the administrative structure of the building.

(4) For any school building that fails to make adequate yearly progress for five consecutive school years, the district

shall continue to comply with division (D)(2) of this section and shall develop a plan during the next succeeding school year to improve the academic performance of the building, which shall include at least one of the following options:

(a) Reopen the school as a community school under Chapter 3314. of the Revised Code;

(b) Replace personnel;

(c) Contract with a nonprofit or for-profit entity to operate the building;

(d) Turn operation of the building over to the department;

(e) Other significant restructuring of the building's governance.

(5) For any school building that fails to make adequate yearly progress for six consecutive school years, the district shall continue to comply with division (D)(2) of this section and shall implement the plan developed pursuant to division (D)(4) of this section.

(6) A district shall continue to comply with division (D)(1)(b) or (D)(2) of this section, whichever was most recently applicable, with respect to any building formerly subject to one of those divisions until the building makes adequate yearly progress for two consecutive school years.

(E) The department may establish a state intervention team to evaluate all aspects of a school district or building, including management, curriculum, instructional methods, resource allocation, and scheduling. Any such intervention team shall be appointed by the department and shall include teachers and administrators recognized as outstanding in their fields.

The intervention team shall make recommendations regarding methods for improving the performance of the district or building.

The department shall not approve a district's request for an intervention team under division (D)(3) of this section if the department cannot adequately fund the work of the team, unless the district agrees to pay for the expenses of the team.

Furthermore, an exemption from any operating standard adopted under division (B)(2) or (D) of section 3301.07 of the Revised Code shall be granted only pursuant to a waiver granted by the director of education and workforce under division (O) of that section.

(B) The department shall accept any application submitted in accordance with division (A) of this section. The director shall approve or disapprove the application in accordance with standards for approval, which shall be adopted by the department.

(C) The director shall exempt each district or service center board or chartered nonpublic school administrative authority with an application approved under division (B) of this section for a specified period from the statutory provisions or rules specified in the approved application. The period of exemption shall not exceed the period during which the pilot program proposed in the application is being implemented and a reasonable period to allow for evaluation of the effectiveness of the program.

(D) The department shall promote innovative educational

Appointments to the commission shall be made within thirty days after the district is notified that it is subject to this section. Members of the commission shall serve at the pleasure of their appointing authority. The director shall designate a chairperson for the commission from among the members appointed by the director. The chairperson shall call and conduct meetings, set meeting agendas, and serve as a liaison between the commission and the chief executive officer appointed under division (C)(1) of this section.

(2) In the case of a school district that meets the condition in division (A)(2) of this section, the academic distress commission established for the district under former section 3302.10 of the Revised Code shall be abolished and a new academic distress commission shall be appointed for the district pursuant to division (B)(1) of this section.

(D) The academic distress commission, in consultation with the director of education and workforce and the chief executive officer, shall be responsible for expanding high-quality school choice options in the district. The commission, in consultation with the director, may create an entity to act as a high-quality school accelerator for schools not operated by the district. The accelerator shall promote high-quality schools in the district, lead improvement efforts for underperforming schools, recruit high-quality sponsors for community schools, attract new high-quality schools to the district, and increase the overall capacity of schools to deliver a high-quality education for students. Any accelerator shall be an independent entity and the chief executive officer shall have no authority over the accelerator.

(E)(1) Within thirty days after the chief executive

officer is appointed, the chief executive officer shall convene a group of community stakeholders. The purpose of the group shall be to develop expectations for academic improvement in the district and to assist the district in building relationships with organizations in the community that can provide needed services to students. Members of the group shall include, but shall not be limited to, educators, civic and business leaders, and representatives of institutions of higher education and government service agencies. The group convened for each school shall have teachers employed in the school and parents of students enrolled in the school among its members.

(2) The chief executive officer shall create a plan to improve the district's academic performance. In creating the plan, the chief executive officer shall consult with the groups convened under division (E)(1) of this section. The chief executive officer also shall consider the availability of funding to ensure sustainability of the plan. The plan shall establish clear, measurable performance goals for the district and for each school operated by the district. The performance goals shall include, but not be limited to, the performance measures prescribed for report cards issued under section 3302.03 of the Revised Code. Within ninety days after the chief executive officer is appointed, the chief executive officer shall submit the plan to the academic distress commission for approval. suggests modifications, the chief executive officer may revise the plan before resubmitting it to the commission. The chief executive officer shall resubmit the plan, whether revised or not, within fifteen days after the commission suggests modifications. The commission shall approve the plan within thirty days after the plan is resubmitted. Upon approval of the plan by the commission, the chief executive officer shall implement the plan.

(F) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, if the district board has entered into, modified, renewed, or extended a collective bargaining agreement on or after October 15, 2015, that contains provisions relinquishing one or more of the rights or responsibilities listed in division (C) of section 4117.08 of the Revised Code, those provisions are not enforceable and the chief executive officer and the district board shall resume holding those rights or responsibilities as if the district board had not relinquished them in that agreement until such time as both the academic distress commission ceases to exist and the district board agrees to relinquish those rights or responsibilities in a new collective bargaining agreement. For purposes of this section, "collective bargaining agreement" shall include any labor contract or agreement in effect with any applicable bargaining representative. The chief executive officer and the district board are not required to bargain on subjects reserved to the management and direction of the school district, including, but not limited to, the rights or responsibilities listed in division (C) of section 4117.08 of the Revised Code. The way in which these subjects and these rights or responsibilities may affect the wages, hours, terms and conditions of employment, or the continuation, modification,

or deletion of an existing provision of a collective bargaining agreement is not subject to collective bargaining or effects bargaining under Chapter 4117. of the Revised Code. The provisions of this paragraph apply to a collective bargaining agreement entered into, modified, renewed, or extended on or after October 15, 2015, and those provisions are deemed to be part of that agreement regardless of whether the district satisfied the conditions prescribed in division (A) of this section at the time the district entered into that agreement. If the district board relinquished one or more of the rights or responsibilities listed in division (C) of section 4117.08 of the Revised Code in a collective bargaining agreement entered into prior to October 15, 2015, and had resumed holding those rights or responsibilities pursuant to division (K) of former section 3302.10 of the Revised Code, as it existed prior to that date, the district board shall continue to hold those rights or responsibilities until such time as both the new academic distress commission appointed under this section ceases to exist upon completion of the transition period specified in division (N)(1) of this section and the district board agrees to relinquish those rights or responsibilities in a new collective bargaining agreement.

(G) In each school year that the district is subject to this section, the following shall apply:

(1) The chief executive officer shall implement the improvement plan approved under division (E)(2) of this section and shall review the plan annually to determine if changes are needed. The chief executive officer may modify the plan upon the approval of the modifications by the academic distress commission.

(b) Provide mentoring;

(c) Provide job resources;

(d) Disseminate higher education information;

(e) Offer recreational or cultural activities;

(f) Provide any other services that will contribute to a successful learning environment.

The chief executive officer shall establish a separate fund to support innovative education programs and shall deposit any moneys appropriated by the general assembly for the purposes of division (G)(2) of this section in the fund. The chief executive officer shall have sole authority to disburse moneys from the fund until the district is no longer subject to this section. All disbursements shall support the improvement plan approved under division (E)(2) of this section.

(3) If the district is not a school district in which the pilot project scholarship program is operating under sections 3313.974 to 3313.979 of the Revised Code, each student who is entitled to attend school in the district under section 3313.64 or 3313.65 of the Revised Code and is enrolled in a school operated by the district or in a community school, or will be both enrolling in any of grades kindergarten through twelve in this state for the first time and at least five years of age by the first day of January of the following school year, shall be eligible to participate in the educational choice scholarship

pilot program established under sections 3310.01 to 3310.17 of the Revised Code and an application for the student may be submitted during the next application period.

(4) Notwithstanding anything to the contrary in the Revised Code, the chief executive officer may limit, suspend, or alter any contract with an administrator that is entered into, modified, renewed, or extended by the district board on or after October 15, 2015, provided that the chief executive officer shall not reduce any salary or base hourly rate of pay unless such salary or base hourly rate reductions are part of a uniform plan affecting all district employees and shall not reduce any insurance benefits unless such insurance benefit reductions are also applicable generally to other employees of the district.

(5) The chief executive officer shall represent the district board during any negotiations to modify, renew, or extend a collective bargaining agreement entered into by the board under Chapter 4117. of the Revised Code.

(H) If the report card for the district has been issued under section 3302.03 of the Revised Code for the first school year that the district is subject to this section and the district does not meet the qualification in division (N)(1) of this section, the following shall apply:

(1) The chief executive officer may reconstitute any school operated by the district. The chief executive officer shall present to the academic distress commission a plan that lists each school designated for reconstitution and explains how the chief executive officer plans to reconstitute the school. The chief executive officer may take any of the following actions to reconstitute a school:

(a) Change the mission of the school or the focus of its curriculum;

(b) Replace the school's principal and/or administrative staff;

(c) Replace a majority of the school's staff, including teaching and nonteaching employees;

(d) Contract with a nonprofit or for-profit entity to manage the operations of the school. The contract may provide for the entity to supply all or some of the staff for the school.

(e) Reopen the school as a community school under Chapter 3314. of the Revised Code or a science, technology, engineering, and mathematics school under Chapter 3326. of the Revised Code;

(f) Permanently close the school.

If the chief executive officer plans to reconstitute a school under division (H)(1)(e) or (f) of this section, the commission shall review the plan for that school and either approve or reject it by the thirtieth day of June of the school year. Upon approval of the plan by the commission, the chief executive officer shall reconstitute the school as outlined in the plan.

(2) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the chief executive officer, in consultation with the chairperson of the academic distress commission, may reopen any collective bargaining agreement entered into, modified, renewed, or extended on or after October 15, 2015, for the purpose of renegotiating its terms. The chief executive officer shall have the sole discretion to designate any provisions of a collective bargaining agreement as subject

to reopening by providing written notice to the bargaining representative. Any provisions designated for reopening by the chief executive officer shall be subject to collective bargaining as set forth in Chapter 4117. of the Revised Code. Any changes to the provisions subject to reopening shall take effect on the following first day of July or another date agreed to by the parties. The chief executive officer may reopen a collective bargaining agreement under division (H)(2) of this section as necessary to reconstitute a school under division (H)(1) of this section.

(I) If the report card for the district has been issued under section 3302.03 of the Revised Code for the second school year that the district is subject to this section and the district does not meet the qualification in division (N)(1) of this section, the following shall apply:

(1) The chief executive officer may exercise any of the powers authorized under division (H) of this section.

(2) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the chief executive officer may limit, suspend, or alter any provision of a collective bargaining agreement entered into, modified, renewed, or extended on or after October 15, 2015, provided that the chief executive officer shall not reduce any base hourly rate of pay and shall not reduce any insurance benefits. The decision to limit, suspend, or alter any provision of a collective bargaining agreement under this division is not subject to bargaining under Chapter 4117. of the Revised Code; however, the chief executive officer shall have the discretion to engage in effects bargaining on the way any such decision may affect wages, hours, or terms and conditions of employment. The chief

executive officer may limit, suspend, or alter a provision of a collective bargaining agreement under division (I)(2) of this section as necessary to reconstitute a school under division (H)(1) of this section.

(J) If the report card for the district has been issued under section 3302.03 of the Revised Code for the third school year that the district is subject to this section and the district does not meet the qualification in division (N)(1) of this section, the following shall apply:

(1) The chief executive officer may exercise any of the powers authorized under division (H) or (I) of this section.

(2) The chief executive officer may continue in effect a limitation, suspension, or alteration of a provision of a collective bargaining agreement issued under division (I)(2) of this section. Any such continuation shall be subject to the requirements and restrictions of that division.

(K) If the report card for the district has been issued under section 3302.03 of the Revised Code for the fourth school year that the district is subject to this section and the district does not meet the qualification in division (N)(1) of this section, the following shall apply:

(1) The chief executive officer may exercise any of the powers authorized under division (H), (I), or (J) of this section.

(2) A new board of education shall be appointed for the district in accordance with section 3302.11 of the Revised Code. However, the chief executive officer shall retain complete operational, managerial, and instructional control of the district until the chief executive officer relinquishes that

control to the district board under division (N)(1) of this section.

(L) If the report card for the district has been issued under section 3302.03 of the Revised Code for the fifth school year, or any subsequent school year, that the district is subject to this section and the district does not meet the qualification in division (N)(1) of this section, the chief executive officer may exercise any of the powers authorized under division (H), (I), (J), or (K)(1) of this section.

(M) If division (I), (J), (K), or (L) of this section applies to a district, community schools, STEM schools, chartered nonpublic schools, and other school districts that enroll students residing in the district and meet academic accountability standards shall be eligible to be paid an academic performance bonus in each fiscal year for which the general assembly appropriates funds for that purpose. The academic performance bonus is intended to give students residing in the district access to a high-quality education by encouraging high-quality schools to enroll those students.

(N)(1) When a district subject to this section receives ~~either an overall grade of "C" or higher under division (C)(3) of section 3302.03 of the Revised Code or~~ an overall performance rating of three stars or higher under ~~division (D)(3) of~~ section 3302.03 of the Revised Code, the district shall begin its transition out of being subject to this section. Except as provided in division (N)(2) of this section, the transition period shall last until the district has received ~~either an overall grade higher than "F" under division (C)(3) of section 3302.03 of the Revised Code or~~ an overall performance rating of two stars or higher under ~~division (D)(3) of~~ section 3302.03 of

the Revised Code for two consecutive school years after the transition period begins. The ~~overall grade of "C" or higher or~~ overall performance rating of three stars or higher that qualify the district to begin the transition period shall not count as one of the two consecutive school years. During the transition period, the conditions described in divisions (F) to (L) of this section for the school year prior to the school year in which the transition period begins shall continue to apply and the chief executive officer shall work closely with the district board and district superintendent to increase their ability to resume control of the district and sustain the district's academic improvement over time. Upon completion of the transition period, the chief executive officer shall relinquish all operational, managerial, and instructional control of the district to the district board and district superintendent and the academic distress commission shall cease to exist.

(2) If the district receives ~~either an overall grade of "F" under division (C)(3) of section 3302.03 of the Revised Code or~~ an overall performance rating of less than two stars under ~~division (D)(3) of~~ section 3302.03 of the Revised Code at any time during the transition period, the transition period shall end and the district shall be fully subject to this section again. The district shall resume being fully subject to this section at the point it began its transition out of being subject to this section and the division in divisions (H) to (L) of this section that would have applied to the district had the district not qualified to begin its transition under division (N)(1) of this section shall apply to the district.

(O) If at any time there are no longer any schools operated by the district due to reconstitution or other closure of the district's schools under this section, the academic

distress commission shall cease to exist and the chief executive officer shall cease to exercise any powers with respect to the district.

(P) Beginning on October 15, 2015, each collective bargaining agreement entered into by a school district board of education under Chapter 4117. of the Revised Code shall incorporate the provisions of this section.

(Q) The chief executive officer, the members of the academic distress commission, the director of education and workforce, and any person authorized to act on behalf of or assist them shall not be personally liable or subject to any suit, judgment, or claim for damages resulting from the exercise of or failure to exercise the powers, duties, and functions granted to them in regard to their functioning under this section, but the chief executive officer, commission, director, and such other persons shall be subject to mandamus proceedings to compel performance of their duties under this section.

(R) The department of education and workforce shall not exempt any district from this section by approving an application for an innovative education pilot program submitted by the district under section 3302.07 of the Revised Code.

Sec. 3302.12. (A)(1) Except as provided in divisions (C) and (D) of this section, this section applies to a school building that is ranked according to performance index score under section 3302.21 of the Revised Code in the lowest five per cent of public school buildings statewide for three consecutive years and that meets any combination of the following for three consecutive years:

(a) ~~The school building has received a grade of "F" for~~

~~the value-added progress dimension under division (A)(1)(c), (B)(1)(c), or (C)(1)(c) of section 3302.03 of the Revised Code;~~

~~(b) The school building has received an overall grade of "F" under section 3302.03 of the Revised Code;~~

~~(c)~~ The school building has received a performance rating of one star for progress under ~~division (D)(3)(c) of~~ section 3302.03 of the Revised Code;

~~(d)~~ (b) The school building has received an overall performance rating of less than two stars under section 3302.03 of the Revised Code.

(c) Replace the principal and all teaching staff of the school and, upon request from the new principal, exempt the school from all requested policies and regulations of the board regarding curriculum and instruction. The board also shall distribute funding to the school in an amount that is at least equal to the product of the per pupil amount of state and local revenues received by the district multiplied by the student

population of the school.

(d) Reopen the school as a conversion community school under Chapter 3314. of the Revised Code.

(B) If an action taken by the board under division (A)(2) of this section causes the district to no longer maintain all grades kindergarten through twelve, as required by section 3311.29 of the Revised Code, the board shall enter into a contract with another school district pursuant to section 3327.04 of the Revised Code for enrollment of students in the schools of that other district to the extent necessary to comply with the requirement of section 3311.29 of the Revised Code. Notwithstanding any provision of the Revised Code to the contrary, if the board enters into and maintains a contract under section 3327.04 of the Revised Code, the district shall not be considered to have failed to comply with the requirement of section 3311.29 of the Revised Code. If, however, the district board fails to or is unable to enter into or maintain such a contract, the state board of education shall take all necessary actions to dissolve the district as provided in division (A) of section 3311.29 of the Revised Code.

~~(C) If a particular school is required to restructure under this section and a petition with respect to that same school has been filed and verified under divisions (B) and (C) of section 3302.042 of the Revised Code, the provisions of that section and the petition filed and verified under it shall prevail over the provisions of this section and the school shall be restructured under that section. However, if division (D)(1), (2), or (3) of section 3302.042 of the Revised Code also applies to the school, the school shall be subject to restructuring under this section and not section 3302.042 of the Revised Code.~~

If the provisions of this section conflict in any way with the requirements of federal law, federal law shall prevail over the provisions of this section.

~~(D)~~ (C) If a school is restructured under this section~~,~~ ~~section 3302.042~~ or section 3302.10 of the Revised Code, or federal law, the school shall not be required to restructure again under state law for three consecutive years after the implementation of that prior restructuring.

(D) Any school district or community school to which this section applies shall no longer be required to submit an improvement plan pursuant to division (B) of this section when that district or school meets either of the following criteria, as reported on the most recent report card issued for that district or school under section 3302.03 of the Revised Code:

(3) Any provision of the Revised Code or rule or standard of the department requiring teachers to be licensed specifically in the grade level in which they are teaching, except unless otherwise prescribed by federal law. This exemption does not apply to special education teachers. Nor does this exemption relieve a teacher from holding a valid Ohio license in the subject area in which that teacher is teaching and at least some grade level determined appropriate by the district board.

(B)(1) Notwithstanding anything to the contrary in the Revised Code, including sections 3319.30 and 3319.36 of the Revised Code, the superintendent of a school district that qualifies under division (D) of this section may employ an individual who is not licensed as required by sections 3319.22

The state board shall use the information submitted to enroll the individual in the retained applicant fingerprint database, established under section 109.5721 of the Revised Code, in the same manner as any teacher licensed under sections 3319.22 to 3319.31 of the Revised Code.

(3) An individual employed pursuant to this division is subject to Chapter 3307. of the Revised Code.

If the state board receives notification of the arrest or conviction of an individual employed under division (B) of this section, the state board shall promptly notify the employing district and may take any action authorized under sections 3319.31 and 3319.311 of the Revised Code that it considers appropriate. (C) Notwithstanding anything to the contrary in the Revised Code, noncompliance with any of the requirements listed in divisions (A) or (B) of this section shall not disqualify a school district that qualifies under division (D) of this section from receiving funds under Chapter 3317. of the Revised Code.

(D) In order for a city, local, or exempted village school district to qualify for the exemptions described in this section, the school district shall meet both of the following benchmarks on the most recent report card issued for that district under section 3302.03 of the Revised Code:

(E)(1) A school district that meets the requirements prescribed by division (D) of this section shall be qualified for the exemptions prescribed by this section for three school years, beginning with the school year in which the qualifying report card is issued.

(2) The exemption prescribed under this division may be renewed every three school years if the school district

continues to meet the requirements prescribed in division (D) of this section.

(3) The department of education and workforce, by the thirtieth day of September in each school year, shall notify each district that becomes eligible for the exemptions under this section that the district is eligible and that such exemptions exist.

(F) As used in this section, "license" has the same meaning as in section 3319.31 of the Revised Code.

Sec. 3302.17. (A) Any school building operated by a city, exempted village, or local school district, or a community school established under Chapter 3314. of the Revised Code is eligible to initiate the community learning center process as prescribed by this section.

The board or governing authority shall conduct a follow-up hearing at least once annually until action is further taken under the section with respect to the school building or until the conditions described in division (A) of this section no longer apply to the school building.

vote in the election.

The board or governing authority shall distribute the ballots by mail and shall make copies available at the school and on the web site of the school. The board or governing authority also may distribute the ballots by directly giving ballots to teachers and nonteaching employees and sending home ballots with every student enrolled in the school building.

After the school action team presents its findings at the public hearing, it shall create a community learning center improvement plan that designates appropriate interventions, which may be based on the recommendations developed by the department under division (H)(1)(b) of this section.

If there is a federally mandated school improvement planning process, the team shall coordinate its work with that plan.

The school action team shall approve the plan by a majority vote.

(G) Upon approval of the plan by the school action team, the team shall submit the community learning center improvement plan to the same individuals described in division (C) of this section. Ballots shall be distributed and an election shall be conducted in the same manner as indicated under that division.

Sec. 3313.11. Notwithstanding division (D) of section 3311.19 and division (D) of section 3311.52 of the Revised Code, this section does not apply to any joint vocational or cooperative education school district.

A vacancy in any board of education may be caused by death, nonresidence, resignation, removal from office, failure of a person elected or appointed to qualify within ten days after the organization of the board or of appointment or

election, removal from the district, or absence from meetings of the board for a period of ninety days, if such absence is caused by reasons declared insufficient by a two-thirds vote of the remaining members of the board, which vote must be taken and entered upon the records of the board not ~~less~~ more than ~~thirty~~ sixty days after such absence.

If the board members are selected by appointment pursuant to division (B) or (F) of section 3311.71 of the Revised Code, the appointing authority responsible for the appointment shall fill any such vacancy by appointment of an individual to serve the remainder of the unexpired term from a slate of at least three persons proposed by the municipal school district nominating panel established under that section. If the member creating the vacancy resides in a municipal school district but not in the municipal corporation containing the greatest portion of the district's territory, the individuals included on such slate shall also reside in the municipal school district but not in the municipal corporation containing the greatest portion of the district's territory.

If the board members are selected by election, the board shall fill any such vacancy at ~~its next~~ any regular or special meeting~~, not earlier than ten days~~ within sixty days after ~~such~~ the vacancy occurs. A majority vote of all the remaining members of the board may fill any such vacancy. Immediately after such a vote, the treasurer of the board of education shall give written notice to the board of elections responsible for conducting elections for that school district that a vacancy has been filled, and the name of the person appointed to fill the vacancy. Each person selected by the board or probate court to fill a vacancy shall hold office for the shorter of the following periods: until the completion of the unexpired term,

or until the first day of January immediately following the next regular board of education election taking place more than ninety days after a person is selected by the board or probate court to fill the vacancy. At that election, a special election to fill the vacancy shall be held in accordance with laws controlling regular elections for board of education members, except that no such special election shall be held if the unexpired term ends on or before the first day of January immediately following that regular board of education election. The term of a person chosen at a special election under this section shall begin on the first day of January immediately following the election, and the person shall serve for the remainder of the unexpired term. Whenever the need for a special election under this section becomes known, the board of education shall immediately give written notice of this fact to the board of elections responsible for conducting the regular board of education election for that school district.

The term of a board of education member shall not be lengthened by the member's resignation and subsequent selection by the board or probate court under this section.

Sec. 3313.411. (A) As used in this section:

(1) ~~"College-preparatory boarding school" means a college-preparatory boarding school established under Chapter 3328. of the Revised Code.~~

~~(2)~~ "Community school" means a community school established under Chapter 3314. of the Revised Code.

~~(3)~~ (2) "High-performing community school" has the same meaning as in section 3313.413 of the Revised Code.

~~(4)~~ (3) "STEM school" means a science, technology,

engineering, and mathematics school established under Chapter 3326. of the Revised Code.

~~(5)~~ (4) "Unused school facilities" means either:

(a) Any real property that has been used by a school district for school operations, including, but not limited to, academic instruction or administration, since July 1, 1998, but has not been used in that capacity for one year;

(b) Any school building that has been used for direct academic instruction but less than sixty per cent of the building was used for that purpose in the preceding school year.

(B)(1) Except as provided in section 3313.412 of the Revised Code, on and after June 30, 2011, any school district board of education shall offer any unused school facilities it owns in its corporate capacity for lease or sale to the governing authorities of community schools~~, the boards of trustees of any college-preparatory boarding schools,~~ and the governing bodies of any STEM schools~~,~~ that are located within the territory of the district. Not later than sixty days after the district board makes the offer, interested governing authorities~~, boards of trustees,~~ and governing bodies shall notify the district treasurer in writing of the intention to lease or purchase the property.

The district board shall give priority to the governing authorities of high-performing community schools that are located within the territory of the district.

(2) At the same time that a district board makes the offer required under division (B)(1) of this section, the board also may, but shall not be required to, offer that property for sale or lease to the governing authorities of community schools with

plans, stipulated in their contracts entered into under section 3314.03 of the Revised Code, either to relocate their operations to the territory of the district or to add facilities, as authorized by division (B)(3) or (4) of section 3314.05 of the Revised Code, to be located within the territory of the district.

(C)(1) If, not later than sixty days after the district board makes the offer, only one governing authority of a high-performing community school offered the property under division (B) of this section notifies the district treasurer in writing of the intention to purchase the property pursuant to that division, the district board shall sell the property to that party for the appraised fair market value of the property as determined in an appraisal of the property that is not more than one year old.

If, not later than sixty days after the district board makes the offer, more than one governing authority of a high-performing community school offered the property under division (B) of this section notifies the district treasurer in writing of the intention to purchase the property pursuant to that division, the board shall conduct a public auction in the manner required for auctions of district property under division (A) of section 3313.41 of the Revised Code. Only the governing authorities of high-performing community schools that notified the district treasurer of the intention to purchase the property pursuant to division (B) of this section are eligible to bid at the auction. The district board is not obligated to accept any bid for the property that is lower than the appraised fair market value of the property as determined in an appraisal that is not more than one year old.

(2) If, not later than sixty days after the district board makes the offer, no governing authority of a high-performing community school notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the board shall then proceed with the offers from all other start-up community schools~~, college-preparatory boarding schools,~~ and STEM schools made pursuant to that division.

If more than one such entity notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the board shall conduct a public auction in the manner required for auctions of district property under division (A) of section 3313.41 of the Revised Code. Only the entities that notified the district treasurer pursuant to division (B) of this section are eligible to bid at the auction.

(3) If more than one governing authority of a high-performing community school notifies the district treasurer in writing of the intention to lease the property pursuant to division (B) of this section, the district board shall conduct a lottery to select from among those governing authorities the one qualified governing authority to which the district board shall lease the property.

If no such governing authority of a high-performing community school notifies the district treasurer of its intention to lease the property pursuant to division (B) of this section, the board shall then proceed with the offers from all other start-up community schools~~, college-preparatory boarding schools,~~ and STEM schools made pursuant to that division. If more than one other start-up community school~~, college-preparatory boarding school,~~ or STEM school notified the

district treasurer of its intention to lease the property pursuant to division (B) of this section, the district board shall conduct a lottery to select from among those parties the one qualified party to which the district board shall lease the property.

(4) The lease price offered by a district board to a community school~~, college-preparatory boarding school,~~ or STEM school under this section shall not be higher than the fair market value for such a leasehold as determined in an appraisal that is not more than one year old.

(5) If no qualified party offered the property under division (B) of this section accepts the offer to lease or buy the property within sixty days after the offer is made, the district board may offer the property to any other entity in accordance with divisions (A) to (F) of section 3313.41 of the Revised Code.

(D) Notwithstanding division (B) of this section, a school district board may renew any agreement it originally entered into prior to June 30, 2011, to lease real property to an entity other than a community school~~, college-preparatory boarding school,~~ or STEM school. Nothing in this section shall affect the leasehold arrangements between the district board and that other entity.

(E)(1) Except as provided in division (E)(2) of this section, the governing authority of a community school~~, board of trustees of a college-preparatory boarding school,~~ or governing body of a STEM school shall not sell any property purchased under division (B) of this section within five years of purchasing that property.

(2) The governing authority~~, board of trustees,~~ or governing body may sell a property purchased under division (B) of this section within five years of the purchase, only if the governing authority~~, board of trustees,~~ or governing body sells or transfers that property to another entity described in that division.

Sec. 3313.413. (A) As used in this section, "high-performing community school" means a community school established under Chapter 3314. of the ~~Revise~~ Revised Code that meets any of the following conditions:

(1) Except as provided for in division (A)(2) or (3) of this section, the community school does both of the following:

(a) The school has a higher performance index score than the school district in which the school is located on the two most recent report cards issued under section 3302.03 of the Revised Code.

(b) The school either has a performance rating of four stars or higher for progress on the most recent report card issued under section 3302.03 of the Revised Code or is a school described under division (B)(1) of section 3314.35 of the Revised Code and did not receive a rating for progress on the most recent report card.

(2) If the community school serves only grades kindergarten through three, the school received a performance rating of four stars or higher for early literacy on its most recent report card issued under section 3302.03 of the Revised Code.

(3) If the community school has not commenced operations or has been in operation for less than one school year, the

school meets the following conditions:

(a) The school is replicating an operational and instructional model used by a community school described in division (A)(1) or (2) of this section.

(b) The school either:

(i) Has an operator that received an overall rating of three stars or higher, or a "C" or higher, on its most recent performance report published under section 3314.031 of the Revised Code;

(ii) Does not have an operator and is sponsored by a sponsor that was rated "exemplary" or "effective" on its most recent evaluation conducted under section 3314.016 of the Revised Code.

(B) When a school district board of education decides to dispose of real property it owns in its corporate capacity under section 3313.41 of the Revised Code, the board shall first offer that property to the governing authorities of all start-up community schools~~, the boards of trustees of any college-preparatory boarding schools,~~ and the governing bodies of any STEM schools that are located within the territory of the district. Not later than sixty days after the district board makes the offer, interested governing authorities~~, boards of trustees,~~ and governing bodies shall notify the district treasurer in writing of the intention to purchase the property.

The district board shall give priority to the governing authorities of high-performing community schools that are located within the territory of the district.

(1) If more than one governing authority of a high-performing community school notifies the district treasurer of

its intention to purchase the property pursuant to division (B) of this section, the board shall conduct a public auction in the manner required for auctions of district property under division (A) of section 3313.41 of the Revised Code. Only the governing authorities of high-performing community schools that notified the district treasurer pursuant to division (B) of this section are eligible to bid at the auction.

(2) If no governing authority of a high-performing community school notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the board shall then proceed with the offers from all other start-up community schools~~, college-preparatory boarding schools,~~ and STEM schools made pursuant to that division. If more than one such entity notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the board shall conduct a public auction in the manner required for auctions of district property under division (A) of section 3313.41 of the Revised Code. Only the entities that notified the district treasurer pursuant to division (B) of this section are eligible to bid at the auction.

(3) If no governing authority~~, board of trustees,~~ or governing body notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the district may then offer the property for sale in the manner prescribed under divisions (A) to (F) of section 3313.41 of the Revised Code.

(C) Notwithstanding anything to the contrary in sections 3313.41 and 3313.411 of the Revised Code, the purchase price of any real property sold to any of the entities in accordance with division (B) of this section shall not be more than the

appraised fair market value of that property as determined in an appraisal of the property that is not more than one year old.

(D) Not later than the first day of October of each year, the department of education and workforce shall post in a prominent location on its web site a list of schools that qualify as high-performing community schools for purposes of this section and section 3313.411 of the Revised Code.

Sec. 3313.483. ~~(A) A board of education, upon the adoption of a resolution stating that it may be financially unable to open on the day or to remain open for instruction on all days set forth in its adopted school calendar and pay all obligated expenses, or the director of education and workforce upon the issuance of written notification under division (B) of section 3313.489 of the Revised Code, shall request the auditor of state to determine whether such situation exists. The auditor shall deliver a copy of each request from a board of education to the director. In the case of a school district not under a fiscal emergency pursuant to Chapter 3316. of the Revised Code the auditor shall not issue a finding under this section until written notification is received from the director pursuant to section 3313.487 of the Revised Code.~~

~~(B) If the auditor of state finds that the board of education has attempted to avail itself to the fullest extent authorized by law of all lawful revenue sources available to it except those authorized by section 5705.21 of the Revised Code, the auditor shall certify that finding to the department of education and workforce and shall certify the operating deficit the district will have at the end of the fiscal year if it commences or continues operating its instructional program in accordance with its adopted school calendar and pays all~~

~~obligated expenses.~~

~~(C)~~ No board of education may delay the opening of its schools or close its schools for financial reasons. Upon the request of the director of education and workforce, the attorney general shall seek injunctive relief and any other relief required to enforce this prohibition in the court of common pleas of Franklin county. The court of common pleas of Franklin county has exclusive original jurisdiction over all such actions.

~~(D) Upon the receipt of any certification of an operating deficit from the auditor of state, a board of education shall make application to a commercial bank, underwriter, or other prospective lender or purchaser of its obligations for a loan in an amount sufficient to enable the district to open or remain open for instruction on all days set forth in its adopted school calendar but not to exceed the amount of the deficit certified.~~

~~(E)(1) Any board of education that has applied for and been denied a loan from a commercial bank, underwriter, or other prospective lender or purchaser of its obligations pursuant to division (D) of this section shall submit to the director of education and workforce a plan for implementing reductions in the school district's budget; apply for a loan from a commercial bank, underwriter, or other prospective lender or purchaser of its obligations in an amount not to exceed its certified deficit; and provide the director such information as the director requires concerning its application for such a loan. The board of education of a school district declared to be under a fiscal watch pursuant to division (A) of section 3316.03 of the Revised Code may, upon approval of the director, utilize the financial plan required by section 3316.04 of the Revised Code,~~

~~or applicable parts thereof, as the plan required under this division. The board of education of a school district declared to be under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code may utilize the financial recovery plan for the district, or applicable parts thereof, as the plan required under this division. Except for the plan of a school district under a fiscal emergency, the director shall evaluate, make recommendations concerning, and approve or disapprove each plan. When a plan is submitted, the director shall immediately notify the members of the general assembly whose legislative districts include any or all of the territory of the school district submitting the plan.~~

~~(2) The director shall submit to the controlling board a copy of each plan the director approves, or each plan submitted by a district under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code, and the general terms of each proposed loan, and shall make recommendations regarding the plan and whether a proposed loan to the board of education should be approved for payment as provided in division (E)(3) of this section. The controlling board shall approve or disapprove the plan and the proposed loan presented to it by the director. In the case of a district not under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code, the controlling board may require a board of education to implement the director's recommendations for expenditure reductions or impose other requirements. Loan repayments shall be in accordance with a schedule approved by the director, except that the principal amount of the loan shall be payable in monthly, semiannual, or annual installments of principal and interest that are substantially equal principal and interest installments. Except as otherwise provided in division (E)(2) of**

~~this section, repayment shall be made no later than the fifteenth day of June of the second fiscal year following the approval of the loan. A school district with a certified deficit in excess of either twenty-five million dollars or fifteen per cent of the general fund expenditures of the district during the fiscal year shall repay the loan no later than the fifteenth day of June of the tenth fiscal year following the approval of the loan. In deciding whether to approve or disapprove a proposed loan, the controlling board shall consider the deficit certified by the auditor of state pursuant to this section. A board of education that has an outstanding loan approved pursuant to this section with a repayment date of more than two fiscal years after the date of approval of such loan may not apply for another loan with such a repayment date until the outstanding loan has been repaid.~~

~~(3) If a board of education has submitted and received controlling board approval of a plan and proposed loan in accordance with this section, the director of education and workforce shall report to the controlling board the actual amounts loaned to the board of education. Such board of education shall request the director to pay any funds the board of education would otherwise receive pursuant to Chapter 3306. of the Revised Code first directly to the holders of the board of education's notes, or an agent thereof, such amounts as are specified under the terms of the loan. Such payments shall be made only from and to the extent of money appropriated by the general assembly for purposes of such sections. No note or other obligation of the board of education under the loan constitutes an obligation nor a debt or a pledge of the faith, credit, or taxing power of the state, and the holder or owner of such note or obligation has no right to have taxes levied by the general~~

~~assembly for the payment of such note or obligation, and such note or obligation shall contain a statement to that effect.~~

~~(4) Pursuant to the terms of such a loan, a board of education may issue its notes in anticipation of the collection of its voted levies for current expenses or its receipt of such state funds or both. Such notes shall be issued in accordance with division (E) of section 133.10 of the Revised Code and constitute Chapter 133. securities to the extent such division and the otherwise applicable provisions of Chapter 133. of the Revised Code are not inconsistent with this section, provided that in any event sections 133.24 and 5705.21 and divisions (A), (B), (C), and (E)(2) of section 133.10 of the Revised Code do not apply to such notes.~~

~~(5) Notwithstanding section 133.36 or 3313.17, any other section of the Revised Code, or any other provision of law, a board of education that has received a loan under this section may not declare bankruptcy, so long as any portion of such loan remains unpaid.~~

~~(F)~~ Under this section ~~and section 3313.4810~~, "board of education" ~~or "district board"~~ includes the financial planning and supervision commission of a school district under a fiscal emergency pursuant to Chapter 3316. of the Revised Code ~~where such commission chooses to exercise the powers and duties otherwise required of the district board of education under this section and section 3313.4810 of the Revised Code~~.

Each student's electives shall include at least one unit, or two half units, chosen from among the areas of business/technology, fine arts, and/or foreign language.

(C) Beginning with students who enter ninth grade for the first time on or after July 1, 2010, except as provided in divisions (D) to (F) of this section, the requirements for graduation from every public and chartered nonpublic high school shall include twenty units that are designed to prepare students for the workforce and college. The units shall be distributed as follows:

(3) Mathematics, four units, which shall include one unit of algebra II or the equivalent of algebra II, or one unit of advanced computer science as described in the standards adopted pursuant to division (A)(4) of section 3301.079 of the Revised Code. However, students who enter ninth grade for the first time on or after July 1, 2015, and who are pursuing a career-technical instructional track shall not be required to take algebra II or advanced computer science, and instead may complete a career-based pathway mathematics course approved by

the department of education and workforce as an alternative.

For students who choose to take advanced computer science in lieu of algebra II under division (C)(3) of this section, the school shall communicate to those students that some institutions of higher education may require algebra II for the purpose of college admission. Also, the parent, guardian, or legal custodian of each student who chooses to take advanced computer science in lieu of algebra II shall sign and submit to the school a document containing a statement acknowledging that not taking algebra II may have an adverse effect on college admission decisions.

A student may fulfill one unit of mathematics under division (C)(3) of this section by completing one-half unit of financial literacy instruction to satisfy the requirement prescribed under division (C)(9) of this section and one-half unit of a mathematics course. The one-half unit course in mathematics shall not be in algebra II, or its equivalent, or a course for which the department requires an end-of-course examination under section 3301.0712 of the Revised Code.

Students who choose to take one unit of advanced computer science in lieu of algebra II, as described in division (C)(3) of this section, shall not be permitted to complete one-half unit of financial literacy instruction to satisfy the mathematics unit requirements of that division. Instead, those students shall be required to complete the one-half unit of financial literacy instruction under division (C)(8) of this section.

(4) Physical education, one-half unit;

(5) Science, three units with inquiry-based laboratory

experience that engages students in asking valid scientific questions and gathering and analyzing information, which shall include the following, or their equivalent:

(8) Five units consisting of one or any combination of foreign language, fine arts, business, career-technical education, family and consumer sciences, technology which may include computer science, agricultural education, a junior reserve officer training corps (JROTC) program approved by the congress of the United States under title 10 of the United States Code, or English language arts, mathematics, science, or social studies courses not otherwise required under division (C) of this section.

One-half unit of instruction under division (C)(8) of this section may be instruction in financial literacy to satisfy the requirement under division (C)(9) of this section.

(9)(a) Except as provided in division (C)(9)(b) of this section, for students who enter ninth grade for the first time on or after July 1, 2022, financial literacy, one-half unit. Each student shall elect to complete the one-half unit of instruction in financial literacy either in lieu of one-half unit of instruction in mathematics under division (C)(3) of this section or an elective under division (C)(8) of this section. A student may fulfill the financial literacy instruction requirement under division (C)(9) of this section through the successful completion of an advanced placement course in microeconomics or macroeconomics.

(b) A student attending a nonpublic school accredited through the independent schools association of the central states or any other chartered nonpublic school shall not be required to complete the one-half unit of financial literacy instruction prescribed in division (C)(9)(a) of this section, unless that student is attending the school under a state scholarship program as defined in section 3301.0711 of the

The instruction provided under an advanced placement course in microeconomics or macroeconomics shall be considered to be aligned with those academic content standards. In developing the curriculum for the study and instruction of financial literacy, schools may use available public-private partnerships and resources and materials that exist in business, industry, and through the centers for economics education at institutions of higher education.

Ohioans must be prepared to apply increased knowledge and skills in the workplace and to adapt their knowledge and skills quickly to meet the rapidly changing conditions of the twenty-first century. National studies indicate that all high school graduates need the same academic foundation, regardless of the opportunities they pursue after graduation. The goal of Ohio's system of elementary and secondary education is to prepare all students for and seamlessly connect all students to success in life beyond high school graduation, regardless of whether the next step is entering the workforce, beginning an apprenticeship, engaging in post-secondary training, serving in the military, or pursuing a college degree.

The requirements for graduation prescribed in division (C) of this section are the standard expectation for all students entering ninth grade for the first time at a public or chartered nonpublic high school on or after July 1, 2010. A student may satisfy this expectation through a variety of methods,

including, but not limited to, integrated, applied, career-technical, and traditional coursework.

Stronger coordination between high schools and institutions of higher education is necessary to prepare students for more challenging academic endeavors and to lessen the need for academic remediation in college, thereby reducing the costs of higher education for Ohio's students, families, and the state. The department and the chancellor of higher education shall develop policies to ensure that only in rare instances will students who complete the requirements for graduation prescribed in division (C) of this section require academic remediation after high school.

School districts, community schools, and chartered nonpublic schools shall integrate technology into learning experiences across the curriculum in order to maximize efficiency, enhance learning, and prepare students for success in the technology-driven twenty-first century. Districts and schools shall use distance and web-based course delivery as a method of providing or augmenting all instruction required under this division, including laboratory experience in science. Districts and schools shall utilize technology access and electronic learning opportunities provided by the broadcast educational media commission, chancellor, the Ohio learning network, education technology centers, public television stations, and other public and private providers.

(D) Except as provided in division (E) of this section, a student who enters ninth grade on or after July 1, 2010, and before July 1, 2016, may qualify for graduation from a public or chartered nonpublic high school even though the student has not completed the requirements for graduation prescribed in division

(C) of this section if all of the following conditions are satisfied:

(1) During the student's third year of attending high school, as determined by the school, the student and the student's parent, guardian, or custodian sign and file with the school a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(2) The student and parent, guardian, or custodian fulfill any procedural requirements the school stipulates to ensure the student's and parent's, guardian's, or custodian's informed consent and to facilitate orderly filing of statements under division (D)(1) of this section. Annually, each district or school shall notify the department of the number of students who choose to qualify for graduation under division (D) of this section and the number of students who complete the student's success plan and graduate from high school.

(3) The student and the student's parent, guardian, or custodian and a representative of the student's high school jointly develop a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(4) The student's high school provides counseling and support for the student related to the plan developed under

division (D)(3) of this section during the remainder of the student's high school experience.

(5)(a) Except as provided in division (D)(5)(b) of this section, the student successfully completes, at a minimum, the curriculum prescribed in division (B) of this section.

(b) Beginning with students who enter ninth grade for the first time on or after July 1, 2014, a student shall be required to complete successfully, at the minimum, the curriculum prescribed in division (B) of this section, except as follows:

(i) Mathematics, four units, one unit which shall be one of the following:

(I) Probability and statistics;

(II) Computer science;

(III) Applied mathematics or quantitative reasoning;

(IV) Any other course approved by the department using standards established by the superintendent not later than October 1, 2014.

(ii) Elective units, five units;

(iii) Science, three units as prescribed by division (B) of this section which shall include inquiry-based laboratory experience that engages students in asking valid scientific questions and gathering and analyzing information.

(E) Each school district and chartered nonpublic school retains the authority to require an even more challenging minimum curriculum for high school graduation than specified in division (B) or (C) of this section. A school district board of education, through the adoption of a resolution, or the

governing authority of a chartered nonpublic school may stipulate any of the following:

(1) A minimum high school curriculum that requires more than twenty units of academic credit to graduate;

(2) An exception to the district's or school's minimum high school curriculum that is comparable to the exception provided in division (D) of this section but with additional requirements, which may include a requirement that the student successfully complete more than the minimum curriculum prescribed in division (B) of this section;

(3) That no exception comparable to that provided in division (D) of this section is available.

If a school district or chartered nonpublic school requires a foreign language as an additional graduation requirement under division (E) of this section, a student may apply one unit of instruction in computer coding to satisfy one unit of foreign language. If a student applies more than one computer coding course to satisfy the foreign language requirement, the courses shall be sequential and progressively more difficult.

(F) A student enrolled in a dropout prevention and recovery program, which program has received a waiver from the department, may qualify for graduation from high school by successfully completing a competency-based instructional program administered by the dropout prevention and recovery program in lieu of completing the requirements for graduation prescribed in division (C) of this section. The department shall grant a waiver to a dropout prevention and recovery program, within sixty days after the program applies for the waiver, if the

program meets all of the following conditions:

(1) The program serves only students not younger than sixteen years of age and not older than twenty-one years of age.

(2) The program enrolls students who, at the time of their initial enrollment, either, or both, are at least one grade level behind their cohort age groups or experience crises that significantly interfere with their academic progress such that they are prevented from continuing their traditional programs.

(3) The program requires students to attain at least the applicable score designated for each of the assessments prescribed ~~under division (B)(1) of section 3301.0710 of the Revised Code~~ or, to the extent prescribed by rule of the department under division (D)(5) of section 3301.0712 of the Revised Code, under division (B)(2) of that section.

(4) The program develops a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student's matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(5) The program provides counseling and support for the student related to the plan developed under division (F)(4) of this section during the remainder of the student's high school experience.

(6) The program requires the student and the student's parent, guardian, or custodian to sign and file, in accordance with procedural requirements stipulated by the program, a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without

completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(7) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the department under section 3301.079 of the Revised Code will be taught and assessed.

(8) Prior to receiving the waiver, the program has submitted to the department a policy on career advising that satisfies the requirements of section 3313.6020 of the Revised Code, with an emphasis on how every student will receive career advising.

(9) Prior to receiving the waiver, the program has submitted to the department a written agreement outlining the future cooperation between the program and any combination of local job training, postsecondary education, nonprofit, and health and social service organizations to provide services for students in the program and their families.

Divisions (F)(8) and (9) of this section apply only to waivers granted on or after July 1, 2015.

If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.

(G) Every high school may permit students below the ninth grade to take advanced work. If a high school so permits, it

shall award high school credit for successful completion of the advanced work and shall count such advanced work toward the graduation requirements of division (B) or (C) of this section if the advanced work was both:

(1) Taught by a person who possesses a license or certificate issued under section 3301.071, 3319.22, or 3319.222 of the Revised Code that is valid for teaching high school;

(2) Designated by the board of education of the city, local, or exempted village school district, the board of the cooperative education school district, or the governing authority of the chartered nonpublic school as meeting the high school curriculum requirements.

Each high school shall record on the student's high school transcript all high school credit awarded under division (G) of this section. In addition, if the student completed a seventh- or eighth-grade fine arts course described in division (K) of this section and the course qualified for high school credit under that division, the high school shall record that course on the student's high school transcript.

(H) The department shall make its individual academic career plan available through its Ohio career information system web site for districts and schools to use as a tool for communicating with and providing guidance to students and families in selecting high school courses.

(I) A school district or chartered nonpublic school may integrate academic content in a subject area for which the department has adopted standards under section 3301.079 of the Revised Code into a course in a different subject area, including a career-technical education course, in accordance

with guidance for integrated coursework developed by the department. Upon successful completion of an integrated course, a student may receive credit for both subject areas that were integrated into the course. Units earned for subject area content delivered through integrated academic and career-technical instruction are eligible to meet the graduation requirements of division (B) or (C) of this section.

For purposes of meeting graduation requirements, if an end-of-course examination has been prescribed under section 3301.0712 of the Revised Code for the subject area delivered through integrated instruction, the school district or school may administer the related subject area examinations upon the student's completion of the integrated course.

Nothing in division (I) of this section shall be construed to excuse any school district, chartered nonpublic school, or student from any requirement in the Revised Code related to curriculum, assessments, or the awarding of a high school diploma.

(J)(1) The department, in consultation with the chancellor, shall adopt a statewide plan implementing methods for students to earn units of high school credit based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. The plan shall include a standard method for recording demonstrated proficiency on high school transcripts. Each school district and community school shall comply with the department's plan adopted under this division and award units of high school credit in accordance with the plan. The department may adopt existing methods for earning high school credit based on a demonstration of subject area competency as necessary prior to the 2009-2010

school year.

(2) The department shall update the statewide plan adopted pursuant to division (J)(1) of this section to also include methods for students enrolled in seventh and eighth grade to meet curriculum requirements based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. Beginning with the 2017-2018 school year, each school district and community school also shall comply with the updated plan adopted pursuant to this division and permit students enrolled in seventh and eighth grade to meet curriculum requirements based on subject area competency in accordance with the plan.

(3) The department shall develop a framework for school districts and community schools to use in granting units of high school credit to students who demonstrate subject area competency through work-based learning experiences, internships, or cooperative education. Beginning with the 2018-2019 school year, each district and community school shall comply with the framework. Each district and community school also shall review any policy it has adopted regarding the demonstration of subject area competency to identify ways to incorporate work-based learning experiences, internships, and cooperative education into the policy in order to increase student engagement and opportunities to earn units of high school credit.

(K) This division does not apply to students who qualify for graduation from high school under division (D) or (F) of this section, or to students pursuing a career-technical instructional track as determined by the school district board of education or the chartered nonpublic school's governing authority. Nevertheless, the general assembly encourages such

students to consider enrolling in a fine arts course as an elective.

Beginning with students who enter ninth grade for the first time on or after July 1, 2010, each student enrolled in a public or chartered nonpublic high school shall complete two semesters or the equivalent of fine arts to graduate from high school. The coursework may be completed in any of grades seven to twelve. Each student who completes a fine arts course in grade seven or eight may elect to count that course toward the five units of electives required for graduation under division (C)(8) of this section, if the course satisfied the requirements of division (G) of this section. In that case, the high school shall award the student high school credit for the course and count the course toward the five units required under division (C)(8) of this section. If the course in grade seven or eight did not satisfy the requirements of division (G) of this section, the high school shall not award the student high school credit for the course but shall count the course toward the two semesters or the equivalent of fine arts required by this division.

(L) Notwithstanding anything to the contrary in this section, the board of education of each school district and the governing authority of each chartered nonpublic school may adopt a policy to excuse from the high school physical education requirement each student who, during high school, has participated in interscholastic athletics, marching band, show choir, or cheerleading for at least two full seasons or in the junior reserve officer training corps for at least two full school years. If the board or authority adopts such a policy, the board or authority shall not require the student to complete any physical education course as a condition to graduate.

However, the student shall be required to complete one-half unit, consisting of at least sixty hours of instruction, in another course of study. In the case of a student who has participated in the junior reserve officer training corps for at least two full school years, credit received for that participation may be used to satisfy the requirement to complete one-half unit in another course of study.

(M) It is important that high school students learn and understand United States history and the governments of both the United States and the state of Ohio. Therefore, beginning with students who enter ninth grade for the first time on or after July 1, 2012, the study of American history and American government required by divisions (B)(6) and (C)(6) of this section shall include the study of all of the following documents:

(1) The Declaration of Independence;

(2) The Northwest Ordinance;

(3) The Constitution of the United States with emphasis on the Bill of Rights;

(4) The Ohio Constitution.

The study of each of the documents prescribed in divisions (M)(1) to (4) of this section shall include study of that document in its original context.

The study of American history and government required by divisions (B)(6) and (C)(6) of this section shall include the historical evidence of the role of documents such as the Federalist Papers and the Anti-Federalist Papers to firmly establish the historical background leading to the establishment of the provisions of the Constitution and Bill of Rights.

(N) A student may apply one unit of instruction in computer science to satisfy one unit of mathematics or one unit of science under division (C) of this section as the student chooses, regardless of the field of certification of the teacher who teaches the course, so long as that teacher meets the licensure requirements prescribed by section 3319.236 of the Revised Code and, prior to teaching the course, completes a professional development program determined to be appropriate by the district board.

If a student applies more than one computer science course to satisfy curriculum requirements under that division, the courses shall be sequential and progressively more difficult or cover different subject areas within computer science.

(O) Notwithstanding anything to the contrary in this section, the board of education of each school district and the governing authority of each chartered nonpublic school may adopt a policy to excuse from the financial literacy instruction requirement under division (C)(9) of this section each student who, during high school, participates in a financial literacy program offered through a student branch, as defined in section 1733.04 of the Revised Code, or by a bank, as defined in section 1101.01 of the Revised Code. The policy shall require the financial literacy program to meet or exceed the academic content standards and model curriculum for financial literacy and entrepreneurship instruction adopted under section 3301.079 of the Revised Code. The policy shall require a student to participate in the program for the equivalent of at least one-half unit of instruction to qualify for an exemption under this division.

Not later than July 1, 2026, the department shall develop

and post on its web site a model policy and guidelines for districts and schools to use in developing a policy under this division.

Sec. 3313.6026. (A) As used in this section, "school governing authority" means any of the following:

(1) The governing authority of a community school established under Chapter 3314. of the Revised Code;

(2) The governing body of a STEM school established under Chapter 3326. of the Revised Code;

(3) ~~The board of trustees of a college-preparatory boarding school established under Chapter 3328. of the Revised Code;~~

~~(4)~~ The governing authority of a chartered nonpublic school.

(B) Each school district board of education and each school governing authority that operates a high school shall enter into a data sharing agreement with the chancellor of higher education for the purposes of operating the free application for federal student aid data system established under section 3333.301 of the Revised Code. Each school district or school shall provide principals and school counselors with access to the data system to assist with efforts to support and encourage students to complete the free application for federal student aid form.

Sec. 3313.6028. (A)(1) As used in Title XXXIII of the Revised Code, "science of reading" means an interdisciplinary body of scientific evidence that:

(a) Informs how students learn to read and write

proficiently;

(b) Explains why some students have difficulty with reading and writing;

(c) Indicates that all students benefit from explicit and systematic instruction in phonemic awareness, phonics, vocabulary, fluency, comprehension, and writing to become effective readers;

(d) Does not rely on any model of teaching students to read based on meaning, structure and syntax, and visual cues, including a three-cueing approach.

(2) As used in this section, "three-cueing approach" means any model of teaching students to read based on meaning, structure and syntax, and visual cues.

(B) The department of education and workforce shall establish a list of high-quality core curriculum and instructional materials in English language arts, and a list of evidence-based reading intervention programs, that are aligned with the science of reading and strategies for effective literacy instruction.

(C) Beginning not later than the 2024-2025 school year, each school district, community school established under Chapter 3314. of the Revised Code, and STEM school established under Chapter 3326. of the Revised Code, shall use core curriculum and instructional materials in English language arts in each of grades pre-kindergarten to five and evidence-based reading intervention programs in each of grades pre-kindergarten to twelve only from the lists established under division (B) of this section. Except as provided in division (D) of this section, no district or school shall use any core curriculum,

instructional materials, or intervention program in grades pre-kindergarten to five that use the three-cueing approach to teach students to read.

(D) A district or school may apply to the department for a waiver on an individual student basis to use curriculum, instructional materials, or an intervention program in grades pre-kindergarten through five that uses the three-cueing approach to teach students to read, except as follows:

(1) No student for whom a reading improvement and monitoring plan has been developed under division (C) of section 3313.608 of the Revised Code shall be eligible for a waiver.

(2) If a student has an individualized education program that explicitly indicates the three-cueing approach is appropriate for the student's learning needs, the student shall not be required to have a waiver.

In determining whether to approve a waiver requested under this section, the department shall consider the performance of the student's district or school on the state report card issued under section 3302.03 of the Revised Code, including on the early literacy component prescribed under ~~division (D)(3)(c) of~~ that section.

(E)(1) The department shall identify vendors that provide professional development to educators, including pre-service teachers and faculty employed by educator preparation programs, on the use of high-quality core curriculum and instructional materials and reading intervention programs on the lists established under division (B) of this section.

(2) A professional development committee established under section 3319.22 of the Revised Code shall qualify any completed

professional development coursework provided by a vendor described in division (E)(1) of this section to count towards professional development coursework requirements for teacher licensure renewal.

(3) A professional development committee shall permit a teacher to apply any hours earned over the minimum amount of hours required for professional development coursework for teacher licensure renewal under division (E)(2) of this section to the next renewal period for that license.

~~(ii) Has satisfied the alternative conditions prescribed in section 3313.615 of the Revised Code.~~

~~(b) If the person entered the ninth grade on or after July 1, 2014, the person has met the~~ requirement prescribed by section 3313.618 of the Revised Code, except to the extent that the person is excused from an assessment prescribed by that section pursuant to section 3313.532 of the Revised Code or division ~~(H)~~ (G) or ~~(L)~~ (K) of this section.

(3) The person is not eligible to receive an honors diploma granted pursuant to division (B) of this section.

The department shall adopt rules prescribing the granting of honors diplomas under this division. These rules may prescribe the granting of honors diplomas that recognize a student's achievement as a whole or that recognize a student's achievement in one or more specific subjects or both. The rules may prescribe the granting of an honors diploma recognizing technical expertise for a career-technical student. division and the number of such criteria that must be met for the granting of that type of diploma. The diploma granted by the correctional institution shall be signed by the director of the institution, and by the person serving as principal of the institution's high school and shall bear the date of issue.

~~(L)(1)~~ (K)(1) Any student described by division (A)(1) of this section who is subject to divisions (A)(1) to (3) of section 3313.618 of the Revised Code may be awarded a diploma without meeting the requirements prescribed by those divisions provided an individualized education program specifically exempts the student from meeting such requirement. This division does not negate the requirement for a student to take the assessments prescribed by section 3301.0710 or under division (B) of section 3301.0712 of the Revised Code, or alternate assessments required by division (C)(1) of section 3301.0711 of the Revised Code, for the purpose of assessing student progress as required by federal law.

(2) Any student described by division (A)(1) of this section who is subject to division (B) of section 3313.618 of the Revised Code may be awarded a diploma without meeting the requirement prescribed by division (B)(1) of that section provided the student's individualized education program specifically exempts the student from meeting that requirement and either division ~~(L)(2)(a)~~ (K)(2)(a) or (b) of this section applies to the student, as follows:

(a)(i) The student took an alternate assessment in mathematics and English language arts administered to the

student in accordance with division (C)(1) of section 3301.0711 of the Revised Code and failed to attain a score established by the department on one or both assessments.

(iii) The student retook each examination in which the student did not attain the competency score and the student did not attain the competency score on the retake examination.

Sec. 3313.611. (A) The department of education and workforce shall adopt, by rule, standards for awarding high school credit equivalent to credit for completion of high school academic and vocational education courses to applicants for diplomas under this section. The standards may permit high school credit to be granted to an applicant for any of the following:

~~(b) On or after July 1, 2014, has met the~~ requirement prescribed by section 3313.618 of the Revised Code, except and only to the extent that the applicant is excused from some portion of that section pursuant to section 3313.532 of the Revised Code or division ~~(H)~~ (G) or ~~(L)~~ (K) of section 3313.61 of the Revised Code.

(4) The district board determines, in accordance with the standards adopted under division (A) of this section, that the applicant has attained sufficient high school credits, including equivalent credits awarded under such standards, to qualify as having successfully completed the curriculum required by the district for graduation.

(C) If a district board determines that an applicant is not eligible for a diploma under division (B) of this section, it shall inform the applicant of the reason the applicant is ineligible and shall provide a list of any courses required for the diploma for which the applicant has not received credit. (2) The person successfully completes the individualized education program developed for the person under section 3323.08 of the Revised Code.

However, any such person who passes the Ohio graduation test in any subject prior to passing the ninth grade proficiency test in the same subject shall be deemed to have passed the ninth grade proficiency test in that subject as a condition to receiving a diploma. For this purpose, the ninth grade proficiency test in citizenship substitutes for the Ohio graduation test in social studies. If a person began ninth grade prior to July 1, 2003, but does not pass a ninth grade proficiency test or the Ohio graduation test in a particular subject before September 15, 2008, and passage of a test in that subject is a condition for the person to receive a diploma, the person must pass the Ohio graduation test instead of the ninth grade proficiency test in that subject to receive a diploma.~~

~~(d) The department shall adopt rules prescribing the manner in which a person who began ninth grade for the first time prior to July 1, 2014, may be eligible for a high school diploma by combining the requirement prescribed by section 3313.618 or 3313.619 of the Revised Code and the requirement to attain at least the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on the assessments required by that division. The rules shall ensure that the combined requirements require a demonstration of mastery that is equivalent or greater to the expectations of the assessments prescribed by division (B)(1) of section 3301.0710 of the Revised Code. The rules shall include the following:~~

~~(i) The date by which a person who began ninth grade for the first time prior to July 1, 2014, may be eligible for a high~~

(1) A person who is under twenty-two years of age when the person fulfills the curriculum requirement for a diploma shall complete the curriculum required by the school district or school issuing the diploma for the first year that the person originally enrolled in high school, except for a person who qualifies for graduation from high school under either division (D) or (F) of section 3313.603 of the Revised Code.

(2) Once a person fulfills the curriculum requirement for a diploma, the person is never required, as a condition of receiving a diploma, to meet any different curriculum requirements that take effect pending the person's passage of proficiency tests or achievement tests or assessments, including

changes mandated by section 3313.603 of the Revised Code, the department, a school district board of education, or a governing authority of a community school or chartered nonpublic school.

Sec. 3313.618. For the purposes of this division, the industry-recognized credentials and licenses shall be as approved under section 3313.6113 of the Revised Code.

A student may choose to qualify for a high school diploma by satisfying any of the separate requirements prescribed by divisions (A)(1) to (3) of this section. If the student's school district or school does not administer the examination prescribed by one of those divisions that the student chooses to take to satisfy the requirements of this section, the school district or school may require that student to arrange for the applicable scores to be sent directly to the district or school by the company or organization that administers the examination.

(C) A district shall not charge tuition for children admitted under division (B)(1) or (3) of this section. If the

district admits a child under division (B)(2) of this section, tuition shall be paid to the district that admits the child as provided in divisions (C)(1) to (3) of this section, unless division (C)(4) of this section applies to the child:

(1) If the child receives special education in accordance with Chapter 3323. of the Revised Code, the school district of residence, as defined in section 3323.01 of the Revised Code, shall pay tuition for the child in accordance with section 3323.091, 3323.13, 3323.14, or 3323.141 of the Revised Code regardless of who has custody of the child or whether the child resides in a home.

(2) For a child that does not receive special education in accordance with Chapter 3323. of the Revised Code, except as otherwise provided in division (C)(2)(d) of this section, if the child is in the permanent or legal custody of a government agency or person other than the child's parent, tuition shall be paid by:

(a) The district in which the child's parent resided at the time the court removed the child from home or at the time the court vested legal or permanent custody of the child in the person or government agency, whichever occurred first;

(b) If the parent's residence at the time the court removed the child from home or placed the child in the legal or permanent custody of the person or government agency is unknown, tuition shall be paid by the district in which the child resided at the time the child was removed from home or placed in legal or permanent custody, whichever occurred first;

(c) If a school district cannot be established under division (C)(2)(a) or (b) of this section, tuition shall be paid

by the district determined as required by section 2151.362 of the Revised Code by the court at the time it vests custody of the child in the person or government agency;

(d) If at the time the court removed the child from home or vested legal or permanent custody of the child in the person or government agency, whichever occurred first, one parent was in a residential or correctional facility or a juvenile residential placement and the other parent, if living and not in such a facility or placement, was not known to reside in this state, tuition shall be paid by the district determined under division (D) of section 3313.65 of the Revised Code as the district required to pay any tuition while the parent was in such facility or placement;

(e) If the department of education and workforce has determined, pursuant to division (A)(2) of section 2151.362 of the Revised Code, that a school district other than the one named in the court's initial order, or in a prior determination of the department, is responsible to bear the cost of educating the child, the district so determined shall be responsible for that cost.

(3) If the child is not in the permanent or legal custody of a government agency or person other than the child's parent and the child resides in a home, tuition shall be paid by one of the following:

If a child to whom division (C)(4) of this section applies is a special education student, a district may choose whether to receive a tuition payment for that child under division (C)(4) of this section or to receive a payment for that child under section 3323.14 of the Revised Code. If a district chooses to receive a payment for that child under section 3323.14 of the Revised Code, it shall not receive a tuition payment for that child under division (C)(4) of this section.

If a child to whom division (C)(4) of this section applies is not a special education student, a district shall receive a tuition payment for that child under division (C)(4) of this section.

In the case of a child to which division (C)(4) of this section applies, the total educational cost to be paid for the child shall be determined by a formula approved by the department of education and workforce, which formula shall be designed to calculate a per diem cost for the educational services provided to the child for each day the child is served and shall reflect the total actual cost incurred in providing those services. The department shall certify the total educational cost to be paid for the child to both the school

district providing the educational services and, if different, the school district that is responsible to pay tuition for the child. The department shall deduct the certified amount from the state basic aid funds payable under Chapter 3317. of the Revised Code to the district responsible to pay tuition and shall pay that amount to the district providing the educational services to the child.

(5) In the case of a child to whom division (B)(4) of this section applies, and except as otherwise provided in division (C)(5)(f) of this section, tuition shall be paid to the home or facility for educational services provided to the child by the school district in which the child's parent resides according to the following:

(a) The total educational cost to be paid for the child shall be determined by a formula approved by the department of education and workforce. The department shall design the formula to calculate a per diem cost for the educational services provided to the child for each day the child is served and shall reflect the total actual cost incurred in providing those services. The department shall certify the total educational cost to be paid for the child to both the home or facility providing the educational services and the district that is responsible to pay the tuition for the child. The department shall deduct the certified amount from the state basic aid funds payable under Chapter 3317. of the Revised Code to the district responsible to pay tuition and shall pay that amount to the home or facility providing the educational services to the child.

(b) The district responsible to pay tuition shall continue to report the child in its enrollment for purposes of section 3317.03 of the Revised Code.

(c) If the parent's residence changes to a different school district while the child resides in the home or facility, the department of education and workforce may re-determine the school district responsible for tuition based on evidence provided by the district currently responsible for tuition.

(d) Upon a child's discharge from the home or facility, the home or facility shall immediately notify the district where the child's parent resides and the department of education and workforce. The notification shall include a certified transcript of all coursework completed by the child while residing in the home or facility. The district where the child's parent resides shall accept all coursework completed by the child while in the home or facility and shall award credit for that coursework in accordance with district policy.

(e) Following discharge from the home or facility and return to the parent's residence, high school students shall meet requirements under section 3313.618 of the Revised Code in order to qualify for a high school diploma that are no more stringent than those that apply to students who enroll into an Ohio public or chartered nonpublic high school after receiving a home education under section 3321.042 of the Revised Code.

(f) If the child is provided educational services by a chartered nonpublic school while residing in a home and the child has been awarded a scholarship under a state scholarship program, as defined in section 3301.0711 of the Revised Code, no school district shall be responsible for paying tuition under division (C)(5) of this section.

(D) Tuition required to be paid under divisions (C)(2) and (3)(a) of this section shall be computed in accordance with section 3317.08 of the Revised Code. Tuition required to be paid

under division (C)(3)(b) of this section shall be computed in accordance with section 3317.081 of the Revised Code. If a home fails to pay the tuition required by division (C)(3)(b) of this section, the board of education providing the education may recover in a civil action the tuition and the expenses incurred in prosecuting the action, including court costs and reasonable attorney's fees. If the prosecuting attorney or city director of law represents the board in such action, costs and reasonable attorney's fees awarded by the court, based upon the prosecuting attorney's, director's, or one of their designee's time spent preparing and presenting the case, shall be deposited in the county or city general fund.

(E) A board of education may enroll a child free of any tuition obligation for a period not to exceed sixty days, on the sworn statement of an adult resident of the district that the resident has initiated legal proceedings for custody of the child.

(F) In the case of any individual entitled to attend school under this division, no tuition shall be charged by the school district of attendance and no other school district shall be required to pay tuition for the individual's attendance. Notwithstanding division (B), (C), or (E) of this section:

(1) All persons at least eighteen but under twenty-two years of age who live apart from their parents, support themselves by their own labor, and have not successfully completed the high school curriculum or the individualized education program developed for the person by the high school pursuant to section 3323.08 of the Revised Code, are entitled to attend school in the district in which they reside.

The statement shall be supported by such other evidence as the board may require.

(4) Any child residing with a person other than the child's parent is entitled, for a period not to exceed twelve months, to attend school in the district in which that person resides if the child's parent files an affidavit with the superintendent of the district in which the person with whom the child is living resides stating all of the following:

(a) That the parent is serving outside of the state in the armed services of the United States;

(b) That the parent intends to reside in the district upon returning to this state;

(c) The name and address of the person with whom the child is living while the parent is outside the state.

In order to be entitled to such attendance, the parent shall provide the district superintendent with the following:

(a) A sworn statement explaining the situation, revealing the location of the house being purchased, and stating the parent's intent to reside there;

(b) A statement from a real estate broker or bank officer

confirming that the parent has a contract to purchase the house, that the parent is waiting upon the date of closing of the mortgage loan, and that the house is at the location indicated in the parent's statement.

The district superintendent shall establish a period of time not to exceed ninety days during which the child entitled to attend school under division (F)(6) or (7) of this section may attend without tuition obligation. A student attending a school under division (F)(6) or (7) of this section shall be eligible to participate in interscholastic athletics under the auspices of that school, provided the board of education of the school district where the student's parent resides, by a formal action, releases the student to participate in interscholastic athletics at the school where the student is attending, and provided the student receives any authorization required by a public agency or private organization of which the school district is a member exercising authority over interscholastic sports.

(8) A child whose parent is a full-time employee of a city, local, or exempted village school district, or of an educational service center, may be admitted to the schools of the district where the child's parent is employed, or in the case of a child whose parent is employed by an educational service center, in the district that serves the location where the parent's job is primarily located, provided the district board of education establishes such an admission policy by resolution adopted by a majority of its members. Any such policy shall take effect on the first day of the school year and the effective date of any amendment or repeal may not be prior to the first day of the subsequent school year. The policy shall be uniformly applied to all such children and shall provide for the

admission of any such child upon request of the parent. No child may be admitted under this policy after the first day of classes of any school year.

(9) A child who is with the child's parent under the care of a shelter for victims of domestic violence, as defined in section 3113.33 of the Revised Code, is entitled to attend school free in the district in which the child is with the child's parent, and no other school district shall be required to pay tuition for the child's attendance in that school district.

The enrollment of a child in a school district under this division shall not be denied due to a delay in the school district's receipt of any records required under section 3313.672 of the Revised Code or any other records required for enrollment. Any days of attendance and any credits earned by a child while enrolled in a school district under this division shall be transferred to and accepted by any school district in which the child subsequently enrolls. The department of education and workforce shall adopt rules to ensure compliance with this division.

(10) Any child under the age of twenty-two years whose parent has moved out of the school district after the commencement of classes in the child's senior year of high school is entitled, subject to the approval of that district board, to attend school in the district in which the child attended school at the time of the parental move for the remainder of the school year and for one additional semester or equivalent term. A district board may also adopt a policy specifying extenuating circumstances under which a student may continue to attend school under division (F)(10) of this section

for an additional period of time in order to successfully complete the high school curriculum for the individualized education program developed for the student by the high school pursuant to section 3323.08 of the Revised Code.

A child under the age of twenty-two years who is in the custody of the child's parent, resides with a grandparent, and does not require special education is entitled to attend the schools of the district in which the child's grandparent resides, provided that, prior to such attendance in any school year, the board of education of the school district in which the child's grandparent resides and the board of education of the school district in which the child's parent resides enter into a written agreement specifying that good cause exists for such attendance, describing the nature of this good cause, and consenting to such attendance.

In lieu of a consent form signed by a parent, a board of education may request the grandparent of a child attending school in the district in which the grandparent resides pursuant to division (F)(11) of this section to complete any consent form required by the district, including any authorization required by sections 3313.712, 3313.713, 3313.716, and 3313.718 of the Revised Code. Upon request, the grandparent shall complete any consent form required by the district. A school district shall not incur any liability solely because of its receipt of a consent form from a grandparent in lieu of a parent.

Division (F)(11) of this section does not create, and shall not be construed as creating, a new cause of action or substantive legal right against a school district, a member of a board of education, or an employee of a school district. This

section does not affect, and shall not be construed as affecting, any immunities from defenses to tort liability created or recognized by Chapter 2744. of the Revised Code for a school district, member, or employee.

(12) A child under the age of twenty-two years is entitled to attend school in a school district other than the district in which the child is entitled to attend school under division (B), (C), or (E) of this section provided that, prior to such attendance in any school year, both of the following occur:

(a) The superintendent of the district in which the child is entitled to attend school under division (B), (C), or (E) of this section contacts the superintendent of another district for purposes of this division;

(b) The superintendents of both districts enter into a written agreement that consents to the attendance and specifies that the purpose of such attendance is to protect the student's physical or mental well-being or to deal with other extenuating circumstances deemed appropriate by the superintendents.

While an agreement is in effect under this division for a student who is not receiving special education under Chapter 3323. of the Revised Code and notwithstanding Chapter 3327. of the Revised Code, the board of education of neither school district involved in the agreement is required to provide transportation for the student to and from the school where the student attends.

A student attending a school of a district pursuant to this division shall be allowed to participate in all student activities, including interscholastic athletics, at the school where the student is attending on the same basis as any student

who has always attended the schools of that district while of compulsory school age.

(13) All school districts shall comply with the "McKinney-Vento Homeless Assistance Act," 42 U.S.C.A. 11431 et seq., for the education of homeless children. Each city, local, and exempted village school district shall comply with the requirements of that act governing the provision of a free, appropriate public education, including public preschool, to each homeless child.

When a child loses permanent housing and becomes a homeless person, as defined in 42 U.S.C.A. 11481(5), or when a child who is such a homeless person changes temporary living arrangements, the child's parent or guardian shall have the option of enrolling the child in either of the following:

(a) The child's school of origin, as defined in 42 U.S.C.A. 11432(g)(3)(C);

(14) A child under the age of twenty-two years who resides with a person other than the child's parent is entitled to attend school in the school district in which that person resides if both of the following apply:

(a) That person has been appointed, through a military power of attorney executed under section 574(a) of the "National Defense Authorization Act for Fiscal Year 1994," 107 Stat. 1674 (1993), 10 U.S.C. 1044b, or through a comparable document necessary to complete a family care plan, as the parent's agent

for the care, custody, and control of the child while the parent is on active duty as a member of the national guard or a reserve unit of the armed forces of the United States or because the parent is a member of the armed forces of the United States and is on a duty assignment away from the parent's residence.

(b) The military power of attorney or comparable document includes at least the authority to enroll the child in school.

The entitlement to attend school in the district in which the parent's agent under the military power of attorney or comparable document resides applies until the end of the school year in which the military power of attorney or comparable document expires.

(G) A board of education, after approving admission, may waive tuition for students who will temporarily reside in the district and who are either of the following:

(1) Residents or domiciliaries of a foreign nation who request admission as foreign exchange students;

(2) Residents or domiciliaries of the United States but not of Ohio who request admission as participants in an exchange program operated by a student exchange organization.

(H) Pursuant to sections 3311.211, 3313.90, 3319.01, 3323.04, 3327.04, and 3327.06 of the Revised Code, a child may attend school or participate in a special education program in a school district other than in the district where the child is entitled to attend school under division (B) of this section.

(I)(1) Notwithstanding anything to the contrary in this section or section 3313.65 of the Revised Code, a child under twenty-two years of age may attend school in the school district in which the child, at the end of the first full week of October

of the school year, was entitled to attend school as otherwise provided under this section or section 3313.65 of the Revised Code, if at that time the child was enrolled in the schools of the district but since that time the child or the child's parent has relocated to a new address located outside of that school district and within the same county as the child's or parent's address immediately prior to the relocation. The child may continue to attend school in the district, and at the school to which the child was assigned at the end of the first full week of October of the current school year, for the balance of the school year. Division (I)(1) of this section applies only if both of the following conditions are satisfied:

(a) The board of education of the school district in which the child was entitled to attend school at the end of the first full week in October and of the district to which the child or child's parent has relocated each has adopted a policy to enroll children described in division (I)(1) of this section.

(b) The child's parent provides written notification of the relocation outside of the school district to the superintendent of each of the two school districts.

(2) At the beginning of the school year following the school year in which the child or the child's parent relocated outside of the school district as described in division (I)(1) of this section, the child is not entitled to attend school in the school district under that division.

(3) Any person or entity owing tuition to the school district on behalf of the child at the end of the first full week in October, as provided in division (C) of this section, shall continue to owe such tuition to the district for the child's attendance under division (I)(1) of this section for the

lesser of the balance of the school year or the balance of the time that the child attends school in the district under division (I)(1) of this section.

(4) A pupil who may attend school in the district under division (I)(1) of this section shall be entitled to transportation services pursuant to an agreement between the district and the district in which the child or child's parent has relocated unless the districts have not entered into such agreement, in which case the child shall be entitled to transportation services in the same manner as a pupil attending school in the district under interdistrict open enrollment as described in division (E) of section 3313.981 of the Revised Code, regardless of whether the district has adopted an open enrollment policy as described in division (B)(1)(b) or (c) of section 3313.98 of the Revised Code.

(J) This division does not apply to a child receiving special education.

A school district required to pay tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount deducted under division (C) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance. A school district entitled to receive tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount credited under division (C) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance. If the tuition rate credited to the district of attendance exceeds the rate deducted from the district required to pay tuition, the department of education and workforce shall pay the district of attendance the

difference from amounts deducted from all districts' payments under division (C) of section 3317.023 of the Revised Code but not credited to other school districts under such division and from appropriations made for such purpose. The treasurer of each school district shall, by the fifteenth day of January and July, furnish the director of education and workforce a report of the names of each child who attended the district's schools under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code during the preceding six calendar months, the duration of the attendance of those children, the school district responsible for tuition on behalf of the child, and any other information that the director requires.

Upon receipt of the report the director, pursuant to division (C) of section 3317.023 of the Revised Code, shall deduct each district's tuition obligations under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code and pay to the district of attendance that amount plus any amount required to be paid by the state.

(K) In the event of a disagreement, the director of education and workforce shall determine the school district in which the parent resides.

(L) Nothing in this section requires or authorizes, or shall be construed to require or authorize, the admission to a public school in this state of a pupil who has been permanently excluded from public school attendance by the director pursuant to sections 3301.121 and 3313.662 of the Revised Code.

(M) In accordance with division (B)(1) of this section, a child whose parent is a member of the national guard or a reserve unit of the armed forces of the United States and is called to active duty, or a child whose parent is a member of

the armed forces of the United States and is ordered to a temporary duty assignment outside of the district, may continue to attend school in the district in which the child's parent lived before being called to active duty or ordered to a temporary duty assignment outside of the district, as long as the child's parent continues to be a resident of that district, and regardless of where the child lives as a result of the parent's active duty status or temporary duty assignment. However, the district is not responsible for providing transportation for the child if the child lives outside of the district as a result of the parent's active duty status or temporary duty assignment.

Sec. 3313.661. (A) Subject to the limitations set forth in section 3313.668 of the Revised Code, the board of education of each city, exempted village, and local school district shall adopt a policy regarding suspension, expulsion, removal, and permanent exclusion that specifies the types of misconduct for which a pupil may be suspended, expelled, or removed. The types of misconduct may include misconduct by a pupil that occurs off of property owned or controlled by the district but that is connected to activities or incidents that have occurred on property owned or controlled by that district and misconduct by a pupil that, regardless of where it occurs, is directed at a district official or employee, or the property of such official or employee. The policy shall specify the reasons for which the superintendent of the district may reduce the expulsion requirement in division (B)(2) of section 3313.66 of the Revised Code. If a board of education adopts a resolution pursuant to division (B)(3) of section 3313.66 of the Revised Code, the policy shall define the term "knife capable of causing serious bodily injury" or "firearm," as applicable, for purposes of

If a board of education adopts a resolution pursuant to division (B)(4), (5), or (6) of section 3313.66 of the Revised Code, the policy shall specify any reasons for which the superintendent of the district may reduce any expulsion period on a case-by-case basis. The policy also shall set forth the acts listed in section 3313.662 of the Revised Code for which a pupil may be permanently excluded.

The policy adopted under this division shall specify the date and manner by which a pupil or a pupil's parent, guardian, or custodian may notify the board of the pupil's, parent's, guardian's, or custodian's intent to appeal an expulsion or suspension to the board or its designee pursuant to division (E) of section 3313.66 of the Revised Code. In the case of any expulsion, the policy shall not specify a date that is less than fourteen days after the date of the notice provided to the pupil or the pupil's parent, guardian, or custodian under division (D) of that section.

A copy of the policy shall be posted in a central location in the school or on the district's web site and made available to pupils upon request. No pupil shall be suspended, expelled, or removed except in accordance with the policy adopted by the board of education of the school district in which the pupil attends school, and no pupil shall be permanently excluded except in accordance with sections 3301.121 and 3313.662 of the Revised Code.

(B) A board of education may establish a program and adopt guidelines under which a superintendent may require a pupil to

perform community service in conjunction with a suspension or expulsion imposed under section 3313.66 of the Revised Code or in place of a suspension or expulsion imposed under section 3313.66 of the Revised Code except for an expulsion imposed pursuant to division (B)(2) of that section. If a board adopts guidelines under this division, they shall permit, except with regard to an expulsion pursuant to division (B)(2) of section 3313.66 of the Revised Code, a superintendent to impose a community service requirement beyond the end of the school year in lieu of applying an expulsion into the following school year. Any guidelines adopted shall be included in the policy adopted under this section.

(C) The written policy of each board of education that is adopted pursuant to section 3313.20 of the Revised Code shall be posted in a central location in each school that is subject to the policy and shall be made available to pupils upon request.

(D) Except as described in division (B) of section 3313.668 of the Revised Code, any policy, program, or guideline adopted by a board of education under this section with regard to suspensions or expulsions pursuant to division (A) or (B) of section 3313.66 of the Revised Code shall apply to any student, whether or not the student is enrolled in the district, attending or otherwise participating in any curricular program provided in a school operated by the board or provided on any other property owned or controlled by the board.

(E) If a board of education adopts a resolution pursuant to division (B)(6) of section 3313.66 of the Revised Code, the board shall establish guidelines for appropriate conditions that the superintendent may develop pursuant to division (B)(6) of section 3313.66 of the Revised Code.

(B) Each school district board of education and each chartered nonpublic school governing authority shall adopt and enforce nutrition standards governing the types of food and beverages that may be sold on the premises of its schools, and specifying the time and place each type of food or beverage may be sold.

(1) In adopting the standards, the board or governing authority shall do all of the following:

(a) Consider the nutritional value of each food or beverage;

(b) Consult with a dietitian licensed under Chapter 4759. of the Revised Code, a dietetic technician registered by the commission on dietetic registration, or a school nutrition specialist certified or credentialed by the school nutrition association. The person with whom the board or governing authority consults may be an employee of the board or governing authority, a person contracted by the board or governing authority, or a volunteer, provided the person meets the

(c) Consult the dietary guidelines for Americans jointly developed by the United States department of agriculture and the United States department of health and human services and, to the maximum extent possible, incorporate the guidelines into the standards.

(2) No food or beverage may be sold on any school premises except in accordance with the standards adopted by the board or governing authority.

(3) The standards shall comply with sections 3313.816 and 3313.817 of the Revised Code, but nothing in this section shall prohibit the standards from being more restrictive than otherwise required by those sections.

(C) The nutrition standards adopted under this section shall prohibit the placement of vending machines in any classroom where students are provided instruction, unless the classroom also is used to serve students meals. This division does not apply to vending machines that sell only milk, reimbursable meals, or food and beverage items that are part of a reimbursable meal and are available for sale as individually priced items in serving portions of the same size as in the reimbursable meal.

(D) Each board or governing authority shall designate staff to be responsible for ensuring that the school district or school meets the nutrition standards adopted under this section. The staff shall prepare an annual report regarding the district's or school's compliance with the standards~~ and include it in the report to the department of education and workforce prescribed in section 3301.68 of the Revised Code~~. The board or

governing authority annually shall schedule a presentation on the nutrition standards report at one of its regular meetings. Each district or school shall make copies of the nutrition standards report available to the public upon request.

(E) The department of education and workforce shall formulate and adopt guidelines, which boards of education and chartered nonpublic schools may follow in enforcing and implementing this section.

Sec. 3314.016. This section applies to any entity that sponsors a community school, regardless of whether section 3314.021 or 3314.027 of the Revised Code exempts the entity from the requirement to be approved for sponsorship under divisions (A)(2) and (B)(1) of section 3314.015 of the Revised Code. The office of Ohio school sponsorship established under section 3314.029 of the Revised Code shall be rated under division (B) of this section, but divisions (A) and (C) of this section do not apply to the office.

(A) An entity that sponsors a community school shall be permitted to enter into contracts under section 3314.03 of the Revised Code to sponsor additional community schools only if the entity meets all of the following criteria:

(1) The entity is in compliance with all provisions of this chapter requiring sponsors of community schools to report data or information to the department of education and workforce.

(2) The entity is not rated as "ineffective" under division (B)(5) of this section.

(3) Except as set forth in sections 3314.021 and 3314.027 of the Revised Code, the entity has received approval from and

entered into an agreement with the department pursuant to section 3314.015 of the Revised Code.

(B)(1) The department shall develop and implement an evaluation system that annually rates and assigns an overall rating to each entity that sponsors a community school. The department, not later than the first day of February of each year, shall post on the department's web site the framework for the evaluation system, including technical documentation that the department intends to use to rate sponsors for the next school year. The department shall solicit public comment on the evaluation system for thirty consecutive days. Not later than the first day of April of each year, the department shall compile and post on the department's web site all public comments that were received during the public comment period. The evaluation system shall be posted on the department's web site by the fifteenth day of July of each school year. Any changes to the evaluation system after that date shall take effect the following year. The evaluation system shall be based on the following components:

(a) Academic performance of students enrolled in community schools sponsored by the same entity. The academic performance component shall be derived from the performance measures prescribed for the state report cards under section 3302.03 or 3314.017 of the Revised Code, and shall be based on the performance of the schools for the school year for which the evaluation is conducted. In addition to the academic performance for a specific school year, the academic performance component shall also include year-to-year changes in the overall sponsor portfolio. For a community school for which no graded performance measures are applicable or available, the department shall use nonreport card performance measures specified in the

contract between the community school and the sponsor under division (A)(4) of section 3314.03 of the Revised Code.

(b) Adherence by a sponsor to the quality practices prescribed by the department under division (B)(3) of this section.

(c) Compliance with all applicable laws and administrative rules by an entity that sponsors a community school.

Under the evaluation system prescribed under division (B)(1) of this section, the department shall not assign an overall rating of "ineffective" or lower to an entity that sponsors a community school solely because that entity received no points on one of the components prescribed under that division.

(2) In calculating an academic performance component, the department shall exclude all community schools that have been in operation for not more than two full school years, all community schools whose contracts were not renewed or terminated by the sponsor pursuant to section 3314.07 of the Revised Code before the evaluation, and all community schools described in division (B)(2) of section 3314.35 of the Revised Code. However, the academic performance of the community schools described in division (B)(2) of section 3314.35 of the Revised Code shall be reported, but shall not be used as a factor when determining a sponsoring entity's rating under this section.

(3) The department, in consultation with entities that sponsor community schools, shall prescribe quality practices for community school sponsors and develop an instrument to measure adherence to those quality practices. The quality practices shall be based on standards developed by the national association of charter school authorizers or any other

nationally organized community school organization.

(4) The director of education and workforce shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing standards for measuring compliance with applicable laws and rules under division (B)(1)(c) of this section.

(5) The department annually shall rate all entities that sponsor community schools as either "exemplary," "effective," "ineffective," or "poor," based on the components prescribed by division (B) of this section, where each component is weighted equally. A separate rating shall be given by the department for each component of the evaluation system.

The department shall publish the ratings between the first day of October and the fifteenth day of November.

Prior to the publication of the final ratings, the department shall designate and provide notice of a period of at least ten business days during which each sponsor may review the information used by the department to determine the sponsor's rating on the components prescribed by division (B)(1) of this section. If the sponsor believes there is an error in the department's evaluation, the sponsor may request adjustments to the rating of any of those components based on documentation previously submitted as part of an evaluation. The sponsor shall provide to the department any necessary evidence or information to support the requested adjustments. The department shall review the evidence and information, determine whether an adjustment is valid, and promptly notify the sponsor of its determination and reasons. If any adjustments to the data could result in a change to the rating on the applicable component or to the overall rating, the department shall recalculate the ratings prior to publication.

The department shall provide training on an annual basis regarding the evaluation system prescribed under this section. The training shall, at a minimum, describe methodology, timelines, and data required for the evaluation system. The first training session shall occur not later than March 2, 2016. Beginning in 2018, the training shall be made available to each entity that sponsors a community school by the fifteenth day of July of each year and shall include guidance on any changes made to the evaluation system.

(6)(a) Entities with an overall rating of "exemplary" may take advantage of the following incentives:

(i) Renewal of the written agreement with the department, not to exceed ten years, provided that the entity consents to continued evaluation of adherence to quality practices as described in division (B)(1)(b) of this section;

(ii) The ability to extend the term of the contract between the sponsoring entity and the community school beyond the term described in the written agreement with the department;

(iii) An exemption from the preliminary agreement and contract adoption and execution deadline requirements prescribed in division (D) of section 3314.02 of the Revised Code;

(iv) An exemption from the automatic contract expiration requirement, should a new community school fail to open by the thirtieth day of September of the calendar year in which the community school contract is executed;

(v) No limit on the number of community schools the entity may sponsor;

(vi) No territorial restrictions on sponsorship.

An entity may continue to sponsor any community schools with which it entered into agreements under division (B)(6)(a)(v) or (vi) of this section while rated "exemplary," notwithstanding the fact that the entity later receives a lower overall rating.

(b) Entities with an overall rating of "exemplary" shall not be evaluated by the department for five full school years following the school year for which the entity received the "exemplary" rating. Entities with an overall rating of "effective" shall not be evaluated by the department for three full school years following the school year for which the entity received the "effective" rating.

(c)(i) Entities that receive an overall rating of "ineffective" shall be prohibited from sponsoring any new or additional community schools during the time in which the sponsor is rated as "ineffective" and shall be subject to a quality improvement plan based on correcting the deficiencies that led to the "ineffective" rating, with timelines and benchmarks that have been established by the department.

(ii) Entities that receive an overall rating of "ineffective" on their three most recent ratings shall have all sponsorship authority revoked. Within thirty days after receiving its third rating of "ineffective," the entity may appeal the revocation of its sponsorship authority to the director, who shall appoint an independent hearing officer to conduct a hearing in accordance with Chapter 119. of the Revised Code. The hearing shall be conducted within thirty days after receipt of the notice of appeal. Within forty-five days after the hearing is completed, the director shall determine whether the revocation is appropriate based on the hearing conducted by

the independent hearing officer, and if determined appropriate, the revocation shall be confirmed.

(d) Entities that receive an overall rating of "poor" shall have all sponsorship authority revoked. Within thirty days after receiving a rating of "poor," the entity may appeal the revocation of its sponsorship authority to the director, who shall appoint an independent hearing officer to conduct a hearing in accordance with Chapter 119. of the Revised Code. The hearing shall be conducted within thirty days after receipt of the notice of appeal. Within forty-five days after the hearing is completed, the director shall determine whether the revocation is appropriate based on the hearing conducted by the independent hearing officer, and if determined appropriate, the revocation shall be confirmed.

(7) For the 2014-2015 school year and each school year thereafter, student academic performance prescribed under division (B)(1)(a) of this section shall include student academic performance data from dropout prevention and recovery community schools.

(8) The department shall publish annually academic performance data for each sponsor in accordance with division (B)(1)(a) of this section, regardless of whether the sponsor is being evaluated under this section for that school year.

(C) If the governing authority of a community school enters into a contract with a sponsor prior to the date on which the sponsor is prohibited from sponsoring additional schools under division (A) of this section and the school has not opened for operation as of that date, that contract shall be void and the school shall not open until the governing authority secures a new sponsor by entering into a contract with the new sponsor

under section 3314.03 of the Revised Code. However, the department's office of Ohio school sponsorship, established under section 3314.029 of the Revised Code, may assume the sponsorship of the school until the earlier of the expiration of two school years or until a new sponsor is secured by the school's governing authority. A community school sponsored by the department under this division shall not be included when calculating the maximum number of directly authorized community schools permitted under division (A)(3) of section 3314.029 of the Revised Code.

(D) When an entity's authority to sponsor schools is revoked pursuant to division (B)(6)(c) or (d) of this section, the office of Ohio school sponsorship shall assume sponsorship of any schools with which the original sponsor has contracted for the remainder of that school year. The office may continue sponsoring those schools until the earlier of:

(1) The expiration of two school years from the time that sponsorship is revoked;

(2) When a new sponsor is secured by the governing authority pursuant to division (C)(1) of section 3314.02 of the Revised Code.

Any community school sponsored under this division shall not be counted for purposes of directly authorized community schools under division (A)(3) of section 3314.029 of the Revised Code.

~~(E) The department shall recalculate the rating for the 2017-2018 school year for each sponsor of a community school that receives recalculated ratings pursuant to division (I) of section 3314.017 of the Revised Code.~~

Sec. 3314.017. (A) The department of education and workforce shall prescribe by rules, adopted in accordance with Chapter 119. of the Revised Code, an academic performance rating and report card system that satisfies the requirements of this section for dropout prevention and recovery community schools, to be used in lieu of the system prescribed under sections 3302.03 and 3314.012 of the Revised Code beginning with the 2012-2013 school year. Each such school shall comply with the testing and reporting requirements of the system as prescribed by the department.

(B) Nothing in this section shall at any time relieve a school from its obligations under the "No Child Left Behind Act of 2001" to make "adequate yearly progress," as both that act and that term are defined in section 3302.01 of the Revised Code, or a school's amenability to the provisions of section 3302.04 or 3302.041 of the Revised Code. The department shall continue to report each school's performance as required by the act and to enforce applicable sanctions under section 3302.04 or 3302.041 of the Revised Code.

(C) The rules adopted by the department shall prescribe the following performance indicators for the rating and report card system required by this section:

(a) The number of students who graduate in four years or less with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class;

(b) The number of students who graduate in five years with a regular high school diploma divided by the number of students

who form the adjusted cohort for the four-year graduation rate;

(c) The number of students who graduate in six years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate;

(d) The number of students who graduate in seven years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate;

(e) The number of students who graduate in eight years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate.

(2) The percentage of twelfth-grade students currently enrolled in the school who have attained ~~the designated passing score on all of the state high school achievement assessments required under division (B)(1) of section 3301.0710 of the Revised Code or~~ the cumulative performance score on the end-of-course examinations prescribed under division (B)(2) of section 3301.0712 of the Revised Code~~, whichever applies,~~ and other students enrolled in the school, regardless of grade level, who are within three months of their twenty-second birthday and have attained ~~the designated passing score on all of the state high school achievement assessments or~~ the cumulative performance score on the end-of-course examinations~~, whichever applies,~~ by their twenty-second birthday;

(3) Annual measurable objectives as defined in section 3302.01 of the Revised Code;

(4) Growth in student achievement in reading, or mathematics, or both as measured by separate nationally norm-

referenced assessments that have developed appropriate standards for students enrolled in dropout prevention and recovery programs, adopted or approved by the department.

(D)(1) The department's rules shall prescribe the expected performance levels and benchmarks for each of the indicators prescribed by division (C) of this section based on the data gathered by the department under division ~~(G)~~ (F) of this section and simulations created by the department. Based on a school's level of attainment or nonattainment of the expected performance levels and benchmarks for each of the indicators, the department shall rate each school in one of the following categories:

(a) Exceeds standards;

(b) Meets standards;

(c) Does not meet standards.

(a) Performance levels and benchmarks for the indicators described in divisions (C)(1) to (3) of this section;

(IV) Twenty per cent of the score shall be based on the indicators described in division (C)(3) of this section.

(3) If both of the indicators described in divisions (C)(1) and (2) of this section improve by ten per cent for two consecutive years, a school shall be rated not less than "meets standards."

The rating and the relevant performance data for each school shall be posted on the department's web site, and a copy of the rating and data shall be provided to the governing authority of the community school.

This information shall not be included in the calculation of a school's performance rating.

(F) ~~Not later than the thirty-first day of July of each year, the department shall submit preliminary report card data for overall academic performance for each performance measure prescribed in division (E) of this section for each community school to which this section applies.~~

~~(G)~~ For the purposes of prescribing performance levels and benchmarks under division (D) of this section, the department shall gather and analyze data from prior school years for each dropout prevention and recovery community school. Each such school shall cooperate with the department. The department shall consult with stakeholder groups in performing its duties under this division.

(C) Any community school to which this section applies shall permanently close at the conclusion of the school year in which the school first becomes subject to this section. The sponsor and governing authority of the school shall comply with all procedures for closing a community school adopted by the department under division (E) of section 3314.015 of the Revised Code. The governing authority of the school shall not enter into a contract with any other sponsor under section 3314.03 of the

Revised Code after the school closes.

(D) Nothing in this section or in any other provision of the Revised Code prohibits the sponsor of a community school from exercising its option not to renew a contract for any reason or from terminating a contract prior to its expiration for any of the reasons set forth in section 3314.07 of the Revised Code.

(D) The sponsor and governing authority of the school shall comply with all procedures for closing a community school adopted by the department under division (E) of section 3314.015

of the Revised Code. The governing authority of the school shall not enter into a contract with any other sponsor under section 3314.03 of the Revised Code after the school closes.

(E) Nothing in this section or in any other provision of the Revised Code prohibits the sponsor of a community school from exercising its option not to renew a contract for any reason or from terminating a contract prior to its expiration for any of the reasons set forth in section 3314.07 of the Revised Code.

~~(F) Beginning in the 2019-2020 school year, no school shall be subject to closure under this section based on the report card issued for that school for the 2017-2018 or 2018-2019 school year if the school received an overall rating of "meets standards" or "exceeds standards" for the 2017-2018 or 2018-2019 school year pursuant to division (I) of section 3314.017 of the Revised Code. The department of education and workforce shall not adopt any rules, enforce any procedures or policies, or otherwise restrict the establishment or sponsorship of a new start-up community school based upon whether the school's proposed location is in a challenged school district, as that term was defined in section 3314.02 of the Revised Code prior to the effective date of this amendment.

Sec. 3315.063. No board of education of any city, local, exempted village, or joint vocational school district shall expend more than fifteen per cent of the board's annual operating budget on administrative salaries and benefits and other costs associated with the district's administrative offices.

Sec. 3316.03. (A) The existence of a fiscal watch shall be declared by the auditor of state. (1) The auditor of state shall declare a school district to be in a state of fiscal watch if the auditor of state determines that both of the following conditions are satisfied with respect to the school district:

(a) An operating deficit has been certified for the current fiscal year by the auditor of state, and the certified operating deficit exceeds eight per cent of the school district's general fund revenue for the preceding fiscal year;

(b) A majority of the voting electors have not voted in favor of levying a tax under section 5705.194, 5705.199, or 5705.21 or Chapter 5748. of the Revised Code that the auditor of state expects will raise enough additional revenue in the next succeeding fiscal year that division (A)(1)(a) of this section will not apply to the district in such next succeeding fiscal year.

(2) The auditor of state shall declare a school district to be in a state of fiscal watch if the auditor of state determines that the school district has outstanding securities issued under division (A)(4) of section 3316.06 of the Revised Code, and its financial planning and supervision commission has been terminated under section 3316.16 of the Revised Code.

(3) The auditor of state shall declare a school district to be in a state of fiscal watch if both of the following conditions are satisfied:

(a) The director has reported to the auditor of state that the director has declared the district under section 3316.031 of the Revised Code to be under a fiscal caution, has found that the district has not acted reasonably to eliminate or correct practices or conditions that prompted the declaration, and has

determined the declaration of a state of fiscal watch necessary to prevent further fiscal decline;

(b) The auditor of state determines that the decision of the director is reasonable.

If the auditor of state determines that the decision of the director is not reasonable, the auditor of state shall provide the director with a written explanation of that determination.

(4) The auditor of state may declare a school district to be in a state of fiscal watch if all of the following conditions are satisfied:

(a) An operating deficit has been certified for the current fiscal year by the auditor of state, and the certified operating deficit exceeds two per cent, but does not exceed eight per cent, of the school district's general fund revenue for the preceding fiscal year;

(b) A majority of the voting electors have not voted in favor of levying a tax under section 5705.194, 5705.199, or 5705.21 or Chapter 5748. of the Revised Code that the auditor of state expects will raise enough additional revenue in the next succeeding fiscal year that division (A)(4)(a) of this section will not apply to the district in the next succeeding fiscal year;

(c) The auditor of state determines that there is no reasonable cause for the deficit or that the declaration of fiscal watch is necessary to prevent further fiscal decline in the district.

(B)(1) The auditor of state shall issue an order declaring a school district to be in a state of fiscal emergency if the

auditor of state determines that both of the following conditions are satisfied with respect to the school district:

(a) An operating deficit has been certified for the current fiscal year by the auditor of state, and the certified operating deficit exceeds fifteen per cent of the school district's general fund revenue for the preceding fiscal year.

(b) A majority of the voting electors have not voted in favor of levying a tax under section 5705.194, 5705.199, or 5705.21 or Chapter 5748. of the Revised Code that the auditor of state expects will raise enough additional revenue in the next succeeding fiscal year that division (B)(1)(a) of this section will not apply to the district in such next succeeding fiscal year.

(2) The auditor of state shall issue an order declaring a school district to be in a state of fiscal emergency if the school district board fails, pursuant to section 3316.04 of the Revised Code, to submit a plan acceptable to the director of education and workforce within one hundred twenty days of the auditor of state's declaration under division (A) of this section or an updated plan when one is required by division (C) of section 3316.04 of the Revised Code;

(3) The auditor of state shall issue an order declaring a school district to be in a state of fiscal emergency if both of the following conditions are satisfied:

(a) The director has reported to the auditor of state that the district is not materially complying with the provisions of an original or updated plan as approved by the director under section 3316.04 of the Revised Code, and that the director has determined the declaration of a state of fiscal emergency

necessary to prevent further fiscal decline;

(b) The auditor of state finds that the determination of the director is reasonable.

If the auditor of state determines that the decision of the director is not reasonable, the auditor of state shall provide the director a written explanation of that determination.

(4) ~~The auditor of state shall issue an order declaring a school district to be in a state of fiscal emergency if a declaration of fiscal emergency is required by division (D) of section 3316.04 of the Revised Code.~~

~~(5)~~ The auditor of state may issue an order declaring a school district to be in a state of fiscal emergency if all of the following conditions are satisfied:

(a) An operating deficit has been certified for the current fiscal year by the auditor of state, and the certified operating deficit exceeds ten per cent, but does not exceed fifteen per cent, of the school district's general fund revenue for the preceding fiscal year;

(b) A majority of the voting electors have not voted in favor of levying a tax under section 5705.194, 5705.199, or 5705.21 or Chapter 5748. of the Revised Code that the auditor of state expects will raise enough additional revenue in the next succeeding fiscal year that division ~~(B)(5)(a)~~(B)(4)(a) of this section will not apply to the district in the next succeeding fiscal year;

(c) The auditor of state determines that a declaration of fiscal emergency is necessary to correct the district's fiscal problems and to prevent further fiscal decline.

(C) In making the determinations under this section, the auditor of state may use financial reports required under section 117.43 of the Revised Code; tax budgets, certificates of estimated resources and amendments thereof, annual appropriating measures and spending plans, and any other documents or information prepared pursuant to Chapter 5705. of the Revised Code; and any other documents, records, or information available to the auditor of state that indicate the conditions described in divisions (A) and (B) of this section.

(D) The auditor of state shall certify the action taken under division (A) or (B) of this section to the board of education of the school district, the director of budget and management, the mayor or county auditor who could be required to act pursuant to division (B)(1) of section 3316.05 of the Revised Code, and to the director of education and workforce.

(E) A determination by the auditor of state under this section that a fiscal emergency condition does not exist is final and conclusive and not appealable. A determination by the auditor of state under this section that a fiscal emergency exists is final, except that the board of education of the school district affected by such a determination may appeal the determination of the existence of a fiscal emergency condition to the court of appeals having territorial jurisdiction over the school district. The appeal shall be heard expeditiously by the court of appeals and for good cause shown shall take precedence over all other civil matters except earlier matters of the same character. Notice of such appeal must be filed with the auditor of state and such court within thirty days after certification by the auditor of state to the board of education of the school district provided for in division (D) of this section. In such appeal, determinations of the auditor of state shall be presumed

to be valid and the board of education shall have the burden of proving, by clear and convincing evidence, that each of the determinations made by the auditor of state as to the existence of a fiscal emergency condition under this section was in error. If the board of education fails, upon presentation of its case, to prove by clear and convincing evidence that each such determination by the auditor of state was in error, the court shall dismiss the appeal. The board of education and the auditor of state may introduce any evidence relevant to the existence or nonexistence of such fiscal emergency conditions. The pendency of any such appeal shall not affect or impede the operations of this chapter; no restraining order, temporary injunction, or other similar restraint upon actions consistent with this chapter shall be imposed by the court or any court pending determination of such appeal; and all things may be done under this chapter that may be done regardless of the pendency of any such appeal. Any action taken or contract executed pursuant to this chapter during the pendency of such appeal is valid and enforceable among all parties, notwithstanding the decision in such appeal. If the court of appeals reverses the determination of the existence of a fiscal emergency condition by the auditor of state, the determination no longer has any effect, and any procedures undertaken as a result of the determination shall be terminated.

Sec. 3316.04. (A) Within sixty days of the auditor's declaration under division (A) of section 3316.03 of the Revised Code, the board of education of the school district shall prepare and submit to the director of education and workforce a financial plan delineating the steps the board will take to eliminate the district's current operating deficit and avoid incurring operating deficits in ensuing years, including the

implementation of spending reductions. The financial plan also shall evaluate the feasibility of entering into shared services agreements with other political subdivisions for the joint exercise of any power, performance of any function, or rendering of any service, if so authorized by statute. The director shall evaluate the initial financial plan, and either approve or disapprove it within thirty calendar days from the date of its submission. If the initial financial plan is disapproved, the director shall recommend modifications that will render the financial plan acceptable. No school district board shall implement a financial plan submitted to the director under this section unless the director has approved the plan.

(B) Upon request of the board of education of a school district declared to be in a state of fiscal watch, the auditor of state and director shall provide technical assistance to the board in resolving the fiscal problems that gave rise to the declaration, including assistance in drafting the board's financial plan.

(C) A financial plan adopted under this section may be amended at any time with the approval of the director. The board of education of the school district shall submit an updated financial plan to the director, for the director's approval, every year that the district is in a state of fiscal watch. The updated plan shall be submitted in a form acceptable to the director. The director shall approve or disapprove each updated plan no later than the anniversary of the date on which the first such plan was approved.

~~(D) A school district that has restructured or refinanced a loan under section 3316.041 of the Revised Code shall be declared to be in a state of fiscal emergency if any of the~~

~~following occurs:~~

~~(1) An operating deficit is certified for the district under section 3313.483 of the Revised Code for any year prior to the repayment of the restructured or refinanced loan;~~

Sec. 3317.18. (A) As used in this section, the terms "Chapter 133. securities," "credit enhancement facilities," "debt charges," "general obligation," "legislation," "public obligations," and "securities" have the same meanings as in section 133.01 of the Revised Code.

(B) The board of education of any school district authorizing the issuance of securities under section 133.10 or 3313.372 of the Revised Code or general obligation Chapter 133. securities may adopt legislation requesting the department of education and workforce to approve, and enter into an agreement with the school district and the primary paying agent or fiscal agent for such securities providing for, the withholding and deposit of funds, otherwise due the district under Chapter 3317. of the Revised Code, for the payment of debt service charges on

such securities.

The board of education shall deliver to the state department a copy of such resolution and any additional pertinent information the department may require.

The department and the office of budget and management shall evaluate each request received from a school district under this section and the department, with the advice and consent of the director of budget and management, shall approve or deny each request based on all of the following:

(1) Whether approval of the request will enhance the marketability of the securities for which the request is made;

(2) Any other pertinent factors or limitations established in rules made under division (I) of this section, including:

(a) Current and projected obligations of funds due to the requesting school district under Chapter 3317. of the Revised Code including obligations of those funds to public obligations or relevant credit enhancement facilities under this section, Chapter 133. ~~and section 3313.483~~ of the Revised Code, and under any other similar provisions of law;

(b) Whether the department of education and workforce or the office of budget and management has any reason to believe the requesting school district will be unable to pay when due the debt charges on the securities for which the request is made.

The department may require a school district to establish schedules for the payment of all debt charges that take into account the amount and timing of anticipated distributions of funds to the district under Chapter 3317. of the Revised Code.

(C) If the department approves the request of a school district to withhold and deposit funds pursuant to this section, the department shall enter into a written agreement with the district and the primary paying agent or fiscal agent for the securities which shall provide for the withholding of funds pursuant to this section for the payment of debt charges on those securities, and may include both of the following:

(1) Provisions for certification by the district to the department, at a time prior to any date for the payment of applicable debt charges, whether the district is able to pay those debt charges when due;

(2) Requirements that the district deposit amounts for the payment of debt charges on the securities with the primary paying agent or fiscal agent for the securities prior to the date on which those debt charge payments are due to the owners or holders of the securities.

(D) Whenever a district notifies the department that it will be unable to pay debt charges when they are due, subject to the withholding provisions of this section, or whenever the applicable paying agent or fiscal agent notifies the department that it has not timely received from a school district the full amount needed for the payment when due of those debt charges to the holders or owners of such securities, the department shall immediately contact the school district and the paying agent or fiscal agent to confirm or determine whether the district is unable to make the required payment by the date on which it is due.

Upon demand of the treasurer of state while holding a school district obligation purchased under division (G)(1) of section 135.143 of the Revised Code, the department, without a

request of the school district, shall withhold and deposit funds pursuant to this section for payment of debt service charges on that obligation.

If the department confirms or determines that the district will be unable to make such payment and payment will not be made pursuant to a credit enhancement facility, the department shall promptly pay to the applicable primary paying agent or fiscal agent the lesser of the amount due for debt charges or the amount due the district for the remainder of the fiscal year under Chapter 3317. of the Revised Code. If this amount is insufficient to pay the total amount then due the agent for the payment of debt charges, the department shall pay to the agent each fiscal year thereafter, and until the full amount due the agent for unpaid debt charges is paid in full, the lesser of the remaining amount due the agent for debt charges or the amount due the district for the fiscal year under Chapter 3317. of the Revised Code.

(E) The department may make any payments under this division by direct deposit of funds by electronic transfer.

Any amount received by a paying agent or fiscal agent under this section shall be applied only to the payment of debt charges on the securities of the school district subject to this section or to the reimbursement to the provider of a credit enhancement facility that has paid such debt charges.

(F) To the extent a school district whose securities are subject to this section is unable to pay applicable debt charges because of the failure to collect property taxes levied for the payment of those debt charges, the district may transfer to or deposit into any fund that would have received payments under Chapter 3317. of the Revised Code that were withheld under this

section any such delinquent property taxes when later collected, provided that transfer or deposit shall be limited to the amounts withheld from that fund under this section.

(G) The department may make payments under this section to paying agents or fiscal agents only from and to the extent that money is appropriated by the general assembly for Chapter 3317. of the Revised Code or for the purposes of this section. No securities of a school district to which this section is made applicable constitute an obligation or a debt or a pledge of the faith, credit, or taxing power of the state, and the holders or owners of such securities have no right to have taxes levied or appropriations made by the general assembly for the payment of debt charges on those securities, and those securities, if the department requires, shall contain a statement to that effect. The agreement for or the actual withholding and payment of moneys under this section does not constitute the assumption by the state of any debt of a school district.

(H) In the case of securities subject to the withholding provisions of this section, the issuing board of education shall appoint a paying agent or fiscal agent who is not an officer or employee of the school district.

(I) The department, with the advice of the office of budget and management, may adopt reasonable rules not inconsistent with this section for the implementation of this section and division (B) of section 133.25 of the Revised Code as it relates to the withholding and depositing of payments under Chapter 3317. of the Revised Code to secure payment of debt charges on school district securities. Those rules shall include criteria for the evaluation and approval or denial of school district requests for withholding under this section and

limits on the obligation for the purpose of paying debt charges or reimbursing credit enhancement facilities of funds otherwise to be paid to school districts under Chapter 3317. of the Revised Code.

Sec. 5705.212. (A)(1) The board of education of any school district, at any time and by a vote of two-thirds of all of its members, may declare by resolution that the amount of taxes that may be raised within the ten-mill limitation will be insufficient to provide an adequate amount for the present and future requirements of the school district, that it is necessary to levy not more than five taxes in excess of that limitation for current expenses, and that each of the proposed taxes first will be levied in a different year, over a specified period of time. The board shall identify the taxes proposed under this section as follows: the first tax to be levied shall be called the "original tax." Each tax subsequently levied shall be called an "incremental tax." The rate of each incremental tax shall be identical, but the rates of such incremental taxes need not be the same as the rate of the original tax. The resolution also shall state that the question of these additional taxes shall be submitted to the electors of the school district at a special election. The resolution shall specify separately for each tax proposed: the amount of the increase in rate that it is necessary to levy, expressed separately for the original tax and each incremental tax; that the purpose of the levy is for current expenses; the number of years during which the original tax shall be in effect; a specification that the last year in which the original tax is in effect shall also be the last year in which each incremental tax shall be in effect; and the year in which each tax first is proposed to be levied. The original tax may be levied for any number of years not exceeding ten, or for a continuing period of time. The resolution shall specify the date of holding the special election, which shall not be earlier than ninety days after the adoption and certification of the resolution and shall be consistent with the requirements of section 3501.01 of the Revised Code.

(2) The board of education, by a vote of two-thirds of all of its members, may adopt a resolution proposing to renew taxes levied other than for a continuing period of time under division (A)(1) of this section. Such a resolution shall provide for levying a tax and specify all of the following:

(a) That the tax shall be called and designated on the ballot as a renewal levy;

(b) The rate of the renewal tax, which shall be a single rate that combines the rate of the original tax and each incremental tax into a single rate. The rate of the renewal tax shall not exceed the aggregate rate of the original and incremental taxes.

(c) The number of years, not to exceed ten, that the renewal tax will be levied, or that it will be levied for a continuing period of time;

(d) That the purpose of the renewal levy is for current expenses;

(e) Subject to the certification and notification requirements of section 5705.251 of the Revised Code, that the question of the renewal levy shall be submitted to the electors of the school district at the general election held during the last year the original tax may be extended on the real and public utility property tax list and duplicate or at a special election held during the ensuing year.

(3) A resolution adopted under division (A)(1) or (2) of this section shall go into immediate effect upon its adoption and no publication of the resolution is necessary other than that provided for in the notice of election. Immediately after its adoption, a copy of the resolution shall be certified to the

board of elections of the proper county in the manner provided by division (A) of section 5705.251 of the Revised Code, and that division shall govern the arrangements for the submission of the question and other matters concerning the election to which that section refers. The election shall be held on the date specified in the resolution. If a majority of the electors voting on the question so submitted in an election vote in favor of the taxes or a renewal tax, the board of education, if the original or a renewal tax is authorized to be levied for the current year, immediately may make the necessary levy within the school district at the authorized rate, or at any lesser rate in excess of the ten-mill limitation, for the purpose stated in the resolution. No tax shall be imposed prior to the year specified in the resolution as the year in which it is first proposed to be levied. The rate of the original tax and the rate of each incremental tax shall be cumulative, so that the aggregate rate levied in any year is the sum of the rates of both the original tax and all incremental taxes levied in or prior to that year under the same proposal. A tax levied for a continuing period of time under this section may be reduced pursuant to section 5705.261 of the Revised Code.

(B) Notwithstanding section 133.30 of the Revised Code, after the approval of a tax to be levied in the current or the succeeding year and prior to the time when the first tax collection from that levy can be made, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in an amount not to exceed fifty per cent of the total estimated proceeds of the levy to be collected during the first year of the levy. The notes shall be sold as provided in Chapter 133. of the Revised Code. If anticipation notes are issued, they shall mature serially and in substantially equal

amounts during each year over a period not to exceed five years; and the amount necessary to pay the interest and principal as the anticipation notes mature shall be deemed appropriated for those purposes from the levy, and appropriations from the levy by the board of education shall be limited each fiscal year to the balance available in excess of that amount.

~~If the auditor of state has certified a deficit pursuant to section 3313.483 of the Revised Code, the notes authorized under this section may be sold in accordance with Chapter 133. of the Revised Code, except that the board may sell the notes after providing a reasonable opportunity for competitive bidding.~~

(C)(1) The board of education of a qualifying school district, at any time and by a vote of two-thirds of all its members, may declare by resolution that it is necessary to levy not more than five taxes in excess of the ten-mill limitation for the current expenses of partnering community schools and, if any of the levy proceeds are so allocated, of the school district, and that each of the proposed taxes first will be levied in a different year, over a specified period of time. A qualifying school district that is not a municipal school district may allocate all of the levy proceeds to partnering community schools. A municipal school district shall allocate a portion of the levy proceeds to the current expenses of the district. The board shall identify the taxes proposed under this division in the same manner as in division (A)(1) of this section. The rate of each incremental tax shall be identical, but the rates of such incremental taxes need not be the same as the rate of the original tax. In addition to the specifications required of the resolution in division (A) of this section, the resolution shall state the number of the mills to be levied each

year for the current expenses of the partnering community schools and the number of the mills, if any, to be levied each year for the current expenses of the school district. The number of mills for the current expenses of partnering community schools shall be the same for each of the incremental taxes, and the number of mills for the current expenses of the qualifying school district shall be the same for each of the incremental taxes.

The levy of taxes for the current expenses of a partnering community school under division (C) of this section and the distribution of proceeds from the tax by a qualifying school district to partnering community schools is hereby determined to be a proper public purpose.

(2) The board of education, by a vote of two-thirds of all of its members, may adopt a resolution proposing to renew taxes levied other than for a continuing period of time under division (C)(1) of this section. In such a renewal levy, the rates allocated to the qualifying school district and to partnering community schools each may be increased or decreased or remain the same, and the total rate may be decreased or remain the same. In addition to the requirements of division (A)(2) of this section, the resolution shall state the number of the mills to be levied for the current expenses of the partnering community schools and the number of the mills to be levied for the current expenses of the school district.

(3) A resolution adopted under division (C)(1) or (2) of this section is subject to the rules and procedures prescribed by division (A)(3) of this section.

(4) The proceeds of each tax levied under division (C)(1) or (2) of this section shall be credited and distributed in the

manner prescribed by division (B)(3) of section 5705.21 of the Revised Code, and divisions (B)(4), (5), and (6) of that section apply to taxes levied under division (C) of this section.

(5) Notwithstanding section 133.30 of the Revised Code, after the approval of a tax to be levied under division (C)(1) or (2) of this section, in the current or succeeding year and prior to the time when the first tax collection from that levy can be made, the board of education may anticipate a fraction of the proceeds of the levy for the current expenses of the qualifying school district and issue anticipation notes in a principal amount not exceeding fifty per cent of the estimated proceeds of the levy to be collected during the first year of the levy and allocated to the school district. The portion of levy proceeds to be allocated to partnering community schools shall not be included in the estimated proceeds anticipated under this division and shall not be used to pay debt charges on any anticipation notes.

The notes shall be sold as provided in Chapter 133. of the Revised Code. If anticipation notes are issued, they shall mature serially and in substantially equal amounts during each year over a period not to exceed five years. The amount necessary to pay the interest and principal as the anticipation notes mature shall be deemed appropriated for those purposes from the levy, and appropriations from the levy by the board of education shall be limited each fiscal year to the balance available in excess of that amount.

~~If the auditor of state has certified a deficit pursuant to section 3313.483 of the Revised Code, the notes authorized under this section may be sold in accordance with Chapter 133. of the Revised Code, except that the board may sell the notes~~

~~after providing a reasonable opportunity for competitive bidding.~~

As used in division (C) of this section, "qualifying school district" and "partnering community schools" have the same meanings as in section 5705.21 of the Revised Code.

(D) The submission of questions to the electors under this section is subject to the limitation on the number of election dates established by section 5705.214 of the Revised Code.

(E) When a school board certifies a resolution to the county auditor under division (B)(1) of section 5705.03 of the Revised Code proposing to levy a tax under division (A)(1) or (C)(1) of this section, the county auditor shall certify, in addition to the other information the auditor is required to certify under that section, an estimate of both the levy's annual collections for the tax year for which the original tax applies and the levies' aggregate annual collections for the tax year for which the final incremental tax applies, in both cases rounded to the nearest dollar, which shall be calculated assuming that the amount of the tax list of the taxing authority remains throughout the life of the levy the same as the amount of the tax list most recently certified by the county auditor under division (A) of section 319.28 of the Revised Code. If a school district is located in more than one county, the county auditor shall obtain from the county auditor of each other county in which the district is located the current tax valuation for the portion of the district in that county.

Sec. 5705.213. (A)(1) The board of education of any school district, at any time and by a vote of two-thirds of all of its members, may declare by resolution that the amount of taxes that may be raised within the ten-mill limitation will be

insufficient to provide an adequate amount for the present and future requirements of the school district and that it is necessary to levy a tax in excess of that limitation for current expenses. The resolution also shall state that the question of the additional tax shall be submitted to the electors of the school district at a special election. The resolution shall specify, for each year the levy is in effect, the amount of money that the levy is proposed to raise, which may, for years after the first year the levy is made, be expressed in terms of a dollar or percentage increase over the prior year's amount. The resolution also shall specify that the purpose of the levy is for current expenses, the number of years during which the tax shall be in effect which may be for any number of years not exceeding ten, and the year in which the tax first is proposed to be levied. The resolution shall specify the date of holding the special election, which shall not be earlier than ninety-five days after the adoption and certification of the resolution to the county auditor and not earlier than ninety days after certification to the board of elections. The date of the election shall be consistent with the requirements of section 3501.01 of the Revised Code.

(2) The board of education, by a vote of two-thirds of all of its members, may adopt a resolution proposing to renew a tax levied under division (A)(1) of this section. Such a resolution shall provide for levying a tax and specify all of the following:

(a) That the tax shall be called and designated on the ballot as a renewal levy;

(b) The amount of the renewal tax, which shall be no more than the amount of tax levied during the last year the tax being

renewed is authorized to be in effect;

(c) The number of years, not to exceed ten, that the renewal tax will be levied, or that it will be levied for a continuing period of time;

(d) That the purpose of the renewal levy is for current expenses;

(e) Subject to the certification and notification requirements of section 5705.251 of the Revised Code, that the question of the renewal levy shall be submitted to the electors of the school district at the general election held during the last year the tax being renewed may be extended on the real and public utility property tax list and duplicate or at a special election held during the ensuing year.

(3) A resolution adopted under division (A)(1) or (2) of this section shall go into immediate effect upon its adoption and no publication of the resolution is necessary other than that provided for in the notice of election. Immediately after its adoption, a copy of the resolution shall be certified to the county auditor of the proper county, who shall, within ten days, calculate and certify to the board of education the estimated levy, for the first year, and for each subsequent year for which the tax is proposed to be in effect. The estimates shall be made both in mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars of the county auditor's market value. In making the estimates, the auditor shall assume that the amount of the tax list remains throughout the life of the levy, the same as the tax list most recently certified by the county auditor under division (A) of section 319.28 of the Revised Code.

If the board desires to proceed with the submission of the question, it shall certify its resolution, with the estimated tax levy expressed in mills for each one dollar of taxable value and dollars for each one hundred thousand dollars of the county auditor's market value for each year that the tax is proposed to be in effect, to the board of elections of the proper county in the manner provided by division (A) of section 5705.251 of the Revised Code. Section 5705.251 of the Revised Code shall govern the arrangements for the submission of the question and other matters concerning the election to which that section refers. The election shall be held on the date specified in the resolution. If a majority of the electors voting on the question so submitted in an election vote in favor of the tax, and if the tax is authorized to be levied for the current year, the board of education immediately may make the additional levy necessary to raise the amount specified in the resolution or a lesser amount for the purpose stated in the resolution.

(4) The submission of questions to the electors under this section is subject to the limitation on the number of election dates established by section 5705.214 of the Revised Code.

(B) Notwithstanding section 133.30 of the Revised Code, after the approval of a tax to be levied in the current or the succeeding year and prior to the time when the first tax collection from that levy can be made, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in an amount not to exceed fifty per cent of the total estimated proceeds of the levy to be collected during the first year of the levy. The notes shall be sold as provided in Chapter 133. of the Revised Code. If anticipation notes are issued, they shall mature serially and in substantially equal amounts during each year over a period not to exceed five years;

and the amount necessary to pay the interest and principal as the anticipation notes mature shall be deemed appropriated for those purposes from the levy, and appropriations from the levy by the board of education shall be limited each fiscal year to the balance available in excess of that amount.

~~If the auditor of state has certified a deficit pursuant to section 3313.483 of the Revised Code, the notes authorized under this section may be sold in accordance with Chapter 133. of the Revised Code, except that the board may sell the notes after providing a reasonable opportunity for competitive bidding.~~
