the board acquires, constructs, controls, or operates any such 390
facilities, it shall negotiate arrangements to protect the 391
interests of employees affected by the acquisition, 392
construction, control, or operation. The arrangements shall 393
include, but are not limited to: 394

(1) The preservation of rights, privileges, and benefits 395

under existing collective bargaining agreements or otherwise,	396
the preservation of rights and benefits under any existing	397
pension plans covering prior service, and continued	398
participation in social security in addition to participation in	399
the public employees retirement system as required in Chapter	400
145. of the Revised Code;	401
(2) The continuation of collective bargaining rights;	402
(3) The protection of individual employees against a	403
worsening of their positions with respect to their employment;	404

peace, and to enforce all laws of the state and ordinances and	419
regulations of political subdivisions in which the transit	420

also shall have the power and duty to act as peace officers when	422
they render emergency assistance outside their jurisdiction to	423
any other peace officer who is not a regional transit authority	424

police officer and who has arrest authority under section 425
2935.03 of the Revised Code. Regional transit authority police 426
officers may render emergency assistance if there is a threat of 427
imminent physical danger to the peace officer, a threat of 428
physical harm to another person, or any other serious emergency 429
situation and if either the peace officer who is assisted 430
requests emergency assistance or it appears that the peace 431
officer who is assisted is unable to request emergency 432
assistance and the circumstances observed by the regional 433
transit authority police officer reasonably indicate that 434
emergency assistance is appropriate. 435

Before exercising powers of arrest and the other powers 436
and duties of a peace officer, each regional transit authority 437
police officer shall take an oath and give bond to the state in 438
a sum that the board of trustees prescribes for the proper 439
performance of the officer's duties. 440

Revised Code, or be otherwise qualified. The cost of the 445
training shall be provided by the regional transit authority. 446

(Z) May procure a policy or policies insuring members of 447
its board of trustees against liability on account of damages or 448

omission of a member in the member's official capacity as a 450
member of the board or resulting solely out of the member's 451
membership on the board; 452

(AA) May enter into any agreement for the sale and 453
leaseback or lease and leaseback of transit facilities, which 454

agreement may contain all necessary covenants for the security 455
and protection of any lessor or the regional transit authority 456
including, but not limited to, indemnification of the lessor 457
against the loss of anticipated tax benefits arising from acts, 458
omissions, or misrepresentations of the regional transit 459
authority. In connection with that transaction, the regional 460
transit authority may contract for insurance and letters of 461
credit and pay any premiums or other charges for the insurance 462
and letters of credit. The fiscal officer shall not be required 463
to furnish any certificate under section 5705.41 of the Revised 464
Code in connection with the execution of any such agreement. 465

March 19, 1993, for the rendering of services or the supplying 467
of materials or for the construction, demolition, alteration, 468
repair, or reconstruction of transit facilities in which a bond 469
is required for the faithful performance of the contract, may 470
permit the person awarded the contract to utilize a letter of 471
credit issued by a bank or other financial institution in lieu 472
of the bond; 473

(CC) May enter into agreements with municipal corporations 474
located within the territorial jurisdiction of the regional 475
transit authority permitting regional transit authority police 476
officers employed under division (Y) of this section to exercise 477
full arrest powers, as provided in section 2935.03 of the 478
Revised Code, for the purpose of preserving the peace and 479
enforcing all laws of the state and ordinances and regulations 480
of the municipal corporation within the areas that may be agreed 481
to by the regional transit authority and the municipal 482
corporation. 483

(DD) If it has a centralized transfer transportation hub 484

with six or more service routes, shall enter into and maintain a 485
contract with one or more local law enforcement entities to 486
enforce laws and ensure safety at or in the vicinity of the hub, 487
provided, however, that this division does not apply to a 488
regional transit authority that maintains a transit police 489
department under division (Y) of this section. 490

Sec. 306.43. (A) The board of trustees of a regional 491
transit authority or any officer or employee designated by such 492
board may make any contract for the purchase of goods or 493
services, the cost of which does not exceed one hundred thousand 494
dollars. When an expenditure, other than for the acquisition of 495
real estate, the discharge of claims, or the acquisition of 496
goods or services under the circumstances described in division 497
(H) of this section, is expected to exceed one hundred thousand 498
dollars, such expenditure shall be made through full and open 499
competition by the use of competitive procedures. The regional 500
transit authority shall use the competitive procedure, as set 501
forth in divisions (B), (C), (D), and (E) of this section, that 502
is most appropriate under the circumstances of the procurement. 503

(B) Competitive sealed bidding is the preferred method of 504
procurement and a regional transit authority shall use that 505
method if all of the following conditions exist: 506

(1) A clear, complete, and adequate description of the 507
goods, services, or work is available; 508

(2) Time permits the solicitation, submission, and 509
evaluation of sealed bids; 510

(3) The award will be made on the basis of price and other 511
price-related factors; 512

(4) It is not necessary to conduct discussions with 513

responding offerors about their bids; 514

(5) There is a reasonable expectation of receiving more 515
than one sealed bid. 516

A regional transit authority shall publish a notice 517
calling for bids once a week for no less than two consecutive 518
weeks in a newspaper of general circulation within the 519
territorial boundaries of the regional transit authority, or as 520
provided in section 7.16 of the Revised Code. A regional transit 521
authority may require that a bidder for any contract other than 522
a construction contract provide a bid guaranty in the form, 523
quality, and amount considered appropriate by the regional 524
transit authority. The board may let the contract to the lowest 525
responsive and responsible bidder. Where fewer than two 526
responsive bids are received, a regional transit authority may 527
negotiate price with the sole responsive bidder or may rescind 528
the solicitation and procure under division (H) (2) of this 529
section. 530

(C) A regional transit authority may use two-step 531
competitive bidding, consisting of a technical proposal and a 532
separate, subsequent sealed price bid from those submitting 533
acceptable technical proposals, if both of the following 534
conditions exist: 535

(1) A clear, complete, and adequate description of the 536
goods, services, or work is not available, but definite criteria 537
exist for the evaluation of technical proposals; 538

(2) It is necessary to conduct discussions with responding 539
offerors. 540

A regional transit authority shall publish a notice 541
calling for technical proposals once a week for no less than two 542

consecutive weeks in a newspaper of general circulation within 543
the territorial boundaries of the regional transit authority, or 544
as provided in section 7.16 of the Revised Code. A regional 545
transit authority may require a bid guaranty in the form, 546
quality, and amount the regional transit authority considers 547
appropriate. The board may let the contract to the lowest 548
responsive and responsible bidder. Where fewer than two 549
responsive and responsible bids are received, a regional transit 550
authority may negotiate price with the sole responsive and 551
responsible bidder or may rescind the solicitation and procure 552
under division (H) (2) of this section. 553

(D) A regional transit authority shall make a procurement 554
by competitive proposals if competitive sealed bidding or two- 555
step competitive bidding is not appropriate. 556

A regional transit authority shall publish a notice 557
calling for proposals once a week for no less than two 558
consecutive weeks in a newspaper of general circulation within 559
the territorial boundaries of the regional transit authority, or 560
as provided in section 7.16 of the Revised Code. A regional 561
transit authority may require a proposal guaranty in the form, 562
quality, and amount considered appropriate by the regional 563
transit authority. The board may let the contract to the 564
proposer making the offer considered most advantageous to the 565
authority. Where fewer than two competent proposals are 566
received, a regional transit authority may negotiate price and 567
terms with the sole proposer or may rescind the solicitation and 568
procure under division (H) (2) of this section. 569

(E) (1) A regional transit authority shall procure the 570
services of an architect or engineer in the manner prescribed by 571
the "Federal Mass Transportation Act of 1987," Public Law No. 572

100-17, section 316, 101 Stat. 227, 232-234, 49 U.S.C.A. app. 573
1608 and the services of a construction manager in the manner 574
prescribed by sections 9.33 to 9.332 of the Revised Code. 575

(2) A regional transit authority may procure revenue 576
rolling stock in the manner prescribed by division (B), (C), or 577
(D) of this section. 578

(3) All contracts for construction in excess of one 579
hundred thousand dollars shall be made only after the regional 580
transit authority has published a notice calling for bids once a 581
week for two consecutive weeks in a newspaper of general 582
circulation within the territorial boundaries of the regional 583
transit authority, or as provided in section 7.16 of the Revised 584
Code. The board may award a contract to the lowest responsive 585
and responsible bidder. Where only one responsive and 586
responsible bid is received, the regional transit authority may 587
negotiate price with the sole responsive bidder or may rescind 588
the solicitation. The regional transit authority shall award 589
construction contracts in accordance with sections 153.12 to 590
153.14 and 153.54 of the Revised Code. Divisions (B) and (C) of 591
this section shall not apply to the award of contracts for 592
construction. 593

~~(F)~~(F) (1) As used in division (F) (2) of this section, 594
"simplified acquisition threshold" means the amount set forth in 595
41 U.S.C. 134. 596

(2) The board may adopt a policy on whether board approval 597
is required to enter into a contract involving expenditures 598
below the simplified acquisition threshold. The board shall 599
approve all contracts involving expenditures at or above the 600
simplified acquisition threshold. 601

(3) All contracts involving expenditures in excess of ~~one~~ 602
~~hundred thousand dollars~~ the amount for which board approval is 603
required shall be in writing and shall be accompanied by or 604
shall refer to plans and specifications for the work to be done. 605
The plans and specifications shall at all times be made and 606
considered part of the contract. For all contracts other than 607
construction contracts, a regional transit authority may require 608
performance, payment, or maintenance guaranties or any 609
combination of such guaranties in the form, quality, and amount 610
it considers appropriate. The contract shall be approved by the 611
board and signed on behalf of the regional transit authority and 612
by the contractor. 613

(G) In making a contract, a regional transit authority may 614
give preference to goods produced in the United States in 615
accordance with the Buy America requirements in the "Surface 616
Transportation Assistance Act of 1982," Public Law No. 97-424, 617
section 165, 96 Stat. 2097, 23 U.S.C.A. 101 note, as amended, 618
and the rules adopted thereunder. The regional transit authority 619
also may give preference to providers of goods produced in and 620
services provided in labor surplus areas as defined by the 621
United States department of labor in 41 U.S.C.A. 401 note, 622
Executive Order No. 12073, August 16, 1978, 43 Fed. Reg. 36873, 623
as amended. 624

(H) Competitive procedures under this section are not 625
required in any of the following circumstances: 626

(1) The board of trustees of a regional transit authority, 627
by a two-thirds affirmative vote of its members, determines that 628
a real and present emergency exists under any of the following 629
conditions, and the board enters its determination and the 630
reasons for it in its proceedings: 631

(a) Affecting safety, welfare, or the ability to deliver transportation services;	632 633
(b) Arising out of an interruption of contracts essential to the provision of daily transit services;	634 635
(c) Involving actual physical damage to structures, supplies, equipment, or property.	636 637
(2) The purchase consists of goods or services, or any combination thereof, and after reasonable inquiry the board or any officer or employee the board designates finds that only one source of supply is reasonably available.	638 639 640 641
(3) The expenditure is for a renewal or renegotiation of a lease or license for telecommunications or electronic data processing equipment, services, or systems, or for the upgrade of such equipment, services, or systems, or for the maintenance thereof as supplied by the original source or its successors or assigns.	642 643 644 645 646 647

public utility. 670

(9) The purchase is for the services of individuals with 671
disabilities to work in the authority's commissaries or 672
cafeterias, and those individuals are supplied by a nonprofit 673
corporation or association whose purpose is to assist 674
individuals with disabilities, whether or not that corporation 675
or association is funded entirely or in part by the federal 676
government, or the purchase is for services provided by a 677
nonprofit corporation or association whose purpose is to assist 678
individuals with disabilities, whether or not that corporation 679
or association is funded entirely or in part by the federal 680

Revised Code. 683

(I) A regional transit authority may enter into blanket 684
purchase agreements for purchases of maintenance, operating, or 685
repair goods or services where the item cost does not exceed 686

Except as provided in division (L) of this section, all 695
dispositions of personal property and all grants of real 696

A request for proposals shall require the vendor that is awarded a contract under division (C) (2) (b) of this section to prepare an energy conservation report in accordance with division (B) of this section.

Prior to sending any vendor a copy of any request for proposals, the legislative authority shall advertise its intent to request proposals for the installation of energy conservation measures in a newspaper of general circulation in the municipal corporation once a week for two consecutive weeks. The notice shall state that the legislative authority intends to request proposals for the installation of energy conservation measures, indicate the date on which the request for proposals will be

improvements with current revenues or by financing the 871
improvements. 872

(b) Upon receiving proposals under division (C) (1) (c) of 873
this section, the legislative authority shall analyze the 874

review of the energy conservation report, the legislative 878
authority may award a contract to the selected vendor to install 879
the energy conservation measures that are most likely to result 880
in the greatest energy savings considering the cost of the 881
project and the legislative authority's ability to pay for the 882
improvements with current revenues or by financing the 883
improvements. 884

(c) The awarding of a contract to install energy 885
conservation measures under division (C) (2) (a) or (b) of this 886
section shall be conditioned upon a finding by the contracting 887
authority that the amount of money spent on energy conservation 888
measures is not likely to exceed the amount of money the 889
municipal corporation would save in energy, operating, 890

maintenance, and avoided capital costs over the average system 891
life of the energy conservation measures as specified in the 892
energy conservation report. In making such a finding, the 893
contracting authority may take into account the increased costs 894
due to inflation as shown in the energy conservation report. 895
Nothing in this division prohibits a municipal corporation from 896
rejecting all bids or proposals under division (C) (1) (b) or (c) 897
of this section or from selecting more than one bid or proposal. 898

(D) The legislative authority of a municipal corporation 899
may enter into an installment payment contract for the purchase 900
and installation of energy conservation measures. Provisions of 901
installment payment contracts that deal with interest charges 902
and financing terms shall not be subject to competitive bidding 903
requirements and shall be on the following terms: 904

(1) Not less than a specified percentage of the costs of 905
the contract shall be paid within two years from the date of 906
purchase, as determined and approved by the legislative 907
authority of a municipal corporation. 908

(2) The remaining balance of the costs of the contract 909
shall be paid within the lesser of the average system life of 910
the energy conservation measures as specified in the energy 911
conservation report or thirty years. 912

(E) The legislative authority of a municipal corporation 913
may issue the notes of the municipal corporation specifying the 914
terms of a purchase of energy conservation measures under this 915
section and securing any deferred payments provided for in 916
division ~~(C)~~ (D) of this section. The notes shall be payable at 917
the times provided and bear interest at a rate not exceeding the 918
rate determined as provided in section 9.95 of the Revised Code. 919
The notes may contain an option for prepayment and shall not be 920

subject to Chapter 133. of the Revised Code. Revenues derived 921
from local taxes or otherwise, for the purpose of conserving 922
energy or for defraying the current operating expenses of the 923
municipal corporation, may be pledged and applied to the payment 924
of interest and the retirement of the notes. The notes may be 925
sold at private sale or given to the contractor under an 926
installment payment contract authorized by division ~~(C)~~(D) of 927
this section. 928

(F) Debt incurred under this section shall not be included 929
in the calculation of the net indebtedness of a municipal 930
corporation under section 133.05 of the Revised Code. 931

Sec. 1548.061. (A) Notwithstanding any general requirement 932
in this chapter to the effect that an application for a 933
certificate of title to a watercraft or outboard motor shall be 934
"sworn to" or shall be "sworn to before a notary public or other 935
officer empowered to administer oaths," that requirement shall 936
apply only in the case of a transfer of a watercraft or outboard 937
motor between parties in the course of a sale by a person other 938
than a registered watercraft dealer, as defined in section 939
1546.01 of the Revised Code, to a person who purchases the 940
watercraft or outboard motor for use as a consumer. 941

(B) (1) Notwithstanding any provision of the Revised Code 942
to the contrary that requires a document to be "sworn to before" 943
or "signed in the presence of" a notary or other officer 944
empowered to administer oaths, when a registered watercraft 945
dealer is a party to the transfer of a watercraft or outboard 946
motor, no notarization is required on any of the following as it 947
relates to a watercraft or outboard motor: 948

(a) A certificate of title; 949

<u>(b) An assignment of ownership;</u>	950
<u>(c) A power of attorney used for the purposes of titling;</u>	951
<u>(d) Any document related to the titling that the dealer is required to provide to a clerk of a court of common pleas.</u>	952 953
<u>(2) A clerk of courts may request a notarized affidavit to make corrections to the documents listed in division (B) (1) of this section, if necessary.</u>	954 955 956

<u>(2) The power of attorney granted under division (A) (1) of this section may be used only when the granting instrument limits the power of the attorney in fact to act on the principal's behalf for either of the following:</u>	965 966 967 968
<u>(a) Making an assignment of a certificate of title;</u>	969
<u>(b) Completing an application for a certificate of title.</u>	970
<u>(3) Such instrument shall state the following, as applicable, to which the grant of power applies:</u>	971 972
<u>(a) A description of the watercraft, including the make, year, length, series or model, if any, body type, hull identification number or serial number, and make, manufacturer's serial number, and horsepower of any inboard motor;</u>	973 974 975 976

(b) A description of the outboard motor, including the 977

(B) The power of attorney is exempt from the requirements 980
of notarization and verification as described in this chapter 981
and in section 1337.25 of the Revised Code, and the documents 982
may be signed electronically. This power of attorney shall be 983
presented to the clerk of the court of common pleas when used to 984
transfer title to a watercraft or outboard motor and shall be 985
retained by the clerk in the same manner that a certificate of 986

registration purposes by electronic means in conjunction with 1008
the person's transaction with the registrar, in a manner 1009
prescribed by the secretary of state. 1010

(3) When a person registers to vote or updates the 1011
person's voter registration under division (A) (1) or (2) of this 1012

of the Revised Code and transmit to the secretary of state 1052
information on the number of voter registration applications and 1053
change of residence or change of name forms completed or 1054
declined, and any additional information required by the 1055
secretary of state to comply with the National Voter 1056

Sec. 3704.14. (A) (1) If the director of environmental 1063
protection determines that implementation of a motor vehicle 1064
inspection and maintenance program is necessary for the state to 1065

effectively comply with the federal Clean Air Act after June 30, 1066
2023, the director may provide for the implementation of the 1067
program in those counties in this state in which such a program 1068
is federally mandated. Upon making such a determination, the 1069
director of environmental protection may request the director of 1070
administrative services to extend the terms of the contract that 1071
was entered into under the authority of Am. Sub. H.B. 64 of the 1072
131st general assembly. Upon receiving the request, the director 1073
of administrative services shall extend the contract, beginning 1074

shall be extended for a period of up to twenty-four months with 1076
the contractor who conducted the motor vehicle inspection and 1077
maintenance program under that contract. 1078

(2) Prior to the expiration of the contract extension that 1079
is authorized by division (A)(1) of this section, the director 1080
of environmental protection shall request the director of 1081
administrative services to enter into a contract with a vendor 1082
to operate a decentralized motor vehicle inspection and 1083
maintenance program in each county in this state in which such a 1084
program is federally mandated through June 30, 2027, with an 1085
option for the state to renew the contract for a period of up to 1086
twenty-four months through June 30, 2029. The contract shall 1087
ensure that the decentralized motor vehicle inspection and 1088
maintenance program achieves at least the same emission 1089
reductions as achieved by the program operated under the 1090
authority of the contract that was extended under division (A) 1091
(1) of this section. The director of administrative services 1092
shall select a vendor through a competitive selection process in 1093
compliance with Chapter 125. of the Revised Code. 1094

(3) Notwithstanding any law to the contrary, the director 1095
of administrative services shall ensure that a competitive 1096

selection process regarding a contract to operate a 1097
decentralized motor vehicle inspection and maintenance program 1098
in this state incorporates the following, which shall be 1099
included in the contract: 1100

(a) For purposes of expanding the number of testing 1101
locations for consumer convenience, a requirement that the 1102
vendor utilize established local businesses, auto repair 1103
facilities, or leased properties to operate state-approved 1104
inspection and maintenance testing facilities; 1105

(b) A requirement that the vendor selected to operate the 1106
program provide notification of the program's requirements to 1107
each owner of a motor vehicle that is required to be inspected 1108
under the program. The contract shall require the notification 1109
to be provided not later than sixty days prior to the date by 1110
which the owner of the motor vehicle is required to have the 1111
motor vehicle inspected. The director of environmental 1112
protection and the vendor shall jointly agree on the content of 1113
the notice. However, the notice shall include at a minimum the 1114
locations of all inspection facilities within a specified 1115
distance of the address that is listed on the owner's motor 1116
vehicle registration; 1117

(c) A requirement that the vendor comply with testing 1118
methodology and supply the required equipment approved by the 1119
director of environmental protection as specified in the 1120
competitive selection process in compliance with Chapter 125. of 1121
the Revised Code. 1122

(4) A decentralized motor vehicle inspection and 1123
maintenance program operated under this section shall comply 1124
with division (B) of this section. The director of environmental 1125
protection shall administer the decentralized motor vehicle 1126

inspection and maintenance program operated under this section. 1127

(B) The director shall establish a decentralized motor 1128
vehicle inspection and maintenance program as authorized by this 1129

(2) ~~Provide~~ Provides for the issuance of inspection 1133
certificates and alternative emissions certificates as specified 1134
in rules adopted under division (C) (2) of this section; 1135

(3) ~~Provide~~ Provides for a new car exemption for motor 1136
vehicles ~~four~~ six years old or newer and ~~provide~~ provides that a 1137
new motor vehicle is exempt for ~~four~~ six years regardless of 1138
whether legal title to the motor vehicle is transferred during 1139
that period; 1140

(4) ~~Provide~~ Provides for an exemption for battery electric 1141
motor vehicles; 1142

(5) Provides for an exemption for hybrid motor vehicles 1143
seven years old or newer and provides that a hybrid motor 1144
vehicle is exempt for seven years regardless of whether legal 1145
title to the motor vehicle is transferred during that period. 1146

(C) (1) The director of environmental protection shall 1147
adopt rules in accordance with Chapter 119. of the Revised Code 1148
that the director determines are necessary to implement this 1149
section. The director may continue to implement and enforce 1150
rules pertaining to the motor vehicle inspection and maintenance 1151
program previously implemented under former section 3704.14 of 1152
the Revised Code as that section existed prior to its repeal and 1153
reenactment by Am. Sub. H.B. 66 of the 126th general assembly, 1154
provided that the rules do not conflict with this section. 1155

~~(2) The director of environmental protection shall issue
an inspection certificate provided for under division (B) (2) of
this section in accordance with Chapter 4796. of the Revised
Code to an applicant if either of the following applies:~~

government certification, or a private certification as
described in that chapter as a vehicle inspector in a state that

division (C) (1) of this section shall provide for the issuance
of inspections certificates and alternative emissions
certificates. Under the rules, an inspection certificate shall
be issued to the owner or lessee of a motor vehicle when the
motor vehicle passes an emissions inspection conducted in
accordance with the motor vehicle inspection and maintenance
program established under this section. In lieu of obtaining an
inspection certificate, the rules shall establish a system by
which the owner or lessee of a motor vehicle may request an
alternative emissions certificate from the director.~~

(a) The rules providing for the issuance of alternative
emissions certificates shall require an owner or lessee of a
motor vehicle to do the following in order to receive the
certificate:

(i) Complete and submit an attestation form created by the
director that includes a statement that reads substantially as
follows:

"I, _____, attest that, to the best of my knowledge, the
motor vehicle concerning which I am the owner or lessee complies

with all laws of Ohio and the United States governing motor 1185
vehicle emissions. I, _____, am aware that a false statement on 1186
this form is not permitted." 1187

(ii) Sign and date the form either manually or 1188
electronically; 1189

(iii) Submit the form to the director either by regular 1190
mail, certified mail, or electronically. 1191

(b) The rules shall require the director to include both 1192
of the following additional information on the attestation form: 1193

(i) A provision that allows the owner or lessee of a motor 1194
vehicle to specify one of the following methods by which the 1195
owner or lessee may request delivery of the alternative 1196
emissions certificate: certified mail, noncertified mail, or 1197
electronically; 1198

(ii) A provision that allows the owner or lessee of a 1199

(c) Subject to division (C) (2) (d) of this section, the 1203
rules shall require the director to deliver an alternative 1204
emission certificate to the owner or lessee of a motor vehicle 1205
who complies with rules adopted under division (C) (2) (a) of this 1206
section. The director shall deliver the certificate within 1207
thirty business days after the director's receipt of the 1208
attestation form or, if the owner or lessee submits the form 1209
electronically, within five business days after receipt of the 1210
form. The director shall confirm the receipt of the attestation 1211
form if the director receives it by electronic means. 1212

(d) The rules shall require the director to reject an 1213

attestation form for any of the following reasons: 1214

(i) The motor vehicle that is the subject of the 1215
attestation form was in an accident or collision within the two 1216
years prior to the date of submission of the form, and the 1217
accident or collision caused substantial damage to the internal 1218
structure of the motor vehicle. 1219

(ii) The owner or lessee of the motor vehicle that is the 1220
subject of the attestation form has received a ticket, citation, 1221
or summons with regard to that motor vehicle within the two 1222
years prior to the date of submission of the form for a 1223
violation of section 4513.22 of the Revised Code or 1224
substantially equivalent municipal ordinance. 1225

(iii) The information in the attestation form is 1226
determined by the director to be false. 1227

If the director rejects an attestation form under division 1228
(C) (2) (d) (iii) of this section, the director shall provide 1229
notice to the owner or lessee that the attestation form was 1230
determined to be false. The notice shall inform the owner or 1231
lessee that the owner or lessee may submit a corrected form to 1232
the director within thirty days of the receipt of the notice. If 1233
the owner or lessee submits a corrected attestation form that 1234
complies with rules adopted under division (C) (2) of this 1235
section within that thirty-day period, the director shall issue 1236
an alternative emissions certificate to the owner or lessee. If 1237
the owner or lessee fails to correct the attestation form, the 1238
director shall require the owner or lessee to complete an 1239
emissions inspection and obtain an inspection certificate in 1240
accordance with rules adopted under this section. 1241

If the director rejects an attestation form under division 1242

(C) (2) (d) (i) or (ii) of this section, the director shall require 1243
the owner or lessee to complete an emissions inspection and 1244
obtain an inspection certificate in accordance with rules 1245
adopted under this section. 1246

(e) In adopting rules under division (C) (2) of this 1247
section, the director shall ensure that the owner or lessee of a 1248
motor vehicle who falsifies an attestation form receives a 1249
notice that includes a statement that reads substantially as 1250
follows: "You have falsified an attestation form for your 1251
vehicle under the E-Check/motor vehicle emissions testing 1252
program. Your vehicle is registered in one of [insert the number 1253
of counties] counties in this state that has federal emission 1254
mandates imposed on it that the State of Ohio is required, under 1255
threat of penalty, to enforce. This letter serves as Ohio's only 1256
penalty for falsification of an attestation form. You have 1257
thirty days from the date of this notice to amend your 1258
attestation form and submit the amended form to the 1259
Environmental Protection Agency. However, if you choose not to 1260
submit an amended attestation form, you must have a motor 1261
vehicle emissions inspection conducted for your vehicle in 1262
accordance with section 3704.14 of the Revised Code and rules 1263
adopted under it." 1264

(f) No penalties apply to a person who the director has 1265
determined to have falsified an attestation form, other than the 1266
issuance of the notice required under division (C) (2) (e) of this 1267
section. 1268

(D) There is hereby created in the state treasury the auto 1269
emissions test fund, which shall consist of money received by 1270
the director from any cash transfers, state and local grants, 1271
and other contributions that are received for the purpose of 1272

funding the program established under this section. The director 1273
of environmental protection shall use money in the fund solely 1274
for the implementation, supervision, administration, operation, 1275
and enforcement of the motor vehicle inspection and maintenance 1276
program established under this section. Money in the fund shall 1277
not be used for either of the following: 1278

(1) To pay for the inspection costs incurred by a motor 1279
vehicle dealer so that the dealer may provide inspection 1280
certificates to an individual purchasing a motor vehicle from 1281
the dealer when that individual resides in a county that is 1282
subject to the motor vehicle inspection and maintenance program; 1283

(2) To provide payment for more than one free passing 1284
emissions inspection or a total of three emissions inspections 1285
for a motor vehicle in any three-hundred-sixty-five-day period. 1286
The owner or lessee of a motor vehicle is responsible for 1287
inspection fees that are related to emissions inspections beyond 1288
one free passing emissions inspection or three total emissions 1289
inspections in any three-hundred-sixty-five-day period. 1290
Inspection fees that are charged by a contractor conducting 1291
emissions inspections under a motor vehicle inspection and 1292
maintenance program shall be approved by the director of 1293
environmental protection. 1294

(E) The motor vehicle inspection and maintenance program 1295
established under this section expires upon the termination of 1296
all contracts entered into under this section and shall not be 1297
implemented beyond the final date on which termination occurs. 1298

owner. If the owner of a motor vehicle submits a registration 2191
renewal application to the registrar by electronic means and the 2192
registrar is prohibited from accepting the application as 2193

file a copy of the physical evidence for the creation of the 2738
certificate of title in a manner prescribed by the registrar. A 2739
clerk may retain digital images of documents used as evidence 2740
for issuance of a certificate of title. Certified printouts of 2741
documents retained as digital images shall have the same 2742
evidentiary value as the original physical documents. The record 2743
of the issuance of the certificate of title shall be maintained 2744
in the automated title processing system. The clerk shall sign 2745
and affix the clerk's seal to the original certificate of title 2746
and, if there are no liens on the motor vehicle, shall deliver 2747
the certificate to the applicant or the selling dealer. If there 2748

are one or more liens on the motor vehicle, the certificate of 2749
title shall be delivered to the holder of the first lien or the 2750
selling dealer, who shall deliver the certificate of title to 2751
the holder of the first lien. 2752

The registrar shall prescribe a uniform method of 2753
numbering certificates of title, and such numbering shall be in 2754
such manner that the county of issuance is indicated. The clerk 2755
shall assign numbers to certificates of title in the manner 2756
prescribed by the registrar. The clerk shall file all 2757
certificates of title according to rules to be prescribed by the 2758
registrar, and the clerk shall maintain in the clerk's office 2759
indexes for the certificates of title. 2760

The clerk need not retain on file any current certificates 2761
of title, current duplicate certificates of title, current 2762
memorandum certificates of title, or current salvage 2763
certificates of title, or supporting evidence of them covering 2764
any motor vehicle or manufactured or mobile home for a period 2765
longer than seven years after the date of its filing; 2766
thereafter, the documents and supporting evidence may be 2767
destroyed. The clerk need not retain on file any inactive 2768
records, including certificates of title, duplicate certificates 2769
of title, or memorandum certificates of title, or supporting 2770

The automated title processing system shall contain all 2776
active records and an index of the active records, a record and 2777
index of all inactive titles for ten years, and a record and 2778

index of all inactive titles for manufactured and mobile homes 2779
for thirty years. If the clerk provides a written copy of any 2780
information contained in the database, the copy shall be 2781
considered the original for purposes of the clerk certifying the 2782
record of the information for use in any legal proceeding. 2783

(B) (1) If the clerk issues a certificate of title for a 2784
motor vehicle that was last previously registered in another 2785
state, the clerk shall record verbatim, where practicable, in 2786
the space on the title described in division (B) (19) of section 2787
4505.07 of the Revised Code, the words that appear as a notation 2788
to the vehicle on the title issued by the previous state. These 2789
notations may include, but are not limited to, words to the 2790
effect that the vehicle was considered or was categorized by the 2791
state in which it was last previously registered to be a law 2792
enforcement vehicle or a taxicab or was once in a flood. 2793

(2) If the clerk, while issuing a certificate of title for 2794
a motor vehicle that was last previously registered in another 2795
state, receives information from the automated title processing 2796
system indicating that a title to the vehicle previously was 2797
issued by this state and that the previous title contained 2798
notations that appeared in the space described in division (B) 2799
(19) or (20) of section 4505.07 of the Revised Code, the clerk 2800
shall enter the notations that appeared on the previous 2801
certificate of title issued by this state on the new certificate 2802
of title in the space described in division (B) (19) or (20) of 2803
section 4505.07 of the Revised Code, irrespective of whether the 2804
notations appear on the certificate of title issued by the state 2805
in which the vehicle was last previously registered. 2806

(3) If the clerk, while issuing a certificate of title for 2807
a motor vehicle that was last previously registered in another 2808

state, receives information from the automated title processing 2809
system indicating that the vehicle was previously issued a title 2810
by this state and that the previous title bore the notation 2811
"REBUILT SALVAGE" as required by division (E) of section 4505.11 2812
of the Revised Code, or the previous title to the vehicle issued 2813
by this state was a salvage certificate of title, the clerk 2814
shall cause the certificate of title the clerk issues to bear 2815
the notation "REBUILT SALVAGE" in the location prescribed by the 2816
registrar pursuant to that division. 2817

(4) If the clerk, while issuing a certificate of title for 2818
a motor vehicle that was last previously registered in another 2819
state, receives information from the automated title processing 2820
system indicating that the vehicle was previously issued a title 2821
by this state and that the previous title included the notation 2822
"REPLICA" in accordance with section 4505.072 of the Revised 2823
Code, or the previous title to the vehicle issued by another 2824
state indicates that the vehicle is a replica motor vehicle, the 2825
clerk shall cause the certificate of title the clerk issues to 2826
display the notation "REPLICA" in the location prescribed by the 2827
registrar pursuant to that section. 2828

(C) When the clerk issues a certificate of title for a 2829
motor vehicle that was last previously registered in this state 2830
and was a law enforcement vehicle or a taxicab or was once in a 2831
flood, the clerk shall record that information in the space on 2832
the title described in division (B) (20) of section 4505.07 of 2833
the Revised Code. The registrar, by rule, may prescribe any 2834
additional uses of or happenings to a motor vehicle that the 2835
registrar has reason to believe should be noted on the 2836
certificate of title as provided in this division. 2837

(D) The clerk shall use reasonable care in recording or 2838

entering onto titles the clerk issues any notation and 2839
information the clerk is required by divisions (B) and (C) of 2840
this section to record or enter and in causing the titles the 2841
clerk issues to bear any notation required by those divisions, 2842
but the clerk is not liable for any of the clerk's errors or 2843
omissions or those of the clerk's deputies, or the automated 2844
title processing system, in the performance of the duties 2845
imposed on the clerk by this section. 2846

(E) The clerk may issue a duplicate title, when duly 2847
applied for, of any title that has been destroyed as herein 2848
provided. 2849

(F) Except as provided in section 4505.021 of the Revised 2850
Code, the clerk shall issue a physical certificate of title to 2851
an applicant unless the applicant specifically requests the 2852
clerk not to issue a physical certificate of title and instead 2853
to issue an electronic certificate of title. The fact that a 2854
physical certificate of title is not issued for a motor vehicle 2855
does not affect ownership of the vehicle. In that case, when the 2856
clerk completes the process of entering certificate of title 2857
application information into the automated title processing 2858
system, the effect of the completion of the process is the same 2859
as if the clerk actually issued a physical certificate of title 2860
for the motor vehicle. 2861

(G) An electronic motor vehicle dealer who applies for a 2862
certificate of title on behalf of a customer who purchases a 2863
motor vehicle from the dealer may print a non-negotiable 2864
evidence of ownership for the customer if the customer so 2865
requests. The authorization to print the non-negotiable evidence 2866
of ownership shall come from the clerk with whom the dealer 2867
makes application for the certificate of title for the customer, 2868

but the printing by the dealer does not create an agency 2869
relationship of any kind between the dealer and the clerk. 2870

(H) The owner of a motor vehicle may apply at any time to 2871
a clerk of a court of common pleas for a non-negotiable evidence 2872
of ownership for the motor vehicle. 2873

(I) In accordance with rules adopted by the registrar, a 2874
clerk may issue a certificate of title applied for by an agent 2875
of a licensed motor vehicle dealer when that agent has a 2876
properly executed power of attorney from the dealer. 2877

to be removed any highway traffic ~~control~~ signal that has been 4691
erected without the director's permission on an extension of a 4692

right-of-way to vehicles lawfully within the intersection or so 4745
close as to create an immediate hazard at the time that the 4746
green signal indication is first displayed. 4747

(b) Pedestrians facing a green arrow signal indication, 4748
unless otherwise directed by a pedestrian signal indication or 4749
other traffic control device, shall not cross the roadway. 4750

arrow movement is being terminated or that a steady red signal 4755
indication will be exhibited immediately thereafter when 4756
vehicular traffic, streetcars, and trackless trolleys shall not 4757
enter the intersection. The provisions governing vehicular 4758
operation under the movement being terminated shall continue to 4759
apply while the steady circular yellow signal indication is 4760
displayed. 4761

(2) Vehicular traffic facing a steady yellow arrow signal 4762
indication is thereby warned that the related green arrow 4763
movement or the related flashing arrow movement is being 4764
terminated. The provisions governing vehicular operation under 4765
the movement being terminated shall continue to apply while the 4766
steady yellow arrow signal indication is displayed. 4767

(3) Pedestrians facing a steady circular yellow or yellow 4768

arrow signal indication, unless otherwise directed by a 4769
pedestrian signal indication as provided in section 4511.14 of 4770

trolleys facing a steady circular red signal indication, unless 4775
entering the intersection to make another movement permitted by 4776
another signal indication, shall stop at a clearly marked stop 4777
line; but if there is no stop line, traffic shall stop before 4778
entering the crosswalk on the near side of the intersection; or 4779
if there is no crosswalk, then before entering the intersection; 4780
and shall remain stopped until a signal indication to proceed is 4781
displayed except as provided in divisions (C) (1), (2), and (3) 4782
of this section. 4783

(b) Except when a traffic control device is in place 4784
prohibiting a turn on red or a steady red arrow signal 4785
indication is displayed, vehicular traffic facing a steady 4786
circular red signal indication is permitted, after stopping, to 4787
enter the intersection to turn right, or to turn left from a 4788
one-way street into a one-way street. The right to proceed with 4789
the turn shall be subject to the provisions that are applicable 4790
after making a stop at a stop sign. 4791

(2) (a) Vehicular traffic, streetcars, and trackless 4792
trolleys facing a steady red arrow signal indication shall not 4793
enter the intersection to make the movement indicated by the 4794
arrow and, unless entering the intersection to make another 4795
movement permitted by another signal indication, shall stop at a 4796
clearly marked stop line; but if there is no stop line, before 4797
entering the crosswalk on the near side of the intersection; or 4798

if there is no crosswalk, then before entering the intersection; 4799
and shall remain stopped until a signal indication or other 4800
traffic control device permitting the movement indicated by such 4801
red arrow is displayed. 4802

(b) When a traffic control device is in place permitting a 4803
turn on a steady red arrow signal indication, vehicular traffic 4804
facing a steady red arrow indication is permitted, after 4805
stopping, to enter the intersection to turn right, or to turn 4806
left from a one-way street into a one-way street. The right to 4807
proceed with the turn shall be limited to the direction 4808
indicated by the arrow and shall be subject to the provisions 4809
that are applicable after making a stop at a stop sign. 4810

(3) Unless otherwise directed by a pedestrian signal 4811
indication as provided in section 4511.14 of the Revised Code or 4812
other traffic control device, pedestrians facing a steady 4813
circular red or steady red arrow signal indication shall not 4814
enter the roadway. 4815

(4) Local authorities by ordinance, or the director of 4816
transportation on state highways, may prohibit a right or a left 4817
turn against a steady red signal at any intersection, which 4818
shall be effective when signs giving notice thereof are posted 4819
at the intersection. 4820

shall not be used. 4822

(E) Flashing yellow signal indication: 4823

(1) (a) Vehicular traffic, on an approach to an 4824
intersection, facing a flashing circular yellow signal 4825
indication, is permitted to cautiously enter the intersection to 4826
proceed straight through or turn right or left or make a u-turn 4827

movement except as such movement is modified by lane-use signs, 4828
turn prohibition signs, lane markings, roadway design, separate 4829
turn signal indications, or other traffic control devices. Such 4830
vehicular traffic, including vehicles turning right or left or 4831
making a u-turn movement, shall yield the right-of-way to both 4832

(ii) Other vehicles lawfully within the intersection. 4835

(b) In addition, vehicular traffic turning left or making 4836
a u-turn to the left shall yield the right-of-way to other 4837
vehicles approaching from the opposite direction so closely as 4838
to constitute an immediate hazard during the time when such 4839
turning vehicle is moving across or within the intersection. 4840

(2) (a) Vehicular traffic, on an approach to an 4841
intersection, facing a flashing yellow arrow signal indication, 4842
displayed alone or in combination with another signal 4843
indication, is permitted to cautiously enter the intersection 4844
only to make the movement indicated by such arrow, or other such 4845
movement as is permitted by other signal indications displayed 4846
at the same time. Such vehicular traffic, including vehicles 4847
turning right or left or making a u-turn, shall yield the right- 4848
of-way to both of the following: 4849

(i) Pedestrians lawfully within an associated crosswalk; 4850

(ii) Other vehicles lawfully within the intersection. 4851

(b) In addition, vehicular traffic turning left or making 4852
a u-turn to the left shall yield the right-of-way to other 4853
vehicles approaching from the opposite direction so closely as 4854
to constitute an immediate hazard during the time when such 4855
turning vehicle is moving across or within the intersection. 4856

(3) Pedestrians facing any flashing yellow signal 4857
indication at an intersection, unless otherwise directed by a 4858
pedestrian signal indication or other traffic control device, 4859
are permitted to proceed across the roadway within any marked or 4860
unmarked associated crosswalk. Pedestrians shall yield the 4861
right-of-way to vehicles lawfully within the intersection at the 4862
time that the flashing yellow signal indication is first 4863
displayed. 4864

(4) When a flashing circular yellow signal indication is 4865
displayed as a beacon to supplement another traffic control 4866
device, road users are notified that there is a need to pay 4867
additional attention to the message contained thereon or that 4868
the regulatory or warning requirements of the other traffic 4869
control device, which might not be applicable at all times, are 4870
currently applicable. 4871

(F) Flashing red signal indication: 4872

(1) Vehicular traffic, on an approach to an intersection, 4873
facing a flashing circular red signal indication, shall stop at 4874
a clearly marked stop line; but if there is no stop line, before 4875
entering the crosswalk on the near side of the intersection; or 4876
if there is no crosswalk, at the point nearest the intersecting 4877
roadway where the driver has a view of approaching traffic on 4878
the intersecting roadway before entering the intersection. The 4879
right to proceed shall be subject to the provisions that are 4880
applicable after making a stop at a stop sign. 4881

(2) Pedestrians facing any flashing red signal indication 4882
at an intersection, unless otherwise directed by a pedestrian 4883

entering the crosswalk on the near side of the intersection; or 4903
if there is no crosswalk, at the point nearest the intersecting 4904
roadway where the driver has a view of approaching traffic on 4905
the intersecting roadway before entering the intersection. The 4906

trackless trolley who approaches an intersection where traffic 4971

is controlled by highway traffic ~~control~~-signals shall do all of 4972
the following if the signal facing the driver exhibits no 4973
colored lights or colored lighted arrows, exhibits a combination 4974
of such lights or arrows that fails to clearly indicate the 4975
assignment of right-of-way, or, if the vehicle is a bicycle or 4976

traffic offense, whoever violates this section is guilty of a 4996
misdemeanor of the fourth degree. If, within one year of the 4997
offense, the offender previously has been convicted of two or 4998
more predicate motor vehicle or traffic offenses, whoever 4999
violates this section is guilty of a misdemeanor of the third 5000
degree. 5001

If the offender commits the offense while distracted and 5002
the distracting activity is a contributing factor to the 5003
commission of the offense, the offender is subject to the 5004
additional fine established under section 4511.991 of the 5005
Revised Code. 5006

Sec. 4511.15. Bicycle symbol signal indications have the 5007
following meanings: 5008

bicyclists shall not enter the intersection to make the movement 5026
indicated by the lane-use arrow displayed on the bicycle signal 5027

face. Unless the bicyclist is entering the intersection to make 5029
another movement permitted by another bicycle symbol signal 5030

indication, the bicyclist shall stop at a clearly marked stop 5031
line; but if there is no stop line, shall stop before entering 5032
the crosswalk on the near side of the intersection; or if there 5033
is no crosswalk, shall stop before entering the intersection; 5034

prohibiting a turn on red, bicyclists facing a steady red 5038
bicycle signal indication are permitted to enter the 5039
intersection to turn right if there are no approach lanes for 5040
motor vehicle traffic to their right. The right to proceed with 5041
the turn is subject to the provisions that are applicable after 5042
making a stop at a stop sign. 5043

(D) A flashing green bicycle signal indication and a 5044
flashing yellow bicycle signal indication have no meaning and 5045
shall not be used. 5046

(E) A flashing red bicycle signal indication means that 5047
bicyclists shall stop at a clearly marked stop line; but if 5048
there is no stop line, shall stop before entering the crosswalk 5049
on the near side of the intersection; or if there is no 5050
crosswalk, shall stop at the point nearest the intersecting 5051
roadway where the bicyclists have a view of approaching traffic 5052
on that roadway before entering the intersection. The right to 5053
make the movement indicated by the lane-use arrow displayed on 5054
the bicycle signal sign that is located immediately adjacent to 5055
the bicycle signal face is subject to the provisions that are 5056

(d) Notwithstanding divisions (D) (1) (a) to (c) of this section, if the offender was operating the motor vehicle at the time of the violation in a construction zone where a sign was posted in accordance with section 4511.98 of the Revised Code, the court, in addition to all other penalties provided by law, shall impose upon the offender a fine of two times the amount imposed for the violation under division (D) (1) (a), (b), or (c) of this section, as applicable.

(2) If the offender is in the category of offenders to whom division (D) (1) (a) of this section applies, in lieu of payment of the fine of one hundred fifty dollars under division (D) (1) (a) of this section and the assessment of points under division (D) (4) of this section, the offender instead may elect to attend the distracted driving safety course, as described in section 4511.991 of the Revised Code. If the offender attends and successfully completes the course, the offender shall be issued written evidence that the offender successfully completed the course. The offender shall not be required to pay the fine and shall not have the points assessed against that offender's driver's license if the offender submits the written evidence to the court within 90 days of the violation of division (A) of this section. liability offense and section 2901.20 of the Revised Code does 5243
not apply. The designation of this offense as a strict liability 5244
offense shall not be construed to imply that any other offense, 5245
for which there is no specified degree of culpability, is not a 5246
strict liability offense. 5247

(E) This section shall not be construed as invalidating, 5248
preempting, or superseding a substantially equivalent municipal 5249
ordinance that prescribes penalties for violations of that 5250
ordinance that are greater than the penalties prescribed in this 5251
section for violations of this section. 5252

(F) A prosecution for an offense in violation of this 5253
section does not preclude a prosecution for an offense in 5254

operator voluntarily and unequivocally gives consent for the 5272
officer to access the device; 5273

(b) Confiscate the device while awaiting the issuance of a 5274
warrant to access the device; 5275

(c) Obtain consent from the operator to access the device 5276
through coercion or any other improper means. Any consent by the 5277
operator to access the device shall be voluntary and unequivocal 5278
before the officer may access the device without a warrant. 5279

and the distracting activity is a contributing factor to the 5362
commission of the offense, the offender is subject to the 5363
additional fine established under section 4511.991 of the 5364
Revised Code. 5365

Sec. 4511.214. ~~(A) (1)~~ (A) As used in this section and 5366
sections 4511.215 and 4511.216 of the Revised Code, "low-speed 5367
vehicle," "mini-truck," "under-speed vehicle," and "utility 5368

any street or highway having an established speed limit greater 5372
than thirty-five miles per hour. 5373

(2) No person shall operate an under-speed or utility 5374
vehicle or a mini-truck upon any street or highway except as 5375
follows: 5376

(a) Upon a street or highway having an established speed 5377

limit not greater than thirty-five miles per hour and only upon 5378
such streets or highways where a local authority has granted 5379
permission for such operation in accordance with section 5380
4511.215 of the Revised Code; 5381

(b) A state park or political subdivision employee or 5382

(2) A person operating a motor-driven cycle or motor 5396
scooter from proceeding across an intersection of a street or 5397
highway having a speed limit greater than forty-five miles per 5398
hour. 5399

~~(C)~~(D) Nothing in this section shall prevent a local 5400
authority from adopting more stringent local ordinances, 5401

speed vehicle or a mini-truck, or a motor-driven cycle or motor 5403
scooter. 5404

~~(D)~~(E) Except as otherwise provided in this division, 5405
whoever violates division ~~(A)~~(B) of this section is guilty of a 5406

minor misdemeanor. If within one year of the offense, the 5407
offender previously has been convicted of or pleaded guilty to 5408
one predicate motor vehicle or traffic offense, whoever violates 5409
this section is guilty of a misdemeanor of the fourth degree. If 5410
within one year of the offense, the offender previously has been 5411

Sec. 4511.432. (A) The owner of a private road ~~or driveway~~ 5415
located in a private residential area containing twenty or more 5416
dwelling units may erect stop signs at places where the road ~~or~~ 5417
~~driveway~~ intersects with another private road ~~or driveway~~ in the 5418
residential area, in compliance with all of the following 5419
requirements: 5420

(1) The stop sign is sufficiently legible to be seen by an 5421
ordinarily observant person and meets the specifications of and 5422
is placed in accordance with the manual adopted by the 5423
department of transportation pursuant to section 4511.09 of the 5424
Revised Code. 5425

(2) The owner has posted a sign at the entrance of the 5426
private road ~~or driveway~~ that is in plain view and clearly 5427
informs persons entering the road ~~or driveway~~ that they are 5428
entering private property, stop signs have been posted and must 5429
be obeyed, and the signs are enforceable by law enforcement 5430
officers under state law. The sign required by division (A) (2) 5431
of this section, where appropriate, may be incorporated with the 5432
sign required by division (A) (2) of section 4511.211 of the 5433
Revised Code. 5434

(B) Division (A) of section 4511.43 and section 4511.46 of 5435
the Revised Code shall be deemed to apply to the driver of a 5436

vehicle on a private road ~~or driveway~~ where a stop sign is 5437
placed in accordance with division (A) of this section and to a 5438
pedestrian crossing such a road ~~or driveway~~ at an intersection 5439
where a stop sign is in place. 5440

(C) When a stop sign is placed in accordance with division 5441
(A) of this section, any law enforcement officer may apprehend a 5442
person found violating the stop sign and may stop and charge the 5443
person with violating the stop sign. 5444

(D) Except as otherwise provided in this division, whoever 5445
violates this section is guilty of a minor misdemeanor. If, 5446
within one year of the offense, the offender previously has been 5447
convicted of or pleaded guilty to one predicate motor vehicle or 5448
traffic offense, whoever violates this section is guilty of a 5449
misdemeanor of the fourth degree. If, within one year of the 5450
offense, the offender previously has been convicted of two or 5451
more predicate motor vehicle or traffic offenses, whoever 5452
violates this section is guilty of a misdemeanor of the third 5453
degree. 5454

(E) As used in this section, and for the purpose of 5455
applying division (A) of section 4511.43 and section 4511.46 of 5456
the Revised Code to conduct under this section: 5457

(1) "Intersection" means: 5458

(a) The area embraced within the prolongation or 5459
connection of the lateral curb lines, or, if none, then the 5460
lateral boundary lines of the roadways of two private roads ~~or~~ 5461
~~driveways~~ which join one another at, or approximately at, right 5462
angles, or the area within which vehicles traveling upon 5463
different private roads ~~or driveways~~ joining at any other angle 5464
may come in conflict. 5465

(b) Where a private road ~~or driveway~~ includes two roadways 5466
thirty feet or more apart, then every crossing of two roadways 5467
of such private roads ~~or driveways~~ shall be regarded as a 5468
separate intersection. 5469

(2) "Roadway" means that portion of a private road ~~or~~ 5470
~~driveway~~ improved, designed, or ordinarily used for vehicular 5471
travel and parking lanes, ~~except not including the berm,~~ 5472
sidewalk, or shoulder, even if the berm, sidewalk, or shoulder 5473
is used by a person operating a bicycle or other human-powered 5474
vehicle. If a private road ~~or driveway~~ includes two or more 5475
separate roadways, the term "roadway" means any such roadway 5476
separately but not all such roadways collectively. 5477

(3) "Owner" and "private residential area containing 5478
twenty or more dwelling units" have the same meanings as in 5479
section 4511.211 of the Revised Code. 5480

Sec. 4511.46. (A) When highway traffic ~~control~~ signals are 5481
not in place, not in operation, or are not clearly assigning the 5482
right-of-way, the driver of a vehicle, trackless trolley, or 5483
streetcar shall yield the right of way, slowing down or stopping 5484
if need be to so yield or if required by section 4511.132 of the 5485
Revised Code, to a pedestrian crossing the roadway within a 5486
crosswalk when the pedestrian is upon the half of the roadway 5487
upon which the vehicle is traveling, or when the pedestrian is 5488
approaching so closely from the opposite half of the roadway as 5489
to be in danger. 5490

(B) No pedestrian shall suddenly leave a curb or other 5491
place of safety and walk or run into the path of a vehicle, 5492
trackless trolley, or streetcar which is so close as to 5493
constitute an immediate hazard. 5494

(C) Division (A) of this section does not apply under the 5495
conditions stated in division (B) of section 4511.48 of the 5496
Revised Code. 5497

(D) Whenever any vehicle, trackless trolley, or streetcar 5498
is stopped at a marked crosswalk or at any unmarked crosswalk at 5499
an intersection to permit a pedestrian to cross the roadway, the 5500
driver of any other vehicle, trackless trolley, or streetcar 5501
approaching from the rear shall not overtake and pass the 5502
stopped vehicle. 5503

(E) Except as otherwise provided in this division, whoever 5504
violates this section is guilty of a minor misdemeanor. If, 5505
within one year of the offense, the offender previously has been 5506
convicted of or pleaded guilty to one predicate motor vehicle or 5507
traffic offense, whoever violates this section is guilty of a 5508
misdemeanor of the fourth degree. If, within one year of the 5509
offense, the offender previously has been convicted of two or 5510
more predicate motor vehicle or traffic offenses, whoever 5511
violates this section is guilty of a misdemeanor of the third 5512
degree. 5513

If the offender commits the offense while distracted and 5514
the distracting activity is a contributing factor to the 5515
commission of the offense, the offender is subject to the 5516
additional fine established under section 4511.991 of the 5517
Revised Code. 5518

Sec. 4511.48. (A) Every pedestrian crossing a roadway at 5519
any point other than within a marked crosswalk or within an 5520
unmarked crosswalk at an intersection shall yield the right of 5521
way to all vehicles, trackless trolleys, or streetcars upon the 5522
roadway. 5523

(B) Any pedestrian crossing a roadway at a point where a pedestrian tunnel or overhead pedestrian crossing has been provided shall yield the right of way to all traffic upon the roadway.

(C) Between adjacent intersections at which highway traffic ~~control~~-signals are in operation, pedestrians shall not cross at any place except in a marked crosswalk.

(D) No pedestrian shall cross a roadway intersection diagonally unless authorized by official traffic control devices; and, when authorized to cross diagonally, pedestrians shall cross only in accordance with the official traffic control devices pertaining to such crossing movements.

(E) This section does not relieve the operator of a vehicle, streetcar, or trackless trolley from exercising due care to avoid colliding with any pedestrian upon any roadway.

(F) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

Sec. 4511.512. (A) (1) Electric personal assistive mobility devices, as defined in section 4501.01 of the Revised Code, may be operated on the public streets, highways, sidewalks, and paths and portions of roadways set aside for the exclusive use

of bicycles in accordance with this section. 5553

(2) Except as otherwise provided in this section, those 5554
sections of this chapter that by their nature are applicable to 5555
an electric personal assistive mobility device apply to the 5556
device and the person operating it whenever it is operated upon 5557
any public street, highway, sidewalk, or path or upon any 5558
portion of a roadway set aside for the exclusive use of 5559
bicycles. 5560

(3) A local authority may regulate or prohibit the 5561
operation of electric personal assistive mobility devices on 5562
public streets, highways, sidewalks, and paths, and portions of 5563
roadways set aside for the exclusive use of bicycles, under its 5564
jurisdiction. 5565

(B) No operator of an electric personal assistive mobility 5566
device shall do any of the following: 5567

(1) Fail to yield the right-of-way to all pedestrians and 5568
human-powered vehicles at all times; 5569

(2) Fail to give an audible signal before overtaking and 5570
passing a pedestrian; 5571

(3) Operate the device at night unless the device or its 5572
operator is equipped with or wearing both of the following: 5573

(a) A lamp pointing to the front that emits a white light 5574
visible from a distance of not less than five hundred feet; 5575

(b) A red reflector facing the rear that is visible from 5576
all distances from one hundred feet to six hundred feet when 5577
directly in front of lawful lower beams of head lamps on a motor 5578
vehicle. 5579

(4) Operate the device on any portion of a street or 5580

highway that has an established speed limit of fifty-five miles 5581
per hour or more; 5582

(5) Operate the device upon any path set aside for the 5583
exclusive use of pedestrians or other specialized use when an 5584
appropriate sign giving notice of the specialized use is posted 5585
on the path; 5586

(6) If under eighteen years of age, operate the device 5587
unless wearing a protective helmet on the person's head with the 5588
chin strap properly fastened; 5589

(7) If under sixteen years of age, operate the device 5590
unless, during the operation, the person is under the direct 5591
visual and audible supervision of another person who is eighteen 5592
years of age or older and is responsible for the immediate care 5593
of the person under sixteen years of age. 5594

(C) No person who is under fourteen years of age shall 5595
operate an electric personal assistive mobility device. 5596

(D) No person shall distribute or sell an electric 5597
personal assistive mobility device unless the device is 5598
accompanied by a written statement that is substantially 5599
equivalent to the following: "WARNING: TO REDUCE THE RISK OF 5600
SERIOUS INJURY, USE ONLY WHILE WEARING FULL PROTECTIVE EQUIPMENT 5601
- HELMET, WRIST GUARDS, ELBOW PADS, AND KNEE PADS." 5602

(E) Nothing in this section affects or shall be construed 5603
to affect any rule of the director of natural resources or a 5604
board of park district commissioners governing the operation of 5605
vehicles on lands under the control of the director or board, as 5606
applicable. 5607

(F) (1) Whoever violates division (B) or (C) of this 5608
section is guilty of a minor misdemeanor and shall be punished 5609

as follows: 5610

(a) The offender shall be fined ten dollars. 5611

(b) If the offender previously has been convicted of or 5612
pleaded guilty to a violation of division (B) or (C) of this 5613
section or a substantially similar municipal ordinance, the 5614
court, in addition to imposing the fine required under division 5615
(F) (1) of this section, shall do one of the following: 5616

(i) Order the impoundment for not less than one day but 5617
not more than thirty days of the electric personal assistive 5618
mobility device that was involved in the current violation of 5619
that division. The court shall order the device to be impounded 5620
at a safe indoor location designated by the court and may assess 5621
storage fees of not more than five dollars per day, provided the 5622
total storage, processing, and release fees assessed against the 5623
offender or the device in connection with the device's 5624
impoundment or subsequent release shall not exceed fifty 5625
dollars. 5626

(ii) If the court does not issue an impoundment order 5627
pursuant to division (F) (1) (b) (i) of this section, issue an 5628
order prohibiting the offender from operating any electric 5629
personal assistive mobility device on the public streets, 5630
highways, sidewalks, and paths and portions of roadways set 5631
aside for the exclusive use of bicycles for not less than one 5632
day but not more than thirty days. 5633

(2) Whoever violates division (D) of this section is 5634
guilty of a minor misdemeanor. 5635

Sec. 4511.61. (A) As used in this section, "~~active grade~~ 5636
Grade crossing warning devices system" means ~~signs, the flashing-~~ 5637
light signals, with or without automatic gates, or other 5638

~~protective devices erected or installed at a public highway-
railway crossing at common grade and activated by an electrical-
circuit~~ together with the necessary control equipment that is
used to inform road users of the approach and presence of rail
traffic at a grade crossing.

(B) The department of transportation and local authorities
in their respective jurisdictions, with the approval of the
department, may designate dangerous highway crossings over
railroad tracks whether on state, county, or township highways
or on streets or ways within municipal corporations, and erect
stop signs thereat.

(C) (1) The department and local authorities shall erect
stop signs at a railroad highway grade crossing in either of the
following circumstances:

(a) New warning devices that are not ~~active-grade crossing~~
warning ~~devices-systems~~ are being installed at the grade
crossing, and railroad crossbucks were the only warning devices
at the grade crossing prior to the installation of the new
warning devices.

(b) The grade crossing is constructed after July 1, 2013,
and only warning devices that are not ~~active-grade crossing~~
warning ~~devices-systems~~ are installed at the grade crossing.

(2) Division (C) (1) of this section does not apply to a
railroad highway grade crossing that the director of
transportation has exempted from that division because of
traffic flow or other considerations or factors.

(D) When stop signs are erected pursuant to division (B)
or (C) of this section, the operator of any vehicle, streetcar,
or trackless trolley shall stop within fifty, but not less than

fifteen, feet from the nearest rail of the railroad tracks and 5668
shall exercise due care before proceeding across such grade 5669
crossing. 5670

(E) Except as otherwise provided in this division, whoever 5671
violates division (D) of this section is guilty of a minor 5672
misdemeanor. If, within one year of the offense, the offender 5673
previously has been convicted of or pleaded guilty to one 5674
predicate motor vehicle or traffic offense, whoever violates 5675
this section is guilty of a misdemeanor of the fourth degree. 5676
If, within one year of the offense, the offender previously has 5677
been convicted of two or more predicate motor vehicle or traffic 5678
offenses, whoever violates this section is guilty of a 5679
misdemeanor of the third degree. 5680

If the offender commits the offense while distracted and 5681
the distracting activity is a contributing factor to the 5682
commission of the offense, the offender is subject to the 5683
additional fine established under section 4511.991 of the 5684
Revised Code. 5685

Sec. 4511.62. (A) (1) Whenever any person driving a vehicle 5686
or trackless trolley approaches a railroad grade crossing, the 5687
person shall stop within fifty feet, but not less than fifteen 5688
feet from the nearest rail of the railroad if any of the 5689
following circumstances exist at the crossing: 5690

(a) A clearly visible electric or mechanical signal device 5691
gives warning of the immediate approach of a train or other on- 5692
track equipment. 5693

(b) A crossing gate is lowered. 5694

(c) A flagperson gives or continues to give a signal of 5695
the approach or passage of a train or other on-track equipment. 5696

(d) There is insufficient space on the other side of the 5697
railroad grade crossing to accommodate the vehicle or trackless 5698
trolley the person is operating without obstructing the passage 5699
of other vehicles, trackless trolleys, pedestrians, or ~~railroad~~ 5700
trains, notwithstanding any highway traffic ~~control~~-signal 5701
indication to proceed. 5702

(e) An approaching train is emitting an audible signal or 5703
is plainly visible and is in hazardous proximity to the 5704
crossing. 5705

(f) There is insufficient undercarriage clearance to 5706
safely negotiate the crossing. 5707

(g) There is insufficient space on the other side of the 5708
railroad grade crossing to accommodate the vehicle or trackless 5709
trolley the person is operating without obstructing the passage 5710
of other on-track equipment. 5711

(h) Approaching on-track equipment is emitting an audible 5712
signal or is plainly visible and is in hazardous proximity to 5713
the crossing. 5714

(2) (a) A person who is driving a vehicle or trackless 5715
trolley and who approaches a railroad grade crossing shall not 5716
proceed as long as any of the circumstances described in 5717
divisions (A) (1) (a) to (f) of this section exist at the 5718
crossing. 5719

(b) A person who is driving a vehicle or trackless trolley 5720
and who approaches a railroad grade crossing shall not 5721
recklessly proceed as long as any of the circumstances described 5722
in division (A) (1) (g) or (h) of this section exist at the 5723
crossing. 5724

(B) No person shall drive any vehicle through, around, or 5725

under any crossing gate or barrier at a railroad crossing while 5726
the gate or barrier is closed or is being opened or closed 5727
unless the person is signaled by a law enforcement officer or 5728
flagperson that it is permissible to do so. 5729

(C) (1) Whoever violates this section is guilty of a 5730
misdemeanor of the fourth degree. 5731

(2) In lieu of a fine or jail term for a violation of this 5732
section, a court may instead order the offender to attend and 5733
successfully complete a remedial safety training or presentation 5734
regarding rail safety that is offered by an authorized and 5735
qualified organization that is selected by the court. The 5736
offender shall complete the presentation within a time frame 5737
determined by the court, not to exceed one hundred eighty days 5738
after the court issues the order. The offender shall notify the 5739
court of the successful completion of the presentation. When the 5740
offender notifies the court of the successful completion of the 5741
presentation, the court shall waive any fine or jail term that 5742
it otherwise would have imposed for a violation of this section. 5743

Sec. 4511.64. (A) No person shall operate or move any 5744
crawler-type tractor, steam shovel, derrick, roller, or any 5745
equipment or structure having a normal operating speed of six or 5746
less miles per hour or a vertical body or load clearance of less 5747
than nine inches above the level surface of a roadway, upon or 5748
across any tracks at a railroad grade crossing without first 5749
complying with divisions (A) (1) and (2) of this section. 5750

(1) Before making any such crossing, the person operating 5751
or moving any such vehicle or equipment shall first stop the 5752
same, and while stopped the person shall listen and look in both 5753
directions along such track for any approaching train or other 5754
on-track equipment and for signals indicating the approach of a 5755

train or other on-track equipment, and shall proceed only upon 5756
exercising due care. 5757

(2) No such crossing shall be made when warning is given 5758
by automatic signal or crossing gates or a flagperson or 5759
otherwise of the immediate approach of a ~~railroad~~-train or car 5760
or other on-track equipment. 5761

(B) If the normal sustained speed of such vehicle, 5762
equipment, or structure is not more than three miles per hour, 5763
the person owning, operating, or moving the same shall also give 5764
notice of such intended crossing to a station agent or 5765
superintendent of the railroad, and a reasonable time shall be 5766
given to such railroad to provide proper protection for such 5767
crossing. Where such vehicles or equipment are being used in 5768
constructing or repairing a section of highway lying on both 5769
sides of a railroad grade crossing, and in such construction or 5770
repair it is necessary to repeatedly move such vehicles or 5771
equipment over such crossing, one daily notice specifying when 5772
such work will start and stating the hours during which it will 5773
be prosecuted is sufficient. 5774

(C) Except as otherwise provided in this division, whoever 5775
violates this section is guilty of a minor misdemeanor. If, 5776
within one year of the offense, the offender previously has been 5777
convicted of or pleaded guilty to one predicate motor vehicle or 5778
traffic offense, whoever violates this section is guilty of a 5779
misdemeanor of the fourth degree. If, within one year of the 5780
offense, the offender previously has been convicted of two or 5781
more predicate motor vehicle or traffic offenses, whoever 5782
violates this section is guilty of a misdemeanor of the third 5783
degree. 5784

If the offender commits the offense while distracted and 5785

the distracting activity is a contributing factor to the 5786
commission of the offense, the offender is subject to the 5787
additional fine established under section 4511.991 of the 5788
Revised Code. 5789

Sec. 4511.65. (A) All state routes are hereby designated 5790
as through highways, provided that stop signs, yield signs, or 5791
highway traffic control signals shall be erected at all 5792
intersections with such through highways by the department of 5793
transportation as to highways under its jurisdiction and by 5794
local authorities as to highways under their jurisdiction, 5795
except as otherwise provided in this section. Where two or more 5796
state routes that are through highways intersect and no highway 5797
traffic ~~control~~ signal is in operation, stop signs or yield 5798
signs shall be erected at one or more entrances thereto by the 5799
department, except as otherwise provided in this section. 5800

Whenever the director of transportation determines on the 5801
basis of an engineering and traffic investigation that stop 5802
signs are necessary to stop traffic on a through highway for 5803
safe and efficient operation, nothing in this section shall be 5804
construed to prevent such installations. When circumstances 5805
warrant, the director also may omit stop signs on roadways 5806
intersecting through highways under ~~his~~ the director's 5807
jurisdiction. Before the director either installs or removes a 5808
stop sign under this division, ~~he~~ the director shall give 5809
notice, in writing, of that proposed action to the affected 5810
local authority at least thirty days before installing or 5811
removing the stop sign. 5812

(B) Other streets or highways, or portions thereof, are 5813
hereby designated through highways if they are within a 5814
municipal corporation, if they have a continuous length of more 5815

than one mile between the limits of said street or highway or 5816
portion thereof, and if they have "stop" or "yield" signs or 5817
highway traffic control signals at the entrances of the majority 5818
of intersecting streets or highways. For purposes of this 5819
section, the limits of said street or highway or portion thereof 5820
shall be a municipal corporation line, the physical terminus of 5821
the street or highway, or any point on said street or highway at 5822
which vehicular traffic thereon is required by regulatory signs 5823
to stop or yield to traffic on the intersecting street, provided 5824
that in residence districts a municipal corporation may by 5825
ordinance designate said street or highway, or portion thereof, 5826

the Revised Code. When a force account project assessment form 7183
is required, the estimate shall include costs for subcontracted 7184
work and any competitively bid component costs. 7185

(B) (1) After complying with division (A) of this section, 7186
the director may proceed without competitive bidding with 7187
maintenance or repair work by employing labor, purchasing 7188
materials, and furnishing equipment, if the total estimated cost 7189
of the completed operation, or series of connected operations, 7190
does not exceed the following, as adjusted under division (B) (2) 7191
of this section: 7192

(a) Thirty thousand dollars per centerline mile of 7193
highway, exclusive of structures and highway traffic control ~~control~~- 7194
signals; 7195

(b) Sixty thousand dollars for any single highway traffic 7196
~~control~~-signal or any other single project. 7197

(2) On the first day of July of every odd-numbered year 7198
beginning in 2015, the director shall increase the amounts 7199
established in division (B) (1) of this section by an amount not 7200
to exceed the lesser of three per cent, or the percentage amount 7201
of any increase in the department of transportation's 7202
construction cost index as annualized and totaled for the prior 7203
two calendar years. The director shall publish the applicable 7204
amounts on the department's internet web site. 7205

(C) The director may proceed by furnishing equipment, 7206
purchasing materials, and employing labor in the erection of 7207
temporary bridges or the making of temporary repairs to a 7208
highway or bridge rendered necessary by flood, landslide, or 7209

other extraordinary emergency. If the director determines 7210
inability to complete such emergency work by force account, the 7211
director may contract for any part of the work, with or without 7212
advertising for bids, as the director considers for the best 7213
interest of the department of transportation. 7214

(D) When a project proceeds by force account under this 7215
section or section 5517.021 of the Revised Code, the department 7216
of transportation shall perform the work in compliance with any 7217
project requirements and specifications that would have applied 7218
if a contract for the work had been let by competitive bidding. 7219
The department shall retain in the project record all records 7220
documenting materials testing compliance, materials placement 7221
compliance, actual personnel and equipment hours usage, and all 7222
other documentation that would have been required if a contract 7223
for the work had been let by competitive bidding. 7224

(E) The director shall proceed by competitive bidding to 7225
let work to the lowest competent and responsible bidder after 7226
advertisement as provided in section 5525.01 of the Revised Code 7227
in both of the following situations: 7228

(1) When the scope of work exceeds the limits established 7229
in section 5517.021 of the Revised Code; 7230

(2) When the estimated cost for a project, other than work 7231
described in section 5517.021 of the Revised Code, exceeds the 7232
amounts established in division (B) of this section, as 7233
adjusted. 7234

Sec. 5517.021. (A) (1) The director of transportation may 7235
proceed without competitive bidding by employing labor, 7236
purchasing materials, and furnishing equipment to do any of the 7237
following work: 7238

(a) Replace any single span bridge in its substantial 7239
entirety or widen any single span bridge, including necessary 7240
modifications to accommodate widening the existing substructure 7241
and wing walls. The director shall proceed under division (A) (1) 7242
(a) of this section only if the deck area of the new or widened 7243
bridge does not exceed seven hundred square feet as measured 7244
around the outside perimeter of the deck. 7245

(b) Replace the bearings, beams, and deck of any bridge on 7246
that bridge's existing foundation if the deck area of the 7247
rehabilitated structure does not exceed eight hundred square 7248
feet; 7249

(c) Construct or replace any single cell or multi-cell 7250
culvert whose total waterway opening does not exceed fifty-two 7251
square feet; 7252

(d) Pave or patch an asphalt surface if the operation does 7253
not exceed one hundred twenty tons of asphalt per lane-mile of 7254
roadway length, except that the department shall not perform a 7255
continuous resurfacing operation under this section if the cost 7256
of the work exceeds the amount established in division (B) (1) (a) 7257
of section 5517.02 of the Revised Code, as adjusted; 7258

(e) Chip seal or fog seal an asphalt surface if both of 7259
the following apply: 7260

(i) The operation does not exceed twenty-eight feet in 7261
width, excluding turn lanes. 7262

(ii) Chip seal or fog seal operations statewide are not 7263
more than two hundred cumulative centerline miles of asphalt 7264
surface per year. 7265

(2) Work performed in accordance with division (A) (1) of 7266
this section may include approach roadway work, extending not 7267

more than one hundred fifty feet as measured from the back side 7268
of the bridge abutment wall or outside edge of the culvert, as 7269
applicable. The length of an approach guardrail shall be in 7270
accordance with department of transportation design requirements 7271
and shall not be included in the approach work size limitation. 7272

(B) The requirements of section 117.16 of the Revised Code 7273
shall not apply to work described in division (A) of this 7274
section and the work shall be exempt from audit for force 7275
account purposes except to determine compliance with the 7276
applicable size or tonnage restrictions. 7277

Sec. 5517.06. (A) As used in this section, "delay costs 7278
and expenses" means all actual costs, including any contract 7279
modifications, acceleration agreements, wages, labor costs other 7280
than wages, wage taxes, materials, equipment costs and rentals, 7281
storage costs of materials and equipment, insurance, and 7282
subcontracts attributable to the delay, plus a reasonable sum 7283
for overhead. 7284

(B) In conjunction with any work deemed necessary to carry 7285
out Chapters 5501., 5503., 5511., 5512., 5513., 5515., 5516., 7286
5517., 5519., 5521., 5523., 5525., 5527., 5528., 5529., 5531., 7287
5533., and 5535. of the Revised Code, the director of 7288
transportation may require commitments and deadlines from 7289
persons, firms, corporations, and political subdivisions. 7290

(C) Any delay costs and expenses incurred by the director, 7291
the department of transportation, any agent of the department, 7292
or consultant of the department as a result of the commitments 7293
and deadlines not being followed shall be borne by the persons, 7294
firms, corporations, or political subdivisions responsible for 7295
the delay and any amount thereof shall be certified to the 7296
attorney general for collection by civil action. 7297

(D) If the department certifies an amount for collection 7298
to the attorney general under this section, the attorney general 7299
shall bring a civil action to collect the amount certified. 7300

Sec. 5517.08. (A) As used in this section, "start date" 7301
means one of the following, as applicable: 7302

(1) The date that the department of transportation will 7303
advertise for competitive bids related to the chip sealing or 7304
fog sealing of an asphalt surface on a state highway project; 7305

(2) The date that the department will begin chip sealing 7306
or fog sealing an asphalt surface on a state highway project 7307
through force account in accordance with division (A) (1) (e) of 7308
section 5517.021 of the Revised Code. 7309

(B) Not less than thirty days prior to the start date of a 7310
chip sealing or fog sealing project, the director of 7311
transportation shall notify the appropriate board of county 7312
commissioners or board of township trustees of the sealing 7313
project. 7314

Sec. 5525.03. (A) All prospective bidders other than 7315
environmental remediators and specialty contractors for which 7316
there are no classes of work provided for in the rules adopted 7317
by the director of transportation shall apply for qualification 7318
on forms prescribed and furnished by the director. The 7319
application shall be accompanied by a certificate of compliance 7320
with affirmative action programs issued pursuant to section 9.47 7321
of the Revised Code and dated no earlier than one hundred eighty 7322
days before the date fixed for the ~~opening of bids~~ award of the 7323
contract for a particular project. 7324

(B) The director shall act upon an application for 7325
qualification within thirty days after it is presented to the 7326

director. Upon the receipt of any application for qualification, 7327
the director shall examine the application to determine whether 7328
the applicant is competent and responsible and possesses the 7329
financial resources required by section 5525.04 of the Revised 7330
Code. If the applicant is found to possess the qualifications 7331
prescribed by sections 5525.02 to 5525.09 of the Revised Code 7332
and by rules adopted by the director, including a certificate of 7333
compliance with affirmative action programs, a certificate of 7334
qualification shall be issued to the applicant, which shall be 7335
valid for the period of one year or such shorter period of time 7336
as the director prescribes, unless revoked by the director for 7337
cause as defined by rules adopted by the director under section 7338
5525.05 of the Revised Code. 7339

(C) The certificate of qualification shall contain a 7340
statement fixing the aggregate amount of work, for any or all 7341
owners, that the applicant may have under construction and 7342
uncompleted at any one time and may contain a statement limiting 7343
such bidder to the submission of bids upon a certain class of 7344
work. Subject to any restriction as to amount or class of work 7345
therein contained, the certificate of qualification shall 7346
authorize its holder to bid on all work on which bids are taken 7347
by the department of transportation during the period of time 7348
therein specified. 7349

(D) An applicant who has received a certificate of 7350
qualification and desires to amend the certificate by the dollar 7351
amount or by the classes of work may submit to the director such 7352
documentation as the director considers appropriate. The 7353
director shall review the documentation submitted by the 7354
applicant and, within fifteen days, shall either amend the 7355
certificate of qualification or deny the request. If the 7356
director denies the request to amend the certificate, the 7357

applicant may appeal that decision to the director's 7358
prequalification review board in accordance with section 5525.07 7359
of the Revised Code. Two or more persons, partnerships, or 7360
corporations may bid jointly on any one project, but only on 7361
condition that prior to the time bids are taken on the project 7362
the bidders make a joint application for qualification and 7363
obtain a joint certificate qualification. 7364

(E) The director may debar from participating in future 7365
contracts with the department any bidding company as well as any 7366
partner of a partnership, or the officers and directors of an 7367
association or corporation if the certificate of qualification 7368
of the company, partnership, association, or corporation is 7369
revoked or not renewed by the director. When the director 7370
reasonably believes that grounds for revocation and debarment 7371
exist, the director shall send the bidding company and any 7372
individual involved a notice of proposed revocation and 7373
debarment indicating the grounds for such action as established 7374
in rules adopted by the director under section 5525.05 of the 7375
Revised Code and the procedure for requesting a hearing. The 7376
notice and hearing shall be in accordance with Chapter 119. of 7377
the Revised Code. If the bidding company or individual does not 7378
respond with a request for a hearing in the manner specified in 7379
Chapter 119. of the Revised Code, the director shall revoke the 7380
certificate and issue the debarment decision without a hearing 7381
and shall notify the bidding company or individual of the 7382
decision by certified mail, return receipt requested. 7383

(F) The debarment period may be of any length determined 7384
by the director and the director may modify or rescind the 7385
debarment at any time. During the period of debarment, the 7386
director shall not issue a certificate of qualification for any 7387
company, partnership, association, or corporation affiliated 7388

with a debarred individual. After the debarment period expires, 7389
the bidding company or individual, and any partnership, 7390
association, or corporation affiliated with the individual may 7391
make an application for qualification if such entity or 7392
individual is not otherwise debarred. 7393

Sec. 5525.04. No bidder shall be given a certificate of 7394
qualification unless the bidder's financial statement and the 7395
investigation made by the director of transportation show that 7396
the bidder possesses net current assets or working capital 7397
sufficient, in the judgment of the director, to render it 7398
probable that the bidder can satisfactorily execute the bidder's 7399
contracts and meet all contractual obligations. Any applicant 7400
desiring a certificate of qualification in an amount of ~~five-ten~~ 7401
million dollars or more shall submit on forms prescribed by the 7402
director a financial audit prepared and attested as correct by 7403
an independent certified public accountant. Any applicant 7404
desiring a certificate of qualification in an amount that is 7405
less than ~~five-ten~~ million dollars shall submit a financial 7406
review on forms prescribed by the director. The aggregate amount 7407
of work set forth in either type of certificate of qualification 7408
shall not exceed ten times the applicant's net current assets or 7409
working capital. At the time of bidding award of the contract, a 7410
bidder's qualification is determined by the bidder's 7411
qualification amount minus all of the bidder's pending work. 7412

Applicants for qualification shall expressly authorize the 7413
director to obtain any information that the director considers 7414
pertinent, with respect to the financial worth, assets, and 7415
liabilities of the applicant, from banks or other financial 7416
institutions, surety companies, dealers in material, equipment, 7417
or supplies, or other persons having business transactions with 7418
the applicant. Applicants shall expressly authorize all such 7419

financial institutions or other persons to furnish any such 7420
information requested from them by the director. All information 7421
filed with or furnished to the director by applicants or other 7422
persons, in connection with the administration of sections 7423
5525.02 to 5525.09 of the Revised Code, shall be kept in 7424
confidence by the director and not revealed to any person, 7425
except upon proper order of a court. Failure to submit the 7426
required information or to expressly grant the director 7427
authority to obtain the required information shall result in the 7428
denial of a certificate of qualification. The director or the 7429
director's subordinates shall have access to the books of 7430
account and financial records of all applicants, unless the 7431
financial statement furnished by any applicant is prepared and 7432
attested as correct by a certified public accountant. 7433

If an applicant for either type of certificate of 7434
qualification is or has been an employer in this state the 7435
application shall be accompanied by satisfactory evidence that 7436
the applicant has complied with Chapter 4123. of the Revised 7437
Code. 7438

The director may require all qualified bidders to file 7439
financial statements at such intervals as the director 7440
prescribes. Sections 5525.02 to 5525.09 of the Revised Code 7441
shall be administered without reference to the residence of 7442
applicants, and the rules of the director shall apply equally to 7443
residents and nonresidents of this state. Sections 5525.02 to 7444
5525.09 of the Revised Code, do not apply to the purchase of 7445
material, equipment, or supplies. 7446

Sec. 5525.08. Except as otherwise provided in this 7447
section, the director of transportation shall not consider any 7448
bid filed with the director by any person who has not been 7449

qualified to bid by the time the contract is awarded. ~~Bids from~~ 7450
~~unqualified bidders discovered by the director prior to the~~ 7451
~~reading thereof to be from such persons shall be returned~~ 7452
~~without being read.~~ If the director finds, subsequent to the 7453
opening of bids, that facts exist that would disqualify the 7454
lowest bidder, or that such bidder either is not competent and 7455
responsible or has submitted a nonresponsive bid, the director 7456
shall reject such bid, despite ~~the fact of any~~ prior 7457
qualification of such bidder. No contract shall be awarded to 7458
any bidder not qualified to bid thereon at the time ~~fixed for~~ 7459
~~receiving bids~~ of awarding the contract, except that the director 7460
may award contracts for environmental remediation and specialty 7461
work not set out in the director's rules governing classes of 7462
work to bidders that are not qualified under sections 5525.02 to 7463
5525.09 of the Revised Code. 7464

Sec. 5525.14. (A) Notwithstanding sections 125.01 to 7465
125.11 of the Revised Code, the director of transportation, by 7466
written instruction to the contractor, may increase the 7467
quantities of any item specified or not specified in a 7468
competitively bid construction contract but, except as provided 7469
in division (B) of this section, the additional cost incurred by 7470
the increase shall not exceed the lesser of ~~one~~ two hundred 7471
thousand dollars or ~~five~~ ten per cent of the total contract 7472
price. Any such provision for increased quantities or extra work 7473
shall be made in the form of a written change to the original 7474
contract and does not require competitive bidding. 7475

(B) The ~~one hundred thousand dollar or five per cent~~ 7476
~~restriction monetary threshold established in~~ division (A) of 7477
this section does not apply to change orders or extra work 7478
contracts when the total dollar amount of the increase is- 7479
~~twenty-five~~ fifty thousand dollars or less, or to change orders 7480

or extra work contracts resulting from any of the following: 7481

(1) An increase in the plan quantity that is determined 7482
during the final measurement of an item of work. 7483

(2) Federally mandated requirements that did not exist at 7484
the time of the original contract award. 7485

(3) Circumstances that would create a life-, safety-, or 7486
health-threatening situation or would unduly delay the 7487
completion of a project and increase its costs, but only if the 7488
director makes a finding of such fact, declares an emergency, 7489
and issues the finding. Extra work that the director contracts 7490
for in these circumstances may include not only construction 7491
needed to complete a project, but also adjustments needed to 7492
meet changed conditions, alterations in original plans, 7493
unforeseen contingencies, or payments necessitated by contract 7494
terminations or suspensions. 7495

All change orders or extra work contracts set forth in 7496
division (B) of this section shall be reported to the 7497
controlling board quarterly in writing. 7498

(C) The director, by written instruction to the 7499
contractor, may decrease or cancel the quantity of any item 7500
specified in a contract or portion of a contract and authorize 7501
payment to the contractor for reasonable costs incurred to date. 7502

Sec. 5571.01. (A) A board of township trustees may 7503
construct, reconstruct, resurface, or improve any public road or 7504
part thereof under its jurisdiction, or any county road, 7505
intercounty highway, or state highway within its township. In 7506
the case of a county road, the plans and specifications for the 7507
proposed improvement first shall be submitted to the board of 7508
county commissioners of the county and receive its approval. In 7509

the case of an intercounty or state highway, the plans and 7510
specifications first shall be submitted to the director of 7511
transportation and receive the director's approval. The board of 7512
township trustees may widen, straighten, or change the direction 7513
of any part of a road in connection with the proceedings for its 7514
improvement. 7515

(B) The board of township trustees may construct, improve, 7516
maintain, or repair the berm of any road under its jurisdiction, 7517
in order to provide a hard surface or other improved approach to 7518
rural mail boxes located on public highways. 7519

(C) A board of township trustees, in conformity with the 7520
manual and uniform system of traffic control devices adopted 7521
under section 4511.09 of the Revised Code, may erect and 7522
maintain at intersecting roads, at least one of which is a 7523
township road, suitable signposts showing the names and numbers 7524
of the roads. The cost of the signs shall be paid from the 7525
township road fund. 7526

(D) Subject to division (F) of this section, a board of 7527
township trustees, in conformity with the manual and uniform 7528
system of traffic control devices adopted under section 4511.09 7529
of the Revised Code, may erect and maintain at intersecting 7530
roads, at least one of which is a township road, suitable 7531
signposts showing the direction and distance to any nearby 7532
municipal corporation. The costs of the signs shall be paid from 7533
the township road fund. 7534

(E) Subject to divisions (F) and (G) of this section, a 7535
board of township trustees may purchase or lease and erect and 7536
maintain at intersecting roads, at least one of which is a 7537
township road, suitable traffic control devices and highway 7538
traffic ~~control~~-signals. The traffic control devices and highway 7539

traffic ~~control~~-signals and their placement and maintenance 7540
shall conform with the manual and specifications adopted under 7541
section 4511.09 of the Revised Code. In purchasing or leasing 7542
and erecting and maintaining the traffic control devices and 7543
highway traffic ~~control~~-signals, the board may expend any moneys 7544
that are available to it that legally may be expended for that 7545
purpose. 7546

(F) If one of the intersecting highways as provided in 7547
divisions (D) and (E) of this section is a state highway, both 7548
of the following apply: 7549

(1) No signpost showing the direction and distance to any 7550
nearby municipal corporation shall be placed at or near the 7551
intersection, and no traffic control device or highway traffic 7552
~~control~~-signal shall be erected at the intersection, without 7553
prior permission of the director as required by section 4511.10 7554
of the Revised Code. 7555

(2) The department of transportation shall maintain any 7556
highway traffic ~~control~~-signal erected by the board of township 7557
trustees at that intersection. 7558

(G) If one of the intersecting roads as provided in 7559
division (E) of this section is a county road, a board of 7560
township trustees shall not erect a traffic control device or 7561
highway traffic ~~control~~-signal at the intersection without prior 7562
permission of the county engineer of the county in which the 7563
intersection is located. 7564

(H) No contract for the construction or repair of a 7565
bridge, the entire cost of which construction or repair exceeds 7566
fifty thousand dollars, shall be entered into by the township 7567
unless the plans are first approved by the director. 7568

Sec. 5736.02. (A) Beginning with the tax period that 7569
commences July 1, 2014, and continuing for every tax period 7570
thereafter, there is hereby levied an excise tax on each 7571
supplier measured by the supplier's calculated gross receipts 7572
derived from the first sale of motor fuel within this state. The 7573
tax due shall be computed by multiplying sixty-five one- 7574
hundredths of one per cent by the supplier's calculated gross 7575
receipts. 7576

All revenue from the tax shall be distributed as follows: 7577

(1) All revenue from the tax as measured by calculated 7578
gross receipts derived from the sale of motor fuel used for 7579
propelling vehicles on public highways and waterways shall be 7580
used for the purposes of maintaining the state highway system, 7581
funding the enforcement of traffic laws, and covering the costs 7582
of hospitalization of indigent persons injured in motor vehicle 7583
accidents on the public highways. 7584

(2) All revenue from the tax as measured by calculated 7585
gross receipts derived from the sale of motor fuel used 7586
exclusively in the operation of aircraft shall be used to fund 7587
airport improvements. 7588

(3) All revenue not distributed as required by division 7589
(A) (1) or (2) of this section shall be used for the purpose of 7590
funding the needs of this state and its local governments. 7591

(B) The tax imposed by this section is in addition to any 7592
other taxes or fees imposed under the Revised Code. 7593

(C) The tax commissioner shall determine and publish, on 7594
the web site of the department of taxation, the statewide 7595
average wholesale prices of a gallon of unleaded regular 7596
gasoline, of a gallon of propane, and of a gallon of diesel fuel 7597

for each calendar quarter. The commissioner's determination is 7598
presumed to be correct unless clearly erroneous. The figure 7599
shall be published at least fifteen days before the beginning of 7600
the calendar quarter. The commissioner shall base the average 7601
price on pricing information available from the United States 7602
energy information administration or, if such information is not 7603
available from that agency, from another publicly available 7604
source selected by the commissioner. The commissioner shall 7605
first make reasonable efforts to obtain data specific to this 7606
state before using national data to determine the average 7607
wholesale price. The price shall not include any federal or 7608
state excise taxes on the gasoline or diesel fuel, or the tax 7609
imposed by this chapter. The price shall be rounded up to the 7610
nearest one-tenth of one cent. 7611

(D) Nothing in this chapter prohibits a person from 7612
separately or proportionately billing or invoicing the tax 7613
imposed by this section to a purchaser of motor fuel. 7614

(E) The tax imposed by this section applies only to 7615
suppliers having a substantial nexus with this state, as that 7616
term is defined in section 5751.01 of the Revised Code. A 7617
supplier that does not have substantial nexus with the state may 7618
voluntarily obtain a license from the commissioner under section 7619
5736.06 of the Revised Code. A supplier that voluntarily obtains 7620
a license from the commissioner is entitled to the same benefits 7621
and is subject to the same duties and requirements as are 7622
suppliers required to be licensed with the commissioner. 7623

Sec. 5736.04. (A) Not later than the tenth day of the 7624
second month after the end of each calendar quarter, every 7625
