## As Introduced

## 136th General Assembly Regular Session 2025-2026

H. B. No. 572

## Representative Mathews, T.

То	enact section 6109.041 of the Revised Code to	1
	allow a public water system to use point-of-use	2
	and point-of-entry treatment devices in certain	3
	circumstances.	4

## BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF OHIO:

Sec. 6109.041. The director of environmental protection, in a manner consistent with federal law, shall adopt rules under section 6109.04 of the Revised Code to allow a public water  system to use point-of-use and point-of-entry treatment devices to reduce any contaminant in order to achieve compliance with a maximum contaminant level established under this chapter or in rules adopted under it. The director may impose conditions on a public water system that uses point-of-use or point-of-entry	Section 1. That section 6109.041 of the Revised Code be	5
in a manner consistent with federal law, shall adopt rules under  section 6109.04 of the Revised Code to allow a public water  system to use point-of-use and point-of-entry treatment devices  to reduce any contaminant in order to achieve compliance with a  maximum contaminant level established under this chapter or in  rules adopted under it. The director may impose conditions on a  public water system that uses point-of-use or point-of-entry  14	enacted to read as follows:	6
section 6109.04 of the Revised Code to allow a public water  system to use point-of-use and point-of-entry treatment devices  to reduce any contaminant in order to achieve compliance with a  maximum contaminant level established under this chapter or in  rules adopted under it. The director may impose conditions on a  public water system that uses point-of-use or point-of-entry  14	Sec. 6109.041. The director of environmental protection,	7
system to use point-of-use and point-of-entry treatment devices  to reduce any contaminant in order to achieve compliance with a  maximum contaminant level established under this chapter or in  rules adopted under it. The director may impose conditions on a  public water system that uses point-of-use or point-of-entry  12	in a manner consistent with federal law, shall adopt rules under	8
to reduce any contaminant in order to achieve compliance with a  maximum contaminant level established under this chapter or in  rules adopted under it. The director may impose conditions on a  public water system that uses point-of-use or point-of-entry  12	section 6109.04 of the Revised Code to allow a public water	9
maximum contaminant level established under this chapter or in  rules adopted under it. The director may impose conditions on a  public water system that uses point-of-use or point-of-entry  12	system to use point-of-use and point-of-entry treatment devices	10
rules adopted under it. The director may impose conditions on a  public water system that uses point-of-use or point-of-entry  1	to reduce any contaminant in order to achieve compliance with a	11
public water system that uses point-of-use or point-of-entry 1	maximum contaminant level established under this chapter or in	12
	rules adopted under it. The director may impose conditions on a	13
treatment devices to protect public health and safety.	public water system that uses point-of-use or point-of-entry	14
	treatment devices to protect public health and safety.	15
