On receipt of the application, the director shall determine whether the standards established by division (B) of this section and any rules adopted under this section are satisfied or continue to be satisfied by the applicant. As part of the determination the director may conduct an on-site review of the applicant. In doing so, the director may conduct the review in cooperation

with a board of alcohol, drug addiction, and mental health services that seeks to contract or has a contract with the applicant under section 340.036 of the Revised Code.

Not later than fourteen days after receipt of an application for initial or renewed certification, the director shall inform the board of alcohol, drug addiction, and mental health services serving the alcohol, drug addiction, and mental health service district in which the applicant's certifiable services and supports will be provided of the receipt of the application. On the board's request, the director shall provide the board with a copy of the application.

Not later than thirty days after a provider's certification ceases to be valid for any reason, including the provider's failure to renew the certification prior to expiration, the director's acceptance of the provider's surrender of the certification, or the issuance of a final order for disciplinary action under division (F) or (L) of this section, the director shall provide notice to the applicable board of alcohol, drug addiction, and mental health services of the reason the certification ceased to be valid and the date it became invalid.

(C)(1) Except as provided in division (C)(2) of this section, if the director determines that an applicant has paid any required certification fee, that the applicant's accreditation of certifiable services and supports is current and appropriate for the services and supports for which the applicant is seeking initial or renewed certification, and that the applicant meets any other requirements established by this

section or rules adopted under it, the director shall certify the services and supports or renew the certification of the services and supports, as applicable. Except as provided in division (I) of this section, the director shall issue or renew the certification without further evaluation of the services and supports.

(2) Prior to October 1, 2025, if an applicant that seeks to renew certification of certifiable services and supports is not accredited to provide those services and supports by one or more national accrediting organizations specified in division (B)(3) of this section, the director shall conduct an evaluation of the applicant to determine whether the applicant's certifiable services and supports satisfy the standards for certification. The evaluation is in addition to any on-site review conducted under division (A) of this section and shall be performed in cooperation with a board of alcohol, drug addiction, and mental health services that seeks to contract or has a contract with the applicant under section 340.036 of the Revised Code. If the director determines that an applicant has paid any required certification fee, that the applicant's certifiable services and supports satisfy the standards for renewed certification, and that the applicant meets any other requirements established by this section or the rules adopted under it, the director shall certify the certifiable services and supports.

(D) For purposes of the accreditation requirements of this section, both of the following apply:

(1) The director may review the accrediting organizations specified in division (B)(3) of this section to evaluate whether the accreditation standards and processes used by the

This authority does not affect the director's duty to conduct the inspections required by section 5119.37 of the Revised Code.

In conducting an on-site review under this division, the

director may do so in cooperation with a board of alcohol, drug addiction, and mental health services that seeks to contract or has a contract with the applicant under section 340.036 of the Revised Code. In conducting any other evaluation under this division, the director shall do so in cooperation with such a board.

(I) If the director proposes to take action under division (F) of this section, the director shall notify the board of alcohol, drug addiction, and mental health services serving the alcohol, drug addiction, and mental health service district in which the certifiable services and supports will be or were provided, and provide the board opportunity to respond as specified in division (A) of this section with respect to initial or renewal applications.

When a final order is issued by the director under division (F) of this section, the director may request that the appropriate board of alcohol, drug addiction, and mental health services reallocate any funds for the certifiable services and supports the applicant was to provide to a community mental health services provider or community addiction services provider whose certifiable services and supports satisfy the standards. If the board does not reallocate such funds in a reasonable period of time, the director may withhold state and federal funds for the certifiable services and supports and allocate those funds directly to a community mental health services provider or community addiction services provider whose certifiable services and supports satisfy the standards.

(J) Each applicant seeking initial or renewed certification of its certifiable services and supports shall pay a fee for the certification required by this section, unless the

applicant is exempt under rules adopted under this section. Fees shall be paid into the state treasury to the credit of the sale of goods and services fund created pursuant to section 5119.45 of the Revised Code.
