DETAILED ANALYSIS

Publicly funded child care for foster and kinship caregivers

The bill guarantees publicly funded child care (PFCC) for foster caregivers and kinship caregivers regardless of income.¹ To be eligible, a foster caregiver or kinship caregiver must be employed or participating in an education or training program for an amount of time reasonably related to the time that the child is receiving PFCC. The benefit may only be provided for a child that is placed with a foster caregiver or kinship caregiver.²

Under current law, PFCC is guaranteed for individuals participating in or transitioning from the Ohio Works First Program. For others, PFCC eligibility is subject to the availability of funds. For those families, until June 30, 2025, the maximum amount of family income for initial PFCC eligibility cannot exceed 145% of the federal poverty level (FPL), or 150% for special needs child care. For continued eligibility, the maximum amount cannot exceed 300% FPL.³ The

- A type B family child care home that is licensed by DCY;
- A preschool program that is licensed by DCY;
- A school child program that is licensed by DCY;
- A border state child care provider that is licensed by a state bordering Ohio, except that the provider may provide PFCC only to an individual who resides in an Ohio county that borders the state in which the provider is located.

The following table describes each of the in-state licensed child care programs under existing law:⁴
