the space on the title described in division (B) (19) of section 628
4505.07 of the Revised Code, the words that appear as a notation 629
to the vehicle on the title issued by the previous state. These 630
notations may include, but are not limited to, words to the 631
effect that the vehicle was considered or was categorized by the 632
state in which it was last previously registered to be a law 633
enforcement vehicle or a taxicab or was once in a flood. 634

(2) If the clerk, while issuing a certificate of title for a motor vehicle that was last previously registered in another state, receives information from the automated title processing system indicating that a title to the vehicle previously was issued by this state and that the previous title contained notations that appeared in the space described in division (B) (19) or (20) of section 4505.07 of the Revised Code, the clerk shall enter the notations that appeared on the previous certificate of title issued by this state on the new certificate of title in the space described in division (B) (19) or (20) of section 4505.07 of the Revised Code, irrespective of whether the notations appear on the certificate of title issued by the state in which the vehicle was last previously registered.

(3) If the clerk, while issuing a certificate of title for a motor vehicle that was last previously registered in another state, receives information from the automated title processing system indicating that the vehicle was previously issued a title by this state and that the previous title bore the notation "REBUILT SALVAGE" as required by division (E) of section 4505.11 of the Revised Code, or the previous title to the vehicle issued by this state was a salvage certificate of title, the clerk shall cause the certificate of title the clerk issues to bear the notation "REBUILT SALVAGE" in the location prescribed by the registrar pursuant to that division.

(4) If the clerk, while issuing a certificate of title for a motor vehicle that was last previously registered in another state, receives information from the automated title processing system indicating that the vehicle was previously issued a title by this state and that the previous title included the notation "REPLICA" in accordance with section 4505.072 of the Revised Code, or the previous title to the vehicle issued by another

state indicates that the vehicle is a replica motor vehicle, the 666
clerk shall cause the certificate of title the clerk issues to 667
display the notation "REPLICA" in the location prescribed by the 668
registrar pursuant to that section. 669

(C) When the clerk issues a certificate of title for a 670

the title described in division (B) (20) of section 4505.07 of 674
the Revised Code. The registrar, by rule, may prescribe any 675

entering onto titles the clerk issues any notation and 680

clerk not to issue a physical certificate of title and instead 694
to issue an electronic certificate of title. The fact that a 695

physical certificate of title is not issued for a motor vehicle 696
does not affect ownership of the vehicle. In that case, when the 697
clerk completes the process of entering certificate of title 698
application information into the automated title processing 699
system, the effect of the completion of the process is the same 700
as if the clerk actually issued a physical certificate of title 701
for the motor vehicle. 702

certificate of title on behalf of a customer who purchases a 704
motor vehicle from the dealer may print a non-negotiable 705

requests. The authorization to print the non-negotiable evidence 707
of ownership shall come from the clerk with whom the dealer 708
makes application for the certificate of title for the customer, 709
but the printing by the dealer does not create an agency 710
relationship of any kind between the dealer and the clerk. 711

(H) The owner of a motor vehicle may apply at any time to 712
a clerk of a court of common pleas for a non-negotiable evidence 713
