* Percentages represent the percentage which each salary is of the base amount. 74
75

For purposes of determining the minimum salary at any level of training and service, the base of one hundred per cent shall be the base amount. The percentages used in this section show the relationships between the minimum salaries required by 76
77
78
79

this section and the base amount and shall not be construed as 80
requiring any school district or educational service center to 81
adopt a schedule containing salaries in excess of the amounts 82
set forth in this section for corresponding levels of training 83
and experience. 84

A teacher assigned to teach in a subject area related to 85
the teacher's master's degree field shall remain fully credited 86
with placement in that academic training level column in the 87
district's or educational service center's salary schedule even 88
if that teacher is subsequently reassigned in any school year to 89
teach in a subject area in an unrelated field. 90

As used in this division: 91

(1) "Base amount" means thirty-five thousand dollars. 92

(2) "Five years of training" means at least one hundred 93
fifty semester hours, or the equivalent, and a bachelor's degree 94
from a recognized college or university. 95

(3) "Related field" means a field related to the subject 96
area the teacher is assigned to teach. 97

(D) For purposes of this section, all credited training 98
shall be from a recognized college or university. 99

Section 2. That existing section 3317.13 of the Revised 100
Code is hereby repealed. 101
