Section 357.41. For all reappropriations in this act from the Higher Education Improvement Fund (Fund 7034) or the Higher Education Improvement Taxable Fund (Fund 7024) that require

local funds to be contributed by any state-supported or state- 808
assisted institution of higher education, the Department of 809
Higher Education shall not recommend that any funds be released 810
until the recipient institution demonstrates to the Department 811
of Higher Education and the Office of Budget and Management that 812
the local funds contribution requirement has been secured or 813
satisfied. The local funds shall be in addition to the 814
reappropriations in this act. 815

Section 357.42. None of the capital reappropriations in 816
this act for state-supported or state-assisted institutions of 817
higher education shall be expended until the particular 818
appropriation has been recommended for release by the Department 819
of Higher Education and released by the Director of Budget and 820
Management or the Controlling Board. Either the institution 821
concerned, or the Department of Higher Education with the 822
concurrence of the institution concerned, may initiate the 823
request to the Director of Budget and Management or the 824
Controlling Board for the release of the particular 825
appropriation. 826

Section 357.43. (A) No capital reappropriations in this 827
act made from the Higher Education Improvement Fund (Fund 7034) 828
or the Higher Education Improvement Taxable Fund (Fund 7024) 829
shall be released for planning or for improvement, renovation, 830
construction, or acquisition of capital facilities if the 831
institution of higher education or the state does not own the 832
real property on which the capital facilities are or will be 833
located. This restriction does not apply in any of the following 834
circumstances: 835

(1) The institution has a long-term (at least twenty 836
years) lease of, or other interest (such as an easement) in, the 837

real property. 838

(2) The Department of Higher Education certifies to the 839
Controlling Board that undue delay will occur if planning does 840
not proceed while the property or property interest acquisition 841
process continues. In this case, funds may be released upon 842
approval of the Controlling Board to pay for planning through 843
the development of schematic drawings only. 844

(3) In the case of a reappropriation for capital 845
facilities that, because of their unique nature or location, 846
will be owned or will be part of facilities owned by a separate 847
nonprofit organization or public body and will be made available 848
to the institution of higher education for its use or benefit, 849
the nonprofit organization or public body either owns or has a 850
long-term (at least twenty years) lease of the real property or 851
other capital facility to be improved, renovated, constructed, 852
or acquired and has entered into a joint or cooperative use 853
agreement with the institution of higher education that meets 854
the requirements of division (C) of this section. 855

(B) Any reappropriations that require cooperation between 856
a technical college and a branch campus of a university may be 857
released by the Controlling Board upon recommendation by the 858
Department of Higher Education that the facilities proposed by 859
the institutions are: 860

(1) The result of a joint planning effort by the 861
university and the technical college, satisfactory to the 862
Department of Higher Education; 863

(2) Facilities that will meet the needs of the region in 864
terms of technical and general education, taking into 865
consideration the totality of facilities that will be available 866

after the completion of the projects; 867

(3) Planned to permit maximum joint use by the university 868
and technical college of the totality of facilities that will be 869
available upon their completion; and 870

(4) To be located on or adjacent to the branch campus of 871
the university. 872

(C) The Department of Higher Education shall adopt and 873
maintain rules regarding the release of moneys from all the 874
appropriations for capital facilities for all state-supported or 875
state-assisted institutions of higher education. In the case of 876
capital facilities referred to in division (A) (3) of this 877
section, the joint or cooperative use agreements shall include, 878
as a minimum, provisions that: 879

(1) Specify the extent and nature of that joint or 880
cooperative use, extending for not fewer than twenty years, with 881
the value of such use or benefit or right to use to be, as is 882
determined by the parties and approved by the Department of 883
Higher Education, reasonably related to the amount of the 884
appropriations; 885

(2) Provide for pro rata reimbursement to the state should 886
the arrangement for joint or cooperative use be terminated prior 887
to the expiration of its full term; 888

(3) Provide that procedures to be followed during the 889
capital improvement process will comply with appropriate 890
applicable state statutes and rules, including the provisions of 891
this act; and 892

(4) Provide for payment or reimbursement to the 893
institution of its administrative costs incurred as a result of 894
the facilities project, not to exceed 1.5 percent of the 895

appropriated amount. 896

(D) Upon the recommendation of the Department of Higher 897
Education, the Controlling Board may approve the transfer of 898
appropriations for projects requiring cooperation between 899
institutions from one institution to another institution with 900
the approval of both institutions. 901

(E) Notwithstanding section 127.14 of the Revised Code, 902
the Controlling Board, upon the recommendation of the Department 903
of Higher Education, may transfer amounts appropriated to the 904
Department of Higher Education to accounts of state-supported or 905
state-assisted institutions created for that same purpose. 906

Section 357.45. The requirements of Chapters 123. and 153. 907
of the Revised Code, with respect to the powers and duties of 908
the Executive Director of the Ohio Facilities Construction 909
Commission as they relate to the procedure and awarding of 910
contracts for capital improvement projects, and the requirements 911
of section 127.16 of the Revised Code, with respect to the 912
Controlling Board, do not apply to projects of community college 913
districts and technical college districts. 914

Section 357.46. Those institutions locally administering 915
capital improvement projects pursuant to sections 3345.50 and 916
3345.51 of the Revised Code may: 917

(A) Establish charges for recovering costs directly 918
related to project administration as defined by the Executive 919
Director of the Ohio Facilities Construction Commission. The 920
Ohio Facilities Construction Commission, in consultation with 921
the Office of Budget and Management, shall review and approve 922
these administrative charges when the charges are in excess of 923
1.5 percent of the total construction budget, provided that 924

total administrative charges paid by the state do not exceed 925
four percent of the state's contribution to the total 926
construction budget. 927

(B) Seek reimbursement from state capital appropriations 928
to the institution for the in-house design services performed by 929
the institution for the capital projects. Acceptable charges are 930
limited to design document preparation work that is done by the 931
institution. These reimbursable design costs shall be shown as 932
"A/E fees" within the project's budget that is submitted to the 933
Controlling Board or the Director of Budget and Management as 934
part of a request for release of funds. The reimbursement for 935
in-house design shall not exceed seven percent of the estimated 936
construction cost. 937

intended use or is necessary for the functioning of the 1720
particular facility or project; 1721

Section 509.03. CONTINGENCY RESERVE REQUIREMENT 1730

Any request for release of capital appropriations by the 1731
Director of Budget and Management or the Controlling Board for 1732

projects, the contracts for which are awarded by the Ohio 1733

Section 509.04. SATISFACTION OF JUDGMENTS AND SETTLEMENTS 1750
AGAINST THE STATE 1751

Except as otherwise provided in this section, an 1752
appropriation contained in this act or in any other act may be 1753
used for the purpose of satisfying judgments, settlements, or 1754
administrative awards ordered or approved by the Court of Claims 1755

with civil actions against the state. This authorization does 1757
not apply to appropriations that are to be applied to or used 1758
for payment of guarantees by or on behalf of the state or for 1759
payments under lease agreements relating to or debt service on 1760
bonds, notes, or other obligations of the state. Notwithstanding 1761
any other section of law to the contrary, this authorization 1762

includes appropriations from funds into which proceeds or direct 1763
obligations of the state are deposited only to the extent that 1764
the judgment, settlement, or administrative award is for or 1765
represents capital costs for which the appropriation may 1766
otherwise be used and is consistent with the purpose for which 1767
any related obligations were issued or entered into. Nothing 1768
contained in this section is intended to subject the state to 1769
suit in any forum in which it is not otherwise subject to suit, 1770
nor is it intended to waive or compromise any defense or right 1771
available to the state in any suit against it. 1772

Section 509.05. CAPITAL RELEASES BY THE DIRECTOR OF BUDGET 1773
AND MANAGEMENT 1774

Notwithstanding section 126.14 of the Revised Code, 1775

Support, shall be released upon the written approval of the 1781
Director of Budget and Management. The appropriations from the 1782
Public School Building Fund (Fund 7021) and the School Building 1783
Program Assistance Fund (Fund 7032) to the Facilities 1784
Construction Commission, from the Transportation Building Fund 1785
(Fund 7029) to the Department of Transportation, from the Clean 1786
Ohio Conservation Fund (Fund 7056), the State Capital 1787
Improvement Fund (Fund 7038), and the State Capital Improvements 1788
Revolving Loan Fund (Fund 7040) to the Public Works Commission, 1789
and from the Underground Parking Garage Operating Fund (Fund 1790
2080) to the Capitol Square Review and Advisory Board shall be 1791
released upon presentation of a request to release the funds, by 1792
the agency to which the appropriation has been made, to the 1793

Director of Budget and Management. 1794

Section 509.06. PREVAILING WAGE REQUIREMENT 1795

Except as provided in section 4115.04 of the Revised Code, 1796
moneys appropriated or reappropriated by the 136th General 1797
Assembly shall not be used for the construction of public 1798
improvements, as defined in section 4115.03 of the Revised Code, 1799
unless the mechanics, laborers, or workers engaged therein are 1800
paid the prevailing rate of wages prescribed in section 4115.04 1801
of the Revised Code. Nothing in this section affects the wages 1802
and salaries established for state employees under Chapter 124. 1803
of the Revised Code, or collective bargaining agreements entered 1804
into by the state under Chapter 4117. of the Revised Code, while 1805
engaged on force account work, nor does this section interfere 1806
with the use of inmate and patient labor by the state. 1807

Section 509.07. AUTHORIZATION OF THE DIRECTOR OF BUDGET 1808
AND MANAGEMENT 1809

The Director of Budget and Management shall authorize both 1810
of the following: 1811

(A) The initial release of moneys for projects from the 1812
funds into which proceeds of direct obligations of the state are 1813
deposited; and 1814

(B) The expenditure or encumbrance of moneys from funds 1815
into which proceeds of direct obligations are deposited, only 1816
after determining to the Director's satisfaction that either of 1817
the following applies: 1818

(1) The application of such moneys to the particular 1819
project will not negatively affect any exclusion of the interest 1820
or interest equivalent on obligations issued to provide moneys 1821
to the particular fund from the calculation of gross income for 1822

federal income tax purposes under the "Internal Revenue Code of 1823
1986," 100 Stat. 2085, 26 U.S.C. 1, as amended. 1824

(2) Moneys for the project will come from the proceeds of 1825
federally taxable obligations, the interest on which is not so 1826
excluded from the calculation of gross income for federal income 1827
tax purposes and which have been authorized and issued on that 1828
basis by their issuing authority. 1829

In the event the Director determines that the condition 1830
set forth in division (B) (1) of this section does not apply, and 1831
that there is no existing fund in the state treasury to enable 1832
compliance with the condition set forth in division (B) (2) of 1833
this section, the Director may create a fund in the state 1834
treasury for the purpose of receiving proceeds of federally 1835
taxable obligations. The Director may establish capital 1836
appropriation items in that taxable bond fund that correspond to 1837
the preexisting capital appropriation items in the associated 1838
tax-exempt bond fund. The Director also may transfer capital 1839
appropriations in whole or in part between the taxable and tax- 1840
exempt bond funds within a particular purpose for which the 1841
bonds have been authorized. 1842

Section 509.08. ACCOUNTING MAINTENANCE BY THE DIRECTOR OF 1843
BUDGET AND MANAGEMENT 1844

Within the limits set forth in this act, the Director of 1845
Budget and Management shall establish accounts indicating the 1846
source and amount of funds for each appropriation made in this 1847
act, and shall determine the form and manner in which 1848
appropriation accounts shall be maintained in accordance with 1849
section 126.21 of the Revised Code. 1850

Section 509.11. REQUIREMENTS RELATING TO NON-STATE 1851

OWNERSHIP OF CERTAIN FINANCED PROJECTS	1852
(A) No capital improvement appropriations or	1853
reappropriations made in this act shall be released for planning	1854
or for improvement, renovation, or construction or acquisition	1855
of capital facilities if a state agency, as defined in section	1856
154.01 of the Revised Code, does not own the real property that	1857
constitutes the capital facilities or on which the capital	1858
facilities are or will be located unless provided for elsewhere	1859
in this act. This restriction does not apply in any of the	1860
following circumstances:	1861
(1) The state agency has a long-term (at least as long as	1862
the obligations that financed the project) lease of, or other	1863
interest (such as an easement) in, the real property.	1864
(2) In the case of an appropriation or reappropriation for	1865
capital facilities that, because of their unique nature or	1866
location, will be owned or be part of facilities owned by a	1867
separate nonprofit organization and made available to the state	1868
agency for its use or benefit, the nonprofit organization either	1869
owns or has a long-term (at least as long as the obligations	1870
that financed the project) lease of the real property or other	1871
capital facility to be improved, renovated, constructed, or	1872
acquired and has entered into a joint or cooperative use	1873
agreement, with and approved by the state agency that meets the	1874
requirements of division (B) of this section.	1875
(B) In the case of capital facilities referred to in	1876
division (A)(2) of this section, the joint or cooperative use	1877
agreement shall include, as a minimum, provisions that:	1878
(1) Specify the extent and nature of that joint or	1879
cooperative use, extending for not shorter than the length of	1880

the obligations that financed the project, with the value of 1881
such use or right to use to be, as determined by the parties and 1882
approved by the approving department, reasonably related to the 1883
amount of the appropriation; 1884

(2) Provide for pro rata reimbursement to the state should 1885
the arrangement for joint or cooperative use by a state agency 1886
be terminated; and 1887

(3) Provide that procedures to be followed during the 1888
capital improvement process will comply with appropriate 1889
applicable state statutes and rules, including the provisions of 1890
this act. 1891

(C) This section does not apply to appropriations or 1892
reappropriations from the State Capital Improvements Fund (Fund 1893
7038), State Capital Improvements Revolving Loan Fund (Fund 1894
7040), Clean Ohio Conservation Fund (Fund 7056), Clean Ohio 1895
Revitalization Fund (Fund 7003), the Service Station Cleanup 1896
Fund (Fund 7100), or the School Building Program Assistance Fund 1897
(Fund 7032). 1898

Section 509.12. REAPPROPRIATION OF UNEXPENDED ENCUMBERED 1899
BALANCES OF CAPITAL APPROPRIATIONS 1900

(A) (1) Notwithstanding the original year of appropriation 1901
or encumbrance, the unexpended balance of a capital 1902
appropriation or reappropriation that a state agency has 1903
lawfully encumbered prior to the close of the fiscal year 2025- 1904
2026 capital biennium is hereby reappropriated for the fiscal 1905
year 2027-2028 capital biennium from the fund from which it was 1906
originally appropriated or was reappropriated and shall be used 1907
only for the purpose of discharging the encumbrance. For those 1908
encumbered appropriations or reappropriations, any Controlling 1909

Board approval previously granted and referenced by the 1910
encumbering document remains in effect until the encumbrance is 1911
discharged or until the encumbrance expires at the end of the 1912
fiscal year 2027-2028 capital biennium. 1913

(2) During the fiscal year 2027-2028 capital biennium, the 1914
Director of Budget and Management may cancel an encumbrance that 1915
was reappropriated pursuant to division (A) (1) of this section 1916
if the Director determines that the encumbrance is no longer 1917
needed to complete the project for which it was reappropriated 1918
or appropriated. 1919

(B) If during the fiscal year 2027-2028 capital biennium, 1920
pursuant to section 126.22 of the Revised Code in order to 1921
