commission shall include an explanation in the notice of the
urgent reasons requiring the position to be filled in an
expedited manner.

(D) A board or commission is not required to give notice

Sec. 3309.363. (A) As used in this section:

(1) "Retirement allowance" means any of the following as
appropriate:

(a) An allowance calculated under section 3309.36 of the

Revised Code before any reduction for early retirement or 33062
election under section 3309.46 of the Revised Code of a plan of 33063
payment; 33064

(b) An allowance calculated under division (A) of section 33065
3309.45 of the Revised Code; 33066

(c) An allowance calculated under division (B) (1) (a) of 33067
section 3309.381 of the Revised Code. 33068

(2) "CBBC" means the contribution based benefit cap, which 33069
is a limit established by the school employees retirement board 33070
on the retirement allowance a member may receive. 33071

(B) Based on the advice of an actuary appointed by the 33072
board, the board shall designate a number as the CBBC factor. 33073
The board may, from time to time, revise the factor pursuant to 33074
advice from an actuary appointed by the board. 33075

(C) Beginning on and after August 1, 2024, before paying a 33076
retirement allowance, the board shall make all of the following 33077
calculations: 33078

(1) Determine an amount equal to the value of the member's 33079
accumulated contributions, including any contributions used to 33080
fund a disability benefit under section 3309.40 of the Revised 33081
Code and a portion of any amounts paid by an employer under 33082
section 3309.33 of the Revised Code, as determined by an actuary 33083
appointed by the board; 33084

(2) Determine the amount of a single life annuity that is 33085
the actuarial equivalent of the amount determined under division 33086
(C) (1) of this section, adjusted for the age of the member at 33087
the time of retirement or, when appropriate, the age at the time 33088
of the member's death; 33089

(3) Multiply the annuity amount determined under division 33090
(C) (2) of this section by the CBBC factor. 33091

(D) The amount determined under division (C) (3) of this 33092
section is the member's CBBC. Beginning on and after August 1, 33093
2024, if the retirement allowance the member would receive 33094
exceeds the member's CBBC, the board shall reduce the retirement 33095
allowance to an amount equal to the member's CBBC. 33096

(E) If a member's retirement allowance is reduced under 33097
this section, the reduced retirement allowance is the member's 33098
single lifetime allowance for purposes of sections 3309.36, 33099
3309.381, and 3309.45 of the Revised Code.— 33100

~~(F) The board may adopt rules to implement this section.~~ 33101

Sec. 3309.374. (A) Until December 31, 2017, the school 33102
employees retirement board shall annually increase each 33103
allowance, pension, or benefit payable under this chapter by 33104
three per cent. 33105

(B) Effective January 1, 2018, the retirement board may 33106
annually increase each allowance, pension, or benefit payable 33107
under this chapter by the percentage increase, if any, in the 33108
consumer price index, not to exceed two and one-half per cent, 33109
as determined by the United States bureau of labor statistics 33110
(U.S. city average for urban wage earners and clerical workers: 33111
"all items 1982-84=100") for the twelve-month period ending on 33112
the thirtieth day of June of the immediately preceding calendar 33113
year. No increase shall be made for a period in which the 33114
consumer price index did not increase. 33115

(C) The first increase is payable to all persons becoming 33116
eligible after June 30, 1971, upon such persons receiving an 33117
allowance, pension, or benefit for twelve months, except that a 33118

recipient of an allowance, pension, or benefit that commences on 33119
or after January 1, 2018, is eligible for an increase under 33120
division (B) of this section on and after the number of 33121
anniversaries of the allowance, pension, or benefit determined 33122
by the retirement board. 33123

The increased amount is payable for the ensuing twelve- 33124
month period or until the next increase is granted under this 33125
section, whichever is later. Subsequent increases shall be 33126
determined from the date of the first increase paid to the 33127
former member in the case of an allowance being paid a 33128
beneficiary under an option, or from the date of the first 33129
increase to the survivor first receiving an allowance or benefit 33130
in the case of an allowance or benefit being paid to the 33131
subsequent survivors of the former member. 33132

The date of the first increase under this section becomes 33133
the anniversary date for any future increases. 33134

(D) The allowance or benefit used in the first calculation 33135
of an increase under this section shall remain as the base for 33136
all future increases, unless a new base is established. Any 33137
increase resulting from payment of a recalculated benefit under 33138
Section 3 of Substitute Senate Bill No. 270 of the 123rd general 33139
assembly shall be included in the calculation of future 33140
increases under this section. 33141

(E) If payment of a portion of a benefit is made to an 33142
alternate payee under section 3309.671 of the Revised Code, 33143
increases under this section granted while the order is in 33144
effect shall be apportioned between the alternate payee and the 33145
retirant or disability benefit recipient in the same proportion 33146
that the amount being paid to the alternate payee bears to the 33147
amount paid to the retirant or disability benefit recipient. 33148

If payment of a portion of a benefit is made to one or more beneficiaries under "plan F" under division (B) (3) (e) of section 3309.46 of the Revised Code, each increase under this section granted while the plan of payment is in effect shall be divided among the designated beneficiaries in accordance with the portion each beneficiary has been allocated.

(F) No allowance, pension, or benefit payable under this chapter shall exceed the limit established by section 415 of the "Internal Revenue Code of 1986," 100 Stat. 2085, 26 U.S.C. 415, as amended.

(G) Before granting an increase under division (B) of this section, the retirement board may adjust the percentage of any increase if the board's actuary, in its annual actuarial valuation required by section 3309.21 of the Revised Code, or in other evaluations conducted under that section, determines that an adjustment does not materially impair the fiscal integrity of the retirement system or is necessary to preserve the fiscal integrity of the retirement system.

~~(H) The retirement board shall make all rules necessary to carry out this section.~~

Sec. 3309.375. (A) Except as otherwise provided in division (B) of this section, the board of the school employees retirement system shall make available to each retirant or disability benefit recipient receiving a monthly allowance or benefit on or after January 1, 1968, who has attained the age of sixty-five years, and who is not eligible to receive hospital insurance benefits under the federal old age, survivors, and disability insurance program, hospital insurance coverage substantially equivalent to the federal hospital insurance benefits, "Social Security Amendments of 1965," 79 Stat. 291, 42

U.S.C.A. 1395c, as amended. This coverage shall also be made 33179
available to the spouse, widow, or widower of such retirant or 33180
disability benefit recipient provided such spouse, widow, or 33181
widower has attained age sixty-five and is not eligible to 33182
receive hospital insurance benefits under the federal old age, 33183
survivors, and disability insurance program. The widow or 33184
widower of a retirant or disability benefit recipient shall be 33185
eligible for such coverage only if ~~he or she~~the widow or widower 33186
is the recipient of a monthly allowance or benefit from this 33187
system. Not less than twenty-five per cent of the cost for such 33188
coverage shall be paid from the appropriate funds of the school 33189
employees retirement system and the remainder by the recipient 33190
of the allowance or benefit. 33191

The cost of such coverage, paid from the funds of the 33192
system, shall be included in the employer's rate provided by 33193
sections 3309.49 and 3309.51 of the Revised Code. The retirement 33194
~~board is authorized to make all necessary rules pursuant to the~~ 33195
~~purpose and intent of this section, and~~ shall contract for such 33196
coverage as provided in section 3309.69 of the Revised Code. 33197

Notwithstanding sections 3309.49 and 3309.51 of the 33198
Revised Code, the employer's contribution rate shall not be 33199
increased until July 1, 1969, or later to reflect the increased 33200
costs created by this section. 33201

(B) The board need not make the hospital insurance 33202
coverage described in division (A) of this section available to 33203
any person for whom it is prohibited by section 3309.69 of the 33204
Revised Code from paying or reimbursing the cost of such 33205
insurance. 33206

Sec. 3309.3712. The school employees retirement board may 33207
establish and maintain a qualified governmental excess benefit 33208

arrangement that meets the requirements of division (m) of 33209
section 415 of the "Internal Revenue Code of 1986," 100 Stat. 33210
2085, 26 U.S.C.A. 415, as amended, and any regulations adopted 33211
thereunder. If established, the arrangement shall be a separate 33212
portion of the school employees retirement system and be 33213
maintained solely for the purpose of providing to retired 33214
members that part of a benefit otherwise payable under this 33215
chapter that exceeds the limits established by section 415 of 33216
the "Internal Revenue Code of 1986," as amended. 33217

Members participating in an arrangement established under 33218
this section shall not be permitted to elect to defer 33219
compensation to the arrangement. Contributions to and benefits 33220
paid under an arrangement shall not be payable from a trust that 33221
is part of the system unless the trust is maintained solely for 33222
the purpose of providing such benefits. 33223

~~The board shall adopt rules to administer an arrangement~~ 33224
~~established under this section.~~ 33225

Sec. 3309.39. (A) The school employees retirement system 33226
shall provide disability coverage to each member who has at 33227
least five years of total service credit. 33228

Not later than October 16, 1992, the school employees 33229
retirement board shall give each person who is a member on July 33230
29, 1992, the opportunity to elect disability coverage either 33231
under section 3309.40 of the Revised Code or under section 33232
3309.401 of the Revised Code. The board shall mail notice of the 33233
election, accompanied by an explanation of the coverage under 33234
each of the Revised Code sections and a form on which the 33235
election is to be made, to each member at the member's last 33236
known address. The board shall also provide the explanation and 33237
form to any member at the member's request. 33238

Regardless of whether the member actually receives notice 33239
of the right to make an election, a member who fails to file a 33240
valid election under this section shall be considered to have 33241
elected disability coverage under section 3309.40 of the Revised 33242
Code. To be valid, an election must be made on the form provided 33243
by the board, signed by the member, and filed with the board not 33244
later than one hundred eighty days after the date the notice was 33245
mailed, or, in the case of a form provided at the request of a 33246
member, a date specified by rule of the board. Once made, an 33247
election is irrevocable, but if the member ceases to be a member 33248
of the system, the election is void. If a person who makes an 33249
election under this section also makes an election under section 33250
145.35 or 3307.62 of the Revised Code, the election made for the 33251
system that pays a disability benefit to that person shall 33252
govern the benefit. 33253

Disability coverage shall be provided under section 33254
3309.401 of the Revised Code for persons who become members 33255
after July 29, 1992, and for members who elect under this 33256
division to be covered under section 3309.401 of the Revised 33257
Code. 33258

The board may adopt rules governing elections made under 33259
this division. 33260

(B) (1) Application for a disability benefit may be made by 33261
a member, by a person acting in the member's behalf, or by the 33262
member's employer, if the member meets all of the following 33263
conditions: 33264

(a) Has at least five years of total service credit; 33265

(b) Has disability coverage under section 3309.40 or 33266
3309.401 of the Revised Code; 33267

(c) Is not receiving a disability benefit under this 33268
chapter or Chapter 145., 742., 3305., 3307., or 5505. of the 33269
Revised Code, or the Cincinnati retirement system; 33270

(d) Is not applying for the disability benefit based on a 33271
disabling condition that the system determines was caused by 33272
commission of either of the following: 33273

(i) A felony the member was convicted of, pled guilty to, 33274
or was found not guilty of by reason of insanity; 33275

(ii) An act for which the member was adjudicated a 33276
delinquent child, that if committed by an adult, would be a 33277
felony. 33278

(2) The application for a disability benefit shall be made 33279
on a form provided by the board. The benefit payable to any 33280
member who is approved for a disability benefit shall become 33281
effective on the first day of the month next following the later 33282
of the following: 33283

(a) The last day for which compensation was paid; 33284

(b) The date on which the member's most recent application 33285
for a disability benefit was filed. 33286

(C) Medical examination of a member who has applied for a 33287
disability benefit shall be conducted by a competent 33288
disinterested physician or physicians selected by the board to 33289
determine whether the member is mentally or physically 33290
incapacitated for the performance of the member's last assigned 33291
primary duty as an employee by a disabling condition either 33292
permanent or presumed to be permanent for twelve continuous 33293
months following the filing of an application. Such disability 33294
must have occurred before termination of the member's 33295
contributing service and since last becoming a member or have 33296

increased since last becoming a member to such extent as to make 33297
the disability permanent or presumed to be permanent for twelve 33298
continuous months following the filing of an application. 33299

(D) Application for a disability benefit must be made 33300
within two years from the date the member's contributing service 33301
terminated, unless the board determines that the member's 33302
medical records demonstrate conclusively that at the time the 33303
two-year period expired, the member was physically or mentally 33304
incapacitated for duty as an employee and unable to make 33305
application. Application may not be made by any person receiving 33306
a service retirement allowance or commuted service retirement 33307
allowance under section 3309.36 or 3309.381 or former section 33308

contributing entity acts on behalf of or represents a county 36777
political party, unless the designation is accompanied by a 36778
written statement, signed by the chairperson of the county 36779

the civil penalty in the court of common pleas of the county in 38580
which the violation occurred or where the violator resides. 38581

(F) Any action taken under a rule adopted pursuant to 38582
division (B) (1) (f) of this section is subject to the appeal 38583
process of Chapter 119. of the Revised Code. An administrative 38584
order issued pursuant to rules adopted under division (B) (1) (g) 38585
of this section and an appeal to that type of administrative 38586
order shall be executed in accordance with Chapter 119. of the 38587
Revised Code. 38588

(G) As used in this section: 38589

(1) "Isolation backflow prevention device" means a device 38590
for the prevention of the backflow of liquids, solids, or gases 38591
that is regulated by the building code adopted pursuant to 38592
section 3781.10 of the Revised Code and rules adopted pursuant 38593
to this section. 38594

(2) "Containment backflow prevention device" means a 38595
device for the prevention of the backflow of liquids, solids, or 38596
gases that is installed by the supplier of, or as a requirement 38597
of, any public water system as defined in division (A) of 38598
section 6109.01 of the Revised Code. 38599

Sec. 3704.03. The director of environmental protection may 38600
do any of the following: 38601

(A) Develop programs for the prevention, control, and 38602
abatement of air pollution; 38603

(B) Advise, consult, contract, and cooperate with any 38604
governmental or private agency in the furtherance of the 38605
purposes of this chapter; 38606

(C) Encourage, participate in, or conduct studies, 38607
investigations, and research relating to air pollution, collect 38608
and disseminate information, and conduct education and training 38609
programs relating to the causes, prevention, control, and 38610
abatement of air pollution; 38611

~~(D) Adopt, modify, and rescind rules prescribing ambient 38612
air quality standards for the state as a whole or for various 38613
areas of the state that are consistent with and no more 38614
stringent than the national ambient air quality standards in 38615
effect under the federal Clean Air Act; 38616~~

~~(E) Adopt, modify, suspend, and rescind rules for the 38617
prevention, control, and abatement of air pollution, including 38618
rules prescribing for the state as a whole or for various areas 38619
of the state emission standards for air contaminants, and other 38620
necessary rules for the purpose of achieving and maintaining 38621
compliance with ambient air quality standards in all areas 38622
within the state as expeditiously as practicable, but not later 38623
than any deadlines applicable under the federal Clean Air Act; 38624
rules for the prevention or control of the emission of hazardous 38625
or toxic air contaminants; rules prescribing fugitive dust 38626
limitations and standards that are related, on an areawide 38627
basis, to attainment and maintenance of ambient air quality 38628
standards; rules prescribing shade, density, or opacity 38629
limitations and standards for emissions, provided that with 38630
regard to air contaminant sources for which there are 38631
particulate matter emission standards in addition to a shade, 38632
density, or opacity rule, upon demonstration by such a source of 38633
compliance with those other standards, the shade, density, or 38634
opacity rule shall provide for establishment of a shade, 38635
density, or opacity limitation for that source that does not 38636
require the source to reduce emissions below the level specified 38637~~

by those other standards; rules for the prevention or control of odors and air pollution nuisances; ~~rules that prevent significant deterioration of air quality to the extent required by the federal Clean Air Act; rules for the protection of visibility as required by the federal Clean Air Act;~~ and rules prescribing open burning limitations and standards. In adopting, modifying, suspending, or rescinding any such rules, the director, to the extent consistent with the federal Clean Air Act, shall hear and give consideration to evidence relating to all of the following:

(1) Conditions calculated to result from compliance with the rules, the overall cost within this state of compliance with the rules, and their relation to benefits to the people of the state to be derived from that compliance;

(2) The quantity and characteristics of air contaminants, the frequency and duration of their presence in the ambient air, and the dispersion and dilution of those contaminants;

(3) Topography, prevailing wind directions and velocities, physical conditions, and other factors that may or may combine to affect air pollution.

Consistent with division (K) of section 3704.036 of the Revised Code, the director shall consider alternative emission limits proposed by the owner or operator of an air contaminant source that is subject to an emission limit established in rules adopted under this division and shall accept those alternative emission limits that the director determines to be equivalent to emission limits established in rules adopted under this division.

~~(F)(1)~~ (E)(1) Adopt, modify, suspend, and rescind rules

consistent with the purposes of this chapter prohibiting the 38667
location, installation, construction, or modification of any air 38668
contaminant source or any machine, equipment, device, apparatus, 38669
or physical facility intended primarily to prevent or control 38670
the emission of air contaminants unless an installation permit 38671
therefor has been obtained from the director or the director's 38672
authorized representative. 38673

(2) (a) Applications for installation permits shall be 38674
accompanied by plans, specifications, construction schedules, 38675
and such other pertinent information and data, including data on 38676
ambient air quality impact and a demonstration of best available 38677
technology, as the director may require. Installation permits 38678
shall be issued for a period specified by the director and are 38679
transferable. The director shall specify in each permit the 38680
applicable emission standards and that the permit is conditioned 38681
upon payment of the applicable fees as required by section 38682
3745.11 of the Revised Code and upon the right of the director's 38683
authorized representatives to enter upon the premises of the 38684
person to whom the permit has been issued, at any reasonable 38685
time and subject to safety requirements of the person in control 38686
of the premises, for the purpose of determining compliance with 38687
such standards, this chapter, the rules adopted thereunder, and 38688
the conditions of any permit, variance, or order issued 38689
thereunder. Each proposed new or modified air contaminant source 38690
shall provide such notice of its proposed installation or 38691
modification to other states as is required under the federal 38692
Clean Air Act. Installation permits shall include the 38693
authorization to operate sources installed and operated in 38694
accordance with terms and conditions of the installation permits 38695
for a period not to exceed one year from commencement of 38696
operation, which authorization shall constitute an operating 38697

permit under division ~~(G)~~(F) of this section and rules adopted 38698
under it. 38699

No installation permit shall be required for activities 38700
that are subject to and in compliance with a plant-wide 38701
applicability limit issued by the director in accordance with 38702
rules adopted under this section. 38703

No installation permit shall be issued except in 38704
accordance with all requirements of this chapter and rules 38705
adopted thereunder. No application shall be denied or permit 38706
revoked or modified without a written order stating the findings 38707
upon which denial, revocation, or modification is based. A copy 38708
of the order shall be sent to the applicant or permit holder by 38709
certified mail. 38710

(b) An air contaminant source that is the subject of an 38711
installation permit shall be installed or modified in accordance 38712
with the permit not later than eighteen months after the 38713
permit's effective date at which point the permit shall 38714
terminate unless one of the following applies: 38715

(i) The owner or operator has undertaken a continuing 38716
program of installation or modification during the eighteen- 38717
month period. 38718

(ii) The owner or operator has entered into a binding 38719
contractual obligation to undertake and complete within a 38720
reasonable period of time a continuing program of installation 38721
or modification of the air contaminant source during the 38722
eighteen-month period. 38723

(iii) The director has extended the date by which the air 38724
contaminant source that is the subject of the installation 38725
permit must be installed or modified. 38726

(iv) The installation permit is the subject of an appeal 38727
by a party other than the owner or operator of the air 38728
contaminant source that is the subject of the installation 38729
permit, in which case the date of termination of the permit is 38730
not later than eighteen months after the effective date of the 38731
permit plus the number of days between the date in which the 38732
permit was appealed and the date on which all appeals concerning 38733
the permit have been resolved. 38734

(v) The installation permit has been superseded by a 38735
subsequent installation permit, in which case the original 38736
installation permit terminates on the effective date of the 38737
superseding installation permit. 38738

Division ~~(F) (2) (b)~~ (E) (2) (b) of this section applies to an 38739
installation permit that has not terminated as of October 16, 38740
2009. 38741

~~The director may adopt rules in accordance with Chapter~~ 38742
~~119. of the Revised Code for the purpose of establishing~~ 38743
~~additional requirements that are necessary for the~~ 38744
~~implementation of division (F) (2) (b) of this section.~~ 38745

(3) Not later than two years after August 3, 2006, the 38746
director shall adopt a rule in accordance with Chapter 119. of 38747
the Revised Code specifying that a permit to install is required 38748
only for new or modified air contaminant sources that emit any 38749
of the following air contaminants: 38750

(a) An air contaminant or precursor of an air contaminant 38751
for which a national ambient air quality standard has been 38752
adopted under the federal Clean Air Act; 38753

(b) An air contaminant for which the air contaminant 38754
source is regulated under the federal Clean Air Act; 38755

(c) An air contaminant that presents, or may present, through inhalation or other routes of exposure, a threat of adverse human health effects, including, but not limited to, substances that are known to be, or may reasonably be anticipated to be, carcinogenic, mutagenic, teratogenic, or neurotoxic, that cause reproductive dysfunction, or that are acutely or chronically toxic, or a threat of adverse environmental effects whether through ambient concentrations, bioaccumulation, deposition, or otherwise, and that is identified in the rule by chemical name and chemical abstract service number.

The director may modify the rule adopted under division ~~(F) (3) (e)~~ (E) (3) (c) of this section for the purpose of adding or deleting air contaminants. For each air contaminant that is contained in or deleted from the rule adopted under division ~~(F) (3) (e)~~ (E) (3) (c) of this section, the director shall include in a notice accompanying any proposed or final rule an explanation of the director's determination that the air contaminant meets the criteria established in that division and should be added to, or no longer meets the criteria and should be deleted from, the list of air contaminants. The explanation shall include an identification of the scientific evidence on which the director relied in making the determination. Until adoption of the rule under division ~~(F) (3) (e)~~ (E) (3) (c) of this section, nothing shall affect the director's authority to issue, deny, modify, or revoke permits to install under this chapter and rules adopted under it.

(4) (a) Applications for permits to install new or modified air contaminant sources shall contain sufficient information regarding air contaminants for which the director may require a permit to install to determine conformity with the environmental

protection agency's document entitled "Review of New Sources of 38787
Air Toxics Emissions, Option A," dated May 1986, which the 38788
director shall use to evaluate toxic emissions from new or 38789
modified air contaminant sources. The director shall make copies 38790
of the document available to the public upon request at no cost 38791
and post the document on the environmental protection agency's 38792
web site. Any inconsistency between the document and division 38793
~~(F)~~~~(4)~~(E) (4) of this section shall be resolved in favor of 38794
division ~~(F)~~~~(4)~~(E) (4) of this section. 38795

(b) The maximum acceptable ground level concentration of 38796
an air contaminant shall be calculated in accordance with the 38797
document entitled "Review of New Sources of Air Toxics 38798
Emissions, Option A." Modeling shall be conducted to determine 38799
the increase in the ground level concentration of an air 38800
contaminant beyond the facility's boundary caused by the 38801
emissions from a new or modified source that is the subject of 38802
an application for a permit to install. Modeling shall be based 38803
on the maximum hourly rate of emissions from the source using 38804
information including, but not limited to, any emission control 38805
devices or methods, operational restrictions, stack parameters, 38806
and emission dispersion devices or methods that may affect 38807
ground level concentrations, either individually or in 38808
combination. The director shall determine whether the activities 38809
for which a permit to install is sought will cause an increase 38810
in the ground level concentration of one or more relevant air 38811
contaminants beyond the facility's boundary by an amount in 38812
excess of the maximum acceptable ground level concentration. In 38813
making the determination as to whether the maximum acceptable 38814
ground level concentration will be exceeded, the director shall 38815
give consideration to the modeling conducted under division ~~(F)~~ 38816
~~(4)~~~~(b)~~(E) (4) (b) of this section and other relevant information 38817

submitted by the applicant. 38818

(c) If the modeling conducted under division ~~(F) (4) (b)~~ (E) (4) (b) of this section with respect to an application for a permit to install demonstrates that the maximum ground level concentration from a new or modified source will be greater than or equal to eighty per cent, but less than one hundred per cent of the maximum acceptable ground level concentration for an air contaminant, the director may establish terms and conditions in the permit to install for the air contaminant source that will require the owner or operator of the air contaminant source to maintain emissions of that air contaminant commensurate with the modeled level, which shall be expressed as allowable emissions per day. In order to calculate the allowable emissions per day, the director shall multiply the hourly emission rate modeled under division ~~(F) (4) (b)~~ (E) (4) (b) of this section to determine the ground level concentration by the operating schedule that has been identified in the permit to install application. Terms and conditions imposed under division ~~(F) (4) (c)~~ (E) (4) (c) of this section are not federally enforceable requirements and, if included in a Title V permit, shall be placed in the portion of the permit that is only enforceable by the state. 38819

(d) If the modeling conducted under division ~~(F) (4) (b)~~ (E) (4) (b) of this section with respect to an application for a permit to install demonstrates that the maximum ground level concentration from a new or modified source will be less than eighty per cent of the maximum acceptable ground level concentration, the owner or operator of the source annually shall report to the director, on a form prescribed by the director, whether operations of the source are consistent with the information regarding the operations that was used to conduct the modeling with regard to the permit to install 38839

application. The annual report to the director shall be in lieu 38849
of an emission limit or other permit terms and conditions 38850
imposed pursuant to division ~~(F)(4)~~(E)(4) of this section. The 38851
director may consider any significant departure from the 38852
operations of the source described in the permit to install 38853
application that results in greater emissions than the emissions 38854
rate modeled to determine the ground level concentration as a 38855
modification and require the owner or operator to submit a 38856
permit to install application for the increased emissions. The 38857
requirements established in division ~~(F)(4)(d)~~(E)(4)(d) of this 38858
section are not federally enforceable requirements and, if 38859
included in a Title V permit, shall be placed in the portion of 38860
the permit that is only enforceable by the state. 38861

(e) Division ~~(F)(4)~~(E)(4) of this section and the document 38862
entitled "Review of New Sources of Air Toxics Emissions, Option 38863
A" shall not be included in the state implementation plan under 38864
section 110 of the federal Clean Air Act and do not apply to an 38865
air contaminant source that is subject to a maximum achievable 38866
control technology standard or residual risk standard under 38867
section 112 of the federal Clean Air Act, to a particular air 38868
contaminant identified under 40 C.F.R. 51.166, division (b)(23), 38869
for which the director has determined that the owner or operator 38870
of the source is required to install best available control 38871
technology for that particular air contaminant, or to a 38872
particular air contaminant for which the director has determined 38873
that the source is required to meet the lowest achievable 38874
emission rate, as defined in 40 C.F.R. part 51, Appendix S, for 38875
that particular air contaminant. 38876

(f)(i) Division ~~(F)(4)~~(E)(4) of this section and the 38877
document entitled "Review of New Sources of Air Toxics 38878
Emissions, Option A" do not apply to parking lots, storage 38879

piles, storage tanks, transfer operations, grain silos, grain 38880
dryers, emergency generators, gasoline dispensing operations, 38881
air contaminant sources that emit air contaminants solely from 38882
the combustion of fossil fuels, or the emission of wood dust, 38883
sand, glass dust, coal dust, silica, and grain dust. 38884

(ii) Notwithstanding division ~~(F) (4) (f) (i)~~ (E) (4) (f) (i) of 38885
this section, the director may require an individual air 38886
contaminant source that is within one of the source categories 38887
identified in division ~~(F) (4) (f) (i)~~ (E) (4) (f) (i) of this section 38888
to submit information in an application for a permit to install 38889
a new or modified source in order to determine the source's 38890
conformity to the document if the director has information to 38891
conclude that the particular new or modified source will 38892
potentially cause an increase in ground level concentration 38893
beyond the facility's boundary that exceeds the maximum 38894
acceptable ground level concentration as set forth in the 38895
document. 38896

~~(iii) The director may adopt rules in accordance with 38897
Chapter 119. of the Revised Code that are consistent with the 38898
purposes of this chapter and that add to or delete from the 38899
source category exemptions established in division (F) (4) (f) (i) 38900
of this section. 38901~~

(5) Not later than one year after August 3, 2006, the 38902
director shall adopt rules in accordance with Chapter 119. of 38903
the Revised Code specifying activities that do not, by 38904
themselves, constitute beginning actual construction activities 38905
related to the installation or modification of an air 38906
contaminant source for which a permit to install is required 38907
such as the grading and clearing of land, on-site storage of 38908
portable parts and equipment, and the construction of 38909

foundations or buildings that do not themselves emit air 38910
contaminants. The rules also shall allow specified initial 38911
activities that are part of the installation or modification of 38912
an air contaminant source, such as the installation of 38913
electrical and other utilities for the source, prior to issuance 38914
of a permit to install, provided that the owner or operator of 38915
the source has filed a complete application for a permit to 38916
install, the director or the director's designee has determined 38917
that the application is complete, and the owner or operator of 38918
the source has notified the director that this activity will be 38919
undertaken prior to the issuance of a permit to install. Any 38920
activity that is undertaken by the source under those rules 38921
shall be at the risk of the owner or operator. The rules shall 38922
not apply to activities that are precluded prior to permit 38923
issuance under section 111, section 112, Part C of Title I, and 38924
Part D of Title I of the federal Clean Air Act. 38925

~~(G)~~ (F) Adopt, modify, suspend, and rescind rules 38926
prohibiting the operation or other use of any new, modified, or 38927
existing air contaminant source unless an operating permit has 38928
been obtained from the director or the director's authorized 38929
representative, ~~or the air contaminant source is being operated~~ 38930
~~in compliance with the conditions of a variance issued pursuant~~ 38931
~~to division (H) of this section.~~ Applications for operating 38932
permits shall be accompanied by such plans, specifications, and 38933
other pertinent information as the director may require. 38934
Operating permits may be issued for a period determined by the 38935
director not to exceed ten years, are renewable, and are 38936
transferable. The director shall specify in each operating 38937
permit that the permit is conditioned upon payment of the 38938
applicable fees as required by section 3745.11 of the Revised 38939
Code and upon the right of the director's authorized 38940

representatives to enter upon the premises of the person to whom 38941
the permit has been issued, at any reasonable time and subject 38942
to safety requirements of the person in control of the premises, 38943
for the purpose of determining compliance with this chapter, the 38944
rules adopted thereunder, and the conditions of any permit, 38945
variance, or order issued thereunder. Operating permits may be 38946
denied or revoked for failure to comply with this chapter or the 38947
rules adopted thereunder. An operating permit shall be issued 38948
only upon a showing satisfactory to the director or the 38949
director's representative that the air contaminant source is 38950
being operated in compliance with applicable emission standards 38951
and other rules or upon submission of a schedule of compliance 38952
satisfactory to the director for a source that is not in 38953
compliance with all applicable requirements at the time of 38954
permit issuance, provided that the compliance schedule shall be 38955
consistent with and at least as stringent as that contained in 38956
any judicial consent decree or administrative order to which the 38957
air contaminant source is subject. The rules shall provide for 38958
the issuance of conditional operating permits for such 38959
reasonable periods as the director may determine to allow the 38960
holder of an installation permit, who has constructed, 38961
installed, located, or modified a new air contaminant source in 38962
accordance with the provisions of an installation permit, to 38963
make adjustments or modifications necessary to enable the new 38964
air contaminant source to comply with applicable emission 38965
standards and other rules. Terms and conditions of operating 38966
permits issued pursuant to this division shall be federally 38967
enforceable for the purpose of establishing the potential to 38968
emit of a stationary source and shall be expressly designated as 38969
federally enforceable. Any such federally enforceable 38970
restrictions on a source's potential to emit shall include both 38971
an annual limit and a short-term limit of not more than thirty 38972

days for each pollutant to be restricted together with adequate 38973
methods for establishing compliance with the restrictions. In 38974
other respects, operating permits issued pursuant to this 38975
division are enforceable as state law only. No application shall 38976
be denied or permit revoked or modified without a written order 38977
stating the findings upon which denial, revocation, or 38978
modification is based. A copy of the order shall be sent to the 38979
applicant or permit holder by certified mail. 38980

~~(H) Adopt, modify, and rescind rules governing the 38981
issuance, revocation, modification, or denial of variances that 38982
authorize emissions in excess of the applicable emission 38983
standards. 38984~~

(G) No variance shall be issued except pursuant to ~~those 38985
rules~~rule. The rules shall ~~prescribe conditions and criteria in 38986
furtherance of the purposes of this chapter and consistent with 38987
the federal Clean Air Act governing eligibility for issuance of 38988
variances, which shall include~~ establish all of the following: 38989

(1) Provisions requiring consistency of emissions 38990
authorized by a variance with timely attainment and maintenance 38991
of ambient air quality standards; 38992

(2) Provisions prescribing the classes and categories of 38993
air contaminants and air contaminant sources for which variances 38994
may be issued; 38995

(3) Provisions defining the circumstances under which an 38996
applicant shall demonstrate that compliance with applicable 38997
emission standards is technically infeasible, economically 38998
unreasonable, or impossible because of conditions beyond the 38999
control of the applicant;— 39000

~~(4) Other provisions prescribed in furtherance of the 39001~~

~~goals of this chapter.~~ 39002

The rules shall prohibit the issuance of variances from 39003
any emission limitation that was applicable to a source pursuant 39004
to an installation permit and shall prohibit issuance of 39005
variances that conflict with the federal Clean Air Act. 39006

Applications for variances shall be accompanied by such 39007
information as the director may require. In issuing variances, 39008
the director may order the person to whom a variance is issued 39009
to furnish plans and specifications and such other information 39010
and data, including interim reports, as the director may require 39011
and to proceed to take such action within such time as the 39012
director may determine to be appropriate and reasonable to 39013
prevent, control, or abate the person's existing emissions of 39014
air contaminants. The director shall specify in each variance 39015
that the variance is conditioned upon payment of the applicable 39016
fees as required by section 3745.11 of the Revised Code and upon 39017
the right of the director's authorized representatives to enter 39018
upon the premises of the person to whom the variance has been 39019
issued, at any reasonable time and subject to safety 39020
requirements of the person in control of the premises, for the 39021
purpose of determining compliance with this chapter, the rules 39022
adopted thereunder, and the conditions of any permit, variance, 39023
or order issued thereunder. 39024

The director may hold a public hearing on an application 39025
for a variance or renewal thereof at a location in the county 39026
where the variance is sought. The director shall give not less 39027
than twenty days' notice of the hearing to the applicant by 39028
certified mail or another type of mail accompanied by a receipt. 39029
The director also shall cause at least one publication of notice 39030
in a newspaper with general circulation in the county where the 39031

variance is sought or may instead provide public notice by 39032
publication on the environmental protection agency's web site. 39033
The director shall keep available for public inspection at the 39034
principal office of the environmental protection agency a 39035
current schedule of pending applications for variances and a 39036
current schedule of pending variance hearings. The director 39037
shall make a complete stenographic record or electronic record 39038
of testimony and other evidence submitted at the hearing. The 39039
director shall make a written determination to issue, renew, or 39040
deny the variance and shall enter the determination and the 39041
basis therefor into the record of the hearing. The director 39042
shall issue, renew, or deny an application for a variance or 39043
renewal thereof, or issue a proposed action upon the application 39044
pursuant to section 3745.07 of the Revised Code, within six 39045
months of the date upon which the director receives a complete 39046
application with all pertinent information and data required by 39047
the director. 39048

Any variance granted pursuant to rules adopted under this 39049
division shall be for a period specified by the director, not to 39050
exceed three years, and may be renewed from time to time on such 39051
terms and for such periods, not to exceed three years each, as 39052
the director determines to be appropriate. A variance may be 39053
revoked, or renewal denied, for failure to comply with 39054
conditions specified in the variance. No variance shall be 39055
issued, denied, revoked, or modified without a written order 39056
stating the findings upon which the issuance, denial, 39057
revocation, or modification is based. A copy of the order shall 39058
be sent to the applicant or variance holder by certified mail. 39059

~~(I)~~(H) Require the owner or operator of an air contaminant 39060
source to install, employ, maintain, and operate such emissions, 39061
ambient air quality, meteorological, or other monitoring devices 39062

or methods as the director shall prescribe; to sample those 39063
emissions at such locations, at such intervals, and in such 39064
manner as the director prescribes; to maintain records and file 39065
periodic reports with the director containing information as to 39066
location, size, and height of emission outlets, rate, duration, 39067
and composition of emissions, and any other pertinent 39068
information the director prescribes; and to provide such written 39069
notice to other states as the director shall prescribe. In 39070
requiring monitoring devices, records, and reports, the 39071
director, to the extent consistent with the federal Clean Air 39072
Act, shall give consideration to technical feasibility and 39073
economic reasonableness and allow reasonable time for 39074
compliance. For sources where a specific monitoring, record- 39075
keeping, or reporting requirement is specified for a particular 39076
air contaminant from a particular air contaminant source in an 39077
applicable regulation adopted by the United States environmental 39078
protection agency under the federal Clean Air Act or in an 39079
applicable rule adopted by the director, the director shall not 39080
impose an additional requirement in a permit that is a different 39081
monitoring, record-keeping, or reporting requirement other than 39082
the requirement specified in the applicable regulation or rule 39083
for that air contaminant except as otherwise agreed to by the 39084
owner or operator of the air contaminant source and the 39085
director. For sources where no specific monitoring requirement 39086
is specified for a particular air contaminant from a particular 39087
air contaminant source in an applicable regulation adopted by 39088
the United States environmental protection agency under the 39089
federal Clean Air Act or in an applicable rule adopted by the 39090
director, the director shall not impose a monitoring requirement 39091
in a permit that requires community air monitoring, except as 39092
otherwise agreed to by the owner or air operator of the air 39093
contaminant source and the director. If two or more regulations 39094

or rules impose different monitoring, record-keeping, or 39095
reporting requirements for the same air contaminant from the 39096
same air contaminant source, the director may impose permit 39097
terms and conditions that consolidate or streamline the 39098
monitoring, record-keeping, or reporting requirements in a 39099
manner that conforms with each applicable requirement. To the 39100
extent consistent with the federal Clean Air Act and except as 39101
otherwise agreed to by the owner or operator of an air 39102
contaminant source and the director, the director shall not 39103
require an operating restriction that has the practical effect 39104
of increasing the stringency of an existing applicable emission 39105
limitation or standard. 39106

~~(J)~~(I) Establish, operate, and maintain monitoring 39107
stations and other devices designed to measure air pollution and 39108
enter into contracts with any public or private agency for the 39109
establishment, operation, or maintenance of such stations and 39110
devices, except that the director shall not enter into contracts 39111
with any private agency for the establishment, operation, or 39112
maintenance of community air monitoring where the intended use 39113
of the data produced by such monitoring stations and other 39114
devices would violate ~~divisions~~division (B) or (C) of section 39115
3704.09 of the Revised Code; 39116

~~(K)~~(J) By rule adopt procedures for giving reasonable 39117
public notice and conducting public hearings on any plans for 39118
the prevention, control, and abatement of air pollution that the 39119
director is required to submit to the federal government; 39120

~~(L)~~(K) Through any employee, agent, or authorized 39121
representative of the director or the environmental protection 39122
agency, enter upon private or public property, including 39123
improvements thereon, at any reasonable time, to make 39124

inspections, take samples, conduct tests, and examine records or reports pertaining to any emission of air contaminants and any monitoring equipment or methods and to determine if there are any actual or potential emissions from such premises and, if so, to determine the sources, amounts, contents, and extent of those emissions, or to ascertain whether there is compliance with this chapter, any orders issued or rules adopted thereunder, or any other determination of the director. The director, at reasonable times, may have access to and copy any such records. If entry or inspection authorized by this division is refused, hindered, or thwarted, the director or the director's authorized representative may by affidavit apply for, and any judge of a court of record may issue, an appropriate inspection warrant necessary to achieve the purposes of this chapter within the court's territorial jurisdiction.

~~(M)~~ (L) Accept and administer gifts or grants from the federal government and from any other source, public or private, for carrying out any of the functions under this chapter;

~~(N)~~ (M) Obtain necessary scientific, technical, and laboratory services;

~~(O)~~ (N) Establish advisory boards in accordance with section 121.13 of the Revised Code;

~~(P)~~ (O) Delegate to any city or general health district or political subdivision of the state any of the director's enforcement and monitoring powers and duties, other than rule-making powers, as the director elects to delegate, and in addition employ, compensate, and prescribe the powers and duties of such officers, employees, and consultants as are necessary to enable the director to exercise the authority and perform duties imposed upon the director by law. Technical and other services

shall be performed, insofar as practical, by personnel of the 39155
environmental protection agency. 39156

~~(Q)~~(P) Certify to the government of the United States or 39157
any agency thereof that an industrial air pollution facility is 39158
in conformity with the state program or requirements for control 39159
of air pollution whenever such certificate is required for a 39160
taxpayer pursuant to any federal law or requirements; 39161

~~(R)~~(Q) Issue, modify, or revoke orders requiring abatement 39162
of or prohibiting emissions that violate applicable emission 39163
standards or other requirements of this chapter and rules 39164
adopted thereunder, or requiring emission control devices or 39165
measures in order to comply with applicable emission standards 39166
or other requirements of this chapter and rules adopted 39167
thereunder. Any such order shall require compliance with 39168
applicable emission standards by a specified date and shall not 39169
conflict with any requirement of the federal Clean Air Act. In 39170
the making of such orders, the director, to the extent 39171
consistent with the federal Clean Air Act, shall give 39172
consideration to, and base the determination on, evidence 39173
relating to the technical feasibility and economic 39174
reasonableness of compliance with such orders and their relation 39175
to benefits to the people of the state to be derived from such 39176
compliance. If, under the federal Clean Air Act, any such order 39177
shall provide for the posting of a bond or surety to secure 39178
compliance with the order as a condition of issuance of the 39179
order, the order shall so provide, but only to the extent 39180
required by the federal Clean Air Act. 39181

~~(S)~~(R) To the extent provided by the federal Clean Air 39182
Act, adopt, modify, and rescind rules providing for the 39183
administrative assessment and collection of monetary penalties, 39184

not in excess of those required pursuant to the federal Clean 39185
Air Act, for failure to comply with any emission limitation or 39186
standard, compliance schedule, or other requirement of any rule, 39187
order, permit, or variance issued or adopted under this chapter 39188
or required under the applicable implementation plan whether or 39189
not the source is subject to a federal or state consent decree. 39190
The director may require the submission of compliance schedules, 39191
calculations of penalties for noncompliance, and related 39192
information. Any orders, payments, sanctions, or other 39193
requirements imposed pursuant to rules adopted under this 39194
division shall be in addition to any other permits, orders, 39195
payments, sanctions, or other requirements established under 39196
this chapter and shall not affect any civil or criminal 39197
enforcement proceedings brought under any provision of this 39198
chapter or any other provision of state or local law. This 39199
division does not apply to any requirement of this chapter 39200
regarding the prevention or abatement of odors. 39201

~~(T)~~(S) Require new or modified air contaminant sources to 39202
install best available technology, but only in accordance with 39203
this division. With respect to permits issued pursuant to 39204
division ~~(F)~~(E) of this section beginning three years after 39205
August 3, 2006, best available technology for air contaminant 39206
sources and air contaminants emitted by those sources that are 39207
subject to standards adopted under section 112, Part C of Title 39208
I, and Part D of Title I of the federal Clean Air Act shall be 39209
equivalent to and no more stringent than those standards. For an 39210
air contaminant or precursor of an air contaminant for which a 39211
national ambient air quality standard has been adopted under the 39212
federal Clean Air Act, best available technology only shall be 39213
required to the extent required by rules adopted under Chapter 39214
119. of the Revised Code for permit to install applications 39215

filed three or more years after August 3, 2006. 39216

Best available technology requirements established in 39217
rules adopted under this division shall be expressed only in one 39218
of the following ways that is most appropriate for the 39219
applicable source or source categories: 39220

(1) Work practices; 39221

(2) Source design characteristics or design efficiency of 39222
applicable air contaminant control devices; 39223

(3) Raw material specifications or throughput limitations 39224
averaged over a twelve-month rolling period; 39225

(4) Monthly allowable emissions averaged over a twelve- 39226
month rolling period. 39227

Best available technology requirements shall not apply to 39228
an air contaminant source that has the potential to emit, taking 39229
into account air pollution controls installed on the source, 39230
less than ten tons per year of emissions of an air contaminant 39231
or precursor of an air contaminant for which a national ambient 39232
air quality standard has been adopted under the federal Clean 39233
Air Act. In addition, best available technology requirements 39234
established in rules adopted under this division shall not apply 39235
to any existing, new, or modified air contaminant source that is 39236
subject to a plant-wide applicability limit that has been 39237
approved by the director. Further, best available technology 39238
requirements established in rules adopted under this division 39239
shall not apply to general permits issued prior to January 1, 39240
2006, under rules adopted under this chapter. 39241

For permits to install issued three or more years after 39242
August 3, 2006, any new or modified air contaminant source that 39243
has the potential to emit, taking into account air pollution 39244

controls installed on the source, ten or more tons per year of 39245
volatile organic compounds or nitrogen oxides shall meet, at a 39246
minimum, the requirements of any applicable reasonably available 39247
control technology rule in effect as of January 1, 2006, 39248
regardless of the location of the source. 39249

~~(U) Consistent with section 507 of the federal Clean Air 39250
Act, adopt, modify, suspend, and rescind rules for the 39251
establishment of a small business stationary source technical- 39252
and environmental compliance assistance program as provided in- 39253
section 3704.18 of the Revised Code;~~ 39254

~~(V)~~ (T) Provide for emissions trading, marketable permits, 39255
auctions of emission rights, and economic incentives that would 39256
reduce the cost or increase the efficiency of achieving a 39257
specified level of environmental protection; 39258

~~(W)~~ (U) Provide for the construction of an air contaminant 39259
source prior to obtaining a permit to install pursuant to 39260
division ~~(F)~~ (E) of this section if the applicant demonstrates 39261
that the source will be installed to comply with all applicable 39262
emission limits and will not adversely affect public health or 39263
safety or the environment and if the director determines that 39264
such an action will avoid an unreasonable hardship on the owner 39265
or operator of the source. Any such determination shall be 39266
consistent with the federal Clean Air Act. 39267

~~(X) Exercise all incidental powers, including adoption of- 39268
rules, required to carry out this chapter.- 39269~~

The environmental protection agency shall develop a plan 39270
to control air pollution resulting from state-operated 39271
facilities and property. 39272

Sec. 3704.031. (A) Except as provided in division (B) of 39273

this section, prior to issuance or renewal of a permit or a 39274
variance under division ~~(F)~~, ~~(G)~~, (E) or ~~(H)~~ (F) of section 39275
3704.03 of the Revised Code, the director of environmental 39276
protection may require the applicant to install such equipment 39277
and conduct such tests and analyses as the director finds 39278
reasonable and necessary to determine adequately the amount and 39279
content of any emissions from such sources, the ambient air 39280
quality at the proposed site and in areas that may be affected 39281
by emissions from such sources, and any violation or potential 39282
violation of Chapter 3704. of the Revised Code, or the 39283
regulations or orders promulgated thereunder. 39284

(B) Prior to the issuance or renewal of a permit or a 39285
variance under division ~~(F)~~, ~~(G)~~, (E) or ~~(H)~~ (F) of section 39286
3704.03 of the Revised Code, the director shall not require an 39287
applicant to conduct community air monitoring. 39288

Sec. 3704.034. (A) Within sixty days after the director of 39289
environmental protection or the director's agent or authorized 39290
representative receives an application for the issuance of an 39291
initial permit to operate, or for the modification or renewal of 39292
such a permit, pursuant to rules adopted under division ~~(G)~~ (F) 39293
of section 3704.03 of the Revised Code, the director shall 39294
determine whether the application is substantially complete or 39295
materially deficient and, in writing, shall notify the applicant 39296
of the director's determination. If the director fails to make 39297
such a completeness determination and provide written notice of 39298
the determination to the applicant within sixty days after the 39299
application was submitted, the applicant may submit a written 39300
request to the director for the making of such a completeness 39301
determination. 39302

(B) Within thirty days after receiving a written request 39303

for the making of a completeness determination on an application 39304
under division (A) of this section, the director shall determine 39305
whether the application is substantially complete or materially 39306
deficient and, in writing, notify the applicant of the 39307
determination. If the director fails to make a completeness 39308
determination and provide written notice of the director's 39309
determination to the applicant within thirty days after 39310
receiving the applicant's written request for the making of the 39311
determination, the application shall be deemed to have been 39312
complete in all material respects at the time that it was 39313
submitted to the director or the director's agent or authorized 39314
representative. 39315

(C) If, within the time prescribed in division (A) and, if 39316
applicable, division (B) of this section, the director 39317
determines that an application is materially deficient, the 39318
director shall return the application to the applicant together 39319
with the written notice of material deficiency. The running of 39320
the time prescribed under division (A) and, if applicable, 39321
division (B) of this section ceases at the time that the 39322
determination is made. If the applicant subsequently resubmits 39323
the application to the director, the time prescribed in division 39324
(A) of this section and, if applicable, division (B) of this 39325
section shall resume running at the time that the application is 39326
resubmitted. The resubmission of the application constitutes a 39327
request for the making of a completeness determination on the 39328
application. The director shall do one of the following within 39329
the time remaining pursuant to division (A) and, if applicable, 39330
division (B) of this section at the time that the application is 39331
resubmitted: 39332

(1) Make a completeness determination on the application 39333
and, in writing, notify the applicant of the determination; 39334

(2) Issue or deny or propose to issue or deny the permit, 39335
modification, or renewal. 39336

(D) The director shall include in each written notice of 39337
the completeness of an application provided under division (A), 39338
(B), or (C) (1) of this section the date on which the application 39339
was determined to be complete. 39340

(E) The director shall issue or deny or propose to issue 39341
or deny an initial permit to operate, or a modification or 39342
renewal of such a permit, pursuant to rules adopted under 39343
division ~~(G)~~(F) of section 3704.03 of the Revised Code within 39344
one hundred eighty days after the date that the application for 39345
the permit, modification, or renewal was determined to be 39346
complete as that date is set forth in the written notice of the 39347
determination of the completeness of the application provided 39348
under division (A), (B), or (C) (1) of this section or within one 39349
hundred eighty days after the application is deemed to be 39350
complete under division (B) of this section, as appropriate. If 39351
the director fails to issue or deny or propose to issue or deny 39352
the permit, modification, or renewal within the appropriate one- 39353
hundred-eighty-day period, the applicant may bring a mandamus 39354
action to obtain a judgment that orders the director to take a 39355
final action on the application. 39356

(F) The director, upon the director's own motion or upon 39357
the written request of the applicant and in writing, may extend 39358
the time provided under division (E) of this section for issuing 39359
or denying or proposing to issue or deny the permit, 39360
modification, or renewal for an additional sixty days if a 39361
public informational meeting or public hearing was held on the 39362
application for the permit, modification, or renewal. 39363

(G) Upon the written request of the applicant, the 39364

director, in writing, may extend the time provided under 39365
division (E) of this section for issuing or denying or proposing 39366
to issue or deny the permit, modification, or renewal for the 39367
additional time specified in the applicant's request for the 39368
extension. 39369

(H) Upon the written request of the person responsible for 39370
a facility, the director may consolidate or group applications 39371
for the issuance of permits pursuant to rules adopted under 39372
division ~~(G)~~(F) of section 3704.03 of the Revised Code, or 39373
modifications or renewals of those permits, for individual air 39374
contaminant sources located at the facility in order to reduce 39375
the unnecessary paperwork and administrative burden to the 39376
applicant and the director in connection with the issuance of 39377
those permits, modifications, and renewals. Fees payable to the 39378
director under section 3745.11 of the Revised Code shall not be 39379
reduced by reason of any such consolidation or grouping of 39380
applications for permits, modifications, or renewals. 39381

Sec. 3704.035. (A) There is hereby created in the state 39382
treasury the Title V clean air fund. Except as otherwise 39383
provided in division (K) of section 3745.11 of the Revised Code, 39384
all moneys collected under division (B) of that section, and any 39385
gifts, grants, or contributions received by the director of 39386
environmental protection for the purposes of the fund, shall be 39387
credited to the fund. 39388

The director shall expend all moneys credited to the fund 39389
solely to administer and enforce the Title V program pursuant to 39390
the federal Clean Air Act, this chapter, and rules adopted under 39391
it, except as costs relating to enforcement are limited by the 39392
federal Clean Air Act. The director shall establish separate and 39393
distinct accounting for all such moneys. 39394

(B) There is hereby created in the state treasury the non- 39395
Title V clean air fund. All money collected under section 39396
3710.15 and divisions (D), (F), (G), (H), (I), and (J) of 39397
section 3745.11 of the Revised Code shall be credited to the 39398
fund. In addition, any gifts, grants, or contributions received 39399
by the director for the purposes of the fund shall be credited 39400
to the fund. 39401

The director shall expend money in the fund exclusively to 39402
pay the cost of administering and enforcing the laws of this 39403
state pertaining to the prevention, control, and abatement of 39404
air pollution, the prevention, control, and abatement of 39405
asbestos, rules adopted under those laws, and terms and 39406
conditions of permits, variances, and orders issued under those 39407
laws, and asbestos abatement licensure and certification issued 39408
under those laws. However, the director shall not expend money 39409
credited to the fund for the administration and enforcement of 39410
the Title V permit program established under this chapter and 39411
rules adopted under it or motor vehicle inspection and 39412
maintenance programs established under sections 3704.14, 39413
~~3704.141~~, 3704.16, 3704.161, and 3704.162 of the Revised Code. 39414

(C) The director shall report biennially to the general 39415
assembly the amounts of fees and other moneys credited to the 39416
funds under this section and the amounts expended from them for 39417
each of the various air pollution control programs. 39418

Sec. 3704.036. (A) The director of environmental 39419
protection shall develop and administer a federally approvable 39420
Title V permit program and shall take all necessary and 39421
appropriate action to implement, through the issuance of Title V 39422
permits, applicable requirements of the federal Clean Air Act. 39423
Title V permits shall be required only for major sources and 39424

affected sources, as defined in 40 C.F.R. 70.2, and solid waste 39425
incineration units required to obtain a permit under section 129 39426
(e) of the federal Clean Air Act unless the administrator 39427
extends the obligation to obtain a Title V permit to other 39428
sources. 39429

The Title V permit program does not apply to research and 39430
development sources whose emissions do not exceed the 39431
requirements of 40 C.F.R. 70.3 (a) (1) or any facility or air 39432
contaminant source authorized by 40 C.F.R. 70.3 (b) to be exempt 39433
from the obligation to obtain a Title V permit. A source that 39434
obtains a Title V permit shall not be required to obtain any 39435
other operating permit under this chapter and rules adopted 39436
under it. 39437

Federally enforceable requirements shall be identified 39438
separately in Title V permits. The director may include in those 39439
permits reasonable and lawful terms and conditions necessary to 39440
ensure compliance with this chapter and rules adopted under it 39441
that are not federally enforceable requirements, provided that 39442
those terms and conditions are clearly separated from federally 39443
enforceable requirements and the Title V permits state that 39444
those terms and conditions are not federally enforceable. 39445

(B) The director shall adopt, and may amend, suspend, and 39446
rescind, the rules to facilitate the implementation, 39447
supervision, administration, and operation of described under 39448
this division for the Title V permit program that are. The 39449
rules shall be consistent with, and no more stringent than, the 39450
requirements of Title V of the federal Clean Air Act and 40 39451
C.F.R. part 70. The rules shall establish ~~at least~~ all of the 39452
following: 39453

(1) Definitions of the following terms, which shall be 39454

consistent with and no more stringent than the definitions in 40 39455
C.F.R. part 70: "administrative permit amendment," "affected 39456
source," "applicable requirement," "emergency," "emissions 39457
unit," "fugitive emissions," "major source," "major stationary 39458
source," "potential to emit," "regulated air pollutant," and 39459
"stationary source;" 39460

(2) Provisions for minor modifications and operational 39461
flexibility that minimize administrative burdens on a source and 39462
ensure maximum operational flexibility consistent with the 39463
federal Clean Air Act and regulations adopted under it; 39464

(3) Provisions for administrative Title V permit 39465
amendments. The rules shall require the director to approve or 39466
disapprove an administrative permit amendment in accordance with 39467
all of the following: 39468

(a) The director shall take not more than sixty days from 39469
receipt of a request for an administrative permit amendment to 39470
issue a final action on the request in accordance with the 39471
procedures specified in 40 C.F.R. 70.7 (d). 39472

(b) Chapter 119. and sections 3704.04 and 3745.07 of the 39473
Revised Code do not apply to administrative permit amendments 39474
under division (B) (3) of this section. 39475

(c) The director's determination under division (B) (3) of 39476
this section is a final action appealable to the environmental 39477
review appeals commission under section 3745.04 of the Revised 39478
Code. 39479

(4) Provisions for exemption of insignificant air 39480
contaminant sources from inclusion in the Title V permit 39481
program. To the extent consistent with the federal Clean Air 39482
Act, the exemptions shall include, at a minimum, all source 39483

categories that are excluded from the requirements to obtain 39484
installation permits and operating permits pursuant to divisions 39485
~~(F)~~ (E) and ~~(G)~~ (F) of section 3704.03 of the Revised Code and any 39486
source categories specifically exempted under 40 C.F.R. part 70 39487
and also shall include, to the extent consistent with the 39488
federal Clean Air Act, any air contaminant sources with the 39489
potential to emit not more than five tons per year of a 39490
federally regulated air pollutant other than hazardous air 39491
pollutants and not more than twenty per cent of an applicable 39492
major source threshold under the federal Clean Air Act. 39493

(5) Provisions to implement the permit shield permitted by 39494
the Federal Clean Air Act to the extent consistent with that act 39495
and regulations adopted under it, including at least provisions 39496
by which a Title V permit applicant may request the director to 39497
make a determination whether a provision or class of 39498
requirements of that act is applicable to the applicant's air 39499
contaminant source. Any such determination made by the director 39500
shall be specified in the applicant's Title V permit. 39501

~~The director may adopt, amend, suspend, and rescind such-~~ 39502
~~other rules as are necessary for a federally approvable Title V-~~ 39503
~~permit program, which shall be consistent with, and no more-~~ 39504
~~stringent than, the requirements of Title V of the federal Clean~~ 39505
~~Air Act and 40 C.F.R. part 70.~~ 39506

(C) Applications for initial Title V permits shall be 39507
submitted not less than one year after the director adopts rules 39508
under division (B) of this section for the implementation of the 39509
Title V permit program. New facilities that are required to 39510
obtain a Title V permit shall submit a complete Title V permit 39511
application not later than one year after the date of 39512
commencement of operation. 39513

Title V permits shall not become effective prior to 39514
approval of the Title V permit program by the administrator 39515
pursuant to section 502 of the federal Clean Air Act. 39516

Title V permits, except for permits that contain acid rain 39517
provisions pursuant to Title IV of the federal Clean Air Act and 39518
permits issued for solid waste incineration units combusting 39519
municipal waste that are subject to section 129 (e) of the 39520
federal Clean Air Act, may be issued for a period determined by 39521
the director not to exceed five years, are renewable, and are 39522
transferable. Title V permits that contain acid rain provisions 39523
pursuant to Title IV of the federal Clean Air Act shall be 39524
issued for a fixed term of five years. Title V permits for solid 39525
waste incineration units combusting municipal waste that are 39526
subject to section 129 (e) of the federal Clean Air Act may be 39527
issued for a period to be determined by the director not to 39528
exceed twelve years and are renewable. If such permits are 39529
issued for a period longer than five years, they shall be 39530
reviewed by the director at least once every five years to 39531
determine compliance with the permit requirements and to 39532
incorporate any new requirements established during the previous 39533
five years. 39534

(D) A complete Title V permit application is one that 39535
contains all the information, consistent with 40 C.F.R. 70.5 39536
(c), needed to begin processing the application and a 39537
certification by a responsible official of the truth, accuracy, 39538
and completeness of the information in the application, based 39539
upon information and belief formed after reasonable inquiry by 39540
the responsible official. Unless the director determines within 39541
sixty days after receipt of the application that the application 39542
is not complete, the application shall be deemed to be complete. 39543

If, during the processing of an application before or after it has been determined or deemed to be complete, the director determines that additional information is necessary in order to evaluate or take final action on the application, the director may request that information in writing from the applicant. Any such request by the director shall identify the information requested with reasonable specificity and shall provide a reasonable time, not less than fifteen days, for the applicant's submission of the requested information.

If an applicant fails to make a good faith and timely response to a request for additional information under this division with regard to an application that the director believes to be incomplete, the director shall offer to meet with the applicant within seven days after issuance of a letter for failure to submit the requested information. If the meeting or meeting offer fails to obtain a complete application from the applicant, the director, without prior hearing, shall make a final determination that the application is not complete. Any such determination shall not become effective until twenty days after notice of the determination is sent to the applicant by certified mail. An incompleteness determination by the director may be appealed in accordance with section 3745.04 of the Revised Code, except that if the notice of appeal is timely filed and is accompanied by an application for stay, the stay shall become effective upon filing and shall continue until such time as the environmental review appeals commission rules on the merits of the stay. The commission shall conduct an immediate hearing and determination on the application for stay without interruption by continuances, other than for unavoidable circumstances. If the commission grants the stay, it immediately shall conduct the hearing on the merits and determine the appeal

without interruption by continuances, other than for unavoidable
circumstances. 39575
39576

(E) The director expressly shall include permit shield 39577
provisions for each Title V permit in accordance with the 39578
following requirements: 39579

(1) Except as provided in this section, the director shall 39580
expressly include in a Title V permit a provision stating that 39581
compliance with the conditions of the permit shall be deemed to 39582
be compliance with any applicable requirements as of the date of 39583
permit issuance, provided that either: 39584

(a) The applicable requirements are included and are 39585
specifically identified in the permit; 39586

(b) The director, in acting on the permit application or 39587
revision, determines in writing that other requirements 39588
specifically identified are not applicable to the facility, and 39589
the permit includes the determination or a concise summary of 39590
it. 39591

(2) Nothing in division (E) of this section or in any 39592
Title V permit shall alter or affect any of the following: 39593

(a) The provisions of section 303 of the federal Clean Air 39594
Act, including the authority of the administrator under that 39595
section; 39596

(b) The liability of an owner or operator of a facility 39597
for any violation of applicable requirements prior to or at the 39598
time of permit issuance; 39599

(c) The applicable requirements of the acid rain program, 39600
consistent with section 408 (a) of the federal Clean Air Act; 39601

(d) The ability of the administrator to obtain information 39602

from a facility pursuant to section 114 of the federal Clean Air Act. 39603
39604

(F) (1) Title V permit applications shall be acted upon by 39605
the director in accordance with Chapters 119. and 3745. of the 39606
Revised Code and with 40 C.F.R. 70.8. If a Title V permit 39607
expires after a complete and timely renewal application has been 39608
filed with the director, all provisions and authorizations of 39609
the expired permit shall remain in effect until the director's 39610
final action on the pending renewal application. The director's 39611
failure to take action on a Title V permit application or permit 39612
renewal or modification application within the deadlines 39613
specified in the federal Clean Air Act or in 40 C.F.R. part 70 39614
shall be a final action appealable to the environmental review 39615
appeals commission under section 3745.04 of the Revised Code. 39616

(2) The director shall not issue a Title V permit if the 39617
administrator timely objects to its issuance under 40 C.F.R. 39618
70.8 (c) or (d). 39619

(3) The director may modify, revoke, or revoke and reissue 39620
a Title V permit for cause. The director shall modify, revoke, 39621
or revoke and reissue a Title V permit if requested to do so by 39622
the administrator under 40 C.F.R. 70.8 (d). 39623

(G) A Title V permit applicant may request a single permit 39624
for a stationary source with multiple Title V emissions units or 39625
may request separate permits for any one or more emissions units 39626
at the same stationary source required to have a Title V permit. 39627
The director shall honor all such requests. 39628

Upon written request of a Title V permit applicant, the 39629
director shall make a determination of the applicability or 39630
inapplicability of any provision or class of requirements under 39631

the federal Clean Air Act to an emissions unit or stationary 39632
source and shall include that determination or a concise summary 39633
of it in the applicant's Title V permit. 39634

(H) A Title V permit applicant may request a permit that 39635
accommodates multiple operating scenarios and anticipated 39636
changes in emissions during the term of a permit at a specified 39637
facility. The director shall include in a Title V permit all 39638
operating scenarios and anticipated changes in emissions for 39639
which an application has been made unless the operating 39640
scenarios or emissions are prohibited by federally enforceable 39641
requirements. The director may include in a Title V permit such 39642
monitoring and recordkeeping requirements as may be reasonably 39643
necessary to verify that any authorized operating scenario 39644
complies with federally enforceable requirements. In imposing 39645
any such requirements, the director shall consider and minimize, 39646
to the extent practicable, the administrative burdens that the 39647
monitoring will impose on the source. 39648

(I) The director, by rule or order on a class of similar 39649
permit applications, may issue a general permit covering 39650
numerous similar facilities or air contaminant sources. Any such 39651
general permit shall comply with all substantive requirements 39652
applicable to conventional Title V permits. A general permit 39653
shall apply to the owner or operator of a facility or air 39654
contaminant source only upon application of the owner or 39655
operator to the director. 39656

(J) The director may issue a single Title V permit 39657
authorizing emissions from similar operations at multiple 39658
temporary locations within the state, provided that the permit 39659
ensures compliance with all federally enforceable requirements 39660
and with 40 C.F.R. 70.6 (e) at all authorized locations. Any 39661

such permit shall require the owner or operator to notify the 39662
director in advance of each change in location. 39663

(K) A Title V permit shall address all existing federally 39664
enforceable requirements applicable to the permitted facility 39665
and shall not impose new substantive requirements beyond the 39666
federally enforceable requirements except for terms and 39667
conditions that are identified as not federally enforceable as 39668
provided in division (A) of this section. A Title V permit shall 39669
specify the regulatory citation for federal requirements 39670
addressed in the permit and shall identify any difference in 39671
form as compared to the federally enforceable requirement on 39672
which it is based. 39673

If the applicant for a Title V permit proposes an 39674
alternative emission limit as provided under division ~~(E)~~(D) of 39675
section 3704.03 of the Revised Code, and if the director 39676
determines that the alternative emission limit is equivalent to 39677
an emission limit adopted under that division, the alternative 39678
emission limit shall be included in the Title V permit together 39679
with provisions to ensure that any resulting emission limit has 39680
been demonstrated to be quantifiable, accountable, enforceable, 39681
and based on replicable procedures. Any such alternative 39682
emission limit shall not take effect if the administrator timely 39683
objects to it in accordance with division (F) (2) of this 39684
section. 39685

(L) The director shall take all necessary and appropriate 39686
action to do both of the following: 39687

(1) Issue Title V permits for affected sources consistent 39688
with the requirements of Title IV of the federal Clean Air Act; 39689

(2) Implement, through Title V permits, applicable 39690

requirements of section 112 of the federal Clean Air Act. 39691

(M) The director shall develop procedures for the Title V 39692
permit program such that the program shall minimize procedural 39693
burdens and maximize source operational flexibility to the 39694
extent consistent with the federal Clean Air Act. 39695

(N) A Title V permit shall not apply to a physical, 39696
operational, or other change that is not a change within a 39697
permitted facility. A Title V permittee shall provide 39698
simultaneous written notice to the director and the 39699
administrator of each such off-permit change that is not 39700
addressed or prohibited by the federally enforceable portion of 39701
the Title V permit, except that no notice is required for off- 39702
permit changes that qualify as insignificant under rules adopted 39703
under division (B) (4) of this section. 39704

(O) The director shall adopt rules doing both of the 39705
following: 39706

(1) Establishing procedures under which any air 39707
contaminant source may assume federally enforceable restrictions 39708
on its emissions rates, operating rates, hours of operation, or 39709
other parameters that are more stringent than those limitations 39710
that ordinarily would apply to the source in order to limit the 39711
potential of the source to emit; 39712

(2) To the maximum extent possible consistent with federal 39713
law, allowing such a source to impose the limitations described 39714
in division (O) (1) of this section on its operations 39715
unilaterally without further action by the director or approval 39716
from the United States environmental protection agency and 39717
otherwise minimizing the time required to effectuate such 39718
federally enforceable limits. 39719

Until the director adopts rules under division (O) of this section, the owner or operator of an air contaminant source or sources may submit an application for a permit or permit modification pursuant to division ~~(G)~~(F) of section 3704.03 of the Revised Code with federally enforceable terms and conditions to limit the potential to emit of the source or sources to less than the major source emission thresholds defined in 40 C.F.R. 70.2. The application shall identify both an annual limit and a short-term limit of not more than thirty days for each pollutant to be restricted together with adequate methods for establishing compliance with the limits. Upon submission of the application, the limits shall be federally enforceable against the applicant. The application shall be signed by a responsible official and submitted simultaneously to the director and the administrator. The director shall act on the application in accordance with Chapters 119. and 3745. of the Revised Code.

Sec. 3704.037. (A) The director of environmental protection shall formulate and implement a tiered permitting system for air contaminant sources that categorizes, prioritizes, and expedites review of, and final action on, applications for installation permits and operating permits issued pursuant to divisions ~~(F)~~(E) and ~~(G)~~(F) of section 3704.03 of the Revised Code, respectively. The tiered permitting system shall include at least exemptions, registration status, permits-by-rule, and general permits. The director may issue general permits to install and permits to operate, and permits-by-rule, containing terms and conditions that apply to types of air contaminant sources specified by the director that have sufficiently similar characteristics to warrant substantially identical installation permits and operating permits.

(B) Any person may petition the director to exempt a

certain source category from obtaining an installation permit or 39751
operating permit pursuant to division ~~(F)~~(E) or ~~(G)~~(F) of 39752
section 3704.03 of the Revised Code, respectively, or both. The 39753
petition shall contain all of the technical support necessary to 39754
justify the exemption, including the estimated emissions levels, 39755
the impact on air quality including the impact of any hazardous 39756
or toxic emission, and the effect that granting the exemption 39757
would have on ambient air quality standards. Sources regulated 39758
by the United States environmental protection agency under the 39759
new source performance standards or the hazardous air pollutant 39760
standards established pursuant to the federal Clean Air Act are 39761
not eligible for exemption through petition. 39762

Not later than one hundred eighty days after receiving a 39763
petition, the director shall notify the petitioner in writing if 39764
the petition has been accepted or rejected and, if rejected, the 39765
basis of the rejection. At least once every two years, the 39766
director shall propose rules containing the exemptions that have 39767
been accepted through the petition process. 39768

Sec. 3704.038. (A) The director of environmental 39769
protection shall maintain and make readily available to the 39770
public a best available technology information clearinghouse. 39771

(B) The director shall make readily available to the 39772
public interpretive guidelines and technical guidance in order 39773
to effect technically sound, consistent, and efficient permit 39774
processing under this chapter and rules adopted under it. 39775

(C) The director shall develop a training course on the 39776
requirements for the completion of applications for installation 39777
permits and the determination of best available technology 39778
pursuant to division ~~(F)~~(E) of section 3704.03 of the Revised 39779
Code. The training course shall be available to employees of the 39780

environmental protection agency, personnel from local air 39781
pollution control agencies, regulated industry, small 39782
businesses, environmental advocacy organizations, and other 39783
interested persons. The director may charge a fee for the 39784
training course in an amount necessary to cover only the actual 39785
cost of the training. 39786

Sec. 3704.039. Not later than the first day of March each 39787
year, the director of environmental protection shall prepare and 39788
submit to the governor and the general assembly a report on the 39789
timeliness of the issuance of installation permits pursuant to 39790
division ~~(F)~~(E) of section 3704.03 of the Revised Code for the 39791
immediately preceding year. The report shall include indicators 39792
to monitor the processing of installation permits by the 39793
environmental protection agency and a comparison of the 39794
performance of the two previous years. The report also shall 39795
identify the measures that have been taken during the 39796
immediately preceding year to improve the efficiency and 39797
timeliness of the issuance of installation permits and what 39798
~~activities~~activities are planned in the year in which the 39799
report is issued to improve that issuance. 39800

Sec. 3704.04. The adoption, modification, and repeal of 39801
rules and the issuance, revocation, modification, and denial of 39802
permits and variances under this chapter shall be in accordance 39803
with Chapter 119.7 and Chapter 3745.7 ~~and division (H) of~~ 39804
~~section 3704.03~~ of the Revised Code. 39805

Sec. 3704.05. (A) No person shall cause, permit, or allow 39806
emission of an air contaminant in violation of any rule adopted 39807
by the director of environmental protection under division ~~(E)~~ 39808
(D) of section 3704.03 of the Revised Code unless the person is 39809
the holder of a variance that is ~~issued under division (H) of~~ 39810

~~that section and~~ consistent with the federal Clean Air Act 39811
permitting the emission of the contaminant in excess of that 39812
permitted by the rule or the person is the holder of an 39813
operating permit that includes a compliance schedule issued 39814
pursuant to rules adopted under division ~~(G)~~(F) of section 39815
3704.03 of the Revised Code. 39816

(B) No person who is the holder of a variance ~~issued under~~ 39817
~~division (H) of section 3704.03 of the Revised Code~~ shall cause, 39818
permit, or allow emission of an air contaminant or contaminants 39819
listed therein in violation of the conditions of the variance or 39820
fail to obey an order of the director issued under authority of 39821
that division. 39822

(C) No person who is the holder of a permit issued under 39823
division ~~(F)~~(E) or ~~(G)~~(F) of section 3704.03 of the Revised Code 39824
shall violate any of its terms or conditions. 39825

(D) No person shall fail to install and maintain 39826
monitoring devices or to submit reports or other information as 39827
may be required under division ~~(I)~~(H) of section 3704.03 of the 39828
Revised Code. 39829

(E) No person to whom a permit or variance has been issued 39830
shall refuse entry to an authorized representative of the 39831
director or the environmental protection agency as provided in 39832
division ~~(L)~~(K) of section 3704.03 of the Revised Code or hinder 39833
or thwart the person in making an investigation. 39834

(F) No person shall fail to submit plans and 39835
specifications as required by section 3704.03 of the Revised 39836
Code. 39837

(G) No person shall violate any order, rule, or 39838
determination of the director issued, adopted, or made under 39839

this chapter. 39840

(H) No person shall do any of the following: 39841

(1) Falsify any plans, specifications, data, reports, 39842
records, or other information required to be kept or submitted 39843
to the director by this chapter or rules adopted under it; 39844

(2) Make any false material statement, representation, or 39845
certification in any form, notice, or report required by the 39846
Title V permit program; 39847

(3) Render inaccurate any monitoring device required by a 39848
Title V permit. 39849

Violation of division (H) (1), (2), or (3) of this section 39850
is not also falsification under section 2921.13 of the Revised 39851
Code. 39852

(I) No person shall knowingly falsify an inspection 39853
certificate submitted to another under section 3704.14 or 39854
Chapter 4503. of Revised Code. Violation of this division is not 39855
also falsification under section 2921.13 of the Revised Code. 39856

(J) No person shall do either of the following: 39857

(1) With regard to the Title V permit program, fail to pay 39858
any administrative penalty assessed in accordance with rules 39859
adopted under division ~~(S)~~(R) of section 3704.03 of the Revised 39860
Code or any fee assessed under section 3745.11 of the Revised 39861
Code; 39862

(2) Violate any applicable requirement of a Title V permit 39863
or any permit condition, except for an emergency as defined in 39864
40 C.F.R. 70.6 (g), or filing requirement of the Title V permit 39865
program, any duty to allow or carry out inspection, entry, or 39866
monitoring activities, or any rule adopted or order issued by 39867

the director pursuant to the Title V permit program. 39868

(K) On and after the three hundred sixty-sixth day 39869
following the administrator's final approval of the Title V 39870
permit program, or on and after the three hundred sixty-sixth 39871
day following the commencement of operation of a new major 39872
source required to comply with section 112(g) or part C or D of 39873
Title I of the federal Clean Air Act, whichever is later, no 39874
person shall operate any such source that is required to obtain 39875
a Title V permit under section 3704.036 of the Revised Code or 39876
rules adopted under it unless such a permit has been issued 39877
authorizing operation of the source or unless a complete and 39878
timely application for the issuance, renewal, or modification of 39879
a Title V permit for the source has been submitted to the 39880
director under that section. 39881

Sec. 3704.11. (A) Sections 3704.01 to 3704.11 of the 39882
Revised Code do not limit the authority a political subdivision 39883
of the state has to adopt and enforce ordinances or regulations 39884
relative to the prevention, control, and abatement of air 39885
pollution, except that every such local ordinance or regulation 39886
shall be consistent with Chapter 3704. of the Revised Code, and 39887
shall include emission standards and other regulations which are 39888
not less stringent than the emission standards and other 39889
regulations adopted pursuant to division ~~(E)~~(D) of section 39890
3704.03 of the Revised Code. Nothing in this section shall 39891
prohibit any such local law from controlling any air contaminant 39892
or source of air contamination which is not subject to control 39893
under regulations of the director of environmental protection. 39894

(B) No local air pollution control authority shall issue 39895
any enforcement order, grant any permit or variance, or 39896
institute any system or program that conflicts with, or is in 39897

any way inconsistent with any general plan, orders, or 39898
regulations of the director. 39899

(C) (1) Notwithstanding any other provision of Chapter 39900
3704. of the Revised Code or any rule adopted pursuant thereto, 39901
any municipal corporation or township may issue permits to 39902
contractors engaged in the construction of buildings for the 39903
open burning of construction debris only on the construction 39904
site, lot, or recorded plat referred to in the permit 39905
application, if such burning is supervised by an employee at all 39906
times. Construction debris which may be burned under this 39907
section shall be limited to natural wood, lumber, paper, 39908
cardboard, and wooden boxes but not including any product having 39909
a rubber or petroleum base. A municipal corporation or township 39910
may make rules applicable to issuance and use of permits as are 39911
reasonably necessary to guarantee the public health and safety 39912
and necessary to ensure the efficient operation of the permit 39913
system, and such rules may contain a schedule of fees for the 39914
permits. A municipal corporation or township may revoke a permit 39915
for violation of any provision of this section or any rule 39916
adopted by the municipal corporation or township pursuant 39917
thereto. Annually, in accordance with a schedule specified by 39918
the director of environmental protection, all municipal 39919
corporations and townships shall report to the director the 39920
number of permits issued, renewed, and revoked for the preceding 39921
calendar year. 39922

(2) No contractor shall burn construction debris under a 39923
permit issued pursuant to division (C) (1) of this section during 39924
an air pollution alert, warning, or emergency for the area of 39925
the construction site. 39926

Sec. 3704.13. The governor may do all things necessary on 39927

behalf of the state, except the adoption of rules, to secure the 39928
full benefits available to the state under the federal Clean Air 39929
Act. The governor may, in accordance with the federal Clean Air 39930
Act, exercise all powers permitted by the federal Clean Air Act 39931
to be exercised by a governor, including, but not limited to, 39932
powers pertaining to the issuance of orders; ~~adoption of rules;~~ 39933
designation of officials; emergency suspension of any part of an 39934
implementation plan adopted by the state; and redesignation of 39935
air quality control regions. 39936

Sec. 3704.14. (A) (1) If the director of environmental 39937
protection determines that implementation of a motor vehicle 39938
inspection and maintenance program is necessary for the state to 39939
effectively comply with the federal Clean Air Act after June 30, 39940
2025, the director may provide for the implementation of the 39941
program in those counties in this state in which such a program 39942
is federally mandated. Upon making such a determination, the 39943
director of environmental protection may request the director of 39944
administrative services to extend the terms of the contract that 39945
was entered into under the authority of H.B. 33 of the 135th 39946
general assembly. Upon receiving the request, the director of 39947
administrative services shall extend the contract, beginning on 39948
July 1, 2025, in accordance with this section. The contract 39949
shall be extended for a period of up to twenty-four months with 39950
the contractor who conducted the motor vehicle inspection and 39951
maintenance program under that contract. 39952

(2) Prior to the expiration of the contract extension that 39953
was authorized by division (A) (1) of this section under the 39954
authority of H.B. 33 of the 135th general assembly, the director 39955
of environmental protection shall request the director of 39956
administrative services to enter into a contract with a vendor 39957
to operate a decentralized motor vehicle inspection and 39958

maintenance program in each county in this state in which such a program is federally mandated through June 30, 2027. The contract shall ensure that the decentralized motor vehicle inspection and maintenance program achieves an equivalent amount of emission reductions as achieved by the program operated under the authority of the contract that was extended under division (A) (1) of this section under the authority of H.B. 33 of the 135th general assembly. The director of administrative services shall select a vendor through a competitive selection process in compliance with Chapter 125. of the Revised Code.

(3) Notwithstanding any law to the contrary, the director of administrative services shall ensure that a competitive selection process regarding a contract to operate a decentralized motor vehicle inspection and maintenance program in this state incorporates the following, which shall be included in the contract:

(a) For purposes of expanding the number of testing locations for consumer convenience, a requirement that the vendor utilize established local businesses, auto repair facilities, or leased properties to operate state-approved inspection and maintenance testing facilities;

(b) A requirement that the vendor selected to operate the program provide notification of the program's requirements to each owner of a motor vehicle that is required to be inspected under the program. The contract shall require the notification to be provided not later than sixty days prior to the date by which the owner of the motor vehicle is required to have the motor vehicle inspected. The director of environmental protection and the vendor shall jointly agree on the content of the notice. However, the notice shall include at a minimum the

locations of all inspection facilities within a specified 39989
distance of the address that is listed on the owner's motor 39990
vehicle registration. 39991

(c) A requirement that the vendor comply with testing 39992
methodology and supply the required equipment approved by the 39993
director of environmental protection as specified in the 39994
competitive selection process in compliance with Chapter 125. of 39995
the Revised Code. 39996

(4) A decentralized motor vehicle inspection and 39997
maintenance program operated under this section shall comply 39998
with division (B) of this section. The director of environmental 39999
protection shall administer the decentralized motor vehicle 40000
inspection and maintenance program operated under this section. 40001

(B) The director shall establish a decentralized motor 40002
vehicle inspection and maintenance program as authorized by this 40003
section and, at a minimum, the director shall ensure that the 40004
program does all of the following: 40005

(1) Complies with the federal Clean Air Act; 40006

(2) Provides for the issuance of inspection certificates 40007
and alternative emissions certificates as specified in rules 40008
adopted under division ~~(C)~~ (2) (C) of this section; 40009

(3) Provides for a new car exemption for motor vehicles 40010
six years old or newer and provides that a new motor vehicle is 40011
exempt for six years regardless of whether legal title to the 40012
motor vehicle is transferred during that period; 40013

(4) Provides for an exemption for battery electric motor 40014
vehicles; 40015

(5) Provides for an exemption for hybrid motor vehicles 40016

seven years old or newer and provides that a hybrid motor 40017
vehicle is exempt for seven years regardless of whether legal 40018
title to the motor vehicle is transferred during that period. 40019

~~(C)(1)~~ (C) The director of environmental protection shall 40020
adopt rules in accordance with Chapter 119. of the Revised Code 40021
that ~~the director determines are necessary to implement this~~ 40022
~~section. The director may continue to implement and enforce~~ 40023
~~rules pertaining to the motor vehicle inspection and maintenance~~ 40024
~~program previously implemented under former section 3704.14 of~~ 40025
~~the Revised Code as that section existed prior to its repeal and~~ 40026
~~reenactment by Am. Sub. H.B. 66 of the 126th general assembly,~~ 40027
~~provided that the rules do not conflict with this section.~~ 40028

~~(2)~~ The rules adopted under division ~~(C)(1)~~ of this 40029
section shall provide for the issuance of inspections 40030
certificates and alternative emissions certificates. Under the 40031
rules, an inspection certificate shall be issued to the owner or 40032
lessee of a motor vehicle when the motor vehicle passes an 40033
emissions inspection conducted in accordance with the motor 40034
vehicle inspection and maintenance program established under 40035
this section. ~~In lieu of obtaining an inspection certificate,~~ 40036
~~the rules shall establish a system by which the owner or lessee~~ 40037
~~of a motor vehicle may request an alternative emissions~~ 40038
~~certificate from the director.~~ 40039

~~(a)(1)~~ (1) The rules providing for the issuance of alternative 40040
emissions certificates shall require an owner or lessee of a 40041
motor vehicle to do the following in order to receive the 40042
certificate: 40043

~~(i)~~ (a) Complete and submit an attestation form created by 40044
the director that includes a statement that reads substantially 40045
as follows: 40046

"I, _____, attest that, to the best of my knowledge, the motor vehicle concerning which I am the owner or lessee complies with all laws of Ohio and the United States governing motor vehicle emissions. I, _____, am aware that a false statement on this form is not permitted."

~~(ii)~~(b) Sign and date the form either manually or electronically;

~~(iii)~~(c) Submit the form to the director either by regular mail, certified mail, or electronically.

~~(b)~~(2) The rules shall require the director to include both of the following additional information on the attestation form:

~~(i)~~(a) A provision that allows the owner or lessee of a motor vehicle to specify one of the following methods by which the owner or lessee may request delivery of the alternative emissions certificate: certified mail, noncertified mail, or electronically;

~~(ii)~~(b) A provision that allows the owner or lessee of a motor vehicle to specify the vehicle identification number, make, model, and year of the relevant motor vehicle and the date the attestation form is submitted to the director.

~~(e)~~(3) Subject to division ~~(C)~~(2) ~~(d)~~(C) (4) of this section, the rules shall require the director to deliver an alternative emission certificate to the owner or lessee of a motor vehicle who complies with rules adopted under division ~~(C)~~(2) ~~(a)~~(C) (1) of this section. The director shall deliver the certificate within thirty business days after the director's receipt of the attestation form or, if the owner or lessee submits the form electronically, within five business days after

receipt of the form. The director shall confirm the receipt of 40076
the attestation form if the director receives it by electronic 40077
means. 40078

~~(d)~~ (4) The rules shall require the director to reject an 40079
attestation form for any of the following reasons: 40080

~~(i)~~ (a) The motor vehicle that is the subject of the 40081
attestation form was in an accident or collision within the two 40082
years prior to the date of submission of the form, and the 40083
accident or collision caused substantial damage to the internal 40084
structure of the motor vehicle. 40085

~~(ii)~~ (b) The owner or lessee of the motor vehicle that is 40086
the subject of the attestation form has received a ticket, 40087
citation, or summons with regard to that motor vehicle within 40088
the two years prior to the date of submission of the form for a 40089
violation of section 4513.22 of the Revised Code or 40090
substantially equivalent municipal ordinance. 40091

~~(iii)~~ (c) The information in the attestation form is 40092
determined by the director to be false. 40093

If the director rejects an attestation form under division 40094
~~(C) (2) (d) (iii)~~ (C) (4) (c) of this section, the director shall 40095
provide notice to the owner or lessee that the attestation form 40096
was determined to be false. The notice shall inform the owner or 40097
lessee that the owner or lessee may submit a corrected form to 40098
the director within thirty days of the receipt of the notice. If 40099
the owner or lessee submits a corrected attestation form that 40100
complies with rules adopted under division ~~(C) (2) (C)~~ of this 40101
section within that thirty-day period, the director shall issue 40102
an alternative emissions certificate to the owner or lessee. If 40103
the owner or lessee fails to correct the attestation form, the 40104

director shall require the owner or lessee to complete an 40105
emissions inspection and obtain an inspection certificate in 40106
accordance with rules adopted under this section. 40107

If the director rejects an attestation form under division 40108
~~(C) (2) (d) (i)~~ (C) (4) (a) or ~~(ii) (b)~~ of this section, the director 40109
shall require the owner or lessee to complete an emissions 40110
inspection and obtain an inspection certificate in accordance 40111
with rules adopted under this section. 40112

~~(e) (5)~~ In adopting rules under division ~~(C) (2) (C)~~ of this 40113
section, the director shall ensure that the owner or lessee of a 40114
motor vehicle who falsifies an attestation form receives a 40115
notice that includes a statement that reads substantially as 40116
follows: "You have falsified an attestation form for your 40117
vehicle under the E-Check/motor vehicle emissions testing 40118
program. Your vehicle is registered in one of [insert the number 40119
of counties] counties in this state that has federal emission 40120
mandates imposed on it that the State of Ohio is required, under 40121
threat of penalty, to enforce. This letter serves as Ohio's only 40122
penalty for falsification of an attestation form. You have 40123
thirty days from the date of this notice to amend your 40124
attestation form and submit the amended form to the 40125
Environmental Protection Agency. However, if you choose not to 40126
submit an amended attestation form, you must have a motor 40127
vehicle emissions inspection conducted for your vehicle in 40128
accordance with section 3704.14 of the Revised Code and rules 40129
adopted under it." 40130

~~(f) (6)~~ No penalties apply to a person who the director has 40131
determined to have falsified an attestation form, other than the 40132
issuance of the notice required under division ~~(C) (2) (e)~~ (C) (5) 40133
of this section. 40134

(D) There is hereby created in the state treasury the auto emissions test fund, which shall consist of money received by the director from any cash transfers, state and local grants, and other contributions that are received for the purpose of funding the program established under this section. The director of environmental protection shall use money in the fund solely for the implementation, supervision, administration, operation, and enforcement of the motor vehicle inspection and maintenance program established under this section. Money in the fund shall not be used for either of the following:

(1) To pay for the inspection costs incurred by a motor vehicle dealer so that the dealer may provide inspection certificates to an individual purchasing a motor vehicle from the dealer when that individual resides in a county that is subject to the motor vehicle inspection and maintenance program;

(2) To provide payment for more than one free passing emissions inspection or a total of three emissions inspections for a motor vehicle in any three-hundred-sixty-five-day period. The owner or lessee of a motor vehicle is responsible for inspection fees that are related to emissions inspections beyond one free passing emissions inspection or three total emissions inspections in any three-hundred-sixty-five-day period. Inspection fees that are charged by a contractor conducting emissions inspections under a motor vehicle inspection and maintenance program shall be approved by the director of environmental protection.

(E) The motor vehicle inspection and maintenance program established under this section expires upon the termination of all contracts entered into under this section and shall not be implemented beyond the final date on which termination occurs.

(F) As used in this section "battery electric motor vehicle" and "hybrid motor vehicle" have the same meanings as in section 4501.01 of the Revised Code. 40165
40166
40167

(G) On June 30, 2025, the director shall immediately begin procedures to submit to the United States environmental protection agency the alternative emissions certification program for approval as part of the Ohio state implementation plan. If the United States environmental protection agency approves the modification of the decentralized motor vehicle inspection and maintenance program as providing sufficient air pollution reductions to meet the federal Clean Air Act requirements for a vehicle inspection and maintenance program and modifies the Ohio state implementation plan, the director shall immediately begin to modify the Ohio environmental protection agency rules to implement the alternative emissions certification program. Nothing in this division requires the Ohio environmental protection agency to take action to implement the alternative emissions certification program until the United States environmental protection agency approves the alternative program as part of the Ohio state implementation plan. 40168

of the Revised Code and the state fire code adopted pursuant to 43423
section 3737.82 of the Revised Code, that it is safe for the 43424

structure to be operated. If, after the license is revoked, the 43425
owner wishes to operate that structure as a hotel, the owner 43426
shall comply with division (D) of section 3731.06 of the Revised 43427
Code. 43428

(I) A license to maintain and operate an SRO facility 43429
shall permit the facility to offer rooms for thirty days or less 43430
if less than fifty per cent of its rooms are occupied for a 43431
period of thirty days or less. 43432

Sec. 3734.02. (A) The director of environmental 43433
protection, in accordance with Chapter 119. of the Revised Code, 43434
shall adopt and may amend, suspend, or rescind rules having 43435
uniform application throughout the state governing ~~solid waste~~ 43436
~~facilities and~~ the inspections of and issuance of permits and 43437
licenses for all solid waste facilities in order to ensure that 43438
the facilities will be located, maintained, and operated, and 43439
will undergo closure and post-closure care, in a sanitary manner 43440
so as not to create a nuisance, cause or contribute to water 43441
pollution, create a health hazard, or violate 40 C.F.R. 257.3-2 43442
or 40 C.F.R. 257.3-8, as amended. The rules may include, ~~without~~ 43443
~~limitation,~~ financial assurance requirements for closure and 43444
post-closure care and corrective action and requirements for 43445
taking corrective action in the event of the surface or 43446
subsurface discharge or migration of explosive gases or leachate 43447
from a solid waste facility, or of ground water contamination 43448
resulting from the transfer or disposal of solid wastes at a 43449
facility, beyond the boundaries of any area within a facility 43450
that is operating or is undergoing closure or post-closure care 43451
where solid wastes were disposed of or are being disposed of. 43452
The rules shall not concern or relate to personnel policies, 43453
salaries, wages, fringe benefits, or other conditions of 43454
employment of employees of persons owning or operating solid 43455

waste facilities. The director, in accordance with Chapter 119. 43456
of the Revised Code, shall adopt and may amend, suspend, or 43457
rescind rules governing the issuance, modification, revocation, 43458
suspension, or denial of variances from the director's solid 43459
waste rules, including, ~~without limitation,~~ rules adopted under 43460
this chapter governing the management of scrap tires. 43461

Variances shall be issued, modified, revoked, suspended, 43462
or rescinded in accordance with this division, rules adopted 43463
under it, and Chapter 3745. of the Revised Code. The director 43464
may order the person to whom a variance is issued to take such 43465
action within such time as the director may determine to be 43466
appropriate and reasonable to prevent the creation of a nuisance 43467
or a hazard to the public health or safety or the environment. 43468
Applications for variances shall contain such detail plans, 43469
specifications, and information regarding objectives, 43470
procedures, controls, and other pertinent data as the director 43471
may require. The director shall grant a variance only if the 43472
applicant demonstrates to the director's satisfaction that 43473
construction and operation of the solid waste facility in the 43474
manner allowed by the variance and any terms or conditions 43475
imposed as part of the variance will not create a nuisance or a 43476
hazard to the public health or safety or the environment. In 43477
granting any variance, the director shall state the specific 43478
provision or provisions whose terms are to be varied and also 43479
shall state specific terms or conditions imposed upon the 43480
applicant in place of the provision or provisions. 43481

The director may hold a public hearing on an application 43482
for a variance or renewal of a variance at a location in the 43483
county where the operations that are the subject of the 43484
application for the variance are conducted. The director shall 43485
give not less than twenty days' notice of the hearing to the 43486

applicant by certified mail or by another type of mail 43487
accompanied by a receipt. The director shall publish at least 43488
one notice of the hearing in a newspaper with general 43489
circulation in the county where the hearing is to be held or may 43490
instead provide public notice by publication on the 43491
environmental protection agency's web site. The director shall 43492
make available for public inspection at the principal office of 43493
the environmental protection agency a current list of pending 43494
applications for variances and a current schedule of pending 43495
variance hearings. The director shall make a complete 43496
stenographic record or electronic record of testimony and other 43497
evidence submitted at the hearing. 43498

Within ten days after the hearing, the director shall make 43499
a written determination to issue, renew, or deny the variance 43500
and shall enter the determination and the basis for it into the 43501
record of the hearing. The director shall issue, renew, or deny 43502
an application for a variance or renewal of a variance within 43503
six months of the date upon which the director receives a 43504
complete application with all pertinent information and data 43505
required. No variance shall be issued, revoked, modified, or 43506
denied until the director has considered the relative interests 43507
of the applicant, other persons and property affected by the 43508
variance, and the general public. Any variance granted under 43509
this division shall be for a period specified by the director 43510
and may be renewed from time to time on such terms and for such 43511
periods as the director determines to be appropriate. No 43512
application shall be denied and no variance shall be revoked or 43513
modified without a written order stating the findings upon which 43514
the denial, revocation, or modification is based. A copy of the 43515
order shall be sent to the applicant or variance holder by 43516
certified mail or by another type of mail accompanied by a 43517

receipt. 43518

(B) The director shall prescribe and furnish the forms 43519
necessary to administer and enforce this chapter. The director 43520
may cooperate with and enter into agreements with other state, 43521
local, or federal agencies to carry out the purposes of this 43522
chapter. The director may exercise all incidental powers 43523
necessary to carry out the purposes of this chapter. 43524

(C) Except as provided in this division and divisions (N) 43525
(2) and (3) of this section, no person shall establish a new 43526
solid waste facility or infectious waste treatment facility, or 43527
modify an existing solid waste facility or infectious waste 43528
treatment facility, without submitting an application for a 43529
permit with accompanying detail plans, specifications, and 43530
information regarding the facility and method of operation and 43531
receiving a permit issued by the director, except that no permit 43532
shall be required under this division to install or operate a 43533
solid waste facility for sewage sludge treatment or disposal 43534
when the treatment or disposal is authorized by a current permit 43535
issued under Chapter 3704. or 6111. of the Revised Code. 43536

No person shall continue to operate a solid waste facility 43537
for which the director has disapproved plans and specifications 43538
required to be filed by an order issued under division (A) (3) of 43539
section 3734.05 of the Revised Code, after the date prescribed 43540
for commencement of closure of the facility in the order issued 43541
under division (A) (4) of that section denying the permit 43542
application or approval. 43543

On and after the effective date of the rules adopted under 43544
division (A) of this section and division (D) of section 3734.12 43545
of the Revised Code governing solid waste transfer facilities, 43546
no person shall establish a new, or modify an existing, solid 43547

waste transfer facility without first submitting an application 43548
for a permit with accompanying engineering detail plans, 43549
specifications, and information regarding the facility and its 43550
method of operation to the director and receiving a permit 43551
issued by the director. 43552

No person shall establish a new compost facility or 43553
continue to operate an existing compost facility that accepts 43554
exclusively source separated yard wastes without submitting a 43555
completed registration for the facility to the director in 43556
accordance with rules adopted under divisions (A) and (N) (3) of 43557
this section. 43558

This division does not apply to a generator of infectious 43559
wastes that does any of the following: 43560

established by rules adopted under division (B) (2) (a) of section 43562

to a patient by an emergency medical services organization as 43570
defined in section 4765.01 of the Revised Code. 43571

(2) Holds a license or renewal of a license to operate a 43572
crematory facility issued under Chapter 4717. and a permit 43573
issued under Chapter 3704. of the Revised Code; 43574

(3) Treats or disposes of dead animals or parts thereof, 43575

or the blood of animals, and is subject to any of the following: 43576

(a) Inspection under the "Federal Meat Inspection Act," 81 43577
Stat. 584 (1967), 21 U.S.C.A. 603, as amended; 43578

(b) Chapter 918. of the Revised Code; 43579

(c) Chapter 953. of the Revised Code. 43580

(D) Neither this chapter nor any rules adopted under it 43581
apply to single-family residential premises; to infectious 43582
wastes generated by individuals for purposes of their own care 43583
or treatment; to the temporary storage of solid wastes, other 43584
than scrap tires, prior to their collection for disposal; to the 43585
storage of one hundred or fewer scrap tires unless they are 43586
stored in such a manner that, in the judgment of the director or 43587
the board of health of the health district in which the scrap 43588
tires are stored, the storage causes a nuisance, a hazard to 43589
public health or safety, or a fire hazard; or to the collection 43590
of solid wastes, other than scrap tires, by a political 43591
subdivision or a person holding a franchise or license from a 43592

(E) (1) As used in this division: 43598

(a) "On-site facility" means a facility that stores, 43599
treats, or disposes of hazardous waste that is generated on the 43600
premises of the facility. 43601

(b) "Off-site facility" means a facility that stores, 43602
treats, or disposes of hazardous waste that is generated off the 43603
premises of the facility and includes such a facility that is 43604

also an on-site facility. 43605

(c) "Satellite facility" means any of the following: 43606

(i) An on-site facility that also receives hazardous waste 43607
from other premises owned by the same person who generates the 43608
waste on the facility premises; 43609

(ii) An off-site facility operated so that all of the 43610
hazardous waste it receives is generated on one or more premises 43611
owned by the person who owns the facility; 43612

(iii) An on-site facility that also receives hazardous 43613
waste that is transported uninterruptedly and directly to the 43614
facility through a pipeline from a generator who is not the 43615
owner of the facility. 43616

(2) Except as provided in division (E) (3) of this section, 43617
no person shall establish or operate a hazardous waste facility, 43618
or use a solid waste facility for the storage, treatment, or 43619
disposal of any hazardous waste, without a hazardous waste 43620

with section 3734.05 of the Revised Code and subject to the 43622
payment of an application fee not to exceed one thousand five 43623
hundred dollars, payable upon application for a hazardous waste 43624
facility installation and operation permit and upon application 43625
for a renewal permit issued under division (H) of section 43626
3734.05 of the Revised Code, to be credited to the hazardous 43627
waste facility management fund created in section 3734.18 of the 43628
Revised Code. The term of a hazardous waste facility 43629
installation and operation permit shall not exceed ten years. 43630

In addition to the application fee, there is hereby levied 43631
an annual permit fee to be paid by the permit holder upon the 43632
anniversaries of the date of issuance of the hazardous waste 43633

facility installation and operation permit and of any subsequent 43634
renewal permits and to be credited to the hazardous waste 43635
facility management fund. Annual permit fees totaling forty 43636
thousand dollars or more for any one facility may be paid on a 43637
quarterly basis with the first quarterly payment each year being 43638
due on the anniversary of the date of issuance of the hazardous 43639
waste facility installation and operation permit and of any 43640
subsequent renewal permits. The annual permit fee shall be 43641
determined for each permit holder by the director in accordance 43642
with the following schedule: 43643

A hazardous waste disposal facility that disposes of	43645
hazardous waste by deep well injection and that pays the annual	43646
permit fee established in section 6111.046 of the Revised Code	43647
is not subject to the permit fee established in this division	43648

for disposal facilities using deep well injection unless the 43649
director determines that the facility is not in compliance with 43650
applicable requirements established under this chapter and rules 43651
adopted under it. 43652

In determining the annual permit fee required by this 43653

multiple units of the same method of storage, treatment, or 43655
disposal or for individual units that are used for both storage 43656

treatment, or disposal shall pay the permit fee indicated by the 43658
schedule for each such method. 43659

The director shall not require the payment of that portion 43660
of an annual permit fee of any permit holder that would apply to 43661

construction has commenced, the director shall require the 43664
payment of a part of the appropriate fee indicated by the 43665

The director, by rules adopted in accordance with Chapters 43670
119. and 3745. of the Revised Code, shall prescribe procedures 43671

division ~~and may prescribe other requirements necessary to carry~~ 43673
~~out this division.~~ 43674

(3) The prohibition against establishing or operating a 43675
hazardous waste facility without a hazardous waste facility 43676
installation and operation permit does not apply to either of 43677
the following: 43678

(a) A facility that is operating in accordance with a permit renewal issued under division (H) of section 3734.05 of the Revised Code, a revision issued under division (I) of that section as it existed prior to August 20, 1996, or a modification issued by the director under division (I) of that section on and after August 20, 1996;

(b) Except as provided in division (J) of section 3734.05 of the Revised Code, a facility that will operate or is operating in accordance with a permit by rule, or that is not subject to permit requirements, under rules adopted by the director. In accordance with Chapter 119. of the Revised Code, the director shall adopt, and subsequently may amend, suspend, or rescind, rules for the purposes of division (E) (3) (b) of this section. Any rules so adopted shall be consistent with and equivalent to regulations pertaining to interim status adopted under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, except as otherwise provided in this chapter.

If a modification is requested or proposed for a facility described in division (E) (3) (a) or (b) of this section, division (I) (7) of section 3734.05 of the Revised Code applies.

(F) No person shall store, treat, or dispose of hazardous waste identified or listed under this chapter and rules adopted under it, regardless of whether generated on or off the premises where the waste is stored, treated, or disposed of, or transport or cause to be transported any hazardous waste identified or listed under this chapter and rules adopted under it to any other premises, except at or to any of the following:

(1) A hazardous waste facility operating under a permit issued in accordance with this chapter;

(2) A facility in another state operating under a license 43709

transporting solid wastes, infectious wastes, or hazardous 43722
waste, or processing solid wastes that consist of scrap tires, 43723
in such quantities or under such circumstances that, in the 43724
determination of the director, are unlikely to adversely affect 43725
the public health or safety or the environment from any 43726
requirement to obtain a registration certificate, permit, or 43727
license or comply with the manifest system or other requirements 43728
of this chapter. Such an exemption shall be consistent with and 43729
equivalent to any regulations adopted by the administrator of 43730
the United States environmental protection agency under the 43731
"Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 43732
42 U.S.C.A. 6921, as amended, except as otherwise provided in 43733
this chapter. 43734

excavating, building, drilling, or mining on land where a 43736
hazardous waste facility, or a solid waste facility, was 43737

operated without prior authorization from the director, who 43738
shall establish the procedure for granting such authorization by 43739
rules adopted in accordance with Chapter 119. of the Revised 43740
Code. 43741

or below the land surface located on an easement or right-of-way 43743
across land where a solid waste facility was operated may engage 43744
in any such activity within the easement or right-of-way without 43745
prior authorization from the director for purposes of performing 43746
emergency repair or emergency replacement of its lines; of the 43747
poles, towers, foundations, or other structures supporting or 43748
sustaining any such lines; or of the appurtenances to those 43749
structures, necessary to restore or maintain existing public 43750
utility service. A public utility may enter upon any such 43751
easement or right-of-way without prior authorization from the 43752
director for purposes of performing necessary or routine 43753
maintenance of those portions of its existing lines; of the 43754
existing poles, towers, foundations, or other structures 43755
sustaining or supporting its lines; or of the appurtenances to 43756
any such supporting or sustaining structure, located on or above 43757
the land surface on any such easement or right-of-way. Within 43758
twenty-four hours after commencing any such emergency repair, 43759
replacement, or maintenance work, the public utility shall 43760
notify the director or the director's authorized representative 43761
of those activities and shall provide such information regarding 43762
those activities as the director or the director's 43763
representative may request. Upon completion of the emergency 43764
repair, replacement, or maintenance activities, the public 43765
utility shall restore any land of the solid waste facility 43766
disturbed by those activities to the condition existing prior to 43767
the commencement of those activities. 43768

(I) No owner or operator of a hazardous waste facility, in 43769
the operation of the facility, shall cause, permit, or allow the 43770
emission therefrom of any particulate matter, dust, fumes, gas, 43771
mist, smoke, vapor, or odorous substance that, in the opinion of 43772
the director, unreasonably interferes with the comfortable 43773
enjoyment of life or property by persons living or working in 43774
the vicinity of the facility, or that is injurious to public 43775
health. Any such action is hereby declared to be a public 43776
nuisance. 43777

(J) Notwithstanding any other provision of this chapter, 43778
in the event the director finds an imminent and substantial 43779
danger to public health or safety or the environment that 43780
creates an emergency situation requiring the immediate 43781
treatment, storage, or disposal of hazardous waste, the director 43782
may issue a temporary emergency permit to allow the treatment, 43783
storage, or disposal of the hazardous waste at a facility that 43784
is not otherwise authorized by a hazardous waste facility 43785

the waste. The emergency permit shall not exceed ninety days in 43787
duration and shall not be renewed. The director shall adopt, and 43788

produces fewer than fifty pounds of infectious wastes at a 43793
premises during any one month, no owner or operator of a 43794
sanitary landfill shall knowingly accept for disposal, or 43795
dispose of, any infectious wastes that have not been treated to 43796

(L) The director, in accordance with Chapter 119. of the 43798

Revised Code, shall adopt, and may amend, suspend, or rescind, 43799
rules having uniform application throughout the state 43800

required for employees of boards of health who are responsible 43802
for enforcing the solid waste and infectious waste provisions of 43803
this chapter and rules adopted under them and for persons who 43804
are responsible for the operation of solid waste facilities or 43805
infectious waste treatment facilities. The rules shall provide 43806
all of the following, without limitation: 43807

(1) The program shall be administered by the director and 43808
shall consist of a course on new solid waste and infectious 43809
waste technologies, enforcement procedures, and rules; 43810

(2) The course shall be offered on an annual basis; 43811

(3) Those persons who are required to take the course 43812

shall complete the course and be certified by the director not 43826
later than January 1, 1995; 43827

(b) All employees of a board of health who, after the effective date of the rules adopted under division (L) of this section, become responsible for enforcing the solid waste or infectious waste provisions of this chapter and rules adopted under them and who do not hold a current and valid certification from the director at that time shall complete the course and be certified by the director within two years after becoming responsible for performing those activities.

No person shall fail to obtain the certification required under this division.

(M) The director shall not issue a permit under section 3734.05 of the Revised Code to establish a solid waste facility, or to modify a solid waste facility operating on December 21, 1988, in a manner that expands the disposal capacity or geographic area covered by the facility, that is or is to be located within the boundaries of a state park established or dedicated under Chapter 1546. of the Revised Code, a state park purchase area established under section 1546.06 of the Revised Code, any unit of the national park system, or any property that lies within the boundaries of a national park or recreation area, but that has not been acquired or is not administered by the secretary of the United States department of the interior, located in this state, or any candidate area located in this state and identified for potential inclusion in the national park system in the edition of the "national park system plan" submitted under paragraph (b) of section 8 of "The Act of August 18, 1970," 84 Stat. 825, 16 U.S.C.A. 1a-5, as amended, current at the time of filing of the application for the permit, unless the facility or proposed facility is or is to be used exclusively for the disposal of solid wastes generated within the park or recreation area and the director determines that the

facility or proposed facility will not degrade any of the 43859
natural or cultural resources of the park or recreation area. 43860
The director shall not issue a variance under division (A) of 43861
this section and rules adopted under it, or issue an exemption 43862
order under division (G) of this section, that would authorize 43863
any such establishment or expansion of a solid waste facility 43864
within the boundaries of any such park or recreation area, state 43865
park purchase area, or candidate area, other than a solid waste 43866
facility exclusively for the disposal of solid wastes generated 43867
within the park or recreation area when the director determines 43868
that the facility will not degrade any of the natural or 43869
cultural resources of the park or recreation area. 43870

(N) (1) The rules adopted under division (A) of this 43871
section, other than those governing variances, do not apply to 43872
scrap tire collection, storage, monocell, monofill, and recovery 43873
facilities. Those facilities are subject to and governed by 43874
rules adopted under sections 3734.70 to 3734.73 of the Revised 43875
Code, as applicable. 43876

(2) Division (C) of this section does not apply to scrap 43877
tire collection, storage, monocell, monofill, and recovery 43878
facilities. The establishment and modification of those 43879
facilities are subject to sections 3734.75 to 3734.78 and 43880
section 3734.81 of the Revised Code, as applicable. 43881

(3) The director may adopt, amend, suspend, or rescind 43882
rules under division (A) of this section creating an alternative 43883
system for authorizing the establishment, operation, or 43884
modification of a solid waste compost facility in lieu of the 43885
requirement that a person seeking to establish, operate, or 43886
modify a solid waste compost facility apply for and receive a 43887
permit under division (C) of this section and section 3734.05 of 43888

the Revised Code and a license under division (A) (1) of that 43889
section. The rules may include requirements governing, without 43890
limitation, the classification of solid waste compost 43891
facilities, the submittal of operating records for solid waste 43892
compost facilities, and the creation of a registration or 43893
notification system in lieu of the issuance of permits and 43894
licenses for solid waste compost facilities. The rules shall 43895
specify the applicability of divisions (A) (1) and (2) (a) of 43896
section 3734.05 of the Revised Code to a solid waste compost 43897
facility. 43898

(O) (1) As used in this division, "secondary aluminum 43899
waste" means waste material or byproducts, when disposed of, 43900
containing aluminum generated from secondary aluminum smelting 43901
operations and consisting of dross, salt cake, baghouse dust 43902
associated with aluminum recycling furnace operations, or dry- 43903
milled wastes. 43904

(2) The owner or operator of a sanitary landfill shall not 43905
dispose of municipal solid waste that has been commingled with 43906
secondary aluminum waste. 43907

(3) The owner or operator of a sanitary landfill may 43908
dispose of secondary aluminum waste, but only in a monocell or 43909
monofill that has been permitted for that purpose in accordance 43910
with this chapter and rules adopted under it. 43911

(P) (1) As used in divisions (P) and (Q) of this section: 43912

(a) "Natural background" means two picocuries per gram or 43913
the actual number of picocuries per gram as measured at an 43914
individual solid waste facility, subject to verification by the 43915
director of health. 43916

(b) "Drilling operation" includes a production operation 43917

as defined in section 1509.01 of the Revised Code. 43918

(2) The owner or operator of a solid waste facility shall 43919
not accept for transfer or disposal technologically enhanced 43920
naturally occurring radioactive material if that material 43921
contains or is contaminated with radium-226, radium-228, or any 43922
combination of radium-226 and radium-228 at concentrations equal 43923
to or greater than five picocuries per gram above natural 43924
background. 43925

(3) The owner or operator of a solid waste facility may 43926
receive and process for purposes other than transfer or disposal 43927
technologically enhanced naturally occurring radioactive 43928
material that contains or is contaminated with radium-226, 43929
radium-228, or any combination of radium-226 and radium-228 at 43930
concentrations equal to or greater than five picocuries per gram 43931
above natural background, provided that the owner or operator 43932
has obtained and maintains all other necessary authorizations, 43933
including any authorization required by rules adopted by the 43934
director of health under section 3748.04 of the Revised Code. 43935

(4) The director of environmental protection may adopt 43936
rules in accordance with Chapter 119. of the Revised Code 43937
governing the receipt, acceptance, processing, handling, 43938
management, and disposal by solid waste facilities of material 43939
that contains or is contaminated with radioactive material, 43940
including, without limitation, technologically enhanced 43941
naturally occurring radioactive material that contains or is 43942
contaminated with radium-226, radium-228, or any combination of 43943
radium-226 and radium-228 at concentrations less than five 43944
picocuries per gram above natural background. Rules adopted by 43945
the director may include at a minimum both of the following: 43946

(a) Requirements in accordance with which the owner or 43947

operator of a solid waste facility must monitor leachate and 43948
ground water for radium-226, radium-228, and other 43949
radionuclides; 43950

(b) Requirements in accordance with which the owner or 43951
operator of a solid waste facility must develop procedures to 43952
ensure that technologically enhanced naturally occurring 43953
radioactive material accepted at the facility neither contains 43954
nor is contaminated with radium-226, radium-228, or any 43955
combination of radium-226 and radium-228 at concentrations equal 43956
to or greater than five picocuries per gram above natural 43957
background. 43958

(Q) Notwithstanding any other provision of this section, 43959
the owner or operator of a solid waste facility shall not 43960
receive, accept, process, handle, manage, or dispose of 43961
technologically enhanced naturally occurring radioactive 43962
material associated with drilling operations without first 43963
obtaining representative analytical results to determine 43964
compliance with divisions (P) (2) and (3) of this section and 43965
rules adopted under it. 43966

Sec. 3734.021. (A) Infectious wastes shall be segregated, 43967
managed, treated, and disposed of in accordance with rules 43968
adopted under this section. 43969

(B) The director of environmental protection, in 43970
accordance with Chapter 119. of the Revised Code, shall adopt 43971
rules ~~necessary or appropriate to protect human health or safety~~ 43972
~~or the environment~~ that do both of the following: 43973

(1) Establish standards for generators of infectious 43974
wastes that include, without limitation, the following 43975
requirements and authorizations that: 43976

- (a) All generators of infectious wastes: 43977
- (i) Either treat all specimen cultures and cultures of 43978
viable infectious agents on the premises where they are 43979
generated to render them noninfectious by methods, techniques, 43980
or practices prescribed by rules adopted under division (B) (2) 43981
(a) of this section before they are transported off that 43982
premises for disposal or ensure that such wastes are treated to 43983
render them noninfectious at an infectious waste treatment 43984
facility off that premises prior to disposal of the wastes; 43985
- (ii) Transport and dispose of infectious wastes, if a 43986
generator produces fewer than fifty pounds of infectious wastes 43987
during any one month that are subject to and packaged and 43988
labeled in accordance with federal requirements, in the same 43989
manner as solid wastes. Such generators who treat specimen 43990
cultures and cultures of viable infectious agents on the 43991
premises where they are generated shall not be considered 43992
treatment facilities as "treatment" and "facility" are defined 43993
in section 3734.01 of the Revised Code. 43994
- (iii) Dispose of infectious wastes subject to and treated 43995
in accordance with rules adopted under division (B) (1) (a) (i) of 43996
this section in the same manner as solid wastes; 43997
- (iv) May take wastes generated in providing care to a 43998
patient by an emergency medical services organization, as 43999
defined in section 4765.01 of the Revised Code, to and leave 44000
them at a hospital, as defined in section 3727.01 of the Revised 44001
Code, for treatment at a treatment facility owned or operated by 44002
the hospital or, in conjunction with infectious wastes generated 44003
by the hospital, at another treatment facility regardless of 44004
whether the wastes were generated in providing care to the 44005
patient at the scene of an emergency or during the 44006

transportation of the patient to a hospital; 44007

(v) May take wastes generated by an individual for 44008
purposes of the individual's own care or treatment to and leave 44009
them at a hospital, as defined in section 3727.01 of the Revised 44010
Code, for treatment at a treatment facility owned or operated by 44011
the hospital or, in conjunction with infectious wastes generated 44012
by the hospital, at another treatment facility. 44013

(b) Each generator of fifty pounds or more of infectious 44014
wastes during any one month: 44015

(i) Register with the environmental protection agency as a 44016
generator of infectious wastes and obtain a registration 44017
certificate. The registration certificate applies to all the 44018
premises owned or operated by the generator in this state where 44019
infectious wastes are generated and shall list the address of 44020
each such premises. If a generator owns or operates facilities 44021
for the treatment of infectious wastes it generates, the 44022
certificate shall list the address and method of treatment used 44023
at each such facility. 44024

A generator registration certificate is valid for three 44025
years from the date of issuance and shall be renewed for a term 44026
of three years upon the generator's submission of an application 44027
for renewal. 44028

The rules may establish a system of staggered renewal 44029
dates with approximately one-third of such certificates subject 44030
to renewal each year. The applicable renewal date shall be 44031
prescribed on each registration certificate. 44032

(ii) Segregate infectious wastes from other wastes at the 44033
point of generation. Nothing in this section and rules adopted 44034
under it prohibits a generator of infectious wastes from 44035

designating and managing any wastes, in addition to those 44036
defined as infectious wastes under section 3734.01 of the 44037
Revised Code, as infectious wastes. After designating any such 44038
other wastes as infectious, the generator shall manage those 44039
wastes in compliance with the requirements of this chapter and 44040
rules adopted under it applicable to the management of 44041
infectious wastes. 44042

(iii) Either treat the infectious wastes that it generates 44043
at a facility owned or operated by the generator by methods, 44044
techniques, or practices prescribed by rules adopted under 44045
division (B) (2) (a) of this section to render them noninfectious, 44046
or designate the wastes for treatment off that premises at an 44047
infectious waste treatment facility holding a license issued 44048
under division (B) of section 3734.05 of the Revised Code, at an 44049
infectious waste treatment facility that is located in another 44050
state that is in compliance with applicable state and federal 44051
laws, or at a treatment facility authorized by rules adopted 44052
under division (B) (2) (d) of this section, prior to disposal of 44053
the wastes. After being treated to render them noninfectious, 44054
the wastes shall be disposed of at a solid waste disposal 44055
facility holding a license issued under division (A) of section 44056
3734.05 of the Revised Code or at a disposal facility in another 44057
state that is in compliance with applicable state and federal 44058
laws. 44059

(iv) Not compact or grind any type of infectious wastes 44060
prior to treatment in accordance with rules adopted under 44061
division (B) (2) (a) of this section; 44062

(v) May discharge untreated liquid or semiliquid 44063
infectious wastes consisting of blood, blood products, body 44064
fluids, and excreta into a disposal system, as defined in 44065

section 6111.01 of the Revised Code, unless the discharge of 44066
those wastes into a disposal system is inconsistent with the 44067
terms and conditions of the permit for the system issued under 44068
Chapter 6111. of the Revised Code; 44069

(vi) May transport or cause to be transported infectious 44070
wastes that have been treated to render them noninfectious in 44071
the same manner as solid wastes are transported. 44072

(2) Establish standards for owners and operators of 44073
infectious waste treatment facilities that include, without 44074
limitation, the following requirements and authorizations that: 44075

(a) Require treatment of all wastes received to be 44076
performed in accordance with methods, techniques, and practices 44077
approved by the director; 44078

(b) Govern the location, design, construction, and 44079
operation of infectious waste treatment facilities. The rules 44080
adopted under division (B) (2) (b) of this section shall require 44081
that a new infectious waste incineration facility be located so 44082
that the incinerator unit and all areas where infectious wastes 44083
are handled on the premises where the facility is proposed to be 44084
located are at least three hundred feet inside the property line 44085
of the tract of land on which the facility is proposed to be 44086
located and are at least one thousand feet from any domicile, 44087
school, prison, or jail that is in existence on the date on 44088
which the application for the permit to establish the 44089
incinerator is submitted under division (B) (2) (b) of section 44090
3734.05 of the Revised Code. 44091

(c) Establish quality control and testing procedures to 44092
ensure compliance with the rules adopted under division (B) (2) 44093
(b) of this section; 44094

(d) Authorize infectious wastes to be treated at a 44095
facility that holds a license or renewal of a license to operate 44096
a crematory facility issued under Chapter 4717., and a permit 44097
issued under Chapter 3704., of the Revised Code to the extent 44098
that the treatment of those wastes is consistent with that 44099
permit and its terms and conditions. The rules adopted under 44100
divisions (B) (2) (b) and (c) of this section do not apply to a 44101
facility holding such a license and permit. 44102

In adopting the rules required by divisions (B) (2) (a) to 44103
(d) of this section, the director shall consider and, to the 44104
maximum feasible extent, utilize existing standards and 44105
guidelines established by professional and governmental 44106
organizations having expertise in the fields of infection 44107
control and infectious wastes management. 44108

(e) Require shipping papers to accompany shipments of 44109
wastes that have been treated to render them noninfectious. The 44110
shipping papers shall include only the following elements: 44111

(i) The name of the owner or operator of the facility 44112
where the wastes were treated and the address of the treatment 44113
facility; 44114

(ii) A certification by the owner or operator of the 44115
treatment facility where the wastes were treated indicating that 44116
the wastes have been treated by the methods, techniques, and 44117
practices prescribed in rules adopted under division (B) (2) (a) 44118
of this section. 44119

(C) This section and rules adopted under it do not apply 44120
to the treatment or disposal of wastes consisting of dead 44121
animals or parts thereof, or the blood of animals: 44122

(1) By the owner of the animal after slaughter by the 44123

owner on the owner's premises to obtain meat for consumption by 44124
the owner and the members of the owner's household; 44125

(2) In accordance with Chapter 941. of the Revised Code; 44126
or 44127

(3) By persons who are subject to any of the following: 44128

(a) Inspection under the "Federal Meat Inspection Act," 81 44129
Stat. 584 (1967), 21 U.S.C.A. 603, as amended; 44130

(b) Chapter 918. of the Revised Code; 44131

(c) Chapter 953. of the Revised Code. 44132

(D) As used in this section, "generator" means a person 44133
who produces infectious wastes at a specific premises. 44134

(E) Rules adopted under this section shall not concern or 44135
relate to personnel policies, salaries, wages, fringe benefits, 44136
or other conditions of employment of employees of persons owning 44137
or operating infectious waste treatment facilities. 44138

(F) (1) The director, in accordance with Chapter 119. of 44139
the Revised Code, shall adopt rules governing the issuance, 44140
modification, revocation, suspension, and denial of variances 44141
from the rules adopted under division (B) of this section. 44142
Variances shall be issued, modified, revoked, suspended, or 44143
denied in accordance with division (F) of this section, rules 44144
adopted under it, and Chapter 3745. of the Revised Code. 44145

(2) A person who desires to obtain a variance or renew a 44146
variance from the rules adopted under division (B) of this 44147
section shall submit to the director an application as 44148
prescribed by the director. The application shall contain detail 44149
plans, specifications, and information regarding objectives, 44150
procedures, controls, and any other information that the 44151

director may require. The director shall issue, renew, or deny a 44152
variance or renewal of a variance within six months of the date 44153
on which the director receives a complete application with all 44154
required information and data. 44155

(3) The director may hold a public hearing on an 44156
application submitted under division (F) of this section for a 44157
variance at a location in the county in which the operations 44158
that are the subject of the application for a variance or 44159
renewal of variance are conducted. Not less than twenty days 44160
before the hearing, the director shall provide to the applicant 44161
notice of the hearing by certified mail or by another type of 44162
mail that is accompanied by a receipt and shall publish notice 44163
of the hearing at least one time in a newspaper of general 44164
circulation in the county in which the hearing is to be held or 44165
may instead provide public notice by publication on the 44166
environmental protection agency's web site. The director shall 44167
make a complete stenographic record or electronic record of 44168
testimony and other evidence submitted at the hearing. Not later 44169
than ten days after the hearing, the director shall make a 44170
written determination to issue, renew, or deny the variance and 44171
shall enter the determination and the basis for it into the 44172
record of the hearing. 44173

(4) A variance shall not be issued, modified, revoked, or 44174
denied under division (F) of this section until the director has 44175
considered the relative interests of the applicant, other 44176
persons and property that will be affected by the variance, and 44177
the general public. The director shall grant a variance only if 44178
the applicant demonstrates to the director's satisfaction that 44179
the requested action will not create a nuisance or a hazard to 44180
the health or safety of the public or to the environment. In 44181
granting a variance, the director shall state the specific 44182

provision or provisions whose terms are to be varied and also 44183
shall state specific terms or conditions imposed on the 44184
applicant in place of the provision or provisions. 44185

(5) A variance granted under division (F) of this section 44186
shall be for a period specified by the director and may be 44187
renewed from time to time on terms and for periods that the 44188
director determines to be appropriate. The director may order 44189
the person to whom a variance has been issued to take action 44190
within the time that the director determines to be appropriate 44191
and reasonable to prevent the creation of a nuisance or a hazard 44192
to the health or safety of the public or to the environment. 44193

(6) An application submitted under division (F) of this 44194
section shall not be denied and a variance shall not be revoked 44195
or modified under that division without a written order of the 44196
director stating the findings on which the denial, revocation, 44197
or modification is based. A copy of the order shall be sent to 44198
the applicant or holder of a variance by certified mail or by 44199
another type of mail that is accompanied by a receipt. 44200

(7) The director shall make available for public 44201
inspection at the principal office of the environmental 44202
protection agency a current list of pending applications for 44203
variances submitted under division (F) of this section and a 44204
current schedule of pending variance hearings under it. 44205

Sec. 3734.026. The director of environmental protection 44206
shall adopt rules in accordance with Chapter 119. of the Revised 44207
Code establishing procedures for remitting fees levied under 44208
section 3734.024 of the Revised Code to the treasurers or other 44209
appropriate fiscal officers of municipal corporations and to the 44210
fiscal officers of townships. The rules also shall establish the 44211
dates for remitting the fees to those officers ~~and may establish~~ 44212

~~any other requirements that the director considers necessary or~~ 44213
~~appropriate to implement or administer sections 3734.024 and~~ 44214
~~3734.025 of the Revised Code.~~ 44215

Sec. 3734.05. (A) (1) Except as provided in divisions (A) 44216
(6) and (7) of this section, no person shall operate or maintain 44217
a solid waste facility without a license issued under this 44218
division by the board of health of the health district in which 44219
the facility is located or by the director of environmental 44220
protection when the health district in which the facility is 44221
located is not on the approved list under section 3734.08 of the 44222
Revised Code. 44223

During the month of December, but before the first day of 44224
January of the next year, every person proposing to continue to 44225
operate an existing solid waste facility shall procure a license 44226
under this division to operate the facility for that year from 44227
the board of health of the health district in which the facility 44228
is located or, if the health district is not on the approved 44229
list under section 3734.08 of the Revised Code, from the 44230
director. The application for such a license shall be submitted 44231
to the board of health or to the director, as appropriate, on or 44232
before the last day of September of the year preceding that for 44233
which the license is sought. In addition to the application fee 44234
prescribed in division (A) (2) of this section, a person who 44235
submits an application after that date shall pay an additional 44236
ten per cent of the amount of the application fee for each week 44237
that the application is late. Late payment fees accompanying an 44238
application submitted to the board of health shall be credited 44239
to the special fund of the health district created in division 44240
(B) of section 3734.06 of the Revised Code, and late payment 44241
fees accompanying an application submitted to the director shall 44242
be credited to the general revenue fund. A person who has 44243

received a license, upon sale or disposition of a solid waste 44244
facility, and upon consent of the board of health and the 44245
director, may have the license transferred to another person. 44246
The board of health or the director may include such terms and 44247
conditions in a license or revision to a license as are 44248
appropriate to ensure compliance with this chapter and rules 44249
adopted under it. The terms and conditions may establish the 44250
authorized maximum daily waste receipts for the facility. 44251
Limitations on maximum daily waste receipts shall be specified 44252
in cubic yards of volume for the purpose of regulating the 44253
design, construction, and operation of solid waste facilities. 44254
Terms and conditions included in a license or revision to a 44255
license by a board of health shall be consistent with, and 44256
pertain only to the subjects addressed in, the rules adopted 44257
under division (A) of section 3734.02 and division (D) of 44258
section 3734.12 of the Revised Code. 44259

(2) (a) Except as provided in divisions (A) (2) (b), (6), and 44260
(7) of this section, each person proposing to open a new solid 44261
waste facility or to modify an existing solid waste facility 44262
shall submit an application for a permit with accompanying 44263
detail plans and specifications to the environmental protection 44264
agency for required approval under the rules adopted by the 44265
director pursuant to division (A) of section 3734.02 of the 44266
Revised Code and applicable rules adopted under division (D) of 44267
section 3734.12 of the Revised Code at least two hundred seventy 44268
days before proposed operation of the facility and shall 44269
concurrently make application for the issuance of a license 44270
under division (A) (1) of this section with the board of health 44271
of the health district in which the proposed facility is to be 44272
located. 44273

(b) On and after the effective date of the rules adopted 44274

under division (A) of section 3734.02 of the Revised Code and 44275
division (D) of section 3734.12 of the Revised Code governing 44276
solid waste transfer facilities, each person proposing to open a 44277
new solid waste transfer facility or to modify an existing solid 44278
waste transfer facility shall submit an application for a permit 44279
with accompanying engineering detail plans, specifications, and 44280
information regarding the facility and its method of operation 44281
to the environmental protection agency for required approval 44282
under those rules at least two hundred seventy days before 44283
commencing proposed operation of the facility and concurrently 44284
shall make application for the issuance of a license under 44285
division (A)(1) of this section with the board of health of the 44286
health district in which the facility is located or proposed. 44287

(c) Each application for a permit under division (A)(2)(a) 44288
or (b) of this section shall be accompanied by a nonrefundable 44289
application fee of four hundred dollars that shall be credited 44290
to the general revenue fund. Each application for an annual 44291
license under division (A)(1) or (2) of this section shall be 44292
accompanied by a nonrefundable application fee of one hundred 44293
dollars. If the application for an annual license is submitted 44294
to a board of health on the approved list under section 3734.08 44295
of the Revised Code, the application fee shall be credited to 44296
the special fund of the health district created in division (B) 44297
of section 3734.06 of the Revised Code. If the application for 44298
an annual license is submitted to the director, the application 44299
fee shall be credited to the general revenue fund. If a permit 44300
or license is issued, the amount of the application fee paid 44301
shall be deducted from the amount of the permit fee due under 44302
division (P) of section 3745.11 of the Revised Code or the 44303
amount of the license fee due under division (A)(1), (2), (3), 44304
(4), or (5) of section 3734.06 of the Revised Code. 44305

(d) As used in divisions (A) (2) (d), (e), and (f) of this section, "modify" means any of the following:

(i) Any increase of more than ten per cent in the total capacity of a solid waste facility;

(ii) Any expansion of the limits of solid waste placement at a solid waste facility;

(iii) Any increase in the depth of excavation at a solid waste facility;

(iv) Any change in the technique of waste receipt or type of waste received at a solid waste facility that may endanger human health, as determined by the director by rules adopted in accordance with Chapter 119. of the Revised Code.

Not later than forty-five days after submitting an application under division (A) (2) (a) or (b) of this section for a permit to open a new or modify an existing solid waste facility, the applicant, in conjunction with an officer or employee of the environmental protection agency, shall hold a public meeting on the application within the county in which the new or modified solid waste facility is or is proposed to be located or within a contiguous county.

Not less than thirty days before holding the public meeting on the application, the applicant shall publish notice of the meeting in each newspaper of general circulation that is published in the county in which the facility is or is proposed to be located. If no newspaper of general circulation is published in the county, the applicant shall publish the notice in a newspaper of general circulation in the county. The notice shall contain the date, time, and location of the public meeting and a general description of the proposed new or modified

facility. 44335

Not later than five days after publishing the notice, the 44336
applicant shall send by certified mail a copy of the notice and 44337
the date the notice was published to the director and the 44338
legislative authority of each municipal corporation, township, 44339
and county, and to the chief executive officer of each municipal 44340
corporation, in which the facility is or is proposed to be 44341
located. 44342

At the public meeting, the applicant shall provide 44343
information and describe the application and respond to comments 44344
or questions concerning the application, and the officer or 44345
employee of the agency shall describe the permit application 44346
process. At the public meeting, any person may submit written or 44347
oral comments on or objections to the application. 44348

Not more than thirty days after the public meeting, the 44349
applicant shall provide the director with a copy of a transcript 44350
of the full meeting, copies of any exhibits, displays, or other 44351
materials presented by the applicant at the meeting, and the 44352
original copy of any written comments submitted at the meeting. 44353

(e) Except as provided in division (A) (2) (f) of this 44354
section, prior to taking an action, other than a proposed or 44355
final denial, upon an application submitted under division (A) 44356
(2) (a) of this section for a permit to open a new or modify an 44357
existing solid waste facility, the director shall hold a public 44358
information session and a public hearing on the application 44359
within the county in which the new or modified solid waste 44360
facility is or is proposed to be located or within a contiguous 44361
county. If the application is for a permit to open a new solid 44362
waste facility, the director shall hold the hearing not less 44363
than fourteen days after the information session. If the 44364

application is for a permit to modify an existing solid waste 44365
facility, the director may hold both the information session and 44366
the hearing on the same day unless any individual affected by 44367
the application requests in writing that the information session 44368
and the hearing not be held on the same day, in which case the 44369
director shall hold the hearing not less than fourteen days 44370
after the information session. The director shall publish notice 44371
of the public information session or public hearing not less 44372
than thirty days before holding the information session or 44373
hearing, as applicable. The notice shall be published in each 44374
newspaper of general circulation that is published in the county 44375
in which the facility is or is proposed to be located or by 44376
publication on the environmental protection agency's official 44377
web site. The notice shall contain the date, time, and location 44378
of the information session or hearing, as applicable, and a 44379
general description of the proposed new or modified facility. At 44380
the public information session, an officer or employee of the 44381
environmental protection agency shall describe the status of the 44382
permit application and be available to respond to comments or 44383
questions concerning the application. At the public hearing, any 44384
person may submit written or oral comments on or objections to 44385
the approval of the application. The applicant, or a 44386
representative of the applicant who has knowledge of the 44387
location, construction, and operation of the facility, shall 44388
attend the information session and public hearing to respond to 44389
comments or questions concerning the facility directed to the 44390
applicant or representative by the officer or employee of the 44391
environmental protection agency presiding at the information 44392
session and hearing. 44393

(f) The solid waste management policy committee of a 44394
county or joint solid waste management district may adopt a 44395

resolution requesting expeditious consideration of a specific 44396
application submitted under division (A) (2) (a) of this section 44397
for a permit to modify an existing solid waste facility within 44398
the district. The resolution shall make the finding that 44399
expedited consideration of the application without the public 44400
information session and public hearing under division (A) (2) (e) 44401
of this section is in the public interest and will not endanger 44402
human health, as determined by the director by rules adopted in 44403
accordance with Chapter 119. of the Revised Code. Upon receiving 44404
such a resolution, the director, at the director's discretion, 44405
may issue a final action upon the application without holding a 44406
public information session or public hearing pursuant to 44407
division (A) (2) (e) of this section. 44408

(3) The director may issue an order in accordance with 44409
Chapter 3745. of the Revised Code to the owner or operator of a 44410
solid waste facility requiring the person to submit to the 44411
director updated engineering detail plans, specifications, and 44412
information regarding the facility and its method of operation 44413
for approval under rules adopted under division (A) of section 44414
3734.02 of the Revised Code and applicable rules adopted under 44415
division (D) of section 3734.12 of the Revised Code if, in the 44416
director's judgment, conditions at the facility constitute a 44417
substantial threat to public health or safety or are causing or 44418
contributing to or threatening to cause or contribute to air or 44419
water pollution or soil contamination. Any person who receives 44420
such an order shall submit the updated engineering detail plans, 44421
specifications, and information to the director within one 44422
hundred eighty days after the effective date of the order. 44423

(4) The director shall act upon any updated engineering 44424
plans, specifications, and information submitted under division 44425
(A) (3) of this section within one hundred eighty days after 44426

receiving them. If the director issues an order disapproving the 44427
plans, specifications, and information submitted under division 44428
(A) (3) of this section, the order shall include all of the 44429
following requirements: 44430

(a) That the owner or operator submit a plan for closure 44431
and post-closure care of the facility to the director for 44432
approval within six months after issuance of the order; 44433

(b) That the owner or operator cease accepting solid 44434
wastes for disposal or transfer at the facility; and 44435

(c) The owner or operator commence closure of the facility 44436
not later than one year after issuance of the order. 44437

If the director determines that closure of the facility 44438
within that one-year period would result in the unavailability 44439
of sufficient solid waste management facility capacity within 44440
the county or joint solid waste management district in which the 44441
facility is located to dispose of or transfer the solid waste 44442
generated within the district, the director in the order of 44443
disapproval may postpone commencement of closure of the facility 44444
for such period of time as the director finds necessary for the 44445
board of county commissioners or directors of the district to 44446
secure access to or for there to be constructed within the 44447
district sufficient solid waste management facility capacity to 44448
meet the needs of the district, provided that the director shall 44449
certify in the director's order that postponing the date for 44450
commencement of closure will not endanger ground water or any 44451
property surrounding the facility, allow methane gas migration 44452
to occur, or cause or contribute to any other type of 44453
environmental damage. 44454

If an emergency need for disposal capacity that may affect 44455

public health and safety exists as a result of closure of a 44456
facility under division (A) (4) of this section, the director may 44457
issue an order designating another solid waste facility to 44458
accept the wastes that would have been disposed of at the 44459
facility to be closed. 44460

(5) If the director determines that standards more 44461
stringent than those applicable in rules adopted under division 44462
(A) of section 3734.02 of the Revised Code and division (D) of 44463
section 3734.12 of the Revised Code, or standards pertaining to 44464
subjects not specifically addressed by those rules, are 44465
necessary to ensure that a solid waste facility constructed at 44466
the proposed location will not cause a nuisance, cause or 44467
contribute to water pollution, or endanger public health or 44468
safety, the director may issue a permit for the facility with 44469
such terms and conditions as the director finds necessary to 44470
protect public health and safety and the environment. If a 44471
permit is issued, the director shall state in the order issuing 44472
it the specific findings supporting each such term or condition. 44473

(6) Divisions (A) (1) and (2) (a) of this section do not 44474
apply to a solid waste compost facility that accepts exclusively 44475
source separated yard wastes and that is registered under 44476
division (C) of section 3734.02 of the Revised Code or, unless 44477
otherwise provided in rules adopted under division (N) (3) of 44478
section 3734.02 of the Revised Code, to a solid waste compost 44479
facility if the director has adopted rules establishing an 44480
alternative system for authorizing the establishment, operation, 44481
or modification of a solid waste compost facility under that 44482
division. 44483

(7) Divisions (A) (1) to (5) of this section do not apply 44484
to scrap tire collection, storage, monocell, monofill, and 44485

recovery facilities. The approval of plans and specifications, 44486
as applicable, and the issuance of registration certificates, 44487
permits, and licenses for those facilities are subject to 44488
sections 3734.75 to 3734.78 of the Revised Code, as applicable, 44489
and section 3734.81 of the Revised Code. 44490

(B) (1) No person shall operate or maintain an infectious 44491
waste treatment facility without a license issued by the board 44492
of health of the health district in which the facility is 44493
located or by the director when the health district in which the 44494
facility is located is not on the approved list under section 44495
3734.08 of the Revised Code. 44496

(2) (a) During the month of December, but before the first 44497
day of January of the next year, every person proposing to 44498
continue to operate an existing infectious waste treatment 44499
facility shall procure a license to operate the facility for 44500
that year from the board of health of the health district in 44501
which the facility is located or, if the health district is not 44502
on the approved list under section 3734.08 of the Revised Code, 44503
from the director. The application for such a license shall be 44504
submitted to the board of health or to the director, as 44505
appropriate, on or before the last day of September of the year 44506
preceding that for which the license is sought. In addition to 44507
the application fee prescribed in division (B) (2) (c) of this 44508
section, a person who submits an application after that date 44509
shall pay an additional ten per cent of the amount of the 44510
application fee for each week that the application is late. Late 44511
payment fees accompanying an application submitted to the board 44512
of health shall be credited to the special infectious waste fund 44513
of the health district created in division (C) of section 44514
3734.06 of the Revised Code, and late payment fees accompanying 44515
an application submitted to the director shall be credited to 44516

the general revenue fund. A person who has received a license, 44517
upon sale or disposition of an infectious waste treatment 44518
facility and upon consent of the board of health and the 44519
director, may have the license transferred to another person. 44520
The board of health or the director may include such terms and 44521
conditions in a license or revision to a license as are 44522
appropriate to ensure compliance with the infectious waste 44523
provisions of this chapter and rules adopted under them. 44524

(b) Each person proposing to open a new infectious waste 44525
treatment facility or to modify an existing infectious waste 44526
treatment facility shall submit an application for a permit with 44527
accompanying detail plans and specifications to the 44528
environmental protection agency for required approval under the 44529
rules adopted by the director pursuant to section 3734.021 of 44530
the Revised Code two hundred seventy days before proposed 44531
operation of the facility and concurrently shall make 44532
application for a license with the board of health of the health 44533
district in which the facility is or is proposed to be located. 44534
Not later than ninety days after receiving a complete 44535
application under division (B) (2) (b) of this section for a 44536
permit to open a new infectious waste treatment facility or 44537
modify an existing infectious waste treatment facility to expand 44538
its treatment capacity, or receiving a complete application 44539
under division (A) (2) (a) of this section for a permit to open a 44540
new solid waste incineration facility, or modify an existing 44541
solid waste incineration facility to also treat infectious 44542
wastes or to increase its infectious waste treatment capacity, 44543
that pertains to a facility for which a notation authorizing 44544
infectious waste treatment is included or proposed to be 44545
included in the solid waste incineration facility's license 44546
pursuant to division (B) (3) of this section, the director shall 44547

hold a public hearing on the application within the county in 44548
which the new or modified infectious waste or solid waste 44549
facility is or is proposed to be located or within a contiguous 44550
county. Not less than thirty days before holding the public 44551
hearing on the application, the director shall publish notice of 44552
the hearing in each newspaper that has general circulation and 44553
that is published in the county in which the facility is or is 44554
proposed to be located or by publication on the environmental 44555
protection agency's official web site. The notice shall contain 44556
the date, time, and location of the public hearing and a general 44557
description of the proposed new or modified facility. At the 44558
public hearing, any person may submit written or oral comments 44559
on or objections to the approval or disapproval of the 44560
application. The applicant, or a representative of the applicant 44561
who has knowledge of the location, construction, and operation 44562
of the facility, shall attend the public hearing to respond to 44563
comments or questions concerning the facility directed to the 44564
applicant or representative by the officer or employee of the 44565
environmental protection agency presiding at the hearing. 44566

(c) Each application for a permit under division (B) (2) (b) 44567
of this section shall be accompanied by a nonrefundable 44568
application fee of four hundred dollars that shall be credited 44569
to the general revenue fund. Each application for an annual 44570
license under division (B) (2) (a) of this section shall be 44571
accompanied by a nonrefundable application fee of one hundred 44572
dollars. If the application for an annual license is submitted 44573
to a board of health on the approved list under section 3734.08 44574
of the Revised Code, the application fee shall be credited to 44575
the special infectious waste fund of the health district created 44576
in division (C) of section 3734.06 of the Revised Code. If the 44577
application for an annual license is submitted to the director, 44578

the application fee shall be credited to the general revenue 44579
fund. If a permit or license is issued, the amount of the 44580
application fee paid shall be deducted from the amount of the 44581
permit fee due under division (P) of section 3745.11 of the 44582
Revised Code or the amount of the license fee due under division 44583
(C) of section 3734.06 of the Revised Code. 44584

(d) The director may issue an order in accordance with 44585
Chapter 3745. of the Revised Code to the owner or operator of an 44586
infectious waste treatment facility requiring the person to 44587
submit to the director updated engineering detail plans, 44588
specifications, and information regarding the facility and its 44589
method of operation for approval under rules adopted under 44590
section 3734.021 of the Revised Code if, in the director's 44591
judgment, conditions at the facility constitute a substantial 44592
threat to public health or safety or are causing or contributing 44593
to or threatening to cause or contribute to air or water 44594
pollution or soil contamination. Any person who receives such an 44595
order shall submit the updated engineering detail plans, 44596
specifications, and information to the director within one 44597
hundred eighty days after the effective date of the order. 44598

(e) The director shall act on any updated engineering 44599
plans, specifications, and information submitted under division 44600
(B) (2) (d) of this section within one hundred eighty days after 44601
receiving them. If the director disapproves any such updated 44602
engineering plans, specifications, and information, the director 44603
shall include in the order disapproving the plans the 44604
requirement that the owner or operator cease accepting 44605
infectious wastes for treatment at the facility. 44606

(3) Division (B) of this section does not apply to a 44607
generator of infectious wastes that meets any of the following 44608

conditions: 44609

(a) Treats, by methods, techniques, and practices 44610
established by rules adopted under division (B) (2) (a) of section 44611
3734.021 of the Revised Code, any of the following wastes: 44612

(i) Infectious wastes that are generated on any premises 44613
that are owned or operated by the generator; 44614

(ii) Infectious wastes that are generated by a generator 44615
who has staff privileges at a hospital as defined in section 44616
3727.01 of the Revised Code; 44617

(iii) Infectious wastes that are generated in providing 44618
care to a patient by an emergency medical services organization 44619
as defined in section 4765.01 of the Revised Code. 44620

(b) Holds a license or renewal of a license to operate a 44621
crematory facility issued under Chapter 4717. and a permit 44622
issued under Chapter 3704. of the Revised Code; 44623

(c) Treats or disposes of dead animals or parts thereof, 44624
or the blood of animals, and is subject to any of the following: 44625

(i) Inspection under the "Federal Meat Inspection Act," 81 44626
Stat. 584 (1967), 21 U.S.C.A. 603, as amended; 44627

(ii) Chapter 918. of the Revised Code; 44628

(iii) Chapter 953. of the Revised Code. 44629

Nothing in division (B) of this section requires a 44630
facility that holds a license issued under division (A) of this 44631
section as a solid waste facility and that also treats 44632
infectious wastes by the same method, technique, or process to 44633
obtain a license under division (B) of this section as an 44634
infectious waste treatment facility. However, the solid waste 44635

facility license for the facility shall include the notation 44636
that the facility also treats infectious wastes. 44637

The director shall not issue a permit to open a new solid 44638
waste incineration facility unless the proposed facility 44639
complies with the requirements for the location of new 44640
infectious waste incineration facilities established in rules 44641
adopted under division (B) (2) (b) of section 3734.021 of the 44642
Revised Code. 44643

(C) Except for a facility or activity described in 44644
division (E) (3) of section 3734.02 of the Revised Code, a person 44645
who proposes to establish or operate a hazardous waste facility 44646
shall submit a complete application for a hazardous waste 44647
facility installation and operation permit and accompanying 44648
detail plans, specifications, and such information as the 44649
director may require to the environmental protection agency at 44650
least one hundred eighty days before the proposed beginning of 44651
operation of the facility. The applicant shall notify by 44652
certified mail the legislative authority of each municipal 44653
corporation, township, and county in which the facility is 44654
proposed to be located of the submission of the application 44655
within ten days after the submission or at such earlier time as 44656
the director may establish by rule. If the application is for a 44657
proposed new hazardous waste disposal or thermal treatment 44658
facility, the applicant also shall give actual notice of the 44659
general design and purpose of the facility to the legislative 44660
authority of each municipal corporation, township, and county in 44661
which the facility is proposed to be located at least ninety 44662
days before the permit application is submitted to the 44663
environmental protection agency. 44664

In accordance with rules adopted under section 3734.12 of 44665

the Revised Code, prior to the submission of a complete 44666
application for a hazardous waste facility installation and 44667
operation permit, the applicant shall hold at least one meeting 44668
in the township or municipal corporation in which the facility 44669
is proposed to be located, whichever is geographically closer to 44670
the proposed location of the facility. The meeting shall be open 44671
to the public and shall be held to inform the community of the 44672
proposed hazardous waste management activities and to solicit 44673
questions from the community concerning the activities. 44674

(D) (1) Except as provided in section 3734.123 of the 44675
Revised Code, upon receipt of a complete application for a 44676
hazardous waste facility installation and operation permit under 44677
division (C) of this section, the director shall consider the 44678
application and accompanying information to determine whether 44679
the application complies with agency rules and the requirements 44680
of division (D) (2) of this section. After making a 44681
determination, the director shall issue either a draft permit or 44682
a notice of intent to deny the permit. The director, in 44683
accordance with rules adopted under section 3734.12 of the 44684
Revised Code or with rules adopted to implement Chapter 3745. of 44685
the Revised Code, shall provide public notice of the application 44686
and the draft permit or the notice of intent to deny the permit, 44687
provide an opportunity for public comments, and, if significant 44688
interest is shown, schedule a public meeting in the county in 44689
which the facility is proposed to be located and give public 44690
notice of the date, time, and location of the public meeting in 44691
a newspaper of general circulation in that county. 44692

(2) The director shall not approve an application for a 44693
hazardous waste facility installation and operation permit or an 44694
application for a modification under division (I) (3) of this 44695
section unless the director finds and determines as follows: 44696

(a) The nature and volume of the waste to be treated, 44697
stored, or disposed of at the facility; 44698

(b) That the facility complies with the director's 44699
hazardous waste standards adopted pursuant to section 3734.12 of 44700
the Revised Code; 44701

(c) That the facility represents the minimum adverse 44702
environmental impact, considering the state of available 44703
technology and the nature and economics of various alternatives, 44704
and other pertinent considerations; 44705

(d) That the facility represents the minimum risk of all 44706
of the following: 44707

(i) Fires or explosions from treatment, storage, or 44708
disposal methods; 44709

(ii) Release of hazardous waste during transportation of 44710
hazardous waste to or from the facility; 44711

(iii) Adverse impact on the public health and safety. 44712

(e) That the facility will comply with this chapter and 44713
Chapters 3704. and 6111. of the Revised Code and all rules and 44714
standards adopted under them; 44715

(f) That if the owner of the facility, the operator of the 44716
facility, or any other person in a position with the facility 44717
from which the person may influence the installation and 44718
operation of the facility has been involved in any prior 44719
activity involving transportation, treatment, storage, or 44720
disposal of hazardous waste, that person has a history of 44721
compliance with this chapter and Chapters 3704. and 6111. of the 44722
Revised Code and all rules and standards adopted under them, the 44723
"Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 44724

42 U.S.C.A. 6921, as amended, and all regulations adopted under 44725
it, and similar laws and rules of other states if any such prior 44726
operation was located in another state that demonstrates 44727
sufficient reliability, expertise, and competency to operate a 44728
hazardous waste facility under the applicable provisions of this 44729
chapter and Chapters 3704. and 6111. of the Revised Code, the 44730
applicable rules and standards adopted under them, and terms and 44731
conditions of a hazardous waste facility installation and 44732
operation permit, given the potential for harm to the public 44733
health and safety and the environment that could result from the 44734
irresponsible operation of the facility. For off-site 44735
facilities, as defined in section 3734.41 of the Revised Code, 44736
the director may use the investigative reports of the attorney 44737
general prepared pursuant to section 3734.42 of the Revised Code 44738
as a basis for making a finding and determination under division 44739
(D) (2) (f) of this section. 44740

(g) That the active areas within a new hazardous waste 44741
facility where acute hazardous waste as listed in 40 C.F.R. 44742
261.33 (e), as amended, or organic waste that is toxic and is 44743
listed under 40 C.F.R. 261, as amended, is being stored, 44744
treated, or disposed of and where the aggregate of the storage 44745
design capacity and the disposal design capacity of all 44746
hazardous waste in those areas is greater than two hundred fifty 44747
thousand gallons, are not located or operated within any of the 44748
following: 44749

(i) Two thousand feet of any residence, school, hospital, 44750
jail, or prison; 44751

(ii) Any naturally occurring wetland; 44752

(iii) Any flood hazard area if the applicant cannot show 44753
that the facility will be designed, constructed, operated, and 44754

maintained to prevent washout by a one-hundred-year flood. 44755

Division (D) (2) (g) of this section does not apply to the 44756
facility of any applicant who demonstrates to the director that 44757
the limitations specified in that division are not necessary 44758
because of the nature or volume of the waste and the manner of 44759
management applied, the facility will impose no substantial 44760
danger to the health and safety of persons occupying the 44761
structures listed in division (D) (2) (g) (i) of this section, and 44762
the facility is to be located or operated in an area where the 44763
proposed hazardous waste activities will not be incompatible 44764
with existing land uses in the area. 44765

(h) That the facility will not be located within the 44766
boundaries of a state park established or dedicated under 44767
Chapter 1546. of the Revised Code, a state park purchase area 44768
established under section 1546.06 of the Revised Code, any unit 44769
of the national park system, or any property that lies within 44770
the boundaries of a national park or recreation area, but that 44771
has not been acquired or is not administered by the secretary of 44772
the United States department of the interior, located in this 44773
state, or any candidate area located in this state identified 44774
for potential inclusion in the national park system in the 44775
edition of the "national park system plan" submitted under 44776
paragraph (b) of section 8 of "The Act of August 18, 1970," 84 44777
Stat. 825, 16 U.S.C.A. 1a-5, as amended, current at the time of 44778
filing of the application for the permit, unless the facility 44779
will be used exclusively for the storage of hazardous waste 44780
generated within the park or recreation area in conjunction with 44781
the operation of the park or recreation area. Division (D) (2) (h) 44782
of this section does not apply to the facility of any applicant 44783
for modification of a permit unless the modification application 44784
proposes to increase the land area included in the facility or 44785

to increase the quantity of hazardous waste that will be 44786
treated, stored, or disposed of at the facility. 44787

(3) Not later than one hundred eighty days after the end 44788
of the public comment period, the director, without prior 44789
hearing, shall issue or deny the permit in accordance with 44790
Chapter 3745. of the Revised Code. If the director approves an 44791
application for a hazardous waste facility installation and 44792
operation permit, the director shall issue the permit, upon such 44793
terms and conditions as the director finds are necessary to 44794
ensure the construction and operation of the hazardous waste 44795
facility in accordance with the standards of this section. 44796

(E) No political subdivision of this state shall require 44797
any additional zoning or other approval, consent, permit, 44798
certificate, or condition for the construction or operation of a 44799
hazardous waste facility authorized by a hazardous waste 44800
facility installation and operation permit issued pursuant to 44801
this chapter, nor shall any political subdivision adopt or 44802
enforce any law, ordinance, or rule that in any way alters, 44803
impairs, or limits the authority granted in the permit. 44804

(F) The director may issue a single hazardous waste 44805
facility installation and operation permit to a person who 44806
operates two or more adjoining facilities where hazardous waste 44807
is stored, treated, or disposed of if the application includes 44808
detail plans, specifications, and information on all facilities. 44809
For the purposes of this section, "adjoining" means sharing a 44810
common boundary, separated only by a public road, or in such 44811
proximity that the director determines that the issuance of a 44812
single permit will not create a hazard to the public health or 44813
safety or the environment. 44814

(G) No person shall falsify or fail to keep or submit any 44815

plans, specifications, data, reports, records, manifests, or 44816
other information required to be kept or submitted to the 44817
director by this chapter or the rules adopted under it. 44818

(H) (1) Each person who holds an installation and operation 44819
permit issued under this section and who wishes to obtain a 44820
permit renewal shall submit a completed application for an 44821
installation and operation permit renewal and any necessary 44822
accompanying general plans, detail plans, specifications, and 44823
such information as the director may require to the director no 44824
later than one hundred eighty days prior to the expiration date 44825
of the existing permit or upon a later date prior to the 44826
expiration of the existing permit if the permittee can 44827
demonstrate good cause for the late submittal. The director 44828
shall consider the application and accompanying information, 44829
inspection reports of the facility, results of performance 44830
tests, a report regarding the facility's compliance or 44831
noncompliance with the terms and conditions of its permit and 44832
rules adopted by the director under this chapter, and such other 44833
information as is relevant to the operation of the facility and 44834
shall issue a draft renewal permit or a notice of intent to deny 44835
the renewal permit. The director, in accordance with rules 44836
adopted under this section or with rules adopted to implement 44837
Chapter 3745. of the Revised Code, shall give public notice of 44838
the application and draft renewal permit or notice of intent to 44839
deny the renewal permit, provide for the opportunity for public 44840
comments within a specified time period, schedule a public 44841
meeting in the county in which the facility is located if 44842
significant interest is shown, and give public notice of the 44843
public meeting. 44844

(2) Within sixty days after the public meeting or close of 44845
the public comment period, the director, without prior hearing, 44846

shall issue or deny the renewal permit in accordance with 44847
Chapter 3745. of the Revised Code. The director shall not issue 44848
a renewal permit unless the director determines that the 44849
facility under the existing permit has a history of compliance 44850
with this chapter, rules adopted under it, the existing permit, 44851
or orders entered to enforce such requirements that demonstrates 44852
sufficient reliability, expertise, and competency to operate the 44853
facility henceforth under this chapter, rules adopted under it, 44854
and the renewal permit. If the director approves an application 44855
for a renewal permit, the director shall issue the permit 44856
subject to the payment of the annual permit fee required under 44857
division (E) of section 3734.02 of the Revised Code and upon 44858
such terms and conditions as the director finds are reasonable 44859
to ensure that continued operation, maintenance, closure, and 44860
post-closure care of the hazardous waste facility are in 44861
accordance with the rules adopted under section 3734.12 of the 44862
Revised Code. 44863

(3) An installation and operation permit renewal 44864
application submitted to the director that also contains or 44865
would constitute an application for a modification shall be 44866
acted upon by the director in accordance with division (I) of 44867
this section in the same manner as an application for a 44868
modification. In approving or disapproving the renewal portion 44869
of a permit renewal application containing an application for a 44870
modification, the director shall apply the criteria established 44871
under division (H) (2) of this section. 44872

(4) An application for renewal or modification of a permit 44873
that does not contain an application for a modification as 44874
described in divisions (I) (3) (a) to (d) of this section shall 44875
not be subject to division (D) (2) of this section. 44876

(I) (1) As used in this section, "modification" means a 44877
change or alteration to a hazardous waste facility or its 44878
operations that is inconsistent with or not authorized by its 44879
existing permit or authorization to operate. Modifications shall 44880
be classified as Class 1, 2, or 3 modifications ~~in accordance~~ 44881
~~with rules adopted under division (K) of this section.~~ 44882
Modifications classified as Class 3 modifications, ~~in accordance~~ 44883
~~with rules adopted under that division,~~ shall be further 44884
classified by the director as either Class 3 modifications that 44885
are to be approved or disapproved by the director under 44886
divisions (I) (3) (a) to (d) of this section or as Class 3 44887
modifications that are to be approved or disapproved by the 44888
director under division (I) (5) of this section. Not later than 44889
thirty days after receiving a request for a modification under 44890
division (I) (4) of this section that is not listed in Appendix I 44891
to 40 C.F.R. 270.42 ~~or in rules adopted under division (K) of~~ 44892
~~this section,~~ the director shall classify the modification and 44893
shall notify the owner or operator of the facility requesting 44894
the modification of the classification. Notwithstanding any 44895
other law to the contrary, a modification that involves the 44896
transfer of a hazardous waste facility installation and 44897
operation permit to a new owner or operator for any off-site 44898
facility as defined in section 3734.41 of the Revised Code shall 44899
be classified as a Class 3 modification. The transfer of a 44900
hazardous waste facility installation and operation permit to a 44901
new owner or operator for a facility that is not an off-site 44902
facility shall be classified as a Class 1 modification requiring 44903
prior approval of the director. 44904

(2) Except as provided in section 3734.123 of the Revised 44905
Code, a hazardous waste facility installation and operation 44906
permit may be modified at the request of the director or upon 44907

the written request of the permittee only if any of the 44908
following applies: 44909

(a) The permittee desires to accomplish alterations, 44910
additions, or deletions to the permitted facility or to 44911
undertake alterations, additions, deletions, or activities that 44912
are inconsistent with or not authorized by the existing permit; 44913

(b) New information or data justify permit conditions in 44914
addition to or different from those in the existing permit; 44915

(c) The standards, criteria, or rules upon which the 44916
existing permit is based have been changed by new, amended, or 44917
rescinded standards, criteria, or rules, or by judicial decision 44918
after the existing permit was issued, and the change justifies 44919
permit conditions in addition to or different from those in the 44920
existing permit; 44921

(d) The permittee proposes to transfer the permit to 44922
another person. 44923

(3) The director shall approve or disapprove an 44924
application for a modification in accordance with division (D) 44925
(2) of this section ~~and rules adopted under division (K) of this~~ 44926
~~section~~ for all of the following categories of Class 3 44927
modifications: 44928

(a) Authority to conduct treatment, storage, or disposal 44929
at a site, location, or tract of land that has not been 44930
authorized for the proposed category of treatment, storage, or 44931
disposal activity by the facility's permit; 44932

(b) Modification or addition of a hazardous waste 44933
management unit, as defined in rules adopted under section 44934
3734.12 of the Revised Code, that results in an increase in a 44935
facility's storage capacity of more than twenty-five per cent 44936

over the capacity authorized by the facility's permit, an 44937
increase in a facility's treatment rate of more than twenty-five 44938
per cent over the rate so authorized, or an increase in a 44939
facility's disposal capacity over the capacity so authorized. 44940
The authorized disposal capacity for a facility shall be 44941
calculated from the approved design plans for the disposal units 44942
at that facility. In no case during a five-year period shall a 44943
facility's storage capacity or treatment rate be modified to 44944
increase by more than twenty-five per cent in the aggregate 44945
without the director's approval in accordance with division (D) 44946
(2) of this section. Notwithstanding any provision of division 44947
(I) of this section to the contrary, a request for modification 44948
of a facility's annual total waste receipt limit shall be 44949
classified and approved or disapproved by the director under 44950
division (I) (5) of this section. 44951

(c) Authority to add any of the following categories of 44952
regulated activities not previously authorized at a facility by 44953
the facility's permit: storage at a facility not previously 44954
authorized to store hazardous waste, treatment at a facility not 44955
previously authorized to treat hazardous waste, or disposal at a 44956
facility not previously authorized to dispose of hazardous 44957
waste; or authority to add a category of hazardous waste 44958
management unit not previously authorized at the facility by the 44959
facility's permit. Notwithstanding any provision of division (I) 44960
of this section to the contrary, a request for authority to add 44961
or to modify an activity or a hazardous waste management unit 44962
for the purposes of performing a corrective action shall be 44963
classified and approved or disapproved by the director under 44964
division (I) (5) of this section. 44965

(d) Authority to treat, store, or dispose of waste types 44966
listed or characterized as reactive or explosive, in rules 44967

adopted under section 3734.12 of the Revised Code, or any acute hazardous waste listed in 40 C.F.R. 261.33(e), as amended, at a facility not previously authorized to treat, store, or dispose of those types of wastes by the facility's permit unless the requested authority is limited to wastes that no longer exhibit characteristics meeting the criteria for listing or characterization as reactive or explosive wastes, or for listing as acute hazardous waste, but still are required to carry those waste codes as established in rules adopted under section 3734.12 of the Revised Code because of the requirements established in 40 C.F.R. 261(a) and (e), as amended, that is, the "mixture," "derived-from," or "contained-in" regulations.

(4) A written request for a modification from the permittee shall be submitted to the director and shall contain such information as is necessary to support the request. Requests for modifications shall be acted upon by the director in accordance with this section and rules adopted under it.

(5) Class 1 modification applications that require prior approval of the director, as provided in division (I)(1) of this section ~~or as determined in accordance with rules adopted under division (K) of this section~~, Class 2 modification applications, and Class 3 modification applications that are not described in divisions (I)(3)(a) to (d) of this section shall be approved or disapproved by the director ~~in accordance with rules adopted under division (K) of this section~~. The board of county commissioners of the county, the board of township trustees of the township, and the city manager or mayor of the municipal corporation in which a hazardous waste facility is located shall receive notification of any application for a modification for that facility and shall be considered as interested persons with respect to the director's consideration of the application.

As used in division (I) of this section: 44999

(a) "Owner" means the person who owns a majority or 45000
controlling interest in a facility. 45001

(b) "Operator" means the person who is responsible for the 45002
overall operation of a facility. 45003

The director shall approve or disapprove an application 45004
for a Class 1 modification that requires the director's approval 45005
within sixty days after receiving the request for modification. 45006
The director shall approve or disapprove an application for a 45007
Class 2 modification within three hundred days after receiving 45008
the request for modification. The director shall approve or 45009
disapprove an application for a Class 3 modification within 45010
three hundred sixty-five days after receiving the request for 45011
modification. 45012

(6) The approval or disapproval by the director of a Class 45013
1 modification application is not a final action that is 45014
appealable under Chapter 3745. of the Revised Code. The approval 45015
or disapproval by the director of a Class 2 modification or a 45016
Class 3 modification is a final action that is appealable under 45017
that chapter. In approving or disapproving a request for a 45018
modification, the director shall consider all comments 45019
pertaining to the request that are received during the public 45020
comment period and the public meetings. The administrative 45021
record for appeal of a final action by the director in approving 45022
or disapproving a request for a modification shall include all 45023
comments received during the public comment period relating to 45024
the request for modification, written materials submitted at the 45025
public meetings relating to the request, and any other documents 45026
related to the director's action. 45027

(7) Notwithstanding any other provision of law to the contrary, a change or alteration to a hazardous waste facility described in division (E) (3) (a) or (b) of section 3734.02 of the Revised Code, or its operations, is a modification for the purposes of this section. An application for a modification at such a facility shall be submitted, classified, and approved or disapproved in accordance with divisions (I) (1) to (6) of this section in the same manner as a modification to a hazardous waste facility installation and operation permit.

(J) (1) Except as provided in division (J) (2) of this section, an owner or operator of a hazardous waste facility that is operating in accordance with a permit by rule under rules adopted by the director under division (E) (3) (b) of section 3734.02 of the Revised Code shall submit either a hazardous waste facility installation and operation permit application for the facility or a modification application, whichever is required under division (J) (1) (a) or (b) of this section, within one hundred eighty days after the director has requested the application or upon a later date if the owner or operator demonstrates to the director good cause for the late submittal.

(a) If the owner or operator does not have a hazardous waste facility installation and operation permit for any hazardous waste treatment, storage, or disposal activities at the facility, the owner or operator shall submit an application for such a permit to the director for the activities authorized by the permit by rule. Notwithstanding any other provision of law to the contrary, the director shall approve or disapprove the application for the permit in accordance with the procedures governing the approval or disapproval of permit renewals under division (H) of this section.

(b) If the owner or operator has a hazardous waste facility installation and operation permit for hazardous waste treatment, storage, or disposal activities at the facility other than those authorized by the permit by rule, the owner or operator shall submit to the director a request for modification in accordance with division (I) of this section. Notwithstanding any other provision of law to the contrary, the director shall approve or disapprove the modification application in accordance with division (I)(5) of this section.

(2) The owner or operator of a boiler or industrial furnace that is conducting thermal treatment activities in accordance with a permit by rule under rules adopted by the director under division (E)(3)(b) of section 3734.02 of the Revised Code shall submit a hazardous waste facility installation and operation permit application if the owner or operator does not have such a permit for any hazardous waste treatment, storage, or disposal activities at the facility or, if the owner or operator has such a permit for hazardous waste treatment, storage, or disposal activities at the facility other than thermal treatment activities authorized by the permit by rule, a modification application to add those activities authorized by the permit by rule, whichever is applicable, within one hundred eighty days after the director has requested the submission of the application or upon a later date if the owner or operator demonstrates to the director good cause for the late submittal. The application shall be accompanied by information necessary to support the request. The director shall approve or disapprove an application for a hazardous waste facility installation and operation permit in accordance with division (D) of this section and approve or disapprove an application for a modification in accordance with division (I)

(3) of this section, except that the director shall not 45089
disapprove an application for the thermal treatment activities 45090
on the basis of the criteria set forth in division (D) (2) (g) or 45091
(h) of this section. 45092

(3) As used in division (J) of this section: 45093

(a) "Modification application" means a request for a 45094
modification submitted in accordance with division (I) of this 45095

~~(K) The director shall adopt, and may amend, suspend, or 45100
rescind, rules in accordance with Chapter 119. of the Revised- 45101
Code in order to implement divisions (H) and (I) of this- 45102
section. Except when in actual conflict with this section, rules 45103
governing the classification of and procedures for the- 45104
modification of hazardous waste facility installation and 45105
operation permits shall be substantively and procedurally- 45106
identical to the regulations governing hazardous waste facility- 45107
permitting and permit modifications adopted under the "Resource- 45108
Conservation and Recovery Act of 1976," 90 Stat. 2806, 42- 45109
U.S.C.A. 6921, as amended. 45110~~

Sec. 3734.058. (A) Except as provided in division (B) of 45111
this section, no political subdivision of this state shall 45112
require any additional zoning or other approval, consent, 45113
permit, certificate, or condition for the operation of a 45114
byproduct disposal facility authorized by a byproduct disposal 45115
facility permit to install or modify issued under division (B) 45116
of former section 3734.054, division (B) or (C) (3) of former 45117

section 3734.055, or division (B) of former section 3734.057 of 45118
the Revised Code, nor shall any political subdivision adopt or 45119
enforce any law, ordinance, resolution, or rule that in any way 45120
alters, impairs, or limits the authority granted in the permit. 45121

(B) (1) Division (A) of this section does not apply to the 45122

under division (A) (1) of section 3734.05 of the Revised Code; 45124
the issuance of orders under section 3709.20 or 3709.21 of the 45125
Revised Code to enforce the solid waste provisions of this 45126
chapter or rules adopted or terms and conditions of permits, 45127
licenses, or orders issued under those provisions; the 45128
inspection of any such facility for compliance with those 45129
provisions, any such terms and conditions, or any orders issued 45130
under section 3709.20 or 3709.21 of the Revised Code to enforce 45131
those provisions or any such terms and conditions; or the 45132
enforcement of those provisions, any such terms and conditions, 45133

Revised Code to enforce those provisions or any such terms and 45135
conditions, by a board of health on the approved list under 45136
section 3734.08 of the Revised Code. 45137

(2) Division (A) of this section does not alter, impair, 45138
or limit the authority of a board of health or political 45139
subdivision of this state that has been delegated any of the 45140
powers and duties of the director of environmental protection 45141
under Chapter 3704. of the Revised Code pursuant to division ~~(P)~~ 45142
(O) of section 3704.03 of the Revised Code to exercise the 45143
authority and perform the duties conferred upon the board or 45144
political subdivision by that delegation. 45145

(C) As used in this section: 45146

(1) "Byproduct disposal facility" means a solid waste 45147

disposal facility that exclusively disposes of coal combustion wastes. "Byproduct disposal facility" does not include a coal mining and reclamation operation where coal combustion wastes are used in conducting the operation, or are disposed of, in compliance with Chapter 1513. of the Revised Code and rules adopted under it.

(2) "Coal combustion wastes" includes all of the following:

(a) Air pollution control wastes that are solid wastes, that result from the combustion of coal at a coal-fired electric generating facility owned, operated, or leased by an electric light company or a municipal power agency, and that are generated by air pollution control equipment installed or used at the electric generating facility for the purpose of complying with applicable emission standards or emission limitations established under the "Air Quality Act of 1967," 81 Stat. 485, 42 U.S.C.A. 1857, as amended, and regulations adopted under it or Chapter 3704. of the Revised Code and rules adopted under it;

(b) Air pollution control wastes that are solid wastes and that are generated in the operation of air pollution control equipment installed at a byproduct disposal facility for the purpose of complying with Chapter 3704. of the Revised Code and rules adopted under it;

(c) Water pollution control wastes that are solid wastes and that are generated in the operation of a disposal system or treatment works installed at a byproduct disposal facility for the purpose of complying with Chapter 6111. of the Revised Code and rules adopted under it;

(d) Any other similar types of solid wastes that are

produced in the operation of a coal-fired electric generating 45177
facility or in the operation of air pollution control equipment, 45178
disposal systems, or treatment works installed or used at such a 45179
facility and that are identified in rules adopted under division 45180
(A) of section 3734.02 of the Revised Code. 45181

(3) "Disposal system" and "treatment works" have the same 45182
meanings as in section 6111.01 of the Revised Code. 45183

(4) "Electric light company" has the same meaning as in 45184
section 4905.03 of the Revised Code. 45185

(5) "Municipal power agency" means any Ohio nonprofit 45186
corporation, the members of which are municipal corporations 45187
that own and operate electric utility systems, that sells 45188
electricity to its members for resale. 45189

Sec. 3734.123. (A) As used in this section and section 45190
3734.124 of the Revised Code, "commercial hazardous waste 45191
incinerator" means an enclosed device that treats hazardous 45192
waste by means of controlled flame combustion and that accepts 45193
for treatment hazardous waste that is generated off the premises 45194
on which the device is located by any person other than the one 45195
who owns or operates the device or one who controls, is 45196
controlled by, or is under common control with the person who 45197
owns or operates the device. "Commercial hazardous waste 45198
incinerator" does not include any "boiler" or "industrial 45199
furnace" as those terms are defined in rules adopted under 45200
section 3734.12 of the Revised Code. 45201

(B) Not sooner than three years after April 15, 1993, and 45202
triennially thereafter, the director of environmental protection 45203
shall prepare, publish, and issue as a final action an 45204
assessment of commercial hazardous waste incinerator capacity in 45205

this state. However, after the issuance as a final action of a 45206
determination under division (A) of section 3734.124 of the 45207
Revised Code that terminates the restrictions established in 45208
division (C) of this section, the director shall cease 45209
preparing, publishing, and issuing the periodic assessments 45210
required under this division. The assessment shall determine the 45211
amount of commercial hazardous waste incinerator capacity needed 45212
to manage the hazardous waste expected to be generated in this 45213
state and imported into this state for incineration at 45214
commercial hazardous waste incinerators during the next 45215
succeeding twenty calendar years. The assessment shall include 45216
at least all of the following: 45217

(1) A determination of the aggregate treatment capacity 45218
authorized at commercial hazardous waste incinerators located in 45219
this state; 45220

(2) A determination of the quantity of hazardous waste 45221
generated in this state that is being treated at commercial 45222
hazardous waste incinerators located in this state and 45223
projections of the quantity of hazardous waste generated in this 45224
state that will be treated at those facilities; 45225

(3) A determination of the quantity of hazardous waste 45226
generated outside this state that is being treated at commercial 45227
hazardous waste incinerators located in this state and 45228
projections of the quantity of hazardous waste generated outside 45229
this state that will be treated at those facilities; 45230

(4) A determination of the quantity of hazardous waste 45231
generated in this state that is being treated at commercial 45232
hazardous waste incinerators located outside this state, and 45233
projections of the quantity of hazardous waste generated in this 45234
state that will be treated at those facilities; 45235

(5) The amount of commercial hazardous waste incinerator capacity that the director reasonably anticipates will be needed during the first three years of the planning period to treat hazardous waste generated from the remediation of sites in this state that are on the national priority list required under the "Comprehensive Environmental Response, Compensation, and Liability Act of 1980," 94 Stat. 2767, 42 U.S.C.A. 9601, as amended; as a result of corrective actions implemented under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended; and as a result of clean-up activities conducted at sites listed on the master sites list prepared by the environmental protection agency;

(6) Based upon available data, provided that the data are reliable and are compatible with the data base of the environmental protection agency, an identification of any hazardous waste first listed as a hazardous waste in regulations adopted under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, on or after April 15, 1993, and of any hazardous waste that has been proposed for such listing by publication of a notice in the federal register on or before December 1 of the year immediately preceding the triennial assessment;

(7) An analysis of other factors that may result in capacity changes over the period addressed by the assessment.

(C) Except as otherwise provided in section 3734.124 of the Revised Code, none of the following shall occur on or after April 15, 1993:

(1) The director shall not do any of the following:

(a) Issue any hazardous waste facility installation and

operation permit under division (D) of section 3734.05 of the Revised Code for the establishment of a new commercial hazardous waste incinerator, or issue any modified hazardous waste facility installation and operation permit under division (I) of that section that would authorize an increase in either the treatment capacity of a commercial hazardous waste incinerator or the quantity of hazardous waste authorized to be treated by it;

(b) Issue any permit pursuant to rules adopted under division ~~(F)~~(E) of section 3704.03 of the Revised Code, division (J) of section 6111.03 of the Revised Code, or the solid waste provisions of this chapter and rules adopted under those provisions, that is necessary for the establishment, modification, or operation of any appurtenant facility or equipment that is necessary for the operation of a new commercial hazardous waste incinerator, or the modification of such an existing incinerator to increase either the treatment capacity of the incinerator or the quantity of hazardous waste that is authorized to be treated by it. Upon determining that an application for any permit pertains to the establishment, modification, or operation of any appurtenant facility or equipment, the director shall cease reviewing the application and return the application and accompanying materials to the applicant along with a written notice that division (C) (1) (b) of this section precludes the director from reviewing and acting upon the application.

(c) Issue any exemption order under division (G) of section 3734.02 of the Revised Code exempting the establishment of a new commercial hazardous waste incinerator; the modification of an existing facility to increase either the treatment capacity of the incinerator or the quantity of

hazardous waste that is authorized to be treated by it; or the 45296
establishment, modification, or operation of any facility or 45297
equipment appurtenant to a new or modified commercial hazardous 45298
waste incinerator, from divisions (C) (1) (a) or (b) or (C) (2) of 45299
this section. 45300

(2) If the director determines that an application for a 45301
hazardous waste facility installation and operation permit 45302
submitted under division (D) of section 3734.05 of the Revised 45303
Code pertains to the establishment of a new commercial hazardous 45304
waste incinerator, or a request for a modification of an 45305
existing incinerator submitted under division (I) of that 45306
section pertains to an increase of either the treatment capacity 45307
of the incinerator or the quantity of hazardous waste that is 45308
authorized to be treated by it, the director shall cease 45309
reviewing the application or request and shall return it and the 45310
accompanying materials to the applicant along with a written 45311
notice that division (C) (2) of this section precludes the review 45312
of the application or request. 45313

(D) Division (C) of this section does not apply to an 45314
application for a modified hazardous waste facility installation 45315
and operation permit under division (I) of section 3734.05 of 45316
the Revised Code for any hazardous waste incinerator in 45317
operation before April 15, 1993, if both of the following apply 45318
to the application: 45319

(1) The application seeks to install an improved air 45320
emission control system designed to achieve compliance with 40 45321
C.F.R. 63, Subpart EEE. 45322

(2) The application does not seek to increase the 45323
treatment capacity of the hazardous waste incinerator or the 45324
quantity of waste to be treated by it. 45325

(E) Division (C) of this section does not apply to an application for a modified hazardous waste facility installation and operation permit under division (I) of section 3734.05 of the Revised Code for any hazardous waste incinerator in operation before April 15, 1993, if all of the following apply to the application:

(1) The application seeks to increase the treatment capacity of the hazardous waste incineration operations or the quantity of waste to be treated by it.

(2) The hazardous waste incinerator is at or near its actual maximum operating capacity ~~on the effective date of this amendment~~ April 4, 2023.

(3) The application seeks to install an improved air emission control system designed to achieve compliance with 40 C.F.R. 63, Subpart EEE.

(4) The owner or operator of the hazardous waste incinerator has not been issued any other permit allowing for the expansion of the hazardous waste incinerator or construction of a new hazardous waste incinerator prior to ~~the effective date of this amendment~~ April 4, 2023.

Sec. 3734.124. (A) Promptly after issuing a periodic assessment under division (B) of section 3734.123 of the Revised Code, the director of environmental protection shall make a determination as to whether it is necessary or appropriate to continue the restrictions established in division (C) of section 3734.123 of the Revised Code during the period of time between the issuance of the assessment and the issuance of the next succeeding periodic assessment or as to whether it is necessary or appropriate to terminate the restrictions. The director shall

consider all of the following when making a determination under 45355
this division: 45356

(1) The findings of the assessment; 45357

(2) The findings of an evaluation conducted by the 45358
director, in consultation with the chairperson of the state 45359
emergency response commission created in section 3750.02 of the 45360
Revised Code, regarding the capability of this state to respond 45361
to the types and frequencies of releases of hazardous waste that 45362
are likely to occur at commercial hazardous waste incinerators; 45363

(3) The effect that a new commercial hazardous waste 45364
incinerator may have on ambient air quality in this state; 45365

(4) The findings of a review of relevant information 45366
regarding the impacts of commercial hazardous waste incinerators 45367
on human health and the environment, such as health studies and 45368
risk assessments; 45369

(5) The findings of a review of the operational records of 45370
commercial hazardous waste incinerators operating in this state; 45371

(6) The findings of any review of relevant information 45372
concerning the following: 45373

(a) The cost of and access to commercial hazardous waste 45374
incinerator capacity; 45375

(b) The length of time and the regulatory review process 45376
necessary to fully permit a commercial hazardous waste 45377
incinerator; 45378

(c) Access to long-term capital investment to fund the 45379
building of a commercial hazardous waste incinerator in this 45380
state; 45381

(d) Efforts by generators of hazardous waste accepted by commercial hazardous waste incinerators to reduce the amount of hazardous waste that they generate.

(7) Regulatory and legislative concerns that may include, without limitation, the provisions of paragraphs (a) and (b) of 40 C.F.R. 271.4, as they existed on April 15, 1993.

If, after considering all of the information and concerns that the director is required to consider under divisions (A) (1) to (7) of this section, the director determines that it is necessary or appropriate to terminate the restrictions established in division (C) of section 3734.123 of the Revised Code in order to protect human health or safety or the environment, the director shall issue as a final action a written determination to that effect. If the director determines that it is necessary or appropriate for those purposes to continue the restrictions until the issuance of the next succeeding periodic assessment under division (B) of section 3734.123 of the Revised Code, the director shall issue as a final action a written determination to that effect. After the issuance as a final action of a determination under this division that it is necessary or appropriate to terminate the restrictions established in division (C) of section 3734.123 of the Revised Code, the director shall cease making the periodic determinations required under this division.

(B) Beginning three years after April 15, 1993, but only on and after the date of issuance as final actions of an assessment under division (B) of section 3734.123 of the Revised Code and a determination under division (A) of this section that it is necessary or appropriate to terminate the restrictions established in division (C) of section 3734.123 of the Revised

Code, the director may do any of the following: 45412

(1) To the extent otherwise authorized thereunder, issue 45413
any permit pursuant to rules adopted under division ~~(F)~~(E) of 45414
section 3704.03 of the Revised Code, division (J) of section 45415
6111.03 of the Revised Code, or the solid waste provisions of 45416
this chapter and rules adopted under those provisions, that is 45417
necessary for the establishment, modification, or operation of 45418
any appurtenant facility or equipment that is necessary for the 45419
operation of a new commercial hazardous waste incinerator, or 45420
for the modification of an existing incinerator to increase 45421
either the treatment capacity of the incinerator or the quantity 45422
of hazardous waste authorized to be treated by it; 45423

(2) To the extent otherwise authorized in division (G) of 45424
section 3734.02 of the Revised Code, issue an order exempting 45425
the establishment of a new commercial hazardous waste 45426
incinerator; the modification of an existing incinerator to 45427
increase either the treatment capacity of the incinerator or the 45428
quantity of hazardous waste that is authorized to be treated by 45429
it; or the establishment, modification, or operation of any 45430
facility or equipment appurtenant to a new or modified 45431
commercial hazardous waste incinerator, from division (C) (1) (a) 45432
or (b) or (C) (2) of section 3734.123 of the Revised Code; 45433

(3) Approve or disapprove an application for a hazardous 45434
waste facility installation and operation permit, and issue a 45435
permit, under division (D) of section 3734.05 of the Revised 45436
Code for a new commercial hazardous waste incinerator; 45437

(4) Approve or disapprove under division (I) of section 45438
3734.05 of the Revised Code a request to modify the permit of an 45439
existing commercial hazardous waste incinerator to increase 45440
either the treatment capacity of the incinerator or the quantity 45441

of hazardous waste authorized to be treated by it. 45442

Sec. 3734.40. The general assembly hereby finds and 45443
declares the following to be the public policy of this state: 45444

(A) That the off-site treatment, storage, and disposal of 45445
hazardous waste and the off-site disposal of solid wastes, 45446
including incineration, and transfer of solid wastes are 45447
critical components of the economic structure of this state and, 45448
when properly controlled and regulated, make substantial 45449
contributions to the general welfare, health, and prosperity of 45450
the state and its inhabitants by minimizing the serious health 45451
and environmental threats inherent in the management of these 45452
wastes; 45453

(B) That the regulatory provisions of this chapter are 45454
designed to extend strict state regulation to those persons 45455
involved in the operations of these permitted activities so as 45456
to foster and justify the public confidence and trust in the 45457
credibility and integrity of the conduct of these activities; 45458

(C) That the solid and hazardous waste management 45459
industries in this state can attain, maintain, and retain 45460
integrity, public confidence, and trust, and promote the general 45461
public interest, only under a system of control and regulation 45462
that precludes the participation therein of persons with known 45463
criminal records and excludes or removes from any position of 45464
authority or responsibility any person known to be so deficient 45465
in reliability, expertise, or competence with specific reference 45466
to the solid or hazardous waste management industries that 45467
~~his~~ the person's participation in them would create or enhance 45468
the danger of unsound, unfair, or illegal practices, methods, 45469
and activities in the conduct of the business of the industries; 45470

(D) That strict licensing standards will help ensure that 45471
members of the waste management industry in this state will 45472
continue to maintain standards of professionalism and 45473
responsibility; 45474

(E) That it therefore is vital to the interests of this 45475
state to prevent either direct or indirect entry into the 45476
operations of the off-site solid waste disposal and transfer and 45477
the off-site hazardous waste treatment, storage, and disposal, 45478
industries of persons who are not competent and reliable or who 45479
have pursued economic gains in an occupational manner or context 45480
violative of the criminal code or civil public policies of this 45481
state, and it is to the end of excluding such persons from those 45482
industries that the regulatory and investigatory powers and 45483
duties provided in sections 3734.41 to ~~3734.47~~3734.46 of the 45484
Revised Code shall be exercised to the fullest extent consistent 45485
with law. 45486

The attorney general shall provide the notification not later 45747

eleven cents of the proceeds of which shall be deposited in the 46042
state treasury to the credit of the hazardous waste facility 46043
management fund created in section 3734.18 of the Revised Code 46044
and sixty cents of the proceeds of which shall be deposited in 46045
the state treasury to the credit of the hazardous waste clean-up 46046
fund created in section 3734.28 of the Revised Code; 46047

(2) An additional ninety cents per ton through June 30, 46048
2028, the proceeds of which shall be deposited in the state 46049
treasury to the credit of the waste management fund created in 46050
section 3734.061 of the Revised Code; 46051

(3) An additional two dollars and eighty-one cents per ton 46052
through June 30, 2028, the proceeds of which shall be deposited 46053
in the state treasury to the credit of the environmental 46054
protection fund created in section 3745.015 of the Revised Code; 46055

(4) An additional twenty-five cents per ton through June 46056
30, 2028, the proceeds of which shall be deposited in the state 46057
treasury to the credit of the soil and water conservation 46058
district assistance fund created in section 940.15 of the 46059
Revised Code; 46060

(5) An additional eight cents per ton through June 30, 46061
2028, the proceeds of which shall be deposited in the state 46062
treasury to the credit of the national priority list remedial 46063
support fund created in section 3734.579 of the Revised Code. 46064

In the case of solid wastes that are taken to a solid 46065
waste transfer facility located in this state prior to being 46066

transported for disposal at a solid waste disposal facility 46067
located in this state or outside of this state, the fees levied 46068
under this division shall be collected by the owner or operator 46069
of the transfer facility as a trustee for the state. The amount 46070
of fees required to be collected under this division at such a 46071
transfer facility shall equal the total tonnage of solid wastes 46072
received at the facility multiplied by the fees levied under 46073
this division. In the case of solid wastes that are not taken to 46074
a solid waste transfer facility located in this state prior to 46075
being transported to a solid waste disposal facility, the fees 46076
shall be collected by the owner or operator of the solid waste 46077
disposal facility as a trustee for the state. The amount of fees 46078
required to be collected under this division at such a disposal 46079
facility shall equal the total tonnage of solid wastes received 46080
at the facility that was not previously taken to a solid waste 46081
transfer facility located in this state multiplied by the fees 46082
levied under this division. Fees levied under this division do 46083
not apply to materials separated from a mixed waste stream for 46084
recycling by a generator or materials removed from the solid 46085
waste stream through recycling, as "recycling" is defined in 46086
rules adopted under section 3734.02 of the Revised Code. 46087

The owner or operator of a solid waste transfer facility 46088
or disposal facility, as applicable, shall prepare and file with 46089
the director of environmental protection each month a return 46090
indicating the total tonnage of solid wastes received at the 46091
facility during that month and the total amount of the fees 46092
required to be collected under this division during that month. 46093
In addition, the owner or operator of a solid waste disposal 46094
facility shall indicate on the return the total tonnage of solid 46095
wastes received from transfer facilities located in this state 46096
during that month for which the fees were required to be 46097

collected by the transfer facilities. The monthly returns shall 46098
be filed on a form prescribed by the director. Not later than 46099
thirty days after the last day of the month to which a return 46100
applies, the owner or operator shall mail to the director the 46101
return for that month together with the fees required to be 46102
collected under this division during that month as indicated on 46103
the return or may submit the return and fees electronically in a 46104
manner approved by the director. If the return is filed and the 46105
amount of the fees due is paid in a timely manner as required in 46106
this division, the owner or operator may retain a discount of 46107
three-fourths of one per cent of the total amount of the fees 46108
that are required to be paid as indicated on the return. 46109

The owner or operator may request an extension of not more 46110
than thirty days for filing the return and remitting the fees, 46111
provided that the owner or operator has submitted such a request 46112
in writing to the director together with a detailed description 46113
of why the extension is requested, the director has received the 46114
request not later than the day on which the return is required 46115
to be filed, and the director has approved the request. If the 46116
fees are not remitted within thirty days after the last day of 46117
the month to which the return applies or are not remitted by the 46118
last day of an extension approved by the director, the owner or 46119
operator shall not retain the three-fourths of one per cent 46120
discount and shall pay an additional ten per cent of the amount 46121
of the fees for each month that they are late. For purposes of 46122
calculating the late fee, the first month in which fees are late 46123
begins on the first day after the deadline has passed for timely 46124
submitting the return and fees, and one additional month shall 46125
be counted every thirty days thereafter. 46126

The owner or operator of a solid waste facility may 46127
request a refund or credit of fees levied under this division 46128

and remitted to the director that have not been paid to the 46129
owner or operator. Such a request shall be made only if the fees 46130
have not been collected by the owner or operator, have become a 46131
debt that has become worthless or uncollectable for a period of 46132
six months or more, and may be claimed as a deduction, including 46133
a deduction claimed if the owner or operator keeps accounts on 46134
an accrual basis, under the "Internal Revenue Code of 1954," 68A 46135
Stat. 50, 26 U.S.C. 166, as amended, and regulations adopted 46136
under it. Prior to making a request for a refund or credit, an 46137
owner or operator shall make reasonable efforts to collect the 46138
applicable fees. A request for a refund or credit shall not 46139
include any costs resulting from those efforts to collect unpaid 46140
fees. 46141

A request for a refund or credit of fees shall be made in 46142
writing, on a form prescribed by the director, and shall be 46143
supported by evidence that may be required in rules adopted by 46144
the director under this chapter. After reviewing the request, 46145
and if the request and evidence submitted with the request 46146
indicate that a refund or credit is warranted, the director 46147
shall grant a refund to the owner or operator or shall permit a 46148
credit to be taken by the owner or operator on a subsequent 46149
monthly return submitted by the owner or operator. The amount of 46150
a refund or credit shall not exceed an amount that is equal to 46151
ninety days' worth of fees owed to an owner or operator by a 46152
particular debtor of the owner or operator. A refund or credit 46153
shall not be granted by the director to an owner or operator 46154
more than once in any twelve-month period for fees owed to the 46155
owner or operator by a particular debtor. 46156

If, after receiving a refund or credit from the director, 46157
an owner or operator receives payment of all or part of the 46158
fees, the owner or operator shall remit the fees with the next 46159

monthly return submitted to the director together with a written 46160
explanation of the reason for the submittal. 46161

For purposes of computing the fees levied under this 46162
division or division (B) of this section, any solid waste 46163
transfer or disposal facility that does not use scales as a 46164
means of determining gate receipts shall use a conversion factor 46165
of three cubic yards per ton of solid waste or one cubic yard 46166
per ton for baled waste, as applicable. 46167

The fees levied under this division and divisions (B) and 46168
(C) of this section are in addition to all other applicable fees 46169
and taxes and shall be paid by the customer or a political 46170
subdivision to the owner or operator of a solid waste transfer 46171
or disposal facility. In the alternative, the fees shall be paid 46172
by a customer or political subdivision to a transporter of waste 46173
who subsequently transfers the fees to the owner or operator of 46174
such a facility. The fees shall be paid notwithstanding the 46175
existence of any provision in a contract that the customer or a 46176
political subdivision may have with the owner or operator or 46177
with a transporter of waste to the facility that would not 46178
require or allow such payment regardless of whether the contract 46179
was entered prior to or after October 16, 2009. For those 46180
purposes, "customer" means a person who contracts with, or 46181
utilizes the solid waste services of, the owner or operator of a 46182
solid waste transfer or disposal facility or a transporter of 46183
solid waste to such a facility. 46184

(B) For the purposes specified in division (G) of this 46185
section, the solid waste management policy committee of a county 46186
or joint solid waste management district may levy fees upon the 46187
following activities: 46188

(1) The disposal at a solid waste disposal facility 46189

located in the district of solid wastes generated within the 46190
district; 46191

(2) The disposal at a solid waste disposal facility within 46192
the district of solid wastes generated outside the boundaries of 46193
the district, but inside this state; 46194

(3) The disposal at a solid waste disposal facility within 46195
the district of solid wastes generated outside the boundaries of 46196
this state. 46197

The solid waste management plan of the county or joint 46198
district approved under section 3734.521 or 3734.55 of the 46199
Revised Code and any amendments to it, or the resolution adopted 46200
under this division, as appropriate, shall establish the rates 46201
of the fees levied under divisions (B) (1), (2), and (3) of this 46202
section, if any, and shall specify whether the fees are levied 46203
on the basis of tons or cubic yards as the unit of measurement. 46204
A solid waste management district that levies fees under this 46205
division on the basis of cubic yards shall do so in accordance 46206
with division (A) of this section. 46207

The fee levied under division (B) (1) of this section shall 46208
be not less than one dollar per ton nor more than two dollars 46209
per ton, the fee levied under division (B) (2) of this section 46210
shall be not less than two dollars per ton nor more than four 46211
dollars per ton, and the fee levied under division (B) (3) of 46212
this section shall be not more than the fee levied under 46213
division (B) (1) of this section. 46214

Prior to the approval of the solid waste management plan 46215
of a district under section 3734.55 of the Revised Code, the 46216
solid waste management policy committee of a district may levy 46217
fees under this division by adopting a resolution establishing 46218

the proposed amount of the fees. Upon adopting the resolution, 46219
the committee shall deliver a copy of the resolution to the 46220
board of county commissioners of each county forming the 46221
district and to the legislative authority of each municipal 46222
corporation and township under the jurisdiction of the district 46223
and shall prepare and publish the resolution and a notice of the 46224
time and location where a public hearing on the fees will be 46225
held. Upon adopting the resolution, the committee shall deliver 46226
written notice of the adoption of the resolution; of the amount 46227
of the proposed fees; and of the date, time, and location of the 46228
public hearing to the director and to the fifty industrial, 46229
commercial, or institutional generators of solid wastes within 46230
the district that generate the largest quantities of solid 46231
wastes, as determined by the committee, and to their local trade 46232
associations. The committee shall make good faith efforts to 46233
identify those generators within the district and their local 46234
trade associations, but the nonprovision of notice under this 46235
division to a particular generator or local trade association 46236
does not invalidate the proceedings under this division. The 46237
publication shall occur at least thirty days before the hearing. 46238
After the hearing, the committee may make such revisions to the 46239
proposed fees as it considers appropriate and thereafter, by 46240
resolution, shall adopt the revised fee schedule. Upon adopting 46241
the revised fee schedule, the committee shall deliver a copy of 46242
the resolution doing so to the board of county commissioners of 46243
each county forming the district and to the legislative 46244
authority of each municipal corporation and township under the 46245
jurisdiction of the district. Within sixty days after the 46246
delivery of a copy of the resolution adopting the proposed 46247
revised fees by the policy committee, each such board and 46248
legislative authority, by ordinance or resolution, shall approve 46249
or disapprove the revised fees and deliver a copy of the 46250

ordinance or resolution to the committee. If any such board or 46251
legislative authority fails to adopt and deliver to the policy 46252
committee an ordinance or resolution approving or disapproving 46253
the revised fees within sixty days after the policy committee 46254
delivered its resolution adopting the proposed revised fees, it 46255
shall be conclusively presumed that the board or legislative 46256
authority has approved the proposed revised fees. The committee 46257
shall determine if the resolution has been ratified in the same 46258
manner in which it determines if a draft solid waste management 46259
plan has been ratified under division (B) of section 3734.55 of 46260
the Revised Code. 46261

The committee may amend the schedule of fees levied 46262
pursuant to a resolution adopted and ratified under this 46263
division by adopting a resolution establishing the proposed 46264
amount of the amended fees. The committee may repeal the fees 46265
levied pursuant to such a resolution by adopting a resolution 46266
proposing to repeal them. Upon adopting such a resolution, the 46267
committee shall proceed to obtain ratification of the resolution 46268
in accordance with this division. 46269

Not later than fourteen days after declaring the new fees 46270
to be ratified or the fees to be repealed under this division, 46271
the committee shall notify by certified mail the owner or 46272
operator of each solid waste disposal facility that is required 46273
to collect the fees of the ratification and the amount of the 46274
fees or of the repeal of the fees. Collection of any fees shall 46275
commence or collection of repealed fees shall cease on the first 46276
day of the second month following the month in which 46277
notification is sent to the owner or operator. 46278

Fees levied under this division also may be established, 46279
amended, or repealed by a solid waste management policy 46280

committee through the adoption of a new district solid waste 46281
management plan, the adoption of an amended plan, or the 46282
amendment of the plan or amended plan in accordance with 46283
sections 3734.55 and 3734.56 of the Revised Code or the adoption 46284
or amendment of a district plan in connection with a change in 46285
district composition under section 3734.521 of the Revised Code. 46286

Not later than fourteen days after the director issues an 46287
order approving a district's solid waste management plan, 46288
amended plan, or amendment to a plan or amended plan that 46289
establishes, amends, or repeals a schedule of fees levied by the 46290
district, the committee shall notify by certified mail the owner 46291
or operator of each solid waste disposal facility that is 46292
required to collect the fees of the approval of the plan or 46293
amended plan, or the amendment to the plan, as appropriate, and 46294
the amount of the fees, if any. In the case of an initial or 46295
amended plan approved under section 3734.521 of the Revised Code 46296
in connection with a change in district composition, other than 46297
one involving the withdrawal of a county from a joint district, 46298
the committee, within fourteen days after the change takes 46299
effect pursuant to division (E) of that section, shall notify by 46300
certified mail the owner or operator of each solid waste 46301
disposal facility that is required to collect the fees that the 46302
change has taken effect and of the amount of the fees, if any. 46303
Collection of any fees shall commence or collection of repealed 46304
fees shall cease on the first day of the second month following 46305
the month in which notification is sent to the owner or 46306
operator. 46307

If, in the case of a change in district composition 46308
involving the withdrawal of a county from a joint district, the 46309
director completes the actions required under section 3734.522 46310
of the Revised Code, forty-five days or more before the 46311

beginning of a calendar year, the policy committee of each of 46312
the districts resulting from the change that obtained the 46313
director's approval of an initial or amended plan in connection 46314
with the change, within fourteen days after the director's 46315
completion of the required actions, shall notify by certified 46316
mail the owner or operator of each solid waste disposal facility 46317
that is required to collect the district's fees that the change 46318
is to take effect on the first day of January immediately 46319
following the issuance of the notice and of the amount of the 46320
fees or amended fees levied under divisions (B) (1) to (3) of 46321
this section pursuant to the district's initial or amended plan 46322
as so approved or, if appropriate, the repeal of the district's 46323
fees by that initial or amended plan. Collection of any fees set 46324
forth in such a plan or amended plan shall commence on the first 46325
day of January immediately following the issuance of the notice. 46326
If such an initial or amended plan repeals a schedule of fees, 46327
collection of the fees shall cease on that first day of January. 46328

If, in the case of a change in district composition 46329
involving the withdrawal of a county from a joint district, the 46330
director completes the actions required under section 3734.522 46331
of the Revised Code, less than forty-five days before the 46332
beginning of a calendar year, the director, on behalf of each of 46333
the districts resulting from the change that obtained the 46334
director's approval of an initial or amended plan in connection 46335
with the change proceedings, shall notify by certified mail the 46336
owner or operator of each solid waste disposal facility that is 46337
required to collect the district's fees that the change is to 46338
take effect on the first day of January immediately following 46339
the mailing of the notice and of the amount of the fees or 46340
amended fees levied under divisions (B) (1) to (3) of this 46341
section pursuant to the district's initial or amended plan as so 46342

approved or, if appropriate, the repeal of the district's fees 46343
by that initial or amended plan. Collection of any fees set 46344
forth in such a plan or amended plan shall commence on the first 46345
day of the second month following the month in which 46346
notification is sent to the owner or operator. If such an 46347
initial or amended plan repeals a schedule of fees, collection 46348
of the fees shall cease on the first day of the second month 46349
following the month in which notification is sent to the owner 46350
or operator. 46351

If the schedule of fees that a solid waste management 46352
district is levying under divisions (B) (1) to (3) of this 46353
section is amended or repealed, the fees in effect immediately 46354
prior to the amendment or repeal shall continue to be collected 46355
until collection of the amended fees commences or collection of 46356
the repealed fees ceases, as applicable, as specified in this 46357
division. In the case of a change in district composition, money 46358
so received from the collection of the fees of the former 46359
districts shall be divided among the resulting districts in 46360
accordance with section 3734.522 of the Revised Code and the 46361
agreements entered into under division (B) of section 343.01 of 46362
the Revised Code to establish the former and resulting districts 46363
and any amendments to those agreements. 46364

For the purposes of the provisions of division (B) of this 46365
section establishing the times when newly established or amended 46366
fees levied by a district are required to commence and the 46367
collection of fees that have been amended or repealed is 46368
required to cease, "fees" or "schedule of fees" includes, in 46369
addition to fees levied under divisions (B) (1) to (3) of this 46370
section, those levied under section 3734.573 or 3734.574 of the 46371
Revised Code. 46372

(C) For the purposes of defraying the added costs to a 46373
municipal corporation or township of maintaining roads and other 46374
public facilities and of providing emergency and other public 46375
services, and compensating a municipal corporation or township 46376
for reductions in real property tax revenues due to reductions 46377
in real property valuations resulting from the location and 46378
operation of a solid waste disposal facility within the 46379
municipal corporation or township, a municipal corporation or 46380
township in which such a solid waste disposal facility is 46381
located may levy a fee of not more than twenty-five cents per 46382
ton on the disposal of solid wastes at a solid waste disposal 46383
facility located within the boundaries of the municipal 46384
corporation or township regardless of where the wastes were 46385
generated. 46386

The legislative authority of a municipal corporation or 46387
township may levy fees under this division by enacting an 46388
ordinance or adopting a resolution establishing the amount of 46389
the fees. Upon so doing the legislative authority shall mail a 46390
certified copy of the ordinance or resolution to the board of 46391
county commissioners or directors of the county or joint solid 46392
waste management district in which the municipal corporation or 46393
township is located or, if a regional solid waste management 46394
authority has been formed under section 343.011 of the Revised 46395
Code, to the board of trustees of that regional authority, the 46396
owner or operator of each solid waste disposal facility in the 46397
municipal corporation or township that is required to collect 46398
the fee by the ordinance or resolution, and the director of 46399
environmental protection. Although the fees levied under this 46400
division are levied on the basis of tons as the unit of 46401
measurement, the legislative authority, in its ordinance or 46402
resolution levying the fees under this division, may direct that 46403

the fees be levied on the basis of cubic yards as the unit of measurement based upon a conversion factor of three cubic yards per ton generally or one cubic yard per ton for baled wastes.

Not later than five days after enacting an ordinance or adopting a resolution under this division, the legislative authority shall so notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fee. Collection of any fee levied on or after March 24, 1992, shall commence on the first day of the second month following the month in which notification is sent to the owner or operator.

(D) (1) The fees levied under divisions (A), (B), and (C) of this section do not apply to the disposal of solid wastes that:

(a) Are disposed of at a facility owned by the generator of the wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated;

(b) Are generated from the combustion of coal, or from the combustion of primarily coal, regardless of whether the disposal facility is located on the premises where the wastes are generated;

(c) Are asbestos or asbestos-containing materials or products disposed of at a construction and demolition debris facility that is licensed under Chapter 3714. of the Revised Code or at a solid waste facility that is licensed under this chapter.

(2) Except as provided in section 3734.571 of the Revised

Code, any fees levied under division (B) (1) of this section 46433
apply to solid wastes originating outside the boundaries of a 46434
county or joint district that are covered by an agreement for 46435
the joint use of solid waste facilities entered into under 46436
section 343.02 of the Revised Code by the board of county 46437
commissioners or board of directors of the county or joint 46438
district where the wastes are generated and disposed of. 46439

(3) When solid wastes, other than solid wastes that 46440
consist of scrap tires, are burned in a disposal facility that 46441
is an incinerator or energy recovery facility, the fees levied 46442
under divisions (A), (B), and (C) of this section shall be 46443
levied upon the disposal of the fly ash and bottom ash remaining 46444
after burning of the solid wastes and shall be collected by the 46445
owner or operator of the sanitary landfill where the ash is 46446
disposed of. 46447

(4) When solid wastes are delivered to a solid waste 46448
transfer facility, the fees levied under divisions (B) and (C) 46449
of this section shall be levied upon the disposal of solid 46450
wastes transported off the premises of the transfer facility for 46451
disposal and shall be collected by the owner or operator of the 46452
solid waste disposal facility where the wastes are disposed of. 46453

(5) The fees levied under divisions (A), (B), and (C) of 46454
this section do not apply to sewage sludge that is generated by 46455
a waste water treatment facility holding a national pollutant 46456
discharge elimination system permit and that is disposed of 46457
through incineration, land application, or composting or at 46458
another resource recovery or disposal facility that is not a 46459
landfill. 46460

(6) The fees levied under divisions (A), (B), and (C) of 46461
this section do not apply to solid wastes delivered to a solid 46462

waste composting facility for processing. When any unprocessed 46463
solid waste or compost product is transported off the premises 46464
of a composting facility and disposed of at a landfill, the fees 46465
levied under divisions (A), (B), and (C) of this section shall 46466
be collected by the owner or operator of the landfill where the 46467
unprocessed waste or compost product is disposed of. 46468

resolutions levying fees under that division, the ratification 46687
of those resolutions, and the notification of owners and 46688
operators of solid waste facilities required to collect fees 46689

fees levied under this division, except as otherwise 46693
specifically provided in division (C) of this section. Any such 46694

(D) The policy committee of a county or joint district may 46714
amend fees levied by the district under division (A) or (B) of 46715
this section by adopting and obtaining ratification of a 46716
resolution establishing the proposed amount of the amended fees. 46717
The committee may abolish any of those fees or any amended fees 46718
established under this division by adopting and obtaining 46719
ratification of a resolution repealing them. A district that is 46720
proposing at the same time to amend or abolish the fees levied 46721
under divisions (A) and (B) of this section may adopt one 46722
resolution proposing the amendment or repeal of all of the fees. 46723
The requirements and procedures under division (B) and, if 46724
applicable, division (C) of this section govern the adoption and 46725

division and the notification of owners and operators of solid 46727
waste facilities required to collect the fees. Collection of the 46728
fees so amended or abolished commences or ceases in accordance 46729
with division (B) of section 3734.57 of the Revised Code. 46730

(E) Not later than thirty days before the beginning of 46731
each calendar quarter, the board of county commissioners or 46732
board of directors of a district that is levying fees under 46733
division (A) or (B) of this section shall submit to the director 46734
a proposed budget for the expenditure of moneys from the special 46735
fund of the district created under division (G) of section 46736

3734.57 of the Revised Code. The proposed budget shall be 46737
submitted on a form prescribed by the director. 46738

The director may disapprove in whole or in part such a 46739
proposed quarterly budget for any of the following reasons: 46740

(1) The proposed budget includes expenditures for any 46741
purpose other than those authorized under division (G) of 46742
section 3734.57 of the Revised Code; 46743

(2) The director reasonably estimates that there will be 46744
insufficient moneys in the special fund created to meet the 46745
proposed expenditures; 46746

director at least thirty days prior to the beginning of the 46748
calendar quarter to which it pertains; 46749

(4) The board failed to submit the latest report of 46750
quarterly expenditures from the fund that it was required to 46751
submit under section 3734.575 of the Revised Code within thirty 46752
days after the end of the calendar quarter to which it pertains; 46753

(5) The district is materially failing to comply with the 46754
implementation schedule contained in the plan or amended plan of 46755
the district prepared and ordered to be implemented under 46756
section 3734.521, 3734.55, or 3734.56 of the Revised Code; 46757

(6) There have been repeated inconsistencies between the 46758
expenditures projected in the proposed budgets submitted under 46759
division (E) of this section and actual expenditures from the 46760
fund. 46761

If the director does not disapprove a proposed quarterly 46762
budget prior to the first day of the calendar quarter to which 46763
it pertains, it is conclusively presumed that the proposed 46764

budget has not been disapproved. 46765

Nothing in division (E) of this section precludes the 46766
board of county commissioners or directors of a district from 46767
making necessary expenditures to meet unforeseen circumstances 46768
that occur during a calendar quarter that were not provided for 46769
in the proposed budget for that quarter. Prior to making any 46770
such expenditure, the board shall notify the director of the 46771
nature of the unforeseen circumstances and of the amount of the 46772
expenditure needed to meet them. The board shall include an 46773
explanation of the nature of the unforeseen circumstances and of 46774
the necessity and amount of the expenditures to meet them in the 46775
quarterly expenditure report for the quarter in which the 46776
expenditures were made that is submitted to the director under 46777
section 3734.575 of the Revised Code. 46778

commissioners or directors of a district that is levying fees 46780
under division (A) or (B) of this section is in material and 46781
continued noncompliance with the implementation schedule 46782
contained in the plan or amended plan of the district prepared 46783
and ordered to be implemented under section 3734.521, 3734.55, 46784
or 3734.56 of the Revised Code, or if repeated whole or partial 46785
disapprovals of the proposed quarterly budgets of the district 46786
have occurred under division (E) of this section, the director 46787
may issue an order to the board terminating the collection of 46788
all of the fees levied by the district under division (A) or (B) 46789
of this section. 46790

Notwithstanding section 119.06 of the Revised Code, the 46791
director may issue an order under this division or disapprove in 46792
whole or in part a proposed budget under division (E) of this 46793
section by issuance of a final action that is effective upon 46794

issuance without the necessity to hold any adjudication hearing 46795
in connection with the order or disapproval and without the 46796
issuance of a proposed action under section 3745.07 of the 46797
Revised Code. 46798

~~(G) The director, in accordance with Chapter 119. of the 46799

3734.551 of the Revised Code. 46811

in calendar year 2001 based upon the total actual emissions from 48945
the generating unit during calendar year 2000 and shall continue 48946
to be assessed each subsequent calendar year based on the total 48947
actual emissions from the generating unit during the preceding 48948
calendar year. 48949

(3) The director shall issue invoices to owners or 48950

a permit to operate pursuant to rules adopted under division 48961
~~(G), or a variance pursuant to division (H),~~ (F) of section 48962
3704.03 of the Revised Code; and who is not required to apply 48963
for and obtain a Title V permit under section 3704.03 of the 48964
Revised Code shall pay a single fee based upon the sum of the 48965
actual annual emissions from the facility of the regulated 48966
pollutants particulate matter, sulfur dioxide, nitrogen oxides, 48967

organic compounds, and lead in accordance with the following 48968
 schedule: 48969
 48970

 to install or permits to operate have been issued for the air 48973
 contaminant sources at the facility that include terms and 48974
 conditions that lower the facility's potential to emit air 48975
 contaminants below the major source thresholds established in 48976
 rules adopted under section 3704.036 of the Revised Code. 48977

(b) Through June 30, 2028, each person who owns or 48978
 operates a synthetic minor facility shall pay an annual fee of 48979
 five thousand dollars in addition to a fee based on the sum of 48980
 the actual annual emissions from the facility of particulate 48981
 matter, sulfur dioxide, nitrogen dioxide, organic compounds, and 48982
 lead in accordance with the following schedule: 48983
 48984

	1	2
A	Combined total tons per year of all regulated pollutants emitted	Annual fee per facility

than the fifteenth day of April, commencing in 2000. The fees	48989
assessed under division (D) of this section in a calendar year	48990

shall be based upon the sum of the actual emissions of those 48991
regulated pollutants during the preceding calendar year. For the 48992
purpose of division (D) of this section, emissions of air 48993
contaminants may be calculated using engineering calculations, 48994
emission factors, material balance calculations, or performance 48995
testing procedures, as authorized by the director. The director, 48996
by rule, may require persons who are required to pay the fees 48997
assessed under division (D) of this section to pay those fees 48998
biennially rather than annually. 48999

(E) (1) Consistent with the need to cover the reasonable 49000
costs of the Title V permit program, the director annually shall 49001
increase the fees assessed on emissions prescribed in division 49002
(B) of this section by the percentage, if any, by which the 49003
consumer price index for the most recent calendar year ending 49004
before the beginning of a year exceeds the consumer price index 49005
for calendar year 1989. Upon calculating an increase in fees 49006
authorized by division (E) (1) of this section, the director 49007
shall compile revised fee schedules for the purposes of division 49008
(B) of this section and shall make the revised schedules 49009
available to persons required to pay the fees assessed under 49010
that division and to the public. 49011

(2) For the purposes of division (E) (1) of this section: 49012

(a) The consumer price index for any year is the average 49013
of the consumer price index for all urban consumers published by 49014
the United States department of labor as of the close of the 49015
twelve-month period ending on the thirty-first day of August of 49016
that year. 49017

(b) If the 1989 consumer price index is revised, the 49018
director shall use the revision of the consumer price index that 49019
is most consistent with that for calendar year 1989. 49020

(F) Each person who is issued a permit to install pursuant to rules adopted under division ~~(F)~~(E) of section 3704.03 of the Revised Code on or after July 1, 2003, shall pay the fees specified in the following schedules:

any fiscal year. 49797

If, upon review of the fees under division (X) (7) of this 49798
section and after the fees have been reduced, the director 49799
determines that the total amount of moneys collected and 49800
accumulated is less than six hundred thousand dollars, the 49801
director, after review of the fee structure and consultation 49802
with affected persons, may issue an order increasing the amount 49803

Sec. 3746.04. The director of environmental protection, in 49878
accordance with Chapter 119. of the Revised Code, shall adopt, 49879
and subsequently may amend, suspend, or rescind, rules that do 49880
both of the following: 49881

(A) Revise the rules adopted under Chapters 3704., 3714., 49882
3734., 6109., and 6111. of the Revised Code to incorporate the 49883
provisions necessary to conform those rules to the requirements 49884
of this chapter. The amended rules adopted under this division 49885
also shall establish response times for all submittals to the 49886
environmental protection agency required under this chapter or 49887
rules adopted under it. 49888

(B) Establish ~~requirements and procedures that are~~ 49889
~~reasonably necessary for the implementation and administration~~ 49890
~~of this chapter, including, without limitation, all of the~~ 49891
following: 49892

(1) Appropriate generic numerical clean-up standards for 49893
the treatment or removal of soils, sediments, and water media 49894

for hazardous substances and petroleum. The rules shall 49895
establish separate generic numerical clean-up standards based 49896
upon the intended use of properties after the completion of 49897
voluntary actions, including industrial, commercial, and 49898
residential uses and such other categories of land use as the 49899
director considers to be appropriate. The generic numerical 49900
clean-up standards established for each category of land use 49901
shall be the concentration of each contaminant that may be 49902
present on a property that shall ensure protection of public 49903
health and safety and the environment for the reasonable 49904
exposure for that category of land use. When developing the 49905
standards, the director shall consider such factors as all of 49906
the following: 49907

(a) Scientific information, including, without limitation, 49908
toxicological information and realistic assumptions regarding 49909
human and environmental exposure to hazardous substances or 49910
petroleum; 49911

(b) Climatic factors; 49912

(c) Human activity patterns; 49913

(d) Current statistical techniques; 49914

(e) For petroleum at industrial property, alternatives to 49915
the use of total petroleum hydrocarbons. 49916

The generic numerical clean-up standards established in 49917
the rules adopted under division (B) (1) of this section shall be 49918
consistent with and equivalent in scope, content, and coverage 49919
to any applicable standard established by federal environmental 49920
laws and regulations adopted under them, including, without 49921
limitation, the "Federal Water Pollution Control Act Amendments 49922
of 1972," 86 Stat. 886, 33 U.S.C.A. 1251, as amended; the 49923

"Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 49924
42 U.S.C.A. 6921, as amended; the "Toxic Substances Control 49925
Act," 90 Stat. 2003 (1976), 15 U.S.C.A. 2601, as amended; the 49926
"Comprehensive Environmental Response, Compensation, and 49927
Liability Act of 1980," 94 Stat. 2779, 42 U.S.C.A. 9601, as 49928
amended; and the "Safe Drinking Water Act," 88 Stat. 1660 49929
(1974), 42 U.S.C.A. 300f, as amended. 49930

In order for the rules adopted under division (B) (1) of 49931
this section to require that any such federal environmental 49932
standard apply to a property, the property shall meet the 49933
requirements of the particular federal statute or regulation 49934
involved in the manner specified by the statute or regulation. 49935

The generic numerical clean-up standards for petroleum at 49936
commercial or residential property shall be the standards 49937
established in rules adopted under division (B) of section 49938
3737.882 of the Revised Code. 49939

(2) (a) Procedures for performing property-specific risk 49940
assessments that would be performed at a property to demonstrate 49941
that the remedy evaluated in a risk assessment results in 49942
protection of public health and safety and the environment 49943
instead of complying with the generic numerical clean-up 49944
standards established in the rules adopted under division (B) (1) 49945
of this section. The risk assessment procedures shall describe a 49946
methodology to establish, on a property-specific basis, 49947
allowable levels of contamination to remain at a property to 49948
ensure protection of public health and safety and the 49949
environment on the property and off the property when the 49950
contamination is emanating off the property, taking into account 49951
all of the following: 49952

(i) The implementation of treatment, storage, or disposal, 49953

or a combination thereof, of hazardous substances or petroleum; 49954

(ii) The existence of institutional controls or activity 49955
and use limitations that eliminate or mitigate exposure to 49956
hazardous substances or petroleum through the restriction of 49957
access to hazardous substances or petroleum; 49958

(iii) The existence of engineering controls that eliminate 49959
or mitigate exposure to hazardous substances or petroleum 49960
through containment of, control of, or restrictions of access to 49961
hazardous substances or petroleum, including, without 49962
limitation, fences, cap systems, cover systems, and landscaping. 49963

(b) The risk assessment procedures and levels of 49964
acceptable risk set forth in the rules adopted under division 49965
(B) (2) of this section shall be based upon all of the following: 49966

(i) Scientific information, including, without limitation, 49967
toxicological information and actual or proposed human and 49968
environmental exposure; 49969

(ii) Locational and climatic factors; 49970

(iii) Surrounding land use and human activities; 49971

(iv) Differing levels of remediation that may be required 49972
when an existing land use is continued compared to when a 49973
different land use follows the remediation. 49974

(c) Any standards established pursuant to rules adopted 49975
under division (B) (2) of this section shall be no more stringent 49976
than standards established under the environmental statutes of 49977
this state and rules adopted under them for the same contaminant 49978
in the same environmental medium that are in effect at the time 49979
the risk assessment is conducted. 49980

(3) Minimum standards for phase I property assessments. 49981

The standards shall specify the information needed to 49982
demonstrate that there is no reason to believe that 49983
contamination exists on a property. The rules adopted under 49984
division (B) (3) of this section, at a minimum, shall require 49985
that a phase I property assessment include all of the following: 49986

(a) A review and analysis of deeds, mortgages, easements 49987
of record, and similar documents relating to the chain of title 49988
to the property that are publicly available or that are known to 49989
and reasonably available to the owner or operator; 49990

(b) A review and analysis of any previous environmental 49991
assessments, property assessments, environmental studies, or 49992
geologic studies of the property and any land within two 49993
thousand feet of the boundaries of the property that are 49994
publicly available or that are known to and reasonably available 49995
to the owner or operator; 49996

histories of persons who owned or operated the property; 49998

(d) A review of aerial photographs of the property that 49999
indicate prior uses of the property; 50000

(e) Interviews with managers of activities conducted at 50001
the property who have knowledge of environmental conditions at 50002
the property; 50003

(f) Conducting an inspection of the property consisting of 50004
a walkover; 50005

(g) Identifying the current and past uses of the property, 50006
adjoining tracts of land, and the area surrounding the property, 50007
including, without limitation, interviews with persons who 50008
reside or have resided, or who are or were employed, within the 50009
area surrounding the property regarding the current and past 50010

uses of the property and adjacent tracts of land. 50011

The rules adopted under division (B) (3) of this section 50012
shall establish criteria to determine when a phase II property 50013
assessment shall be conducted when a phase I property assessment 50014
reveals facts that establish a reason to believe that hazardous 50015
substances or petroleum have been treated, stored, managed, or 50016
disposed of on the property if the person undertaking the phase 50017
I property assessment wishes to obtain a covenant not to sue 50018
under section 3746.12 of the Revised Code. 50019

(4) Minimum standards for phase II property assessments. 50020
The standards shall specify the information needed to 50021
demonstrate that any contamination present at the property does 50022
not exceed applicable standards or that the remedial activities 50023
conducted at the property have achieved compliance with 50024
applicable standards. The rules adopted under division (B) (4) of 50025
this section, at a minimum, shall require that a phase II 50026
property assessment include all of the following: 50027

(a) A review and analysis of all documentation prepared in 50028
connection with a phase I property assessment conducted within 50029
the one hundred eighty days before the phase II property 50030
assessment begins. The rules adopted under division (B) (4) (a) of 50031
this section shall require that if a period of more than one 50032
hundred eighty days has passed between the time that the phase I 50033
assessment of the property was completed and the phase II 50034
assessment begins, the phase II assessment shall include a 50035
reasonable inquiry into the change in the environmental 50036
condition of the property during the intervening period. 50037

(b) Quality assurance objectives for measurements taken in 50038
connection with a phase II assessment; 50039

(c) Sampling procedures to ensure the representative	50040
sampling of potentially contaminated environmental media;	50041

samples collected in connection with phase II assessments;	50043
(e) Analytical and data assessment procedures;	50044
(f) Data objectives to ensure that samples collected in	50045
connection with phase II assessments are biased toward areas	50046
where information indicates that contamination by hazardous	50047
substances or petroleum is likely to exist.	50048
(5) Standards governing the conduct of certified	50049
professionals, criteria and procedures for the certification of	50050
professionals to issue no further action letters under section	50051
3746.11 of the Revised Code, and criteria for the suspension and	50052
revocation of those certifications. The director shall take an	50053
action regarding a certification as a final action. The	50054
issuance, denial, renewal, suspension, and revocation of those	50055
certifications are subject to Chapter 3745. of the Revised Code,	50056
except that, in lieu of publishing an action regarding a	50057
certification in a newspaper of general circulation as required	50058
in section 3745.07 of the Revised Code, such an action shall be	50059
published on the environmental protection agency's web site and	50060
in the agency's weekly review not later than fifteen days after	50061
the date of the issuance, denial, renewal, suspension, or	50062
revocation of the certification and not later than thirty days	50063
before a hearing or public meeting concerning the action.	50064

professionals for certification and for the issuance of the 50091
certifications. 50092

(c) Develop a schedule for and establish requirements 50093

environmental professional who does not comply with those 50111
criteria may obtain the credentials that are necessary for 50112
certification; 50113

(e) Authorize the director to suspend or revoke the 50122
certification of an environmental professional if the director 50123
finds that the environmental professional's performance has 50124
resulted in the issuance of no further action letters under 50125
section 3746.11 of the Revised Code that are not consistent with 50126

applicable standards or finds that the certified environmental professional has not substantially complied with section 3746.31 of the Revised Code;

(iii) The natural quality of ground water; 50250

(iv) Regional availability of ground water and reasonable 50251
alternative sources of drinking water; 50252

(v) The productivity of the aquifer; 50253

(vi) The presence of restrictions on the use of ground 50254
water implemented under this chapter and rules adopted under it; 50255

(vii) The existing use of ground water. 50256

(b) In adopting rules under division (B) (9) of this 50257
section to characterize ground water according to its impacts on 50258
the environment, the director shall consider both of the 50259
following: 50260

(i) The risks posed to humans, fauna, surface water, 50261
sediments, soil, air, and other resources by the continuing 50262
presence of contaminated ground water; 50263

(ii) The availability and feasibility of technology to 50264
remedy ground water contamination. 50265

(10) Governing the application for and issuance of 50266
variances under section 3746.09 of the Revised Code; 50267

(11) (a) In the case of voluntary actions involving 50268

contaminated ground water, specifying the circumstances under 50269
which the generic numerical clean-up standards established in 50270
rules adopted under division (B) (1) of this section and 50271
standards established through a risk assessment conducted 50272
pursuant to rules adopted under division (B) (2) of this section 50273
shall be inapplicable to the remediation of contaminated ground 50274
water and under which the standards for remediating contaminated 50275
ground water shall be established on a case-by-case basis prior 50276
to the commencement of the voluntary action pursuant to rules 50277
adopted under division (B) (11) (b) of this section; 50278

(b) Criteria and procedures for the case-by-case 50279
establishment of standards for the remediation of contaminated 50280
ground water under circumstances in which the use of the generic 50281
numerical clean-up standards and standards established through a 50282
risk assessment are precluded by the rules adopted under 50283
division (B) (11) (a) of this section. The rules governing the 50284
procedures for the case-by-case development of standards for the 50285
remediation of contaminated ground water shall establish 50286
application, public participation, adjudication, and appeals 50287
requirements and procedures that are equivalent to the 50288
requirements and procedures established in section 3746.09 of 50289
the Revised Code and rules adopted under division (B) (10) of 50290
this section, except that the procedural rules shall not require 50291
an applicant to make the demonstrations set forth in divisions 50292
(A) (1) to (3) of section 3746.09 of the Revised Code. 50293

(12) A definition of the evidence that constitutes 50294
sufficient evidence for the purpose of division (A) (5) of 50295
section 3746.02 of the Revised Code. 50296

At least thirty days before filing the proposed rules 50297
required to be adopted under this section with the secretary of 50298

state, director of the legislative service commission, and joint 50299
committee on agency rule review in accordance with divisions (B) 50300
and (C) of section 119.03 of the Revised Code, the director of 50301
environmental protection shall hold at least one public meeting 50302
on the proposed rules in each of the five districts into which 50303
the agency has divided the state for administrative purposes. 50304

Sec. 3750.02. (A) There is hereby created the emergency 50305
response commission consisting of the directors of environmental 50306
protection, health, and administrative services, the chairperson 50307
of the public utilities commission, the fire marshal, the 50308
director of public safety, the director of transportation, the 50309
director of natural resources, the superintendent of the highway 50310
patrol, and the attorney general as members ex officio, or their 50311
designees; notwithstanding section 101.26 of the Revised Code, a 50312
member of the house of representatives appointed by the speaker 50313
of the house of representatives and a member of the senate 50314
appointed by the president of the senate, who may participate 50315
fully in all the commission's deliberations and activities, 50316
except that they shall serve as nonvoting members; and ten 50317
members to be appointed by the governor with the advice and 50318
consent of the senate. The appointed members, to the extent 50319
practicable, shall have technical expertise in the field of 50320
emergency response. Of the appointed members, two shall 50321
represent environmental advocacy organizations, one shall 50322
represent the interests of petroleum refiners or marketers or 50323
chemical manufacturers, one shall represent the interests of 50324
another industry subject to this chapter, one shall represent 50325
the interests of municipal corporations, one shall represent the 50326
interests of counties, one shall represent the interests of 50327
chiefs of fire departments, one shall represent the interests of 50328
professional firefighters, one shall represent the interests of 50329

volunteer firefighters, and one shall represent the interests of 50330
local emergency management agencies. 50331

An appointed member of the commission also may serve as a 50332
member of the local emergency planning committee of an emergency 50333
planning district. An appointed member of the commission who is 50334
also a member of a local emergency planning committee shall not 50335
participate as a member of the commission in the appointment of 50336
members of the local emergency planning committee of which the 50337
member is a member, in the review of the chemical emergency 50338
response and preparedness plan submitted by the local emergency 50339
planning committee of which the member is a member, in any vote 50340
to approve a grant to the member's district, or in any vote of 50341
the commission on any motion or resolution pertaining 50342
specifically to the member's district or the local emergency 50343
planning committee on which the member serves. A commission 50344
member who is also a member of a local emergency planning 50345
committee shall not lobby or otherwise act as an advocate for 50346
the member's district to other members of the commission to 50347
obtain from the commission anything of value for the member's 50348
district or the local emergency planning committee of which the 50349
member is a member. A member of the commission who is also a 50350
member of a local emergency planning committee may vote on 50351
resolutions of the commission that apply uniformly to all local 50352
emergency planning committees and districts in the state and do 50353
not provide a grant or other pecuniary benefit to the member's 50354
district or the committee of which the member is a member. 50355

The governor shall make the initial appointments to the 50356
commission within thirty days after December 14, 1988. Of the 50357
initial appointments to the commission, five shall be for a term 50358
of two years and five shall be for a term of one year. 50359
Thereafter, terms of office of the appointed members of the 50360

commission shall be for two years, with each term ending on the 50361
same day of the same month as did the term that it succeeds. 50362
Each member shall hold office from the date of appointment until 50363
the end of the term for which the member was appointed. Members 50364
may be reappointed. Vacancies shall be filled in the manner 50365
provided for original appointments. Any member appointed to fill 50366
a vacancy occurring prior to the expiration of the term for 50367
which the member's predecessor was appointed shall hold office 50368
for the remainder of that term. A member shall continue in 50369
office subsequent to the expiration date of the member's term 50370
until the member's successor takes office or until a period of 50371
sixty days has elapsed, whichever occurs first. The commission 50372
may at any time by a vote of two-thirds of all the members 50373
remove any appointed member of the commission for misfeasance, 50374
nonfeasance, or malfeasance. Members of the commission shall 50375
serve without compensation, but shall be reimbursed for the 50376
reasonable expenses incurred by them in the discharge of their 50377
duties as members of the commission. 50378

The commission shall meet at least annually and shall hold 50379
such additional meetings as are necessary to implement and 50380
administer this chapter. Additional meetings may be held at the 50381
behest of either a co-chairperson or a majority of the members. 50382
The commission shall, by adoption of internal management rules 50383
under division (B) (9) of this section, establish an executive 50384
committee and delegate to it the performance of such of the 50385
commission's duties and powers under this chapter as are 50386
required or authorized to be so delegated by that division. The 50387
commission may organize itself into such additional committees 50388
as it considers necessary or convenient to implement and 50389
administer this chapter. The director of environmental 50390
protection and the director of public safety or their designees 50391

shall serve as co-chairpersons of the commission and the 50392
executive committee. Except as otherwise provided in this 50393
chapter, a majority of the voting members of the commission 50394
constitutes a quorum and the affirmative vote of a majority of 50395
the voting members of the commission is necessary for any action 50396
taken by the commission. Meetings of the executive committee 50397
conducted for the purpose of determining whether to issue an 50398
enforcement order or request that a civil action, civil penalty 50399
action, or criminal action be brought to enforce this chapter or 50400
rules adopted or orders issued under it are not subject to 50401
section 121.22 of the Revised Code pursuant to division (D) of 50402
that section. 50403

Except for the purposes of Chapters 102. and 2921. and 50404
sections 9.86 and 109.36 to ~~109.366~~109.365 of the Revised Code, 50405
serving as an appointed member of the commission does not 50406
constitute holding a public office or position of employment 50407
under the laws of this state and does not constitute grounds for 50408
removal of public officers or employees from their offices or 50409
positions of employment. 50410

(B) The commission shall: 50411

(1) Adopt rules in accordance with Chapter 119. of the 50412
Revised Code that are consistent with and equivalent in scope, 50413
content, and coverage to the "Emergency Planning and Community 50414
Right-To-Know Act of 1986," 100 Stat. 1729, 42 U.S.C.A. 11001, 50415
and applicable regulations adopted under it: 50416

(a) Identifying or listing extremely hazardous substances 50417
and establishing a threshold planning quantity for each such 50418
substance. To the extent consistent with that act and applicable 50419
regulations adopted under it, the rules may establish threshold 50420
planning quantities based upon classes of those substances or 50421

categories of facilities at which such substances are present. 50422

(b) Listing hazardous chemicals, establishing threshold 50423
quantities for those chemicals, establishing categories of 50424
health and physical hazards of those chemicals, establishing 50425
criteria or procedures for identifying those chemicals and the 50426
appropriate hazard categories of those chemicals, and 50427
establishing ranges of quantities for those chemicals to be used 50428
in preparing emergency and hazardous chemical inventory forms 50429
under section 3750.08 of the Revised Code. To the extent 50430
consistent with that act and applicable regulations adopted 50431
under it, the rules may establish threshold quantities based 50432
upon classes of those chemicals or categories of facilities 50433
where those chemicals are present. 50434

To the extent consistent with that act, the threshold 50435
quantities for purposes of the submission of lists of hazardous 50436
chemicals under section 3750.07 and the submission of emergency 50437
and hazardous chemical inventory forms under section 3750.08 of 50438
the Revised Code may differ. 50439

(c) Identifying or listing hazardous substances and 50440
establishing reportable quantities of each of those substances 50441
and each extremely hazardous substance. In addition to being 50442
consistent with and equivalent in scope, content, and coverage 50443
to that act and applicable regulations adopted under it, the 50444
rules shall be consistent with and equivalent in scope, content, 50445
and coverage to regulations identifying or listing hazardous 50446
substances and reportable quantities of those substances adopted 50447
under the "Comprehensive Environmental Response, Compensation, 50448
and Liability Act of 1980," 94 Stat. 2779, 42 U.S.C.A. 9602, as 50449
amended. 50450

(d) Prescribing the information to be included in the 50451

lists of hazardous chemicals required to be submitted under 50452
section 3750.07 of the Revised Code; 50453

(e) Prescribing the information to be included in the 50454
emergency and hazardous chemical inventory forms required to be 50455
submitted under section 3750.08 of the Revised Code. If the 50456
commission establishes its own emergency and hazardous chemical 50457
inventory form, the rules shall authorize owners and operators 50458
of facilities who also have one or more facilities located 50459
outside the state for which they are required to submit 50460
inventory forms under the federal act and regulations adopted 50461
under it to submit their annual inventories on forms prescribed 50462
by the administrator of the United States environmental 50463
protection agency under that act instead of on forms prescribed 50464
by the commission and shall require those owners or operators to 50465
submit any additional information required by the commission's 50466
inventory form on an attachment to the federal form. 50467

(f) Establishing procedures for giving verbal notice of 50468
releases under section 3750.06 of the Revised Code and 50469
prescribing the information to be provided in such a notice and 50470
in the follow-up written notice required by that section; 50471

(g) Establishing standards for determining valid needs for 50472
the release of tier II information under division (B) (4) of 50473
section 3750.10 of the Revised Code; 50474

(h) Identifying the types or categories of information 50475
submitted or obtained under this chapter and rules adopted under 50476
it that constitute confidential business information; 50477

(i) Establishing criteria and procedures to protect trade 50478
secret and confidential business information from unauthorized 50479
disclosure; 50480

~~(j) Establishing other requirements or authorizations that the commission considers necessary or appropriate to implement, administer, and enforce this chapter.~~

(2) Adopt rules in accordance with Chapter 119. of the Revised Code to implement and administer this chapter that may be more stringent than the "Emergency Planning and Community Right-To-Know Act of 1986," 100 Stat. 1729, 42 U.S.C.A. 11001, and regulations adopted under it. Rules adopted under division (B) (2) of this section shall not be inconsistent with that act or the regulations adopted under it. The rules shall:

(a) Prescribe the information to be included in the chemical emergency response and preparedness plans prepared and submitted by local emergency planning committees under section 3750.04 of the Revised Code;

(b) Establish criteria and procedures for reviewing the chemical emergency response and preparedness plans of local emergency planning committees required by section 3750.04 of the Revised Code and the annual exercise of those plans and for providing concurrence or requesting modifications in the plans and the exercise of those plans. The criteria shall include, without limitation, the requirement that each exercise of a committee's plan involve, in addition to local emergency response and medical personnel, either a facility that is subject to the plan or a transporter of materials that are identified or listed as hazardous materials by regulations adopted under the "Hazardous Materials Transportation Act," 88 Stat. 2156 (1975), 49 U.S.C.A. 1801, as amended.

(c) Establish policies and procedures for maintaining information submitted to the commission and local emergency planning committees under this chapter, and for receiving and

fulfilling requests from the public for access to review and to 50511
obtain copies of that information. The criteria and procedures 50512
shall include the following requirements and authorizations 50513
regarding that information and access to it: 50514

(i) Information that is protected as trade secret 50515
information or confidential business information under this 50516
chapter and rules adopted under it shall be kept in files that 50517
are separate from those containing information that is not so 50518
protected. 50519

(ii) The original copies of information submitted to the 50520
commission or committee shall not be removed from the custody 50521
and control of the commission or committee. 50522

(iii) A person who, either in person or by mail, requests 50523
to obtain a copy of a material safety data sheet submitted under 50524
this chapter by a facility owner or operator shall submit a 50525
separate application for each facility for which a material 50526
safety data sheet is being requested. 50527

(iv) A person who requests to receive by mail a copy of 50528
information submitted under this chapter by a facility owner or 50529
operator shall submit a separate application for each facility 50530
for which information is being requested and shall specify both 50531
the facility for which information is being requested and the 50532
particular types of documents requested. 50533

(v) Only employees of the commission or committee shall 50534
copy information in the files of the commission or committee. 50535

(vi) The commission or committee may require any person 50536
who requests to review or obtain a copy of information in its 50537
files to schedule an appointment for that purpose with the 50538
information coordinator of the commission or committee at least 50539

twenty-four hours before arriving at the office of the 50540
commission or committee for the review or copy. 50541

(vii) Any person who seeks access to information in the 50542
files of the commission or a local emergency planning committee 50543
shall submit a written application, either in person or by mail, 50544
to the information coordinator on a form provided by the 50545
commission or committee. The person also shall provide the 50546
person's name and current mailing address on the application and 50547
may be requested by the commission or committee to provide basic 50548
demographic information on the form to assist in the evaluation 50549
of the information access provisions of this chapter and rules 50550
adopted under it. Application forms may be obtained by mail or 50551
in person or by request by telephone at the office of the 50552
commission or committee during regular business hours. Upon 50553
receipt of a request for an application by telephone or mail, 50554
the information coordinator shall promptly mail an application 50555
to the person who requested it. 50556

(viii) The application form shall provide the applicant 50557
with a means of indicating that the applicant's name and address 50558
are to be kept confidential. If the applicant so indicates, that 50559
information is not a public record under section 149.43 of the 50560
Revised Code and shall not be disclosed to any person who is not 50561
a member or employee of the commission or committee or an 50562
employee of the environmental protection agency. When a name and 50563
address are to be kept confidential, they also shall be deleted 50564
from the copy of the application required to be placed in the 50565
file of the facility under division (B)(2)(c)(xii) of this 50566
section and shall be withheld from any log of information 50567
requests kept by the commission or committee pursuant to that 50568
division. 50569

(ix) Neither the commission nor a local emergency planning committee shall charge any fee for access to review information in its files when no copies or computer searches of that information are requested.

(x) An applicant shall be informed of the cost of copying, mailing, or conducting a computer search of information on file with the commission or committee before such a copy or search is made, and the commission or committee shall collect the appropriate fees as established under section 3750.13 of the Revised Code. Each applicant shall acknowledge on the application form that the applicant is aware that the applicant will be charged for copies and computer searches of that information the applicant requests and for the costs of mailing copies of the information to the applicant.

(xi) The commission or committee may require a person requesting copies of information on file with it to take delivery of them in the office of the commission or committee whenever it considers the volume of the information to be large enough to make mailing or delivery by a parcel or package delivery service impractical.

(xii) When the commission or committee receives a request for access to review or obtain copies of information in its files, it shall not routinely notify the owner or operator of the facility involved, but instead shall either keep a log or file of requests for the information or shall place a copy of each completed application form in the file for the facility to which the application pertains. Such a log or file shall be available for review by the public and by the owners and operators of facilities required to submit information to the commission or committee under this chapter and rules adopted

under it. 50600

(d) Require that claims for the protection, as a trade 50601
secret, of information obtained under this chapter regarding 50602
extremely hazardous substances identified or listed in rules 50603
adopted under division (B) (1) (a) of this section and hazardous 50604
chemicals identified or listed in rules adopted under division 50605
(B) (1) (b) of this section be submitted to the administrator of 50606
the United States environmental protection agency for 50607
determination under section 322 of the ~~the~~ "Emergency Planning 50608
and Community Right-To-Know Act of 1986," 100 Stat. 1747, 42 50609
U.S.C.A. 11042, and regulations adopted under that section; 50610

(e) Establish criteria and procedures for the issuance of 50611
variances under divisions (B) and (C) of section 3750.11 of the 50612
Revised Code. The rules shall require that, before approval of 50613
an application for a variance, the commission or committee find 50614
by a preponderance of the scientific evidence based upon 50615
generally accepted scientific principles or laboratory tests 50616
that the extremely hazardous substances, hazardous chemicals, or 50617
hazardous substances that would be subject to the reporting 50618
requirement pose a substantial risk of catastrophic injury to 50619
public health or safety or to the environment, or pose an 50620
extraordinary risk of injury to emergency management personnel 50621
responding to a release of the chemicals or substances, when the 50622
substances or chemicals are present at a facility in an amount 50623
equal to or exceeding the quantity for which reporting would be 50624
required under the reporting requirement for which the variance 50625
is sought. The rules shall also require that before approval of 50626
an application for a variance, the commission or committee find 50627
by a preponderance of the evidence that the development and 50628
implementation of a local emergency response plan for releases 50629
of the substances or chemicals covered by the reporting 50630

requirement will reduce the risk of catastrophic injury to 50631
public health or safety or to the environment, or will reduce 50632
the extraordinary risk of injury to responding emergency 50633
management personnel, in the event of a release of the 50634
substances or chemicals and find by a preponderance of the 50635
evidence that the reporting requirement is necessary for the 50636
development of such a local emergency response plan. The rules 50637
shall require that when determining whether the substances or 50638
chemicals that would be subject to the reporting requirement 50639
pose a substantial risk of catastrophic injury to public health 50640
or safety or to the environment, or pose an extraordinary risk 50641
of injury to emergency management personnel responding to a 50642
release of the substance or chemical, the commission or 50643
committee consider all of the following factors: 50644

(i) The specific characteristics and degree and nature of 50645
the hazards posed by a release of the extremely hazardous 50646
substances, hazardous chemicals, or hazardous substances; 50647

(ii) The proximity of the facilities that would be subject 50648
to the reporting requirement to residential areas, to areas 50649
where significantly large numbers of people are employed or 50650
otherwise congregate, and to environmental resources that are 50651
subject to injury; 50652

(iii) The quantities of the extremely hazardous 50653
substances, hazardous chemicals, or hazardous substances that 50654
are routinely present at facilities that would be subject to the 50655
reporting requirement; 50656

(iv) The frequency with which the extremely hazardous 50657
substances, hazardous chemicals, or hazardous substances are 50658
present at the facilities that would be subject to the reporting 50659
requirement in quantities for which reporting would be required 50660

thereunder. 50661

(f) Establish criteria and procedures for the issuance of 50662
orders under division (D) of section 3750.11 of the Revised Code 50663
requiring the placement of emergency response lock box units. 50664
The rules shall require that before approval of an application 50665
for issuance of such an order, the commission or committee find 50666
by a preponderance of the scientific evidence based upon 50667
generally accepted scientific principles or laboratory tests 50668
that the presence of the extremely hazardous substances, 50669
hazardous chemicals, or hazardous substances in the quantities 50670
in which they are routinely or intermittently present at the 50671
facility for which the order is sought pose a substantial risk 50672
of catastrophic injury to public health or safety or to the 50673
environment, or pose an extraordinary risk of injury to 50674
responding emergency management personnel, in the event of a 50675
release of any of those substances or chemicals from the 50676
facility. The rules shall require that before approval of an 50677
application for issuance of such an order, the commission or 50678
committee also find by a preponderance of the evidence that the 50679
placement of an emergency response lock box unit at the facility 50680
is necessary to protect against the substantial risk of 50681
catastrophic injury to public health or safety or the 50682
environment, or to protect against an extraordinary risk of 50683
injury to responding emergency management personnel, in the 50684
event of a release of any of the extremely hazardous substances, 50685
hazardous chemicals, or hazardous substances routinely or 50686
intermittently present at the facility. The rules shall require 50687
that when determining whether the extremely hazardous 50688
substances, hazardous chemicals, or hazardous substances present 50689
at the facility pose a substantial risk of catastrophic injury 50690
to public health or safety or to the environment, or pose an 50691

extraordinary risk of injury to responding emergency management 50692
personnel, in the event of a release of any of those substances 50693
or chemicals from the facility, the commission or committee 50694
consider all of the following factors: 50695

(i) The specific characteristics and the degree and nature 50696
of the hazards posed by a release of the extremely hazardous 50697
substances, hazardous chemicals, or hazardous substances present 50698
at the facility; 50699

(ii) The proximity of the facility to residential areas, 50700
to areas where significantly large numbers of people are 50701
employed or otherwise congregate, and to environmental resources 50702
that are subject to injury; 50703

(iii) The quantities of the extremely hazardous 50704
substances, hazardous chemicals, or hazardous substances that 50705
are routinely present at the facility; 50706

(iv) The frequency with which the extremely hazardous 50707
substances, hazardous chemicals, or hazardous substances are 50708
present at the facility. 50709

(g) Establish procedures to be followed by the commission 50710
and the executive committee of the commission for the issuance 50711
of orders under this chapter. 50712

(3) In accordance with Chapter 119. of the Revised Code 50713
adopt rules establishing reportable quantities for releases of 50714
oil that are consistent with and equivalent in scope, content, 50715
and coverage to section 311 of the "Federal Water Pollution 50716
Control Act Amendments of 1972," 86 Stat. 862, 33 U.S.C.A. 1321, 50717
as amended, and applicable regulations adopted under it; 50718

(4) Adopt rules in accordance with Chapter 119. of the 50719
Revised Code establishing criteria and procedures for 50720

identifying or listing extremely hazardous substances in 50721
addition to those identified or listed in rules adopted under 50722
division (B) (1) (a) of this section and for establishing 50723
threshold planning quantities and reportable quantities for the 50724
added extremely hazardous substances; for identifying or listing 50725
hazardous chemicals in addition to those identified or listed in 50726
rules adopted under division (B) (1) (b) of this section and for 50727
establishing threshold quantities and categories of health and 50728
physical hazards for the added hazardous chemicals; and for 50729
identifying or listing hazardous substances in addition to those 50730
identified or listed in rules adopted under division (B) (1) (c) 50731
of this section and for establishing reportable quantities for 50732
the added hazardous substances. The criteria for identifying or 50733
listing additional extremely hazardous substances and 50734
establishing threshold planning quantities and reportable 50735
quantities therefor and for identifying or listing additional 50736
hazardous chemicals and establishing threshold quantities and 50737
categories of health and physical hazards for the added 50738
hazardous chemicals shall be consistent with and equivalent to 50739
applicable criteria therefor under the "Emergency Planning and 50740
Community Right-To-Know Act of 1986," 100 Stat. 1729, 42 50741
U.S.C.A. 11001, and regulations adopted under it. The criteria 50742
for identifying additional hazardous substances and for 50743
establishing reportable quantities of the added hazardous 50744
substances shall be consistent with and equivalent to the 50745
applicable criteria for identifying or listing hazardous 50746
substances and establishing reportable quantities therefor under 50747
the "Comprehensive Environmental Response, Compensation, and 50748
Liability Act of 1980," 94 Stat. 2779, 42 U.S.C.A. 9602, as 50749
amended, and regulations adopted under it. 50750

The rules shall require that, before identifying or 50751

listing any such additional extremely hazardous substance, 50752
hazardous chemical, or hazardous substance and establishing a 50753
threshold planning quantity, threshold quantity, or reportable 50754
quantity therefor, the commission find by a preponderance of the 50755
scientific evidence based on generally accepted scientific 50756
principles or laboratory tests that the substance or chemical 50757
poses a substantial risk of catastrophic injury to public health 50758
or safety or to the environment, or poses an extraordinary risk 50759
of injury to emergency management personnel responding to a 50760
release of the chemical or substance, when the chemical or 50761
substance is present at a facility in an amount equal to the 50762
proposed threshold planning quantity or threshold quantity or, 50763
in the instance of a proposed additional extremely hazardous 50764
substance or hazardous substance, poses a substantial risk of 50765
catastrophic injury to public health or safety or to the 50766
environment if a release of the proposed reportable quantity of 50767
the substance occurs. The rules shall further require that, 50768
before so identifying or listing a substance or chemical, the 50769
commission find by a preponderance of the evidence that the 50770
development and implementation of state or local emergency 50771
response plans for releases of the substance or chemical will 50772
reduce the risk of a catastrophic injury to public health or 50773
safety or to the environment, or will reduce the extraordinary 50774
risk of injury to responding emergency response personnel, in 50775
the event of a release of the substance or chemical and find by 50776
a preponderance of the evidence that the identification or 50777
listing of the substance or chemical is necessary for the 50778
development of state or local emergency response plans for 50779
releases of the substance or chemical. The rules shall require 50780
that the commission consider the toxicity of the substance or 50781
chemical in terms of both the short-term and long-term health 50782
effects resulting from exposure to it and its reactivity, 50783

volatility, dispersibility, combustibility, and flammability 50784
when determining the risks posed by a release of the substance 50785
or chemical and, as appropriate, when establishing a threshold 50786
planning quantity, threshold quantity, reportable quantity, or 50787
category of health or physical hazard for it. 50788

(5) Adopt rules in accordance with Chapter 119. of the 50789
Revised Code establishing criteria and procedures for receiving 50790
and deciding claims for protection of information as a trade 50791
secret that are applicable only to extremely hazardous 50792
substances and hazardous chemicals identified or listed in rules 50793
adopted under division (C)(5) of this section. The rules shall 50794
be equivalent in scope, content, and coverage to section 322 of 50795
the "Emergency Planning and Community Right-To-Know Act of 50796
1986," 100 Stat. 1747, 42 U.S.C.A. 11042, and regulations 50797
adopted under it. 50798

(6) (a) After consultation with the fire marshal, adopt 50799
rules in accordance with Chapter 119. of the Revised Code 50800
establishing standards for the construction, placement, and use 50801
of emergency response lock box units at facilities that are 50802
subject to this chapter. The rules shall establish all of the 50803
following: 50804

(i) Specific standards of construction for lock box units; 50805

(ii) The specific types of information that shall be 50806
placed in the lock box units required to be placed at a facility 50807
by an order issued under division (D) of section 3750.11 of the 50808
Revised Code, which shall include the location of on-site 50809
emergency fire-fighting and spill cleanup equipment; a diagram 50810
of the public and private water supply and sewage systems 50811
serving the facility that are known to the owner or operator of 50812
the facility; a copy of the emergency and hazardous chemical 50813

inventory form for the facility most recently required to be 50814
submitted under section 3750.08 of the Revised Code from which 50815
the owner or operator may withhold information claimed or 50816
determined to be trade secret information pursuant to rules 50817
adopted under division (B)(2)(d) of this section, or pursuant to 50818
division (B)(14) of this section and rules adopted under 50819
division (B)(5) of this section, and confidential business 50820
information identified in rules adopted under division (B)(1)(h) 50821
of this section; a copy of the local fire department's and 50822
facility's emergency management plans for the facility, if any; 50823
a current list of the names, positions, addresses, and telephone 50824
numbers of all key facility personnel knowledgeable in facility 50825
safety procedures and the locations at the facility where 50826
extremely hazardous substances, hazardous chemicals, and 50827
hazardous substances are produced, used, or stored. The rules 50828
shall stipulate that, in the instance of lock box units placed 50829
voluntarily at facilities by the owners or operators of the 50830
facilities, such information shall be maintained in them as is 50831
prescribed by agreement by the owner or operator and the fire 50832
department having jurisdiction over the facility. 50833

(iii) The conditions that shall be met in order to provide 50834
safe and expedient access to a lock box unit during a release or 50835
threatened release of an extremely hazardous substance, 50836
hazardous chemical, or hazardous substance. 50837

(b) Unless the owner or operator of a facility is issued 50838
an order under division (D) of section 3750.11 of the Revised 50839
Code requiring the owner or operator to place a lock box unit at 50840
the facility, the owner or operator may place a lock box unit at 50841
the facility at the owner's or operator's discretion. If the 50842
owner or operator chooses to place a lock box unit at the 50843
facility, the responsibility to deposit information in the lock 50844

box unit is in addition to any other obligations established in 50845
this chapter. 50846

(c) Any costs associated with the purchase, construction, 50847
or placement of a lock box unit shall be paid by the owner or 50848
operator of the facility. 50849

(7) In accordance with Chapter 119. of the Revised Code, 50850
adopt rules governing the application for and awarding of grants 50851
under division (C) of section 3750.14 and division (B) of 50852
section 3750.15 of the Revised Code; 50853

(8) Adopt rules in accordance with Chapter 119. of the 50854
Revised Code establishing reasonable maximum fees that may be 50855
charged by the commission and local emergency planning 50856
committees for copying information in the commission's or 50857
committee's files to fulfill requests from the public for that 50858
information; 50859

(9) Adopt internal management rules governing the 50860
operations of the commission. The internal management rules 50861
shall establish an executive committee of the commission 50862
consisting of the director of environmental protection or the 50863
director's designee, the director of public safety or the 50864
director's designee, the attorney general or the attorney 50865
general's designee, one of the appointed members of the 50866
commission representing industries subject to this chapter to be 50867
appointed by the commission, one of the appointed members of the 50868
commission representing the interests of environmental advocacy 50869
organizations to be appointed by the commission, and one other 50870
appointed member or member ex officio of the commission to be 50871
appointed by the commission. The executive committee has 50872
exclusive authority to issue enforcement orders under section 50873
3750.18 of the Revised Code and to request the attorney general 50874

to bring a civil action, civil penalty action, or criminal 50875
action under section 3750.20 of the Revised Code in the name of 50876
the commission regarding violations of this chapter, rules 50877
adopted under it, or orders issued under it. The internal 50878
management rules may set forth the other specific powers and 50879
duties of the commission that the executive committee may 50880
exercise and carry out and the conditions under which the 50881
executive committee may do so. The internal management rules 50882
shall not authorize the executive committee to issue variances 50883
under division (B) or (C) of section 3750.11 of the Revised Code 50884
or orders under division (D) of that section. 50885

(10) Oversee and coordinate the implementation and 50886
enforcement of this chapter and make such recommendations to the 50887
director of environmental protection and the director of public 50888
safety as it considers necessary or appropriate to improve the 50889
implementation and enforcement of this chapter; 50890

(11) Make allocations of moneys under division (B) of 50891
section 3750.14 of the Revised Code and make grants under 50892
division (C) of section 3750.14 and division (B) of section 50893
3750.15 of the Revised Code; 50894

(12) Designate an officer of the environmental protection 50895
agency to serve as the commission's information coordinator 50896
under this chapter; 50897

(13) Not later than December 14, 1989, develop and 50898
distribute a state emergency response plan that defines the 50899
emergency response roles and responsibilities of the state 50900
agencies that are represented on the commission and that 50901
provides appropriate coordination with the national contingency 50902
plan and the regional contingency plan required by section 105 50903
of the "Comprehensive Environmental Response, Compensation, and 50904

Liability Act of 1980," 94 Stat. 2767, 42 U.S.C.A. 9601, as 50905
amended. The plan shall ensure a well-coordinated response by 50906
state agencies that may be involved in assisting local emergency 50907
responders during a major release of oil or a major sudden and 50908
accidental release of a hazardous substance or extremely 50909
hazardous substance. The plan may incorporate existing state 50910
emergency response plans by reference. At least annually, the 50911
commission and the state agencies that are represented on it 50912
shall jointly exercise the state plan in conjunction with the 50913
exercise of a local emergency response plan by a local emergency 50914
planning committee under section 3750.04 of the Revised Code. 50915
After any such exercise, the commission shall review the state 50916
plan and make such revisions in it as the commission considers 50917
necessary or appropriate. 50918

(14) Receive and decide claims for the protection of 50919
information as a trade secret that pertain only to extremely 50920
hazardous substances and hazardous chemicals identified or 50921
listed by rules adopted under division (C)(5) of this section. 50922
If the commission determines that the claim meets the criteria 50923
established in rules adopted under division (B)(5) of this 50924
section, it shall issue an order to that effect in accordance 50925
with section 3750.18 of the Revised Code. If the commission 50926
determines that the claim does not meet the criteria established 50927
in those rules, it shall issue an order to that effect in 50928
accordance with section 3750.18 of the Revised Code. 50929

(15) Annually compile, make available to the public, and 50930
submit to the president of the senate and the speaker of the 50931
house of representatives a summary report on the number of 50932
facilities estimated to be subject to regulation under sections 50933
3750.05, 3750.07, and 3750.08 of the Revised Code, the number of 50934
facilities reporting to the commission, an estimate of the 50935

percentage of facilities in compliance with those sections, and 50936
recommendations regarding the types of activities the commission 50937
considers necessary to improve such compliance. The commission 50938
shall base its estimate of the number of facilities that are 50939
subject to regulation under those sections on the current 50940
estimates provided by the local emergency planning committees 50941
under division (D) (6) of section 3750.03 of the Revised Code. 50942

(C) The commission may: 50943

(1) Procure by contract the temporary or intermittent 50944
services of experts or consultants when those services are to be 50945
performed on a part-time or fee-for-service basis and do not 50946
involve the performance of administrative duties; 50947

(2) Enter into contracts or agreements with political 50948
subdivisions or emergency planning districts for the purposes of 50949
this chapter; 50950

(3) Accept on behalf of the state any gift, grant, or 50951
contribution from any governmental or private source for the 50952
purposes of this chapter; 50953

(4) Enter into contracts, agreements, or memoranda of 50954
understanding with any state department, agency, board, 50955
commission, or institution to obtain the services of personnel 50956
thereof or utilize resources thereof for the purposes of this 50957
chapter. Employees of a state department, agency, board, 50958
commission, or institution providing services to the commission 50959
under any such contract, agreement, or memorandum shall perform 50960
only those functions and provide only the services provided for 50961
in the contract, agreement, or memorandum. 50962

(5) Identify or list extremely hazardous substances in 50963
addition to those identified or listed in rules adopted under 50964

division (B) (1) (a) of this section and establish threshold 50965
planning quantities and reportable quantities for the additional 50966
extremely hazardous substances, identify or list hazardous 50967
chemicals in addition to those identified or listed in rules 50968
adopted under division (B) (1) (b) of this section and establish 50969
threshold quantities and categories or health and physical 50970
hazards for the added chemicals, and identify or list hazardous 50971
substances in addition to those identified or listed in rules 50972
adopted under division (B) (1) (c) of this section and establish 50973
reportable quantities for the added hazardous substances. The 50974
commission may establish threshold planning quantities for the 50975
additional extremely hazardous substances based upon classes of 50976
those substances or categories of facilities at which they are 50977
present and may establish threshold quantities for the 50978
additional hazardous chemicals based upon classes of those 50979
chemicals or categories of facilities where they are present. 50980
The commission shall identify or list such additional substances 50981
or chemicals and establish threshold planning quantities, 50982
threshold quantities, reportable quantities, and hazard 50983
categories therefor in accordance with the criteria and 50984
procedures established in rules adopted under division (B) (4) of 50985
this section and, after compliance with those criteria and 50986
procedures, by the adoption of rules in accordance with Chapter 50987
119. of the Revised Code. The commission shall not adopt rules 50988
under division (C) (5) of this section modifying any threshold 50989
planning quantity established in rules adopted under division 50990
(B) (1) (a) of this section, any threshold quantity established in 50991
rules adopted under division (B) (1) (b) of this section, or any 50992
reportable quantity established in rules adopted under division 50993
(B) (1) (c) of this section. 50994

If, after the commission has adopted rules under division 50995

(C) (5) of this section identifying or listing an extremely hazardous substance, hazardous chemical, or hazardous substance, the administrator of the United States environmental protection agency identifies or lists the substance or chemical as an extremely hazardous substance or hazardous chemical under the "Emergency Planning and Community Right-To-Know Act of 1986," 100 Stat. 1729, 42 U.S.C.A. 11001, or identifies or lists a substance as a hazardous substance under the "Comprehensive Environmental Response, Compensation, and Liability Act of 1980," 94 Stat. 2779, 42 U.S.C.A. 9602, as amended, the commission shall rescind its rules adopted under division (C) (5) of this section pertaining to the substance or chemical and adopt the appropriate rules under division (B) (1) (a), (b), or (c) of this section.

(6) From time to time, request the director of environmental protection and the executive director of the emergency management agency to review implementation, administration, and enforcement of the chemical emergency response planning and reporting programs created by this chapter and rules adopted under it regarding their effectiveness in preparing for response to releases of extremely hazardous substances, hazardous chemicals, and hazardous substances. After completion of any such review, the director of environmental protection and the director of public safety shall report their findings to the commission. Upon receipt of their findings, the commission may make such recommendations for legislative and administrative action as the commission finds necessary or appropriate to promote achievement of the purposes of this chapter.

(D) Except as provided in section 3750.06 of the Revised Code, nothing in this chapter applies to the transportation,

including the storage incident to transportation, of any 51027
substance or chemical subject to the requirements of this 51028
chapter, including the transportation and distribution of 51029
natural gas. 51030

(E) This chapter authorizes the state, through the 51031
emergency response commission, the department of public safety, 51032
and the environmental protection agency, to establish and 51033
maintain chemical emergency response planning and preparedness, 51034
community right-to-know, and hazardous substance and extremely 51035
hazardous substance release reporting programs that are 51036
consistent with and equivalent in scope, coverage, and content 51037
to the "Emergency Planning and Community Right-To-Know Act of 51038
1986," 100 Stat. 1729, 42 U.S.C.A. 11001, and regulations 51039
adopted under it, except as otherwise specifically required or 51040
authorized in this chapter. The commission, department, and 51041
agencies may do all things necessary, incidental, or appropriate 51042
to implement, administer, and enforce this chapter and to 51043
perform the duties and exercise the powers of the state 51044
emergency response commission under that act and regulations 51045
adopted under it and under this chapter. 51046

Sec. 3750.11. (A) Except as provided in division (E) of 51047
this section, no local emergency planning committee shall 51048
enforce any resolution, rule, or requirement for the reporting 51049
or providing of the names or amounts of extremely hazardous 51050
substances or hazardous chemicals produced, used, or stored at 51051
facilities under the jurisdiction of the committee; for the 51052
reporting or providing of information regarding locations where 51053
those substances or chemicals are stored at those facilities; or 51054
for the reporting of releases of extremely hazardous substances, 51055
hazardous substances, or oil, that is not consistent with and 51056
equivalent in scope, content, and coverage to the reporting and 51057

hazard communication provisions of this chapter and rules 51058
adopted under it, unless the committee first obtains a variance 51059
from the emergency response commission under division (B) of 51060
this section. 51061

(B) A committee shall, prior to commencing enforcement of 51062
any such requirement, submit a copy of it to the commission 51063
along with an application for a variance from division (A) of 51064
this section in accordance with rules adopted under division (B) 51065
(2) (e) of section 3750.02 of the Revised Code. On or before the 51066
date that the committee submits the variance application to the 51067
commission, the committee shall mail by certified mail, return 51068
receipt requested, notice of the application and a summary of 51069
the reporting requirement to the owner or operator of each 51070
facility within the emergency planning district that the 51071
committee determines would be subject to the reporting 51072
requirement. If the commission finds that the resolution, rule, 51073
or requirement meets the criteria for issuance of a variance 51074
established in those rules, it shall approve the application and 51075
issue an order granting the variance in accordance with section 51076
3750.18 of the Revised Code. The commission shall not issue any 51077
order approving a variance application unless at least sixty per 51078
cent of the voting members of the commission vote to approve the 51079
application and issuance of the order. If less than sixty per 51080
cent of the voting members of the commission vote to approve a 51081
variance application, the commission shall issue an order 51082
denying the variance. 51083

(C) Except as provided in division (G) of this section, no 51084
political subdivision shall enforce any ordinance, resolution, 51085
rule, or requirement adopted on or after ~~the effective date of~~ 51086
~~this section~~ December 14, 1988, or any amendment adopted on or 51087
after ~~the effective that~~ that date of ~~this section~~ to any such 51088

ordinance, resolution, rule, or requirement that was in effect 51089
on ~~the effective~~ that ~~date of this section~~, for the reporting or 51090
providing of the names or amounts of extremely hazardous 51091
substances or hazardous chemicals produced, used, or stored, at 51092
facilities within the political subdivision; for the reporting 51093
or providing of information regarding locations where those 51094
substances or chemicals are stored at those facilities; or for 51095
the reporting of releases of those extremely hazardous 51096
substances, hazardous substances, or oil that is not consistent 51097
with, equivalent to, and no more stringent than the reporting 51098
and hazard communication requirements of this chapter and rules 51099
adopted under it, unless the political subdivision first obtains 51100
a variance under this division. 51101

A political subdivision that seeks to obtain a variance 51102
under this division shall submit a copy of the ordinance, 51103
resolution, rule, or requirement to the committee of the 51104
district in which the political subdivision is located along 51105
with an application for a variance in accordance with rules 51106
adopted under division (B) (2) (e) of section 3750.02 of the 51107
Revised Code. On or before the date that the political 51108
subdivision submits the variance application to the committee, 51109
the political subdivision shall mail by certified mail, return 51110
receipt requested, notice of the application and a summary of 51111
the reporting requirement to the owner or operator of each 51112
facility within the political subdivision that the political 51113
subdivision determines would be subject to the reporting 51114
requirement. If, in the opinion of the committee, the ordinance, 51115
resolution, rule, or requirement of the political subdivision 51116
meets the criteria for issuance of a variance established in 51117
those rules and does not conflict with any resolution, rule, or 51118
requirement adopted by the committee, the committee shall, by 51119

resolution, approve issuance of the variance and send a copy of 51120
its resolution, of the political subdivision's variance 51121
application, and of the ordinance, resolution, rule or 51122
requirement, to the commission. The committee shall not approve 51123
issuance of a variance under this division unless at least sixty 51124
per cent of the voting members of the committee vote to approve 51125
it. If the commission finds that the committee has approved 51126
issuance of a variance and that the ordinance, resolution, rule, 51127
or requirement of the political subdivision meets the criteria 51128
for issuance of a variance established in those rules, it shall 51129
approve the application and issue an order in accordance with 51130
section 3750.18 of the Revised Code granting the variance. The 51131
commission shall not issue any order approving a variance 51132
application unless at least sixty per cent of the voting members 51133
of the commission vote to approve the application and issuance 51134
of an order granting the variance. If less than sixty per cent 51135
of the voting members of the commission vote to approve a 51136
variance application, the commission shall issue an order 51137
denying the variance. 51138

This division does not affect the validity or 51139
enforceability of any such ordinance, resolution, rule, or 51140
requirement of a political subdivision adopted prior to the 51141
effective date of this section. However, this division applies 51142
to any amendment to any such ordinance, resolution, rule, or 51143
requirement, which amendment is adopted on or after the 51144
effective date of this section and establishes a reporting 51145
requirement that is not consistent with, equivalent to, and no 51146
more stringent than the reporting and hazard communication 51147
requirements of this chapter and rules adopted under it. 51148

(D) No political subdivision shall enforce any ordinance, 51149
resolution, rule, or requirement adopted on or after the 51150

effective date of this chapter requiring the placement of 51151
emergency response lock box units at any facility where an 51152
extremely hazardous substance, hazardous chemical, or hazardous 51153
substance is produced, used, or stored. The fire department of a 51154
political subdivision having jurisdiction over a facility and 51155
the owner or operator of such a facility may enter into an 51156
agreement under which the owner or operator will place and 51157
maintain an emergency response lock box unit at ~~his~~the owner's 51158
or operator's facility in compliance with rules adopted under 51159
division (B) (6) of section 3750.02 of the Revised Code. If the 51160
fire department of a political subdivision and an owner or 51161
operator of such a facility are unable to enter into such an 51162
agreement and if the fire department believes that placement of 51163
a lock box unit at the facility is necessary to protect public 51164
health and safety and the environment or to protect emergency 51165
management personnel responding to a release of any such 51166
substance or chemical from the facility, the fire department, in 51167
accordance with rules adopted under division (B) (2) (f) of 51168
section 3750.02 of the Revised Code, may submit an application 51169
to the committee of the district in which the facility is 51170
located for issuance of an order requiring the owner or operator 51171
to place a lock box unit at ~~his~~the owner's or operator's 51172
facility that complies with the rules adopted under division (B) 51173
(6) of section 3750.02 of the Revised Code. On or before the 51174
date that the fire department submits the application for 51175
issuance of such an order, the fire department shall mail by 51176
certified mail, return receipt requested, notice of the 51177
application to the owner or operator of the facility for which 51178
issuance of the order is sought. If, in the opinion of the 51179
committee, the application meets the criteria for issuance of 51180
such an order established in the rules adopted under division 51181
(B) (2) (f) of that section, the committee shall, by resolution, 51182

approve issuance of the order and send a copy of its resolution 51183
and the fire department's application to the commission. The 51184
committee shall not approve an application for issuance of such 51185
an order unless at least sixty per cent of the voting members of 51186
the committee vote to approve it. If the commission finds that 51187
the committee has approved the application and that the 51188
application meets the criteria for issuance of such an order 51189
established in rules adopted under division (B) (2) (f) of that 51190
section, it shall approve the application and issue an order in 51191
accordance with section 3750.18 of the Revised Code requiring 51192
the owner or operator to place one or more emergency response 51193
lock box units at ~~his~~the owner's or operator's facility in 51194
accordance with the approved application and rules adopted under 51195
division (B) (6) of that section. The commission shall not 51196
approve an application for issuance of such an order unless at 51197
least sixty per cent of the voting members of the commission 51198
vote to approve the application and issuance of the order. If 51199
less than sixty per cent of the voting members of the commission 51200
vote to approve the application, the commission shall issue an 51201
order denying the application. No person shall violate an order 51202
issued under this division. 51203

(E) A committee may, by resolution, adopt rules requiring 51204
the placarding of bulk hazardous chemical storage areas within 51205
its district in accordance with rules adopted by the fire 51206
marshal under section 3750.12 of the Revised Code ~~and rules~~ 51207
~~establishing such procedures as are necessary to implement and~~ 51208
~~enforce that requirement.~~ The rules may exempt the owner or 51209
operator of a facility who, with the approval of the committee, 51210
installs and maintains an emergency lock box unit that complies 51211
with the rules adopted under division (B) (6) of section 3750.02 51212
of the Revised Code from compliance with requirements for 51213

placarding of bulk hazardous chemical storage areas. As used in 51214
this division, "bulk hazardous chemical storage area" has the 51215
same meaning as in division (D) of section 3750.12 of the 51216
Revised Code. No person shall violate a rule adopted under this 51217
division. 51218

(F) Except as provided in division (G) of this section, 51219
this section shall not be construed to authorize a political 51220
subdivision, other than a municipal corporation or county that 51221
has adopted a charter in accordance with Sections 3 and 4 of 51222
Article X, Ohio Constitution, to adopt or enforce any ordinance, 51223
resolution, rule, or requirement for the reporting or providing 51224
of the names or amounts of extremely hazardous substances or 51225
hazardous chemicals produced, used, or stored at facilities 51226
located within their boundaries; for the reporting or providing 51227
of information regarding locations where those substances or 51228
chemicals are stored at those facilities; or for the reporting 51229
of releases of extremely hazardous substances, hazardous 51230
substances, or oil. Nothing in this section or division (E) (5) 51231
of section 3750.03 of the Revised Code shall be construed to 51232
authorize a local emergency planning committee, municipal 51233
corporation, or charter county to enforce any ordinance, 51234
resolution, rule, or requirement that identifies or lists as an 51235
extremely hazardous substance any substance that is not so 51236
identified or listed in rules adopted under division (B) (1) (a) 51237
or (C) (5) of section 3750.02 of the Revised Code, that 51238
identifies as a hazardous chemical any chemical, other than a 51239
chemical identified in division (G) (3) of section 3750.01 of the 51240
Revised Code, that is not so identified or listed in rules 51241
adopted under division (B) (1) (b) or (C) (5) of that section, or 51242
that identifies as a hazardous substance any substance that is 51243
not so identified in rules adopted under division (B) (1) (c) or 51244

(C) (5) of that section. 51245

(G) A political subdivision that owns, operates, or is 51246
served by a public water system as defined in section 6109.01 of 51247
the Revised Code may establish and enforce requirements that 51248
provide for the protection of ground water resources that serve 51249
as a source of drinking water for its public water system and 51250
that are located within scientifically derived wellhead 51251
protection areas. 51252

Sec. 3751.02. The director of environmental protection may 51253
do ~~any both~~ of the following: 51254

Revised Code establishing requirements or authorizations that 51256
the director considers necessary or appropriate to implement and 51257
administer this chapter. 51258~~

~~(B)~~ As the representative of the governor pursuant to 51259
EPCRA, request the administrator of the United States 51260
environmental protection agency to apply the toxic chemical 51261
release reporting requirements of that act to the owner or 51262
operator of any facility in this state that manufactures, 51263
processes, or otherwise uses a toxic chemical if, in the 51264
director's judgment, such reporting is warranted by the toxicity 51265
of the toxic chemical manufactured, processed, or otherwise used 51266
at the facility; the proximity of the facility to other 51267
facilities that release the toxic chemical or to population 51268
centers; or the history of releases of the toxic chemical at the 51269
facility; 51270

~~(C)~~ (B) As the representative of the governor pursuant to 51271
EPCRA, petition the administrator to, by regulation, add a 51272

requirements of that act if, in the director's judgment, the 51275
chemical meets the criteria required by that act. 51276

this section shall prepare and submit to the administrator a 51281
completed toxic chemical release form for each toxic chemical 51282

facility during the preceding calendar year. The electronic 51284
submission of the form to the administrator constitutes 51285
simultaneous submission of the form to the director of 51286
environmental protection for purposes of EPCRA. 51287

(2) Division (A) (1) of this section applies to the owner 51288

(3) The owner or operator shall submit the information on 51300
a uniform toxic chemical release form prescribed by the 51301
administrator under EPCRA. 51302

section are intended to provide information to federal, state, 51304
and local governments and the public, including residents of 51305
communities surrounding facilities covered by this section. 51306

(C) No owner or operator of a facility who is required by 51307
this section to file a toxic chemical release form shall fail to 51308
submit a toxic chemical release form as required by this 51309
section. 51310

(D) An owner or operator of a facility who is required 51311
under this section to file a toxic chemical release form and who 51312
knowingly makes a false statement on that form, on a record upon 51313
which the information on that form is based, or on other 51314
information or records required to be kept or submitted under 51315
this chapter ~~and the rules adopted under this chapter~~ is guilty 51316

and orders issued under it. 51324

Sec. 3751.07. No person shall violate any section of this 51325

identification and upon stating the purpose and necessity of an 51329
inspection, may enter at reasonable times upon any private or 51330
public property, real or personal, to inspect or investigate, 51331

repair, alteration, and maintenance of all buildings or classes 53281
of buildings specified in section 3781.06 of the Revised Code, 53282
including land area incidental to those buildings, the 53283
construction of industrialized units, the installation of 53284
equipment, and the standards or requirements for materials used 53285
in connection with those buildings. The board shall incorporate 53286
those rules into separate residential and nonresidential 53287
building codes. The standards shall relate to the conservation 53288
of energy and the safety and sanitation of those buildings. 53289

(2) (a) The rules governing nonresidential buildings are 53290
the lawful minimum requirements specified for those buildings 53291
and industrialized units, except that no rule other than as 53292
provided in division (C) of section 3781.108 of the Revised Code 53293
that specifies a higher requirement than is imposed by any 53294
section of the Revised Code is enforceable. 53295

(b) The rules governing residential buildings are uniform 53296
requirements in any area with a building department certified to 53297
enforce the state residential building code in accordance with 53298
division (E) of this section, for both of the following: 53299

(i) The erection and construction of new residential 53300
buildings; 53301

(ii) The repair and alteration of existing residential 53302
buildings. 53303

(c) In no case shall any local code or regulation differ 53304
from the state residential building code for either the erection 53305

and construction of new residential buildings or for the repair 53306
and alteration of existing residential buildings unless that 53307
code or regulation addresses subject matter not addressed by the 53308
state residential building code or is adopted pursuant to 53309
section 3781.01 of the Revised Code. 53310

(3) The rules adopted pursuant to this section are 53311
complete, lawful alternatives to any requirements specified for 53312
buildings or industrialized units in any section of the Revised 53313
Code. ~~Except as otherwise provided in division (I) of this~~ 53314
~~section, the board shall, on its own motion or on application~~ 53315
~~made under sections 3781.12 and 3781.13 of the Revised Code,~~ 53316
~~formulate, propose, adopt, modify, amend, or repeal the rules to~~ 53317
~~the extent necessary or desirable to effectuate the purposes of~~ 53318
~~sections 3781.06 to 3781.18 of the Revised Code.~~ 53319

(B) The board shall report to the general assembly 53320
proposals for amendments to existing statutes relating to the 53321
purposes declared in section 3781.06 of the Revised Code that 53322
public health and safety and the development of the arts require 53323
and shall recommend any additional legislation to assist in 53324
carrying out fully, in statutory form, the purposes declared in 53325
that section. The board shall prepare and submit to the general 53326
assembly a summary report of the number, nature, and disposition 53327
of the petitions filed under sections 3781.13 and 3781.14 of the 53328
Revised Code. 53329

(C) On its own motion or on application made under 53330
sections 3781.12 and 3781.13 of the Revised Code, and after 53331
thorough testing and evaluation, the board shall determine by 53332
rule that any particular fixture, device, material, process of 53333
manufacture, manufactured unit or component, method of 53334
manufacture, system, or method of construction complies with 53335

performance standards adopted pursuant to section 3781.11 of the Revised Code. The board shall make its determination with regard to adaptability for safe and sanitary erection, use, or construction, to that described in any section of the Revised Code, wherever the use of a fixture, device, material, method of manufacture, system, or method of construction described in that section of the Revised Code is permitted by law. The board shall amend or annul any rule or issue an authorization for the use of a new material or manufactured unit on any like application. No department, officer, board, or commission of the state other than the board of building standards or the board of building appeals shall permit the use of any fixture, device, material, method of manufacture, newly designed product, system, or method of construction at variance with what is described in any rule the board of building standards adopts or issues or that is authorized by any section of the Revised Code. Nothing in this section shall be construed as requiring approval, by rule, of plans for an industrialized unit that conforms with the rules the board of building standards adopts pursuant to section 3781.11 of the Revised Code.

(D) The board shall recommend rules, codes, and standards to help carry out the purposes of section 3781.06 of the Revised Code and to help secure uniformity of state administrative rulings and local legislation and administrative action to the bureau of workers' compensation, the director of commerce, any other department, officer, board, or commission of the state, and to legislative authorities and building departments of counties, townships, and municipal corporations, and shall recommend that they audit those recommended rules, codes, and standards by any appropriate action that they are allowed pursuant to law or the constitution.

(E) (1) The board shall certify municipal, township, and county building departments, the personnel of those building departments, persons described in division (E) (7) of this section, and employees of individuals, firms, the state, or corporations described in division (E) (7) of this section to exercise enforcement authority, to accept and approve plans and specifications, and to make inspections, pursuant to sections 3781.03, 3791.04, and 4104.43 of the Revised Code.

(2) The board shall certify departments, personnel, and persons to enforce the state residential building code for the erection and construction of new residential buildings, to enforce the nonresidential building code, or to enforce both the residential and the nonresidential building codes. A department certified to enforce the state residential building code for the erection and construction of new residential buildings may also enforce the state residential building code for the repair and alteration of existing residential buildings upon obtaining the appropriate certification from the board, in accordance with this section, for the department and its personnel. Any department, personnel, or person may enforce only the type of building code for which certified.

(3) The board shall not require a building department, its personnel, or any persons that it employs to be certified for residential building code enforcement if that building department does not enforce the state residential building code. The board shall specify, in rules adopted pursuant to Chapter 119. of the Revised Code, the requirements for certification for residential and nonresidential building code enforcement, which shall be consistent with this division. The requirements for residential and nonresidential certification may differ. Except as otherwise provided in this division, the requirements shall

include, but are not limited to, the satisfactory completion of 53398
an initial examination and, to remain certified, the completion 53399
of a specified number of hours of continuing building code 53400
education within each three-year period following the date of 53401
certification which shall be not less than thirty hours. The 53402
rules shall provide that continuing education credits and 53403
certification issued by the council of American building 53404
officials, national model code organizations, and agencies or 53405
entities the board recognizes are acceptable for purposes of 53406
this division. The rules shall specify requirements that are 53407
consistent with the provisions of section 5903.12 of the Revised 53408
Code relating to active duty military service and are 53409
compatible, to the extent possible, with requirements the 53410
council of American building officials and national model code 53411
organizations establish. 53412

(4) The board shall establish and collect a certification 53413
and renewal fee for building department personnel, and persons 53414
and employees of persons, firms, or corporations as described in 53415
this section, who are certified pursuant to this division. 53416

(5) Any individual certified pursuant to this division 53417
shall complete the number of hours of continuing building code 53418
education that the board requires or, for failure to do so, 53419
forfeit certification. 53420

(6) This division does not require or authorize the board 53421
to certify personnel of municipal, township, and county building 53422
departments, and persons and employees of persons, firms, or 53423
corporations as described in this section, whose 53424
responsibilities do not include the exercise of enforcement 53425
authority, the approval of plans and specifications, or making 53426
inspections under the state residential and nonresidential 53427

building codes. 53428

(c) Officers or employees of, and persons under contract 53441
with, a municipal corporation, township, county, health 53442

(d) Officers or employees of the division of industrial 53445
compliance in the department of commerce pursuant to a contract 53446
authorized by division (B) of section 121.083 of the Revised 53447

(8) Municipal, township, and county building departments 53449
have jurisdiction within the meaning of sections 3781.03, 53450
3791.04, and 4104.43 of the Revised Code, only with respect to 53451
the types of buildings and subject matters for which they are 53452
certified under this section. 53453

(9) A certified municipal, township, or county building 53454
department may exercise enforcement authority, accept and 53455
approve plans and specifications, and make inspections pursuant 53456

to sections 3781.03, 3791.04, and 4104.43 of the Revised Code 53457
for a park district created pursuant to Chapter 1545. of the 53458
Revised Code upon the approval, by resolution, of the board of 53459
park commissioners of the park district requesting the 53460
department to exercise that authority and conduct those 53461
activities, as applicable. 53462

(10) Certification shall be granted upon application by 53463
the municipal corporation, the board of township trustees, or 53464
the board of county commissioners and approval of that 53465
application by the board of building standards. The application 53466
shall set forth: 53467

(a) Whether the certification is requested for residential 53468
or nonresidential buildings, or both; 53469

(b) If the certification is requested for residential 53470
buildings, whether the requested certification is for only the 53471
erection and construction of new residential buildings or also 53472
the repair and alteration of existing residential buildings; 53473

(c) The number and qualifications of the staff composing 53474
the building department; 53475

(E) (7) of this section; 53482

(f) The proposed budget for the operation of the building 53483
department; 53484

employee or person would have to pass upon, inspect, or 53498
otherwise exercise authority over any labor, material, or 53499
equipment the employee or person furnishes for the construction, 53500

building codes, on petition to the board by any person affected 53511
by that enforcement or approval of plans, or by the board on its 53512
own motion. Hearings shall be held and appeals permitted on any 53513
proceedings for certification or revocation or suspension of 53514

certification in the same manner as provided in section 3781.101 53515

building standards. 53517

(13) Upon certification, and until that authority is 53518

building code, the board may adopt rules authorizing certified 53542
municipal, township, and county building departments to accept 53543

plans examination and inspection reports from a third-party 53544
examiner or inspector. 53545

(b) The rules may require the third-party examiner or 53546
inspector be certified pursuant to sections 3781.10 and 3783.03 53547
of the Revised Code and authorized to conduct such plans 53548
examination or inspection elsewhere in this state or to 53549

are in addition to any fees prescribed by the political 53553
subdivision pursuant to section 3781.102 of the Revised Code and 53554

(d) The issuance of certificates of plan approval under 53556
section 3791.04 of the Revised Code and certificates of 53557
occupancy or completion remains the exclusive authority of the 53558

certified municipal, township, and county building department 53560
and shall not be issued by a third-party examiner or inspector. 53561

fees for the review of all applications submitted where the 53571
applicant applies for authority to use a new material, assembly, 53572

or product of a manufacturing process. The fee shall bear some 53573
reasonable relationship to the cost of the review or testing of 53574
the materials, assembly, or products and for the notification of 53575

superintendent upon request as necessary to evaluate enterprise 54238
risk to the insurer; 54239

~~(17) Such additional information as the superintendent may~~ 54240
~~by rule prescribe as necessary or appropriate for the protection~~ 54241

(D) (1) If the person required to file the statement 54244
required by division (B) (2) of this section is a partnership, 54245
limited partnership, syndicate, or other group, the 54246
superintendent may require that the information required by 54247
division (C) of this section be furnished with respect to each 54248
partner of such partnership or limited partnership, each member 54249
of such syndicate or group, and each person that controls such 54250
partner or member. If any such partner, member, or person is a 54251
corporation, or the person required to file the statement is a 54252
corporation, the superintendent may require that the information 54253
required by division (C) of this section be furnished with 54254
respect to the corporation, each officer and director of the 54255
corporation, and each person that is directly or indirectly the 54256
beneficial owner of more than ten per cent of the outstanding 54257
voting securities of the corporation. 54258

(2) If any material change occurs in the facts set forth 54259
in the statement required by division (B) (2) of this section, an 54260
amendment setting forth such change, together with copies of all 54261
documents and other material relevant to the change, shall be 54262
filed with the superintendent by the person subject to division 54263
(B) (2) of this section and sent to the domestic insurer within 54264
two business days after such person learns of the occurrence of 54265
the material change. 54266

(E) If any offer, request, invitation, agreement, or 54267
acquisition described in division (B) (1) of this section is 54268
proposed to be made by means of a registration statement under 54269

the "Securities Act of 1933," 48 Stat. 74, 15 U.S.C.A. 78a, or 54270
in circumstances requiring the disclosure of similar information 54271
under the "Securities Exchange Act of 1934," 48 Stat. 881, 15 54272
U.S.C.A. 78a, or under a state law requiring similar 54273
registration or disclosure, the person required to file the 54274
statement required by division (B) (2) of this section may use 54275
such documents in furnishing the information required by that 54276
statement. 54277

(F) (1) The superintendent shall approve any merger or 54278
other acquisition of control described in division (B) (1) of 54279
this section unless, after a public hearing, the superintendent 54280
finds that any of the following apply: 54281

(a) After the change of control, the domestic insurer 54282
would not be able to satisfy the requirements for the issuance 54283
of a license to write the line or lines of insurance for which 54284
it is presently licensed; 54285

(b) The effect of the merger or other acquisition of 54286
control would be substantially to lessen competition in 54287
insurance in this state or tend to create a monopoly; 54288

(c) The financial condition of any acquiring party is such 54289
as might jeopardize the financial stability of the domestic 54290
insurer, or prejudice the interests of its policyholders; 54291

(d) The plans or proposals that the acquiring party has to 54292
liquidate the domestic insurer, sell its assets, or consolidate 54293
or merge it with any person, or to make any other material 54294
change in its business or corporate structure or management, are 54295
unfair and unreasonable to policyholders of the domestic insurer 54296
and not in the public interest; 54297

(e) The competence, experience, and integrity of those 54298

persons that would control the operation of the domestic insurer 54299
are such that it would not be in the interest of policyholders 54300
of the domestic insurer and of the public to permit the merger 54301
or other acquisition of control; 54302

(f) The acquisition is likely to be hazardous or 54303
prejudicial to the insurance-buying public. 54304

(2) (a) Chapter 119. of the Revised Code, except for 54305
section 119.09 of the Revised Code, applies to any hearing held 54306
under division (F) (1) of this section, including the notice of 54307
the hearing, the conduct of the hearing, the orders issued 54308
pursuant to it, the review of the orders, and all other matters 54309
relating to the holding of the hearing, but only to the extent 54310
that Chapter 119. of the Revised Code is not inconsistent or in 54311
conflict with this section. 54312

(b) The notice of a hearing required under this division 54313
shall be transmitted in accordance with sections 119.05 and 54314
119.07 of the Revised Code to the persons and addresses 54315
designated to receive notices and correspondence in the 54316
information statement filed under division (B) (2) of this 54317
section. 54318

(c) The hearing shall be held at the offices of the 54319
superintendent within ten calendar days, but not earlier than 54320
seven calendar days, of the date of transmission of the notice 54321
of hearing by any means, unless it is postponed or continued; 54322
but in no event shall the hearing be held unless notice is 54323
received at least three days prior to the hearing. The 54324
superintendent may postpone or continue the hearing upon receipt 54325
of a written request by an acquiring party, or upon the 54326
superintendent's motion, provided, however, a hearing in 54327
connection with a proposed change of control involving a 54328

depository institution or any affiliate thereof, within the 54329
meaning of Title I, section 104(c) of the "Gramm-Leach-Bliley 54330
Act," Pub. L. No. 106-102, 113 Stat. 1338 (1999), and a domestic 54331
insurer, may be postponed or continued only upon the request of 54332
an acquiring party, or upon the superintendent's motion when the 54333
acquiring party agrees in writing to extend the sixty-day period 54334
provided for in section 104(c) of the "Gramm-Leach-Bliley Act," 54335
by a number of days equal to the number of days of such 54336
postponement or continuance. 54337

(d) For the purpose of conducting any hearing held under 54338
this section, the superintendent may require the attendance of 54339
such witnesses and the production of such books, records, and 54340
papers as the superintendent desires, and may take the 54341
depositions of witnesses residing within or without the state in 54342
the same manner as is prescribed by law for the taking of 54343
depositions in civil actions in the court of common pleas, and 54344
for that purpose the superintendent may, and upon the request of 54345
an acquiring party shall, issue a subpoena for any witnesses or 54346
a subpoena duces tecum to compel the production of any books, 54347
records, or papers, directed to the sheriff of the county where 54348
such witness resides or is found, which shall be served and 54349
returned in the same manner as a subpoena in a criminal case is 54350
served and returned. The fees of the sheriff shall be the same 54351
as that allowed in the court of common pleas in criminal cases. 54352
Witnesses shall be paid the fees and mileage provided for under 54353
section 119.094 of the Revised Code. Fees and mileage shall be 54354
paid from the fund in the state treasury for the use of the 54355
superintendent in the same manner as other expenses of the 54356
superintendent are paid. In any case of disobedience or neglect 54357
of any subpoena served on any person or the refusal of any 54358
witness to testify in any matter regarding which the witness may 54359

lawfully be interrogated, the court of common pleas of any 54360
county where such disobedience, neglect, or refusal occurs or 54361
any judge thereof, on application by the superintendent, shall 54362
compel obedience by attachment proceedings for contempt, as in 54363
the case of disobedience of the requirements of a subpoena 54364
issued from the court or a refusal to testify therein. 54365

In any hearing held under this section, a record of the 54366
testimony, as provided by stenographic means or by use of audio 54367
electronic recording devices, as determined by the 54368
superintendent, and other evidence submitted shall be taken at 54369
the expense of the superintendent. The record shall include all 54370
of the testimony and other evidence, and rulings on the 54371
admissibility thereof, presented at the hearing. 54372

The superintendent shall pass upon the admissibility of 54373
evidence, but a party to the proceedings may at that time object 54374
to the rulings of the superintendent, and if the superintendent 54375
refuses to admit evidence, the party offering the evidence shall 54376
proffer the evidence. The proffer shall be made a part of the 54377
record of the hearing. 54378

In any hearing held under this section, the superintendent 54379
may call any person to testify under oath as upon cross- 54380
examination. The superintendent, or any one delegated by the 54381
superintendent to conduct a hearing, may administer oaths or 54382
affirmations. 54383

In any hearing under this section, the superintendent may 54384
appoint a hearing officer to conduct the hearing; the hearing 54385
officer has the same powers and authority in conducting the 54386
hearing as is granted to the superintendent. The hearing officer 54387
shall have been admitted to the practice of law in the state and 54388
be possessed of any additional qualifications as the 54389

superintendent requires. The hearing officer shall submit to the 54390
superintendent a written report setting forth the hearing 54391
officer's finding of fact and conclusions of law and a 54392
recommendation of the action to be taken by the superintendent. 54393
A copy of the written report and recommendation shall, within 54394
seven days of the date of filing thereof, be served upon the 54395
acquiring party or the acquiring party's attorney or other 54396
representative of record in accordance with section 119.05 of 54397
the Revised Code. The acquiring party may, within three days of 54398
receipt of the copy of the written report and recommendation, 54399
file with the superintendent written objections to the report 54400
and recommendation, which objections the superintendent shall 54401
consider before approving, modifying, or disapproving the 54402
recommendation. The superintendent may grant extensions of time 54403
to the acquiring party within which to file such objections. No 54404
recommendation of the hearing officer shall be approved, 54405
modified, or disapproved by the superintendent until after three 54406
days following the service of the report and recommendation as 54407
provided in this section. The superintendent may order 54408
additional testimony to be taken or permit the introduction of 54409
further documentary evidence. The superintendent may approve, 54410
modify, or disapprove the recommendation of the hearing officer, 54411
and the order of the superintendent based on the report, 54412
recommendation, transcript of testimony, and evidence, or the 54413
objections of the acquiring party, and additional testimony and 54414
evidence shall have the same effect as if the hearing had been 54415
conducted by the superintendent. No such recommendation is final 54416
until confirmed and approved by the superintendent as indicated 54417
by the order entered in the record of proceedings, and if the 54418
superintendent modifies or disapproves the recommendations of 54419
the hearing officer, the reasons for the modification or 54420
disapproval shall be included in the record of proceedings. 54421

After the order is entered, the superintendent shall 54422
transmit in the manner and by any of the methods set forth in 54423
division (F) (2) (b) of this section a certified copy of the order 54424
and a statement of the time and method by which an appeal may be 54425
perfected. A copy of the order shall be mailed to the attorneys 54426
or other representatives of record representing the acquiring 54427
party. 54428

(e) An order of disapproval issued by the superintendent 54429
may be appealed to the court of common pleas in accordance with 54430
section 119.12 of the Revised Code by filing a notice of appeal 54431
with the superintendent and a copy of the notice of appeal with 54432
the court, within fifteen calendar days after the transmittal of 54433
the copy of the order of disapproval. The notice of appeal shall 54434
set forth the order appealed from and the grounds for appeal, in 54435
accordance with section 119.12 of the Revised Code. 54436

(3) The superintendent may retain at the acquiring party's 54437
expense any attorneys, actuaries, accountants, and other experts 54438
not otherwise a part of the superintendent's staff as may be 54439
reasonably necessary to assist the superintendent in reviewing 54440
the proposed acquisition of control. 54441

(G) This section does not apply to either of the 54442
following: 54443

(1) Any transaction that is subject to section 3921.14, or 54444
sections 3925.27 to 3925.31, 3941.35 to 3941.46, or section 54445
3953.19 of the Revised Code; 54446

(2) Any offer, request, invitation, agreement, or 54447
acquisition that the superintendent by order exempts from this 54448
section on either of the following bases: 54449

(a) It has not been made or entered into for the purpose 54450

and does not have the effect of changing or influencing the 54451
control of a domestic insurer; 54452

(b) It is not otherwise comprehended within the purposes 54453
of this section. 54454

(H) Nothing in this section or in any other section of 54455
Title XXXIX of the Revised Code shall be construed to impair the 54456
authority of the attorney general to investigate or prosecute 54457
actions under any state or federal antitrust law with respect to 54458
any merger or other acquisition involving domestic insurers. 54459

(I) In connection with a proposed change of control 54460
involving a depository institution or any affiliate thereof, 54461
within the meaning of Title I, section 104(c) of the "Gramm- 54462
Leach-Bliley Act," Pub. L. No. 106-102, 113 Stat. 1338 (1999), 54463
and a domestic insurer, not later than sixty days after the date 54464
of the notification of the proposed change in control submitted 54465
pursuant to division (B)(2) of this section, the superintendent 54466
shall make any determination that the person acquiring control 54467
of the insurer shall maintain or restore the capital of the 54468
insurer to the level required by the laws and regulations of 54469
this state. 54470

Sec. 3901.352. (A)(1) The superintendent of insurance is 54471
authorized to act as the group-wide supervisor for any 54472
internationally active insurance group in accordance with this 54473
section. However, the superintendent may otherwise acknowledge a 54474
regulatory official from another jurisdiction as the group-wide 54475
supervisor for an internationally active insurance group, if the 54476
group meets any of the following conditions: 54477

(a) Does not have substantial insurance operations in the 54478
United States; 54479

(b) Has substantial operations in the United States, but not in this state;	54480 54481
(c) Has substantial insurance operations in the United States and this state, but the superintendent has determined pursuant to the factors set forth in divisions (B) and (F) of this section that the other regulatory official is the appropriate group-wide supervisor.	54482 54483 54484 54485 54486
(2) An insurance holding company system that does not otherwise qualify as an internationally active insurance group may request that the superintendent make a determination or acknowledgment as to a group-wide supervisor for the insurance holding company system pursuant to this section.	54487 54488 54489 54490 54491
(B) (1) In cooperation with other state, federal, and international regulatory agencies, the superintendent shall identify one group-wide supervisor for each internationally active insurance group. The superintendent may determine that the superintendent is the appropriate group-wide supervisor for an internationally active insurance group that conducts substantial insurance operations concentrated in this state. However, the superintendent may acknowledge that a regulatory official from another jurisdiction is the appropriate group-wide supervisor for the internationally active insurance group. The superintendent shall consider the following factors when making a determination or acknowledgment under division (B) (1) of this section:	54492 54493 54494 54495 54496 54497 54498 54499 54500 54501 54502 54503 54504
(a) The place of domicile of the insurers within the internationally active insurance group that hold the largest share of the group's written premiums, assets, or liabilities;	54505 54506 54507
(b) The place of domicile of the top-tiered insurer in the	54508

internationally active insurance group's insurance holding 54509
company system; 54510

(c) The location of the executive offices or largest 54511
operational offices of the internationally active insurance 54512
group; 54513

(d) For the purposes of division (C) (1) of this section, 54514
whether another regulatory official is acting or is seeking to 54515
act as the group-wide supervisor for the internationally active 54516
insurance group under a regulatory system that the 54517
superintendent determines to be either of the following: 54518

(i) Substantially similar to the regulatory system under 54519
the laws of this state; 54520

(ii) Otherwise sufficient in terms of providing for group- 54521
wide supervision, enterprise risk analysis, and cooperation with 54522
other regulatory officials. 54523

(e) Whether another regulatory official acting, or seeking 54524
to act, as the group-wide supervisor for the internationally 54525
active insurance group provides the superintendent with 54526
reasonably reciprocal recognition and cooperation. 54527

(2) If the superintendent is identified in division (B) (1) 54528
of this section as the group-wide supervisor of an 54529
internationally active insurance group, the superintendent may 54530
determine that it is appropriate to acknowledge another 54531
supervisor to serve as the group-wide supervisor. The 54532
acknowledgment of the new group-wide supervisor shall be made in 54533
accordance with all of the following: 54534

(a) After consideration of the factors listed in division 54535
(B) (1) of this section; 54536

(b) In cooperation with and subject to the acknowledgment 54537
of other regulatory officials involved with supervision of 54538
members of the internationally active insurance group; 54539

(c) In consultation with the internationally active 54540
insurance group. 54541

(C) (1) Notwithstanding any other provision of law, when 54542
another regulatory official is acting as the group-wide 54543
supervisor of an internationally active insurance group, the 54544
superintendent shall acknowledge that regulatory official as the 54545
group-wide supervisor. 54546

(2) The superintendent shall make a determination or 54547
acknowledgment under division (B) of this section as to the 54548
appropriate group-wide supervisor for an internationally active 54549
insurance group if a material change in the internationally 54550
active insurance group results in either of the following: 54551

(a) The internationally active insurance group's insurers 54552
domiciled in this state holding the largest share of the group's 54553
premiums, assets, or liabilities; 54554

(b) This state being the place of domicile of the top- 54555
tiered insurer in the internationally active insurance group's 54556
insurance holding company system. 54557

(D) (1) Pursuant to section 3901.35 of the Revised Code, 54558
the superintendent may collect from any insurer registered under 54559
section 3901.33 of the Revised Code all information necessary to 54560
determine whether the superintendent may act as the group-wide 54561
supervisor of an internationally active insurance group or if 54562
the superintendent may acknowledge another regulatory official 54563
to act as the group-wide supervisor. 54564

(2) Prior to issuing a determination that an 54565

internationally active insurance group is subject to group-wide supervision by the superintendent, the superintendent shall notify the insurer registered under section 3901.33 of the Revised Code and the ultimate controlling person within the internationally active insurance group. The superintendent shall give the internationally active insurance group not less than thirty days to provide the superintendent with additional information pertinent to the pending determination.

(3) The superintendent shall publish on its internet web site the identity of internationally active insurance groups that the superintendent has determined are subject to group-wide supervision by the superintendent.

(E) If the superintendent is the group-wide supervisor for an internationally active insurance group, the superintendent may engage in any of the following activities:

(1) Assess the enterprise risks within the internationally active insurance group to ensure all of the following:

(a) That the material financial condition and liquidity risks to members of the internationally active insurance group that are engaged in the business of insurance are identified by management;

(b) That reasonable and effective mitigation measures are in place.

(2) Request from any member of an internationally active insurance group subject to the superintendent's supervision information necessary and appropriate to assess enterprise risk, including information about the members of the internationally active insurance group regarding all of the following:

(a) Governance, risk assessment, and management;

(b) Capital adequacy;	54595
(c) Material intercompany transactions.	54596
(3) Coordinate and, through the authority of the	54597
regulatory officials of the jurisdictions in which members of	54598
the internationally active insurance group are domiciled, compel	54599
development and implementation of reasonable measures designed	54600
to ensure that the internationally active insurance group is	54601
able to timely recognize and mitigate enterprise risks to	54602
members of the internationally active insurance group that are	54603
engaged in the business of insurance;	54604
(4) Communicate with other state, federal, and	54605
international regulatory agencies for members of the	54606
internationally active insurance group and share relevant	54607
information, subject to the confidentiality provisions of	54608
section 3901.36 of the Revised Code, through a supervisory	54609
college as set forth in section 3901.351 of the Revised Code or	54610
otherwise;	54611
(5) Enter into agreements with or obtain documentation	54612
from any insurer registered under section 3901.33 of the Revised	54613
Code, any member of the internationally active insurance group,	54614
and any other state, federal, and international regulatory	54615
agency for members of the internationally active insurance	54616
group, that provides the basis for or otherwise clarifies the	54617
superintendent's role as group-wide supervisor. The agreements	54618
or documentation may include provisions for resolving disputes	54619
with other regulatory officials. The agreements or documentation	54620
shall not serve as evidence in any proceeding to show that any	54621
insurer or person within an insurance holding company system not	54622
domiciled or incorporated in this state is doing business in	54623
this state or is otherwise subject to jurisdiction in this	54624

state. 54625

(6) Any other group-wide supervision activities consistent 54626
with this section that the superintendent considers necessary. 54627

(F) If the superintendent acknowledges that another 54628
regulatory official from a jurisdiction that is not accredited 54629
by the national association of insurance commissioners is the 54630
group-wide supervisor of an internationally active insurance 54631
group, the superintendent may reasonably cooperate, through a 54632
supervisory college as set forth in section 3901.351 of the 54633
Revised Code or otherwise, with group-wide supervision 54634
undertaken by the group-wide supervisor if all of the following 54635
are true: 54636

(1) The superintendent's cooperation is in compliance with 54637
the Revised Code. 54638

(2) The regulatory official also recognizes and cooperates 54639

untimely sale of assets or prevent timely investments; 57025

(e) Currency devaluation to which the insurer may be 57026
subject; 57027

(f) Any other contingencies the superintendent identifies 57028

superintendent shall also take into account the following 57032
factors: 57033

magnitude of the various risks under division (B) (1) of this 57035
section; 57036

whether any dependency is direct or inverse; 57039

(c) The insurer's recent history of profits or losses; 57040

(d) The extent to which the insurer has provided 57041
protection against adverse contingencies in ways other than the 57042
establishment of surplus, including redundancy of premiums, 57043
adjustability of contracts under their terms, investment 57044
valuation reserves, whether voluntary or mandatory, appropriate 57045
reinsurance, the use of conservative actuarial assumptions to 57046
provide a margin of security, reserve adjustments in recognition 57047
of previous rate inadequacies, contingency or catastrophe 57048
reserves, diversification of assets, and underwriting risks; 57049

(e) Independent judgments on the soundness of the 57050
insurer's operations, as evidenced by the ratings of reliable 57051

professional financial reporting services; 57052

(f) Any other factor the superintendent considers 57053
relevant. 57054

Sec. 3906.15. (A) ~~The superintendent may, in accordance~~ 57055
~~with section 119.03 of the Revised Code, adopt rules~~ 57056
~~interpreting and implementing the provisions of this chapter.~~ 57057

~~(B)~~The superintendent may, in accordance with section 57058
119.03 of the Revised Code, adopt one or more of the following 57059
restrictions on investments in rules: 57060

(1) The superintendent may prescribe for defined classes 57061
of insurers special procedural requirements, including special 57062
reports and prior approval on investments, as well as 57063
disapproval of investments subsequent to either. 57064

(2) The superintendent may prescribe substantive 57065
restrictions on investments of defined classes of insurers, 57066
including all of the following: 57067

even though the assets may be counted for unrestricted insurers; 57070

(b) Specification of maximum amounts of assets that an 57071
insurer may invest in a single investment, issue, or class or 57072

services, listing on specified stock exchanges, collateral, 57079

marketability, currency matching, and the financial and legal 57080
status of the issuer and its earnings capacity. 57081

~~(C)~~(B) If the superintendent is satisfied by evidence of 57082
the solidity of an insurer and the competence of management and 57083
its investment advisors, the superintendent, after a hearing, 57084
may by order grant an exemption to that insurer from any 57085
restriction made under division ~~(B)~~(A) of this section to the 57086

public, are protected. 57089

Sec. 3911.011. (A) No policy, annuity, or other contract 57090
providing variable or fixed and variable benefits or contractual 57091

government, and transacting the business of life insurance in 57097
this state. No such company, partnership or association shall 57098
deliver or issue for delivery in this state any such policy, 57099
annuity, or contract until the superintendent of insurance has 57100
determined that its condition and methods of operation in 57101
connection with the issuance of the policies, annuities, and 57102
contracts will not render its operation hazardous to the public 57103
or to the holders of its policies, annuities, and other 57104
contracts in this state. In making such determination, the 57105
superintendent shall consider the history, reputation, and 57106
financial condition of the company, partnership, or association, 57107
and the character, responsibility, and general fitness of its 57108
officers, directors, partners, or associates. In making such 57109
determination with respect to a company, partnership, or 57110

association not organized under the laws of this state, the 57111
superintendent shall also consider whether the laws and 57112
regulations of its domicile provide a degree of protection to 57113
the public and the holders of its policies, annuities, and other 57114
contracts substantially equal to that provided by this section- 57115
~~and any rules adopted by the superintendent pursuant to division~~ 57116

endorsement, or rider to be used in connection with any such 57125
policy, annuity, or other contract shall be delivered, or issued 57126
for delivery, in this state until a copy thereof has been filed 57127
with the superintendent. The superintendent shall, within thirty 57128
days after the filing of any such form, disapprove the same upon 57129
finding that such form contains provisions that are unjust, 57130
unfair, inequitable, misleading, or deceptive, encourage 57131
misrepresentation of the coverage, or are contrary to the 57132
insurance laws of this state ~~or any rule adopted by the~~ 57133
~~superintendent pursuant to division (C) of this section.~~ When 57134
the superintendent notifies a company, partnership, or 57135
association that a form has been disapproved, it shall be 57136
unlawful thereafter for the company, partnership, or association 57137
to issue or use the form. In the notice, the superintendent 57138
shall specify the reason for the disapproval and state that a 57139
hearing will be granted in twenty days after request in writing. 57140
No such policy, contract, certificate, application, endorsement, 57141

or rider shall be issued or used until the expiration of thirty 57142
days after it has been so filed, unless the superintendent gives 57143
written approval thereto. The superintendent may, at any time 57144
after a hearing held not less than twenty days after written 57145
notice to the insurer, withdraw the approval of any such form on 57146
any ground set forth in this division. The written notice of 57147
such hearing shall state the reason for the proposed withdrawal. 57148
The company, partnership, or association shall not issue the 57149
form or use it after the effective date of the withdrawal. Any 57150
order or formal determination of the superintendent under this 57151
division shall be subject to judicial review as provided in 57152
section 119.12 of the Revised Code. 57153

(C) The superintendent shall have the sole and exclusive 57154
power and authority to regulate the sale, delivery, and issuance 57155
for delivery in this state of policies, annuities, and other 57156
contracts described in division (A) of this section and, subject 57157
to Chapter 119. of the Revised Code, to adopt, amend, and 57158
rescind rules ~~necessary to discharge the superintendent's duties~~ 57159
~~and exercise the superintendent's power and authority under~~ 57160
~~section 3907.15 of the Revised Code and this section, including,~~ 57161
~~but not limited to,~~for the adoption of a definition of a 57162
subsidiary or affiliated corporation under section 3907.15 of 57163
the Revised Code. 57164

(D) Except for Chapter 3915. and except as otherwise 57165
provided in sections 3907.15 and 3911.011 of the Revised Code, 57166
all pertinent provisions of Title XXXIX of the Revised Code 57167

variable or fixed and variable benefits or contractual payments 57169
and all separate accounts established in connection therewith. 57170
The reserve liability for such policies, annuities, and 57171
contracts shall be established in accordance with actuarial 57172

procedures that recognize the variable nature of the benefits 57173
and guarantees provided. 57174

Chapter 1707. of the Revised Code does not apply to any 57175
policy, annuity, or other contract providing fixed, variable, or 57176
fixed and variable benefits or contractual payments, that is 57177
issued by any company, partnership, or association authorized to 57178
transact the business of life insurance in this state. 57179

Sec. 3913.01. Any domestic stock life insurance 57180
corporation, incorporated under a general law, may become a 57181
mutual life insurance corporation, and to that end may carry out 57182
a plan for the acquisition of shares of its capital stock, 57183
provided such plan: 57184

(A) Has been adopted by a vote of a majority of the 57185
directors of such corporation; 57186

(B) Has been approved by a vote of stockholders 57187
representing a majority of the capital stock then outstanding at 57188
a meeting of stockholders called for the purpose; 57189

(C) Has been approved by a majority of the policyholders 57190
voting at a meeting of policyholders called for the purpose, 57191
each of whom is insured in a sum of at least one thousand 57192
dollars and whose insurance shall then be in force and shall 57193
have been in force for at least one year prior to such meeting. 57194

As used in this section, "policyholder" means the person 57195
insured under an individual policy of life insurance, and the 57196
person to whom any annuity or pure endowment is presently or 57197
prospectively payable by the terms of an individual annuity or 57198
pure endowment contract, except where the policy or contract 57199
declares some other person to be the owner or holder thereof, in 57200
which case such owner or policyholder shall be deemed the 57201

policyholder, and except in cases of assignment. In the case of 57202
any individual policy or contract insuring two or more persons 57203
jointly or in case the policy or contract declares two or more 57204
persons to be the owner, the persons insured or declared to be 57205
the owner are considered as one policyholder for the purposes of 57206
this section. In case any such policy or contract has been 57207
assigned by an assignment absolute on its face to an assignee 57208
other than the corporation, and such assignment has been filed 57209
at the principal office of the corporation at least thirty days 57210
prior to the date of the meeting of policyholders, then such 57211
assignee shall be deemed a policyholder. Except as provided in 57212
this section, an assignee of a policy or contract shall not be 57213
deemed a policyholder. The reference in division (C) of this 57214
section to insurance in the amount of one thousand dollars or 57215
more is deemed to include any annuity contract, the commuted 57216
value of which is one thousand dollars or more on the date of 57217
said meeting, and any pure endowment contract for the principal 57218
sum of one thousand dollars or more. 57219

Notice of the meeting of policyholders shall be given by 57220
mailing such notice from the home office of the corporation at 57221
least thirty days prior to such meeting in a sealed envelope, 57222
postage prepaid, addressed to such policyholders at their last 57223
known post-office addresses, provided that personal delivery of 57224
such written notice to any policyholder evidenced by written 57225
receipt therefor may be substituted for mailing the same. The 57226
meeting shall be otherwise provided for and conducted in such 57227
manner as is provided in the mutualization plan, provided that 57228
policyholders may vote in person, by proxy, or by mail, and that 57229
all votes shall be cast by ballot on a uniform ballot furnished 57230
by the corporation. The superintendent of insurance shall 57231
supervise and direct the method and procedure of said meeting 57232

and shall appoint an adequate number of inspectors to conduct 57233
the voting at said meeting who may determine all questions 57234
concerning the verification of the ballots, the ascertainment of 57235
the validity of such ballots, the qualifications of the voters, 57236
and the canvass of the vote, and who shall certify to the 57237
superintendent and to the corporation the result of such 57238
proceedings, which shall be supervised by said inspectors ~~in~~ 57239
~~accordance with such rules as are prescribed by the~~ 57240
~~superintendent.~~ All necessary expenses incurred by the 57241
superintendent shall be paid by the corporation, as certified to 57242
by the superintendent. 57243

Before such a plan can be carried out, it must be 57244
submitted to the superintendent and must be approved by the 57245
superintendent in writing; provided that every payment for the 57246
acquisition of any shares of the capital stock of such 57247
corporation, the purchase price of which is not fixed by such 57248
plan, shall be subject to the approval of the superintendent, 57249
and provided that neither such plan, nor any such payment, shall 57250
be approved by the superintendent unless at the time of such 57251
approvals, respectively, the corporation, after deducting the 57252
aggregate sum appropriated by such plan for the acquisition of 57253
any part or all of its capital stock, and, in the case of any 57254
payment not fixed by such plan and subject to separate approval 57255
by the superintendent, after deducting also the amount of such 57256
payment, shall be possessed of net assets of not less than two 57257
hundred thousand dollars from which it shall maintain its 57258
deposit made previously with the superintendent, and such assets 57259
shall be not less than the entire liabilities of the 57260
corporation, including the net values of its outstanding 57261
contracts computed according to the standard adopted by the 57262
corporation under sections 3903.72 to 3903.7211 of the Revised 57263

Code and including all funds, contingent reserves, and surplus, 57264
except for such surplus as has been appropriated or paid under 57265
such plan. 57266

Sec. 3915.073. (A) This section shall be known as the 57267
standard nonforfeiture law for individual deferred annuities. 57268

(B) This section does not apply to any reinsurance, group 57269
annuity purchased under a retirement plan or plan of deferred 57270
compensation established or maintained by an employer, including 57271
a partnership or sole proprietorship, or by an employee 57272
organization, or by both, other than a plan providing individual 57273
retirement accounts or individual retirement annuities under 57274
section 408 of the Internal Revenue Code of 1954, 26 U.S.C.A. 57275
408, as amended, premium deposit fund, variable annuity, 57276
investment annuity, immediate annuity, any deferred annuity 57277
contract after annuity payments have commenced, or reversionary 57278
annuity, nor to any contract which is delivered outside this 57279
state through an agent or other representative of the company 57280
issuing the contract. 57281

(C) No contract of annuity, except as stated in division 57282
(B) of this section, shall be delivered or issued for delivery 57283
in this state unless the contract contains in substance the 57284
following provisions, or corresponding provisions that in the 57285
opinion of the superintendent of insurance are at least as 57286
favorable to the contract owners, relative to the cessation of 57287
payment of consideration under the contract: 57288

(1) That upon cessation of payment of considerations under 57289
a contract, or upon the written request of the contract owner, 57290
the company shall grant a paid-up annuity benefit on a plan 57291
stipulated in the contract of such value as is specified in 57292
divisions (E), (F), (G), (H), and (J) of this section; 57293

(2) If a contract provides for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or prior to the commencement of any annuity payments, the company shall pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in divisions (E), (F), (H), and (J) of this section. The company may reserve the right to defer the payment of such cash surrender benefit for a period not to exceed six months after demand therefor with surrender of the contract. The deferral is contingent upon the company's conveyance of a written request for the deferral to the superintendent and the company's receipt of written approval from the superintendent for the deferral. The request shall address the necessity and equitability to all contract owners of the deferral.

(3) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender, or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits;

(4) A statement that any paid-up annuity, cash surrender, or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the company to the contract, any indebtedness to the company on the contract, or any prior withdrawals from or partial surrenders of the contract.

Notwithstanding the requirements of this section, any deferred annuity contract may provide that if no considerations

have been received under a contract for a period of two full 57324
years and the portion of the paid-up annuity benefit at maturity 57325
on the plan stipulated in the contract arising from 57326
considerations paid prior to such period would be less than 57327
twenty dollars monthly, the company may at its option terminate 57328
such contract by payment in cash of the then present value of 57329
such portion of the paid-up annuity benefit, calculated on the 57330
basis of the mortality table, if any, and interest rate 57331
specified in the contract for determining the paid-up annuity 57332
benefit, and by such payment shall be relieved of any further 57333
obligation under such contract. 57334

(D) The minimum values as specified in divisions (E), (F), 57335
(G), (H), and (J) of this section of any paid-up annuity, cash 57336
surrender, or death benefits available under an annuity contract 57337
shall be based upon minimum nonforfeiture amounts as defined in 57338
this division. 57339

(1) (a) The minimum nonforfeiture amount at any time at or 57340
prior to the commencement of any annuity payments shall be equal 57341
to an accumulation up to such time at rates of interest 57342
determined in accordance with division (D) (2) of this section of 57343
the net considerations, determined in accordance with division 57344
(D) (1) (b) of this section, paid prior to such time, decreased by 57345
the sum of: 57346

(i) Any prior withdrawals from or partial surrenders of 57347
the contract, accumulated at rates of interest determined in 57348
accordance with division (D) (2) of this section; 57349

(ii) An annual contract charge of fifty dollars, 57350
accumulated at rates of interest determined in accordance with 57351
division (D) (2) of this section; 57352

(iii) Any premium tax paid by the company for the contract, accumulated at rates of interest determined in accordance with division (D) (2) of this section;

(iv) The amount of any indebtedness to the company on the contract, including interest due and accrued.

(b) The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount equal to eighty-seven and one-half per cent of the gross considerations credited to the contract during that contract year.

(2) (a) The interest rate used in determining minimum nonforfeiture amounts under divisions (D) (1) to (4) of this section shall be an annual rate of interest determined as the lesser of three per cent per annum or the following, which shall be specified in the contract if the interest rate will be reset:

(i) The five-year constant maturity treasury rate reported by the federal reserve as of a date or an average over a period, rounded to the nearest one-twentieth of one per cent, specified in the contract, no longer than fifteen months prior to the contract issue date or the redetermination date specified in division (D) (2) (b) of this section;

(ii) Reduced by one hundred twenty-five basis points;

(iii) Where the resulting interest rate shall not be less than fifteen hundredths of one per cent.

(b) The interest rate determined under division (D) (2) (a) of this section shall apply for an initial period and may be redetermined for additional periods. The redetermination date, basis and period, if any, shall be stated in the contract. The basis is the date or average over a specified period that

produces the value of the five-year constant maturity treasury 57382
rate to be used at each redetermination date. 57383

(3) During the period or term that a contract provides 57384
substantive participation in an equity-indexed benefit, the 57385
contract may provide for an increase in the reduction described 57386
in division (D) (2) (a) (ii) of this section by a maximum of one 57387
hundred basis points to reflect the value of the equity-indexed 57388
benefit. The present value at the contract issue date, and at 57389
each redetermination date thereafter, of the additional 57390
reduction shall not exceed the market value of the benefit. The 57391
superintendent may require a demonstration that the present 57392
value of the additional reduction does not exceed the market 57393
value of the benefit. If the demonstration is not acceptable to 57394
the superintendent, the superintendent may disallow or limit the 57395
additional reduction. 57396

(4) The superintendent may adopt rules to implement 57397
division (D) (3) of this section and to provide for further 57398
adjustments to the calculation of minimum nonforfeiture amounts 57399
for contracts that provide substantive participation in an 57400
equity-indexed benefit and for other contracts for which the 57401
superintendent determines adjustments are justified. 57402

(E) Any paid-up annuity benefit available under a contract 57403
shall be such that its present value on the date annuity 57404
payments are to commence is at least equal to the minimum 57405
nonforfeiture amount on that date. Such present value shall be 57406
computed using the mortality table, if any, and the interest 57407
rate specified in the contract for determining the minimum paid- 57408
up annuity benefits guaranteed in the contract. 57409

(F) For contracts which provide cash surrender benefits, 57410
such cash surrender benefits available prior to maturity shall 57411

not be less than the present value as of the date of surrender 57412
of that portion of the maturity value of the paid-up annuity 57413
benefit that would be provided under the contract at maturity 57414
arising from considerations paid prior to the time of cash 57415
surrender reduced by the amount appropriate to reflect any prior 57416
withdrawals from or partial surrenders of the contract, such 57417
present value being calculated on the basis of an interest rate 57418
not more than one per cent higher than the interest rate 57419
specified in the contract for accumulating the net 57420
considerations to determine such maturity value, decreased by 57421
the amount of any indebtedness to the company on the contract, 57422
including interest due and accrued, and increased by any 57423
existing additional amounts credited by the company to the 57424
contract. In no event shall any cash surrender benefit be less 57425
than the minimum nonforfeiture amount at that time. The death 57426
benefit under such contracts shall be at least equal to the cash 57427
surrender benefit. 57428

(G) For contracts that do not provide cash surrender 57429
benefits, the present value of any paid-up annuity benefit 57430
available as a nonforfeiture option at any time prior to 57431
maturity shall not be less than the present value of that 57432
portion of the maturity value of the paid-up annuity benefit 57433
provided under the contract arising from considerations paid 57434
prior to the time the contract is surrendered in exchange for, 57435
or changed to, a deferred paid-up annuity, such present value 57436
being calculated for the period prior to the maturity date on 57437
the basis of the interest rate specified in the contract for 57438
accumulating the net considerations to determine such maturity 57439
value, and increased by any existing additional amounts credited 57440
by the company to the contract. For contracts that do not 57441
provide any death benefits prior to the commencement of any 57442

annuity payments, such present values shall be calculated on the 57443
basis of such interest rate and the mortality table specified in 57444
the contract for determining the maturity value of the paid-up 57445
annuity benefit. However, in no event shall the present value of 57446
a paid-up annuity benefit be less than the minimum nonforfeiture 57447
amount at that time. 57448

(H) For the purpose of determining the benefits calculated 57449
under divisions (F) and (G) of this section, in the case of 57450
annuity contracts under which an election may be made to have 57451
annuity payments commence at optional maturity dates, the 57452
maturity date shall be deemed to be the latest date for which 57453
election shall be permitted by the contract, but shall not be 57454
deemed to be later than the anniversary of the contract next 57455
following the annuitant's seventieth birthday or the tenth 57456
anniversary of the contract, whichever is later. 57457

(I) Any contract that does not provide cash surrender 57458
benefits or does not provide death benefits at least equal to 57459
the minimum nonforfeiture amount prior to the commencement of 57460
any annuity payments shall include a statement in a prominent 57461
place in the contract that such benefits are not provided. 57462

(J) Any paid-up annuity, cash surrender, or death benefits 57463
available at any time, other than on the contract anniversary 57464
under any contract with fixed scheduled considerations, shall be 57465
calculated with allowance for the lapse of time and the payment 57466
of any scheduled considerations beyond the beginning of the 57467
contract year in which cessation of payment of considerations 57468
under the contract occurs. 57469

(K) For any contract that provides, within the same 57470
contract by rider or supplemental contract provision, both 57471
annuity benefits and life insurance benefits that are in excess 57472

of the greater of cash surrender benefits or a return of the 57473
gross considerations with interest, the minimum nonforfeiture 57474
benefit shall be equal to the sum of the minimum nonforfeiture 57475
benefits for the annuity portion and the minimum nonforfeiture 57476
benefits, if any, for the life insurance portion computed as if 57477
each portion were a separate contract. Notwithstanding the 57478
provisions of divisions (E), (F), (G), (H), and (J) of this 57479
section, additional benefits payable: 57480

(1) In the event of total and permanent disability; 57481

(2) As reversionary annuity or deferred reversionary 57482
annuity benefits; or 57483

(3) As other policy benefits additional to life insurance, 57484
endowment and annuity benefits, and considerations for all such 57485
additional benefits shall be disregarded in ascertaining the 57486
minimum nonforfeiture amounts, paid-up annuity, cash surrender, 57487
and death benefits that may be required by this section. 57488

The inclusion of such additional benefits shall not be 57489
required in any paid-up benefits, unless such additional 57490
benefits separately would require minimum nonforfeiture amounts, 57491
paid-up annuity, cash surrender, and death benefits. 57492

~~(L) The superintendent may adopt rules in accordance with~~ 57493
~~Chapter 119. of the Revised Code to implement this section.~~ 57494

Sec. 3915.09. No policy of life insurance shall be issued 57495
or delivered in this state, or be issued by a life insurance 57496
company organized under the laws of this state, if it contains 57497
any of the following: 57498

(A) A provision for forfeiture of the policy for failure 57499
to repay any loan on the policy or to pay interest on such loan 57500
while the total indebtedness on the policy is less than its loan 57501

value; or any provision for forfeiture for failure to repay any 57502
such loan or to pay interest thereon, unless such provision 57503
contains a stipulation that no such forfeiture shall occur until 57504
at least one month after notice has been mailed by the company 57505
to the last known address of the insured and of the assignee; 57506

(B) A provision limiting to less than five years the time 57507
within which any action at law or in equity may be commenced 57508
after the cause of action accrues; 57509

(C) A provision for any mode of settlement at maturity of 57510
less value than the amount insured on the face of the policy 57511
plus dividend additions, less any indebtedness to the company on 57512
the policy, and less any premium that may by the terms of the 57513
policy be deducted; 57514

(D) In a policy form filed under section 3915.14 of the 57515
Revised Code after September 16, 1970, a provision that the 57516
policy will be eligible to participate in any future 57517
distributions of earnings, profits, or surplus of the company 57518
which are not allocated to all participating policies by 57519
reasonable and nondiscriminatory standards; 57520

(E) A provision that the policy will be eligible to 57521
receive a preferential benefit or advantage which will not be 57522
available to policies purchased from the company at future dates 57523
or under other circumstances, the effect of which is to 57524
discriminate against those future policies; 57525

~~(F) Any provision which is prohibited by a rule adopted by 57526
the superintendent of insurance to clarify, construe, or 57527
implement any of the prohibitions of divisions (A) to (E), 57528
inclusive, of this section. 57529~~

chapter. 57603

(F) Except as otherwise provided in this division, a 57604

the viatical settlement contract form, the disclosure statement 57653

requirements of section 3916.06 of the Revised Code, is 57655

(C) (1) If a violation of sections 3961.01 to 3961.07 of 58709
the Revised Code has caused, is causing, or is about to cause 58710
substantial and material harm, the superintendent may issue a 58711
cease-and-desist order requiring a person to cease and desist 58712
from engaging in a violation. 58713

(2) The superintendent shall, immediately after issuing an 58714
order pursuant to division (C) (1) of this section, serve notice 58715

described in division (C) (1) of this section. The final order 58737
may be appealed as described in section 119.12 of the Revised 58738
Code. 58739

(4) The remedy described in division (C) of this section 58740
is cumulative and concurrent with other remedies available under 58741
this section. 58742

(D) If the superintendent has reasonable cause to believe 58743
that an order issued pursuant to this section has been violated 58744
in whole or in part, the superintendent may request the attorney 58745
general to commence any appropriate action against the violator. 58746

In an action described in this division, a court may impose any 58747

with division (A) (1) (c) of this section, and is required to 58791
comply with all of the terms, conditions, and affirmative 58792
obligations to which the originally contracted primary 58793
participating provider network is bound under its contract with 58794
the participating provider, including, but not limited to, 58795

obligations of the contracting entity's contract with the 58802
participating provider including, but not limited to, 58803
obligations concerning patient steerage and the timeliness and 58804

(b) Require that the third party accessing the 58820
participating provider's services through the participating 58821
provider's health care contract is obligated to comply with all 58822
of the applicable terms and conditions of the contract, 58823
including, but not limited to, the products for which the 58824
participating provider has agreed to provide services, except 58825
that a payer receiving administrative services from the 58826
contracting entity or its affiliate shall be solely responsible 58827
for payment to the participating provider. 58828

(3) Any information disclosed to a participating provider 58829
under this section shall be considered proprietary and shall not 58830
be distributed by the participating provider. 58831

(4) Except as provided in division (A) (1) of this section, 58832
no entity shall sell, rent, or give a contracting entity's 58833

58843

(3) (a) Notwithstanding division (B) (2) of this section, no contracting entity shall require, as a condition of contracting with the contracting entity, that the participating provider accept any future product offering that the contracting entity makes. 58854
58855
58856
58857

(b) If a participating provider refuses to accept any future product offering that the contracting entity makes, the contracting entity may terminate the health care contract based on the participating provider's refusal upon written notice to 58859
58860
58861
58862

the participating provider no sooner than one hundred eighty 58863

that the financial incentive or other form of consideration that 58867
is specified in the health care contract pursuant to division 58868
(B) (2) (b) of this section is the financial incentive or other 58869

to induce the participating provider to enter into the contract. 58871

(C) No contracting entity shall require, as a condition of 58872
contracting with the contracting entity, that a participating 58873
provider waive or forgo any right or benefit expressly conferred 58874

(E) (1) No contract or agreement between a contracting 58889
entity and a vision care provider shall do any of the following: 58890

(a) Require that a vision care provider accept as payment 58891

entity, choose to accept as payment an amount set by the 58897
contracting entity for vision care services or vision care 58898
materials provided to an enrollee that are not covered vision 58899
services. 58900

(ii) No contract between a vision care provider and a 58901
contracting entity to provide covered vision services or vision 58902
care materials shall be contingent on whether the vision care 58903
provider has entered into an agreement addressing noncovered 58904
vision services pursuant to division (E) (1) (a) (i) of this 58905

(2) A vision care provider recommending an out-of-network	58930
source or supplier of vision care materials to an enrollee shall	58931

"IMPORTANT: This vision care provider does not accept the 58958
fee schedule set by your insurer for vision care services and 58959
vision care materials that are not covered benefits under your 58960
plan and instead charges his or her normal fee for those 58961
services and materials. This vision care provider will provide 58962
you with an estimated cost for each non-covered service or 58963
material upon your request." 58964

(4) Nothing in division (E) of this section shall do any 58965
of the following: 58966

providers equally in provider directories, provider locators, 59012
and other marketing materials as participating, in-network 59013
providers, annotated only as to their decision to accept payment 59014
pursuant to division (F) (1) (a) (i) of this section. 59015

(b) Require that a dental care provider contract with a 59016
plan offering supplemental or specialty health care services as 59017
a condition of contracting with a plan offering basic health 59018

(G) (1) In addition to any other lawful reasons for 59062
terminating a health care contract, a health care contract may 59063
only be terminated under the circumstances described in division 59064

(2) If the health care contract provides for termination 59066
for cause by either party, the health care contract shall state 59067
the reasons that may be used for termination for cause, which 59068
terms shall be reasonable. Once the contracting entity and the 59069
participating provider have signed the health care contract, it 59070
is presumed that the reasons stated in the health care contract 59071

If the superintendent of insurance notifies an insurer or a health insuring corporation in writing that the superintendent has initiated a market

conduct examination into the specific subject matter of the 59122
arbitration proceeding pending against that insurer or health 59123
insuring corporation, the arbitration proceeding shall be stayed 59124
at the request of the insurer or health insuring corporation 59125

superintendent. 59127

Sec. 3964.07. (A) A captive insurance company shall not be 59128
required to make any annual report except as required by this 59129

statement required under division (B) (1) of this section. 59148

(C) Each captive insurance company shall report using 59149
generally accepted accounting principles, unless the 59150
superintendent requires, approves, or accepts the use of 59151

(I) The chairperson shall select and assign administrative 59607
law judges and other agents whose functions are to conduct 59608

files with the state employment relations board a sworn 59612
statement charging that the administrative law judge or other 59613
agent designated to conduct the hearing is biased or partial in 59614
the proceeding, the state employment relations board may 59615

employment relations board may, by one or more of its employees, 59625
or any agents or agencies it designates, conduct in any part of 59626
this state any proceeding, hearing, investigation, inquiry, or 59627
election necessary to the performance of its functions; 59628
provided, that no person so designated may later sit in 59629
determination of an appeal of the decision of that cause or 59630

arbitrators. 59641

(2) Conduct studies of problems involved in representation 59642
and negotiation and make recommendations for legislation; 59643

(3) Hold hearings pursuant to this chapter and, for the 59644
purpose of the hearings and inquiries, administer oaths and 59645
affirmations, examine witnesses and documents, take testimony 59646
and receive evidence, compel the attendance of witnesses and the 59647
production of documents by the issuance of subpoenas, and 59648
delegate these powers to any members of the state employment 59649

(c) Consult with appropriate statewide organizations 59686
representing public employers or employees who would be affected 59687
by the proposed ~~rule~~ or procedure. 59688

Although the state employment relations board is expected 59689
to discharge these duties diligently, failure to mail any notice 59690
or copy, or to so consult with any person, is not jurisdictional 59691
and shall not be construed to invalidate any proceeding or 59692
action of the state employment relations board. 59693

(L) In case of neglect or refusal to obey a subpoena 59694
issued to any person, the court of common pleas of the county in 59695

an order requiring the person to appear before the state 59698
employment relations board and give testimony about the matter 59699
under investigation. The court may punish a failure to obey the 59700
order as contempt. 59701

(M) Any subpoena, notice of hearing, or other process or 59702
notice of the state employment relations board issued under this 59703
section may be served personally, by certified mail, or by 59704
leaving a copy at the principal office or personal residence of 59705
the respondent required to be served. A return, made and 59706
verified by the individual making the service and setting forth 59707
the manner of service, is proof of service, and a return post 59708
office receipt, when certified mail is used, is proof of 59709
service. All process in any court to which application is made 59710
under this chapter may be served in the county wherein the 59711

persons required to be served reside or are found. 59712

relations board under its orders, shall be paid pursuant to 59716
itemized vouchers approved by the chairperson of the state 59717
employment relations board, the executive director, or both, or 59718
such other person as the chairperson designates for that 59719
purpose. 59720

(O) Whenever the state employment relations board 59721
determines that a substantial controversy exists with respect to 59722
the application or interpretation of this chapter and the matter 59723
is of public or great general interest, the state employment 59724
relations board shall certify its final order directly to the 59725
court of appeals having jurisdiction over the area in which the 59726
principal office of the public employer directly affected by the 59727
application or interpretation is located. The chairperson shall 59728
file with the clerk of the court a certified copy of the 59729
transcript of the proceedings before the state employment 59730
relations board pertaining to the final order. If upon hearing 59731
and consideration the court decides that the final order of the 59732
state employment relations board is unlawful or is not supported 59733
by substantial evidence on the record as a whole, the court 59734
shall reverse and vacate the final order or modify it and enter 59735
final judgment in accordance with the modification; otherwise, 59736
the court shall affirm the final order. The notice of the final 59737
order of the state employment relations board to the interested 59738
parties shall contain a certification by the chairperson of the 59739
state employment relations board that the final order is of 59740
public or great general interest and that a certified transcript 59741
of the record of the proceedings before the state employment 59742

relations board had been filed with the clerk of the court as an appeal to the court. For the purposes of this division, the state employment relations board has standing to bring its final order properly before the court of appeals.

where an employer first makes application for state insurance, 59777
and the administrator may require that if any employer transfers 59778
a business in whole or in part or otherwise reorganizes the 59779
business, the successor in interest shall assume, in proportion 59780
to the extent of the transfer, as determined by the 59781
administrator, the employer's account and shall continue the 59782
payment of all contributions due under this chapter; 59783

(C) A rule providing that an employer who employs an 59784
employee covered under the federal "Longshore and Harbor 59785
Workers' Compensation Act," 98 Stat. 1639, 33 U.S.C. 901 et 59786
seq., and this chapter and Chapter 4121. of the Revised Code 59787
shall be assessed a premium in accordance with the expenditure 59788
of wages, payroll, or both attributable to only labor performed 59789
and services provided by such an employee when the employee 59790
performs labor and provides services for which the employee is 59791
not eligible to receive compensation and benefits under that 59792
federal act. 59793

(D) A rule providing for all of the following: 59794

(1) If an employer fails to file a report of the 59795
employer's actual payroll expenditures pursuant to section 59796

shall be calculated based on the estimated payroll of the 59800
employer used in calculating the estimated premium due, 59801

increased by ten per cent; 59802

(2) (a) If an employer fails to pay the premium or 59803

(b) For purposes of division (D) (2) (a) of this section, 59826
"prime interest rate" means the average bank prime rate, and the 59827
administrator shall determine the prime interest rate in the 59828
same manner as a county auditor determines the average bank 59829

prime rate under section 929.02 of the Revised Code. 59830

(c) If an employer fails to pay the premium or assessments 59831
when due for a policy year commencing on or after July 1, 2015, 59832
the administrator may assess a penalty at the interest rate 59833
established by the state tax commissioner pursuant to section 59834
5703.47 of the Revised Code. 59835

(3) Notwithstanding the interest rates specified in 59836
division (D)(2)(a) or (c) of this section, at no time shall the 59837
additional penalty amount assessed under division (D)(2)(a) or 59838
(c) of this section exceed fifteen per cent of the premium due. 59839

(4) If an employer recognized by the administrator as a 59840
professional employer organization or alternate employer 59841
organization fails to make a timely payment of premiums or 59842
assessments as required by section 4123.35 of the Revised Code, 59843
the administrator shall revoke the organization's registration 59844
pursuant to section 4125.06 or 4133.09 of the Revised Code, as 59845
applicable. 59846

(5) An employer may appeal a late fee penalty or 59847
additional penalty to an adjudicating committee pursuant to 59848
section 4123.291 of the Revised Code. 59849

(6) If the employer files an appropriate payroll report 59850
within the time provided by law, the employer shall not be in 59851
default and division (D)(2) of this section shall not apply if 59852
the employer pays the premiums within fifteen days after being 59853
first notified by the administrator of the amount due. 59854

(7) Any deficiencies in the amounts of the premium 59855
security deposit paid by an employer prior to July 1, 2015, 59856
shall be subject to an interest charge of six per cent per annum 59857
from the date the premium obligation is incurred. In determining 59858

the interest due on deficiencies in premium security deposit 59859
payments, a charge in each case shall be made against the 59860
employer in an amount equal to interest at the rate of six per 59861
cent per annum on the premium security deposit due but remaining 59862
unpaid sixty days after notice by the administrator. 59863

(8) Any interest charges or penalties provided for in 59864
divisions (D) (2) and (7) of this section shall be credited to 59865
the employer's account for rating purposes in the same manner as 59866
premiums. 59867

(E) A rule providing that each employer, on the occasion 59868
of instituting coverage under this chapter for an effective date 59869
prior to July 1, 2015, shall submit a premium security deposit. 59870
The deposit shall be calculated equivalent to thirty per cent of 59871
the semiannual premium obligation of the employer based upon the 59872
employer's estimated expenditure for wages for the ensuing six- 59873
month period plus thirty per cent of an additional adjustment 59874
period of two months but only up to a maximum of one thousand 59875
dollars and not less than ten dollars. The administrator shall 59876
review the security deposit of every employer who has submitted 59877
a deposit which is less than the one-thousand-dollar maximum. 59878
The administrator may require any such employer to submit 59879
additional money up to the maximum of one thousand dollars that, 59880
in the administrator's opinion, reflects the employer's current 59881
payroll expenditure for an eight-month period. 59882

(F) A rule providing that each employer, on the occasion 59883
of instituting coverage under this chapter, shall submit an 59884
application fee and an application for coverage that completely 59885
provides all of the information required for the administrator 59886
to establish coverage for that employer, and that the employer's 59887
failure to pay the application fee or to provide all of the 59888

information requested on the application may be grounds for the 59889
administrator to deny coverage for that employer. 59890

(G) A rule providing that, in addition to any other 59891
remedies permitted in this chapter, the administrator may 59892
discontinue an employer's coverage if the employer fails to pay 59893
the premium due on or before the premium's due date. 59894

(H) A rule providing that if after a final adjudication it 59895
is determined that an employer has failed to pay an obligation, 59896
billing, account, or assessment that is greater than one 59897
thousand dollars on or before its due date, the administrator 59898
may discontinue the employer's coverage in addition to any other 59899
remedies permitted in this chapter, and that the administrator 59900
shall not discontinue an employer's coverage pursuant to this 59901
division prior to a final adjudication regarding the employer's 59902
failure to pay such obligation, billing, account, or assessment 59903
on or before its due date. 59904

(I) As used in divisions (G) and (H) of this section: 59905

(1) "Employer" has the same meaning as in section 4123.01 59906
of the Revised Code except that "employer" does not include the 59907
state, a state hospital, or a state university or college. 59908

(2) "State university or college" has the same meaning as 59909
in section 3345.12 of the Revised Code and also includes the 59910

Sec. 4123.35. (A) Except as provided in this section, and 59916
until the policy year commencing July 1, 2015, every private 59917

employer and every publicly owned utility shall pay semiannually 59918
in the months of January and July into the state insurance fund 59919
the amount of annual premium the administrator of workers' 59920
compensation fixes for the employment or occupation of the 59921
employer, the amount of which premium to be paid by each 59922
employer to be determined by the classifications, rules, and 59923
rates made and published by the administrator. The employer 59924
shall pay semiannually a further sum of money into the state 59925
insurance fund as may be ascertained to be due from the employer 59926
by applying the rules of the administrator. 59927

Except as otherwise provided in this section, for a policy 59928
year commencing on or after July 1, 2015, every private employer 59929
and every publicly owned utility shall pay annually in the month 59930
of June immediately preceding the policy year into the state 59931
insurance fund the amount of estimated annual premium the 59932
administrator fixes for the employment or occupation of the 59933
employer, the amount of which estimated premium to be paid by 59934
each employer to be determined by the classifications, rules, 59935
and rates made and published by the administrator. The employer 59936
shall pay a further sum of money into the state insurance fund 59937
as may be ascertained to be due from the employer by applying 59938
the rules of the administrator. Upon receipt of the payroll 59939
report required by division (B) of section 4123.26 of the 59940
Revised Code, the administrator shall adjust the premium and 59941
assessments charged to each employer for the difference between 59942
estimated gross payrolls and actual gross payrolls, and any 59943
balance due to the administrator shall be immediately paid by 59944
the employer. Any balance due the employer shall be credited to 59945
the employer's account. 59946

For a policy year commencing on or after July 1, 2015, 59947
each employer that is recognized by the administrator as a 59948

professional employer organization or alternate employer 59949
organization shall pay monthly into the state insurance fund the 59950
amount of premium the administrator fixes for the employer for 59951
the prior month based on the actual payroll of the employer 59952
reported pursuant to division (C) of section 4123.26 of the 59953
Revised Code. 59954

A receipt certifying that payment has been made shall be 59955
issued to the employer by the bureau of workers' compensation. 59956
The receipt is prima-facie evidence of the payment of the 59957
premium. The administrator shall provide each employer written 59958
proof of workers' compensation coverage as is required in 59959
section 4123.83 of the Revised Code. Proper posting of the 59960
notice constitutes the employer's compliance with the notice 59961
requirement mandated in section 4123.83 of the Revised Code. 59962

The bureau shall verify with the secretary of state the 59963
existence of all corporations and organizations making 59964
application for workers' compensation coverage and shall require 59965
every such application to include the employer's federal 59966
identification number. 59967

A private employer who has contracted with a subcontractor 59968
is liable for the unpaid premium due from any subcontractor with 59969
respect to that part of the payroll of the subcontractor that is 59970
for work performed pursuant to the contract with the employer. 59971

Division (A) of this section providing for the payment of 59972
premiums semiannually does not apply to any employer who was a 59973
subscriber to the state insurance fund prior to January 1, 1914, 59974
or, until July 1, 2015, who may first become a subscriber to the 59975
fund in any month other than January or July. Instead, the 59976
semiannual premiums shall be paid by those employers from time 59977
to time upon the expiration of the respective periods for which 59978

payments into the fund have been made by them. After July 1, 59979
2015, an employer who first becomes a subscriber to the fund on 59980
any day other than the first day of July shall pay premiums 59981
according to rules adopted by the administrator, with the advice 59982
and consent of the bureau of workers' compensation board of 59983
directors, for the remainder of the policy year for which the 59984
coverage is effective. 59985

The administrator, with the advice and consent of the 59986
board, shall adopt rules to permit employers to make periodic 59987
payments of the premium and assessment due under this division. 59988
The rules shall include provisions for the assessment of 59989
interest charges, where appropriate, and for the assessment of 59990
penalties when an employer fails to make timely premium 59991
payments. The administrator, in the rules the administrator 59992
adopts, may set an administrative fee for these periodic 59993
payments. An employer who timely pays the amounts due under this 59994
division is entitled to all of the benefits and protections of 59995
this chapter. Upon receipt of payment, the bureau shall issue a 59996
receipt to the employer certifying that payment has been made, 59997
which receipt is prima-facie evidence of payment. Workers' 59998
compensation coverage under this chapter continues uninterrupted 59999
upon timely receipt of payment under this division. 60000

Every public employer, except public employers that are 60001
self-insuring employers under this section, shall comply with 60002
sections 4123.38 to 4123.41, and 4123.48 of the Revised Code in 60003
regard to the contribution of moneys to the public insurance 60004
fund. 60005

(B) Employers who will abide by the rules of the 60006
administrator and who may be of sufficient financial ability to 60007
render certain the payment of compensation to injured employees 60008

or the dependents of killed employees, and the furnishing of 60009
medical, surgical, nursing, and hospital attention and services 60010
and medicines, and funeral expenses, equal to or greater than is 60011
provided for in sections 4123.52, 4123.55 to 4123.62, and 60012
4123.64 to 4123.67 of the Revised Code, and who do not desire to 60013
insure the payment thereof or indemnify themselves against loss 60014
sustained by the direct payment thereof, upon a finding of such 60015
facts by the administrator, may be granted the privilege to pay 60016
individually compensation, and furnish medical, surgical, 60017
nursing, and hospital services and attention and funeral 60018
expenses directly to injured employees or the dependents of 60019
killed employees, thereby being granted status as a self- 60020
insuring employer. The administrator may charge employers who 60021
apply for the status as a self-insuring employer a reasonable 60022
application fee to cover the bureau's costs in connection with 60023
processing and making a determination with respect to an 60024
application. 60025

All employers granted status as self-insuring employers 60026
shall demonstrate sufficient financial and administrative 60027
ability to assure that all obligations under this section are 60028
promptly met. The administrator shall deny the privilege where 60029
the employer is unable to demonstrate the employer's ability to 60030
promptly meet all the obligations imposed on the employer by 60031
this section. 60032

(1) The administrator shall consider, but is not limited 60033
to, the following factors, where applicable, in determining the 60034
employer's ability to meet all of the obligations imposed on the 60035
employer by this section: 60036

(a) The employer has operated in this state for a minimum 60037
of two years, provided that an employer who has purchased, 60038

acquired, or otherwise succeeded to the operation of a business, 60039
or any part thereof, situated in this state that has operated 60040
for at least two years in this state, also shall qualify; 60041

(b) Where the employer previously contributed to the state 60042
insurance fund or is a successor employer as defined by bureau 60043
rules, the amount of the buyout, as defined by bureau rules; 60044

(c) The sufficiency of the employer's assets located in 60045
this state to insure the employer's solvency in paying 60046
compensation directly; 60047

(d) The financial records, documents, and data, certified 60048
by a certified public accountant, necessary to provide the 60049
employer's full financial disclosure. The records, documents, 60050
and data include, but are not limited to, balance sheets and 60051
profit and loss history for the current year and previous four 60052
years. 60053

(e) The employer's organizational plan for the 60054
administration of the workers' compensation law; 60055

(f) The employer's proposed plan to inform employees of 60056
the change from a state fund insurer to a self-insuring 60057
employer, the procedures the employer will follow as a self- 60058
insuring employer, and the employees' rights to compensation and 60059
benefits; and 60060

(g) The employer has either an account in a financial 60061
institution in this state, or if the employer maintains an 60062
account with a financial institution outside this state, ensures 60063
that workers' compensation checks are drawn from the same 60064
account as payroll checks or the employer clearly indicates that 60065
payment will be honored by a financial institution in this 60066
state. 60067

The administrator may waive the requirements of division 60068
(B) (1) (a) of this section and the requirement of division (B) (1) 60069
(d) of this section that the financial records, documents, and 60070
data be certified by a certified public accountant. The 60071
administrator shall adopt rules establishing the criteria that 60072
an employer shall meet in order for the administrator to waive 60073
the requirements of divisions (B) (1) (a) and (d) of this section. 60074
Such rules may require additional security of that employer 60075
pursuant to division (E) of section 4123.351 of the Revised 60076
Code. 60077

The administrator shall not grant the status of self- 60078
insuring employer to the state, except that the administrator 60079
may grant the status of self-insuring employer to a state 60080
institution of higher education, including its hospitals, that 60081
meets the requirements of division (B) (2) of this section. 60082

(2) When considering the application of a public employer, 60083
except for a board of county commissioners described in division 60084
(G) of section 4123.01 of the Revised Code, a board of a county 60085
hospital, or a publicly owned utility, the administrator shall 60086
verify that the public employer satisfies all of the following 60087
requirements as the requirements apply to that public employer: 60088

(a) For the two-year period preceding application under 60089
this section, the public employer has maintained an unvoted debt 60090
capacity equal to at least two times the amount of the current 60091
annual premium established by the administrator under this 60092
chapter for that public employer for the year immediately 60093
preceding the year in which the public employer makes 60094
application under this section. 60095

(b) For each of the two fiscal years preceding application 60096
under this section, the unreserved and undesignated year-end 60097

fund balance in the public employer's general fund is equal to 60098
at least five per cent of the public employer's general fund 60099
revenues for the fiscal year computed in accordance with 60100
generally accepted accounting principles. 60101

(c) For the five-year period preceding application under 60102
this section, the public employer, to the extent applicable, has 60103
complied fully with the continuing disclosure requirements 60104
established in rules adopted by the United States securities and 60105
exchange commission under 17 C.F.R. 240.15c 2-12. 60106

(d) For the five-year period preceding application under 60107
this section, the public employer has not had its local 60108
government fund distribution withheld on account of the public 60109
employer being indebted or otherwise obligated to the state. 60110

(e) For the five-year period preceding application under 60111
this section, the public employer has not been under a fiscal 60112
watch or fiscal emergency pursuant to section 118.023, 118.04, 60113
or 3316.03 of the Revised Code. 60114

(f) For the public employer's fiscal year preceding 60115
application under this section, the public employer has obtained 60116
an annual financial audit as required under section 117.10 of 60117
the Revised Code, which has been released by the auditor of 60118
state within seven months after the end of the public employer's 60119
fiscal year. 60120

(g) On the date of application, the public employer holds 60121
a debt rating of Aa3 or higher according to Moody's investors 60122
service, inc., or a comparable rating by an independent rating 60123
agency similar to Moody's investors service, inc. 60124

(h) The public employer agrees to generate an annual 60125
accumulating book reserve in its financial statements reflecting 60126

an actuarially generated reserve adequate to pay projected 60127
claims under this chapter for the applicable period of time, as 60128
determined by the administrator. 60129

(i) For a public employer that is a hospital, the public 60130
employer shall submit audited financial statements showing the 60131
hospital's overall liquidity characteristics, and the 60132
administrator shall determine, on an individual basis, whether 60133
the public employer satisfies liquidity standards equivalent to 60134
the liquidity standards of other public employers. 60135

~~(j) Any additional criteria that the administrator adopts~~ 60136
~~by rule pursuant to division (E) of this section.~~ 60137

The administrator may adopt rules establishing the 60138
criteria that a public employer shall satisfy in order for the 60139
administrator to waive any of the requirements listed in 60140
divisions (B) (2) (a) to ~~(j)~~(i) of this section. The rules may 60141
require additional security from that employer pursuant to 60142
division (E) of section 4123.351 of the Revised Code. The 60143
administrator shall not waive any of the requirements listed in 60144
divisions (B) (2) (a) to ~~(j)~~(i) of this section for a public 60145
employer who does not satisfy the criteria established in the 60146
rules the administrator adopts. 60147

(C) A board of county commissioners described in division 60148
(G) of section 4123.01 of the Revised Code, as an employer, that 60149
will abide by the rules of the administrator and that may be of 60150
sufficient financial ability to render certain the payment of 60151
compensation to injured employees or the dependents of killed 60152
employees, and the furnishing of medical, surgical, nursing, and 60153
hospital attention and services and medicines, and funeral 60154
expenses, equal to or greater than is provided for in sections 60155
4123.52, 4123.55 to 4123.62, and 4123.64 to 4123.67 of the 60156

Revised Code, and that does not desire to insure the payment 60157
thereof or indemnify itself against loss sustained by the direct 60158
payment thereof, upon a finding of such facts by the 60159
administrator, may be granted the privilege to pay individually 60160
compensation, and furnish medical, surgical, nursing, and 60161
hospital services and attention and funeral expenses directly to 60162
injured employees or the dependents of killed employees, thereby 60163
being granted status as a self-insuring employer. The 60164
administrator may charge a board of county commissioners 60165
described in division (G) of section 4123.01 of the Revised Code 60166
that applies for the status as a self-insuring employer a 60167
reasonable application fee to cover the bureau's costs in 60168
connection with processing and making a determination with 60169
respect to an application. All employers granted such status 60170
shall demonstrate sufficient financial and administrative 60171
ability to assure that all obligations under this section are 60172
promptly met. The administrator shall deny the privilege where 60173
the employer is unable to demonstrate the employer's ability to 60174
promptly meet all the obligations imposed on the employer by 60175
this section. The administrator shall consider, but is not 60176
limited to, the following factors, where applicable, in 60177
determining the employer's ability to meet all of the 60178
obligations imposed on the board as an employer by this section: 60179

(1) The board has operated in this state for a minimum of 60180
two years; 60181

(2) Where the board previously contributed to the state 60182
insurance fund or is a successor employer as defined by bureau 60183
rules, the amount of the buyout, as defined by bureau rules; 60184

(3) The sufficiency of the board's assets located in this 60185
state to insure the board's solvency in paying compensation 60186

directly; 60187

(4) The financial records, documents, and data, certified 60188
by a certified public accountant, necessary to provide the 60189
board's full financial disclosure. The records, documents, and 60190
data include, but are not limited to, balance sheets and profit 60191
and loss history for the current year and previous four years. 60192

(5) The board's organizational plan for the administration 60193
of the workers' compensation law; 60194

(6) The board's proposed plan to inform employees of the 60195
proposed self-insurance, the procedures the board will follow as 60196
a self-insuring employer, and the employees' rights to 60197
compensation and benefits; 60198

(7) The board has either an account in a financial 60199
institution in this state, or if the board maintains an account 60200
with a financial institution outside this state, ensures that 60201
workers' compensation checks are drawn from the same account as 60202
payroll checks or the board clearly indicates that payment will 60203
be honored by a financial institution in this state; 60204

(8) The board shall provide the administrator a surety 60205
bond in an amount equal to one hundred twenty-five per cent of 60206
the projected losses as determined by the administrator. 60207

(D) The administrator shall require a surety bond from all 60208
self-insuring employers, issued pursuant to section 4123.351 of 60209
the Revised Code, that is sufficient to compel, or secure to 60210
injured employees, or to the dependents of employees killed, the 60211
payment of compensation and expenses, which shall in no event be 60212
less than that paid or furnished out of the state insurance fund 60213
in similar cases to injured employees or to dependents of killed 60214
employees whose employers contribute to the fund, except when an 60215

employee of the employer, who has suffered the loss of a hand, 60216
arm, foot, leg, or eye prior to the injury for which 60217
compensation is to be paid, and thereafter suffers the loss of 60218
any other of the members as the result of any injury sustained 60219
in the course of and arising out of the employee's employment, 60220
the compensation to be paid by the self-insuring employer is 60221
limited to the disability suffered in the subsequent injury, 60222
additional compensation, if any, to be paid by the bureau out of 60223
the surplus created by section 4123.34 of the Revised Code. 60224

(E) In addition to the requirements of this section, the 60225
administrator shall make and publish rules governing the manner 60226
of making application and the nature and extent of the proof 60227
required to justify a finding of fact by the administrator as to 60228
granting the status of a self-insuring employer, which rules 60229
shall be general in their application, one of which rules shall 60230
provide that all self-insuring employers shall pay into the 60231
state insurance fund such amounts as are required to be credited 60232
to the surplus fund in division (B) of section 4123.34 of the 60233
Revised Code. ~~The administrator may adopt rules establishing~~ 60234
~~requirements in addition to the requirements described in~~ 60235
~~division (B) (2) of this section that a public employer shall~~ 60236
~~meet in order to qualify for self-insuring status.~~ 60237

Employers shall secure directly from the bureau central 60238
offices application forms upon which the bureau shall stamp a 60239
designating number. Prior to submission of an application, an 60240
employer shall make available to the bureau, and the bureau 60241
shall review, the information described in division (B) (1) of 60242
this section, and public employers shall make available, and the 60243
bureau shall review, the information necessary to verify whether 60244
the public employer meets the requirements listed in division 60245
(B) (2) of this section. An employer shall file the completed 60246

application forms with an application fee, which shall cover the 60247
costs of processing the application, as established by the 60248
administrator, by rule, with the bureau at least ninety days 60249
prior to the effective date of the employer's new status as a 60250
self-insuring employer. The application form is not deemed 60251
complete until all the required information is attached thereto. 60252
The bureau shall only accept applications that contain the 60253
required information. 60254

(F) The bureau shall review completed applications within 60255
a reasonable time. If the bureau determines to grant an employer 60256
the status as a self-insuring employer, the bureau shall issue a 60257
statement, containing its findings of fact, that is prepared by 60258
the bureau and signed by the administrator. If the bureau 60259
determines not to grant the status as a self-insuring employer, 60260
the bureau shall notify the employer of the determination and 60261
require the employer to continue to pay its full premium into 60262
the state insurance fund. The administrator also shall adopt 60263
rules establishing a minimum level of performance as a criterion 60264
for granting and maintaining the status as a self-insuring 60265
employer and fixing time limits beyond which failure of the 60266
self-insuring employer to provide for the necessary medical 60267
examinations and evaluations may not delay a decision on a 60268
claim. 60269

(G) The administrator shall adopt rules setting forth 60270
procedures for auditing the program of self-insuring employers. 60271
The bureau shall conduct the audit upon a random basis or 60272
whenever the bureau has grounds for believing that a self- 60273
insuring employer is not in full compliance with bureau rules or 60274
this chapter. 60275

The administrator shall monitor the programs conducted by 60276

self-insuring employers, to ensure compliance with bureau 60277
requirements and for that purpose, shall develop and issue to 60278
self-insuring employers standardized forms for use by the self- 60279
insuring employer in all aspects of the self-insuring employers' 60280
direct compensation program and for reporting of information to 60281
the bureau. 60282

The bureau shall receive and transmit to the self-insuring 60283
employer all complaints concerning any self-insuring employer. 60284
In the case of a complaint against a self-insuring employer, the 60285
administrator shall handle the complaint through the self- 60286
insurance division of the bureau. The bureau shall maintain a 60287
file by employer of all complaints received that relate to the 60288
employer. The bureau shall evaluate each complaint and take 60289
appropriate action. 60290

The administrator shall adopt as a rule a prohibition 60291
against any self-insuring employer from harassing, dismissing, 60292
or otherwise disciplining any employee making a complaint, which 60293
rule shall provide for a financial penalty to be levied by the 60294
administrator payable by the offending self-insuring employer. 60295

(H) For the purpose of making determinations as to whether 60296
to grant status as a self-insuring employer, the administrator 60297
may subscribe to and pay for a credit reporting service that 60298
offers financial and other business information about individual 60299
employers. The costs in connection with the bureau's 60300
subscription or individual reports from the service about an 60301
applicant may be included in the application fee charged 60302
employers under this section. 60303

(I) A self-insuring employer that returns to the state 60304
insurance fund as a state fund employer shall provide the 60305
administrator with medical costs and indemnity costs by claim, 60306

and payroll by manual classification and year, and such other 60307
information the administrator may require. The self-insuring 60308
employer shall submit this information by dates and in a format 60309
determined by the administrator. The administrator shall develop 60310
a state fund experience modification factor for a self-insuring 60311
employer that returns to the state insurance fund based in whole 60312
or in part on the employer's self-insured experience and the 60313
information submitted. 60314

(J) On the first day of July of each year, the 60315
administrator shall calculate separately each self-insuring 60316
employer's assessments for the safety and hygiene fund, 60317
administrative costs pursuant to section 4123.342 of the Revised 60318
Code, and for the surplus fund under division (B) of section 60319
4123.34 of the Revised Code, on the basis of the paid 60320
compensation attributable to the individual self-insuring 60321
employer according to the following calculation: 60322

(1) The total assessment against all self-insuring 60323
employers as a class for each fund and for the administrative 60324
costs for the year that the assessment is being made, as 60325
determined by the administrator, divided by the total amount of 60326
paid compensation for the previous calendar year attributable to 60327
all amenable self-insuring employers; 60328

(2) Multiply the quotient in division (J)(1) of this 60329
section by the total amount of paid compensation for the 60330
previous calendar year that is attributable to the individual 60331
self-insuring employer for whom the assessment is being 60332
determined. Each self-insuring employer shall pay the assessment 60333
that results from this calculation, unless the assessment 60334
resulting from this calculation falls below a minimum 60335
assessment, which minimum assessment the administrator shall 60336

determine on the first day of July of each year with the advice 60337
and consent of the bureau of workers' compensation board of 60338
directors, in which event, the self-insuring employer shall pay 60339
the minimum assessment. 60340

In determining the total amount due for the total 60341
assessment against all self-insuring employers as a class for 60342
each fund and the administrative assessment, the administrator 60343
shall reduce proportionately the total for each fund and 60344
assessment by the amount of money in the self-insurance 60345
assessment fund as of the date of the computation of the 60346
assessment. 60347

The administrator shall calculate the assessment for the 60348
portion of the surplus fund under division (B) of section 60349
4123.34 of the Revised Code that is used for reimbursement to a 60350
self-insuring employer under division (H) of section 4123.512 of 60351
the Revised Code in the same manner as set forth in divisions 60352
(J) (1) and (2) of this section except that the administrator 60353
shall calculate the total assessment for this portion of the 60354
surplus fund only on the basis of those self-insuring employers 60355
that retain participation in reimbursement to the self-insuring 60356
employer under division (H) of section 4123.512 of the Revised 60357
Code and the individual self-insuring employer's proportion of 60358
paid compensation shall be calculated only for those self- 60359
insuring employers who retain participation in reimbursement to 60360
the self-insuring employer under division (H) of section 60361
4123.512 of the Revised Code. 60362

An employer who no longer is a self-insuring employer in 60363
this state or who no longer is operating in this state, shall 60364
continue to pay assessments for administrative costs and for the 60365
surplus fund under division (B) of section 4123.34 of the 60366

Revised Code based upon paid compensation attributable to claims 60367
that occurred while the employer was a self-insuring employer 60368
within this state. 60369

(K) There is hereby created in the state treasury the 60370
self-insurance assessment fund. All investment earnings of the 60371
fund shall be deposited in the fund. The administrator shall use 60372
the money in the self-insurance assessment fund only for 60373
administrative costs as specified in section 4123.341 of the 60374
Revised Code. 60375

(L) Every self-insuring employer shall certify, in 60376
affidavit form subject to the penalty for perjury, to the bureau 60377
the amount of the self-insuring employer's paid compensation for 60378
the previous calendar year. In reporting paid compensation paid 60379
for the previous year, a self-insuring employer shall exclude 60380
from the total amount of paid compensation any reimbursement the 60381
self-insuring employer receives in the previous calendar year 60382
from the surplus fund pursuant to section 4123.512 of the 60383
Revised Code for any paid compensation. The self-insuring 60384
employer also shall exclude from the paid compensation reported 60385
any amount recovered under section 4123.931 of the Revised Code 60386
and any amount that is determined not to have been payable to or 60387
on behalf of a claimant in any final administrative or judicial 60388
proceeding. The self-insuring employer shall exclude such 60389
amounts from the paid compensation reported in the reporting 60390
period subsequent to the date the determination is made. The 60391
administrator shall adopt rules, in accordance with Chapter 119. 60392
of the Revised Code, that provide for all of the following: 60393

(1) Establishing the date by which self-insuring employers 60394
must submit such information and the amount of the assessments 60395
provided for in division (J) of this section for employers who 60396

have been granted self-insuring status within the last calendar year; 60397
60398

(2) If an employer fails to pay the assessment when due, 60399
the administrator may add a late fee penalty of not more than 60400
five hundred dollars to the assessment plus an additional 60401
penalty amount as follows: 60402

(a) For an assessment from sixty-one to ninety days past 60403
due, the prime interest rate, multiplied by the assessment due; 60404

(b) For an assessment from ninety-one to one hundred 60405
twenty days past due, the prime interest rate plus two per cent, 60406
multiplied by the assessment due; 60407

(c) For an assessment from one hundred twenty-one to one 60408
hundred fifty days past due, the prime interest rate plus four 60409
per cent, multiplied by the assessment due; 60410

(d) For an assessment from one hundred fifty-one to one 60411
hundred eighty days past due, the prime interest rate plus six 60412
per cent, multiplied by the assessment due; 60413

(e) For an assessment from one hundred eighty-one to two 60414
hundred ten days past due, the prime interest rate plus eight 60415
per cent, multiplied by the assessment due; 60416

(f) For each additional thirty-day period or portion 60417
thereof that an assessment remains past due after it has 60418
remained past due for more than two hundred ten days, the prime 60419
interest rate plus eight per cent, multiplied by the assessment 60420
due. 60421

(3) An employer may appeal a late fee penalty and penalty 60422
assessment to the administrator. 60423

For purposes of division (L) (2) of this section, "prime 60424

interest rate" means the average bank prime rate, and the administrator shall determine the prime interest rate in the same manner as a county auditor determines the average bank prime rate under section 929.02 of the Revised Code.

The administrator shall include any assessment and penalties that remain unpaid for previous assessment periods in the calculation and collection of any assessments due under this division or division (J) of this section.

(M) As used in this section, "paid compensation" means all amounts paid by a self-insuring employer for living maintenance benefits, all amounts for compensation paid pursuant to sections 4121.63, 4121.67, 4123.56, 4123.57, 4123.58, 4123.59, 4123.60, and 4123.64 of the Revised Code, all amounts paid as wages in lieu of such compensation, all amounts paid in lieu of such compensation under a nonoccupational accident and sickness program fully funded by the self-insuring employer, and all amounts paid by a self-insuring employer for a violation of a specific safety standard pursuant to Section 35 of Article II, Ohio Constitution and section 4121.47 of the Revised Code.

(N) Should any section of this chapter or Chapter 4121. of the Revised Code providing for self-insuring employers' assessments based upon compensation paid be declared unconstitutional by a final decision of any court, then that section of the Revised Code declared unconstitutional shall revert back to the section in existence prior to November 3, 1989, providing for assessments based upon payroll.

(O) The administrator may grant a self-insuring employer the privilege to self-insure a construction project entered into by the self-insuring employer that is scheduled for completion within six years after the date the project begins, and the

total cost of which is estimated to exceed one hundred million 60455
dollars or, for employers described in division (R) of this 60456
section, if the construction project is estimated to exceed 60457
twenty-five million dollars. The administrator may waive such 60458
cost and time criteria and grant a self-insuring employer the 60459
privilege to self-insure a construction project regardless of 60460
the time needed to complete the construction project and 60461
provided that the cost of the construction project is estimated 60462
to exceed fifty million dollars. A self-insuring employer who 60463

statement as to whether a collective bargaining agreement 60471
governing the rights, duties, and obligations of each of the 60472
parties to the agreement with respect to the construction 60473
project exists between the self-insuring employer and a labor 60474
organization. 60475

A self-insuring employer may apply to self-insure the 60476
employees of either of the following: 60477

workers' compensation claims for the construction project. The 60490
self-insuring employer shall post the certificate in a 60491
conspicuous place at the site of the construction project. 60492

The administrator shall maintain a record of the 60493

Upon approval of the application, the self-insuring 60499

covered under the certificate who receive injuries or are killed 60503
in the course of and arising out of employment on the 60504
construction project, or who contract an occupational disease in 60505
the course of employment on the construction project. For 60506
purposes of this chapter and Chapter 4121. of the Revised Code, 60507

employer listed in the certificate. A contractor or 60510
subcontractor included under the certificate shall report to the 60511
self-insuring employer listed in the certificate, all claims 60512

certificate is issued. 60515

A self-insuring employer who complies with this division 60516
is entitled to the protections provided under this chapter and 60517
Chapter 4121. of the Revised Code with respect to the employees 60518

construction project, as if the employees were employees of the 60523
self-insuring employer, provided that the self-insuring employer 60524
also complies with this section. No employee of the contractors 60525
and subcontractors covered under a certificate issued under this 60526
division shall be considered the employee of the self-insuring 60527
employer listed in that certificate for any purposes other than 60528
this chapter and Chapter 4121. of the Revised Code. Nothing in 60529
this division gives a self-insuring employer authority to 60530
control the means, manner, or method of employment of the 60531
employees of the contractors and subcontractors covered under a 60532
certificate issued under this division. 60533

The contractors and subcontractors included under a 60534
certificate issued under this division are entitled to the 60535

employees who are employed on the construction project which is 60538
the subject of the certificate, for death or injuries that arise 60539
out of, or death, injuries, or occupational diseases that arise 60540
in the course of, those employees' employment on that 60541
construction project. 60542

The contractors and subcontractors included under a 60543
certificate issued under this division shall identify in their 60544
payroll records the employees who are considered the employees 60545
of the self-insuring employer listed in that certificate for 60546

purposes of this chapter and Chapter 4121. of the Revised Code, 60547
and the amount that those employees earned for employment on the 60548
construction project that is the subject of that certificate. 60549
Notwithstanding any provision to the contrary under this chapter 60550
and Chapter 4121. of the Revised Code, the administrator shall 60551
exclude the payroll that is reported for employees who are 60552
considered the employees of the self-insuring employer listed in 60553
that certificate, and that the employees earned for employment 60554
on the construction project that is the subject of that 60555
certificate, when determining those contractors' or 60556
subcontractors' premiums or assessments required under this 60557
chapter and Chapter 4121. of the Revised Code. A self-insuring 60558
employer issued a certificate under this division shall include 60559
in the amount of paid compensation it reports pursuant to 60560
division (L) of this section, the amount of paid compensation 60561
the self-insuring employer paid pursuant to this division for 60562

the rights of employees under this chapter and Chapter 4121. of 60565
the Revised Code as those rights existed prior to September 17, 60566
1996. Nothing in this division shall be construed as altering 60567
the rights devolved under sections 2305.31 and 4123.82 of the 60568

(P) A self-insuring employer whose application is granted 60576

under division (O) of this section shall designate a safety professional to be responsible for the administration and enforcement of the safety program that is specifically designed for the construction project that is the subject of the application.

A self-insuring employer whose application is granted under division (O) of this section shall employ an ombudsperson for the construction project that is the subject of the application. The ombudsperson shall have experience in workers' compensation or the construction industry, or both. The ombudsperson shall perform all of the following duties:

project; 60622

(4) Whether the self-insuring employer has employed an 60623
ombudsperson as required under division (P) of this section; 60624

(5) Whether the self-insuring employer has sufficient 60625
surety to secure the payment of claims for which the self- 60626
insuring employer would be responsible pursuant to the granting 60627

The bureau's operation of the fund is not subject to sections 60670

required by this section. The additional security required by 60712
the rule, as the administrator determines appropriate, shall be 60713
sufficient and adequate to provide for financial assurance to 60714
meet the obligations of self-insuring employers under this 60715
chapter and Chapter 4121. of the Revised Code. 60716

(F) The purchase of coverage under this section by self- 60717

and ending on the twenty-seventh day of February. Each member 60782
shall hold office from the date of appointment until the end of 60783
the term for which the member was appointed. Any member 60784
appointed to fill a vacancy occurring prior to the expiration of 60785
the term for which the member's predecessor was appointed shall 60786
hold office for the remainder of such term. Any member shall 60787
continue in office subsequent to the expiration date of the 60788

at the pleasure of such member. 60830

Two members of the commission constitute a quorum and no 60831
action of the commission is valid unless it has the concurrence 60832

impair the right of a quorum to exercise all the rights and 60834
perform all the duties of the commission. 60835

The commission and its hearing officers shall hear appeals 60836
arising from determinations of the director of job and family 60837

commission shall further provide itself and its employees with 60861
such offices, equipment, and supplies as are necessary, using 60862
those already provided for the department of job and family 60863
services wherever possible. 60864

The commission shall have access to only the records of 60865
the department of job and family services that are necessary for 60866
the administration of this chapter and needed in the performance 60867
of its official duties. The commission shall have the right to 60868

of the amount of funds available for its operation, as soon as 60878
possible, but not later than thirty days after receiving the 60879
allocation from the United States department of labor. 60880

In the event that the director determines that sufficient 60881
funds are not available to approve the request as submitted and 60882
a revised budget is not agreed to within thirty days of the 60883
director's notification to the commission, the director of 60884
budget and management shall review and determine the funding 60885
levels for the commission and notify the commission and the 60886
director of the determination by the director of budget and 60887

twenty-six weeks beginning on the date the employer notifies the 61100
director, for the period of the specific shutdown, if all of the 61101

request the exemption.

(II) The employer provides that the affected individuals

exempt an individual from meeting the other requirements
specified in division (A) (4) (a) (i) of this section to be able to

OhioMeansJobs web site if the individual is legally prohibited 61138

regularly established school and whose base period qualifying 61163
weeks were earned in whole or in part while attending that 61164
school, meets the availability and active search for work 61165
requirements of division (A) (4) (a) of this section if the 61166
individual regularly attends the school during weeks with 61167
respect to which the individual claims unemployment benefits and 61168

request and in a manner prescribed by the director. 61179

(f) Notwithstanding any other provisions of this section, 61180
no otherwise eligible individual shall be denied benefits for 61181
any week because the individual is in training approved under 61182
section 236(a) (1) of the "Trade Act of 1974," 88 Stat. 1978, 19 61183
U.S.C.A. 2296, nor shall that individual be denied benefits by 61184

(a) The individual's unemployment was due to a labor dispute other than a lockout at any factory, establishment, or other premises located in this or any other state and owned or operated by the employer by which the individual is or was last employed; and for so long as the individual's unemployment is due to such labor dispute. No individual shall be disqualified under this provision if either of the following applies:

(i) The individual's employment was with such employer at any factory, establishment, or premises located in this state, owned or operated by such employer, other than the factory, establishment, or premises at which the labor dispute exists, if it is shown that the individual is not financing, participating in, or directly interested in such labor dispute;

prior to the dispute, or was separated by the employer prior to 61283
the dispute for reasons other than the labor dispute, or that 61284

(b) The individual has been given a disciplinary layoff 61288

(2) For the duration of the individual's unemployment if 61290

substantially less favorable than the individual's most recent 61317
employment and where such employment, if offered as new work, 61318
would be considered not suitable under the provisions of 61319
divisions (E) and (F) of this section. Any benefits that would 61320
otherwise be chargeable to the account of the employer from whom 61321

section 4141.24 of the Revised Code. 61331

(iv) When an individual has been issued a definite layoff 61332
date by the individual's employer and before the layoff date, 61333

section. However, if the individual fails to meet the employment 61337
and earnings requirements of division (A) (2) of section 4141.291 61338
of the Revised Code, then the individual, pursuant to division 61339
(A) (5) of this section, shall be ineligible for benefits for any 61340

is in all respects able and available for suitable work. For 61350
purposes of division (D) (2) (a) (v) of this section, "active duty" 61351
and "armed forces" have the same meanings as in 10 U.S.C. 101. 61352

(b) The individual has refused without good cause to 61353
accept an offer of suitable work when made by an employer either 61354
in person or to the individual's last known address, or has 61355
refused or failed to investigate a referral to suitable work 61356
when directed to do so by a local employment office of this 61357
state or another state, provided that this division shall not 61358
cause a disqualification for a waiting week or benefits under 61359
the following circumstances: 61360

(i) When work is offered by the individual's employer and 61361
the individual is not required to accept the offer pursuant to 61362
the terms of the labor-management contract or agreement; or 61363

(ii) When the individual is attending a training course 61364
pursuant to division (A) (4) of this section except, in the event 61365
of a refusal to accept an offer of suitable work or a refusal or 61366

failure to investigate a referral, benefits thereafter paid to 61367
such individual shall not be charged to the account of any 61368
employer and, except as provided in division (B) (1) (b) of 61369
section 4141.241 of the Revised Code, shall be charged to the 61370
mutualized account as provided in division (B) of section 61371
4141.25 of the Revised Code. 61372

(c) Such individual quit work to marry or because of 61373
marital, parental, filial, or other domestic obligations. 61374

(d) The individual became unemployed by reason of 61375
commitment to any correctional institution. 61376

(e) The individual became unemployed because of dishonesty 61377
in connection with the individual's most recent or any base 61378
period work. Remuneration earned in such work shall be excluded 61379
from the individual's total base period remuneration and 61380
qualifying weeks that otherwise would be credited to the 61381
individual for such work in the individual's base period shall 61382
not be credited for the purpose of determining the total 61383
benefits to which the individual is eligible and the weekly 61384
benefit amount to be paid under section 4141.30 of the Revised 61385
Code. Such excluded remuneration and noncredited qualifying 61386
weeks shall be excluded from the calculation of the maximum 61387
amount to be charged, under division (D) of section 4141.24 and 61388
section 4141.33 of the Revised Code, against the accounts of the 61389
individual's base period employers. In addition, no benefits 61390
shall thereafter be paid to the individual based upon such 61391
excluded remuneration or noncredited qualifying weeks. 61392

For purposes of division (D) (2) (e) of this section, 61393
"dishonesty" means the commission of substantive theft, fraud, 61394
or deceitful acts. 61395

(3) For purposes of division (D)(2)(a) of this section, an individual shall be considered to have quit work without just cause if all of the following apply:

(a) The individual is provided temporary work assignments by the individual's employer under agreed terms and conditions of employment.

(b) The individual is required pursuant to those terms and conditions to inquire with the individual's employer for available work assignments upon the conclusion of each work assignment.

(c) Suitable work assignments are available with the employer, but the individual fails to contact the employer to inquire about work assignments.

(E) No individual otherwise qualified to receive benefits shall lose the right to benefits by reason of a refusal to accept new work if:

(1) As a condition of being so employed the individual would be required to join a company union, or to resign from or refrain from joining any bona fide labor organization, or would be denied the right to retain membership in and observe the lawful rules of any such organization.

(2) The position offered is vacant due directly to a strike, lockout, or other labor dispute.

(3) The work is at an unreasonable distance from the individual's residence, having regard to the character of the work the individual has been accustomed to do, and travel to the place of work involves expenses substantially greater than that required for the individual's former work, unless the expense is provided for.

(4) The remuneration, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality.

(F) Subject to the special exceptions contained in division (A) (4) (f) of this section and section 4141.301 of the Revised Code, in determining whether any work is suitable for a claimant in the administration of this chapter, the director, in addition to the determination required under division (E) of this section, shall consider the degree of risk to the claimant's health, safety, and morals, the individual's physical fitness for the work, the individual's prior training and experience, the length of the individual's unemployment, the distance of the available work from the individual's residence, and the individual's prospects for obtaining local work.

(G) The "duration of unemployment" as used in this section means the full period of unemployment next ensuing after a separation from any base period or subsequent work and until an individual has become reemployed in employment subject to this chapter, or the unemployment compensation act of another state, or of the United States, and until such individual has worked six weeks and for those weeks has earned or been paid remuneration equal to six times an average weekly wage of not less than: eighty-five dollars and ten cents per week beginning on June 26, 1990; and beginning on and after January 1, 1992, twenty-seven and one-half per cent of the statewide average weekly wage as computed each first day of January under division (B) (3) of section 4141.30 of the Revised Code, rounded down to the nearest dollar, except for purposes of division (D) (2) (c) of this section, such term means the full period of unemployment next ensuing after a separation from such work and until such individual has become reemployed subject to the terms set forth

above, and has earned wages equal to one-half of the 61456
individual's average weekly wage or sixty dollars, whichever is 61457
less. 61458

(H) If a claimant is disqualified under division (D) (2) 61459
(a), (c), or (d) of this section or found to be qualified under 61460
the exceptions provided in division (D) (2) (a) (i), (iii), (iv), 61461
or (v) of this section or division (A) (2) of section 4141.291 of 61462
the Revised Code, then benefits that may become payable to such 61463
claimant, which are chargeable to the account of the employer 61464
from whom the individual was separated under such conditions, 61465
shall be charged to the mutualized account provided in section 61466
4141.25 of the Revised Code, provided that no charge shall be 61467
made to the mutualized account for benefits chargeable to a 61468
reimbursing employer, except as provided in division (D) (2) of 61469
section 4141.24 of the Revised Code. In the case of a 61470
reimbursing employer, the director shall refund or credit to the 61471
account of the reimbursing employer any over-paid benefits that 61472
are recovered under division (B) of section 4141.35 of the 61473
Revised Code. Amounts chargeable to other states, the United 61474
States, or Canada that are subject to agreements and 61475
arrangements that are established pursuant to section 4141.43 of 61476
the Revised Code shall be credited or reimbursed according to 61477
the agreements and arrangements to which the chargeable amounts 61478
are subject. 61479

(I) (1) Benefits based on service in employment as provided 61480
in divisions (B) (2) (a) and (b) of section 4141.01 of the Revised 61481
Code shall be payable in the same amount, on the same terms, and 61482
subject to the same conditions as benefits payable on the basis 61483
of other service subject to this chapter; except that after 61484
December 31, 1977: 61485

(a) Benefits based on service in an instructional, 61486
research, or principal administrative capacity in an institution 61487
of higher education, as defined in division (Y) of section 61488
4141.01 of the Revised Code; or for an educational institution 61489
as defined in division (CC) of section 4141.01 of the Revised 61490
Code, shall not be paid to any individual for any week of 61491
unemployment that begins during the period between two 61492
successive academic years or terms, or during a similar period 61493
between two regular but not successive terms or during a period 61494
of paid sabbatical leave provided for in the individual's 61495
contract, if the individual performs such services in the first 61496
of those academic years or terms and has a contract or a 61497
reasonable assurance that the individual will perform services 61498
in any such capacity for any such institution in the second of 61499
those academic years or terms. 61500

(b) Benefits based on service for an educational 61501
institution or an institution of higher education in other than 61502
an instructional, research, or principal administrative 61503
capacity, shall not be paid to any individual for any week of 61504
unemployment which begins during the period between two 61505
successive academic years or terms of the employing educational 61506
institution or institution of higher education, provided the 61507
individual performed those services for the educational 61508
institution or institution of higher education during the first 61509
such academic year or term and, there is a reasonable assurance 61510
that such individual will perform those services for any 61511
educational institution or institution of higher education in 61512
the second of such academic years or terms. 61513

If compensation is denied to any individual for any week 61514
under division (I) (1) (b) of this section and the individual was 61515
not offered an opportunity to perform those services for an 61516

institution of higher education or for an educational 61517
institution for the second of such academic years or terms, the 61518
individual is entitled to a retroactive payment of compensation 61519
for each week for which the individual timely filed a claim for 61520
compensation and for which compensation was denied solely by 61521
reason of division (I)(1)(b) of this section. An application for 61522
retroactive benefits shall be timely filed if received by the 61523
director or the director's deputy within or prior to the end of 61524
the fourth full calendar week after the end of the period for 61525
which benefits were denied because of reasonable assurance of 61526
employment. The provision for the payment of retroactive 61527
benefits under division (I)(1)(b) of this section is applicable 61528
to weeks of unemployment beginning on and after November 18, 61529
1983. The provisions under division (I)(1)(b) of this section 61530
shall be retroactive to September 5, 1982, only if, as a 61531
condition for full tax credit against the tax imposed by the 61532
"Federal Unemployment Tax Act," 53 Stat. 183 (1939), 26 U.S.C.A. 61533
3301 to 3311, the United States secretary of labor determines 61534
that retroactivity is required by federal law. 61535

(c) With respect to weeks of unemployment beginning after 61536
December 31, 1977, benefits shall be denied to any individual 61537
for any week which commences during an established and customary 61538
vacation period or holiday recess, if the individual performs 61539
any services described in divisions (I)(1)(a) and (b) of this 61540
section in the period immediately before the vacation period or 61541
holiday recess, and there is a reasonable assurance that the 61542
individual will perform any such services in the period 61543
immediately following the vacation period or holiday recess. 61544

(d) With respect to any services described in division (I) 61545
(1)(a), (b), or (c) of this section, benefits payable on the 61546
basis of services in any such capacity shall be denied as 61547

specified in division (I) (1) (a), (b), or (c) of this section to 61548
any individual who performs such services in an educational 61549
institution or institution of higher education while in the 61550
employ of an educational service agency. For this purpose, the 61551
term "educational service agency" means a governmental agency or 61552
governmental entity that is established and operated exclusively 61553
for the purpose of providing services to one or more educational 61554
institutions or one or more institutions of higher education. 61555

(e) Any individual employed by a county board of 61556
developmental disabilities shall be notified by the thirtieth 61557
day of April each year if the individual is not to be reemployed 61558
the following academic year. 61559

(f) Any individual employed by a school district, other 61560
than a municipal school district as defined in section 3311.71 61561
of the Revised Code, shall be notified by the first day of June 61562
each year if the individual is not to be reemployed the 61563
following academic year. 61564

(2) No disqualification will be imposed, between academic 61565
years or terms or during a vacation period or holiday recess 61566
under this division, unless the director or the director's 61567
deputy has received a statement in writing from the educational 61568
institution or institution of higher education that the claimant 61569
has a contract for, or a reasonable assurance of, reemployment 61570
for the ensuing academic year or term. 61571

(3) If an individual has employment with an educational 61572
institution or an institution of higher education and employment 61573
with a noneducational employer, during the base period of the 61574
individual's benefit year, then the individual may become 61575
eligible for benefits during the between-term, or vacation or 61576
holiday recess, disqualification period, based on employment 61577

performed for the noneducational employer, provided that the 61578
employment is sufficient to qualify the individual for benefit 61579
rights separately from the benefit rights based on school 61580
employment. The weekly benefit amount and maximum benefits 61581
payable during a disqualification period shall be computed based 61582
solely on the nonschool employment. 61583

(J) Benefits shall not be paid on the basis of employment 61584
performed by an alien, unless the alien had been lawfully 61585
admitted to the United States for permanent residence at the 61586
time the services were performed, was lawfully present for 61587
purposes of performing the services, or was otherwise 61588
permanently residing in the United States under color of law at 61589
the time the services were performed, under section 212(d) (5) of 61590
the "Immigration and Nationality Act," 66 Stat. 163, 8 U.S.C.A. 61591
1101: 61592

(1) Any data or information required of individuals 61593
applying for benefits to determine whether benefits are not 61594
payable to them because of their alien status shall be uniformly 61595
required from all applicants for benefits. 61596

(2) In the case of an individual whose application for 61597
benefits would otherwise be approved, no determination that 61598
benefits to the individual are not payable because of the 61599
individual's alien status shall be made except upon a 61600
preponderance of the evidence that the individual had not, in 61601
fact, been lawfully admitted to the United States. 61602

(K) The director shall establish and utilize a system of 61603
profiling all new claimants under this chapter that: 61604

(1) Identifies which claimants will be likely to exhaust 61605
regular compensation and will need job search assistance 61606

services to make a successful transition to new employment; 61607

(2) Refers claimants identified pursuant to division (K) 61608
(1) of this section to reemployment services, such as job search 61609
assistance services, available under any state or federal law; 61610

(3) Collects follow-up information relating to the 61611
services received by such claimants and the employment outcomes 61612
for such claimant's subsequent to receiving such services and 61613
utilizes such information in making identifications pursuant to 61614
division (K) (1) of this section; and 61615

(4) Meets such other requirements as the United States 61616
secretary of labor determines are appropriate. 61617

(L) Except as otherwise provided in division (A) (6) of 61618
this section, ineligibility pursuant to division (A) of this 61619
section shall begin on the first day of the week in which the 61620
claimant becomes ineligible for benefits and shall end on the 61621
last day of the week preceding the week in which the claimant 61622
satisfies the eligibility requirements. 61623

~~(M) The director may adopt rules that the director 61624
considers necessary for the administration of division (A) of 61625
this section. 61626~~

Sec. 4141.43. (A) The director of job and family services 61627
may disclose information as provided in this section in 61628
accordance with federal law governing such disclosure and 61629
sections 4141.162, 4141.21, and 4141.211 of the Revised Code. 61630

(B) The director may make the state's record relating to 61631
the administration of this chapter available to the railroad 61632
retirement board and may furnish the board at the board's 61633
expense such copies thereof as the board deems necessary for its 61634
purposes. 61635

(C) The director may afford reasonable cooperation with every agency of the United States charged with the administration of any unemployment compensation law.

(D) The director may enter into arrangements with the appropriate agencies of other states or of the United States or Canada whereby individuals performing services in this and other states for a single employer under circumstances not specifically provided for in division (B) of section 4141.01 of the Revised Code or in similar provisions in the unemployment compensation laws of such other states shall be deemed to be engaged in employment performed entirely within this state or within one of such other states or within Canada, and whereby potential rights to benefits accumulated under the unemployment compensation laws of several states or under such a law of the United States, or both, or of Canada may constitute the basis for the payment of benefits through a single appropriate agency under terms that the director finds will be fair and reasonable as to all affected interests and will not result in any substantial loss to the unemployment compensation fund.

(E) The director may enter into agreements with the appropriate agencies of other states or of the United States or Canada:

(1) Whereby services or wages upon the basis of which an individual may become entitled to benefits under the unemployment compensation law of another state or of the United States or Canada shall be deemed to be employment or wages for employment by employers for the purposes of qualifying claimants for benefits under this chapter, and the director may estimate the number of weeks of employment represented by the wages reported to the director for such claimants by such other

agency, provided such other state agency or agency of the United 61666
States or Canada has agreed to reimburse the unemployment 61667
compensation fund for such portion of benefits paid under this 61668
chapter upon the basis of such services or wages as the director 61669
finds will be fair and reasonable as to all affected interests; 61670

(2) Whereby the director will reimburse other state or 61671
federal or Canadian agencies charged with the administration of 61672
unemployment compensation laws with such reasonable portion of 61673
benefits, paid under the law of such other states or of the 61674
United States or of Canada upon the basis of employment or wages 61675
for employment by employers, as the director finds will be fair 61676
and reasonable as to all affected interests. Reimbursements so 61677
payable shall be deemed to be benefits for the purpose of 61678
section 4141.09 and division (A) of section 4141.30 of the 61679
Revised Code. However, no reimbursement so payable shall be 61680
charged against any employer's account for the purposes of 61681
section 4141.24 of the Revised Code if the employer's account, 61682
under the same or similar circumstances, with respect to 61683
benefits charged under the provisions of this chapter, other 61684
than this section, would not be charged or, if the claimant at 61685
the time the claimant files the combined wage claim cannot 61686
establish benefit rights under this chapter. This noncharging 61687
shall not be applicable to a nonprofit organization that has 61688
elected to make payments in lieu of contributions under section 61689
4141.241 of the Revised Code, except as provided in division (D) 61690
(2) of section 4141.24 of the Revised Code. The director may 61691
make to other state or federal or Canadian agencies and receive 61692
from such other state or federal or Canadian agencies 61693
reimbursements from or to the unemployment compensation fund, in 61694
accordance with arrangements pursuant to this section. 61695

(3) Notwithstanding division (B) (2) (f) of section 4141.01 61696

of the Revised Code, the director may enter into agreements with 61697
other states whereby services performed for a crew leader, as 61698
defined in division (BB) of section 4141.01 of the Revised Code, 61699
may be covered in the state in which the crew leader either: 61700

(a) Has the crew leader's place of business or from which 61701
the crew leader's business is operated or controlled; 61702

(b) Resides if the crew leader has no place of business in 61703
any state. 61704

(F) The director may apply for an advance to the 61705
unemployment compensation fund and do all things necessary or 61706
required to obtain such advance and arrange for the repayment of 61707
such advance in accordance with Title XII of the "Social 61708
Security Act" as amended. 61709

(G) The director may enter into reciprocal agreements or 61710
arrangements with the appropriate agencies of other states in 61711
regard to services on vessels engaged in interstate or foreign 61712
commerce whereby such services for a single employer, wherever 61713
performed, shall be deemed performed within this state or within 61714
such other states. 61715

(H) The director shall participate in any arrangements for 61716
the payment of compensation on the basis of combining an 61717
individual's wages and employment, covered under this chapter, 61718
with the individual's wages and employment covered under the 61719
unemployment compensation laws of other states which are 61720
approved by the United States secretary of labor in consultation 61721
with the state unemployment compensation agencies as reasonably 61722
calculated to assure the prompt and full payment of compensation 61723
in such situations and which include provisions for: 61724

(1) Applying the base period of a single state law to a 61725

claim involving the combining of an individual's wages and 61726
employment covered under two or more state unemployment 61727
compensation laws, and 61728

(2) Avoiding the duplicate use of wages and employment by 61729
reason of such combining. 61730

(I) (1) The director shall cooperate with the United States 61731
department of labor to the fullest extent consistent with this 61732
chapter, and shall take such action, ~~through~~ except the adoption 61733
of ~~appropriate rules, regulations, and administrative methods~~ 61734
~~and standards~~, as may be necessary to secure to this state and 61735
its citizens all advantages available under the provisions of 61736
the "Social Security Act" that relate to unemployment 61737
compensation, the "Federal Unemployment Tax Act," (1970) 84 61738
Stat. 713, 26 U.S.C.A. 3301 to 3311, the "Wagner-Peyser Act," 61739
(1933) 48 Stat. 113, 29 U.S.C.A. 49, the "Federal-State Extended 61740

U.S.C.A. 3306, and the "Workforce Innovation and Opportunity 61742
Act," 29 U.S.C.A. 3101 et seq. 61743

(2) Nothing in division (I) (1) of this section requires 61744
the director to participate in, nor precludes the director from 61745
ceasing to participate in, any voluntary, optional, special, or 61746
emergency program offered by the federal government, including 61747
programs offered under any of the federal acts listed in 61748
division (I) (1) of this section, the "Coronavirus Aid, Relief, 61749
and Economic Security Act," 15 U.S.C. 9023, or any other federal 61750
program enacted to address exceptional unemployment conditions. 61751

(J) The director may disclose wage information furnished 61752
to or maintained by the director under Chapter 4141. of the 61753
Revised Code to a consumer reporting agency as defined by the 61754
"Fair Credit Reporting Act," 84 Stat. 1128, 15 U.S.C.A. 1681a, 61755

as amended, for the purpose of verifying an individual's income 61756
under a written agreement that requires all of the following: 61757

(1) A written statement of informed consent from the 61758
individual whose information is to be disclosed; 61759

(2) A written statement confirming that the consumer 61760
reporting agency and any other entity to which the information 61761

reporting agency will pay to the department all costs associated 61765
with the disclosure. 61766

The director shall prescribe a manner and format in which 61767
this information may be provided. 61768

For purposes of this division, "wage information" means 61769
the name, social security number, quarterly wages paid to, and 61770

wages under section 4141.20 of the Revised Code. 61773

(K) The director shall disclose information furnished to 61774
or maintained by the director under this chapter upon request 61775
and on a reimbursable basis as required by section 303 of the 61776
"Social Security Act," 42 U.S.C.A. 503, and section 3304 of the 61777

(1) By no later than July 1, 1994, adopt as a rule and an 61849

existing rules and Ohio employment risk reduction standards 61881
provide protection at least as effective as that which would be 61882
provided by the existing, new, or modified federal occupational 61883

administrator determines necessary to ensure that affected 61941
public employers and public employees will be informed of the 61942
adoption, modification, or rescission of the rule and Ohio 61943
employment risk reduction standard and have the opportunity to 61944
familiarize themselves with the specific requirements of the 61945
rule and standard. In no case, however, shall the administrator 61946
delay the effective date of a rule adopted pursuant to Chapter 61947
119. of the Revised Code in excess of ninety days beyond the 61948
otherwise required effective date. 61949

(2) In regard to the rules for which the administrator 61950

(2) The administrator may renew an emergency temporary Ohio employment risk reduction standard that has been approved by the board for an additional time period not to exceed one hundred days if the administrator finds that the conditions identified in divisions (A) (1) and (2) of this section continue to exist.

On or before the expiration date of the emergency temporary Ohio employment risk reduction standard or renewal thereof, if the conditions identified in divisions (A) (1) and (2) of this section continue to exist, the administrator, with the advice and consent of the board, shall adopt in accordance with Chapter 119. of the Revised Code a permanent Ohio

public employee representatives an opportunity to observe the 62024
monitoring or measuring, and to have access on request to the 62025

employee representatives an opportunity to participate in and to 62027
undertake their own monitoring or measuring. The rules also 62028
shall permit each current or former public employee to have 62029

association or corporation, to sell beer or intoxicating liquor 62194

by the individual drink at an event to be held on premises 62195
located in a political subdivision or part thereof where the 62196
sale of beer or intoxicating liquor, but not spirituous liquor, 62197
on that day is otherwise permitted by law. However, the division 62198
may issue the F-2 permit only if the association, corporation, 62199
or recognized subordinate lodge, chapter, or other local unit of 62200
an association or corporation meets all of the following: 62201

(1) It is organized not for profit; 62202

by whether Sunday sales of beer or intoxicating liquor for 62208
consumption on the premises where sold are allowed to be made by 62209
persons holding another type of permit in the precinct or at the 62210
particular location where the event is to be held, provided that 62211
the F-2 permit is issued for other days of the week in addition 62212

(C) The premises on which the permit is to be used shall 62214
be clearly defined and sufficiently restricted to allow proper 62215
supervision of the permit use by state and local law enforcement 62216
personnel. An F-2 permit may be issued for the same premises for 62217
which another class of permit is issued. 62218

(D) (1) No F-2 permit shall be effective for more than four 62219
consecutive days, and sales shall be confined to the same hours 62220

or corporation. The fee for an F-2 permit is one hundred fifty dollars. 62224
62225

(2) No association, corporation, local unit of an 62226
association or corporation, or D-permit holder who holds an F-2 62227

(E) If an applicant wishes the holder of a D permit issued 62232
under sections 4303.13 to 4303.181 of the Revised Code to 62233

permit holder is delinquent in filing any returns, submitting 62512
any information required by the commissioner, or remitting any 62513
payments with respect to those taxes or any fees, charges, 62514
penalties, or interest related to those taxes. 62515

If any delinquency or liability exists, the commissioner 62516
shall send a notice of that fact to the permit holder in the 62517
manner provided in section 5703.37 of the Revised Code. The 62518
notice shall specify, in as much detail as is possible, the 62519

liability, identifying the permit holder by name and permit 62525

(2) (a) Except as provided in division (D) (4) of this 62527
section, the division of liquor control shall not renew the 62528
permit of any permit holder the tax commissioner has identified 62529
as being delinquent in filing any returns, providing any 62530

listed in division (D) (1) of this section as of the first day of 62532
the sixth month preceding the month in which the permit expires, 62533
or of any permit holder the commissioner has identified as 62534
having been assessed by the department on or before the first 62535
day of the third month preceding the month in which the permit 62536

the delinquency, liability, or assessment has been resolved. 62538

(b) (i) Within ninety days after the date on which the 62539
permit expires, any permit holder whose permit is not renewed 62540
under this division may file an appeal with the liquor control 62541
commission. The commission shall notify the tax commissioner 62542
regarding the filing of any such appeal. During the period in 62543
which the appeal is pending, the permit shall not be renewed by 62544
the division. The permit shall be reinstated if the permit 62545
holder and the commissioner or the attorney general demonstrate 62546
to the liquor control commission that the commissioner's 62547
notification of a delinquency or assessment was in error or that 62548
the issue of the delinquency or assessment has been resolved. 62549

(ii) A permit holder who has filed an appeal under 62550
division (D) (2) (b) (i) of this section may file a motion to 62551

withdraw the appeal. The division of liquor control may renew a 62552

the tax commissioner that the permit holder's delinquency or 62555
assessment has been resolved. 62556

(3) A permit holder notified of delinquency or liability 62557
under this section may protest the notification to the tax 62558
commissioner on the basis that no return or information is 62559
delinquent and no tax, fee, charge, penalty, or interest is 62560
outstanding. The commissioner shall expeditiously consider any 62561
evidence submitted by the permit holder and, if it is determined 62562
that the notification was in error, immediately shall inform the 62563
division of liquor control that the renewal application may be 62564
granted. The renewal shall not be denied if the delinquency or 62565
unreported liability is the subject of a bona fide dispute as to 62566
the validity of the delinquency or unreported liability and is 62567
the subject of an assessment and of an appeal properly filed by 62568
the permit holder. 62569

(4) If the commissioner concludes that under the 62570
circumstances the permit holder's delinquency or liability has 62571
been conditionally resolved, the commissioner shall allow the 62572
permit to be renewed, conditioned upon the permit holder's 62573
continuing performance in satisfying the delinquency and 62574
liability. The conditional nature of the renewal shall be 62575
specified in the notification given to the division of liquor 62576
control under division (D) (1) of this section. Upon receipt of 62577
notice of the resolution, the division shall issue a conditional 62578
renewal. If the taxpayer defaults on any agreement to pay the 62579
delinquency or liability or fails to keep subsequent tax or fee 62580
payments current, the liquor control commission, upon request 62581
and proof of the default or failure to keep subsequent tax or 62582

fee payments current, shall indefinitely suspend the permit 62583
holder's permit until all taxes or fees and interest due are 62584

and appointment of, and contracting with, deputy registrars. 63138

(G) The registrar shall assign to each deputy registrar a 63139

series of numbers sufficient to supply the demand at all times 63140

based on a uniform schedule of bond amounts established by the 63147
registrar and determined by the volume of registrations handled 63148

registrar. The bonds required of deputy registrars, in the 63150

A clerk of a court of common pleas shall pay all fees collected and retained under this section into the county treasury to the credit of the certificate of title administration fund created under section 325.33 of the Revised Code.

(D) The rules adopted by the registrar may establish reasonable eligibility standards for clerks and electronic motor vehicle dealers. The rules shall prescribe the terms and conditions of limited authority deputy registrar contracts and shall require each limited authority deputy registrar to sign a contract before assuming any duties as a limited authority deputy registrar. The rules may establish different eligibility standards and contract terms and conditions depending on whether the limited authority deputy registrar is a clerk or an

other provisions the registrar reasonably prescribes. Each 63202
contract shall terminate on a date specified by the registrar. 63203

(E) Any eligible clerk or qualified electronic motor 63204

appointment as a limited authority deputy registrar. With the 63206
approval of the director of public safety, the registrar shall 63207
make the appointments from the applications submitted, based 63208
upon the discretion of the registrar and director and not upon a 63209
competitive basis. 63210

(F) A limited authority deputy registrar is not subject to 63211
the contribution limits of division (B) of section 4503.03 of 63212

proof of financial responsibility to the registrar prior to the 64976
issuance of the order. 64977

(D) (1) (a) For the purpose of enforcing this section, every 64978

in court for the violation, the person must submit proof to the 65000
court. 65001

(4) (a) If a person who has failed to produce proof of the 65002
maintenance of financial responsibility appears in court for a 65003
ticketed violation, the court may permit the defendant to 65004

(5) (a) Upon receiving notice from a clerk of courts or 65018
traffic violations bureau pursuant to division (D) (4) of this 65019
section, the registrar shall order the suspension of the license 65020
of the person required under division (A) (2) (a), (b), or (c) of 65021
this section, effective forty-five days after the date of the 65022
mailing of notification. The registrar also shall notify the 65023
person that the person must present the registrar with proof of 65024
financial responsibility in accordance with this section, 65025
surrender to the registrar the person's license, or submit a 65026
statement subject to section 2921.13 of the Revised Code that 65027

the person did not operate or permit the operation of the motor 65028
vehicle at the time of the offense. Notification shall be in 65029
writing and shall be sent to the person at the person's last 65030

information the person considers appropriate. 65037

If the registrar does not receive proof or the person does 65038
not surrender the license, in accordance with this division, the 65039
registrar shall permit the order for the suspension of the 65040
license of the person to take effect. 65041

(b) In the case of a person who presents, within the 65042
forty-five-day period, proof of financial responsibility, the 65043
registrar shall terminate the order of suspension and shall send 65044
written notification to the person, at the person's last known 65045
address as shown on the records of the bureau. 65046

(c) Any person adversely affected by the order of the 65047
registrar under division (D) (5) (a) or (b) of this section, 65048
within fifteen days after the issuance of the order, may request 65049
an administrative hearing before the registrar, who shall 65050
provide the person with an opportunity for a hearing in 65051
accordance with this paragraph. A request for a hearing does not 65052
operate as a suspension of the order. The scope of the hearing 65053
shall be limited to whether, at the time of the hearing, the 65054
person presents proof of financial responsibility covering the 65055
vehicle and whether the person is eligible for an exemption in 65056
accordance with this section or any rule adopted under it. The 65057

registrar shall determine the date, time, and place of any hearing; provided, that the hearing shall be held, and an order issued or findings made, within thirty days after the registrar receives a request for a hearing. If requested by the person, the hearing may be held remotely by electronic means. If requested by the person in writing, the registrar may designate as the place of hearing the county seat of the county in which the person resides or a place within fifty miles of the person's residence. requirements of this chapter. 65233

(2) The registrar may grant an owner or driver relief for 65234
a reason specified in division (L) (1) (b) (iii) or (iv) of this 65235

communications device to the registrar, a peace officer, an 65255
employee or official of a traffic violations bureau, or the 65256
court, the person assumes the risk of any resulting damage to 65257
the device unless the registrar, peace officer, employee, or 65258
