(2) A proposed rule, amendment, or rescission that must be 2986
adopted verbatim by an agency pursuant to federal law or rule, 2987
to become effective within sixty days of adoption, in order to 2988
continue the operation of a federally reimbursed program in this 2989
state, so long as the proposed rule contains both of the 2990

following:	2991
(a) A statement that it is proposed for the purpose of	2992
complying with a federal law or rule;	2993
(b) A citation to the federal law or rule that requires	2994

the state board of pharmacy pursuant to federal law or rule, to	2998
become effective within sixty days of adoption, so long as the	2999
proposed rule contains a statement that it is proposed for the	3000
purpose of complying with federal law or rule.	3001
If a rule or amendment is exempt from legislative review	3002
under division (C) (2) of this section, and if the federal law or	3003
rule pursuant to which the rule or amendment was adopted	3004
expires, is repealed or rescinded, or otherwise terminates, the	3005
rule or amendment, or its rescission, is thereafter subject to	3006
legislative review under division (C) of this section.	3007
(D) On the date and at the time and place designated in	3008
the notice, the agency shall conduct a public hearing at which	3009

unreasonable or unlawful. An agency may permit persons affected	3016
by the proposed rule, amendment, or rescission to present their	3017
positions, arguments, or contentions in writing, not only at the	3018
hearing, but also for a reasonable period before, after, or both	3019

before and after the hearing. A person who presents a position 3020
or arguments or contentions in writing before or after the 3021
hearing is not required to appear at the hearing. 3022

At the hearing, the testimony shall be recorded. Such 3023

transcription. An agency may require the person to pay in 3028
advance all or part of the cost of the transcription. 3029

In any hearing under this section the agency may 3030
administer oaths or affirmations. 3031

positions, arguments, or contentions. The agency then shall 3036
prepare a hearing report explaining, with regard to each issue, 3037
how it is reflected in the rule, amendment, or rescission. If an 3038
issue is not reflected in the rule, amendment, or rescission, 3039
the hearing report shall explain why the issue is not reflected. 3040
The agency shall include the hearing summary in the hearing 3041

rescission to which the hearing report relates. 3044

(E) After divisions (A), (B), (C), and (D) of this section 3045
have been complied with, and when the time for legislative 3046
review under sections 106.02, 106.022, and 106.023 of the 3047
Revised Code has expired without adoption of a concurrent 3048
resolution to invalidate the proposed rule, amendment, or 3049

rescission, the agency may issue an order adopting the proposed 3050
rule or the proposed amendment or rescission of the rule, 3051
consistent with the synopsis or general statement included in 3052
the public notice. At that time the agency shall designate the 3053
effective date of the rule, amendment, or rescission, which 3054
shall not be earlier than the tenth day after the rule, 3055
amendment, or rescission has been filed in its final form as 3056
provided in section 119.04 of the Revised Code. 3057

(F) Prior to the effective date of a rule, amendment, or 3058
rescission, the agency shall make a reasonable effort to inform 3059
those affected by the rule, amendment, or rescission and to have 3060
available for distribution to those requesting it the full text 3061
of the rule as adopted or as amended. 3062

(G) (1) If the governor, upon the request of an agency, 3063
determines that an emergency requires the immediate adoption, 3064
amendment, or rescission of a rule, the governor shall issue an 3065
order, the text of which shall be filed in electronic form with 3066
the agency, the secretary of state, the director of the 3067

rescission as a nonemergency rule, amendment, or rescission by 3086
complying with the procedure prescribed by this section for the 3087

agency shall not use the procedure of division (G) (1) of this 3089
section to readopt the emergency rule, amendment, or rescission 3090
so that, upon the emergency rule, amendment, or rescission 3091
becoming invalid under division (G) (1) of this section, the 3092
emergency rule, amendment, or rescission will continue in effect 3093
without interruption for another one-hundred-twenty-day period, 3094
except when section 106.02 of the Revised Code prevents the 3095
agency from adopting the emergency rule, amendment, or 3096
rescission as a nonemergency rule, amendment, or rescission 3097
within the one-hundred-twenty-day period. 3098

project the applicant seeks certification and preliminary 4211
approval for has commenced construction, excluding brownfield 4212
remediation and demolition, or the project has closed on 4213
construction financing, this division's standard is not met and 4214
the project is not eligible for certification and preliminary 4215
approval. 4216

(C) (1) In determining whether to certify a project that is 4217
the subject of an application submitted under division (B) of 4218
this section, the director of development shall consider the 4219
potential impact of the transformational mixed use development 4220
on the project site in terms of architecture, accessibility to 4221
pedestrians, retail entertainment and dining sales, job 4222
creation, and revenue from sales, income, lodging, and property 4223
taxes. The director shall not certify a project unless it 4224
satisfies the following conditions: 4225

(a) The project qualifies as a transformational mixed use 4226
development project and satisfies all other criteria prescribed 4227

by this section or by rule of the director; 4228

(b) The estimated increase in tax collections from the 4229
project site during the completion period exceeds ten per cent 4230
of the estimated eligible expenditures for the project reported 4231
under division (B) (3) of this section; 4232

(c) The applicant will not be able to (i) close on 4233
construction financing, (ii) commence construction, excluding 4234
any brownfield remediation or demolition that may have already 4235
been performed, and (iii) complete the project unless the 4236
applicant receives the credit; 4237

(d) If the project site is located within ten miles of a 4238
major city, the estimated eligible expenditures to complete the 4239
project exceed fifty million dollars. 4240

In making a determination of whether or not to approve an 4241
application, the director may conduct an interview of the 4242
applicant. 4243

(2) If the director of development approves an 4244
application, the director shall issue a statement certifying the 4245
associated transformational mixed use development project and 4246
preliminarily approving a tax credit. The statement shall 4247
stipulate that issuance of a tax credit certificate is 4248
contingent upon completion of the transformational mixed use 4249
development project as described in the development plan for the 4250
project. The statement shall specify the estimated amount of the 4251
tax credit preliminarily approved and the amount of credit 4252
preliminarily approved for each person identified in the 4253
application pursuant to division (B) (8) of this section, but 4254
state that the amount of the credit is dependent upon 4255
determination of the actual eligible expenditures attributed to 4256

the project. 4257

The amount of the credit shall not exceed the amount 4258
applied for in the application approved by the director. 4259

(3) The total estimated amount of the tax credit shall 4260
equal up to ten per cent of the estimated eligible expenditures 4261
for the project as reported in the project development plan 4262
pursuant to division (B) of this section. The estimated credit 4263
amounts may be reduced by the director of development as a 4264
condition of certifying the project if such a reduction is 4265
necessary to comply with the limitations on the amount of 4266
credits that may be preliminarily approved as prescribed by 4267
division (C) (5) of this section. The estimated credit amounts 4268
shall not be adjusted after the statement described in division 4269
(C) (2) of this section has been issued, except as provided by 4270
division (G) of this section. 4271

(4) If the director of development denies an application, 4272
the director shall notify the applicant of the reason or reasons 4273
for such determination. The director's determination is final, 4274
but an applicant may revise and resubmit a previously denied 4275
application in a future year. 4276

(5) (a) The director of development may not preliminarily 4277
approve more than one hundred twenty-five million dollars of new 4278
estimated tax credits in each of fiscal years 2026 and 2027. The 4279
director shall not preliminarily approve any dollar amount of 4280
new estimated tax credits under this section in any fiscal year 4281
after fiscal year 2027 unless specifically authorized by an act 4282
of the general assembly. 4283

Tax credits preliminarily approved under this section in 4284
preceding fiscal years and for which preliminary approval was 4285

rescinded in the fiscal year immediately preceding the current 4286
fiscal year shall be available for preliminary approval under 4287
this section in the current fiscal year. Credit amounts 4288
available due to such rescission do not apply towards the one 4289
hundred twenty-five million dollar limit prescribed in this 4290
division. 4291

(b) Except as provided in division (C) (6) of this section, 4292
not more than eighty-five million dollars of estimated new tax 4293
credits, plus an amount equal to two-thirds of any credits for 4294
which preliminary approval was rescinded in the preceding fiscal 4295
year, may be preliminarily approved in connection with projects 4296
that are located within ten miles of a major city in the current 4297
fiscal year. 4298

(c) Not more than twenty million dollars of estimated tax 4299
credits may be preliminarily approved in connection with the 4300
same transformational mixed use development project. 4301

(6) If, for the current fiscal year, the dollar amount of 4302
tax credits applied for under division (B) of this section in 4303
connection with projects that are not located within ten miles 4304
of a major city exceeds forty million dollars, plus an amount 4305
equal to one-third of any credits for which preliminary approval 4306
was rescinded in the preceding fiscal year, the director of 4307
development shall rank those applications and certify and 4308
preliminarily approve tax credits for the associated projects in 4309
order, pursuant to division (C) (7) of this section. If the 4310
dollar amount of tax credits applied for under division (B) of 4311
this section in connection with such projects is less than that 4312
amount, the difference shall be available for projects within 4313
ten miles of a major city. 4314

If, for the current fiscal year, the dollar amount of tax 4315

credits applied for in connection with projects located within 4316
ten miles of a major city exceeds eighty-five million dollars, 4317
plus an amount equal to two-thirds of any credits for which 4318
preliminary approval was rescinded in the previous fiscal year 4319
and the amount of funds initially reserved for projects more 4320
than ten miles from a major city but unawarded to such projects, 4321
the director shall rank those applications and certify the 4322
associated projects in order, pursuant to division (C)(7) of 4323
this section. 4324

(7) When ranking is required under division (C)(6) of this 4325
section, the director of development shall compare applicant 4326
projects that are within ten miles of a major city to other 4327
applicant projects that are within ten miles of a major city, 4328
and the director shall compare applicant projects that are more 4329
than ten miles outside of a major city with other applicant 4330
projects that are more than ten miles outside of a major city. 4331
The director shall apply a point value to applications according 4332
to the following criteria: 4333

(a) Up to ten points based on comparative measurement of 4334

relative walkability as measured by the United States 4410
environmental protection agency's walkability index for the 4411
project's census tract with projects in areas designated as the 4412
highest level of walkability receiving ten points and projects 4413

(D) (1) Each agreement entered into under this section 4818
shall incorporate a commitment by the taxpayer, partnership, or 4819
S corporation not to permit the use of an eligible site to cause 4820
the relocation of employment positions to that site from 4821
elsewhere in this state, except as otherwise provided in 4822
division (D) (2) of this section. The commitment shall be binding 4823
on the taxpayer, partnership, or S corporation for the lesser of 4824

conditions, expansion plans, consolidation plans, or other 4833
business considerations affecting the relocating employer; 4834

(b) That the governing body of the county, township, or 4835

employment position, but the transfer of an individual employee 4841
from one political subdivision to another political subdivision 4842
shall not be considered a relocation of an employment position 4843
as long as the individual's employment position in the first 4844
political subdivision is refilled. 4845

(E) A taxpayer, partnership, or S corporation that has 4846
entered into an agreement granting a credit against the tax 4847

subsequently recovers in a lawsuit or settlement of a lawsuit at 4849
least seventy-five per cent of the eligible costs associated 4850
with a voluntary action shall not claim any credit amount 4851
remaining, including any amounts carried forward from prior 4852
years, beginning with the taxable year in which the judgment in 4853
the lawsuit is entered or the settlement is finally agreed to. 4854

Any amount of credit that a taxpayer, partnership, or S 4855
corporation may not claim by reason of this division shall not 4856
be considered to have been granted for the purpose of 4857
determining the total amount of credits that may be issued under 4858
division (B) (2) of this section. 4859

in division (E) of this section to which it was a party during 4865

the previous year; 4866

revoked or has not been voided; 4868

(3) Confirmation that the taxpayer, partnership, or S 4869
corporation has not permitted the eligible site to be used in 4870
such a manner as to cause the relocation of employment positions 4871
from elsewhere in this state in violation of the commitment 4872
required under division (D) of this section; 4873

(4) Any other information the director of development 4874
requires to perform the director's duties under this section. 4875

(G) The director of development shall annually certify, by 4876
the first day of January of each year during the qualifying 4877
period, the eligible areas for the calendar year that includes 4878
that first day of January. 4879

~~(H) The director of development, in accordance with 4880
Chapter 119. of the Revised Code, shall adopt rules necessary to 4881

maintains at least the amount in Ohio employee payroll required 5025
under division (A) (13) (b) (ii) of this section for each year in 5026
that period. 5027

(B) The tax credit authority may make grants under this 5028
section to foster job creation in this state. Such a grant shall 5029
take the form of a refundable credit allowed against the tax 5030
imposed by section 5725.18, 5726.02, 5729.03, 5733.06, 5736.02, 5031
or 5747.02 or levied under Chapter 5751. of the Revised Code. 5032
The credit shall be claimed for the taxable years or tax periods 5033

authority under division (D) of this section. With respect to 5035
taxes imposed under section 5726.02, 5733.06, or 5747.02 or 5036

or 5751.98 of the Revised Code. The amount of the credit 5039

available for a taxable year or for a calendar year that 5040
includes a tax period equals the excess payroll for that year 5041
multiplied by the percentage specified in the agreement with the 5042
tax credit authority. 5043

(C) (1) A taxpayer or potential taxpayer who proposes a 5044
project to create new jobs in this state may apply to the tax 5045

An application shall not propose to include both home- 5048
based employees and employees who are not home-based employees 5049
in the computation of Ohio employee payroll for the purposes of 5050
the same tax credit agreement, except that a qualifying work- 5051
from-home employee shall not be considered to be a home-based 5052
employee unless so designated by the applicant. If a taxpayer or 5053
potential taxpayer employs both home-based employees and 5054
employees who are not home-based employees in a project, the 5055
taxpayer shall submit separate applications for separate tax 5056
credit agreements for the project, one of which shall include 5057
home-based employees in the computation of Ohio employee payroll 5058
and one of which shall include all other employees in the 5059
computation of Ohio employee payroll. 5060

The director of development shall prescribe the form of 5061
the application. After receipt of an application, the authority 5062
may enter into an agreement with the taxpayer for a credit under 5063
this section if it determines all of the following: 5064

(a) The taxpayer's project will increase payroll; 5065

(b) The taxpayer's project is economically sound and will 5066
benefit the people of this state by increasing opportunities for 5067
employment and strengthening the economy of this state; 5068

(c) Receiving the tax credit is a major factor in the taxpayer's decision to go forward with the project.

(2) (a) A taxpayer that chooses to begin the project prior to receiving the determination of the authority may, upon submitting the taxpayer's application to the authority, request that the chief investment officer of the nonprofit corporation formed under section 187.01 of the Revised Code and the director review the taxpayer's application and recommend to the authority that the taxpayer's application be considered. As soon as possible after receiving such a request, the chief investment officer and the director shall review the taxpayer's application and, if they determine that the application warrants consideration by the authority, make that recommendation to the authority not later than six months after the application is received by the authority.

(b) The authority shall consider any taxpayer's application for which it receives a recommendation under division (C) (2) (a) of this section. If the authority determines that the taxpayer does not meet all of the criteria set forth in division (C) (1) of this section, the authority and the department of development shall proceed in accordance with rules adopted by the director pursuant to division (I) of this section.

(D) An agreement under this section shall include all of the following:

(1) A detailed description of the project that is the subject of the agreement;

(2) (a) The term of the tax credit, which, except as provided in division (D) (2) (b) or (C) of this section, shall not

exceed fifteen years, and the first taxable year, or first 5098
calendar year that includes a tax period, for which the credit 5099
may be claimed; 5100

(b) If the tax credit is computed on the basis of home- 5101
based employees, the term of the credit shall expire on or 5102
before the last day of the taxable or calendar year ending 5103
before the beginning of the seventh year after September 6, 5104
2012, the effective date of H.B. 327 of the 129th general 5105
assembly. 5106

(c) If the taxpayer is a megaproject operator or a 5107
megaproject supplier that meets the requirements described in 5108
division (A) (13) (b) of this section, the term of the tax credit 5109
shall not exceed thirty years. 5110

(3) A requirement that the taxpayer shall maintain 5111
operations at the project location for at least the greater of 5112
seven years or the term of the credit plus three years; 5113

(4) The percentage, as determined by the tax credit 5114
authority, of excess payroll that will be allowed as the amount 5115
of the credit for each taxable year or for each calendar year 5116
that includes a tax period; 5117

(5) The pay increase factor to be applied to the 5118
taxpayer's baseline payroll; 5119

(6) A requirement that the taxpayer annually shall report 5120
to the director of development full-time equivalent employees, 5121
payroll, Ohio employee payroll, investment, the provision of 5122
health care benefits and tuition reimbursement if required in 5123
the agreement, and other information the director needs to 5124
perform the director's duties under this section; 5125

(7) A requirement that the director of development 5126

annually review the information reported under division (D) (6) 5127
of this section and verify compliance with the agreement; if the 5128
taxpayer is in compliance, a requirement that the director issue 5129
a certificate to the taxpayer stating that the information has 5130
been verified and identifying the amount of the credit that may 5131
be claimed for the taxable or calendar year. If the taxpayer is 5132
a megaproject supplier, the director shall issue such a 5133
certificate to the megaproject supplier and to any megaproject 5134
operator (a) to which the megaproject supplier directly sells 5135
tangible personal property and (b) that is authorized to claim 5136
the credit pursuant to division (D) (10) of this section. 5137

(8) A provision providing that the taxpayer may not 5138
relocate a substantial number of employment positions from 5139
elsewhere in this state to the project location unless the 5140
director of development determines that the legislative 5141
authority of the county, township, or municipal corporation from 5142
which the employment positions would be relocated has been 5143
notified by the taxpayer of the relocation. 5144

For purposes of this section, the movement of an 5145
employment position from one political subdivision to another 5146
political subdivision shall be considered a relocation of an 5147
employment position unless the employment position in the first 5148
political subdivision is replaced. The movement of a qualifying 5149
work-from-home employee to a different residence located in this 5150
state or to the project location shall not be considered a 5151
relocation of an employment position. 5152

(9) If the tax credit is computed on the basis of home- 5153
based employees, that the tax credit may not be claimed by the 5154
taxpayer until the taxable year or tax period in which the 5155
taxpayer employs at least two hundred employees more than the 5156

number of employees the taxpayer employed on June 30, 2011; 5157

(10) If the taxpayer is a megaproject supplier, the 5158
percentage of the annual tax credit certified under division (D) 5159
(7) of this section, up to one hundred per cent, that may be 5160
claimed by each megaproject operator to which the megaproject 5161
supplier directly sells tangible personal property, rather than 5162
by that megaproject supplier, on the condition that the 5163
megaproject operator continues to qualify as a megaproject 5164
operator; 5165

(11) If the taxpayer is a megaproject operator or 5166
megaproject supplier, a requirement that the taxpayer meet and 5167
maintain compliance with all thresholds and requirements to 5168
which the taxpayer agreed, pursuant to division (A) (11) or (13) 5169
of this section, respectively, as a condition of the operator's 5170
project qualifying as a megaproject or the supplier qualifying 5171
as a megaproject supplier until the end of the last year for 5172
which the taxpayer qualifies for the credit authorized under 5173
this section. In each year that a megaproject operator or 5174
megaproject supplier is subject to an agreement with the tax 5175
credit authority under this section and meets the requirements 5176
of this division, the director of development shall issue a 5177
certificate to the megaproject operator or megaproject supplier 5178
stating that the megaproject operator or megaproject supplier 5179
continues to meet those requirements. 5180

(12) If the taxpayer is a megaproject operator, a 5181
requirement that the megaproject operator submit, in a form 5182
acceptable to the director of development, an economic impact 5183
report with respect to each megaproject for which the 5184
megaproject operator is designated, summarizing all of the 5185
following for the reporting year: 5186

(a) The aggregate amount of purchases made by the megaproject operator for such megaproject from megaproject suppliers; 5187
5188
5189

(b) The aggregate amount of purchases made by the megaproject operator for such megaproject from suppliers other than megaproject suppliers; 5190
5191
5192

(c) A summary of the construction activity for any facilities at the site of the megaproject in that year; 5193
5194

(d) The aggregate amount expended by the megaproject operator on research and development at the site of the megaproject in that year; 5195
5196
5197

(e) The number of employees working at the site of the megaproject and the counties in which those employees reside; 5198
5199

(f) A summary of the supply chain activity in support of the megaproject, including a list of the twenty-five suppliers with a physical presence in Ohio from which the megaproject operator made the most purchases in that year. 5200
5201
5202
5203

The economic impact report shall be due on or before the first day of July of each year, beginning in the year specified in the agreement with the tax credit authority. The information required in the report shall be certified as true and correct by an officer of the megaproject operator. If there is more than one megaproject operator designated for a single megaproject, all of the megaproject operators designated for the megaproject may jointly submit a single report. Any information contained in the report is a public record for purposes of section 149.43 of the Revised Code and shall be published on the department of development's web site. 5204

(E) (1) If a taxpayer fails to meet or comply with any 5215

condition or requirement set forth in a tax credit agreement, 5216
the tax credit authority may amend the agreement to reduce the 5217
percentage or term of the tax credit. The reduction of the 5218
percentage or term may take effect in the current taxable or 5219
calendar year. 5220

(2) If the tax credit authority determines that a taxpayer 5221
that is a megaproject operator of a megaproject described in 5222
division (A) (11) (a) (ii) of this section is not fully compliant 5223
with the requirements of the agreement, the authority may impose 5224
a recoupment payment on the taxpayer in accordance with the 5225
following: 5226

(a) If, on the metric evaluation date, the taxpayer fails 5227
to substantially meet the capital investment, full-time 5228
equivalent employee, or payroll requirements included in the 5229
agreement, an amount determined at the discretion of the 5230
authority, not to exceed the sum of the following for all years 5231
prior to the metric evaluation date: (i) the amount of taxes 5232
that would have been imposed under Chapters 5739. and 5741. of 5233
the Revised Code in the absence of the agreement, and (ii) the 5234
amount of taxes that would have been imposed under Chapter 5751. 5235
of the Revised Code on receipts realized from sales to the 5236
taxpayer in the absence of the agreement; 5237

(b) If the taxpayer fails to substantially maintain the 5238
capital investment, full-time equivalent employee, or payroll 5239
requirements included in the agreement in any year after the 5240
metric evaluation date, an amount determined at the discretion 5241
of the authority, not to exceed the sum of the following for the 5242
calendar year in which taxpayer failed to meet the requirements: 5243
(i) the amount of taxes that would have been imposed under 5244
Chapters 5739. and 5741. of the Revised Code in the absence of 5245

the agreement, and (ii) the amount of taxes that would have been 5246
imposed under Chapter 5751. of the Revised Code on receipts 5247
realized from sales to the taxpayer in the absence of the 5248
agreement. 5249

(3) The tax credit authority may, subject to any 5250
requirements of the tax credit agreement, take into 5251
consideration the taxpayer's prior performance and any market 5252
conditions impacting the taxpayer when determining the amount of 5253
the recoupment payment described in division (E)(2) of this 5254
section. 5255

(F) Projects that consist solely of point-of-final- 5256
purchase retail facilities are not eligible for a tax credit 5257
under this section. If a project consists of both point-of- 5258
final-purchase retail facilities and nonretail facilities, only 5259
the portion of the project consisting of the nonretail 5260
facilities is eligible for a tax credit and only the excess 5261
payroll from the nonretail facilities shall be considered when 5262
computing the amount of the tax credit. If a warehouse facility 5263
is part of a point-of-final-purchase retail facility and 5264
supplies only that facility, the warehouse facility is not 5265
eligible for a tax credit. Catalog distribution centers are not 5266
considered point-of-final-purchase retail facilities for the 5267
purposes of this division, and are eligible for tax credits 5268
under this section. 5269

(G) Financial statements and other information submitted 5270
to the department of development or the tax credit authority by 5271
an applicant or recipient of a tax credit under this section, 5272
and any information taken for any purpose from such statements 5273
or information, are not public records subject to section 149.43 5274
of the Revised Code. However, the chairperson of the authority 5275

may make use of the statements and other information for 5276
purposes of issuing public reports or in connection with court 5277
proceedings concerning tax credit agreements under this section. 5278
Upon the request of the tax commissioner or, if the applicant or 5279
recipient is an insurance company, upon the request of the 5280
superintendent of insurance, the chairperson of the authority 5281
shall provide to the commissioner or superintendent any 5282
statement or information submitted by an applicant or recipient 5283
of a tax credit in connection with the credit. The commissioner 5284
or superintendent shall preserve the confidentiality of the 5285
statement or information. 5286

(H) A taxpayer claiming a credit under this section shall 5287
submit to the tax commissioner or, if the taxpayer is an 5288
insurance company, to the superintendent of insurance, a copy of 5289
the director of development's certificate of verification under 5290
division (D)(7) of this section with the taxpayer's tax report 5291
or return for the taxable year or for the calendar year that 5292
includes the tax period. Failure to submit a copy of the 5293
certificate with the report or return does not invalidate a 5294
claim for a credit if the taxpayer submits a copy of the 5295
certificate to the commissioner or superintendent within the 5296
time prescribed by section 5703.0510 of the Revised Code or 5297
within thirty days after the commissioner or superintendent 5298
requests it. 5299

(I) The director of development, after consultation with 5300
the tax commissioner and the superintendent of insurance and in 5301
accordance with Chapter 119. of the Revised Code, shall adopt 5302
rules ~~necessary to implement this section, including rules that~~ 5303
establish a procedure to be followed by the tax credit authority 5304
and the department of development in the event the authority 5305
considers a taxpayer's application for which it receives a 5306

recommendation under division (C) (2) (a) of this section but does 5307
not approve it. The director, in consultation with the 5308
commissioner and superintendent, may adopt rules ~~may provide~~ 5309
providing for recipients of tax credits under this section to be 5310
charged fees to cover administrative costs of the tax credit 5311
program. ~~For the purposes of these rules, a qualifying work-~~ 5312
~~from-home employee shall be considered to be an employee-~~ 5313
~~employed at the applicant's project location.~~ The fees collected 5314
shall be credited to the tax incentives operating fund created 5315
in section 122.174 of the Revised Code. At the time the director 5316
gives public notice under division (A) of section 119.03 of the 5317
Revised Code of the adoption of the rules, the director shall 5318
submit copies of the proposed rules to the chairpersons of the 5319
standing committees on economic development in the senate and 5320
the house of representatives. 5321

(J) For the purposes of this section, a taxpayer may 5322
include a partnership, a corporation that has made an election 5323
under subchapter S of chapter one of subtitle A of the Internal 5324
Revenue Code, or any other business entity through which income 5325
flows as a distributive share to its owners. A partnership, S- 5326
corporation, or other such business entity may elect to pass the 5327
credit received under this section through to the persons to 5328
whom the income or profit of the partnership, S-corporation, or 5329
other entity is distributed. The election shall be made on the 5330
annual report required under division (D) (6) of this section. 5331
The election applies to and is irrevocable for the credit for 5332
which the report is submitted. If the election is made, the 5333
credit shall be apportioned among those persons in the same 5334
proportions as those in which the income or profit is 5335
distributed. 5336

(K) (1) If the director of development determines that a 5337

taxpayer who has received a credit under this section is not 5338
complying with the requirements of the agreement, the director 5339
shall notify the tax credit authority of the noncompliance. 5340
After receiving such a notice, and after giving the taxpayer an 5341
opportunity to explain the noncompliance, the tax credit 5342
authority may require the taxpayer to refund to this state a 5343
portion of the credit in accordance with the following: 5344

(a) If the taxpayer fails to comply with the requirement 5345
under division (D) (3) of this section, an amount determined in 5346
accordance with the following: 5347

(i) If the taxpayer maintained operations at the project 5348
location for a period less than or equal to the term of the 5349
credit, an amount not exceeding one hundred per cent of the sum 5350
of any credits allowed and received under this section; 5351

(ii) If the taxpayer maintained operations at the project 5352
location for a period longer than the term of the credit, but 5353
less than the greater of seven years or the term of the credit 5354
plus three years, an amount not exceeding seventy-five per cent 5355
of the sum of any credits allowed and received under this 5356
section. 5357

(b) If, on the metric evaluation date, the taxpayer fails 5358
to substantially meet the job creation, payroll, or investment 5359
requirements included in the agreement, an amount determined at 5360
the discretion of the authority; 5361

(c) If the taxpayer fails to substantially maintain the 5362
number of new full-time equivalent employees or amount of 5363
payroll required under the agreement at any time during the term 5364
of the agreement after the metric evaluation date, an amount 5365
determined at the discretion of the authority. 5366

(2) If a taxpayer files for bankruptcy and fails as 5367
described in division (K) (1) (a), (b), or (c) of this section, 5368
the director may immediately commence an action to recoup an 5369
amount not exceeding one hundred per cent of the sum of any 5370
credits received by the taxpayer under this section. 5371

(3) In determining the portion of the tax credit to be 5372
refunded to this state, the tax credit authority shall consider 5373
the effect of market conditions on the taxpayer's project and 5374
whether the taxpayer continues to maintain other operations in 5375
this state. After making the determination, the authority shall 5376
certify the amount to be refunded to the tax commissioner or 5377
superintendent of insurance, as appropriate. If the amount is 5378
certified to the commissioner, the commissioner shall make an 5379
assessment for that amount against the taxpayer under Chapter 5380
5726., 5733., 5736., 5747., or 5751. of the Revised Code. If the 5381
amount is certified to the superintendent, the superintendent 5382
shall make an assessment for that amount against the taxpayer 5383
under Chapter 5725. or 5729. of the Revised Code. The time 5384
limitations on assessments under those chapters do not apply to 5385
an assessment under this division, but the commissioner or 5386
superintendent, as appropriate, shall make the assessment within 5387
one year after the date the authority certifies to the 5388
commissioner or superintendent the amount to be refunded. Within 5389
ninety days after certifying the amount to be refunded, if 5390
circumstances have changed, the authority may adjust the amount 5391
to be refunded and certify the adjusted amount to the 5392
commissioner or superintendent. The authority may only adjust 5393
the amount to be refunded one time and only if the amount 5394
initially certified by the authority has not been repaid, in 5395
whole or in part, by the taxpayer or certified to the attorney 5396
general for collection under section 131.02 of the Revised Code. 5397

(L) On or before the first day of August each year, the 5398
director of development shall submit a report to the governor, 5399
the president of the senate, and the speaker of the house of 5400
representatives on the tax credit program under this section. 5401
The report shall include information on the number of agreements 5402
that were entered into under this section during the preceding 5403
calendar year, a description of the project that is the subject 5404
of each such agreement, and an update on the status of projects 5405
under agreements entered into before the preceding calendar 5406
year. 5407

(M) There is hereby created the tax credit authority, 5408
which consists of the director of development and four other 5409
members appointed as follows: the governor, the president of the 5410
senate, and the speaker of the house of representatives each 5411
shall appoint one member who shall be a specialist in economic 5412
development; the governor also shall appoint a member who is a 5413
specialist in taxation. Terms of office shall be for four years. 5414
Each member shall serve on the authority until the end of the 5415
term for which the member was appointed. Vacancies shall be 5416
filled in the same manner provided for original appointments. 5417
Any member appointed to fill a vacancy occurring prior to the 5418
expiration of the term for which the member's predecessor was 5419
appointed shall hold office for the remainder of that term. 5420
Members may be reappointed to the authority. Members of the 5421
authority shall receive their necessary and actual expenses 5422
while engaged in the business of the authority. The director of 5423
development shall serve as chairperson of the authority, and the 5424
members annually shall elect a vice-chairperson from among 5425
themselves. Three members of the authority constitute a quorum 5426
to transact and vote on the business of the authority. The 5427
majority vote of the membership of the authority is necessary to 5428

approve any such business, including the election of the vice- 5429
chairperson. 5430

The director of development may appoint a professional 5431
employee of the department of development to serve as the 5432
director's substitute at a meeting of the authority. The 5433
director shall make the appointment in writing. In the absence 5434
of the director from a meeting of the authority, the appointed 5435
substitute shall serve as chairperson. In the absence of both 5436
the director and the director's substitute from a meeting, the 5437
vice-chairperson shall serve as chairperson. 5438

(N) For purposes of the credits granted by this section 5439
against the taxes imposed under sections 5725.18 and 5729.03 of 5440
the Revised Code, "taxable year" means the period covered by the 5441
taxpayer's annual statement to the superintendent of insurance. 5442

(O) On or before the first day of March of each of the 5443
five calendar years beginning with 2014, each taxpayer subject 5444
to an agreement with the tax credit authority under this section 5445
on the basis of home-based employees shall report the number of 5446
home-based employees and other employees employed by the 5447
taxpayer in this state to the department of development. 5448

(P) On or before the first day of January of 2019, the 5449
director of development shall submit a report to the governor, 5450
the president of the senate, and the speaker of the house of 5451
representatives on the effect of agreements entered into under 5452
this section in which the taxpayer included home-based employees 5453
in the computation of income tax revenue, as that term was 5454
defined in this section prior to the amendment of this section 5455
by H.B. 64 of the 131st general assembly. The report shall 5456
include information on the number of such agreements that were 5457
entered into in the preceding six years, a description of the 5458

projects that were the subjects of such agreements, and an 5459
analysis of nationwide home-based employment trends, including 5460
the number of home-based jobs created from July 1, 2011, through 5461
June 30, 2017, and a description of any home-based employment 5462
tax incentives provided by other states during that time. 5463

(Q) The director of development may require any agreement 5464
entered into under this section for a tax credit computed on the 5465
basis of home-based employees to contain a provision that the 5466
taxpayer makes available health care benefits and tuition 5467
reimbursement to all employees. 5468

(R) Original agreements approved by the tax credit 5469
authority under this section in 2014 or 2015 before September 5470
29, 2015, may be revised at the request of the taxpayer to 5471
conform with the amendments to this section and sections 5472
5733.0610, 5736.50, 5747.058, and 5751.50 of the Revised Code by 5473
H.B. 64 of the 131st general assembly, upon mutual agreement of 5474
the taxpayer and the department of development, and approval by 5475
the tax credit authority. 5476

(S) (1) As used in division (S) of this section: 5477

(a) "Eligible agreement" means an agreement approved by 5478
the tax credit authority under this section on or before 5479
December 31, 2013. 5480

(b) "Income tax revenue" has the same meaning as under 5481
this section as it existed before September 29, 2015, the 5482
effective date of the amendment of this section by H.B. 64 of 5483
the 131st general assembly. 5484

(2) In calendar year 2016 and thereafter, the tax credit 5485
authority shall annually determine a withholding adjustment 5486
factor to be used in the computation of income tax revenue for 5487

eligible agreements. The withholding adjustment factor shall be 5488
a numerical percentage that equals the percentage that employer 5489
income tax withholding rates have been increased or decreased as 5490
a result of changes in the income tax rates prescribed by 5491
section 5747.02 of the Revised Code by amendment of that section 5492
taking effect on or after June 29, 2013. 5493

(3) Except as provided in division (S)(4) of this section, 5494
for reporting periods ending in 2015 and thereafter for 5495
taxpayers subject to eligible agreements, the tax credit 5496
authority shall adjust the income tax revenue reported on the 5497
taxpayer's annual report by multiplying the withholding 5498
adjustment factor by the taxpayer's income tax revenue and doing 5499
one of the following: 5500

(a) If the income tax rates prescribed by section 5747.02 5501
of the Revised Code have decreased by amendment of that section 5502
taking effect on or after June 29, 2013, add the product to the 5503
taxpayer's income tax revenue. 5504

(b) If the income tax rates prescribed by section 5747.02 5505
of the Revised Code have increased by amendment of that section 5506
taking effect on or after June 29, 2013, subtract the product 5507
from the taxpayer's income tax revenue. 5508

(4) Division (S)(3) of this section shall not apply unless 5509
all of the following apply for the reporting period with respect 5510
to the eligible agreement: 5511

(a) The taxpayer has achieved one hundred per cent of the 5512
new employment commitment identified in the agreement. 5513

(b) If applicable, the taxpayer has achieved one hundred 5514
per cent of the new payroll commitment identified in the 5515
agreement. 5516

(c) If applicable, the taxpayer has achieved one hundred 5517
per cent of the investment commitment identified in the 5518
agreement. 5519

(5) Failure by a taxpayer to have achieved any of the 5520
applicable commitments described in divisions (S) (4) (a) to (c) 5521
of this section in a reporting period does not disqualify the 5522
taxpayer for the adjustment under division (S) of this section 5523
for an ensuing reporting period. 5524

(T) For reporting periods ending in calendar year 2020 or 5525
thereafter, any taxpayer may include qualifying work-from-home 5526
employees in its report required under division (D) (6) of this 5527
section, and the compensation of such employees shall qualify as 5528
Ohio employee payroll under division (A) (3) (a) of this section, 5529
even if the taxpayer's application to the tax credit authority 5530
to enter into an agreement for a tax credit under this section 5531
was approved before September 29, 2017, the effective date of 5532
the amendment of this section by H.B. 49 of the 132nd general 5533
assembly. 5534

(U) The director of development shall notify the tax 5535
commissioner if the director determines that a megaproject 5536
operator or megaproject supplier is not in compliance with the 5537
agreement pursuant to a review conducted under division (D) (11) 5538
of this section. 5539

(V) Beginning in 2025 and in each fifth calendar year 5540
thereafter, the tax commissioner shall adjust the following 5541
amounts in September of that year: 5542

(1) The fixed-asset investment threshold described in 5543
division (A) (11) (c) (i) of this section and the Ohio employee 5544
payroll threshold described in division (A) (11) (c) (ii) of this 5545

section by completing the following calculations: 5546

(a) Determine the percentage increase in the gross 5547
domestic product deflator determined by the bureau of economic 5548
analysis of the United States department of commerce from the 5549
first day of January of the fifth preceding calendar year to the 5550
last day of December of the preceding calendar year; 5551

(b) Multiply that percentage increase by the fixed-asset 5552
investment threshold and the Ohio employee payroll threshold for 5553
the current year; 5554

(c) Add the resulting products to the corresponding fixed- 5555
asset investment threshold and Ohio employee payroll threshold 5556
for the current year; 5557

(d) Round the resulting fixed-asset investment sum to the 5558
nearest multiple of ten million dollars and the Ohio employee 5559
payroll sum to the nearest multiple of one million dollars. 5560

(2) The fixed-asset investment threshold described in 5561
division (A) (13) (b) (i) of this section and the Ohio employee 5562
payroll threshold described in division (A) (13) (b) (ii) of this 5563
section by completing the calculations described in divisions 5564
(V) (1) (a) to (c) of this section and rounding the resulting 5565
fixed-asset investment sum to the nearest multiple of one 5566
million dollars and the Ohio employee payroll sum to the nearest 5567
multiple of one hundred thousand dollars. 5568

The commissioner shall certify the amount of the 5569
adjustments under divisions (V) (1) and (2) of this section to 5570
the director of development and to the tax credit authority not 5571
later than the first day of December of the year the 5572
commissioner computes the adjustment. Each certified amount 5573
applies to the ensuing calendar year and each calendar year 5574

thereafter until the tax commissioner makes a new adjustment. 5575
The tax commissioner shall not calculate a new adjustment in any 5576
year in which the resulting amount from the adjustment would be 5577
less than the corresponding amount for the current year. 5578

(i) Fifty million dollars;

(ii) Five per cent of the net book value of all tangible personal property used at the project site as of the last day of the three-year period in which the capital investment payments are made.

(3) "Full-time equivalent employees" means the quotient obtained by dividing the total number of hours for which employees were compensated for employment in the project by two thousand eighty. (6) "Project site" means an integrated complex of facilities in this state, as specified by the tax credit authority under this section, within a fifteen-mile radius where a taxpayer is primarily operating as an eligible business.	5637 5638 5639 5640

(8) "Taxable year" includes, in the case of a domestic or foreign insurance company, the calendar year ending on the thirty-first day of December preceding the day the superintendent of insurance is required to certify to the treasurer of state under section 5725.20 or 5729.05 of the Revised Code the amount of taxes due from insurance companies.	5645 5646 5647 5648 5649 5650

(B) The tax credit authority created under section 122.17 of the Revised Code may grant a nonrefundable tax credit to an eligible business under this section for the purpose of fostering job retention in this state. Upon application by an	5657 5658 5659 5660

eligible business and upon consideration of the determination of 5661
the director of budget and management, tax commissioner, and the 5662
superintendent of insurance in the case of an insurance company, 5663
the recommendation and determination of the director of 5664
development under division (C) (1) of this section, and a review 5665
of the criteria described in division (C) (2) of this section, 5666
the tax credit authority may grant the credit against the tax 5667
imposed by section 5725.18, 5726.02, 5729.03, 5733.06, 5736.02, 5668
5747.02, or 5751.02 of the Revised Code. 5669

The credit authorized in this section may be granted for a 5670
period up to fifteen taxable years or, in the case of the tax 5671
levied by section 5736.02 or 5751.02 of the Revised Code, for a 5672
period of up to fifteen calendar years. The credit amount for a 5673

5729.98, 5733.98, 5747.98, or 5751.98 of the Revised Code. In 5679
determining the percentage and term of the credit, the tax 5680
credit authority shall consider both the number of full-time 5681
equivalent employees and the value of the capital investment 5682
project. The credit amount may not be based on the Ohio employee 5683
payroll for a calendar year before the calendar year in which 5684
the tax credit authority specifies the tax credit is to begin, 5685
and the credit shall be claimed only for the taxable years or 5686
tax periods specified in the eligible business' agreement with 5687
the tax credit authority. In no event shall the credit be 5688
claimed for a taxable year or tax period terminating before the 5689
date specified in the agreement. 5690

If a credit allowed under this section for a taxable year 5691

or tax period exceeds the taxpayer's tax liability for that year 5692
or period, the excess may be carried forward for the three 5693
succeeding taxable or calendar years, but the amount of any 5694
excess credit allowed in any taxable year or tax period shall be 5695
deducted from the balance carried forward to the succeeding year 5696
or period. 5697

authority to enter into an agreement for a tax credit under this 5700
section. The director of development shall prescribe the form of 5701
the application. After receipt of an application, the authority 5702
shall forward copies of the application to the director of 5703
budget and management, the tax commissioner, and the 5704
superintendent of insurance in the case of an insurance company, 5705
each of whom shall review the application to determine the 5706
economic impact the proposed project would have on the state and 5707
the affected political subdivisions and shall submit a summary 5708
of their determinations to the authority. The authority shall 5709
also forward a copy of the application to the director of 5710
development, who shall review the application to determine the 5711
economic impact the proposed project would have on the state and 5712
the affected political subdivisions and shall submit a summary 5713
of the director's determinations and recommendations to the 5714
authority. 5715

(2) The director of development, in reviewing applications 5716
and making recommendations to the tax credit authority, and the 5717
authority, in selecting taxpayers with which to enter into an 5718
agreement under division (D) of this section, shall give 5719
priority to applications that meet one or more of the following 5720
criteria, with greater priority given to applications that meet 5721
more of the criteria: (a) Within the preceding five years, the 5722

applicant has not received a credit under this section or 5723
section 122.17 of the Revised Code for a project at the same 5724
project site as that proposed in the application. 5725

(b) The applicant is not currently receiving a credit 5726
under this section or section 122.17 of the Revised Code. 5727

(c) The applicant has operated at the project site for at 5728
least the preceding ten years. 5729

(d) The project involves a significant upgrade of the 5730
project site, rather than only routine maintenance of existing 5731
facilities, such as an increase in capacity of a facility, new 5732
product development, or technology upgrades or other facility 5733
modernization. 5734

(e) The applicant intends to use machinery, equipment, and 5735
materials supplied by Ohio businesses in the project when 5736
possible. 5737

(D) Upon review and consideration of the determinations, 5738
recommendations, and criteria described in division (C) of this 5739
section, the tax credit authority may enter into an agreement 5740
with the taxpayer for a credit under this section if the 5741
authority determines all of the following: 5742

(1) The taxpayer's capital investment project will result 5743
in the retention of employment in this state. 5744

(2) The taxpayer is economically sound and has the ability 5745
to complete the proposed capital investment project. 5746

(3) The taxpayer intends to and has the ability to 5747
maintain operations at the project site for at least the greater 5748
of (a) the term of the credit plus three years, or (b) seven 5749
years. 5750

(4) Receiving the credit is a major factor in the taxpayer's decision to begin, continue with, or complete the project.

(E) An agreement under this section shall include all of the following:

(1) A detailed description of the project that is the subject of the agreement, including the amount of the investment, the period over which the investment has been or is being made, the number of full-time equivalent employees at the project site, and the anticipated Ohio employee payroll to be generated.

(2) The term of the credit, the percentage of the tax credit, the maximum annual value of tax credits that may be allowed each year, and the first year for which the credit may be claimed.

(3) A requirement that the taxpayer maintain operations at the project site for at least the greater of (a) the term of the credit plus three years, or (b) seven years.

(4) (a) If the taxpayer is engaged at the project site primarily in significant corporate administrative functions, a requirement that the taxpayer either retain at least five hundred full-time equivalent employees at the project site and within this state for the entire term of the credit, maintain an annual Ohio employee payroll of at least thirty-five million dollars for the entire term of the credit, or remain located in a foreign trade zone for the entire term of the credit;

(b) If the taxpayer is engaged at the project site primarily as a manufacturer, a requirement that the taxpayer maintain at least the number of full-time equivalent employees

specified in the agreement pursuant to division (E) (1) of this 5780
section at the project site and within this state for the entire 5781
term of the credit. 5782

(5) A requirement that the taxpayer annually report to the 5783
director of development full-time equivalent employees, Ohio 5784
employee payroll, capital investment, and other information the 5785
director needs to perform the director's duties under this 5786
section. 5787

(6) A requirement that the director of development 5788
annually review the annual reports of the taxpayer to verify the 5789
information reported under division (E) (5) of this section and 5790
compliance with the agreement. Upon verification, the director 5791
shall issue a certificate to the taxpayer stating that the 5792
information has been verified and identifying the amount of the 5793
credit for the taxable year or calendar year that includes the 5794
tax period. In determining the number of full-time equivalent 5795
employees, no position shall be counted that is filled by an 5796
employee who is included in the calculation of a tax credit 5797
under section 122.17 of the Revised Code. 5798

(7) A provision providing that the taxpayer may not 5799
relocate a substantial number of employment positions from 5800
elsewhere in this state to the project site unless the director 5801
of development determines that the taxpayer notified the 5802
legislative authority of the county, township, or municipal 5803
corporation from which the employment positions would be 5804
relocated. 5805

For purposes of this section, the movement of an 5806
employment position from one political subdivision to another 5807
political subdivision shall be considered a relocation of an 5808
employment position unless the movement is confined to the 5809

project site. The transfer of an employment position from one 5810
political subdivision to another political subdivision shall not 5811
be considered a relocation of an employment position if the 5812
employment position in the first political subdivision is 5813
replaced by another employment position. 5814

(8) A waiver by the taxpayer of any limitations periods 5815
relating to assessments or adjustments resulting from the 5816
taxpayer's failure to comply with the agreement. 5817

(F) If a taxpayer fails to meet or comply with any 5818
condition or requirement set forth in a tax credit agreement, 5819
the tax credit authority may amend the agreement to reduce the 5820
percentage or term of the credit. The reduction of the 5821
percentage or term may take effect in the current taxable or 5822
calendar year. 5823

(G) Financial statements and other information submitted 5824
to the department of development or the tax credit authority by 5825
an applicant for or recipient of a tax credit under this 5826
section, and any information taken for any purpose from such 5827
statements or information, are not public records subject to 5828
section 149.43 of the Revised Code. However, the chairperson of 5829
the authority may make use of the statements and other 5830
information for purposes of issuing public reports or in 5831
connection with court proceedings concerning tax credit 5832
agreements under this section. Upon the request of the tax 5833
commissioner, or the superintendent of insurance in the case of 5834
an insurance company, the chairperson of the authority shall 5835
provide to the commissioner or superintendent any statement or 5836
other information submitted by an applicant for or recipient of 5837
a tax credit in connection with the credit. The commissioner or 5838
superintendent shall preserve the confidentiality of the 5839

statement or other information. 5840

(H) A taxpayer claiming a tax credit under this section 5841
shall submit to the tax commissioner or, in the case of an 5842
insurance company, to the superintendent of insurance, a copy of 5843
the director of development's certificate of verification under 5844
division (E) (6) of this section with the taxpayer's tax report 5845
or return for the taxable year or for the calendar year that 5846
includes the tax period. Failure to submit a copy of the 5847
certificate with the report or return does not invalidate a 5848
claim for a credit if the taxpayer submits a copy of the 5849
certificate to the commissioner or superintendent within the 5850
time prescribed by section 5703.0510 of the Revised Code or 5851
within thirty days after the commissioner or superintendent 5852
requests it. 5853

(I) For the purposes of this section, a taxpayer may 5854
include a partnership, a corporation that has made an election 5855
under subchapter S of chapter one of subtitle A of the Internal 5856
Revenue Code, or any other business entity through which income 5857
flows as a distributive share to its owners. A partnership, S- 5858
corporation, or other such business entity may elect to pass the 5859
credit received under this section through to the persons to 5860
whom the income or profit of the partnership, S-corporation, or 5861
other entity is distributed. The election shall be made on the 5862
annual report required under division (E) (5) of this section. 5863
The election applies to and is irrevocable for the credit for 5864
which the report is submitted. If the election is made, the 5865
credit shall be apportioned among those persons in the same 5866
proportions as those in which the income or profit is 5867
distributed. 5868

(J) (1) If the director of development determines that a 5869

taxpayer that received a certificate under division (E) (6) of 5870
this section is not complying with the requirements of the 5871
agreement, the director shall notify the tax credit authority of 5872
the noncompliance. After receiving such a notice, and after 5873
giving the taxpayer an opportunity to explain the noncompliance, 5874
the authority may terminate the agreement and require the 5875
taxpayer, or any related member or members that claimed the tax 5876
credit under division (N) of this section, to refund to the 5877
state all or a portion of the credit claimed in previous years, 5878
as follows: 5879

(a) If the taxpayer fails to comply with the requirement 5880
under division (E) (3) of this section, an amount determined in 5881
accordance with the following: 5882

(i) If the taxpayer maintained operations at the project 5883
site for less than or equal to the term of the credit, an amount 5884
not to exceed one hundred per cent of the sum of any tax credits 5885
allowed and received under this section. 5886

(ii) If the taxpayer maintained operations at the project 5887
site longer than the term of the credit, but less than the 5888
greater of seven years or the term of the credit plus three 5889
years, the amount required to be refunded shall not exceed 5890
seventy-five per cent of the sum of any tax credits allowed and 5891
received under this section. 5892

(b) If the taxpayer fails to substantially, satisfy the 5893
employment, payroll, or location requirements required under the 5894
agreement, as prescribed under division (E) (4) (a) or (b), as 5895
applicable to the taxpayer, at any time during the term of the 5896
agreement or during the post-term reporting period, an amount 5897
determined at the discretion of the authority. 5898

(2) If a taxpayer files for bankruptcy and fails as 5899
described in division (J) (1) (a) or (b) of this section, the 5900
director may immediately commence an action to recoup an amount 5901
not exceeding one hundred per cent of the sum of any credits 5902
received by the taxpayer under this section. 5903

(3) In determining the portion of the credit to be 5904
refunded to this state, the authority shall consider the effect 5905
of market conditions on the taxpayer's project and whether the 5906
taxpayer continues to maintain other operations in this state. 5907
After making the determination, the authority shall certify the 5908
amount to be refunded to the tax commissioner or the 5909
superintendent of insurance. If the taxpayer, or any related 5910
member or members who claimed the tax credit under division (N) 5911
of this section, is not an insurance company, the commissioner 5912
shall make an assessment for that amount against the taxpayer 5913
under Chapter 5726., 5733., 5736., 5747., or 5751. of the 5914
Revised Code. If the taxpayer, or any related member or members 5915
that claimed the tax credit under division (N) of this section, 5916
is an insurance company, the superintendent of insurance shall 5917
make an assessment under section 5725.222 or 5729.102 of the 5918
Revised Code. The time limitations on assessments under those 5919
chapters and sections do not apply to an assessment under this 5920
division, but the commissioner or superintendent shall make the 5921
assessment within one year after the date the authority 5922
certifies to the commissioner or superintendent the amount to be 5923
refunded. Within ninety days after certifying the amount to be 5924
refunded, if circumstances have changed, the authority may 5925
adjust the amount to be refunded and certify the adjusted amount 5926
to the commissioner or superintendent. The authority may only 5927
adjust the amount to be refunded one time and only if the amount 5928
initially certified by the authority has not been repaid, in 5929

whole or in part, by the taxpayer or certified to the attorney 5930
general for collection under section 131.02 of the Revised Code. 5931

(K) The director of development, after consultation with 5932
the tax commissioner and the superintendent of insurance and in 5933
accordance with Chapter 119. of the Revised Code, shall adopt 5934
~~rules necessary to implement this section. The rules may provide~~ 5935
providing for recipients of tax credits under this section to be 5936
charged fees to cover administrative costs of the tax credit 5937
program. The fees collected shall be credited to the tax 5938
incentives operating fund created in section 122.174 of the 5939
Revised Code. At the time the director gives public notice under 5940
division (A) of section 119.03 of the Revised Code of the 5941
adoption of the rules, the director shall submit copies of the 5942
proposed rules to the chairpersons of the standing committees on 5943
economic development in the senate and the house of 5944
representatives. 5945

(L) On or before the first day of August of each year, the 5946
director of development shall submit a report to the governor, 5947
the president of the senate, and the speaker of the house of 5948
representatives on the tax credit program under this section. 5949
The report shall include information on the number of agreements 5950
that were entered into under this section during the preceding 5951
calendar year, a description of the project that is the subject 5952
of each such agreement, and an update on the status of projects 5953
under agreements entered into before the preceding calendar 5954
year. 5955

(M) The aggregate amount of nonrefundable tax credits 5956
issued under this section during any calendar year for capital 5957
investment projects reviewed and approved by the tax credit 5958
authority may not exceed the following amounts: 5959

(1) For 2010, thirteen million dollars; 5960

(2) For 2011 through 2023, the amount of the limit for the 5961
preceding calendar year plus thirteen million dollars; 5962

(3) For 2024 and each year thereafter, one hundred ninety- 5963
five million dollars. 5964

The limitations in division (M) of this section do not 5965
apply to credits for capital investment projects approved by the 5966
tax credit authority before July 1, 2009. 5967

(N) This division applies only to an eligible business 5968
that is part of an affiliated group that includes a diversified 5969
savings and loan holding company or a grandfathered unitary 5970
savings and loan holding company, as those terms are defined in 5971
section 5726.01 of the Revised Code. Notwithstanding any 5972
contrary provision of the agreement between such an eligible 5973
business and the tax credit authority, any credit granted under 5974
this section against the tax imposed by section 5725.18, 5975
5729.03, 5733.06, 5747.02, or 5751.02 of the Revised Code to the 5976
eligible business, at the election of the eligible business and 5977
without any action by the tax credit authority, may be shared 5978

the eligible business, which member or members may claim the 5980
credit against the taxes imposed by section 5725.18, 5726.02, 5981
5729.03, 5733.06, 5747.02, or 5751.02 of the Revised Code. 5982
Credits shall be claimed by the eligible business in sequential 5983
order, as applicable, first claiming the credits to the fullest 5984
extent possible against the tax that the certificate holder is 5985
subject to, then against the tax imposed by, sequentially, 5986
section 5729.03, 5725.18, 5747.02, 5751.02, and lastly 5726.02 5987
of the Revised Code. The credits may be allocated among the 5988
members of the affiliated group in such manner as the eligible 5989

business elects, but subject to the sequential order required 5990
under this division. This division applies to credits granted 5991
before, on, or after March 27, 2013, the effective date of H.B. 5992
510 of the 129th general assembly. Credits granted before that 5993

taxable year, and the common owners. "Affiliated group" 6002

included in a consolidated elected taxpayer group under section 6004
5751.011 of the Revised Code or a combined taxpayer group under 6005

(2) In calendar year 2016 and thereafter, the tax credit 6015
authority shall annually determine a withholding adjustment 6016
factor to be used in the computation of income tax revenue for 6017
eligible agreements. The withholding adjustment factor shall be 6018

a numerical percentage that equals the percentage that employer
income tax withholding rates have been increased or decreased as
a result of changes in the income tax rates prescribed by
section 5747.02 of the Revised Code by amendment of that section
taking effect on or after June 29, 2013.

of the Revised Code have increased by amendment of this section
taking effect on or after June 29, 2013, subtract the product

agreement. 6050

(5) Failure by a taxpayer to have achieved any of the 6051
applicable commitments described in divisions (O) (4) (a) to (c) 6052
of this section in a reporting period does not disqualify the 6053
taxpayer for the adjustment under division (O) of this section 6054
for an ensuing reporting period. 6055

computer data center equipment used or to be used at the 6181
eligible computer data center, the length of time the computer 6182
data center equipment will be exempted, and the first date on 6183
which the exemption applies. 6184

(3) A requirement that the computer data center remain an 6185
eligible computer data center during the term of the agreement 6186
and that the applicant maintain operations at the eligible 6187
computer data center during that term. An applicant does not 6188
violate the requirement described in division (E)(3) of this 6189
section if the applicant ceases operations at the eligible 6190
computer data center during the term of the agreement but 6191

resumes those operations within eighteen months after the date 6192
of cessation. The agreement shall provide that, in such a case, 6193
the applicant and any other taxpayer that operates a computer 6194
data center business at the project site shall not claim the tax 6195
exemption authorized in the agreement for any purchase of 6196
computer data center equipment made during the period in which 6197
the applicant did not maintain operations at the eligible 6198
computer data center. 6199

the project site will, in the aggregate, pay annual compensation 6204
that is subject to the withholding obligation imposed under 6205
section 5747.06 of the Revised Code of at least one million five 6206
hundred thousand dollars to employees at the eligible computer 6207
data center. 6208

(5) A requirement that each taxpayer subject to the 6209
agreement annually report to the director of development 6210
employment, tax withholding, capital investment, and other 6211
information required by the director to perform the director's 6212
duties under this section. 6213

(6) A requirement that the director of development 6214
annually review the annual reports of each taxpayer subject to 6215
the agreement to verify the information reported under division 6216
(E) (5) of this section and compliance with the agreement. Upon 6217
verification, the director shall issue a certificate to each 6218
such taxpayer stating that the information has been verified and 6219
that the taxpayer remains eligible for the exemption specified 6220
in the agreement. 6221

(7) A provision providing that the taxpayers subject to 6222
the agreement may not relocate a substantial number of 6223
employment positions from elsewhere in this state to the project 6224
site unless the director of development determines that the 6225
appropriate taxpayer notified the legislative authority of the 6226
county, township, or municipal corporation from which the 6227
employment positions would be relocated. For purposes of this 6228
paragraph, the movement of an employment position from one 6229
political subdivision to another political subdivision shall be 6230
considered a relocation of an employment position unless the 6231
movement is confined to the project site. The transfer of an 6232
employment position from one political subdivision to another 6233
political subdivision shall not be considered a relocation of an 6234
employment position if the employment position in the first 6235
political subdivision is replaced by another employment 6236
position. 6237

(8) A waiver by each taxpayer subject to the agreement of 6238
any limitations periods relating to assessments or adjustments 6239
resulting from the taxpayer's failure to comply with the 6240
agreement. 6241

(F) The term of an agreement under this section shall be 6242
determined by the tax credit authority, and the amount of the 6243
exemption shall not exceed one hundred per cent of such taxes 6244
that would otherwise be owed in respect to the exempted computer 6245
data center equipment. 6246

(G) If any taxpayer subject to an agreement under this 6247
section fails to meet or comply with any condition or 6248
requirement set forth in the agreement, the tax credit authority 6249
may amend the agreement to reduce the percentage of the 6250
exemption or term during which the exemption applies to the 6251

computer data center equipment used or to be used by the 6252
noncompliant taxpayer at an eligible computer data center. The 6253
reduction of the percentage or term may take effect in the 6254
current calendar year. 6255

(H) Financial statements and other information submitted 6256
to the department of development or the tax credit authority by 6257
an applicant for or recipient of an exemption under this 6258
section, and any information taken for any purpose from such 6259
statements or information, are not public records subject to 6260
section 149.43 of the Revised Code. However, the chairperson of 6261
the authority may make use of the statements and other 6262
information for purposes of issuing public reports or in 6263
connection with court proceedings concerning tax exemption 6264
agreements under this section. Upon the request of the tax 6265
commissioner, the chairperson of the authority shall provide to 6266
the tax commissioner any statement or other information 6267
submitted by an applicant for or recipient of an exemption under 6268
this section. The tax commissioner shall preserve the 6269
confidentiality of the statement or other information. 6270

(I) The tax commissioner shall issue a direct payment 6271
permit under section 5739.031 of the Revised Code to each 6272
taxpayer subject to an agreement under this section. Such direct 6273
payment permit shall authorize the taxpayer to pay any sales and 6274
use taxes due on purchases of computer data center equipment 6275
used or to be used in an eligible computer data center and to 6276
pay any sales and use taxes due on purchases of tangible 6277
personal property or taxable services other than computer data 6278
center equipment used or to be used in an eligible computer data 6279
center directly to the tax commissioner. Each such taxpayer 6280
shall pay pursuant to such direct payment permit all sales tax 6281
levied on such purchases under sections 5739.02, 5739.021, 6282

5739.023, and 5739.026 of the Revised Code and all use tax 6283
levied on such purchases under sections 5741.02, 5741.021, 6284
5741.022, and 5741.023 of the Revised Code, consistent with the 6285
terms of the agreement entered into under this section. 6286

During the term of an agreement under this section each 6287
taxpayer subject to the agreement shall submit to the tax 6288
commissioner a return that shows the amount of computer data 6289
center equipment purchased for use at the eligible computer data 6290
center, the amount of tangible personal property and taxable 6291
services other than computer data center equipment purchased for 6292
use at the eligible computer data center, the amount of tax 6293
under Chapter 5739. or 5741. of the Revised Code that would be 6294
due in the absence of the agreement under this section, the 6295
exemption percentage for computer data center equipment 6296
specified in the agreement, and the amount of tax due under 6297
Chapter 5739. or 5741. of the Revised Code as a result of the 6298
agreement under this section. Each such taxpayer shall pay the 6299
tax shown on the return to be due in the manner and at the times 6300
as may be further prescribed by the tax commissioner. Each such 6301
taxpayer shall include a copy of the director of development's 6302
certificate of verification issued under division (E) (6) of this 6303
section. Failure to submit a copy of the certificate with the 6304
return does not invalidate the claim for exemption if the 6305
taxpayer submits a copy of the certificate to the tax 6306
commissioner within the time prescribed by section 5703.0510 of 6307
the Revised Code. 6308

(J) If the director of development determines that one or 6309
more taxpayers received an exemption from taxes due on the 6310
purchase of computer data center equipment purchased for use at 6311
a computer data center that no longer complies with the 6312
requirement under division (E) (3) of this section, the director 6313

shall notify the tax credit authority and, if applicable, the taxpayer that applied to enter the agreement for the exemption under division (C) of this section of the noncompliance. After receiving such a notice, and after giving each taxpayer subject to the agreement an opportunity to explain the noncompliance, the authority may terminate the agreement and require each such taxpayer to pay to the state all or a portion of the taxes that would have been owed in regards to the exempt equipment in previous years, ~~all as determined under rules adopted pursuant to division (K) of this section.~~ In determining the portion of the taxes that would have been owed on the previously exempted equipment to be paid to this state by a taxpayer, the authority shall consider the effect of market conditions on the eligible computer data center, whether the taxpayer continues to maintain other operations in this state, and, with respect to agreements involving multiple taxpayers, the taxpayer's level of responsibility for the noncompliance. After making the determination, the authority shall certify to the tax commissioner the amount to be paid by each taxpayer subject to the agreement. The tax commissioner shall make an assessment for that amount against each such taxpayer under Chapter 5739. or 5741. of the Revised Code. The time limitations on assessments under those chapters do not apply to an assessment under this division, but the tax commissioner shall make the assessment within one year after the date the authority certifies to the tax commissioner the amount to be paid by the taxpayer.

(K) The director of development, after consultation with the tax commissioner and in accordance with Chapter 119. of the Revised Code, shall adopt rules ~~necessary to implement this section. The rules may provide providing~~ for recipients of tax exemptions under this section to be charged fees to cover

administrative costs incurred in the administration of this 6345
section. The fees collected shall be credited to the tax 6346
incentives operating fund created in section 122.174 of the 6347
Revised Code. At the time the director gives public notice under 6348
division (A) of section 119.03 of the Revised Code of the 6349
adoption of the rules, the director shall submit copies of the 6350
proposed rules to the chairpersons of the standing committees on 6351
economic development in the senate and the house of 6352
representatives. 6353

(L) On or before the first day of August of each year, the 6354
director of development shall submit a report to the governor, 6355
the president of the senate, and the speaker of the house of 6356
representatives on the tax exemption authorized under this 6357
section. The report shall include information on the number of 6358
agreements that were entered into under this section during the 6359
preceding calendar year, a description of the eligible computer 6360
data center that is the subject of each such agreement, and an 6361
update on the status of eligible computer data centers under 6362
agreements entered into before the preceding calendar year. 6363

(M) A taxpayer may be made a party to an existing 6364
agreement entered into under this section by the tax credit 6365
authority and another taxpayer or group of taxpayers. In such a 6366
case, the taxpayer shall be entitled to all benefits and bound 6367
by all obligations contained in the agreement and all 6368
requirements described in this section. When an agreement 6369
includes multiple taxpayers, each taxpayer shall be entitled to 6370
a direct payment permit as authorized in division (I) of this 6371
section. 6372

it contains all of the information and the statement required by 6461

the student intern's experiences during the career exploration 6478
internship, consider the practical applications of these 6479
experiences to the student intern's career aspirations, and to 6480
establish or confirm goals for the student intern. If 6481
practicable, the meeting shall be in person. Otherwise, the 6482
meeting may be conducted over the telephone. 6483

(F) A business that receives a grant under this section 6484

Sec. 135.182. (A) As used in this section: 9551

(1) "Public depository" means that term as defined in 9552
section 135.01 of the Revised Code, but also means an 9553
institution that receives or holds any public deposits as 9554
defined in section 135.31 of the Revised Code. 9555

(2) "Public depositor" means that term as defined in 9556
section 135.01 of the Revised Code, but also includes a county 9557
and any municipal corporation that has adopted a charter under 9558
Article XVIII, Ohio Constitution. 9559

(3) "Public deposits," "public moneys," and "treasurer" 9560

section does not include the moneys of metropolitan housing 9564
authorities. 9565

(B) (1) Not later than July 1, 2017, the treasurer of state 9566
shall create the Ohio pooled collateral program. Under this 9567
program, each institution designated as a public depository that 9568
selects the pledging method prescribed in division (A) (2) of 9569
section 135.18 or division (A) (2) of section 135.37 of the 9570
Revised Code shall pledge to the treasurer of state a single 9571
pool of eligible securities for the benefit of all public 9572
depositories at the public depository to secure the repayment of 9573
all uninsured public deposits at the public depository, provided 9574
that at all times the total market value of the securities so 9575
pledged is at least equal to either of the following: 9576

(a) One hundred two per cent of the total amount of all 9577
uninsured public deposits; 9578

(b) An amount determined by rules adopted by the treasurer 9579
of state that set forth the criteria for determining the 9580
aggregate market value of the pool of eligible securities 9581
pledged by a public depository pursuant to division (B) of this 9582
section. Such criteria shall include, but are not limited to, 9583
prudent capital and liquidity management by the public 9584
depository and the safety and soundness of the public depository 9585
as determined by a third-party rating organization. 9586

(2) The treasurer of state shall monitor the eligibility, 9587
market value, and face value of the pooled securities pledged by 9588
the public depository. Each public depository shall carry in its 9589
accounting records at all times a general ledger or other 9590
appropriate account of the total amount of all public deposits 9591
to be secured by the pool, as determined at the opening of 9592
business each day, and the total market value of securities 9593

pledged to secure such deposits, and report such information to 9594
the treasurer of state in a manner and frequency as determined 9595
by the treasurer of state pursuant to rules adopted by the 9596
treasurer of state. A public depositor shall be responsible for 9597
periodically confirming the accuracy of its account balances 9598
with the treasurer of state; otherwise, the treasurer of state 9599
shall be the sole public depositor responsible for monitoring 9600
and ensuring the sufficiency of securities pledged under this 9601
section. 9602

(3) If, on any day, the total market value of the 9603
securities pledged by the public depository is less than that 9604
specified in division (B) (1) (a) or (b) of this section, 9605
whichever is applicable, the public depository shall have two 9606
business days to pledge additional eligible securities having a 9607
market value sufficient, when combined with the market value of 9608
eligible securities already pledged, to satisfy the requirement 9609
of division (B) (1) (a) or (b) of this section, as applicable, to 9610
secure the repayment of all uninsured public deposits at the 9611
public depository. 9612

(C) The public depository shall designate a qualified 9613
trustee approved by the treasurer of state and place with such 9614
trustee for safekeeping the eligible securities pledged pursuant 9615
to division (B) of this section. The trustee shall hold the 9616
eligible securities in an account indicating the treasurer of 9617
state's security interest in the eligible securities. The 9618
treasurer of state shall give written notice of the trustee to 9619
all public depositors for which such securities are pledged. The 9620
trustee shall report to the treasurer of state information 9621
relating to the securities pledged to secure such public 9622
deposits in a manner and frequency as determined by the 9623
treasurer of state. 9624

(D) In order for a public depository to receive public 9625
moneys under this section, the public depository and the 9626
treasurer of state shall first execute an agreement that sets 9627
forth the entire arrangement among the parties and that meets 9628
the requirements described in 12 U.S.C. 1823(e). In addition, 9629
the agreement shall authorize the treasurer of state to obtain 9630
control of the collateral pursuant to division (D) of section 9631
1308.24 of the Revised Code. 9632

(E) The securities or other obligations described in 9633
division (D) of section 135.18 of the Revised Code shall be 9634
eligible as collateral for the purposes of division (B) of this 9635
section, provided no such securities or obligations pledged as 9636
collateral are at any time in default as to either principal or 9637
interest. 9638

(F) Any federal reserve bank or branch thereof located in 9639
this state or federal home loan bank, without compliance with 9640
Chapter 1111. of the Revised Code and without becoming subject 9641
to any other law of this state relative to the exercise by 9642
corporations of trust powers generally, is qualified to act as 9643
trustee for the safekeeping of securities, under this section. 9644
Any institution mentioned in section 135.03 or 135.32 of the 9645
Revised Code that holds a certificate of qualification issued by 9646
the superintendent of financial institutions or any institution 9647
complying with sections 1111.04, 1111.05, and 1111.06 of the 9648
Revised Code is qualified to act as trustee for the safekeeping 9649
of securities under this section, other than those belonging to 9650
itself or to an affiliate as defined in section 1101.01 of the 9651
Revised Code. 9652

(G) The public depository may substitute, exchange, or 9653
release eligible securities deposited with the qualified trustee 9654

pursuant to this section, provided that such substitution, 9655
exchange, or release is effectuated pursuant to written 9656
authorization from the treasurer of state, and such action does 9657
not reduce the total market value of the securities to an amount 9658
that is less than the amount established pursuant to division 9659
(B) of this section. 9660

(H) Notwithstanding the fact that a public depository is 9661
required to pledge eligible securities in certain amounts to 9662
secure public deposits, a qualified trustee has no duty or 9663
obligation to determine the eligibility, market value, or face 9664
value of any securities deposited with the trustee by a public 9665
depository. This applies in all situations including, but not 9666
limited to, a substitution or exchange of securities, but 9667
excluding those situations effectuated by division (I) of this 9668
section in which the trustee is required to determine face and 9669
market value. 9670

(I) The qualified trustee shall enter into a custodial 9671
agreement with the treasurer of state and public depository in 9672
which the trustee agrees to comply with entitlement orders 9673
originated by the treasurer of state without further consent by 9674
the public depository or, in the case of collateral held by the 9675
public depository in an account at a federal reserve bank, the 9676
treasurer of state shall have the treasurer's security interest 9677
marked on the books of the federal reserve bank where the 9678
account for the collateral is maintained. If the public 9679
depository fails to pay over any part of the public deposits 9680
made therein as provided by law and secured pursuant to division 9681
(B) of this section, the treasurer of state shall give written 9682
notice of this failure to the qualified trustee holding the pool 9683
of securities pledged against the public deposits, and at the 9684
same time shall send a copy of this notice to the public 9685

depository. Upon receipt of this notice, the trustee shall 9686
transfer to the treasurer of state for sale, the pooled 9687
securities that are necessary to produce an amount equal to the 9688
public deposits made by the public depositor and not paid over, 9689
less the portion of the deposits covered by any federal deposit 9690
insurance, plus any accrued interest due on the deposits. The 9691
treasurer of state shall sell any of the bonds or other 9692
securities so transferred. When a sale of bonds or other 9693
securities has been so made and upon payment to the public 9694
depositor of the purchase money, the treasurer of state shall 9695
transfer such bonds or securities whereupon the absolute 9696
ownership of such bonds or securities shall pass to the 9697
purchasers. Any surplus after deducting the amount due to the 9698
public depositor and expenses of sale shall be paid to the 9699
public depository. 9700

(J) Any charges or compensation of a qualified trustee for 9701
acting as such under this section shall be paid by the public 9702
depository and in no event shall be chargeable to the public 9703
depositor or to any officer of the public depositor. The charges 9704
or compensation shall not be a lien or charge upon the 9705
securities deposited for safekeeping prior or superior to the 9706
rights to and interests in the securities of the public 9707
depositor. The treasurer and the treasurer's bonders or surety 9708
shall be relieved from any liability to the public depositor or 9709
to the public depository for the loss or destruction of any 9710
securities deposited with a qualified trustee pursuant to this 9711
section. 9712

(K) A public depositor, treasurer, or the public 9713
depositor's or treasurer's bonders or surety are not liable for 9714
the loss of funds if a public depository fails to comply with 9715
the terms set forth in the agreement provided for in division 9716

(D) of this section for the appropriate level of collateral, as 9717
required under division (B) (1) (a) or (b) of this section, to 9718
secure the public deposits made under that agreement. 9719

(L) (1) The following information is confidential and not a 9720
public record under section 149.43 of the Revised Code: 9721

(a) All reports or other information obtained or created 9722
about a public depository for purposes of division (B) (1) (b) of 9723
this section; 9724

(b) The identity of a public depositor's public 9725
depository; 9726

(c) The identity of a public depository's public 9727
depositories. 9728

(2) Nothing in this section prevents the treasurer of 9729
state from releasing or exchanging such confidential information 9730
as required by law or for the operation of the pooled collateral 9731
program. 9732

(M) The treasurer of state may impose reasonable fees, 9733
including late fees, upon public depositories participating in 9734
the pooled collateral program to defray the actual and necessary 9735
expenses incurred by the treasurer in connection with the 9736
program. All such fees collected by the treasurer shall be 9737
deposited into the state treasury to the credit of the 9738
administrative fund created in section 113.20 of the Revised 9739
Code. 9740

~~(N) The treasurer of state may adopt rules necessary for 9741
the implementation of this section and sections 135.18 and 9742
135.181 of the Revised Code. Such rules shall be adopted in 9743
accordance with Chapter 119. of the Revised Code. 9744~~

education courses shall be borne by the subdivision represented 9801
by the treasurer. 9802

(G) The treasurer of state may allow any other interested person to attend any of the continuing education programs that are held pursuant to this section, provided that before attending any such continuing education program, the interested person has paid to the treasurer of state the full registration fee set for the continuing education program.

provided by at least one nationally recognized statistical 9838
rating organization. 9839

(2) Upon receipt of notice that the pool does not maintain 9840
the highest letter or numerical rating required under division 9841
(B) (1) of this section, the treasurer of state shall have ninety 9842

(3) Treasurers, governing boards, or investing authorities 9850
of subdivisions participating in the pool shall not be required 9851

limitations set forth in division (A) of this section. For 9862

purposes of this division, the limitation on investments in debt 9863
interests provided in division (A) (11) (a) of section 135.143 of 9864

treasurer's investment pool, and the specification of minimum 9871
amounts that may be paid into such pools and minimum periods of 9872
time for which such payments shall be retained in the pools. The 9873
rules shall provide for the administrative expenses of the 9874
separately managed accounts and pooled accounts, including the 9875
state treasurer's investment pool, to be paid from the earnings 9876
and for the interest earnings in excess of such expenses to be 9877
credited to the several treasurers, governing boards, and 9878
investing authorities participating in a pool in a manner which 9879
equitably reflects the differing amounts of their respective 9880
investments in the pool and the differing periods of time for 9881
which such amounts are in the pool. 9882

(E) The treasurer of state shall give bond with sufficient 9883
sureties, payable to the treasurers, governing boards, and 9884

fifty thousand dollars, conditioned for the faithful discharge 9888
of the treasurer of state's duties in relation to the fund. 9889

3309.26 of the Revised Code. The former retirement system shall 10508
restore the service credit for the year or portion of a year for 10509
which the payment was made. 10510

~~(D) The board shall adopt rules to implement this section.~~ 10511

Sec. 145.323. (A) Except as otherwise provided in this 10512
section, the public employees retirement board shall annually 10513
increase each allowance, pension, or benefit payable under this 10514

percentage increase in the consumer price index, not exceeding 10525
three per cent, as determined by the United States bureau of 10526
labor statistics (U.S. city average for urban wage earners and 10527
clerical workers: "all items 1982-84=100") for the twelve-month 10528
period ending on the thirtieth day of June of the immediately 10529
preceding calendar year. If the consumer price index for that 10530
period did not increase, no increase shall be made under 10531
division (A) (2) of this section. 10532

No allowance, pension, or benefit shall exceed the limit 10533
established by section 415 of the "Internal Revenue Code of 10534

1986," 100 Stat. 2085, 26 U.S.C. 415, as amended. 10535

eligible after June 30, 1971, upon such persons receiving an 10537
allowance for twelve months. The increased amount is payable for 10538
the ensuing twelve-month period or until the next increase is 10539

the first increase to the survivor first receiving an allowance 10544
or benefit in the case of an allowance or benefit being paid to 10545

The date of the first increase under this section becomes 10547
the anniversary date for any future increases. 10548

The allowance or benefit used in the first calculation of 10549
an increase under this section shall remain as the base for all 10550
future increases, unless a new base is established. 10551

(B) If payment of a portion of a benefit is made to an 10552
alternate payee under section 145.571 of the Revised Code, 10553
increases under this section granted while the order is in 10554
effect shall be apportioned between the alternate payee and the 10555
benefit recipient in the same proportion that the amount being 10556
paid to the alternate payee bears to the amount paid to the 10557
benefit recipient. 10558

If payment of a portion of a benefit is made to one or 10559
more beneficiaries under a multiple-life plan under section 10560
145.46 of the Revised Code, each increase under this section 10561
granted while the plan of payment is in effect shall be divided 10562
among the designated beneficiaries in accordance with the 10563

portion each beneficiary has been allocated. 10564

10712
10713

(D) Any amount due a retirant or disability benefit recipient receiving a monthly benefit and unpaid to the retirant or recipient at death shall be paid to the beneficiary designated in writing duly executed on a form provided by the board, signed by the retirant or recipient, and filed with the board. the time of death that the relationship constituted a valid 10738
marriage at the time of death, or the "spouse" would have the 10739
same status as a widow or widower for purposes of sharing the 10740
distribution of the member's intestate personal property. 10741

(F) As used in this division, "recipient" means an 10742
individual who is receiving or may be eligible to receive an 10743
allowance or benefit under this chapter based on the 10744
individual's service to a public employer. 10745

the percentage of the deposits that each beneficiary is to be 10948
paid. If the contributor has not specified the percentage, the 10949
deposits shall be divided equally among the beneficiaries. 10950

The last designation of any beneficiary revokes all 10951
previous designations. The contributor's marriage, divorce, 10952
marriage dissolution, legal separation, or refund under section 10953
145.63 of the Revised Code, or the birth of the contributor's 10954
child, or adoption of a child, shall constitute an automatic 10955

If the deposits of a deceased contributor are not claimed 10957
by a beneficiary or by the estate of the deceased contributor 10958
within five years, the deposits shall be transferred to the 10959
income fund and thereafter paid to the beneficiary or to the 10960

a beneficiary. 10977

Any payment made to a beneficiary as determined by the 10978
board shall be a full discharge and release to the board from 10979
any future claims. 10980

(D) If the validity of marriage cannot be established to 10981
the satisfaction of the board for the purpose of disbursing any 10982
amount due under section 145.63 or 145.64 of the Revised Code, 10983
the board may accept a decision rendered by a court having 10984
jurisdiction in the state in which the contributor was domiciled 10985
at the time of death that the relationship constituted a valid 10986
marriage at the time of death, or the "spouse" would have the 10987
same status as a widow or widower for purposes of sharing the 10988
distribution of the contributor's intestate personal property. 10989

which a member participating in a plan may receive definitely 11005
determinable benefits. 11006

Each plan established under this section shall meet the 11007
requirements of sections 145.81 to 145.98 of the Revised Code— 11008
~~and any rules adopted in accordance with section 145.80 of the~~ 11009
~~Revised Code.~~ It may include life insurance, annuities, variable 11010
annuities, regulated investment trusts, pooled investment funds, 11011

participant to transfer participation to another plan created 11013
under this chapter. Transfers must be made in accordance with 11014
section 145.814 of the Revised Code. 11015

The board may administer the plans, enter into contracts 11016
with other entities to administer the plans, or both. 11017

Sec. 145.814. (A) As used in this section, "eligible 11018
member" means a member who was eligible to make an election 11019
under section 145.19 or 145.191 of the Revised Code, regardless 11020
of whether the member elected to participate in a PERS defined 11021
contribution plan. 11022

(B) If permitted to do so by the plan documents for a PERS 11023
defined contribution plan or rules governing the PERS defined 11024
benefit plan, an eligible member may elect, at intervals 11025
specified by the plan document or rules, to participate in a 11026
different defined contribution plan or in the PERS defined 11027
benefit plan. ~~The election is subject to this section and rules~~ 11028
~~adopted by the public employees retirement board under sections~~ 11029

form provided by the public employees retirement system and 11032
filed with the system. The election shall take effect on the 11033

first day of the month following the date the election is filed 11034
and, except as provided in the plan documents or rules governing 11035
the PERS defined benefit plan, is irrevocable on receipt by the 11036
system. 11037

(C) Except as provided in division (D) of this section, an 11038
election to participate in a different plan shall apply only to 11039
employee and employer contributions made and, if applicable, 11040
service credit earned after the effective date of the election. 11041

(D) An eligible member may elect to have the member's 11042
amount on deposit for the prior plan and, if applicable, service 11043
credit earned prior to the effective date of the election 11044
deposited and credited in accordance with the member's new plan 11045
if the member, by the election, will begin participating in the 11046
PERS defined benefit plan or a PERS defined contribution plan 11047
with definitely determinable benefits. The amount on deposit is 11048
the amount the member would be entitled to receive as a refund 11049
from the prior plan if the member ceased to be a public 11050
employee. 11051

If a member makes the election described in this division 11052
and service credit is transferred, the board's actuary shall 11053
determine the additional liability to the system, if any. The 11054
additional liability is the amount that, when added to the 11055
amount on deposit, will provide the remaining portion of the 11056
pension reserve for the period of the member's service as a 11057
public employee in the prior plan. 11058

If the actuary determines that there is an additional 11059
liability, the member shall elect one of the following: 11060

(1) To receive the total amount of service credit that the 11061
member would have received had the member been participating in 11062

For each member who makes the election described in this 11067
division, the system shall deposit and credit to the new plan 11068
the amount on deposit for the prior plan and, if applicable, the 11069
amount paid by the member. The board may specify in rules 11070
adopted under ~~sections 145.09 and 145.80~~ section 111.15 of the 11071
Revised Code how service credit in the defined benefit plan may 11072
be converted to amounts on deposit in the defined contribution 11073
plan. 11074

Sec. 145.97. Each PERS defined contribution plan shall 11075
permit a member participating in the plan to do both of the 11076
following: 11077

(A) If the member has withdrawn the amounts that have 11078
accumulated on behalf of the member under the plan, returns to 11079
employment covered under this chapter, and is participating in a 11080
plan that includes definitely determinable benefits, pay to the 11081
system the amounts withdrawn ~~in accordance with rules adopted~~ 11082
~~under section 145.80 of the Revised Code;~~ 11083

deferred funds and shall discharge their duties with respect to 11121
the funds solely in the interest of and for the exclusive 11122
benefit of participating employees, continuing members, and 11123
their beneficiaries. With respect to such deferred funds, 11124
section 148.09 of the Revised Code shall apply to claims against 11125
participating employees or continuing members and their 11126

that the program qualifies as an eligible deferred compensation 11135
plan under section 457(b) of the Internal Revenue Code of 1986, 11136

existing salary schedule or classification plan applicable to 11153
the employee in that year. 11154

Such a deferred compensation program shall be in addition 11155
to any retirement or any other benefit program provided by law 11156
for employees of this state. The board shall adopt rules 11157
pursuant to Chapter 119. of the Revised Code to ~~provide any~~ 11158
~~necessary standards or conditions for the administration of its~~ 11159

other deductions in excess of the compensation available for any 11164
pay period. 11165

Both of the following apply to a deferred compensation 11166
program established under this section: 11167

township, public institution of higher education, or school 11186
district that offers such plans or programs shall include a 11187
reasonable number of options to its officers or employees for 11188

for each qualified project. The reserved credit amount shall not 13399
exceed the amount necessary, when combined with the federal 13400
credit, to ensure the financial feasibility of the qualified 13401
project. 13402

The director shall reserve credits in a manner that 13403
ensures that a qualified project is creating additional housing 13404
units that would not have otherwise been created with other 13405
state, federal, or private financing. The director may assess 13406
application, processing, and reporting fees to cover the cost of 13407
administering the tax credit authorized under this section. 13408

(C) The aggregate amount of credits reserved by the 13409
director under division (B) of this section in a fiscal year 13410
shall not exceed the sum of (1) one hundred million dollars, (2) 13411
the amount, if any, by which the credit cap prescribed by this 13412
division for the preceding fiscal year exceeds the credits 13413
reserved by the director in that year, and (3) the amount of tax 13414
credits recaptured or otherwise disallowed under division (G) of 13415
this section in the preceding fiscal year. 13416

For the purpose of computing and determining compliance 13417
with the credit cap prescribed by this division, the credit 13418
amount reserved for the project owners of a qualified project is 13419
the full amount for all years of the qualified project's credit 13420
period. 13421

(D) Immediately after approving the final cost 13422
certification for a qualified project for which a tax credit 13423
under this section is reserved, or upon otherwise determining 13424
the qualified basis of the qualified project and the date it was 13425

placed into service as required by section 42(m) of the Internal Revenue Code, the director shall compute the annual credit amount and issue an eligibility certificate to each project owner. The director shall send copies of all eligibility certificates issued each calendar year to the tax commissioner and the superintendent of insurance.

The annual credit amount shall equal the lesser of the following:

(1) The amount of the federal credit that would be awarded to the project owners for the first year of the credit period if not for the adjustment required under section 42(f)(2) of the Internal Revenue Code;

(2) One-tenth of the reserved credit amount stated in the notice issued under division (B) of this section.

(E) Each eligibility certificate shall state the annual credit amount, the years that comprise the credit period, the name, address, and taxpayer identification number of each project owner, each owner's designated reporter, the date the certificate is issued, a unique identifying number, and any additional information prescribed by a rule adopted by the director under division (H) of this section Chapter 119. of the Revised Code. A project owner, if the project owner is a pass-through entity, shall provide a copy of the eligibility certificate and any information described in division ~~(I)~~ (H) of this section to each equity owner that has been allocated a credit under division (F)(2) of this section, if requested.

(F)(1) For each year of a qualified project's credit period, the project owner or an equity owner may claim a nonrefundable credit against the tax imposed by section 5725.18,

5726.02, 5729.03, 5729.06, or 5747.02 of the Revised Code equal 13455
to all or a portion of the annual credit amount stated on the 13456
eligibility certificate. The credit shall be claimed in the 13457
manner prescribed by section 5725.36, 5726.58, 5729.19, or 13458
5747.83 of the Revised Code, as applicable. 13459

(2) If a project owner is a pass-through entity, the 13460
annual credit amount for any year of a qualified project's 13461
credit period may be allocated by the project owner among one or 13462
more equity owners and may be applied by those equity owners 13463
against more than one tax, but the total credits claimed in 13464
connection with that year of the qualified project's credit 13465
period by all project owners and equity owners against all taxes 13466
shall not exceed the annual credit amount stated on the 13467
eligibility certificate. 13468

(3) A project owner or equity owner may claim the credit 13469
authorized by this section after the date the qualified project 13470
is placed into service but not before the director issues the 13471
project owner an eligibility certificate under division (D) of 13472
this section and the applicable report required by division ~~(I)~~ 13473
(H) of this section is filed by the designated reporter. 13474

(4) A project owner or equity owner that claims a tax 13475
credit under division (F)(1) of this section shall submit a copy 13476
of the eligibility certificate with the project owner's or 13477
equity owner's tax return or report. Upon request of the tax 13478
commissioner or the superintendent of insurance, any project 13479
owner or equity owner claiming a tax credit under this section 13480
shall provide the commissioner or superintendent other 13481
documentation that may be necessary to verify that the project 13482
owner or equity owner is entitled to claim the credit. 13483

(5) A project owner that is a pass-through entity may 13484

allocate the credit authorized by this section to its equity 13485
owners under division (F) (2) of this section in any manner 13486
agreed to by such persons regardless of whether such equity 13487
owners are eligible for an allocation of the federal credit, 13488
whether the allocation of the credit under the terms of the 13489
agreement has substantial economic effect within the meaning of 13490
section 704(b) of the Internal Revenue Code, and whether any 13491
such person is deemed a partner of the project owner or equity 13492
owner for federal income tax purposes as long as the equity 13493
owner acquired its ownership interest prior to claiming the 13494
credit. The allocation shall be allowed without regard to any 13495
provision of the Internal Revenue Code, or regulation 13496
promulgated pursuant to it, that may be interpreted as contrary 13497
to the allocation, including, without limitation, the treatment 13498
of the allocation as a disguised sale. 13499

An equity owner may assign all or any part of its interest 13500
in a qualified project, including its interest in the tax 13501
credits authorized by this section, to one or more other equity 13502
owners, and each assignee shall be able to claim the credit so 13503
long as its interest is acquired prior to the filing of its tax 13504
return or report or amended tax return or report claiming the 13505
credit and the assignee's ownership interest is identified in 13506
the report required by division ~~(I)~~(H) of this section. 13507

(6) Nothing in this section or section 5725.36, 5726.58, 13508
5729.19, or 5747.83 of the Revised Code allows the assignment or 13509
transfer of any carryforward of the credit authorized under this 13510
section once the annual credit amount is claimed. 13511

(G) If any portion of the federal credit allocated to a 13512
qualified project is recaptured under section 42(j) of the 13513
Internal Revenue Code or is otherwise disallowed, the director 13514

shall recapture a proportionate amount of the tax credit claimed 13515
pursuant to this section in connection with the same qualified 13516
project. 13517

If the director determines to recapture such a tax credit, 13518
the director shall certify the name of each project owner and 13519
the amount to be recaptured to the tax commissioner and to the 13520
superintendent of insurance. The commissioner or superintendent 13521
shall determine the taxpayer or taxpayers that claimed the 13522
credit, the tax against which the credit was claimed, and the 13523
amount to be recaptured and make an assessment against the 13524
taxpayer or taxpayers under Chapter 5725., 5726., 5729., or 13525
5747. of the Revised Code, as applicable, for the amount of the 13526
tax credit to be recaptured. The time limitations on assessments 13527
under those chapters do not bar an assessment made under this 13528
division. 13529

~~(H) The director, in consultation with the tax-~~ 13530
~~commissioner and superintendent of insurance, shall adopt any-~~ 13531
~~rules necessary to implement this section in accordance with-~~ 13532
~~Chapter 119. of the Revised Code.~~ 13533

~~(I) (1)~~ (H) (1) For each calendar year, a designated reporter 13534
shall provide the tax commissioner, in the form prescribed by 13535
the tax commissioner in consultation with the superintendent of 13536
insurance, all of the following: 13537

(a) The name, address, and taxpayer identification number 13538
of each project owner and equity owner that has been allocated a 13539
portion of the annual credit awarded on the eligibility 13540
certificate for that year; 13541

(b) The amount of the annual credit allocated to each such 13542
project owner and equity owner for such year and the tax against 13543

which the credit will be claimed; 13544

(c) The total of the amounts listed for each project owner 13545
and equity owner under division ~~(I) (1) (b)~~ (H) (1) (b) of this 13546
section, demonstrating that the total does not exceed the amount 13547
listed on the eligibility certificate for that year. 13548

(2) A designated reporter shall notify the tax 13549
commissioner of any changes to the information reported in 13550
division ~~(I) (1)~~ (H) (1) of this section in the time and manner 13551
prescribed by the commissioner. 13552

(3) No credit allocated under this section may be claimed 13553
by a project owner or equity owner for a year unless that owner 13554
and the amount of the credit allocated to that owner appear on 13555
the report required by division ~~(I) (1)~~ (H) (1) of this section for 13556
that year. 13557

The tax commissioner shall provide a copy of the report, 13558
and any subsequent changes to the report, submitted by the 13559
designated reporter under division ~~(I)~~ (H) of this section to the 13560
superintendent of insurance in the time and manner agreed to by 13561
the commissioner and superintendent. 13562

any changes to the information reported under division (H) of 13759
this section in the time and manner prescribed by the 13760
commissioner. The commissioner shall provide a copy of the 13761
report, and any subsequent changes to the report, submitted by 13762
the designated reporter under division (H) of this section to 13763

by the commissioner and superintendent. 13765

unless the credits are listed on the report required by division 13767
(H) of this section. 13768

(I) (1) The director shall adopt a plan for competitively 13769
awarding tax credits under this section. The plan shall 13770
establish the criteria and metrics under which projects will be 13771
assessed for qualification and may allocate tax credits in a 13772
pooled manner. 13773

(2) The director may assess application, processing, and 13774
reporting fees to cover the cost of administering this section. 13775

(3) The director, in consultation with the tax 13776
commissioner and the superintendent of insurance, shall adopt 13777

payment to that municipal corporation under division (A) of 14703
section 5745.05 of the Revised Code or, if the amount of the 14704

such distributions entirely until the withheld amount equals the 14706
amount of the municipal corporation's deficiency; 14707

(3) Deduct the amount of the deficiency from the municipal 14708
corporation's share of the next payment made by the commissioner 14709
under division (F) of section 321.24 of the Revised Code or, if 14710
the amount of the deficiency exceeds the amount of the municipal 14711
corporation's share of such payment, withhold the municipal 14712
corporation's share of the payments entirely until the withheld 14713
amount equals the amount of the municipal corporation's 14714

3307.765, 3309.73, or 3309.731 of the Revised Code was made to 14829
the date a transfer is made under this section. 14830

(1) An amount, which shall be paid by the member, equal to 14839
the amount refunded by the non-uniform system to the member for 14840
that year for transferred service credit, with interest on that 14841
amount from the date of the refund to the date a payment is made 14842
under this section; 14843

(2) Interest, which shall be transferred by the non- 14844
uniform system, on the amount refunded to the member for the 14845

3307.765, 3309.73, or 3309.731 of the Revised Code, an amount, 14852
which shall be transferred by the non-uniform system, equal to 14853

from the last day of the year in which the transfer under 14855
section 145.295, 145.2913, 3307.761, 3307.765, 3309.73, or 14856

in the future under any other retirement program or for service 14874
credit that may be purchased or obtained under section 742.21 of 14875
the Revised Code. 14876

(E) Interest charged under this section shall be 14877
calculated separately for each year of service credit at the 14878

retirement system to which the credit was transferred under 14881
section 145.295, 145.2913, 3307.761, 3307.765, 3309.73, or 14882
3309.731 of the Revised Code. The interest shall be compounded 14883
annually. 14884

contributor elects to receive service credit under section 14901
145.2913, 3307.765, or 3309.731 of the Revised Code for 14902
transferred service credit, as defined in those sections, the 14903
fund shall transfer to the non-uniform retirement system, as 14904

section 145.2913, division (B) or (C) of section 3307.765, or 14906
division (B) or (C) of section 3309.731 of the Revised Code. 14907

~~(I) The board may adopt rules to implement this section.~~ 14908

Sec. 742.27. (A) As used in this section, "lay off" means 14909
to cease to employ a person pursuant to sections 124.321 to 14910

division (C) of section 742.37 or section 742.39 of the Revised Code, be given full credit for time for which contributions were not made during the period the member was laid off, if all of the following conditions are met:

(1) During the time the member was laid off, the member was not entitled to receive disability benefits from the fund.

(2) During the time the member was laid off, the member did not render any service that is used in the calculation of any public or private retirement benefit, except any federal social security retirement benefit, currently being paid or payable in the future to the member.

(3) The fund receives the amount determined under division (C) of this section from the member, the member's employer, or the member and the employer.

(C) The amount paid for the credit purchased under this section shall be an amount equal to the additional liability to the fund resulting from the purchase of the credit, as determined by an actuary employed by the board of trustees of the fund.

(D) The board shall have final authority to determine and fix the amount of the payment for credit purchased under this

section. The employer may pay all or part of the payment. 14950

with rules adopted under section ~~742.10~~111.15 of the Revised 14973
Code, do either of the following: 14974

(1) If the board's determination is that an increase in 14975

upon which the member's application for disability benefits is 15083
based was caused or induced by the actual performance of the 15084
member's official duties, and any recommendations or comments 15085
based on the medical opinions; 15086

(5) Taking into consideration the member's potential for 15087
retraining or reemployment. 15088

(D) The board may grant disability benefits to a member 15089
based solely on a review of an application for disability 15090
benefits and supporting medical documentation or may require the 15091
member to undergo a medical examination, a vocational 15092
evaluation, or both. Any medical examination or vocational 15093
evaluation shall be conducted by a physician, advanced practice 15094

accomplishments. Absolute helplessness is not a prerequisite of 15106
being totally disabled. 15107

"Permanently disabled" means a condition of disability 15108
that is expected to last for a continuous period of not less 15109
than twelve months after an application for disability benefits 15110

recovery. 15112

"Hazardous duty" has the same meaning as in 5 C.F.R. 15113

(1) A member of the fund who is permanently and totally 15115
disabled as the result of the performance of the member's 15116
official duties as a member of a police or fire department shall 15117
be paid annual disability benefits in accordance with division 15118
(A) of section 742.39 of the Revised Code. In determining 15119
whether a member of the fund is permanently and totally 15120
disabled, the board shall consider standards adopted under 15121
division (C) of this section applicable to the determination. 15122

(2) A member of the fund who is permanently and partially 15123
disabled as the result of the performance of the member's 15124
official duties as a member of a police or fire department 15125

shall, if the disability prevents the member from performing 15126
those duties and impairs the member's earning capacity, receive 15127
annual disability benefits in accordance with division (B) of 15128
section 742.39 of the Revised Code. In determining whether a 15129
member of the fund is permanently and partially disabled, the 15130
board shall consider standards adopted under division (C) of 15131
this section applicable to the determination. 15132

(3) (a) A member of the fund who is permanently disabled as 15133
a result of heart disease or any cardiovascular or respiratory 15134
disease of a chronic nature, which disease or any evidence of 15135
which disease was not revealed by the physical examination 15136
passed by the member on entry into the department or another 15137
examination specified in rules the board adopts under section 15138
~~742.10~~111.15 of the Revised Code, is presumed to have incurred 15139
the disease while performing the member's official duties, 15140
unless the contrary is shown by competent evidence. The board 15141
may waive the requirement that the absence of disease be 15142
evidenced by a physical examination if competent medical 15143
evidence of a type specified in rules adopted under section 15144
~~742.10~~111.15 of the Revised Code is submitted documenting that 15145
the disease was not evident prior to or at the time of entry 15146
into the department. 15147

(b) A member of the fund who is a member of a fire 15148
department, has been assigned to at least six years of hazardous 15149
duty as a member of a fire department, and is disabled as a 15150
result of cancer, is presumed to have incurred the cancer while 15151
performing the member's official duties if the member was 15152
exposed to an agent classified by the international agency for 15153
research on cancer or its successor agency as a group 1 or 2A 15154
carcinogen. 15155

(c) The presumption described in division (D) (3) (b) of 15156
this section is rebuttable in any of the following situations: 15157

(i) There is evidence that the member incurred the type of 15158
cancer being alleged before becoming a member of the department. 15159

(ii) There is evidence that the member's exposure, outside 15160
the scope of the member's official duties, to cigarettes, 15161
tobacco products, or other conditions presenting an extremely 15162
high risk for the development of the cancer alleged, was 15163
probably a significant factor in the cause or progression of the 15164
cancer. 15165

(iii) There is evidence that shows, by a preponderance of 15166
competent scientific evidence, that exposure to the type of 15167
carcinogen alleged did not or could not have caused the cancer 15168
being alleged. 15169

(iv) There is evidence that the member was not exposed to 15170
an agent classified by the international agency for research on 15171
cancer or its successor agency as a group 1 or 2A carcinogen. 15172

(v) The member is seventy years of age or older. 15173

(d) The presumption described in division (D) (3) (b) of 15174
this section does not apply if it has been more than fifteen 15175
years since the member was last assigned to hazardous duty as a 15176
member of a fire department. 15177

(4) A member of the fund who has five or more years of 15178
service credit and has incurred a permanent disability not 15179
caused or induced by the actual performance of the member's 15180
official duties as a member of the department, or by the 15181
member's own negligence, shall if the disability prevents the 15182
member from performing those duties and impairs the member's 15183
earning capacity, receive annual disability benefits in 15184

accordance with division (C) of section 742.39 of the Revised Code. In determining whether a member of the fund is permanently disabled, the board shall consider standards adopted under division (C) of this section applicable to the determination.

(5) The board shall notify a member of its final action awarding a disability benefit to the member within thirty days of the final action. The notice shall be sent by certified mail, return receipt requested. Not later than ninety days after receipt of notice from the board, the member shall elect, on a form provided by the board, either to accept or waive the disability benefit award. If the member elects to waive the disability benefit award or fails to make an election within the time period, the award is rescinded. A member who later seeks a disability benefit award shall be required to make a new application, which shall be dealt with in accordance with the procedures used for original disability benefit applications.

A person is not eligible to apply for or receive disability benefits under this division, section 742.39 of the Revised Code, or division (C) (2), (3), (4), or (5) of former section 742.37 of the Revised Code unless the person is a member of the fund on the date on which the application for disability benefits is submitted to the fund.

With the exception of persons who may make application for increased benefits as provided in division (D) (2) or (4) of this section or division (C) (3) or (5) of former section 742.37 of the Revised Code on or after July 24, 1986, or persons who may make application for benefits as provided in section 742.26 of the Revised Code, no person receiving a pension or benefit under this section or division (C) of former section 742.37 of the Revised Code may apply for any new, changed, or different

benefit. 15215

(E) An advanced practice registered nurse or physician 15216
assistant assigned in accordance with rules adopted under 15217
division (C) (3) of this section to conduct a medical examination 15218
of a member who has applied for disability benefits shall only 15219
conduct an examination that is within the scope and practice 15220
that is permitted under Chapter 4723. or 4730. of the Revised 15221
Code, respectively, and does not exceed the advanced practice 15222
registered nurse's or physician assistant's training. 15223

(F) Notwithstanding the requirement of section 742.41 of 15224
the Revised Code that all medical reports and recommendations 15225
required are privileged, the board shall submit to the 15226
administrator of workers' compensation any data necessary for 15227
the report required under section 4123.86 of the Revised Code. 15228

Sec. 742.43. The board of trustees of the Ohio police and 15229
fire pension fund shall establish and administer a deferred 15230
retirement option plan. In establishing and administering the 15231
plan, the board shall comply with sections 742.44 to 742.446 of 15232

requirements of section 401(a) of the "Internal Revenue Code of 15234
1986," as amended, applicable to governmental plans. 15235

The board shall adopt rules to ~~implement this section and~~ 15236
~~sections 742.44 to 742.446 of the Revised Code. The rules shall~~ 15237
specify the date of initial implementation of the plan 15238
established under this section. The rules may also specify a 15239
period during which an election made under section 742.44 of the 15240
Revised Code may be rescinded. 15241

Sec. 742.443. (A) During the period beginning on the 15242
effective date of an election to participate in the deferred 15243

retirement option plan and ending on the date participation 15244
ceases, a member's monthly pension amount determined under 15245
section 742.442 of the Revised Code shall accrue to the member's 15246
benefit. If the member is eligible for increases under section 15247
742.3716 of the Revised Code, to this amount shall be added any 15248
benefit increases the member would be eligible for under that 15249
section had the member, on the effective date of the member's 15250
election, retired under division (C)(1) of section 742.37 of the 15251
Revised Code. 15252

(B) (1) The amounts contributed under section 742.31 of the 15253
Revised Code by a member who, before July 2, 2013, elects to 15254
participate in the deferred retirement option plan shall accrue 15255
to the member's benefit as follows: 15256

(a) During the period beginning on the first day of the 15257
first payroll period after the election's effective date and 15258

(b) During the period beginning on the date that is two 15262
years and one day after accruals begin under this division and 15263

or the date the member ceases participation in the plan, 15265
seventy-five per cent of the member's contributions for that 15266
period; 15267

(c) During the period beginning on the date that is three 15268
years and one day after accruals begin under this section and 15269
ending on the date the member ceases participation in the plan, 15270
one hundred per cent of the member's contributions for that 15271
period. 15272

(2) The amounts contributed under section 742.31 of the Revised Code by a member who, on or after July 2, 2013, elects to participate in the deferred retirement option plan shall accrue to the member's benefit as follows:

(C) During the period beginning on the election's effective date and ending on the day before the date distributions under division (B)(3) of section 742.444 of the Revised Code are completed, the amounts described in divisions

(A) and (B) (1) of this section shall earn interest at an annual 15302
rate established by the board of trustees of the fund and 15303
compounded annually using a method established by rule adopted 15304
under section ~~742.43~~111.15 of the Revised Code. 15305

Sec. 742.45. (A) The board of trustees of the Ohio police 15306
and fire pension fund may enter into an agreement with insurance 15307

or contract of health, medical, hospital, or surgical benefits, 15310

service or disability pensions or survivor benefits subscribing 15312
to the plan. Notwithstanding any other provision of this 15313
chapter, the policy or contract may also include coverage for 15314
any eligible individual's spouse and dependent children and for 15315

board considers appropriate. 15317

If all or any portion of the policy or contract premium is 15318
to be paid by any individual receiving a service, disability, or 15319
survivor pension or benefit, the individual shall, by written 15320
authorization, instruct the board to deduct from the 15321
individual's benefit the premium agreed to be paid by the 15322
individual to the company, corporation, or agency. 15323

The board may contract for coverage on the basis of part 15324
or all of the cost of the coverage to be paid from appropriate 15325
funds of the Ohio police and fire pension fund. The cost paid 15326
from the funds of the Ohio police and fire pension fund shall be 15327
included in the employer's contribution rates provided by 15328
sections 742.33 and 742.34 of the Revised Code. 15329

The board may provide for self-insurance of risk or level 15330
of risk as set forth in the contract with the companies, 15331

corporations, or agencies, and may provide through the self- 15332
insurance method specific benefits as authorized by the rules of 15333
the board. 15334

board shall not pay an amount that exceeds the amount paid by 15346
the recipient for the coverage. 15347

The board shall pay not more than one monthly premium 15348
under this division to an eligible benefit recipient even if the 15349
recipient is receiving more than one monthly benefit from the 15350
fund. The board shall not pay a monthly premium under this 15351
division to an eligible benefit recipient who is receiving 15352
reimbursement for the premium from any other source. 15353

(C) The board shall establish by rule requirements for the 15354
coordination of any coverage, payment, or benefit provided under 15355
this section with any similar coverage, payment, or benefit made 15356
available to the same individual by the public employees 15357
retirement system, state teachers retirement system, school 15358
employees retirement system, or state highway patrol retirement 15359

program, the board may enter into agreements with insurance 15376
companies or other entities authorized to conduct business in 15377
this state. 15378

prohibited activities regarding them. ~~The director may adopt~~ 15394
~~rules in accordance with Chapter 119. of the Revised Code to~~ 15395
~~administer this section.~~ 15396

(C) Nothing in this section precludes the director of 15397
environmental protection from continuing to consider the 15398
existence of invasive plant species when evaluating applications 15399
and permits for impacts to or mitigation and monitoring of 15400
wetlands that are subject to regulation under Chapter 6111. of 15401
the Revised Code and rules adopted under it, including using a 15402
list of invasive plant species compiled by that director. 15403
~~However, upon the taking effect of any rules adopted by the~~ 15404
~~director of agriculture under division (B) of this section, the~~ 15405

Sec. 926.20. (A) Upon the request of a depositor, a 17760
licensed handler shall issue a receipt for any agricultural 17761
commodity that the handler has received from the depositor for 17762
storage under a bailment agreement. Even if the depositor has 17763
not requested that a receipt be issued, the agricultural 17764
commodity delivered for storage under a bailment agreement shall 17765
be considered to be in "open storage," and the responsibility of 17766
the bailee to the bailor shall remain the same as if a 17767
nonnegotiable receipt had been issued upon deposit of the 17768
commodity into the handler's warehouse. 17769

No licensed handler shall receive an agricultural 17770
commodity for storage under a bailment agreement until the 17771
handler has weighed, inspected, and graded the commodity. 17772

(B) The director of agriculture shall provide and print on 17773
distinctive paper, paper warehouse receipts. If the director 17774
considers it necessary, the director may authorize electronic 17775
warehouse receipts. The director may adopt rules in accordance 17776
with Chapter 119. of the Revised Code to establish guidelines 17777
~~established in rules adopted under section 926.02 of the Revised~~ 17778
~~Code~~ for the authorization of electronic warehouse receipts. Each 17779
receipt, paper or electronic, shall contain within its printed 17780
terms spaces for at least the following information: 17781

(1) The location of the warehouse where the agricultural 17782
commodity is stored; 17783

(2) The date of issuance of the receipt; 17784

(3) The rate of storage charges or the basis for the 17785

(6) The signature of the licensed handler or the handler's authorized agent;	17791 17792
(7) A statement of the amount of advances made or liability incurred for which the handler claims a lien or, if the precise amount of advances made or liabilities incurred at the time of issuance of the receipt is unknown to the handler or to the agent who issues it, a statement of the fact that advances have been made or liabilities incurred;	17793 17794 17795 17796 17797 17798
(8) If the receipt is for a commodity that the handler owns, either wholly, jointly, or in common with others, the facts about the ownership;	17799 17800 17801
(9) Any other information that the director may require by rule.	17802 17803
The director shall cause receipt forms to be distributed to licensed handlers at cost. The revenue from the distribution shall be remitted to the director and credited to the commodity handler regulatory program fund created in division (A) of section 926.19 of the Revised Code in the same manner as other fees collected under that division.	17804 17805 17806 17807 17808 17809
(C) All receipts issued by a licensed handler shall be numbered and issued consecutively.	17810 17811
(D) Before issuing any receipt, a licensed handler shall file with the director a certified copy of the handler's signature and the signature of any person the handler has	17812 17813 17814

authorized to issue receipts. 17815

(E) No licensed handler shall fail to return to the 17816
director all receipts and tickets remaining unused on the date 17817
of revocation or termination of the handler's license. 17818

(F) No person shall issue a receipt for any agricultural 17819
commodity except upon a receipt form furnished or authorized by 17820
the director under this section. 17821

(G) No person, with intent to defraud, shall falsely make, 17822
alter, forge, counterfeit, or photograph a receipt. 17823

Sec. 926.22. (A) No licensed handler shall issue a receipt 17824
except upon the actual delivery of an agricultural commodity 17825
into storage in the warehouse from which the receipt is to be 17826
issued. No licensed handler shall issue a receipt for a quantity 17827
of a commodity greater than that which was contained in the lot 17828
or parcel received for storage or issue more than one receipt 17829
for the same lot of a commodity unless a receipt for a part of 17830
the lot is desired, in which case the aggregate receipts issued 17831
for a particular lot shall cover only that lot. 17832

(B) If a licensed handler delivers out of storage a part 17833
of a lot of an agricultural commodity for which ~~the handler~~ 17834
has issued a negotiable receipt, ~~the handler~~ shall cancel the 17835
original receipt and issue a new receipt in accordance with 17836
rules adopted by the director of agriculture for the undelivered 17837
portion of the commodity that is still in storage. The new 17838
receipt shall show the date of its issuance and the number and 17839
date of the original receipt. The director shall adopt such 17840
rules in accordance with Chapter 119. of the Revised Code. 17841

(C) If one receipt is divided into two or more receipts or 17842
two or more receipts are consolidated into one receipt, the 17843

original receipt or receipts shall be canceled in the same 17844
manner as if the agricultural commodity had been delivered from 17845
storage. The new receipt or receipts shall indicate whether the 17846
new receipt or receipts represent a part of another receipt or 17847
the consolidation of other receipts. The number and date of the 17848
original receipt or receipts shall also appear on the new 17849
receipt or receipts. No person shall consolidate receipts that 17850
were issued more than thirty days apart. 17851

(D) The date of issuance of an original receipt shall be 17852
the date used for determining the oldest receipt for the 17853
purposes of division (B) of section 926.13 of the Revised Code. 17854
The date of any consolidation, replacement, or renewal receipt 17855
shall not be considered. 17856

(E) All receipts issued for agricultural commodities 17857
stored in special bins for the purpose of preserving identity 17858
shall bear the number of the bin and the notation "Special Bin." 17859
All divisions or consolidations of receipt shall bear the bin 17860
number of the original receipt or receipts and the notation 17861
"Special Bin." 17862

Sec. 926.26. (A) If an agricultural commodity is delivered 17863
to a licensed handler by the owner or by a person whose act in 17864
conveying the title to the purchaser in good faith for value 17865
would bind the owner, and a negotiable receipt is issued for it, 17866
the commodity cannot, while in the possession of the handler, be 17867
attached by garnishment or otherwise or be levied under an 17868
execution unless the receipt is first surrendered to the handler 17869
or its negotiation is enjoined. The handler shall in no case be 17870
compelled to deliver the actual possession of the commodity 17871
until the receipt is surrendered to the handler or impounded by 17872
the court. A handler's claim for a lien that has arisen under 17873

section 1307.209 of the Revised Code and that has come due shall 17874
be satisfied as follows: 17875

(1) The handler shall give a written notice to the person 17876
on whose account the commodity is held and to any other person 17877
known by the handler to claim an interest in the commodity. The 17878
notice shall be delivered in person or by certified mail 17879
addressed to the last known place of business or residence of 17880
the person to be notified. The notice shall contain: 17881

(a) An itemized statement of the handler's claim showing 17882
the sum due at the time of the notice and the date that it 17883
became due; 17884

(b) A brief description of the commodity against which the 17885
lien exists; 17886

(c) A demand that the amount of the claim as stated in the 17887
notice, and of any further claim accruing, shall be paid on or 17888
before the date specified in the notice, which shall be not 17889
fewer than ten days from the delivery of the notice if it is 17890
personally delivered or from the time when the notice reaches 17891
its destination if it is sent by mail; 17892

(d) A statement that, unless the claim is paid within the 17893
time specified, the commodity will be advertised for sale and 17894
sold at an auction at a specified time and place. 17895

(2) In accordance with the terms of a notice so given, a 17896
sale of the commodity at auction may be had to satisfy any valid 17897
claim of the handler under which the handler has a lien on the 17898
commodity. The sale shall be held in the place where the 17899
commodity is held or, if that place is manifestly unsuitable for 17900
the purpose, at the nearest suitable place. After the time for 17901
the payment of claims that is specified in the notice to the 17902

depositor has elapsed, an advertisement of the sale, describing 17903
the commodity to be sold and stating the name of the owner or 17904
person on whose account the commodity is held and the time and 17905
place of the sale, shall be published once a week for two 17906
consecutive weeks in a newspaper of general circulation 17907
published in the place where the sale is to be held or, if no 17908
newspaper is published in that place, in a newspaper of general 17909
circulation published in the county in which the sale is to take 17910
place. No sale shall be held before fifteen days from the date 17911
of the first publication. 17912

(B) At any time before the agricultural commodity is sold, 17913
any person claiming a right of property or possession in it may 17914
pay the licensed handler the amount necessary to satisfy the 17915
handler's lien and pay the reasonable expenses and liabilities 17916
incurred in advertising and preparing for the sale up to the 17917
time of payment. The handler shall deliver the commodity to the 17918
person making payment only if the person is a person entitled 17919
under this chapter to the possession of the commodity on payment 17920
of the existing charges. 17921

(C) After the agricultural commodity has been lawfully 17922
sold to satisfy a lien arising under section 1307.209 of the 17923
Revised Code or has been lawfully sold or disposed of for any 17924
other reason, neither the licensed handler nor the agricultural 17925
commodity depositors fund created in section 926.16 of the 17926
Revised Code shall be liable for failure to deliver the 17927
commodity to the depositor or owner of the commodity or to the 17928
holder of a receipt given for the commodity when it was 17929
deposited even if the receipt was negotiable. The proceeds of 17930
the sale, after deducting the amount of any lawful lien, shall 17931
be held in accordance with this section for the benefit of the 17932
owner or the holder of the receipt. The proceeds shall be 17933

considered full satisfaction of any receipt issued for the 17934
commodity so sold and of any bailment agreement between the 17935
handler and the depositor. 17936

(D) After the licensed handler has satisfied the handler's 17937
lien and after the handler's expenses for advertising have been 17938
met, the handler shall forward to the director of agriculture 17939
the remaining proceeds of the sale, together with such 17940
information concerning the sale and outstanding receipt or 17941
receipts as the director requires by rule. The director shall 17942
adopt rules in accordance with Chapter 119. of the Revised Code 17943
specifying any required information concerning the sale and 17944
outstanding receipt or receipts for which the licensed handler 17945
shall forward to the director with the remaining proceeds of the 17946
sale. Upon the payment of the proceeds to the director, the 17947
handler shall be relieved of further responsibility for the 17948
safekeeping of them and shall be held harmless by the state for 17949
any liabilities for any claim arising out of the transfer of the 17950
proceeds to the director. The director shall deposit the 17951
proceeds into the state treasury to be held for the benefit of 17952
the person who would be rightfully entitled to possession of the 17953
commodity had it not been sold under this section. 17954

(E) Any person claiming an interest in proceeds delivered 17955
to the director under this chapter may file a claim for them on 17956
a form prescribed by the director. The director shall consider 17957
any claim filed under this section and render a decision in 17958
writing, stating the substance of any evidence considered and 17959
the reasons for allowance or disallowance of the claim. If the 17960
claim is allowed, the director shall provide for payment of the 17961
claim from the agricultural commodity depositors fund. 17962

(F) The remedy for enforcing a lien provided in this 17963

section does not preclude any other remedies allowed by law for 17964
the enforcement of a lien or bar the handler's right to recover 17965
any amount of the handler's claim that is not paid by the 17966
proceeds of the sale held under this section. 17967

Sec. 926.29. (A) A delayed price agreement is an executory 17968
contract that shall be in such a form and contain such terms as 17969
the director of agriculture shall adopt by rule under Chapter 17970
119. of the Revised Code. The agreement shall be executed by and 17971
between the licensed handler and the depositor or by their 17972
authorized representatives not later than fifteen days after the 17973
first delivery of an agricultural commodity is received for 17974
delayed pricing under the agreement. The handler shall maintain 17975
a file of executed agreements that are available for inspection 17976
at any reasonable time by the director or the director's 17977
designated representative. The handler also shall keep records 17978
and ledgers the director considers necessary to document the 17979
handler's obligation to the depositor under a delayed price 17980
agreement. The handler also shall provide reports, forms, and 17981
other evidence the director shall adopt by rule in accordance 17982
with Chapter 119. of the Revised Code to document the storage 17983
and marketing of commodities under the delayed price agreement. 17984

(B) Subject to the lien that attaches under section 17985
926.021 of the Revised Code and except as otherwise provided in 17986
division (C) of this section, a licensed handler who purchases 17987
any agricultural commodity under a delayed price agreement at 17988
all times shall maintain the commodity, rights in the commodity, 17989
proceeds from the sale of the commodity, or a combination of the 17990
commodity, rights, and proceeds equal to at least ninety per 17991
cent of the value of the handler's obligation for all 17992
commodities that the handler has purchased that are not priced 17993
under delayed price agreements. The obligation shall be secured 17994

or represented by one or more of the following:	17995
(1) Maintenance of the commodity in storage in the handler's warehouse;	17996 17997
(2) Rights in commodities as evidenced by a receipt or ticket for storage of the commodities under a bailment agreement in another warehouse approved by the director;	17998 17999 18000
(3) Proceeds from the sale of commodities as evidenced or represented by one or more of the following:	18001 18002
(a) Cash on hand or held on account in a state or federally licensed financial institution or a lending agency of the farm credit administration;	18003 18004 18005
(b) Short-term investments held in time accounts with state or federally licensed financial institutions or a lending agency of the farm credit administration;	18006 18007 18008
(c) Balances in commodity margin accounts;	18009
(d) Commodities sold and shipped by the handler under delayed price agreements that have not been priced less any payments or advances that have been received by the handler;	18010 18011 18012
(e) Such other evidence of unencumbered assets as may be acceptable to the director, including an irrevocable letter of credit.	18013 18014 18015
(C) In addition to the lien that attaches under section 926.021 of the Revised Code, a depositor who sells an agricultural commodity to a licensed handler under a delayed price agreement, upon giving notice to the handler either at or prior to the time of delivery, may demand as security for payment for the commodity an amount that, at the time of delivery, is equal to one hundred per cent of the national loan	18016 18017 18018 18019 18020 18021 18022

rate value of the commodity under the United States department 18023
of agriculture price support program, or seventy-five per cent 18024
of the average price being paid for the commodity in the state 18025
on the date of demand as published by the market news service of 18026
the department of agriculture, whichever is less. The handler 18027
shall satisfy a demand for security on a commodity sold under a 18028
delayed price agreement at the handler's option by one of the 18029
following: 18030

(1) Payment to the depositor by cash or draft on the 18031
account of the handler; 18032

(2) Causing an irrevocable letter of credit to be issued 18033
to the depositor by a financial institution designated by the 18034
handler securing payment in the specified amount. The letter of 18035
credit shall be subject to Chapter 1305. of the Revised Code and 18036
rules adopted by the director pursuant to Chapter 119. of the 18037
Revised Code. 18038

purchase, exchange, or sale of livestock prior to being employed 19069
by the licensee; 19070

(2) Signs and files with the director an agreement that 19071
guarantees, without condition, all contracts pertaining to the 19072
purchase, exchange, or sale of livestock made by such person 19073
while in the employ of the licensee. The agreement shall be in 19074
addition to any other proof of financial responsibility required 19075

or in concert with one or more other persons, shall acquire 19599
control of a state bank through a purchase, assignment, 19600

state bank unless the superintendent of financial institutions 19602
has been given sixty days' prior written notice of the proposed 19603

not done either of the following: 19605

(3) An acquisition may be made prior to the expiration of the disapproval period if the superintendent issues written notice of the superintendent's intent not to disapprove the acquisition of control.

(C) A notice required under division (B) of this section shall contain such information as the superintendent may require by rule.

(D) Unless the superintendent determines an emergency

monopoly or further any combination or conspiracy to monopolize 19664
or to attempt to monopolize the business of banking in any part 19665
of this state or any markets served by the state bank. 19666

(2) The effect of the proposed acquisition of control in any part of this state and any markets served by the state bank may be to substantially lessen competition, tend to create a monopoly, or in any other manner restrain trade, and the anticompetitive effects of the proposed acquisition of control are not clearly outweighed in the public interest by the probable effect of the acquisition in meeting the convenience and needs of the community to be served.

(3) The financial condition of any acquiring person might jeopardize the financial stability of the state bank or prejudice the interests of the depositors of the state bank.

(4) The competence, experience, or integrity of any acquiring person or of any of the proposed management personnel indicates that it would not be in the interest of the depositors of the state bank, or in the interest of the public, to permit the acquiring person to control the state bank.

accordance with that chapter on the proposed acquisition. 19697

to issue any injunction or restraining order or grant any 19731
equitable relief described in division (J) (2) of this section. 19732
When a court finds it appropriate, the court may grant the 19733
injunction, order, or other equitable relief without requiring 19734
the posting of any bond. 19735

participation, divestiture of control, or separation of or by a 19737

~~issued under section 1321.43 of the Revised Code~~ by the 20123

The superintendent may impose a monetary fine of not more 20127
than one thousand dollars for each such violation. 20128

of a plan under this division if the chief finds that the 21226
proposed revised plan does not provide for compliance with the 21227
requirements of this chapter and rules of the chief pertaining 21228
to the transportation of brine by vehicle and the disposal of 21229
brine so transported. Approvals and denials of revisions shall 21230
be by order of the chief. 21231

(E) The chief may ~~adopt rules,~~ issue orders, and attach 21232
terms and conditions to registration certificates as may be 21233
necessary to administer, implement, and enforce sections 21234
1509.222 to 1509.226 of the Revised Code for protection of 21235
public health or safety or conservation of natural resources. 21236

Sec. 1513.02. (A) The division of mineral resources 21237

of haul roads, ditches, and dikes, as may be necessary or 21250
desirable, under varying conditions of slope, drainage, physical 21251
and chemical characteristics of soil and overburden, erodability 21252
of materials, season, growth characteristics of plants, and 21253
other factors affecting coal mining and reclamation, to 21254
facilitate the return of the land to a condition required by 21255
this chapter; to prevent pollution or substantial diminution of 21256
waters of the state, substantial erosion, substantial deposition 21257
of sediment, landslides, accumulation and discharge of acid 21258
water, and flooding, both during mining and reclamation and 21259
thereafter; to restore the recharge capacity of the mined area 21260
to approximate premining conditions; and to ensure full 21261
compliance with all requirements of this chapter relating to 21262
reclamation, and the attainment of those objectives in the 21263
interest of the public health, safety, and welfare to which 21264
these reclamation requirements are directed; 21265

(7) (a) Regulate the beneficial use of coal combustion byproducts at coal mining and reclamation operations and abandoned mine lands that are regulated under this chapter and	21293 21294 21295

rules adopted under it. The beneficial use of coal combustion 21296
byproducts at such coal mining and reclamation operations and 21297
abandoned mine lands is subject to all applicable performance 21298
standards and requirements established under this chapter and 21299
rules adopted under it, including, without limitation, standards 21300
and requirements established under section 1513.16 of the 21301
Revised Code and rules adopted pursuant to it. 21302

The beneficial use of coal combustion byproducts that is 21303
authorized at coal mining and reclamation operations and 21304
abandoned mine lands that are regulated under this chapter and 21305
rules adopted under it is not subject to the following 21306
provisions of Chapters 3734. and 6111. of the Revised Code and 21307
rules adopted under those provisions: 21308

(i) Permit and license requirements for solid waste 21309
facilities established under sections 3734.02 and 3734.05 of the 21310
Revised Code; 21311

(ii) The prohibition against the open dumping of solid 21312
wastes established in section 3734.03 of the Revised Code; 21313

established under sections 6111.03, 6111.44, and 6111.45 of the 21317
Revised Code. 21318

Nothing in division (A) (7) of this section shall be 21319
construed to limit any other requirements that are applicable to 21320
the beneficial use of coal combustion byproducts and that are 21321
established under Chapter 3704., 3714., 3734., or 6111. of the 21322
Revised Code or under local or federal laws, including, without 21323
limitation, requirements governing air pollution control 21324

permits, hazardous waste, national pollutant discharge 21325
elimination system permits, and section 401 water quality 21326
certifications. 21327

(b) As used in division (A)(7) of this section: 21328

(i) "Coal combustion byproducts" means fly ash, bottom 21329
ash, coal slag, flue gas desulphurization and fluidized bed 21330
combustion byproducts, air or water pollution control residues 21331
from the operation of a coal-fired electric or steam generation 21332
facility, and any material from a clean coal technology 21333
demonstration project or other innovative process at a coal- 21334
fired electric or steam generation facility. 21335

(ii) "Beneficial use" means the use of coal combustion 21336
byproducts in a manner that is not equivalent to the 21337
establishment of a disposal system or a solid waste disposal 21338
facility and that is unlikely to affect human health or safety 21339
or the environment adversely or to degrade the existing quality 21340
of the land, air, or water. "Beneficial use" includes, without 21341
limitation, land application uses for agronomic value; land 21342
reclamation uses; and discrete, controlled uses for structural 21343
fill, pavement aggregate, pipe bedding aggregate, mine sealing, 21344
alternative drainage or capping material, and pilot 21345
demonstration projects. 21346

(iii) "Structural fill" means the discrete, controlled use 21347
of a coal combustion byproduct as a substitute for a 21348
conventional aggregate, raw material, or soil under or 21349
immediately adjacent to a building or structure. "Structural 21350
fill" does not include uses that involve general filling or 21351
grading operations or valley fills. 21352

(iv) "Pavement aggregate" means the discrete, controlled 21353

use of a coal combustion byproduct as a subbase material or 21354
drainage layer under or immediately adjacent to a paved road or 21355
a paved parking lot where the coal combustion byproduct is a 21356
substitute for a conventional aggregate, raw material, or soil. 21357

(v) "Pipe bedding aggregate" means the discrete, 21358
controlled use of a coal combustion byproduct as a substitute 21359
for a conventional aggregate, raw material, or soil under, 21360
around, or immediately adjacent to a water, sewer, or other 21361
pipeline. 21362

(vi) "Coal-fired electric or steam generation facility" 21363
includes any boiler that is fired with coal or with coal in 21364
combination with petroleum coke, oil, natural gas, or any other 21365
fossil fuel. 21366

(vii) "Solid waste disposal facility" means a facility for 21367
the disposal of solid wastes as provided in Chapter 3734. of the 21368
Revised Code and rules adopted under it. 21369

(viii) "Disposal system" has the same meaning as in 21370
section 6111.01 of the Revised Code. 21371

(8) Establish programs and adopt rules and procedures 21372
governing terms, limitations, and conditions for the use of 21373
diesel equipment in an underground coal mine. 21374

(B) The chief, by rule, may designate as unsuitable for 21375
coal mining natural areas maintained on the registry of natural 21376
areas of the department of natural resources pursuant to Chapter 21377
1517. of the Revised Code, wild, scenic, or recreational river 21378
areas designated pursuant to that chapter, publicly owned or 21379
dedicated parks, and other areas of unique and irreplaceable 21380
natural beauty or condition, or areas within specified distances 21381
of a public road, occupied dwelling, public building, school, 21382

church, community, or institutional building, public park, or cemetery. Such a designation may include land adjacent to the perimeters of those areas that may be necessary to protect their integrity.

(C) (1) The adoption, amendment, and rescission of rules under divisions ~~(A) (1), (4)~~ (A) (4), (5), and, (8), (B), and (J) of this section are subject to Chapter 119. of the Revised Code.

(2) The issuance of orders under division (A) (2) of this section and appeals therefrom are not governed by or subject to Chapter 119. of the Revised Code, but are governed by this chapter.

(D) (1) When the chief or an authorized representative of the chief determines that any condition or practice exists or that any permittee is in violation of any requirement of this chapter or any permit condition required by this chapter, which condition, practice, or violation creates an imminent danger to the health or safety of the public or is causing, or can reasonably be expected to cause, significant, imminent environmental harm to land, air, or water resources, the chief or the authorized representative immediately shall order the cessation of coal mining and reclamation operations or the portion thereof relevant to the condition, practice, or violation. The cessation order shall remain in effect until the chief or the authorized representative determines that the condition, practice, or violation has been abated or until the order is modified, vacated, or terminated by the chief or the authorized representative pursuant to division (D) (4) of this section or by the reclamation commission pursuant to section 1513.13 of the Revised Code. When the chief or the authorized representative finds that the ordered cessation of coal mining

and reclamation operations or any portion thereof will not 21413
completely abate the imminent danger to the health or safety of 21414
the public or the significant, imminent environmental harm to 21415
land, air, or water resources, the chief or the authorized 21416
representative, in addition to the cessation order, shall order 21417
the operator to take whatever steps the chief or the authorized 21418
representative considers necessary to abate the imminent danger 21419
or the significant environmental harm. 21420

(2) When the chief or an authorized representative of the 21421
chief determines that any person is in violation of any 21422
requirement of this chapter or any permit condition required by 21423
this chapter, but the violation does not create an imminent 21424
danger to the health or safety of the public or cannot 21425
reasonably be expected to cause significant, imminent 21426
environmental harm to land, air, or water resources, the chief 21427
or the authorized representative shall issue a notice of 21428
violation to the person or the person's agent fixing a 21429
reasonable time for the abatement of the violation, provided 21430
that the time afforded a person to abate the violation shall not 21431
exceed the time limitations prescribed by the secretary of the 21432
interior in 30 C.F.R. Part 843 for an approvable state 21433
regulatory program under the "Surface Mining Control and 21434
Reclamation Act of 1977," 91 Stat. 445, 30 U.S.C. 1201. 21435

If, upon expiration of the period of time as originally 21436
fixed or subsequently extended for good cause shown and upon the 21437
written finding of the chief or the authorized representative, 21438
the chief or the authorized representative finds that the 21439
violation has not been abated, the chief or the authorized 21440
representative immediately shall order the cessation of coal 21441
mining and reclamation operations or the portion thereof 21442
relevant to the violation. The cessation order shall remain in 21443

effect until the chief or the authorized representative 21444
determines that the violation has been abated or until the order 21445
is modified, vacated, or terminated by the chief or the 21446
authorized representative pursuant to division (D) (4) of this 21447
section or by the reclamation commission pursuant to section 21448
1513.13 of the Revised Code. In a cessation order issued under 21449
division (D) (2) of this section, the chief or the authorized 21450
representative shall prescribe the steps necessary to abate the 21451
violation in the most expeditious manner possible. 21452

(3) When in the judgment of the chief or an authorized 21453
representative of the chief a pattern of violations of any 21454
requirements of this chapter or any permit conditions required 21455
by this chapter exists or has existed and the violations are 21456
caused by the unwarranted failure of the permittee to comply 21457
with any requirements of this chapter or any permit conditions 21458
or are willfully caused by the permittee, the chief or the 21459
authorized representative immediately shall issue an order to 21460
the permittee to show cause why the permit should not be 21461
suspended or revoked. If a hearing is requested, the chief shall 21462
inform all interested parties of the time and place of the 21463
hearing and conduct the hearing pursuant to division (D) of 21464
section 1513.13 of the Revised Code. Upon the permittee's 21465
failure to show cause why the permit should not be suspended or 21466
revoked, the chief or the authorized representative immediately 21467
shall suspend or revoke the permit. 21468

(4) Notices of violation and orders issued pursuant to 21469
this section shall set forth with reasonable specificity the 21470
nature of the violation and the remedial action required, the 21471
period of time established for abatement, and a reasonable 21472
description of the portion of the coal mining and reclamation 21473
operation to which the notice or order applies. Each notice or 21474

order issued under this section shall be given promptly to the 21475
alleged violator or the agent of the alleged violator by the 21476
chief or an authorized representative of the chief who issues 21477
the notice or order. Notices and orders shall be in writing and 21478
shall be signed by the chief or the authorized representative 21479
and may be modified, vacated, or terminated by the chief or the 21480
authorized representative. Any notice or order issued pursuant 21481
to this section that requires cessation of mining by the 21482
operator shall expire within thirty days after actual notice to 21483
the operator unless a public hearing pursuant to section 1513.13 21484
of the Revised Code is held at the site or within such 21485
reasonable proximity to the site that any viewings of the site 21486
can be conducted during the course of the public hearing. 21487

(E) (1) A person who violates a permit condition or any 21488
other provision of this chapter may be assessed a civil penalty 21489
by the chief, except that if the violation leads to the issuance 21490
of a cessation order under division (D) of this section, the 21491
civil penalty shall be assessed for each day until the person 21492
initiates the necessary corrective steps. The penalty shall not 21493
exceed five thousand dollars for each violation. Each day of 21494
continuing violation may be deemed a separate violation for 21495
purposes of penalty assessments. In determining the amount of 21496
the penalty, consideration shall be given to the person's 21497
history of previous violation at the particular coal mining 21498
operation; the seriousness of the violation, including any 21499
irreparable harm to the environment and any hazard to the health 21500
or safety of the public; whether the person was negligent; and 21501
the demonstrated diligence of the person charged in attempting 21502
to achieve rapid compliance after notification of the violation. 21503

(2) A civil penalty shall be assessed by the chief only 21504
after the person charged with a violation under division (E) (1) 21505

of this section has been given an opportunity for a public hearing. If a person charged with such a violation fails to avail oneself of the opportunity for a public hearing, a civil penalty shall be assessed by the chief after the chief has determined that a violation did occur, and the amount of the penalty that is warranted, and has issued an order requiring that the penalty be paid.

(3) Upon the issuance of a notice or order charging that a violation of this chapter has occurred, the chief shall inform the operator within thirty days of the proposed amount of the penalty and provide opportunity for an adjudicatory hearing pursuant to section 1513.13 of the Revised Code. The person charged with the penalty then shall have thirty days to pay the proposed penalty in full or, if the person wishes to contest either the amount of the penalty or the fact of the violation, file a petition for review of the proposed assessment with the secretary of the reclamation commission pursuant to section 1513.13 of the Revised Code. If, after the hearing, the commission affirms or modifies the proposed amount of the penalty, the person charged with the penalty then shall have thirty days after receipt of the written decision to pay the amount in full or file an appeal with the court of appeals in accordance with section 1513.14 of the Revised Code. At the time the petition for review of the proposed assessment is filed with the secretary, the person shall forward the amount of the penalty to the secretary for placement in the reclamation penalty fund, which is hereby created. The fund shall be in the custody of the treasurer of state, but shall not be a part of the state treasury. Pursuant to administrative or judicial review of the penalty, the secretary, within thirty days, shall remit the appropriate amount of the penalty to the person, with

interest, if it is determined that no violation occurred or that 21537
the amount of the penalty should be reduced, and the secretary 21538
shall forward the balance of the penalty or, if the penalty was 21539
not reduced, the entire amount of the penalty, with interest, to 21540
the chief for deposit in the reclamation forfeiture fund created 21541
in section 1513.18 of the Revised Code. Failure to forward the 21542
money to the secretary within thirty days after the chief 21543
informs the operator of the proposed amount of the penalty shall 21544
result in a waiver of all legal rights to contest the violation 21545
or the amount of the penalty. Within fifteen days after being 21546
informed of the penalty, the person charged with the penalty may 21547
request in writing an informal assessment conference to review 21548
the amount of the penalty. The conference shall be presided over 21549
by the chief or an individual appointed by the chief other than 21550
the inspector that issued the notice of violation or order upon 21551
which the penalty is based. The chief shall adopt rules 21552
governing procedures to be followed in informal conferences. 21553
Time allowed for payment of the penalty or appeal to the 21554
commission shall be tolled while the penalty is being reviewed 21555
in an informal conference. 21556

(4) An operator who fails to correct a violation for which 21557
a notice of violation or order has been issued under division 21558
(D) of this section within the period permitted for its 21559
correction shall be assessed a civil penalty of not less than 21560
seven hundred fifty dollars for each day during which the 21561
failure or violation continues. However, a civil penalty shall 21562
not be assessed under division (E) (4) of this section if the 21563
commission orders the suspension of the abatement requirement 21564
after determining, based upon the findings of an expedited 21565
hearing held under section 1513.13 of the Revised Code at the 21566
request of the operator, that the operator will suffer 21567

irreparable loss or damage from the application of the abatement 21568
requirement or if the court orders suspension of the abatement 21569
requirement pursuant to review proceedings held under section 21570
1513.14 of the Revised Code at the request of the operator. 21571

(F) The chief may enter into a cooperative agreement with 21572
the secretary of the interior to provide for state regulation of 21573
coal mining and reclamation operations on federal lands within 21574
the state. 21575

(G) The chief may prohibit augering if necessary to 21576
maximize the utilization, recoverability, or conservation of the 21577
solid fuel resources or to protect against adverse water quality 21578
impacts. 21579

(H) The chief shall transmit copies of all schedules 21580
submitted under section 1513.07 of the Revised Code pertaining 21581
to violations of air or water quality laws and rules adopted and 21582
orders issued under those laws in connection with coal mining 21583
operations to the director of environmental protection for 21584
verification. 21585

(I) For the purposes of sections 1513.18, 1513.24, 21586
1513.37, and 1514.06 of the Revised Code, the chief triennially 21587
shall determine the average wage rate for companies performing 21588
reclamation work for the division under those sections by 21589
averaging the wage rate paid by all companies performing such 21590
reclamation work during the three years immediately preceding 21591
the determination. However, in making the initial determination 21592
under this division, the chief shall average the wage rate paid 21593
by all companies performing such reclamation work during the ten 21594
years immediately preceding October 29, 1995. 21595

(J) If this state becomes covered by a state programmatic 21596

general permit issued by the United States army corps of 21597
engineers for the discharge of dredged or fill material into the 21598
waters of the United States by operations that conduct surface 21599
and underground coal mining and reclamation operations and the 21600
restoration of abandoned mine lands, the chief may establish 21601
programs and adopt rules and procedures designed to implement 21602
the terms, limitations, and conditions of the permit. The 21603
purpose of the programs, rules, and procedures shall be to 21604
enable the state to reduce or eliminate duplicative state and 21605
federal project evaluation, simplify the regulatory approval 21606
process, provide environmental protection for aquatic resources 21607
that is equivalent to federal protection, and satisfy the 21608
requirements of the United States army corps of engineers 21609
regulatory program under which the permit is issued and that is 21610
established under section 404 of the "Federal Water Pollution 21611
Control Act," 86 Stat. 48 (1972), 33 U.S.C. 1344, as amended by 21612
the "Clean Water Act of 1977," 91 Stat. 1600, 33 U.S.C. 1344; 21613
section 10 of the "Rivers and Harbors Act of 1899," 30 Stat. 21614
1151, 33 U.S.C. 403; and section 103 of the "Marine Protection, 21615
Research, and Sanctuaries Act of 1972," 86 Stat. 1055, 33 U.S.C. 21616
1413. 21617

Sec. 1513.07. (A) (1) No operator shall conduct a coal 21618
mining operation without a permit for the operation issued by 21619
the chief of the division of mineral resources management. 21620

(2) All permits issued pursuant to this chapter shall be 21621
issued for a term not to exceed five years, except that, if the 21622
applicant demonstrates that a specified longer term is 21623
reasonably needed to allow the applicant to obtain necessary 21624
financing for equipment and the opening of the operation and if 21625
the application is full and complete for the specified longer 21626
term, the chief may grant a permit for the longer term. A 21627

successor in interest to a permittee who applies for a new 21628
permit within thirty days after succeeding to the interest and 21629
who is able to obtain the performance security of the original 21630
permittee may continue coal mining and reclamation operations 21631
according to the approved mining and reclamation plan of the 21632
original permittee until the successor's application is granted 21633
or denied. 21634

(3) A permit shall terminate if the permittee has not 21635
commenced the coal mining operations covered by the permit 21636
within three years after the issuance of the permit, except that 21637
the chief may grant reasonable extensions of the time upon a 21638
showing that the extensions are necessary by reason of 21639
litigation precluding the commencement or threatening 21640
substantial economic loss to the permittee or by reason of 21641
conditions beyond the control and without the fault or 21642
negligence of the permittee, and except that with respect to 21643
coal to be mined for use in a synthetic fuel facility or 21644
specified major electric generating facility, the permittee 21645
shall be deemed to have commenced coal mining operations at the 21646
time construction of the synthetic fuel or generating facility 21647
is initiated. 21648

(4) (a) Any permit issued pursuant to this chapter shall 21649
carry with it the right of successive renewal upon expiration 21650
with respect to areas within the boundaries of the permit. The 21651
holders of the permit may apply for renewal and the renewal 21652
shall be issued unless the chief determines by written findings, 21653
subsequent to fulfillment of the public notice requirements of 21654
this section and section 1513.071 of the Revised Code through 21655
demonstrations by opponents of renewal or otherwise, that one or 21656
more of the following circumstances exists: 21657

(i) The terms and conditions of the existing permit are 21658
not being satisfactorily met. 21659

(ii) The present coal mining and reclamation operation is 21660
not in compliance with the environmental protection standards of 21661
this chapter. 21662

(iii) The renewal requested substantially jeopardizes the 21663
operator's continuing responsibilities on existing permit areas. 21664

(iv) The applicant has not provided evidence that the 21665
performance security in effect for the operation will continue 21666
in effect for any renewal requested in the application. 21667

(v) Any additional, revised, or updated information 21668

A decision of the chief denying a permit shall state in writing the specific reasons for the denial.

The applicant for a permit or revision of a permit has the burden of establishing that the application is in compliance with all the requirements of this chapter. Within ten days after the granting of a permit, the chief shall notify the boards of township trustees and county commissioners, the mayor, and the legislative authority in the township, county, and municipal corporation in which the area of land to be affected is located that a permit has been issued and shall describe the location of the land. However, failure of the chief to notify the local officials shall not affect the status of the permit.

(2) No permit application or application for revision of an existing permit shall be approved unless the application affirmatively demonstrates and the chief finds in writing on the basis of the information set forth in the application or from information otherwise available, which shall be documented in the approval and made available to the applicant, all of the following:

(a) The application is accurate and complete and all the requirements of this chapter have been complied with.

(b) The applicant has demonstrated that the reclamation required by this chapter can be accomplished under the reclamation plan contained in the application.

balance outside the permit area. 22098

(ii) There shall be an ongoing process conducted by the 22099
chief in cooperation with other state and federal agencies to 22100
review all assessments of probable cumulative impact of coal 22101
mining in light of post-mining data and any other hydrologic 22102
information as it becomes available to determine if the 22103
assessments were realistic. The chief shall take appropriate 22104
action as indicated in the review process. 22105

(d) The area proposed to be mined is not included within 22106
an area designated unsuitable for coal mining pursuant to 22107
section 1513.073 of the Revised Code or is not within an area 22108
under study for such designation in an administrative proceeding 22109
commenced pursuant to division (A) (3) (c) or (B) of section 22110
1513.073 of the Revised Code unless in an area as to which an 22111
administrative proceeding has commenced pursuant to division (A) 22112
(3) (c) or (B) of section 1513.073 of the Revised Code, the 22113
operator making the permit application demonstrates that, prior 22114
to January 1, 1977, the operator made substantial legal and 22115
financial commitments in relation to the operation for which a 22116
permit is sought. 22117

(e) In cases where the private mineral estate has been 22118
severed from the private surface estate and surface disturbance 22119
will result from the applicant's proposed use of a strip mining 22120
method, the applicant has submitted to the chief one of the 22121
following: 22122

(i) The written consent of the surface owner to the 22123
surface disturbance that will result from the extraction of coal 22124
by the applicant's proposed strip mining method; 22125

(ii) A conveyance that expressly grants or reserves the 22126

right to extract the coal by strip mining methods that cause 22127
surface disturbance; 22128

(iii) If the conveyance does not expressly grant the right 22129
to extract coal by strip mining methods that cause surface 22130
disturbance, the surface-subsurface legal relationship 22131
concerning surface disturbance shall be determined under the law 22132
of this state. This chapter does not authorize the chief to 22133
adjudicate property rights disputes. 22134

(3) (a) The applicant shall file with the permit 22135
application a schedule listing all notices of violations of any 22136
law, rule, or regulation of the United States or of any 22137
department or agency thereof or of any state pertaining to air 22138
or water environmental protection incurred by the applicant in 22139
connection with any coal mining operation during the three-year 22140
period prior to the date of application. The schedule also shall 22141
indicate the final resolution of such a notice of violation. 22142
Upon receipt of an application, the chief shall provide a 22143
schedule listing all notices of violations of this chapter 22144
pertaining to air or water environmental protection incurred by 22145
the applicant during the three-year period prior to receipt of 22146
the application and the final resolution of all such notices of 22147
violation. The chief shall provide this schedule to the 22148
applicant for filing by the applicant with the application filed 22149
for public review, as required by division (B) (5) of this 22150
section. When the schedule or other information available to the 22151
chief indicates that any coal mining operation owned or 22152
controlled by the applicant is currently in violation of such 22153
laws, the permit shall not be issued until the applicant submits 22154
proof that the violation has been corrected or is in the process 22155
of being corrected to the satisfaction of the regulatory 22156
authority, department, or agency that has jurisdiction over the 22157

violation and that any civil penalties owed to the state for a 22158
violation and not the subject of an appeal have been paid. No 22159
permit shall be issued to an applicant after a finding by the 22160
chief that the applicant or the operator specified in the 22161
application controls or has controlled mining operations with a 22162
demonstrated pattern of willful violations of this chapter of a 22163
nature and duration to result in irreparable damage to the 22164
environment as to indicate an intent not to comply with or a 22165
disregard of this chapter. 22166

(b) For the purposes of division (E) (3) (a) of this 22167
section, any violation resulting from an unanticipated event or 22168
condition at a surface coal mining operation on lands eligible 22169
for remining under a permit held by the person submitting an 22170
application for a coal mining permit under this section shall 22171
not prevent issuance of that permit. As used in this division, 22172
"unanticipated event or condition" means an event or condition 22173
encountered in a remining operation that was not contemplated by 22174
the applicable surface coal mining and reclamation permit. 22175

(4) (a) In addition to finding the application in 22176
compliance with division (E) (2) of this section, if the area 22177
proposed to be mined contains prime farmland as determined 22178
pursuant to division (B) (1) (p) of this section, the chief, after 22179
consultation with the secretary of the United States department 22180
of agriculture and pursuant to regulations issued by the 22181
secretary of the interior with the concurrence of the secretary 22182
of agriculture, may grant a permit to mine on prime farmland if 22183
the chief finds in writing that the operator has the 22184
technological capability to restore the mined area, within a 22185
reasonable time, to equivalent or higher levels of yield as 22186
nonmined prime farmland in the surrounding area under equivalent 22187
levels of management and can meet the soil reconstruction 22188

standards in section 1513.16 of the Revised Code. 22189

(b) Division (E) (4) (a) of this section does not apply to a 22190
permit issued prior to August 3, 1977, or revisions or renewals 22191
thereof. 22192

(5) The chief shall issue an order denying a permit after 22193
finding that the applicant has misrepresented or omitted any 22194
material fact in the application for the permit. 22195

(6) The chief may issue an order denying a permit after 22196
finding that the applicant, any partner, if the applicant is a 22197
partnership, any officer, principal shareholder, or director, if 22198
the applicant is a corporation, or any other person who has a 22199
right to control or in fact controls the management of the 22200
applicant or the selection of officers, directors, or managers 22201
of the applicant has been a sole proprietor or partner, officer, 22202
director, principal shareholder, or person having the right to 22203
control or has in fact controlled the management of or the 22204
selection of officers, directors, or managers of a business 22205
entity that ever has had a coal mining license or permit issued 22206
by this or any other state or the United States suspended or 22207
revoked, ever has forfeited a coal or surface mining bond, 22208
performance security, or similar security deposited in lieu of 22209
bond in this or any other state or with the United States, or 22210
ever has substantially or materially failed to comply with this 22211
chapter. 22212

(7) When issuing a permit under this section, the chief 22213
may authorize an applicant to conduct coal mining and 22214
reclamation operations on areas to be covered by the permit that 22215
were affected by coal mining operations before August 3, 1977, 22216
that have resulted in continuing water pollution from or on the 22217
previously mined areas for the purpose of potentially reducing 22218

the pollution loadings of pH, iron, and manganese from 22219
discharges from or on the previously mined areas. Following the 22220
chief's authorization to conduct such operations on those areas, 22221
the areas shall be designated as pollution abatement areas for 22222
the purposes of this chapter. 22223

The chief shall not grant an authorization under division 22224
(E) (7) of this section to conduct coal mining and reclamation 22225
operations on any such previously mined areas unless the 22226
applicant demonstrates to the chief's satisfaction that all of 22227
the following conditions are met: 22228

(a) The applicant's pollution abatement plan for mining 22229
and reclaiming the previously mined areas represents the best 22230
available technology economically achievable. 22231

(b) Implementation of the plan will potentially reduce 22232
pollutant loadings of pH, iron, and manganese resulting from 22233
discharges of surface waters or ground water from or on the 22234
previously mined areas within the permit area. 22235

(c) Implementation of the plan will not cause any 22236
additional degradation of surface water quality off the permit 22237
area with respect to pH, iron, and manganese. 22238

(d) Implementation of the plan will not cause any 22239
additional degradation of ground water. 22240

(e) The plan meets the requirements governing mining and 22241
reclamation of such previously mined pollution abatement areas 22242
established by the chief in rules adopted under section 1513.02 22243
of the Revised Code. 22244

(f) Neither the applicant; any partner, if the applicant 22245
is a partnership; any officer, principal shareholder, or 22246
director, if the applicant is a corporation; any other person 22247

who has a right to control or in fact controls the management of 22248
the applicant or the selection of officers, directors, or 22249
managers of the applicant; nor any contractor or subcontractor 22250
of the applicant, has any of the following: 22251

(i) Responsibility or liability under this chapter or 22252
rules adopted under it as an operator for treating the 22253
discharges of water pollutants from or on the previously mined 22254
areas for which the authorization is sought; 22255

(ii) Any responsibility or liability under this chapter or 22256
rules adopted under it for reclaiming the previously mined areas 22257
for which the authorization is sought; 22258

(iii) During the eighteen months prior to submitting the 22259
permit application requesting an authorization under division 22260
(E) (7) of this section, had a coal mining and reclamation permit 22261
suspended or revoked under division (D) (3) of section 1513.02 of 22262
the Revised Code for violating this chapter or Chapter 6111. of 22263
the Revised Code or rules adopted under them with respect to 22264
water quality, effluent limitations, or surface or ground water 22265
monitoring; 22266

(iv) Ever forfeited a coal or surface mining bond, 22267
performance security, or similar security deposited in lieu of a 22268
bond in this or any other state or with the United States. 22269

(8) In the case of the issuance of a permit that involves 22270
a conflict of results between various methods of calculating 22271
potential acidity and neutralization potential for purposes of 22272
assessing the potential for acid mine drainage to occur at a 22273
mine site, the permit shall include provisions for monitoring 22274
and record keeping to identify the creation of unanticipated 22275
acid water at the mine site. If the monitoring detects the 22276

creation of acid water at the site, the permit shall impose on 22277
the permittee additional requirements regarding mining practices 22278
and site reclamation to prevent the discharge of acid mine 22279
drainage from the mine site. As used in division (E) (8) of this 22280
section, "potential acidity" and "neutralization potential" have 22281
the same meanings as in section 1513.075 of the Revised Code. 22282

(F) (1) During the term of the permit, the permittee may 22283
submit an application for a revision of the permit, together 22284
with a revised reclamation plan, to the chief. 22285

(2) An application for a revision of a permit shall not be 22286
approved unless the chief finds that reclamation required by 22287
this chapter can be accomplished under the revised reclamation 22288
plan. The revision shall be approved or disapproved within 22289
ninety days after receipt of a complete revision application. 22290
The chief shall establish, by rule, criteria for determining the 22291
extent to which all permit application information requirements 22292
and procedures, including notice and hearings, shall apply to 22293
the revision request, except that any revisions that propose 22294
significant alterations in the reclamation plan, at a minimum, 22295
shall be subject to notice and hearing requirements. 22296

(3) Any extensions to the area covered by the permit 22297
except incidental boundary revisions shall be made by 22298
application for a permit. 22299

(4) Documents or a notarized statement that form the basis 22300
of the applicant's legal right to enter and commence coal mining 22301
operations on land that is located within an area covered by the 22302
permit and that was legally acquired subsequent to the issuance 22303
of the permit for the area shall be submitted with an 22304
application for a revision of the permit. 22305

(G) No transfer, assignment, or sale of the rights granted 22306
under a permit issued pursuant to this chapter shall be made 22307
without the written approval of the chief. 22308

(H) The chief, within a time limit prescribed in the 22309
chief's rules, shall review outstanding permits and may require 22310
reasonable revision or modification of a permit. A revision or 22311
modification shall be based upon a written finding and subject 22312
to notice and hearing requirements established by rule of the 22313
chief. 22314

(I) (1) If an informal conference has been held pursuant to 22315
section 1513.071 of the Revised Code, the chief shall issue and 22316
furnish the applicant for a permit, persons who participated in 22317
the informal conference, and persons who filed written 22318
objections pursuant to division (B) of section 1513.071 of the 22319
Revised Code, with the written finding of the chief granting or 22320
denying the permit in whole or in part and stating the reasons 22321
therefor within sixty days of the conference, provided that the 22322
chief shall comply with the time frames established in division 22323
(I) (3) of this section. 22324

(2) If there has been no informal conference held pursuant 22325
to section 1513.071 of the Revised Code, the chief shall submit 22326
to the applicant for a permit the written finding of the chief 22327
granting or denying the permit in whole or in part and stating 22328
the reasons therefor within the time frames established in 22329
division (I) (3) of this section. 22330

(3) The chief shall grant or deny a permit not later than 22331
two hundred forty days after the submission of a complete 22332
application for the permit. Any time during which the applicant 22333
is making revisions to an application or providing additional 22334
information requested by the chief regarding an application 22335

shall not be included in the two hundred forty days. If the 22336
chief determines that a permit cannot be granted or denied 22337
within the two-hundred-forty-day time frame, the chief, not 22338
later than two hundred ten days after the submission of a 22339
complete application for the permit, shall provide the applicant 22340
with written notice of the expected delay. 22341

(4) If the application is approved, the permit shall be 22342
issued. However, the permit shall prohibit the commencement of 22343
coal mining operations on any land that is located within an 22344
area covered by the permit if the permittee has not provided to 22345
the chief documents that form the basis of the permittee's legal 22346
right to enter and conduct coal mining operations on that land. 22347
If the application is disapproved, specific reasons therefor 22348
shall be set forth in the notification. Within thirty days after 22349
the applicant is notified of the final decision of the chief on 22350
the permit application, the applicant or any person with an 22351
interest that is or may be adversely affected may appeal the 22352
decision to the reclamation commission pursuant to section 22353
1513.13 of the Revised Code. 22354

(5) Any applicant or any person with an interest that is 22355
or may be adversely affected who has participated in the 22356
administrative proceedings as an objector and is aggrieved by 22357
the decision of the reclamation commission, or if the commission 22358
fails to act within the time limits specified in this chapter, 22359
may appeal in accordance with section 1513.14 of the Revised 22360
Code. 22361

Sec. 1513.16. (A) Any permit issued under this chapter to 22362
conduct coal mining operations shall require that the operations 22363
meet all applicable performance standards of this chapter ~~and~~ 22364
~~such other requirements as the chief of the division of mineral~~ 22365

~~resources management shall adopt by rule.~~ General performance 22366
standards shall apply to all coal mining and reclamation 22367
operations and shall require the operator at a minimum to do all 22368
of the following: 22369

(1) Conduct coal mining operations so as to maximize the 22370
utilization and conservation of the solid fuel resource being 22371
recovered so that re-affecting the land in the future through 22372
coal mining can be minimized; 22373

(2) Restore the land affected to a condition capable of 22374
supporting the uses that it was capable of supporting prior to 22375
any mining, or higher or better uses of which there is 22376
reasonable likelihood, so long as the uses do not present any 22377
actual or probable hazard to public health or safety or pose any 22378
actual or probable threat of diminution or pollution of the 22379
waters of the state, and the permit applicants' declared 22380
proposed land uses following reclamation are not considered to 22381
be impractical or unreasonable, to be inconsistent with 22382
applicable land use policies and plans, to involve unreasonable 22383
delay in implementation, or to violate federal, state, or local 22384
law; 22385

(3) Except as provided in division (B) of this section, 22386
with respect to all coal mining operations, backfill, compact 22387
where advisable to ensure stability or to prevent leaching of 22388
toxic materials, and grade in order to restore the approximate 22389
original contour of the land with all highwalls, spoil piles, 22390
and depressions eliminated unless small depressions are needed 22391
in order to retain moisture to assist revegetation or as 22392
otherwise authorized pursuant to this chapter, provided that if 22393
the operator demonstrates that due to volumetric expansion the 22394
amount of overburden and the spoil and waste materials removed 22395

in the course of the mining operation are more than sufficient 22396
to restore the approximate original contour, the operator shall 22397
backfill, grade, and compact the excess overburden and other 22398
spoil and waste materials to attain the lowest grade, but not 22399
more than the angle of repose, and to cover all acid-forming and 22400
other toxic materials in order to achieve an ecologically sound 22401
land use compatible with the surrounding region in accordance 22402
with the approved mining plan. The overburden or spoil shall be 22403
shaped and graded in such a way as to prevent slides, erosion, 22404
and water pollution and shall be revegetated in accordance with 22405
this chapter. 22406

(4) Stabilize and protect all surface areas, including 22407
spoil piles affected by the coal mining and reclamation 22408
operation, to control erosion and attendant air and water 22409
pollution effectively; 22410

(5) Remove the topsoil from the land in a separate layer, 22411
replace it on the backfill area, or, if not utilized 22412
immediately, segregate it in a separate pile from the spoil, and 22413
when the topsoil is not replaced on a backfill area within a 22414
time short enough to avoid deterioration of the topsoil, 22415
maintain a successful cover by quick-growing plants or other 22416
means thereafter so that the topsoil is preserved from wind and 22417
water erosion, remains free of any contamination by acid or 22418
other toxic material, and is in a usable condition for 22419
sustaining vegetation when restored during reclamation. If the 22420
topsoil is of insufficient quantity or of poor quality for 22421
sustaining vegetation or if other strata can be shown to be more 22422
suitable for vegetation requirements, the operator shall remove, 22423
segregate, and preserve in a like manner such other strata as 22424
are best able to support vegetation. 22425

(6) Restore the topsoil or the best available subsoil that is best able to support vegetation; 22426
22427

(7) For all prime farmlands as identified in division (B) 22428
(1) (p) of section 1513.07 of the Revised Code to be mined and 22429
reclaimed, perform soil removal, storage, replacement, and 22430
reconstruction in accordance with specifications established by 22431
the secretary of the United States department of agriculture 22432
under the "Surface Mining Control and Reclamation Act of 1977," 22433
91 Stat. 445, 30 U.S.C.A. 1201. The operator, at a minimum, 22434
shall be required to do all of the following: 22435

(a) Segregate the A horizon of the natural soil, except 22436
where it can be shown that other available soil materials will 22437
create a final soil having a greater productive capacity, and, 22438
if not utilized immediately, stockpile this material separately 22439
from the spoil and provide needed protection from wind and water 22440
erosion or contamination by acid or other toxic material; 22441

(b) Segregate the B horizon of the natural soil, or 22442
underlying C horizons or other strata, or a combination of such 22443
horizons or other strata that are shown to be both texturally 22444
and chemically suitable for plant growth and that can be shown 22445
to be equally or more favorable for plant growth than the B 22446
horizon, in sufficient quantities to create in the regraded 22447
final soil a root zone of comparable depth and quality to that 22448
which existed in the natural soil, and, if not utilized 22449
immediately, stockpile this material separately from the spoil 22450
and provide needed protection from wind and water erosion or 22451
contamination by acid or other toxic material; 22452

(c) Replace and regrade the root zone material described 22453
in division (A) (7) (b) of this section with proper compaction and 22454
uniform depth over the regraded spoil material; 22455

- (d) Redistribute and grade in a uniform manner the surface soil horizon described in division (A) (7) (a) of this section. 22456
22457
- (8) Create, if authorized in the approved mining and reclamation plan and permit, permanent impoundments of water on mining sites as part of reclamation activities only when it is adequately demonstrated by the operator that all of the following conditions will be met: 22458
22459
22460
22461
22462
- (a) The size of the impoundment is adequate for its intended purposes. 22463
22464
- (b) The impoundment dam construction will be so designed as to achieve necessary stability with an adequate margin of safety compatible with that of structures constructed under the "Watershed Protection and Flood Prevention Act," 68 Stat. 666 (1954), 16 U.S.C. 1001, as amended. 22465
22466
22467
22468
22469
- (c) The quality of impounded water will be suitable on a permanent basis for its intended use and discharges from the impoundment will not degrade the water quality below water quality standards established pursuant to applicable federal and state law in the receiving stream. 22470
22471
22472
22473
22474
- (d) The level of water will be reasonably stable. 22475
- (e) Final grading will provide adequate safety and access for proposed water users. 22476
22477
- (f) The water impoundments will not result in the diminution of the quality or quantity of water utilized by adjacent or surrounding landowners for agricultural, industrial, recreational, or domestic uses. 22478
22479
22480
22481
- (9) Conduct any augering operation associated with strip mining in a manner to maximize recoverability of mineral 22482
22483

reserves remaining after the operation and reclamation are 22484
complete and seal all auger holes with an impervious and 22485
noncombustible material in order to prevent drainage, except 22486
where the chief determines that the resulting impoundment of 22487
water in such auger holes may create a hazard to the environment 22488
or the public health or safety. The chief may prohibit augering 22489
if necessary to maximize the utilization, recoverability, or 22490
conservation of the solid fuel resources or to protect against 22491
adverse water quality impacts. 22492

(10) Minimize the disturbances to the prevailing 22493
hydrologic balance at the mine site and in associated offsite 22494
areas and to the quality and quantity of water in surface and 22495
ground water systems both during and after coal mining 22496
operations and during reclamation by doing all of the following: 22497

(a) Avoiding acid or other toxic mine drainage by such 22498
measures as, but not limited to: 22499

(i) Preventing or removing water from contact with toxic 22500
producing deposits; 22501

(ii) Treating drainage to reduce toxic content that 22502
adversely affects downstream water upon being released to water 22503
courses in accordance with rules adopted by the chief in 22504
accordance with section 1513.02 of the Revised Code; 22505

(iii) Casing, sealing, or otherwise managing boreholes, 22506
shafts, and wells, and keeping acid or other toxic drainage from 22507
entering ground and surface waters. 22508

(b) (i) Conducting coal mining operations so as to prevent, 22509
to the extent possible using the best technology currently 22510
available, additional contributions of suspended solids to 22511
streamflow or runoff outside the permit area, but in no event 22512

shall contributions be in excess of requirements set by 22513
applicable state or federal laws; 22514

(ii) Constructing any siltation structures pursuant to 22515
division (A) (10) (b) (i) of this section prior to commencement of 22516
coal mining operations. The structures shall be certified by 22517
persons approved by the chief to be constructed as designed and 22518
as approved in the reclamation plan. 22519

(c) Cleaning out and removing temporary or large settling 22520
ponds or other siltation structures from drainways after 22521
disturbed areas are revegetated and stabilized, and depositing 22522
the silt and debris at a site and in a manner approved by the 22523
chief; 22524

(d) Restoring recharge capacity of the mined area to 22525
approximate premining conditions; 22526

(e) Avoiding channel deepening or enlargement in 22527
operations requiring the discharge of water from mines; 22528

(f) Such other actions as the chief may prescribe. 22529

(11) With respect to surface disposal of mine wastes, 22530
tailings, coal processing wastes, and other wastes in areas 22531
other than the mine working areas or excavations, stabilize all 22532
waste piles in designated areas through construction in 22533
compacted layers, including the use of noncombustible and 22534
impervious materials if necessary, and ensure that the final 22535
contour of the waste pile will be compatible with natural 22536
surroundings and that the site can and will be stabilized and 22537
revegetated according to this chapter; 22538

(12) Refrain from coal mining within five hundred feet of 22539
active and abandoned underground mines in order to prevent 22540
breakthroughs and to protect the health or safety of miners. The 22541

chief shall permit an operator to mine near, through, or 22542
partially through an abandoned underground mine or closer than 22543
five hundred feet to an active underground mine if both of the 22544
following conditions are met: 22545

(a) The nature, timing, and sequencing of the approximate 22546
coincidence of specific strip mine activities with specific 22547
underground mine activities are approved by the chief. 22548

(b) The operations will result in improved resource 22549
recovery, abatement of water pollution, or elimination of 22550
hazards to the health and safety of the public. 22551

(13) Design, locate, construct, operate, maintain, 22552
enlarge, modify, and remove or abandon, in accordance with the 22553
standards and criteria developed pursuant to rules adopted by 22554
the chief, all existing and new coal mine waste piles consisting 22555
of mine wastes, tailings, coal processing wastes, or other 22556
liquid and solid wastes, and used either temporarily or 22557
permanently as dams or embankments; 22558

(14) Ensure that all debris, acid-forming materials, toxic 22559
materials, or materials constituting a fire hazard are treated 22560
or buried and compacted or otherwise disposed of in a manner 22561
designed to prevent contamination of ground or surface waters 22562
and that contingency plans are developed to prevent sustained 22563
combustion; 22564

(15) Ensure that all reclamation efforts proceed in an 22565
environmentally sound manner and as contemporaneously as 22566
practicable with the coal mining operations, except that where 22567
the applicant proposes to combine strip mining operations with 22568
underground mining operations to ensure maximum practical 22569
recovery of the mineral resources, the chief may grant a 22570

variance for specific areas within the reclamation plan from the 22571
requirement that reclamation efforts proceed as 22572
contemporaneously as practicable to permit underground mining 22573
operations prior to reclamation if: 22574

(a) The chief finds in writing that: 22575

(i) The applicant has presented, as part of the permit 22576
application, specific, feasible plans for the proposed 22577
underground mining operations. 22578

(ii) The proposed underground mining operations are 22579
necessary or desirable to ensure maximum practical recovery of 22580
the mineral resource and will avoid multiple disturbance of the 22581
surface. 22582

(iii) The applicant has satisfactorily demonstrated that 22583
the plan for the underground mining operations conforms to 22584
requirements for underground mining in this state and that 22585
permits necessary for the underground mining operations have 22586
been issued by the appropriate authority. 22587

(iv) The areas proposed for the variance have been shown 22588
by the applicant to be necessary for the implementing of the 22589
proposed underground mining operations. 22590

(v) No substantial adverse environmental damage, either 22591
on-site or off-site, will result from the delay in completion of 22592
reclamation as required by this chapter. 22593

(vi) Provisions for the off-site storage of spoil will 22594
comply with division (A) (21) of this section. 22595

(b) The chief has adopted specific rules to govern the 22596
granting of such variances in accordance with this division and 22597
has imposed such additional requirements as the chief considers 22598

necessary. 22599

(c) Variances granted under this division shall be 22600
reviewed by the chief not more than three years from the date of 22601
issuance of the permit. 22602

(d) Liability under the performance security filed by the 22603
applicant with the chief pursuant to section 1513.08 of the 22604
Revised Code shall be for the duration of the underground mining 22605
operations and until the requirements of this section and 22606
section 1513.08 of the Revised Code have been fully complied 22607
with. 22608

(16) Ensure that the construction, maintenance, and 22609
postmining conditions of access roads into and across the site 22610
of operations will control or prevent erosion and siltation, 22611
pollution of water, and damage to fish or wildlife or their 22612
habitat, or to public or private property; 22613

(17) Refrain from the construction of roads or other 22614
access ways up a stream bed or drainage channel or in such 22615
proximity to the channel as to seriously alter the normal flow 22616
of water; 22617

(18) Establish, on the regraded areas and all other lands 22618
affected, a diverse, effective, and permanent vegetative cover 22619
of the same seasonal variety native to the area of land to be 22620
affected and capable of self-regeneration and plant succession 22621
at least equal in extent of cover to the natural vegetation of 22622
the area, except that introduced species may be used in the 22623
revegetation process where desirable and necessary to achieve 22624
the approved postmining land use plan; 22625

(19) (a) Assume the responsibility for successful 22626
revegetation, as required by division (A) (18) of this section, 22627

for a period of five full years after the last year of augmented seeding, fertilizing, irrigation, or other work in order to ensure compliance with that division, except that when the chief approves a long-term intensive agricultural postmining land use, the applicable five-year period of responsibility for revegetation shall commence at the date of initial planting for that long-term intensive agricultural postmining land use, and except that when the chief issues a written finding approving a long-term intensive agricultural postmining land use as part of the mining and reclamation plan, the chief may grant an exception to division (A) (18) of this section;

(b) On lands eligible for remining, assume the responsibility for successful revegetation, as required by division (A) (18) of this section, for a period of two full years after the last year of augmented seeding, fertilizing, irrigation, or other work in order to ensure compliance with that division.

(20) Protect off-site areas from slides or damage occurring during the coal mining and reclamation operations and not deposit spoil material or locate any part of the operations or waste accumulations outside the permit area;

(21) Place all excess spoil material resulting from coal mining and reclamation operations in such a manner that all of the following apply:

(a) Spoil is transported and placed in a controlled manner in position for concurrent compaction and in such a way as to ensure mass stability and to prevent mass movement.

(b) The areas of disposal are within the permit areas for which performance security has been provided. All organic matter

shall be removed immediately prior to spoil placement except in the zoned concept method. 22657
22658

(c) Appropriate surface and internal drainage systems and diversion ditches are used so as to prevent spoil erosion and mass movement. 22659
22660
22661

(d) The disposal area does not contain springs, natural watercourses, or wet weather seeps unless lateral drains are constructed from the wet areas to the main underdrains in such a manner that filtration of the water into the spoil pile will be prevented unless the zoned concept method is used. 22662
22663
22664
22665
22666

(e) If placed on a slope, the spoil is placed upon the most moderate slope among those slopes upon which, in the judgment of the chief, the spoil could be placed in compliance with all the requirements of this chapter and is placed, where possible, upon, or above, a natural terrace, bench, or berm if that placement provides additional stability and prevents mass movement. 22667
22668
22669
22670
22671
22672
22673

(f) Where the toe of the spoil rests on a downslope, a rock toe buttress of sufficient size to prevent mass movement is constructed. 22674
22675
22676

(g) The final configuration is compatible with the natural drainage pattern and surroundings and suitable for intended uses. 22677
22678
22679

(h) Design of the spoil disposal area is certified by a qualified registered professional engineer in conformance with professional standards. 22680
22681
22682

(i) All other provisions of this chapter are met. 22683

(22) Meet such other criteria as are necessary to achieve 22684

reclamation in accordance with the purpose of this chapter, 22685
taking into consideration the physical, climatological, and 22686
other characteristics of the site; 22687

(23) To the extent possible, using the best technology 22688
currently available, minimize disturbances and adverse impacts 22689
of the operation on fish, wildlife, and related environmental 22690
values, and achieve enhancement of such resources where 22691
practicable; 22692

(24) Provide for an undisturbed natural barrier beginning 22693
at the elevation of the lowest coal seam to be mined and 22694
extending from the outslope for such distance as the chief shall 22695
determine to be retained in place as a barrier to slides and 22696
erosion; 22697

(25) Restore on the permit area streams and wetlands 22698
affected by mining operations unless the chief approves 22699
restoration off the permit area without a permit required by 22700
section 1513.07 or 1513.074 of the Revised Code, instead of 22701
restoration on the permit area, of a stream or wetland or a 22702
portion of a stream or wetland, provided that the chief first 22703
makes all of the following written determinations: 22704

(a) A hydrologic and engineering assessment of the 22705
affected lands, submitted by the operator, demonstrates that 22706
restoration on the permit area is not possible. 22707

(b) The proposed mitigation plan under which mitigation 22708
activities described in division (A) (25) (c) of this section will 22709
be conducted is limited to a stream or wetland, or a portion of 22710
a stream or wetland, for which restoration on the permit area is 22711
not possible. 22712

(c) Mitigation activities off the permit area, including 22713

mitigation banking and payment of in-lieu mitigation fees, will 22714
be performed pursuant to a permit issued under sections 401 and 22715
404 of the "Federal Water Pollution Control Act" as defined in 22716
section 6111.01 of the Revised Code or an isolated wetland 22717
permit issued under Chapter 6111. of the Revised Code or 22718
pursuant to a no-cost reclamation contract for the restoration 22719
of water resources affected by past mining activities pursuant 22720
to section 1513.37 of the Revised Code. 22721

(d) The proposed mitigation plan and mitigation activities 22722
comply with the standards established in this section. 22723

If the chief approves restoration off the permit area in 22724
accordance with this division, the operator shall complete all 22725
mitigation construction or other activities required by the 22726
mitigation plan. 22727

Performance security for reclamation activities on the 22728
permit area shall be released pursuant to division (F) of this 22729
section, except that the release of the remaining portion of 22730
performance security under division (F) (3) (c) of this section 22731
shall not be approved prior to the construction of required 22732
mitigation activities off the permit area. 22733

(B) (1) The chief may permit mining operations for the 22734
purposes set forth in division (B) (3) of this section. 22735

(2) When an applicant meets the requirements of divisions 22736
(B) (3) and (4) of this section, a permit without regard to the 22737
requirement to restore to approximate original contour known as 22738
mountain top removal set forth in divisions (A) (3) or (C) (2) and 22739
(3) of this section may be granted for the mining of coal where 22740
the mining operation will remove an entire coal seam or seams 22741
running through the upper fraction of a mountain, ridge, or 22742

hill, except as provided in division (B) (4) (a) of this section, 22743
by removing all of the overburden and creating a level plateau 22744
or a gently rolling contour with no highwalls remaining, and 22745
capable of supporting postmining uses in accordance with this 22746
division. 22747

(3) In cases where an industrial, commercial, 22748
agricultural, residential, or public facility use, including 22749
recreational facilities, is proposed for the postmining use of 22750
the affected land, the chief may grant a permit for a mining 22751
operation of the nature described in division (B) (2) of this 22752
section when all of the following apply: 22753

(a) After consultation with the appropriate land use 22754
planning agencies, if any, the proposed postmining land use is 22755
considered to constitute an equal or better economic or public 22756
use of the affected land, as compared with premining use. 22757

(b) The applicant presents specific plans for the proposed 22758
postmining land use and appropriate assurances that the use will 22759
be all of the following: 22760

(i) Compatible with adjacent land uses; 22761

(ii) Obtainable according to data regarding expected need 22762
and market; 22763

(iii) Assured of investment in necessary public 22764
facilities; 22765

(iv) Supported by commitments from public agencies where 22766
appropriate; 22767

(v) Practicable with respect to private financial 22768
capability for completion of the proposed use; 22769

(vi) Planned pursuant to a schedule attached to the 22770

reclamation plan so as to integrate the mining operation and 22771
reclamation with the postmining land use; 22772

(vii) Designed by a registered engineer in conformity with 22773
professional standards established to ensure the stability, 22774
drainage, and configuration necessary for the intended use of 22775
the site. 22776

(c) The proposed use is consistent with adjacent land uses 22777
and existing state and local land use plans and programs. 22778

(d) The chief provides the governing body of the unit of 22779
general-purpose local government in which the land is located, 22780
and any state or federal agency that the chief, in the chief's 22781
discretion, determines to have an interest in the proposed use, 22782
an opportunity of not more than sixty days to review and comment 22783
on the proposed use. 22784

(e) All other requirements of this chapter will be met. 22785

(4) In granting a permit pursuant to this division, the 22786
chief shall require that each of the following is met: 22787

(a) The toe of the lowest coal seam and the overburden 22788
associated with it are retained in place as a barrier to slides 22789
and erosion. 22790

(b) The reclaimed area is stable. 22791

(c) The resulting plateau or rolling contour drains inward 22792
from the out slopes except at specified points. 22793

(d) No damage will be done to natural watercourses. 22794

(e) Spoil will be placed on the mountaintop bench as is 22795
necessary to achieve the planned postmining land use, except 22796
that all excess spoil material not retained on the mountaintop 22797

bench shall be placed in accordance with division (A) (21) of 22798
this section. 22799

(f) Stability of the spoil retained on the mountaintop 22800
bench is ensured and the other requirements of this chapter are 22801
met. 22802

(5) The chief shall adopt specific rules to govern the 22803
granting of permits in accordance with divisions (B) (1) to (4) 22804
of this section ~~and may impose such additional requirements as~~ 22805
~~the chief considers necessary.~~ 22806

(6) All permits granted under divisions (B) (1) to (4) of 22807
this section shall be reviewed not more than three years from 22808
the date of issuance of the permit unless the applicant 22809
affirmatively demonstrates that the proposed development is 22810
proceeding in accordance with the terms of the approved schedule 22811
and reclamation plan. 22812

(C) All of the following performance standards apply to 22813
steep-slope coal mining and are in addition to those general 22814
performance standards required by this section, except that this 22815
division does not apply to those situations in which an operator 22816
is mining on flat or gently rolling terrain on which an 22817
occasional steep slope is encountered through which the mining 22818
operation is to proceed, leaving a plain or predominantly flat 22819
area, or where an operator is in compliance with division (B) of 22820
this section: 22821

(1) The operator shall ensure that when performing coal 22822
mining on steep slopes, no debris, abandoned or disabled 22823
equipment, spoil material, or waste mineral matter is placed on 22824
the downslope below the bench or mining cut. Spoil material in 22825
excess of that required for the reconstruction of the 22826

approximate original contour under division (A) (3) or (C) (2) of 22827
this section shall be permanently stored pursuant to division 22828
(A) (21) of this section. 22829

(2) The operator shall complete backfilling with spoil 22830
material to cover completely the highwall and return the site to 22831
the approximate original contour, which material will maintain 22832
stability following mining and reclamation. 22833

(3) The operator shall not disturb land above the top of 22834
the highwall unless the chief finds that the disturbance will 22835
facilitate compliance with the environmental protection 22836
standards of this section, except that any such disturbance 22837
involving land above the highwall shall be limited to that 22838
amount of land necessary to facilitate compliance. 22839

(D) (1) The chief may permit variances for the purposes set 22840
forth in division (D) (3) of this section, provided that the 22841
watershed control of the area is improved and that complete 22842
backfilling with spoil material shall be required to cover 22843
completely the highwall, which material will maintain stability 22844
following mining and reclamation. 22845

(2) Where an applicant meets the requirements of divisions 22846
(D) (3) and (4) of this section, a variance from the requirement 22847
to restore to approximate original contour set forth in division 22848
(C) (2) of this section may be granted for the mining of coal 22849
when the owner of the surface knowingly requests in writing, as 22850
a part of the permit application, that such a variance be 22851
granted so as to render the land, after reclamation, suitable 22852
for an industrial, commercial, residential, or public use, 22853
including recreational facilities, in accordance with divisions 22854
(D) (3) and (4) of this section. 22855

(3) A variance pursuant to division (D) (2) of this section 22856
may be granted if: 22857

(a) After consultation with the appropriate land use 22858
planning agencies, if any, the potential use of the affected 22859
land is considered to constitute an equal or better economic or 22860
public use. 22861

(b) The postmining land condition is designed and 22862
certified by a registered professional engineer in conformity 22863
with professional standards established to ensure the stability, 22864
drainage, and configuration necessary for the intended use of 22865
the site. 22866

(c) After approval of the appropriate state environmental 22867
agencies, the watershed of the affected land is considered to be 22868
improved. 22869

(4) In granting a variance pursuant to division (D) of 22870
this section, the chief shall require that only such amount of 22871
spoil will be placed off the mine bench as is necessary to 22872
achieve the planned postmining land use, ensure stability of the 22873
spoil retained on the bench, and meet all other requirements of 22874
this chapter. All spoil placement off the mine bench shall 22875
comply with division (A) (21) of this section. 22876

(5) The chief shall adopt specific rules to govern the 22877
granting of variances under division (D) of this section ~~and may~~ 22878
~~impose such additional requirements as the chief considers~~ 22879
~~necessary.~~ 22880

(6) All variances granted under division (D) of this 22881
section shall be reviewed not more than three years from the 22882
date of issuance of the permit unless the permittee 22883
affirmatively demonstrates that the proposed development is 22884

proceeding in accordance with the terms of the reclamation plan. 22885

(E) The chief shall establish standards and criteria 22886
regulating the design, location, construction, operation, 22887
maintenance, enlargement, modification, removal, and abandonment 22888
of new and existing coal mine waste piles referred to in 22889
division (A) (13) of this section and division (A) (5) of section 22890
1513.35 of the Revised Code. The standards and criteria shall 22891
conform to the standards and criteria used by the chief of the 22892
United States army corps of engineers to ensure that flood 22893
control structures are safe and effectively perform their 22894
intended function. In addition to engineering and other 22895
technical specifications, the standards and criteria developed 22896
pursuant to this division shall include provisions for review 22897
and approval of plans and specifications prior to construction, 22898
enlargement, modification, removal, or abandonment; performance 22899
of periodic inspections during construction; issuance of 22900
certificates of approval upon completion of construction; 22901
performance of periodic safety inspections; and issuance of 22902
notices for required remedial or maintenance work. 22903

(F) (1) The permittee may file a request with the chief for 22904
release of a part of a performance security under division (F) 22905
(3) of this section. Within thirty days after any request for 22906
performance security release under this section has been filed 22907
with the chief, the operator shall submit a copy of an 22908
advertisement placed at least once a week for four successive 22909
weeks in a newspaper of general circulation in the locality of 22910
the coal mining operation. The advertisement shall be considered 22911
part of any performance security release application and shall 22912
contain a notification of the precise location of the land 22913
affected, the number of acres, the permit number and the date 22914
approved, the amount of the performance security filed and the 22915

portion sought to be released, the type and appropriate dates of 22916
reclamation work performed, and a description of the results 22917
achieved as they relate to the operator's approved reclamation 22918
plan and, if applicable, the operator's pollution abatement 22919
plan. In addition, as part of any performance security release 22920
application, the applicant shall submit copies of the letters 22921
sent to adjoining property owners, local governmental bodies, 22922
planning agencies, and sewage and water treatment authorities or 22923
water companies in the locality in which the coal mining and 22924
reclamation activities took place, notifying them of the 22925
applicant's intention to seek release from the performance 22926
security. 22927

(2) Upon receipt of a copy of the advertisement and 22928
request for release of a performance security under division (F) 22929
(3) (c) of this section, the chief, within thirty days, shall 22930
conduct an inspection and evaluation of the reclamation work 22931
involved. The evaluation shall consider, among other things, the 22932
degree of difficulty to complete any remaining reclamation, 22933
whether pollution of surface and subsurface water is occurring, 22934
the probability of continuation or future occurrence of the 22935
pollution, and the estimated cost of abating the pollution. The 22936
chief shall notify the permittee in writing of the decision to 22937
release or not to release all or part of the performance 22938
security within sixty days after the filing of the request if no 22939
public hearing is held pursuant to division (F) (6) of this 22940
section or, if there has been a public hearing held pursuant to 22941
division (F) (6) of this section, within thirty days thereafter. 22942

(3) The chief may release the performance security if the 22943
reclamation covered by the performance security or portion 22944
thereof has been accomplished as required by this chapter and 22945
rules adopted under it according to the following schedule: 22946

(a) When the operator completes the backfilling, 22947
regrading, and drainage control of an area for which performance 22948
security has been provided in accordance with the approved 22949
reclamation plan, and, if the area covered by the performance 22950
security is one for which an authorization was made under 22951
division (E) (7) of section 1513.07 of the Revised Code, the 22952
operator has complied with the approved pollution abatement plan 22953
and all additional requirements established by the chief in 22954
rules adopted under section 1513.02 of the Revised Code 22955
governing coal mining and reclamation operations on pollution 22956
abatement areas, the chief shall grant a release of fifty per 22957
cent of the performance security for the applicable permit area. 22958

(b) After resoiling and revegetation have been established 22959
on the regraded mined lands in accordance with the approved 22960
reclamation plan, the chief shall grant a release in an amount 22961
not exceeding thirty-five per cent of the original performance 22962
security for all or part of the affected area under the permit. 22963
When determining the amount of performance security to be 22964
released after successful revegetation has been established, the 22965
chief shall retain that amount of performance security for the 22966
revegetated area that would be sufficient for a third party to 22967
cover the cost of reestablishing revegetation for the period 22968
specified for operator responsibility in this section for 22969
reestablishing revegetation. No part of the performance security 22970
shall be released under this division so long as the lands to 22971
which the release would be applicable are contributing suspended 22972
solids to streamflow or runoff outside the permit area in excess 22973
of the requirements of this section or until soil productivity 22974
for prime farmlands has returned to equivalent levels of yield 22975
as nonmined land of the same soil type in the surrounding area 22976
under equivalent management practices as determined from the 22977

soil survey performed pursuant to section 1513.07 of the Revised Code. If the area covered by the performance security is one for which an authorization was made under division (E) (7) of section 1513.07 of the Revised Code, no part of the performance security shall be released under this division until the operator has complied with the approved pollution abatement plan and all additional requirements established by the chief in rules adopted under section 1513.02 of the Revised Code governing coal mining and reclamation operations on pollution abatement areas. Where a silt dam is to be retained as a permanent impoundment pursuant to division (A) (10) of this section, the portion of performance security may be released under this division so long as provisions for sound future maintenance by the operator or the landowner have been made with the chief.

(c) When the operator has completed successfully all coal mining and reclamation activities, including, if applicable, all additional requirements established in the pollution abatement plan approved under division (E) (7) of section 1513.07 of the Revised Code and all additional requirements established by the chief in rules adopted under section 1513.02 of the Revised Code governing coal mining and reclamation operations on pollution abatement areas, the chief shall release all or any of the remaining portion of the performance security for all or part of the affected area under a permit, but not before the expiration of the period specified for operator responsibility in this section, except that the chief may adopt rules for a variance to the operator period of responsibility considering vegetation success and probability of continued growth and consent of the landowner, provided that no performance security shall be fully released until all reclamation requirements of this chapter are fully met.

(4) If the chief disapproves the application for release of the performance security or portion thereof, the chief shall notify the permittee, in writing, stating the reasons for disapproval and recommending corrective actions necessary to secure the release, and allowing the opportunity for a public adjudicatory hearing.

(5) When any application for total or partial performance security release is filed with the chief under this section, the chief shall notify the municipal corporation in which the coal mining operation is located by certified mail at least thirty days prior to the release of all or a portion of the performance security.

(6) A person with a valid legal interest that might be adversely affected by release of a performance security under this section or the responsible officer or head of any federal, state, or local government agency that has jurisdiction by law or special expertise with respect to any environmental, social, or economic impact involved in the operation or is authorized to develop and enforce environmental standards with respect to such operations may file written objections to the proposed release from the performance security with the chief within thirty days after the last publication of the notice required by division (F) (1) of this section. If written objections are filed and an informal conference is requested, the chief shall inform all interested parties of the time and place of the conference. The date, time, and location of the informal conference shall be advertised by the chief in a newspaper of general circulation in the locality of the coal mining operation proposed for performance security release for at least once a week for two consecutive weeks. The informal conference shall be held in the locality of the coal mining operation proposed for performance

security release or in Franklin county, at the option of the 23040
objector, within thirty days after the request for the 23041
conference. An electronic record shall be made of the conference 23042
proceeding unless waived by all parties. The record shall be 23043
maintained and shall be accessible to the parties until final 23044
release of the performance security at issue. In the event all 23045
parties requesting the informal conference stipulate agreement 23046
prior to the requested informal conference and withdraw their 23047
request, the informal conference need not be held. 23048

(7) If an informal conference has been held pursuant to 23049
division (F) (6) of this section, the chief shall issue and 23050
furnish the applicant and persons who participated in the 23051
conference with the written decision regarding the release 23052
within sixty days after the conference. Within thirty days after 23053
notification of the final decision of the chief regarding the 23054
performance security release, the applicant or any person with 23055
an interest that is or may be adversely affected by the decision 23056
may appeal the decision to the reclamation commission pursuant 23057
to section 1513.13 of the Revised Code. 23058

(8) (a) If the chief determines that a permittee is 23059
responsible for mine drainage that requires water treatment 23060
after reclamation is completed under the terms of the permit or 23061
that a permittee must provide an alternative water supply after 23062
reclamation is completed under the terms of the permit, the 23063
permittee shall provide alternative financial security in an 23064
amount determined by the chief prior to the release of the 23065
remaining portion of performance security under division (F) (3) 23066
(c) of this section. The alternative financial security shall be 23067
in an amount that is equal to or greater than the present value 23068
of the estimated cost over time to develop and implement mine 23069
drainage plans and provide water treatment or in an amount that 23070

is necessary to provide and maintain an alternative water 23071
supply, as applicable. The alternative financial security shall 23072
include a contract, trust, or other agreement or mechanism that 23073
is enforceable under law to provide long-term water treatment or 23074
a long-term alternative water supply, or both. The contract, 23075
trust, or other agreement or mechanism included with the 23076
alternative financial security may provide for the funding of 23077
the alternative financial security incrementally over a period 23078
of time, not to exceed five years, with reliance on guarantees 23079
or other collateral provided by the permittee and approved by 23080
the chief for the balance of the alternative financial security 23081
required until the alternative financial security has been fully 23082
funded by the permittee. 23083

(b) The chief shall adopt rules in accordance with Chapter 23084
119. of the Revised Code that are necessary for the 23085
administration of division (F) (8) (a) of this section. 23086

(c) If the chief determines that a permittee must provide 23087
alternative financial security under division (F) (8) (a) of this 23088
section and the performance security for the permit was provided 23089
under division (C) (2) of section 1513.08 of the Revised Code, 23090
the permittee may fund the alternative financial security 23091
incrementally over a period of time, not to exceed five years, 23092
with reliance on the reclamation forfeiture fund created in 23093
section 1513.18 of the Revised Code for the balance of the 23094
alternative financial security required until the alternative 23095
financial security has been fully funded by the permittee. The 23096
permittee semiannually shall pay to the division of mineral 23097
resources management a fee that is equal to seven and one-half 23098
per cent of the average balance of the alternative financial 23099
security that is being provided by reliance on the reclamation 23100
forfeiture fund over the previous six months. All money received 23101

from the fee shall be credited to the reclamation forfeiture 23102
fund. 23103

(9) Final release of the performance security in 23104
accordance with division (F) (3) (c) of this section terminates 23105
the jurisdiction of the chief under this chapter over the 23106
reclaimed site of a surface coal mining and reclamation 23107
operation or applicable portion of an operation. However, the 23108
chief shall reassert jurisdiction over such a site if the 23109
release was based on fraud, collusion, or misrepresentation of a 23110
material fact and the chief, in writing, demonstrates evidence 23111
of the fraud, collusion, or misrepresentation. Any person with 23112
an interest that is or may be adversely affected by the chief's 23113
determination may appeal the determination to the reclamation 23114
commission in accordance with section 1513.13 of the Revised 23115
Code. 23116

(G) The chief shall adopt rules governing the criteria for 23117
forfeiture of performance security, the method of determining 23118
the forfeited amount, and the procedures to be followed in the 23119
event of forfeiture. Cash received as the result of such 23120
forfeiture is the property of the state. 23121

Sec. 1513.171. (A) For the purpose of claiming a credit 23122
under section 5749.11 of the Revised Code, an operator with a 23123
valid permit issued under section 1513.07 of the Revised Code 23124
may submit an application to the chief of the division of 23125
mineral resources management to perform reclamation on land or 23126
water resources that are not within the area of the applicant's 23127
permit and that have been adversely affected by past coal mining 23128
for which the performance security was forfeited. The chief 23129
shall provide the application form. The application shall 23130
include all of the following: 23131

(1) The operator's name, address, and telephone number;	23132
(2) The valid permit number of the operator;	23133
(3) An identification of the area or areas to be reclaimed;	23134 23135
(4) An identification of the owner of the land;	23136
(5) A reclamation plan that describes the work to be done to reclaim the land or water resources. The plan shall include a description of how the plan is consistent with local physical, environmental, and climatological conditions and the measures to be taken during the reclamation to ensure the protection of water systems.	23137 23138 23139 23140 23141 23142
(6) An estimate of the total cost of the reclamation;	23143
(7) An estimate of the timetables for accomplishing the reclamation;	23144 23145
(8) Any other requirements that the chief prescribes by rule.	23146 23147
The chief shall approve, disapprove, or approve with modifications the application concerning the proposed reclamation work. If the chief approves the application, the applicant may commence reclamation in accordance with the timetables included in the application. Upon the completion of the reclamation to the satisfaction of the chief, the chief shall issue a numbered reclamation tax credit certificate showing the amount of the credit and the identity of the recipient. Prior to the close of the fiscal quarter in which the tax credit certificate is issued, the chief shall certify to the tax commissioner the amount of the credit and the identity of the recipient.	23148 23149 23150 23151 23152 23153 23154 23155 23156 23157 23158 23159

(B) The chief shall determine the amount of the credit in accordance with this section and rules adopted under it. The amount of the credit shall be equal to the cost that the division of mineral resources management would have expended from the reclamation forfeiture fund created in section 1513.18 of the Revised Code to complete the reclamation.

(C) The chief shall adopt rules in accordance with Chapter 119. of the Revised Code that are necessary to administer this section. The rules shall establish all of the following:

(1) A procedure that the chief shall use to determine the amount of the credit issued under this section;

(2) A procedure by which the chief may obtain consent of the owners of land or water resources to allow reclamation work for purposes of this section;

(3) A procedure for delivery of notice to the owners of land or water resources on which the reclamation work is to be performed. The rules shall require the notice to include the date on which the reclamation work is scheduled to begin.

Sec. 1513.18. (A) All money that becomes the property of the state under division (G) of section 1513.16 of the Revised Code shall be deposited in the reclamation forfeiture fund, which is hereby created in the state treasury. Disbursements from the fund shall be made by the chief of the division of mineral resources management for the purpose of reclaiming areas of land affected by coal mining under a coal mining and reclamation permit issued on or after September 1, 1981, on which an operator has defaulted.

(B) The fund also shall consist of all money from the collection of liens under section 1513.081 of the Revised Code,

all money credited to the fund from the fee levied by division 23189
~~(F) (8) (c)~~ (F) (8) (b) of section 1513.16 of the Revised Code, 23190
fines collected under division (E) of section 1513.02 and 23191
section 1513.99 of the Revised Code, fines collected for a 23192
violation of section 2921.31 of the Revised Code that, prior to 23193
July 1, 1996, would have been a violation of division (G) of 23194
section 1513.17 of the Revised Code as it existed prior to that 23195
date, and money collected and credited to it pursuant to section 23196
5749.02 of the Revised Code. Disbursements from the fund shall 23197
be made by the chief in accordance with division (D) of this 23198
section for the purpose of reclaiming areas that an operator has 23199
affected by mining and failed to reclaim under a coal mining and 23200
reclamation permit issued under this chapter. 23201

The chief may expend money from the fund to pay necessary 23202
administrative costs, including engineering and design services, 23203
incurred by the division of mineral resources management in 23204
reclaiming these areas. The chief also may expend money from the 23205
fund to pay necessary administrative costs of the reclamation 23206
forfeiture fund advisory board created in section 1513.182 of 23207
the Revised Code as authorized by the board under that section. 23208
Expenditures from the fund to pay such administrative costs need 23209
not be made under contract. 23210

(C) Except when paying necessary administrative costs 23211
authorized by division (B) of this section, expenditures from 23212
the fund shall be made under contracts entered into by the 23213
chief, with the approval of the director of natural resources, 23214
in accordance with procedures established by the chief, ~~by rules~~ 23215
~~adopted in accordance with section 1513.02 of the Revised Code.~~ 23216
The chief may reclaim the land in the same manner as set forth 23217
in sections 1513.21 to 1513.24 of the Revised Code. Each 23218
contract awarded by the chief shall be awarded to the lowest 23219

responsive and responsible bidder, in accordance with section 23220
9.312 of the Revised Code, after sealed bids are received, 23221
opened, and published at the time and place fixed by the chief. 23222
The chief shall publish notice of the time and place at which 23223
bids will be received, opened, and published, at least once and 23224
at least ten days before the date of the opening of the bids, in 23225
a newspaper of general circulation in the county in which the 23226
area of land to be reclaimed under the contract is located. If, 23227
after advertising, no bids are received at the time and place 23228
fixed for receiving them, the chief may advertise again for 23229
bids, or, if the chief considers the public interest will best 23230
be served, the chief may enter into a contract for the 23231
reclamation of the area of land without further advertisement 23232
for bids. The chief may reject any or all bids received and 23233
again publish notice of the time and place at which bids for 23234
contracts will be received, opened, and published. The chief, 23235
with the approval of the director, may enter into a contract 23236
with the landowner, a coal mine operator or surface mine 23237
operator mining under a current, valid permit issued under this 23238
chapter or Chapter 1514. of the Revised Code, or a contractor 23239
hired by the surety or trustee, if the performance security is 23240
held in trust, to complete reclamation on land affected by coal 23241
mining on which an operator has defaulted, or with a contractor 23242
hired by the trust administrator of an alternative financial 23243
security that is provided in accordance with division (F) (8) of 23244
section 1513.16 of the Revised Code to provide long-term water 23245
treatment or a long-term alternative water supply on areas 23246
affected by coal mining on which a permittee has defaulted or 23247
not fully funded an alternative financial security, without 23248
advertising for bids. 23249

(D) (1) The chief shall expend money credited to the 23250

reclamation forfeiture fund from the forfeiture of the 23251
performance security applicable to an area of land to pay for 23252
the cost of completing reclamation to the standards established 23253
by this chapter and rules adopted under it. 23254

(2) If the performance security for the area of land was 23255
provided under division (C)(1) of section 1513.08 of the Revised 23256
Code, the chief shall use the money from the forfeited 23257
performance security and any alternative financial security 23258
provided under division (F)(8) of section 1513.16 of the Revised 23259
Code to complete the reclamation that the operator failed to do 23260
under the operator's applicable coal mining and reclamation 23261
permit issued under this chapter. 23262

(3) If the performance security for the area of land was 23263
provided under division (C)(2) of section 1513.08 of the Revised 23264
Code, the chief shall use the money from the forfeited 23265
performance security and any alternative financial security 23266
provided under division (F)(8) of section 1513.16 of the Revised 23267
Code to complete the reclamation that the operator failed to do 23268
under the operator's applicable coal mining and reclamation 23269
permit issued under this chapter. If the money credited to the 23270
reclamation forfeiture fund from the forfeiture of the 23271
performance security provided under division (C)(2) of section 23272
1513.08 of the Revised Code and any alternative financial 23273
security provided under division (F)(8) of section 1513.16 of 23274
the Revised Code is not sufficient to complete the reclamation 23275
to the standards established by this chapter and rules adopted 23276
under it, the chief shall notify the reclamation forfeiture fund 23277
advisory board of the amount of the insufficiency. The chief may 23278
expend money credited to the reclamation forfeiture fund under 23279
section 5749.02 of the Revised Code or credited to the 23280
reclamation forfeiture fund from the fee levied by division ~~(F)~~ 23281

~~(8) (e)~~ (F) (8) (b) of section 1513.16 of the Revised Code to 23282
complete the reclamation to the standards established by this 23283
chapter and rules adopted under it. Except as provided in 23284
division (D) (5) of this section, the chief shall not expend 23285
money from the fund in an amount that exceeds the difference 23286
between the amount of the performance security provided under 23287
division (C) (2) of section 1513.08 of the Revised Code and the 23288
estimated cost of reclamation as determined by the chief under 23289
divisions (B) and (E) of that section. 23290

(4) Except as provided in division (D) (5) of this section, 23291
money from the reclamation forfeiture fund shall not be used for 23292
reclamation of land or water resources affected by mine drainage 23293
that requires extended water treatment after reclamation is 23294
completed under the terms of the permit. In addition, money from 23295
the reclamation forfeiture fund shall not be used to supplement 23296
the performance security of an applicant or permittee that has 23297
provided performance security in accordance with division (C) (1) 23298
of section 1513.08 of the Revised Code. 23299

(5) If a permittee relies in part on the reclamation 23300
forfeiture fund for alternative financial security under 23301
division (F) (8) (c) of section 1513.16 of the Revised Code, money 23302
from the reclamation forfeiture fund may be used for reclamation 23303
of the land or water resources affected by mine drainage that 23304
requires water treatment after reclamation is completed under 23305
the terms of the permit or an alternative water supply after 23306
reclamation is completed under the terms of the permit in an 23307
amount not to exceed the balance of the alternative financial 23308
security provided by the reclamation forfeiture fund under that 23309
division. 23310

(E) The chief shall keep a detailed accounting of the 23311

expenditures from the reclamation forfeiture fund to complete 23312
reclamation of the land or water resources, as applicable, and, 23313
upon completion of the reclamation, shall certify the 23314
expenditures to the attorney general. Upon the chief's 23315
certification of the expenditures from the reclamation 23316
forfeiture fund, the attorney general shall bring an action for 23317
that amount of money. The operator is liable for that expense in 23318
addition to any other liabilities imposed by law. Money so 23319
recovered shall be credited to the reclamation forfeiture fund. 23320
The chief shall not postpone the reclamation because of any 23321
action brought by the attorney general under this division. 23322
Prior to completing reclamation, the chief may collect through 23323
the attorney general any additional amount that the chief 23324
believes will be necessary for reclamation in excess of the 23325
forfeited performance security and any alternative financial 23326
security amount applicable to the land or water resources that 23327
the operator should have, but failed to, reclaim. 23328

(F) Except as otherwise provided in division (H) of this 23329
section, if any part of the money in the reclamation forfeiture 23330
fund remains in the fund after the chief has caused the area of 23331
land to be reclaimed and has paid all the reclamation costs and 23332
expenses, the chief may expend ~~those~~ money to complete other 23333
reclamation work performed under this section on forfeiture 23334
areas affected under a coal mining and reclamation permit issued 23335
on or after September 1, 1981. 23336

(G) The chief shall require every contractor performing 23337
reclamation work pursuant to this section to pay workers at the 23338
greater of their regular rate of pay, as established by 23339
contract, agreement, or prior custom or practice, or the average 23340
wage rate paid in this state for the same or similar work as 23341
determined by the chief under section 1513.02 of the Revised 23342

Code.	23343
(H) All investment earnings of the fund shall be credited to the fund and shall be used only for the reclamation of land for which performance security was provided under division (C) (2) of section 1513.08 of the Revised Code.	23344 23345 23346 23347
Sec. 1513.35. (A) In addition to the other requirements of this chapter, each permit issued by the chief of the division of mineral resources management under section 1513.07 of the Revised Code for underground coal mining shall require the operator to:	23348 23349 23350 23351 23352
(1) Implement measures consistent with known technology in order to prevent subsidence from causing material damage to the extent technologically and economically feasible, maximize mine stability, and maintain the value and reasonably foreseeable use of such surface lands, except in those instances where the mining technology used requires planned subsidence in a predictable and controlled manner. This section does not prohibit the standard method of room and pillar mining.	23353 23354 23355 23356 23357 23358 23359 23360
(2) Seal all portals, entryways, drifts, shafts, or other openings between the surface and underground mine workings when no longer needed for mining operations;	23361 23362 23363
(3) Fill or seal exploratory holes no longer necessary for mining, maximizing to the extent technologically and economically feasible the return of mining and processing waste, tailings, and any other waste incident to the mining operation, to the mine workings or excavations;	23364 23365 23366 23367 23368
(4) With respect to the surface disposal of mine wastes, tailings, coal processing wastes, and other wastes in areas other than the mine workings or excavations, stabilize all	23369 23370 23371

surface waste piles created by the operator from current 23372
operations through construction in compacted layers, including 23373
the use of noncombustible and impervious materials if necessary, 23374
and ensure that the leachate will not degrade below water 23375
quality standards established pursuant to applicable federal and 23376
state law surface or ground waters, that the final contour of 23377
the waste pile will be compatible with natural surroundings, and 23378
that the site is stabilized and revegetated according to this 23379
section; 23380

(5) Design, locate, construct, operate, maintain, enlarge, 23381
modify, and remove or abandon, in accordance with rules adopted 23382
by the chief, all existing and new coal mine waste piles 23383
consisting of mine wastes, tailings, coal processing wastes, or 23384
other liquid and solid wastes and used either temporarily or 23385
permanently as dams or embankments; 23386

(6) Establish on regraded areas and all other lands 23387
affected, a diverse and permanent vegetative cover capable of 23388
self-regeneration and plant succession and at least equal in 23389
extent of cover to the natural vegetation of the area; 23390

(7) Protect offsite areas from damage that may result from 23391
such mining operations; 23392

(8) Eliminate fire hazards and conditions that may 23393
constitute a hazard to the health and safety of the public; 23394

(9) Minimize the disturbances of the prevailing hydrologic 23395
balance at the minesite and in associated offsite areas and to 23396
the quantity of water in surface and ground water systems both 23397
during and after coal mining operations and during reclamation 23398
by: 23399

(a) Avoiding acid or other toxic mine drainage by such 23400

measures as, but not limited to:	23401
(i) Preventing or removing water from contact with toxic producing deposits;	23402 23403
(ii) Treating drainage to reduce toxic content that adversely affects downstream water upon being released to water courses;	23404 23405 23406
(iii) Casing, sealing, or otherwise managing boreholes, shafts, and wells to keep acid or other toxic drainage from entering ground and surface waters.	23407 23408 23409
(b) Conducting coal mining operations so as to prevent, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow or runoff outside the permit area, but in no event shall such contributions be in excess of requirements set by applicable state or federal law, and avoiding channel deepening or enlargement in operations requiring the discharge of water from mines.	23410 23411 23412 23413 23414 23415 23416 23417
(10) With respect to other surface impacts not specified in this division, including the construction of new roads or in improvement or use of existing roads for hauling or to gain access to the site, repair areas, storage areas, processing areas, shipping areas, or other areas upon which are sited structures, facilities, or other property or materials on the surface, resulting from or incident to such activities, operate in accordance with the standards established under section 1513.16 of the Revised Code for such effects that result from coal mining operations. The chief shall make such modifications in the requirements imposed by this division as are necessary to accommodate the difference between strip and underground coal	23418 23419 23420 23421 23422 23423 23424 23425 23426 23427 23428 23429

mining. 23430

(11) Minimize disturbances and adverse impacts of the 23431
operation on wildlife, fish, and related environmental values, 23432
and achieve enhancement of such resources where practicable, to 23433
the extent possible using the best currently available 23434
technology; 23435

(12) Locate openings for all new drift mines working acid- 23436
producing or iron-producing coal seams in such a manner so as to 23437
prevent a gravity discharge of water from the mine in accordance 23438
with rules adopted by the chief. 23439

(B) In order to protect the stability of the land, the 23440
chief shall suspend underground coal mining under urbanized 23441
areas, municipal corporations, or unincorporated communities or 23442
adjacent to industrial or commercial buildings, major 23443
impoundments, or permanent streams, if the chief finds imminent 23444
danger to inhabitants of the urbanized areas, municipal 23445
corporations, and unincorporated communities. 23446

(C) This chapter is applicable to surface operations and 23447
surface impacts incident to an underground coal mine with 23448
modifications as are necessary to accommodate the difference 23449
between surface coal mining and underground coal mining. The 23450
chief shall adopt the modifications by rule in accordance with 23451
~~section 1513.02 and~~ Chapter 119. of the Revised Code. 23452

Sec. 1513.37. (A) There is hereby created in the state 23453
treasury the abandoned mine reclamation fund, which shall be 23454
administered by the chief of the division of mineral resources 23455
management. The fund shall consist of grants from the secretary 23456
of the interior from the federal abandoned mine reclamation fund 23457
established by Title IV of the "Surface Mining Control and 23458

Reclamation Act of 1977," 91 Stat. 445, 30 U.S.C.A. 1201, 23459
regulations adopted under it, and amendments to the act and 23460
regulations and the federal "Infrastructure Investment and Jobs 23461
Act," Pub. L. No. 177-58. Expenditures from the abandoned mine 23462
reclamation fund shall be made by the chief for the following 23463
purposes: 23464

(1) Reclamation and restoration of land and water 23465
resources adversely affected by past coal mining, including, but 23466
not limited to, reclamation and restoration of abandoned strip 23467
mine areas, abandoned coal processing areas, and abandoned coal 23468
refuse disposal areas; sealing and filling of abandoned deep 23469
mine entries and voids; planting of land adversely affected by 23470
past coal mining; prevention of erosion and sedimentation; 23471
prevention, abatement, treatment, and control of water pollution 23472
created by coal mine drainage, including restoration of 23473
streambeds and construction and operation of water treatment 23474
plants; prevention, abatement, and control of burning coal 23475
refuse disposal areas and burning coal in situ; and prevention, 23476
abatement, and control of coal mine subsidence; 23477

(2) Acquisition and filling of voids and sealing of 23478
tunnels, shafts, and entryways of noncoal lands; 23479

(3) Reclaiming land, public or private, affected by 23480
mining, or controlling mine drainage under section 1513.27 of 23481
the Revised Code in accordance with the requirements of the 23482
federal "Infrastructure Investment and Jobs Act," Pub. L. No. 23483
177-58; 23484

(4) Acquisition of land as provided for in this section; 23485

(5) Administrative expenses incurred in accomplishing the 23486
purposes of this section; 23487

(6) All other necessary expenses to accomplish the purposes of this section.	23488 23489
(B) Expenditures of money from the abandoned mine reclamation fund on land and water eligible pursuant to division (C) of this section shall reflect the following priorities in the order stated:	23490 23491 23492 23493
(1) The protection of public health, safety, general welfare, and property from extreme danger of adverse effects of coal mining practices;	23494 23495 23496
(2) The protection of public health, safety, and general welfare from adverse effects of coal mining practices;	23497 23498
(3) The restoration of land and water resources and the environment previously degraded by adverse effects of coal mining practices, including measures for the conservation and development of soil and water (excluding channelization), woodland, fish and wildlife, recreation resources, and agricultural productivity;	23499 23500 23501 23502 23503 23504
(4) Research and demonstration projects relating to the development of coal mining reclamation and water quality control program methods and techniques;	23505 23506 23507

(C) (1) Lands and water eligible for reclamation or 23516
drainage abatement expenditures under this section are those 23517
that were mined for coal or were affected by such mining, 23518
wastebanks, coal processing, or other coal mining processes and 23519
that meet one of the following criteria: 23520

(a) Are lands that were abandoned or left in an inadequate 23521
reclamation status prior to August 3, 1977, and for which there 23522
is no continuing reclamation responsibility under state or 23523
federal laws; 23524

(b) Are lands for which the chief finds that surface coal 23525
mining operations occurred at any time between August 4, 1977, 23526
and August 16, 1982, and that any money for reclamation or 23527
abatement that are available pursuant to a bond, performance 23528
security, or other form of financial guarantee or from any other 23529
source are not sufficient to provide for adequate reclamation or 23530
abatement at the site; 23531

(c) Are lands for which the chief finds that surface coal 23532
mining operations occurred at any time between August 4, 1977, 23533
and November 5, 1990, that the surety of the mining operator 23534
became insolvent during that time, and that, as of November 5, 23535
1990, any money immediately available from proceedings relating 23536
to that insolvency or from any financial guarantee or other 23537
source are not sufficient to provide for adequate reclamation or 23538
abatement at the site. 23539

(2) In determining which sites to reclaim pursuant to 23540
divisions (C) (1) (b) and (c) of this section, the chief shall 23541
follow the priorities stated in divisions (B) (1) and (2) of this 23542
section and shall ensure that priority is given to those sites 23543
that are in the immediate vicinity of a residential area or that 23544
have an adverse economic impact on a local community. 23545

(3) Surface coal mining operations on lands eligible for 23546
remining shall not affect the eligibility of those lands for 23547
reclamation and restoration under this section after the release 23548
of the bond, performance security, or other form of financial 23549
guarantee for any such operation as provided under division (F) 23550
of section 1513.16 of the Revised Code. If the bond, performance 23551
security, or other form of financial guarantee for a surface 23552
coal mining operation on lands eligible for remining is 23553
forfeited, money available under this section may be used if the 23554
amount of the bond, performance security, or other form of 23555
financial guarantee is not sufficient to provide for adequate 23556
reclamation or abatement, except that if conditions warrant, the 23557
chief immediately shall exercise the authority granted under 23558
division (L) of this section. 23559

(D) The chief may submit to the secretary of the interior 23560
a state reclamation plan and annual projects to carry out the 23561
purposes of this section. 23562

(1) The reclamation plan generally shall identify the 23563
areas to be reclaimed, the purposes for which the reclamation is 23564
proposed, the relationship of the lands to be reclaimed and the 23565
proposed reclamation to surrounding areas, the specific criteria 23566
for ranking and identifying projects to be funded, and the legal 23567
authority and programmatic capability to perform the work in 23568
accordance with this section. 23569

(2) On an annual basis, the chief may submit to the 23570
secretary an application for support of the abandoned mine 23571
reclamation fund and implementation of specific reclamation 23572
projects. The annual requests shall include such information as 23573
may be requested by the secretary. 23574

(3) The costs for each proposed project under this section 23575

shall include actual construction costs, actual operation and 23576
maintenance costs of permanent facilities, planning and 23577
engineering costs, construction inspection costs, and other 23578
necessary administrative expenses. 23579

(4) The chief may submit annual and other reports required 23580
by the secretary when funds are provided by the secretary under 23581
either of the following: 23582

(a) Title IV of the "Surface Mining Control and 23583
Reclamation Act of 1977," 91 Stat. 445, 30 U.S.C.A. 1201, 23584
regulations adopted under it, and amendments to the act and 23585
regulations; 23586

(b) The federal "Infrastructure Investment and Jobs Act," 23587
Pub. L. No. 177-58. 23588

(E) (1) There is hereby created in the state treasury the 23589
acid mine drainage abatement and treatment fund, which shall be 23590
administered by the chief. The fund shall consist of grants from 23591
the secretary of the interior from the federal abandoned mine 23592
reclamation fund pursuant to section 402(g) (6) of Title IV of 23593
the "Surface Mining Control and Reclamation Act of 1977," 91 23594
Stat. 445, 30 U.S.C.A. 1201. All investment earnings of the fund 23595
shall be credited to the fund. 23596

(2) The chief shall make expenditures from the fund, in 23597
consultation with the United States department of agriculture, 23598
soil conservation service, to implement acid mine drainage 23599
abatement and treatment plans approved by the secretary. The 23600
plans shall provide for the comprehensive abatement of the 23601
causes and treatment of the effects of acid mine drainage within 23602
qualified hydrologic units affected by coal mining practices and 23603
shall include at least all of the following: 23604

(a) An identification of the qualified hydrologic unit. As used in division (E) of this section, "qualified hydrologic unit" means a hydrologic unit that meets all of the following criteria:	23605 23606 23607 23608
(i) The water quality in the unit has been significantly affected by acid mine drainage from coal mining practices in a manner that has an adverse impact on biological resources.	23609 23610 23611
(ii) The unit contains lands and waters that meet the eligibility requirements established under division (C) of this section and any of the priorities established in divisions (B) (1) to (3) of this section.	23612 23613 23614 23615
(iii) The unit contains lands and waters that are proposed to be the subject of expenditures from the reclamation forfeiture fund created in section 1513.18 of the Revised Code or the mining regulation and safety fund created in section 1513.30 of the Revised Code.	23616 23617 23618 23619 23620
(b) The extent to which acid mine drainage is affecting the water quality and biological resources within the hydrologic unit;	23621 23622 23623
(c) An identification of the sources of acid mine drainage within the hydrologic unit;	23624 23625
(d) An identification of individual projects and the measures proposed to be undertaken to abate and treat the causes or effects of acid mine drainage within the hydrologic unit;	23626 23627 23628
(e) The cost of undertaking the proposed abatement and treatment measures;	23629 23630
(f) An identification of existing and proposed sources of funding for those measures;	23631 23632

(g) An analysis of the cost-effectiveness and environmental benefits of abatement and treatment measures. 23633
23634

(3) The chief may make grants of money from the acid mine drainage abatement and treatment fund to watershed groups for conducting projects to accomplish the purposes of this section. 23635
23636
A grant may be made in an amount equal to not more than fifty per cent of each of the following: 23637
23638
23639

(a) Reasonable and necessary expenses for the collection and analysis of data sufficient to do either or both of the following: 23640
23641
23642

(i) Identify a watershed as a qualified hydrologic unit; 23643

(ii) Monitor the quality of water in a qualified hydrologic unit before, during, and at any time after completion of the project by the watershed group. 23644
23645
23646

(b) Engineering design costs and construction costs involved in the project, provided that the project is conducted in a qualified hydrologic unit and the chief considers the project to be a priority. 23647
23648
23649
23650

A watershed group that wishes to obtain a grant under division (E) (3) of this section shall submit an application to the chief on forms provided by the division of mineral resources management, together with detailed estimates and timetables for accomplishing the stated goals of the project and any other information that the chief requires. 23651
23652
23653
23654
23655
23656

For the purposes of establishing priorities for awarding grants under division (E) (3) of this section, the chief shall consider each project's feasibility, cost-effectiveness, and environmental benefit, together with the availability of matching funding, including in-kind services, for the project. 23657
23658
23659
23660
23661

The chief shall enter into a contract for funding with 23662
each applicant awarded a grant to ensure that the money granted 23663
is used for the purposes of this section and that the work that 23664
the project involves is done properly. The contract is not 23665
subject to division (B) of section 127.16 of the Revised Code. 23666
The final payment of grant money shall not be made until the 23667
chief inspects and approves the completed project. 23668

The chief shall require each applicant awarded a grant 23669
under this section who conducts a project involving construction 23670
work to pay workers at the greater of their regular rate of pay, 23671
as established by contract, agreement, or prior custom or 23672
practice, or the average wage rate paid in this state for the 23673
same or similar work performed in the same or a similar locality 23674
by private companies doing similar work on similar projects. 23675

As used in division (E) (3) of this section, "watershed 23676
group" means a charitable organization as defined in section 23677
1716.01 of the Revised Code that has been established for the 23678
purpose of conducting reclamation of land and waters adversely 23679
affected by coal mining practices and specifically for 23680
conducting acid mine drainage abatement. 23681

(F) (1) If the chief makes a finding of fact that land or 23682
water resources have been adversely affected by past coal mining 23683
practices; the adverse effects are at a stage where, in the 23684
public interest, action to restore, reclaim, abate, control, or 23685
prevent the adverse effects should be taken; the owners of the 23686
land or water resources where entry must be made to restore, 23687
reclaim, abate, control, or prevent the adverse effects of past 23688
coal mining practices are not known or are not readily 23689
available; or the owners will not give permission for the state, 23690
political subdivisions, or their agents, employees, or 23691

contractors to enter upon the property to restore, reclaim, 23692
abate, control, or prevent the adverse effects of past coal 23693
mining practices; then, upon giving notice by mail to the 23694
owners, if known, or, if not known, by posting notice upon the 23695
premises and advertising once in a newspaper of general 23696
circulation in the municipal corporation or county in which the 23697
land lies, the chief or the chief's agents, employees, or 23698
contractors may enter upon the property adversely affected by 23699
past coal mining practices and any other property to have access 23700
to the property to do all things necessary or expedient to 23701
restore, reclaim, abate, control, or prevent the adverse 23702
effects. The entry shall be construed as an exercise of the 23703
police power for the protection of the public health, safety, 23704
and general welfare and shall not be construed as an act of 23705
condemnation of property nor of trespass on it. The money 23706
expended for the work and the benefits accruing to any such 23707
premises so entered upon shall be chargeable against the land 23708
and shall mitigate or offset any claim in or any action brought 23709
by any owner of any interest in the premises for any alleged 23710
damages by virtue of the entry, but this provision is not 23711
intended to create new rights of action or eliminate existing 23712
immunities. 23713

(2) The chief or the chief's authorized representatives 23714
may enter upon any property for the purpose of conducting 23715
studies or exploratory work to determine the existence of 23716
adverse effects of past coal mining practices and to determine 23717
the feasibility of restoration, reclamation, abatement, control, 23718
or prevention of such adverse effects. The entry shall be 23719
construed as an exercise of the police power for the protection 23720
of the public health, safety, and general welfare and shall not 23721
be construed as an act of condemnation of property nor trespass 23722

on it. 23723

(3) The chief may acquire any land by purchase, donation, 23724
or condemnation that is adversely affected by past coal mining 23725
practices if the chief determines that acquisition of the land 23726
is necessary to successful reclamation and that all of the 23727
following apply: 23728

(a) The acquired land, after restoration, reclamation, 23729
abatement, control, or prevention of the adverse effects of past 23730
coal mining practices, will serve recreation and historic 23731
purposes, serve conservation and reclamation purposes, or 23732
provide open space benefits. 23733

(b) Permanent facilities such as a treatment plant or a 23734
relocated stream channel will be constructed on the land for the 23735
restoration, reclamation, abatement, control, or prevention of 23736
the adverse effects of past coal mining practices. 23737

(c) Acquisition of coal refuse disposal sites and all coal 23738
refuse thereon will serve the purposes of this section or public 23739
ownership is desirable to meet emergency situations and prevent 23740
recurrences of the adverse effects of past coal mining 23741
practices. 23742

(4) (a) Title to all lands acquired pursuant to this 23743
section shall be in the name of the state. The price paid for 23744
land acquired under this section shall reflect the market value 23745
of the land as adversely affected by past coal mining practices. 23746

(b) The chief may receive grants on a matching basis from 23747
the secretary of the interior for the purpose of carrying out 23748
this section. 23749

(5) (a) Where land acquired pursuant to this section is 23750
considered to be suitable for industrial, commercial, 23751

residential, or recreational development, the chief may sell the 23752
land by public sale under a system of competitive bidding at not 23753
less than fair market value and under other requirements imposed 23754
by rule to ensure that the lands are put to proper use 23755
consistent with local and state land use plans, if any, as 23756
determined by the chief. 23757

(b) The chief, when requested, and after appropriate 23758
public notice, shall hold a public meeting in the county, 23759
counties, or other appropriate political subdivisions of the 23760
state in which lands acquired pursuant to this section are 23761
located. The meetings shall be held at a time that shall afford 23762
local citizens and governments the maximum opportunity to 23763
participate in the decision concerning the use or disposition of 23764
the lands after restoration, reclamation, abatement, control, or 23765
prevention of the adverse effects of past coal mining practices. 23766

(6) In addition to the authority to acquire land under 23767
division (F)(3) of this section, the chief may use money in the 23768
fund to acquire land by purchase, donation, or condemnation, and 23769
to reclaim and transfer acquired land to a political 23770
subdivision, or to any person, if the chief determines that it 23771
is an integral and necessary element of an economically feasible 23772
plan for the construction or rehabilitation of housing for 23773
persons disabled as the result of employment in the mines or 23774
work incidental to that employment, persons displaced by 23775
acquisition of land pursuant to this section, persons dislocated 23776
as the result of adverse effects of coal mining practices that 23777
constitute an emergency as provided in the "Surface Mining 23778
Control and Reclamation Act of 1977," 91 Stat. 466, 30 U.S.C.A. 23779
1240, or amendments to it, or persons dislocated as the result 23780
of natural disasters or catastrophic failures from any cause. 23781
Such activities shall be accomplished under such terms and 23782

conditions as the chief requires, which may include transfers of 23783
land with or without monetary consideration, except that to the 23784
extent that the consideration is below the fair market value of 23785
the land transferred, no portion of the difference between the 23786
fair market value and the consideration shall accrue as a profit 23787
to those persons. No part of the funds provided under this 23788
section may be used to pay the actual construction costs of 23789
housing. The chief may carry out the purposes of division (F) (6) 23790
of this section directly or by making grants and commitments for 23791
grants and may advance money under such terms and conditions as 23792
the chief may require to any agency or instrumentality of the 23793
state or any public body or nonprofit organization designated by 23794
the chief. 23795

(G) (1) Within six months after the completion of projects 23796
to restore, reclaim, abate, control, or prevent adverse effects 23797
of past coal mining practices on privately owned land, the chief 23798
shall itemize the money so expended and may file a statement of 23799
the expenditures in the office of the county recorder of the 23800
county in which the land lies, together with a notarized 23801
appraisal by an independent appraiser of the value of the land 23802
before the restoration, reclamation, abatement, control, or 23803
prevention of adverse effects of past coal mining practices if 23804
the money so expended result in a significant increase in 23805
property value. The statement shall constitute a lien upon the 23806
land as of the date of the expenditures of the money and shall 23807
have priority as a lien second only to the lien of real property 23808
taxes imposed upon the land. The lien shall not exceed the 23809
amount determined by the appraisal to be the increase in the 23810
fair market value of the land as a result of the restoration, 23811
reclamation, abatement, control, or prevention of the adverse 23812
effects of past coal mining practices. No lien shall be filed 23813

under division (G) of this section against the property of any 23814
person who owned the surface prior to May 2, 1977, and did not 23815
consent to, participate in, or exercise control over the mining 23816
operation that necessitated the reclamation performed. 23817

(2) The landowner may petition, within sixty days after 23818
the filing of the lien, to determine the increase in the fair 23819
market value of the land as a result of the restoration, 23820
reclamation, abatement, control, or prevention of the adverse 23821
effects of past coal mining practices. The amount reported to be 23822
the increase in value of the premises shall constitute the 23823
amount of the lien and shall be recorded with the statement 23824
provided in this section. Any party aggrieved by the decision 23825
may appeal as provided by state law. 23826

(3) The lien provided in division (G) of this section 23827
shall be recorded and indexed, under the name of the state and 23828
the landowner, in the official records in the office of the 23829
county recorder of the county in which the land lies. The county 23830
recorder shall impose no charge for the recording or indexing of 23831
the lien. If the land is registered, the county recorder shall 23832
make a notation and enter a memorial of the lien upon the page 23833
of the register in which the last certificate of title to the 23834
land is registered, stating the name of the claimant, amount 23835
claimed, volume and page of the record where recorded, and exact 23836
time the memorial was entered. 23837

(4) The lien shall continue in force so long as any 23838
portion of the amount of the lien remains unpaid. If the lien 23839
remains unpaid at the time of conveyance of the land on which 23840
the lien was placed, the conveyance may be set aside. Upon 23841
repayment in full of the money expended under this section, the 23842
chief promptly shall issue a certificate of release of the lien. 23843

Upon presentation of the certificate of release, the county 23844
recorder of the county in which the lien is recorded shall 23845
record the lien as having been discharged. 23846

(5) A lien imposed under this section shall be foreclosed 23847
upon the substantial failure of a landowner to pay any portion 23848
of the amount of the lien. Before foreclosing any lien under 23849
this section, the chief shall make a written demand upon the 23850
landowner for payment. If the landowner does not pay the amount 23851
due within sixty days, the chief shall refer the matter to the 23852
attorney general, who shall institute a civil action to 23853
foreclose the lien. 23854

(H) (1) The chief may fill voids, seal abandoned tunnels, 23855
shafts, and entryways, and reclaim surface impacts of 23856
underground or strip mines that the chief determines could 23857
endanger life and property, constitute a hazard to the public 23858
health and safety, or degrade the environment. 23859

(2) In those instances where mine waste piles are being 23860
reworked for conservation purposes, the incremental costs of 23861
disposing of the wastes from those operations by filling voids 23862
and sealing tunnels may be eligible for funding, provided that 23863
the disposal of these wastes meets the purposes of this section. 23864

(3) The chief may acquire by purchase, donation, easement, 23865
or otherwise such interest in land as the chief determines 23866
necessary to carry out division (H) of this section. 23867

(I) The chief shall report annually to the secretary of 23868
the interior on operations under the fund and include 23869
recommendations as to its future uses. 23870

(J) (1) The chief may engage in any work and do all things 23871
necessary or expedient, ~~including~~ except the adoption of rules, 23872

to implement and administer this section. 23873

(2) The chief may engage in cooperative projects under 23874
this section with any agency of the United States, any other 23875
state, or their governmental agencies or with any state 23876
university or college as defined in section 3345.27 of the 23877
Revised Code. The cooperative projects are not subject to 23878
division (B) of section 127.16 of the Revised Code. 23879

(3) The chief may request the attorney general to initiate 23880
in any court of competent jurisdiction an action in equity for 23881
an injunction to restrain any interference with the exercise of 23882
the right to enter or to conduct any work provided in this 23883
section, which remedy is in addition to any other remedy 23884
available under this section. 23885

(4) The chief may construct or operate a plant or plants 23886
for the control and treatment of water pollution resulting from 23887
mine drainage. The extent of this control and treatment may be 23888
dependent upon the ultimate use of the water. Division (J)(4) of 23889
this section does not repeal or supersede any portion of the 23890
"Federal Water Pollution Control Act," 70 Stat. 498 (1965), 33 23891
U.S.C.A. 1151, as amended, and no control or treatment under 23892
division (J)(4) of this section, in any way, shall be less than 23893
that required by that act. The construction of a plant or plants 23894
may include major interceptors and other facilities appurtenant 23895
to the plant. 23896

(5) The chief may transfer money from the abandoned mine 23897
reclamation fund and the acid mine drainage abatement and 23898
treatment fund to other appropriate state agencies or to state 23899
universities or colleges in order to carry out the reclamation 23900
activities authorized by this section. 23901

(K) The chief may contract for any part of work to be performed under this section, with or without advertising for bids, if the chief determines that a condition exists that could reasonably be expected to cause substantial physical harm to persons, property, or the environment and to which persons or improvements on real property are currently exposed.

The chief shall require every contractor performing reclamation work under this section to pay its workers at the greater of their regular rate of pay, as established by contract, agreement, or prior custom or practice, or the average wage rate paid in this state for the same or similar work as determined by the chief under section 1513.02 of the Revised Code.

(L) (1) The chief may contract for the emergency restoration, reclamation, abatement, control, or prevention of adverse effects of mining practices on eligible lands if the chief determines that an emergency exists constituting a danger to the public health, safety, or welfare and that no other person or agency will act expeditiously to restore, reclaim, abate, control, or prevent those adverse effects. The chief may enter into a contract for emergency work under division (L) of this section without advertising for bids. Any such contract or any purchase of materials for emergency work under division (L) of this section is not subject to division (B) of section 127.16 of the Revised Code.

(2) The chief or the chief's agents, employees, or contractors may enter on any land where such an emergency exists, and on other land in order to have access to that land, in order to restore, reclaim, abate, control, or prevent the adverse effects of mining practices and to do all things

necessary or expedient to protect the public health, safety, or welfare. Such an entry shall be construed as an exercise of the police power and shall not be construed as an act of condemnation of property or of trespass. The money expended for the work and the benefits accruing to any premises so entered upon shall be chargeable against the land and shall mitigate or offset any claim in or any action brought by any owner of any interest in the premises for any alleged damages by virtue of the entry. This provision is not intended to create new rights of action or eliminate existing immunities.

Sec. 1521.062. (A) All dams and levees constructed in this 24089
state and not exempted by this section or by the chief of the 24090
division of water resources under section 1521.06 of the Revised 24091
Code shall be inspected periodically by the chief, except for 24092
classes of dams that, in accordance with rules adopted under 24093
this section, are required to be inspected by registered 24094
professional engineers who have been approved for that purpose 24095
by the chief. The inspection shall ensure that continued 24096
operation and use of the dam or levee does not constitute a 24097
hazard to life, health, or property. Periodic inspections shall 24098
not be required of the following structures: 24099

(1) A dam that is less than ten feet in height and has a 24100
storage capacity of not more than fifty acre-feet at the 24101
elevation of the top of the dam, as determined by the chief. For 24102
the purposes of this section, the height of a dam shall be 24103
measured from the natural stream bed or lowest ground elevation 24104
at the downstream or outside limit of the dam to the elevation 24105
of the top of the dam. 24106

(2) A dam, regardless of height, that has a storage capacity of not more than fifteen acre-feet at the elevation of the top of the dam, as determined by the chief; 24107
24108
24109

(3) A dam, regardless of storage capacity, that is six feet or less in height, as determined by the chief; 24110
24111

(4) A dam or levee belonging to a class exempted by the chief; 24112
24113

(5) A dam or levee that has been exempted in accordance with rules adopted under section 1521.064 of the Revised Code. 24114
24115

(B) In accordance with rules adopted under this section, the owner of a dam that is in a class of dams that is designated in the rules for inspection by registered professional engineers shall obtain the services of a registered professional engineer who has been approved by the chief to conduct the periodic inspection of dams pursuant to schedules and other standards and procedures established in the rules. The registered professional engineer shall prepare a report of the inspection in accordance with the rules and provide the inspection report to the dam owner who shall submit it to the chief. A dam that is designated under the rules for inspection by a registered professional engineer, but that is not inspected within a five-year period may be inspected by the chief at the owner's expense. 24116
24117
24118
24119
24120
24121
24122
24123
24124
24125
24126
24127
24128

(C) Intervals between periodic inspections shall be determined by the chief, but shall not exceed five years. 24129
24130

(D) In the case of a dam or levee that the chief inspects, the chief shall furnish a report of the inspection to the owner of the dam or levee. With regard to a dam or levee that has been inspected, either by the chief or by a registered professional engineer, and that is the subject of an inspection report 24131
24132
24133
24134
24135

prepared or received by the chief, the chief shall inform the 24136
owner of any required repairs, maintenance, investigations, and 24137
other remedial and operational measures. The chief shall order 24138
the owner to perform such repairs, maintenance, investigations, 24139
or other remedial or operational measures as the chief considers 24140
necessary to safeguard life, health, or property. The order 24141
shall permit the owner a reasonable time in which to perform the 24142
needed repairs, maintenance, investigations, or other remedial 24143
measures, and the cost thereof shall be borne by the owner. All 24144
orders of the chief are subject to appeal as provided in Chapter 24145
119. of the Revised Code. 24146

(E) The owner of a dam or levee shall monitor, maintain, 24147
and operate the structure and its appurtenances safely in 24148
accordance with state rules, terms and conditions of permits, 24149
orders, and other requirements issued pursuant to this section 24150
or section 1521.06 of the Revised Code. The owner shall fully 24151
and promptly notify the division of water resources and other 24152
responsible authorities of any condition that threatens the 24153
safety of the structure and shall take all necessary actions to 24154
safeguard life, health, and property. 24155

(F) Before commencing the repair, improvement, alteration, 24156
or removal of a dam or levee, the owner shall file an 24157
application including plans, specifications, and other required 24158
information with the division and shall secure written approval 24159
of the application by the chief. Emergency actions by the owner 24160
required to safeguard life, health, or property are exempt from 24161
this requirement. The chief may, by rule, define maintenance, 24162
repairs, or other remedial measures of a routine nature that are 24163
exempt from this requirement. 24164

(G) The chief may remove or correct, at the expense of the 24165

owner, any unsafe structures found to be constructed or 24166
maintained in violation of this section or section 1521.06 of 24167
the Revised Code. In the case of an owner other than a 24168
governmental agency, the cost of removal or correction of any 24169
unsafe structure, together with a description of the property on 24170
which the unsafe structure is located, shall be certified by the 24171
chief to the county auditor and placed by the county auditor 24172
upon the tax duplicate. This cost is a lien upon the lands from 24173
the date of entry and shall be collected as other taxes and 24174
returned to the division. In the case of an owner that is a 24175
governmental agency, the cost of removal or correction of any 24176
unsafe structure shall be recoverable from the owner by 24177
appropriate action in a court of competent jurisdiction. 24178

(H) If the condition of any dam or levee is found, in the 24179
judgment of the chief, to be so dangerous to the safety of life, 24180
health, or property as not to permit time for the issuance and 24181
enforcement of an order relative to repair, maintenance, or 24182
operation, the chief shall employ any of the following remedial 24183
means necessary to protect life, health, and property: 24184

(1) Lower the water level of the lake or reservoir by 24185
releasing water; 24186

(2) Completely drain the lake or reservoir; 24187

(3) Take such other measures or actions as the chief 24188
considers necessary to safeguard life, health, and property. 24189

The chief shall continue in full charge and control of the 24190
dam or levee until the structure is rendered safe. The cost of 24191
the remedy shall be recoverable from the owner of the structure 24192
by appropriate action in a court of competent jurisdiction. 24193

(I) The chief may accept and expend gifts, bequests, and 24194

grants from the United States government or from any other 24195
public or private source and may contract with the United States 24196
government or any other agency or entity for the purpose of 24197
carrying out the dam safety functions set forth in this section 24198
and section 1521.06 of the Revised Code. 24199

(J) In accordance with Chapter 119. of the Revised Code, 24200
the chief may adopt, and may amend or rescind, rules that do all 24201
of the following: 24202

(1) Designate classes of dams for which dam owners must 24203
obtain the services of a registered professional engineer to 24204
periodically inspect the dams and to prepare reports of the 24205
inspections for submittal to the chief; 24206

(2) Establish standards in accordance with which the chief 24207
must approve or disapprove registered professional engineers to 24208
inspect dams together with procedures governing the approval 24209
process; 24210

(3) Establish schedules, standards, and procedures 24211
governing periodic inspections and standards and procedures 24212
governing the preparation and submittal of inspection reports; 24213

~~(4) Establish provisions regarding the enforcement of this 24214
section and rules adopted under it. 24215~~

(K) The owner of a dam or levee shall notify the chief in 24216
writing of a change in ownership of the dam or levee prior to 24217
the exchange of the property. 24218

Sec. 1521.063. (A) Except for the federal government, the 24219
owner of a dam, that is classified as a class I, class II, or 24220
class III dam under rules adopted under section 1521.06 of the 24221
Revised Code and subject to section 1521.062 of the Revised Code 24222
shall pay an annual fee in accordance with the annual fee 24223

schedule established in rules adopted under division (B) of this section. The fee shall be paid to the division of water resources on or before the thirtieth day of June of each year.

All fees collected under this section shall be deposited in the dam safety fund created in section 1521.06 of the Revised Code. Any owner who fails to pay any annual fee required by this section within sixty days after the due date shall be assessed a penalty of ten per cent of the annual fee plus interest at the rate of one-half per cent per month from the due date until the date of payment.

There is hereby created the compliant dam discount program to be administered by the chief of the division of water resources. Under the program, the chief may reduce the amount of the annual fee that an owner of a dam is required to pay in accordance with rules adopted by the chief under division (B) of this section if the owner is in compliance with section 1521.062 of the Revised Code and has developed an emergency action plan—~~pursuant to standards established in rules adopted under this section.~~ The chief shall not discount an annual fee by more than twenty-five per cent of the total annual fee that is due. In addition, the chief shall not discount the annual fee that is due from the owner of a dam who has been assessed a penalty under this section.

~~(B) (1) The chief shall, in accordance with Chapter 119. of the Revised Code and subject to the prior approval of the director of natural resources, adopt, and may amend or rescind, rules for the collection of fees and the administration, implementation, and enforcement of this section.~~

~~(2)~~ The chief shall, in accordance with Chapter 119. of the Revised Code, adopt rules for the establishment of an annual

fee schedule for purposes of this section. 24254

~~(3)~~(2) The annual fee schedule must be based on the height 24255
of the dam, the linear foot length of the dam, and the per-acre 24256
foot of volume of water impounded by the dam. For purposes of 24257
this section, the height of a dam is the vertical height, to the 24258
nearest foot, as determined by the division under section 24259
1521.062 of the Revised Code. 24260

(C) No person, political subdivision, or state 24261
governmental agency shall violate or fail to comply with this 24262
section or any rule or order adopted or issued under it. 24263

(D) As used in this section, "political subdivision" 24264
includes townships, municipal corporations, counties, school 24265
districts, municipal universities, park districts, sanitary 24266
districts, and conservancy districts and subdivisions thereof. 24267

Sec. 1521.13. (A) Development in one-hundred-year 24268
floodplain areas shall be protected to at least the one-hundred- 24269
year flood level, and flood water conveyance shall be 24270
maintained, at a minimum, in accordance with standards 24271
established under the national flood insurance program. This 24272
division does not preclude a state agency or political 24273
subdivision from establishing flood protection standards that 24274
are more restrictive than this division. 24275

(B) Prior to the expenditure of money for or the 24276
construction of buildings, structures, roads, bridges, or other 24277
facilities in locations that may be subject to flooding or flood 24278
damage, all state agencies and political subdivisions shall 24279
notify and consult with the division of water resources and 24280
shall furnish information that the division reasonably requires 24281
in order to avoid the uneconomic, hazardous, or unnecessary use 24282

of floodplains in connection with such facilities.	24283
(C) The chief of the division of water resources shall do	24284
all of the following:	24285
(1) Coordinate the floodplain management activities of	24286
state agencies and political subdivisions with the floodplain	24287
management activities of the United States, including the	24288
national flood insurance program;	24289
(2) Collect, prepare, and maintain technical data and	24290
information on floods and floodplain management and make the	24291
data and information available to the public, state agencies,	24292
political subdivisions, and agencies of the United States;	24293
(3) Cooperate and enter into agreements with persons for	24294
the preparation of studies and reports on floods and floodplain	24295
management;	24296
(4) Assist any county, municipal corporation, or state	24297
agency in developing comprehensive floodplain management	24298
programs;	24299
(5) Provide technical assistance to any county, municipal	24300
corporation, or state agency through engineering assistance,	24301
data collection, preparation of model laws, training, and other	24302
activities relating to floodplain management;	24303
(6) For the purpose of reducing damages and the threat to	24304
life, health, and property in the event of a flood, cooperate	24305
with state agencies, political subdivisions, and the United	24306
States in the development of flood warning systems, evacuation	24307
plans, and flood emergency preparedness plans;	24308
(7) Upon request, assist the emergency management agency	24309
established by section 5502.22 of the Revised Code in the	24310

preparation of flood hazard mitigation reports required as a 24311
condition for receiving federal disaster aid under the "Disaster 24312
Relief Act of 1974," 88 Stat. 143, 42 U.S.C.A. 5121, as amended, 24313
and regulations adopted under it; 24314

~~(8) Adopt, and may amend or rescind, rules in accordance~~ 24315
~~with Chapter 119. of the Revised Code for the administration,~~ 24316

~~1521.14 and 1521.18 of the Revised Code;~~ 24318

~~(9)~~ Establish, by rule, technical standards for the 24319
delineation and mapping of floodplains and for the conduct of 24320
engineering studies to determine the vertical and horizontal 24321
limits of floodplains and for the assessment of development 24322
impacts on flood heights and flood conveyance. The standards 24323
established in rules adopted under this division shall be 24324
consistent with and no more stringent than the analogous 24325
standards established under the national flood insurance 24326
program. 24327

~~(10)~~(9) On behalf of the director of natural resources, 24328
administer section 1506.04 of the Revised Code. 24329

In addition to the duties imposed in divisions (C)(1) to 24330
~~(10)~~(9) of this section, and with respect to existing publicly 24331

eighteen years at the time of application for a permit. 25162

(b) "Senior" means an applicant who is sixty-five years of 25163
age or older at the time of application for a permit. 25164

(C) Each type of fur taker permit is valid during the 25165
hunting license year in which the permit is purchased. The money 25166
received shall be paid into the state treasury to the credit of 25167
the fund established in section 1533.15 of the Revised Code. 25168
Apprentice fur taker permits and apprentice youth fur taker 25169
permits are subject to the requirements established under 25170
section 1533.102 of the Revised Code and rules adopted pursuant 25171
to it. 25172

(D) (1) No person shall issue a fur taker permit to an 25173
applicant unless it is accompanied by a written explanation of 25174
the law in section 1533.17 of the Revised Code and the penalty 25175
for its violation, including a description of terms of 25176
imprisonment and fines that may be imposed. 25177

(2) No person shall issue a fur taker permit, other than 25178
an apprentice fur taker permit or an apprentice youth fur taker 25179

hunting license or fur taker permit or evidence of such a 25191

license or permit. 25192

(3) No person shall issue a fur taker permit, other than 25193

permit, other than an apprentice fur taker permit or an 25197
apprentice youth fur taker permit, without presenting to the 25198
issuing agent the evidence required by this section. Issuance of 25199
a fur taker permit in violation of the requirements of this 25200
section is an offense by both the purchaser of the illegally 25201
obtained permit and the clerk or agent who issued the permit. 25202
Any fur taker permit issued in violation of this section is 25203
void. 25204

shall adopt rules prescribing a trapper education course for 25206
first-time fur taker permit buyers, other than buyers of 25207

fines that may be imposed, and other law relating to trapping. 25215
Authorized personnel of the division of wildlife or volunteer 25216
instructors approved by the chief shall conduct the courses with 25217
such frequency and at such locations throughout the state as to 25218
reasonably meet the needs of permit applicants. The chief shall 25219
issue a certificate of completion to each person who 25220
successfully completes the course and passes an examination 25221
prescribed by the chief. 25222

(F) Every person, while hunting or trapping fur-bearing animals on lands of another, shall carry the person's fur taker permit with the person's signature written on the permit. If the owner of land in this state is a limited liability company or a limited liability partnership that consists of three or fewer individual members or partners, as applicable, an individual member or partner who is a resident of this state and the member's or partner's parents, children of any age, and grandchildren under eighteen years of age may hunt or trap fur-bearing animals on the land owned by the limited liability company or limited liability partnership without a fur taker permit. In addition, if the owner of land in this state is a trust that has a total of three or fewer trustees and beneficiaries, an individual who is a trustee or beneficiary and who is a resident of this state and the individual's parents, children of any age, and grandchildren under eighteen years of age may hunt or trap fur-bearing animals on the land owned by the trust without a fur taker permit. The tenant and children of the tenant may hunt or trap fur-bearing animals on lands where they reside without a fur taker permit.

(H) A fur taker permit is not transferable. No person shall carry a fur taker permit issued in the name of another

this state fur-bearing animals taken and possessed by the 25256
nonresident as provided by law or division rule. 25257

Sec. 1533.112. Except as provided in this section or 25258
unless otherwise provided by division rule, no person shall hunt 25259
ducks, geese, or brant on the lands of another without first 25260
obtaining an annual wetlands habitat stamp. The annual fee for 25261
the wetlands habitat stamp is fourteen dollars for each stamp 25262
unless otherwise provided in rules adopted under division (B) of 25263
section 1533.12 of the Revised Code. 25264

Moneys received from the stamp fee shall be paid into the 25265
state treasury to the credit of the wetlands habitat fund, which 25266
is hereby established. Moneys shall be paid from the fund on the 25267
order of the director of natural resources for the following 25268
purposes: 25269

(A) Sixty per cent for projects that the division approves 25270
for the acquisition, development, management, or preservation of 25271
waterfowl areas within the state; 25272

(B) Forty per cent for contribution by the division to an 25273
appropriate nonprofit organization for the acquisition, 25274
development, management, or preservation of lands and waters 25275
within the United States or Canada that provide or will provide 25276
habitat for waterfowl with migration routes that cross this 25277
state. 25278

No moneys derived from the issuance of wetlands habitat 25279
stamps shall be spent for purposes other than those specified by 25280
this section. All investment earnings of the fund shall be 25281
credited to the fund. 25282

Wetlands habitat stamps shall be furnished by and in a 25283
form prescribed by the chief of the division of wildlife and 25284
issued by clerks and other agents authorized to issue licenses 25285
and permits under section 1533.13 of the Revised Code. The 25286
record of stamps kept by the clerks and other agents shall be 25287
uniform throughout the state, in such form or manner as the 25288
director prescribes, and open at all reasonable hours to the 25289
inspection of any person. Unless otherwise provided by rule, 25290
each stamp shall remain in force until midnight of the thirty- 25291
first day of August next ensuing. Wetlands habitat stamps may be 25292
issued in any manner to any person on any date, whether or not 25293
that date is within the period in which they are effective. 25294

Every person to whom this section applies, while hunting 25295
ducks, geese, or brant, shall carry an unexpired wetlands 25296
habitat stamp that is validated by the person's signature 25297
written on the stamp in ink and shall exhibit the stamp to any 25298
enforcement officer so requesting. No person shall fail to carry 25299
and exhibit the person's stamp. 25300

A wetlands habitat stamp is not transferable. 25301

The chief shall establish a procedure to obtain subject 25302
matter to be printed on the wetlands habitat stamp and shall 25303
use, dispose of, or distribute the subject matter as the chief 25304
considers necessary. ~~The chief also shall adopt rules necessary~~ 25305
~~to administer this section.~~ 25306

This section does not apply to persons under sixteen years 25307
of age nor to persons exempted from procuring a hunting license 25308
under section 1533.10 or division (A) (2) of section 1533.12 of 25309
the Revised Code. 25310

Sec. 1533.113. If the chief of the division of wildlife 25311

determines that the licenses, permits, and stamps issued under 25312
this chapter and Chapter 1531. of the Revised Code are 25313
insufficient for proper wildlife management in specific 25314
geographic areas or for specific species of wild animals, the 25315
chief may adopt rules in accordance with ~~section 1531.10~~ Chapter

(2) Any party may propose a change to a substantive part 27970

(3) If an agency has reasonable cause to believe that a 28004
child is suffering from illness or injury and is not receiving 28005
proper care and that an appropriate change in the child's case 28006
plan is necessary to prevent immediate or threatened physical or 28007
emotional harm, to believe that a child is in immediate danger 28008
from the child's surroundings and that an immediate change in 28009
the child's case plan is necessary to prevent immediate or 28010
threatened physical or emotional harm to the child, or to 28011
believe that a parent, guardian, custodian, or other member of 28012
the child's household has abused or neglected the child and that 28013
the child is in danger of immediate or threatened physical or 28014
emotional harm from that person unless the agency makes an 28015
appropriate change in the child's case plan, it may implement 28016
the change without prior agreement or a court hearing and, 28017
before the end of the next day after the change is made, give 28018
all parties, the guardian ad litem of the child, and the court 28019
notice of the change. Before the end of the third day after 28020
implementing the change in the case plan, the agency shall file 28021
a statement of the change with the court and give notice of the 28022
filing accompanied by a copy of the statement to all parties and 28023
the guardian ad litem. All parties and the guardian ad litem 28024
shall have ten days from the date the notice is sent to object 28025
to and request a hearing on the change. 28026

(a) If it receives a timely request for a hearing, the 28027

court shall schedule a hearing pursuant to section 2151.417 of 28028
the Revised Code to be held no later than thirty days after the 28029
request is received by the court. The court shall give notice of 28030
the date, time, and location of the hearing to all parties and 28031
the guardian ad litem. The agency shall continue to administer 28032
the case plan with the change after the hearing, if the court 28033
approves the change. If the court does not approve the change, 28034
the court shall make appropriate changes to the case plan and 28035
shall journalize the case plan. 28036

(b) If it does not receive a timely request for a hearing, 28037
the court may approve the change without a hearing. If the court 28038
approves the change without a hearing, it shall journalize the 28039
case plan with the change within fourteen days after receipt of 28040
the change. If the court does not approve the change to the case 28041
plan, it shall schedule a hearing under section 2151.417 of the 28042
Revised Code to be held no later than thirty days after the 28043
expiration of the fourteen-day time period and give notice of 28044
the date, time, and location of the hearing to all parties and 28045
the guardian ad litem of the child. 28046

(G) (1) All case plans for children in temporary custody 28047
shall have the following general goals: 28048

(a) Consistent with the best interest and special needs of 28049
the child, to achieve a safe out-of-home placement in the least 28050
restrictive, most family-like setting available and in close 28051
proximity to the home from which the child was removed or the 28052
home in which the child will be permanently placed; 28053

(b) To eliminate with all due speed the need for the out- 28054
of-home placement so that the child can safely return home. 28055

(2) The director of children and youth shall adopt rules 28056

pursuant to Chapter 119. of the Revised Code setting forth the 28057
general goals of case plans for children subject to 28058
dispositional orders for protective supervision, a planned 28059
permanent living arrangement, or permanent custody. 28060

(H) In the agency's development of a case plan and the 28061
court's review of the case plan, the child's health and safety 28062
shall be the paramount concern. The agency and the court shall 28063
be guided by the following general priorities: 28064

(1) A child who is residing with or can be placed with the 28065
child's parents within a reasonable time should remain in their 28066
legal custody even if an order of protective supervision is 28067
required for a reasonable period of time; 28068

(2) If both parents of the child have abandoned the child, 28069
have relinquished custody of the child, have become incapable of 28070
supporting or caring for the child even with reasonable 28071
assistance, or have a detrimental effect on the health, safety, 28072
and best interest of the child, the child should be placed in 28073
the legal custody of a suitable member of the child's extended 28074
family; 28075

(3) If a child described in division (H)(2) of this 28076
section has no suitable member of the child's extended family to 28077
accept legal custody, the child should be placed in the legal 28078
custody of a suitable nonrelative who shall be made a party to 28079
the proceedings after being given legal custody of the child; 28080

(4) If the child has no suitable member of the child's 28081
extended family to accept legal custody of the child and no 28082
suitable nonrelative is available to accept legal custody of the 28083
child and, if the child temporarily cannot or should not be 28084
placed with the child's parents, guardian, or custodian, the 28085

child should be placed in the temporary custody of a public 28086
children services agency or a private child placing agency; 28087

(5) If the child cannot be placed with either of the 28088
child's parents within a reasonable period of time or should not 28089
be placed with either, if no suitable member of the child's 28090
extended family or suitable nonrelative is available to accept 28091
legal custody of the child, and if the agency has a reasonable 28092
expectation of placing the child for adoption, the child should 28093
be committed to the permanent custody of the public children 28094
services agency or private child placing agency; 28095

(6) If the child is to be placed for adoption or foster 28096
care, the placement shall not be delayed or denied on the basis 28097
of the child's or adoptive or foster family's race, color, or 28098
national origin. 28099

(I) The case plan for a child in temporary custody shall 28100
include at a minimum the following requirements if the child is 28101
or has been the victim of abuse or neglect or if the child 28102
witnessed the commission in the child's household of abuse or 28103
neglect against a sibling of the child, a parent of the child, 28104
or any other person in the child's household: 28105

(1) A requirement that the child's parents, guardian, or 28106
custodian participate in mandatory counseling; 28107

(2) A requirement that the child's parents, guardian, or 28108
custodian participate in any supportive services that are 28109
required by or provided pursuant to the child's case plan. 28110

(J) (1) Prior to January 1, 2023, a case plan for a child 28111
in temporary custody may include, as a supplement, a plan for 28112
locating a permanent family placement. The supplement shall not 28113
be considered part of the case plan for purposes of division (E) 28114

of this section. 28115

(2) On and after January 1, 2023, a case plan for a child 28116
in temporary custody shall include a permanency plan for the 28117
child unless it is documented that such a plan would not be in 28118
the best interest of the child. The permanency plan shall 28119
describe the services the agency shall provide to achieve 28120
permanency for the child if reasonable efforts to return the 28121
child to the child's home, or eliminate the continued removal 28122
from that home, are unsuccessful. Those services shall be 28123
provided concurrently with reasonable efforts to return the 28124
child home or eliminate the child's continued removal from home. 28125

~~(3) The director of children and youth, pursuant to 28126
Chapter 119. of the Revised Code, shall adopt rules necessary to 28127
carry out the purposes of division (J) of this section. 28128~~

(K) (1) A public children services agency may request that 28129
the superintendent of the bureau of criminal identification and 28130

parent, guardian, custodian, prospective custodian, or 28132
prospective placement whose actions result in a finding after 28133
the filing of a complaint as described in division (A) (1) of 28134
this section that a child is an abused, neglected, or dependent 28135
child. The public children services agency shall request that 28136
the superintendent obtain information from the federal bureau of 28137
investigation as part of the criminal records check. 28138

(2) At any time on or after the date that is ninety days 28139
after September 10, 2012, a prosecuting attorney, or an 28140
assistant prosecuting attorney appointed under section 309.06 of 28141

bureau of criminal identification and investigation conduct a 28143
criminal records check with respect to each parent, guardian, 28144

custodian, prospective custodian, or prospective placement whose 28145
actions resulted in a finding after the filing of a complaint 28146
described in division (A) (1) of this section that a child is an 28147
abused, neglected, or dependent child. Each prosecuting attorney 28148
or assistant prosecuting attorney who makes such a request shall 28149

Revised Code and a standard fingerprint impression sheet 28163
prescribed pursuant to division (C) (2) of that section and 28164
obtain the completed form and impression sheet from the parent, 28165
guardian, custodian, prospective custodian, or prospective 28166

(b) Forward the completed form and impression sheet to the 28168
superintendent of the bureau of criminal identification and 28169
investigation. 28170

(4) A parent, guardian, custodian, prospective custodian, 28171
or prospective placement who is given a form and fingerprint 28172
impression sheet under division (K) (3) (a) of this section and 28173
who fails to complete the form or provide fingerprint 28174

impressions may be held in contempt of court. 28175

Sec. 2743.02. (A) (1) The state hereby waives its immunity 28176
from liability, except as provided for the office of the state 28177
fire marshal in division (G) (1) of section 9.60 and division (B) 28178
of section 3737.221 of the Revised Code and subject to division 28179
(H) of this section, and consents to be sued, and have its 28180
liability determined, in the court of claims created in this 28181
chapter in accordance with the same rules of law applicable to 28182
suits between private parties, except that the determination of 28183
liability is subject to the limitations set forth in this 28184
chapter and, in the case of state universities or colleges, in 28185
section 3345.40 of the Revised Code, and except as provided in 28186
division (A) (2) or (3) of this section. To the extent that the 28187
state has previously consented to be sued, this chapter has no 28188
applicability. 28189

Except in the case of a civil action filed by the state, 28190
filing a civil action in the court of claims results in a 28191
complete waiver of any cause of action, based on the same act or 28192
omission, that the filing party has against any officer or 28193
employee, as defined in section 109.36 of the Revised Code. The 28194
waiver shall be void if the court determines that the act or 28195
omission was manifestly outside the scope of the officer's or 28196
employee's office or employment or that the officer or employee 28197
acted with malicious purpose, in bad faith, or in a wanton or 28198
reckless manner. 28199

(2) If a claimant proves in the court of claims that an 28200
officer or employee, as defined in section 109.36 of the Revised 28201
Code, would have personal liability for the officer's or 28202
employee's acts or omissions but for the fact that the officer 28203
or employee has personal immunity under section 9.86 of the 28204

Revised Code, the state shall be held liable in the court of 28205
claims in any action that is timely filed pursuant to section 28206
2743.16 of the Revised Code and that is based upon the acts or 28207
omissions. 28208

(3) (a) Except as provided in division (A) (3) (b) of this 28209
section, the state is immune from liability in any civil action 28210
or proceeding involving the performance or nonperformance of a 28211
public duty, including the performance or nonperformance of a 28212
public duty that is owed by the state in relation to any action 28213
of an individual who is committed to the custody of the state. 28214

(b) The state immunity provided in division (A) (3) (a) of 28215
this section does not apply to any action of the state under 28216
circumstances in which a special relationship can be established 28217
between the state and an injured party. A special relationship 28218
under this division is demonstrated if all of the following 28219
elements exist: 28220

(i) An assumption by the state, by means of promises or 28221
actions, of an affirmative duty to act on behalf of the party 28222
who was allegedly injured; 28223

(ii) Knowledge on the part of the state's agents that 28224
inaction of the state could lead to harm; 28225

(iii) Some form of direct contact between the state's 28226
agents and the injured party; 28227

(iv) The injured party's justifiable reliance on the 28228
state's affirmative undertaking. 28229

(B) The state hereby waives the immunity from liability of 28230
all hospitals owned or operated by one or more political 28231
subdivisions and consents for them to be sued, and to have their 28232
liability determined, in the court of common pleas, in 28233

accordance with the same rules of law applicable to suits 28234
between private parties, subject to the limitations set forth in 28235
this chapter. This division is also applicable to hospitals 28236
owned or operated by political subdivisions that have been 28237
determined by the supreme court to be subject to suit prior to 28238
July 28, 1975. 28239

(C) Any hospital, as defined in section 2305.113 of the 28240
Revised Code, may purchase liability insurance covering its 28241
operations and activities and its agents, employees, nurses, 28242
interns, residents, staff, and members of the governing board 28243
and committees, and, whether or not such insurance is purchased, 28244
may, to the extent that its governing board considers 28245
appropriate, indemnify or agree to indemnify and hold harmless 28246
any such person against expense, including attorney's fees, 28247
damage, loss, or other liability arising out of, or claimed to 28248
have arisen out of, the death, disease, or injury of any person 28249
as a result of the negligence, malpractice, or other action or 28250
inaction of the indemnified person while acting within the scope 28251
of the indemnified person's duties or engaged in activities at 28252
the request or direction, or for the benefit, of the hospital. 28253
Any hospital electing to indemnify those persons, or to agree to 28254
so indemnify, shall reserve any funds that are necessary, in the 28255
exercise of sound and prudent actuarial judgment, to cover the 28256
potential expense, fees, damage, loss, or other liability. The 28257
superintendent of insurance may recommend, or, if the hospital 28258
requests the superintendent to do so, the superintendent shall 28259
recommend, a specific amount for any period that, in the 28260
superintendent's opinion, represents such a judgment. This 28261
authority is in addition to any authorization otherwise provided 28262
or permitted by law. 28263

(D) Recoveries against the state shall be reduced by the 28264

aggregate of insurance proceeds, disability award, or other 28265
collateral recovery that the claimant receives or is entitled 28266
to. This division does not apply to civil actions in the court 28267
of claims against a state university or college under the 28268
circumstances described in section 3345.40 of the Revised Code. 28269
The collateral benefits provisions of division (B) (2) of that 28270
section apply under those circumstances. 28271

(E) The only defendant in original actions in the court of 28272
claims is the state. The state may file a third-party complaint 28273
or counterclaim in any civil action, except a civil action for 28274
ten thousand dollars or less, that is filed in the court of 28275
claims. 28276

(F) A civil action against an officer or employee, as 28277
defined in section 109.36 of the Revised Code, that alleges that 28278
the officer's or employee's conduct was manifestly outside the 28279
scope of the officer's or employee's employment or official 28280
responsibilities, or that the officer or employee acted with 28281
malicious purpose, in bad faith, or in a wanton or reckless 28282
manner shall first be filed against the state in the court of 28283
claims that has exclusive, original jurisdiction to determine, 28284
initially, whether the officer or employee is entitled to 28285
personal immunity under section 9.86 of the Revised Code and 28286
whether the courts of common pleas have jurisdiction over the 28287
civil action. The officer or employee may participate in the 28288
immunity determination proceeding before the court of claims to 28289
determine whether the officer or employee is entitled to 28290
personal immunity under section 9.86 of the Revised Code. 28291

The filing of a claim against an officer or employee under 28292
this division tolls the running of the applicable statute of 28293
limitations until the court of claims determines whether the 28294

officer or employee is entitled to personal immunity under 28295
section 9.86 of the Revised Code. 28296

(G) If a claim lies against an officer or employee who is 28297
a member of the Ohio national guard, and the officer or employee 28298
was, at the time of the act or omission complained of, subject 28299
to the "Federal Tort Claims Act," 60 Stat. 842 (1946), 28 U.S.C. 28300
2671, et seq., the Federal Tort Claims Act is the exclusive 28301
remedy of the claimant and the state has no liability under this 28302
section. 28303

(H) If an inmate of a state correctional institution has a 28304
claim against the state for the loss of or damage to property 28305
and the amount claimed does not exceed three hundred dollars, 28306
before commencing an action against the state in the court of 28307
claims, the inmate shall file a claim for the loss or damage 28308
under the rules adopted by the director of rehabilitation and 28309
correction pursuant to this division. The inmate shall file the 28310
claim within the time allowed for commencement of a civil action 28311
under section 2743.16 of the Revised Code. If the state admits 28312
or compromises the claim, the director shall make payment from a 28313
fund designated by the director for that purpose. If the state 28314
denies the claim or does not compromise the claim at least sixty 28315
days prior to expiration of the time allowed for commencement of 28316
a civil action based upon the loss or damage under section 28317
2743.16 of the Revised Code, the inmate may commence an action 28318
in the court of claims under this chapter to recover damages for 28319
the loss or damage. 28320

The director of rehabilitation and correction shall adopt 28321
rules pursuant to Chapter 119. of the Revised Code ~~to implement~~ 28322
specifying the process for an inmate to file a claim for loss or 28323
damage under this division. 28324

Sec. 2915.08. (A) (1) Except as otherwise permitted under 28325
section 2915.092 of the Revised Code, annually before the first 28326
day of January, a charitable organization that desires to 28327
conduct bingo shall apply to the attorney general for one or 28328
more of the following types of licenses to conduct bingo, as 28329
appropriate: 28330

(a) A type I license to conduct bingo as described in 28331
division (O) (1) of section 2915.01 of the Revised Code; 28332

(b) A type II license to conduct instant bingo, electronic 28333
instant bingo, or both at a bingo session; 28334

(c) A type III license to conduct instant bingo, 28335
electronic instant bingo, or both other than at a bingo session, 28336
in accordance with sections 2915.093 to 2915.095 or sections 28337
2915.13 to 2915.15 of the Revised Code, as applicable. 28338

(2) A veteran's organization or fraternal organization 28339
that is authorized under section 2915.14 of the Revised Code to 28340

Revised Code, the applicant may continue to conduct bingo until 28465
a new license is granted or, if the application is rejected, 28466
until fifteen days after notice of the rejection is mailed to 28467
the applicant. The temporary permit does not affect the validity 28468
of the applicant's application and does not grant any rights to 28469
the applicant except those rights specifically granted in 28470
section 119.06 of the Revised Code. The issuance of a temporary 28471

permit by the attorney general pursuant to this division does 28472
not prohibit the attorney general from rejecting the applicant's 28473
application because of acts that the applicant committed, or 28474
actions that the applicant failed to take, before or after the 28475
issuance of the temporary permit. 28476

(E) Within thirty days after receiving an initial license 28477

Once an application is deemed complete, or beginning on the 28481
thirtieth day after the application is filed, if the attorney 28482
general failed to notify the applicant of any deficiencies, the 28483
attorney general shall have an additional sixty days to conduct 28484
an investigation and either grant, grant with limits, 28485
restrictions, or probationary conditions, or deny the 28486
application based on findings established and communicated in 28487
accordance with divisions (F) and (I) of this section. As an 28488
option to granting, granting with limits, restrictions, or 28489
probationary conditions, or denying an initial license 28490
application, the attorney general may grant a temporary license 28491
and request additional time to conduct the investigation if the 28492
attorney general has cause to believe that additional time is 28493
necessary to complete the investigation and has notified the 28494
applicant in writing about the specific concerns raised during 28495
the investigation. 28496

~~(F) (1) The attorney general shall adopt rules to enforce 28497
sections 2915.01, 2915.02, and 2915.07 to 2915.15 of the Revised 28498
Code to ensure that bingo is conducted in accordance with those 28499
sections and to maintain proper control over the conduct of 28500
bingo. Except as otherwise provided in this section, the rules 28501
shall be adopted pursuant to Chapter 119. of the Revised Code. 28502~~

The attorney general shall license charitable organizations to 28503
conduct bingo in conformance with this chapter and with the 28504
licensing provisions of Chapter 119. of the Revised Code. 28505

(2) If any of the following applies to an organization, 28506
the attorney general may refuse to grant a license to the 28507
organization, may revoke or suspend the organization's license, 28508
or may place limits, restrictions, or probationary conditions on 28509
the organization's license for a limited or indefinite period, 28510
as determined by the attorney general: 28511

(a) The organization fails or has failed at any time to 28512
meet any requirement of section 109.26, 109.31, or 1716.02, or 28513
sections 2915.07 to 2915.15 of the Revised Code, or violates or 28514
has violated any provision of sections 2915.02 or 2915.07 to 28515
2915.13 of the Revised Code or any rule adopted by the attorney 28516
general pursuant to this chapter. 28517

(b) The organization makes or has made an incorrect or 28518
false statement that is material to the granting of the license 28519
in an application filed under this section. 28520

(c) The organization submits or has submitted any 28521
incorrect or false information relating to an application if the 28522
information is material to the granting of the license. 28523

(d) The organization maintains or has maintained any 28524
incorrect or false information that is material to the granting 28525
of the license in the records required to be kept pursuant to 28526
section 2915.10 of the Revised Code, if applicable. 28527

(e) The attorney general has good cause to believe that 28528
the organization will not conduct bingo in accordance with 28529
sections 2915.07 to 2915.15 of the Revised Code or with any rule 28530
adopted by the attorney general pursuant to this chapter. 28531

(3) If the attorney general has good cause to believe that any director or officer of the organization has breached the director's or officer's fiduciary duty to, or committed theft or any other type of misconduct related to, the organization or any other charitable organization that has been issued a bingo license under this chapter, the attorney general may refuse to grant a license to the organization, may impose limits, restrictions, or probationary conditions on the license, or may revoke or suspend the organization's license for a period not to exceed five years.

(4) The attorney general may impose a civil fine on an organization licensed or permitted under this chapter for failure to comply with any restrictions, limits, or probationary conditions on its license, and for failure to comply with this chapter or any rule adopted under this chapter, according to a schedule of fines that the attorney general shall adopt in accordance with Chapter 119. of the Revised Code.

(5) For the purposes of division (F) of this section, any action of an officer, trustee, agent, representative, or bingo game operator of an organization is an action of the organization.

(G) The attorney general may grant licenses to charitable organizations that are branches, lodges, or chapters of national charitable organizations.

(H) The attorney general shall send notice of any of the following actions in writing to the prosecuting attorney and sheriff of the county in which the charitable organization is located and to any other law enforcement agency in that county that so requests, of all of the following:

(2) The issuance of an amended license under this section;	28562
(3) The rejection of an application for and refusal to grant a license under this section;	28563 28564
(4) The revocation of any license previously issued under this section;	28565 28566
(5) The suspension of any license previously issued under this section;	28567 28568
(6) The placing of any limits, restrictions, or probationary conditions placed on a license issued under this section.	28569 28570 28571
(I) A license issued by the attorney general under this section shall set forth the information contained on the application of the charitable organization that the attorney general determines is relevant, including, but not limited to, the location at which the organization will conduct bingo, whether the license is a type I, type II, or type III license, and the days of the week and the times on each of those days when bingo will be conducted. If the attorney general refuses to grant, places limits, restrictions, or probationary conditions on, or revokes or suspends a license, the attorney general shall notify the applicant in writing and specifically identify the reason for the refusal, revocation, limit, restriction, probationary condition, or suspension in narrative form and, if applicable, by identifying the section of the Revised Code violated. The failure of the attorney general to give the written notice of the reasons for the refusal, revocation, limit, restriction, probationary condition, or suspension or a mistake in the written notice does not affect the validity of	28572 28573 28574 28575 28576 28577 28578 28579 28580 28581 28582 28583 28584 28585 28586 28587 28588 28589

the attorney general's refusal to grant, or the revocation or 28590
suspension of, or limit, restriction, probationary condition on, 28591
a license. If the attorney general fails to give the written 28592
notice or if there is a mistake in the written notice, the 28593
applicant may bring an action to compel the attorney general to 28594
comply with this division or to correct the mistake, but the 28595
attorney general's order refusing to grant, or placing a limit, 28596
restriction, or probationary condition on, or revoking or 28597
suspending, a license shall not be enjoined during the pendency 28598
of the action. 28599

the individual from all sanctions imposed for that offense 29342
including any period of supervision. 29343

(4) A court of common pleas that receives a petition for a 29344
certificate of qualification for housing from an individual 29345
shall attempt to determine all other courts in this state in 29346
which the individual was convicted of or pleaded guilty to an 29347
offense other than the offense from which the individual is 29348
seeking relief. The court shall notify all other courts in this 29349
state that it determines under this division were courts in 29350
which the individual was convicted of or pleaded guilty to an 29351

(C) (1) Upon receiving a petition for a certificate of 29371
qualification for housing, the court shall review the 29372
individual's petition, the individual's criminal history, except 29373
for information contained in any record that has been sealed 29374
under section 2953.32 of the Revised Code, all filings submitted 29375
by the prosecutor or by the victim ~~in accordance with rules~~ 29376
~~adopted by the division of parole and community services,~~ the 29377

factor in the commission of the offense or offenses, and all 29382
other relevant evidence. The court may order any report, 29383
investigation, or disclosure by the individual that the court 29384
believes is necessary for the court to reach a decision on 29385
whether to approve the individual's petition for a certificate 29386
of qualification for housing, except that the court shall not 29387
require an individual to disclose information about any record 29388
sealed under section 2953.32 of the Revised Code. 29389

(2) Upon receiving a petition for a certificate of qualification for housing, except as otherwise provided in this division, the court shall decide whether to issue the certificate within sixty days after the court receives the completed petition and all information requested for the court to make that decision. Upon request of the individual who filed the petition, the court may extend the sixty-day period specified in this division.

(3) Except as provided in division (C) (5) of this section and subject to division (D) (3) of this section, a court that receives an individual's petition for a certificate of qualification for housing may issue a certificate of qualification for housing, at the court's discretion, if the court finds that the individual has established all of the following by a preponderance of the evidence:

(a) Granting the petition will materially assist the individual in obtaining housing.

(b) The individual has a substantial need for the relief requested in order to live a law-abiding life.

(c) Granting the petition would not pose an unreasonable risk to the safety of the public or any individual.

(4) The submission of an incomplete petition by an individual shall not be grounds for the court to deny the petition.

(5) Subject to division (C) (6) of this section, an individual is rebuttably presumed to be eligible for a certificate of qualification for housing if the court that receives the individual's petition finds all of the following:

(a) The application was filed after the expiration of the

applicable waiting period prescribed in division (B) (3) of this section. 29419
29420

(b) If the offense that resulted in the collateral 29421
sanction for housing from which the individual seeks relief is a 29422
felony, at least three years have elapsed since the date of 29423
release of the individual from any period of incarceration in a 29424
state or local correctional facility that was imposed for that 29425
offense and all periods of supervision imposed after release 29426
from the period of incarceration or, if the individual was not 29427
incarcerated for that offense, at least three years have elapsed 29428
since the date of the individual's final release from all other 29429
sanctions imposed for that offense; 29430

(c) If the offense that resulted in the collateral 29431
sanction for housing from which the individual seeks relief is a 29432
misdemeanor, at least one year has elapsed since the date of 29433
release of the individual from any period of incarceration in a 29434
local correctional facility that was imposed for that offense 29435
and all periods of supervision imposed after release from the 29436
period of incarceration or, if the individual was not 29437
incarcerated for that offense, at least one year has elapsed 29438
since the date of the final release of the individual from all 29439
sanctions imposed for that offense including any period of 29440
supervision. 29441

(6) An application that meets all of the requirements for 29442
the presumption under division (C) (5) of this section shall be 29443
denied only if the court that receives the petition finds that 29444
the evidence reviewed under division (C) (1) of this section 29445
rebutts the presumption of eligibility for issuance by 29446
establishing, by a preponderance of the evidence, that the 29447
applicant has not been rehabilitated. 29448

(7) If a court that receives an individual's petition for a certificate of qualification for housing denies the petition, the court shall provide written notice to the individual of the court's denial. The court may place conditions on the individual regarding the individual's filing of any subsequent petition for a certificate of qualification for housing. The written notice must notify the individual of any conditions placed on the individual's filing of a subsequent petition for a certificate of qualification for housing.

If a court of common pleas that receives an individual's petition for a certificate of qualification for housing denies the petition, the individual may appeal the decision to the court of appeals only if the individual alleges that the denial was an abuse of discretion on the part of the court of common pleas.

(D) (1) A certificate of qualification for housing issued to an individual under this section or section 2961.25 of the Revised Code lifts the automatic bar of a collateral sanction for housing and a decision-maker shall consider on a case-by-case basis whether to provide or deny housing, notwithstanding the individual's possession of the certificate, without, however, reconsidering or rejecting any finding made by a court under division (C) (3) of this section.

(2) The certificate constitutes a rebuttable presumption that the person's criminal convictions are insufficient evidence that the person is unfit for the housing in question. Notwithstanding the presumption established under this division, the decision-maker may deny the housing to the person if it determines that the person is unfit for the housing.

(3) A certificate of qualification for housing issued to

an individual under this section or section 2961.25 of the Revised Code does not create relief from requirements imposed by Chapter 2950. of the Revised Code and rules adopted under ~~sections 2950.13 and~~ section 2950.132 of the Revised Code.

(E) A petition for a certificate of qualification for housing filed by an individual under division (B)(1) of this section shall include all of the following:

(1) The individual's name, date of birth, and social security number;

(2) All aliases of the individual and all social security numbers associated with those aliases;

(3) The individual's current residential address, including the length of time that the individual has resided in the current residence, expressed in years and months, and the city, county, state, and zip code of the residence;

(4) A history of the individual's residential address or addresses for the past ten years, including the length of time that the individual has resided at the address, expressed in years and months of residence, and the city, county, state, and zip code of residence;

(5) A general statement as to why the individual has filed the petition and how the certificate of qualification for housing would assist the individual;

(6) A summary of the individual's criminal history, except for information contained in any record that has been sealed under section 2953.32 of the Revised Code, with respect to each offense that is a disqualification from housing, including the years of each conviction or plea of guilty for each of those offenses;

(7) A summary of the individual's employment history, 29508

to this function. It may require county auditors and treasurers, 30365
boards of education, educational service center governing 30366
boards, treasurers of such boards, teachers, and other school 30367
officers and employees, or other public officers or employees, 30368

such funds, or to the management and condition of such funds. 30370

(D) (1) Wherever in Titles IX, XXIII, XXIX, XXXIII, XXXVII, 30371
XLVII, and LI of the Revised Code a reference is made to 30372

standards prescribed under this section or division (D) of this 30373
section, that reference shall be construed to refer to the 30374
standards prescribed under division (D) (2) of this section, 30375
unless the context specifically indicates a different meaning or 30376
intent. 30377

(2) The director shall formulate and prescribe minimum 30378
standards to be applied to all elementary and secondary schools 30379
in this state for the purpose of providing children access to a 30380
general education of high quality according to the learning 30381
needs of each individual, including students with disabilities, 30382
economically disadvantaged students, English learners, and 30383
students identified as gifted. Such standards shall provide 30384
adequately for: a requirement that teachers, administrators, and 30385
other professional personnel be licensed by the state board of 30386
education and assigned according to training and qualifications; 30387
efficient and effective instructional materials and equipment, 30388
including library facilities; the proper organization, 30389
administration, and supervision of each school, including 30390
regulations for preparing all necessary records and reports and 30391
the preparation of a statement of policies and objectives for 30392
each school; the provision of safe buildings, grounds, health 30393
and sanitary facilities and services; admission of pupils, and 30394
such requirements for their promotion from grade to grade as 30395

study to which they are certified; and requirements for 30397
graduation. The minimum standards the director adopts under this 30398
section are limited to powers and duties that are expressly 30399
prescribed and authorized in statute. 30400

The director shall base any standards governing the 30401
promotion of students or requirements for graduation on the 30402
ability of students, at any grade level, to earn credits or 30403

advance upon demonstration of mastery of knowledge and skills 30404
through competency-based learning models. Credits of grade level 30405
advancement shall not require a minimum number of days or hours 30406
in a classroom. 30407

The director shall base any standards governing the 30408
assignment of staff on ensuring each school has a sufficient 30409
number of teachers to ensure a student has an appropriate level 30410
of interaction to meet each student's personal learning goals. 30411

In the formulation and administration of such standards 30412
for nonpublic schools the director shall also consider the 30413
particular needs, methods and objectives of those schools, 30414
provided they do not conflict with the provision of a general 30415
education of a high quality and provided that regular procedures 30416
shall be followed for promotion from grade to grade of pupils 30417
who have met the educational requirements prescribed. 30418

including students with disabilities, economically disadvantaged 30427
students, English learners, and students identified as gifted, 30428

The director may provide financial assistance out of any funds appropriated for this purpose to boards of education and educational service center governing boards for developing and conducting programs of

education for academically gifted children. 30494

(L) The director shall require that all public schools 30495

addition, the director shall provide in-service training 30504
programs for teachers on the use of phonics as a technique in 30505

or deny a waiver in accordance with ~~the~~ those standards. For 30521
each waiver granted, the director shall specify the period of 30522
time during which the waiver is in effect, which shall not 30523

career at a time designated by the department of education and 30529
workforce. If, for any reason, a student does not take an end- 30530
of-course examination on the scheduled administration date, the 30531
department shall make available to the student the examination 30532
for which the student was absent, or a substantially similar 30533
examination as determined by the department, so that the student 30534
may take the examination or a substantially similar examination 30535
at a later time in the student's academic career. ~~The department~~ 30536

data verification code has not been assigned, the independent 30654
contractor shall assign a data verification code to the student, 30655

described in this division, the independent contractor shall 30660
transmit the data to the department and the chancellor. 30661

(C) That the department and the chancellor jointly shall 30662

analysis designed to evaluate the effectiveness of programs or 30683
services, to measure progress against specific strategic 30684
planning goals, or for any other purpose permitted by law that 30685

performance of their duties under the Revised Code. The 30687
agreements may permit the disclosure of personally identifiable 30688

department of education shall remain under the direct control of 30695
the department and that the data in the repository submitted by 30696

maintenance of the repository. 30713

Sec. 3302.03. Not later than the thirty-first day of July 30714
of each year, the department of education and workforce shall 30715

lowest quintile for achievement on a statewide basis. Each 30802
subgroup shall be a separate graded measure. 30803

(2) The department shall adopt a resolution describing the 30804
performance measures, benchmarks, and grading system for the 30805
2012-2013 school year and shall adopt rules in accordance with 30806

- (a) Annual measurable objectives; 30824
- (b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as created by the department. In adopting benchmarks for assigning letter grades under division (B) (1) (b) of this section, the department shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F." 30825

subgroups: students identified as gifted in superior cognitive 30848
ability and specific academic ability fields under Chapter 3324. 30849
of the Revised Code, students with disabilities, and students 30850
whose performance places them in the lowest quintile for 30851
achievement on a statewide basis. Each subgroup shall be a 30852
separate graded measure. 30853

(g) Whether a school district or building is making 30854
progress in improving literacy in grades kindergarten through 30855
three, as determined using a method prescribed by the 30856
department. The department shall adopt rules to prescribe 30857
benchmarks and standards for assigning grades to districts and 30858
buildings for purposes of division (B) (1) (g) of this section. In 30859
adopting benchmarks for assigning letter grades under divisions 30860

grade shall be issued under divisions (B) (1) (g) and (C) (1) (g) of 30870
this section for a district or building in which less than five 30871
per cent of students have scored below grade level on the 30872
diagnostic assessment administered to students in kindergarten 30873
under division (B) (1) of section 3313.608 of the Revised Code. 30874

(h) For a high mobility school district or building, an 30875
additional value-added progress dimension score. For this 30876
measure, the department shall use value-added data from the most 30877
recent school year available and shall use assessment scores for 30878

only those students to whom the district or building has 30879
administered the assessments prescribed by section 3301.0710 of 30880
the Revised Code for each of the two most recent consecutive 30881
school years. 30882

As used in this division, "high mobility school district 30883
or building" means a school district or building where at least 30884
twenty-five per cent of its total enrollment is made up of 30885
students who have attended that school district or building for 30886
less than one year. 30887

(2) In addition to the graded measures in division (B) (1) 30888
of this section, the department shall include on a school 30889
district's or building's report card all of the following 30890
without an assigned letter grade: 30891

(a) The percentage of students enrolled in a district or 30892
building participating in advanced placement classes and the 30893
percentage of those students who received a score of three or 30894
better on advanced placement examinations; 30895

(b) The number of a district's or building's students who 30896
have earned at least three college credits through dual 30897

Revised Code and state-approved career-technical courses offered 30900
through dual enrollment or statewide articulation, that appear 30901
on a student's transcript or other official document, either of 30902
which is issued by the institution of higher education from 30903
which the student earned the college credit. The credits earned 30904
that are reported under divisions (B) (2) (b) and (C) (2) (c) of 30905
this section shall not include any that are remedial or 30906
developmental and shall include those that count toward the 30907
curriculum requirements established for completion of a degree. 30908

(c) The percentage of students enrolled in a district or building who have taken a national standardized test used for college admission determinations and the percentage of those students who are determined to be remediation-free in accordance with standards adopted under division (F) of section 3345.061 of the Revised Code;

At least forty-five days prior to the department's adoption of rules to prescribe the methods by which the performance measures under division (B)(1) of this section shall be assessed and assigned a letter grade, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing such methods, including

performance benchmarks. 30938

(4) There shall not be an overall letter grade for a 30939
school district or building for the 2013-2014, 2014-2015, 2015- 30940
2016, and 2016-2017 school years. 30941

(C) (1) For the 2014-2015, 2015-2016, 2016-2017, 2017-2018, 30942
2018-2019, 2019-2020, and 2020-2021 school years, the department 30943
shall issue grades as described in division (F) of this section 30944
for each of the performance measures prescribed in division (C) 30945
(1) of this section. The graded measures are as follows: 30946

(a) Annual measurable objectives. For the 2017-2018 school 30947
year, the department shall not include any subgroup data in the 30948
annual measurable objectives that includes data from fewer than 30949
twenty-five students. For the 2018-2019 school year, the 30950
department shall not include any subgroup data in the annual 30951
measurable objectives that includes data from fewer than twenty 30952
students. Beginning with the 2019-2020 school year, the 30953
department shall not include any subgroup data in the annual 30954
measurable objectives that includes data from fewer than fifteen 30955
students. 30956

(b) Performance index score for a school district or 30957
building. Grades shall be awarded as a percentage of the total 30958
possible points on the performance index system as created by 30959
the department. In adopting benchmarks for assigning letter 30960
grades under division (C) (1) (b) of this section, the department 30961
shall designate ninety per cent or higher for an "A," at least 30962
seventy per cent but not more than eighty per cent for a "C," 30963
and less than fifty per cent for an "F." 30964

(c) The extent to which the school district or building 30965
meets each of the applicable performance indicators established 30966

by the department under section 3302.03 of the Revised Code and 30967

shall designate ninety per cent or higher for an "A." 30971

(d) The four- and five-year adjusted cohort graduation 30972
rates; 30973

(e) The overall score under the value-added progress 30974
dimension, or another measure of student academic progress if 30975
adopted by the department, of a school district or building, for 30976
which the department shall use up to three years of value-added 30977
data as available. 30978

In adopting benchmarks for assigning letter grades for 30979
overall score on value-added progress dimension under division 30980
(C) (1) (e) of this section, the department shall prohibit the 30981
assigning of a grade of "A" for that measure unless the 30982
district's or building's grade assigned for value-added progress 30983
dimension for all subgroups under division (C) (1) (f) of this 30984
section is a "C" or higher. 30985

For the metric prescribed by division (C) (1) (e) of this 30986
section, the department may adopt a student academic progress 30987
measure to be used instead of the value-added progress 30988
dimension. If the department adopts such a measure, it also 30989
shall prescribe a method for assigning letter grades for the new 30990
measure that is comparable to the method prescribed in division 30991
(A) (1) (e) of this section. 30992

(f) The value-added progress dimension score of a school 30993
district or building disaggregated for each of the following 30994
subgroups: students identified as gifted in superior cognitive 30995

of the Revised Code, students with disabilities, and students 30997
whose performance places them in the lowest quintile for 30998
achievement on a statewide basis, as determined by a method 30999
prescribed by the department. Each subgroup shall be a separate 31000
graded measure. 31001

The department may adopt student academic progress 31002
measures to be used instead of the value-added progress 31003
dimension. If the department adopts such measures, it also shall 31004
prescribe a method for assigning letter grades for the new 31005
measures that is comparable to the method prescribed in division 31006
(A) (1) (e) of this section. 31007

(g) Whether a school district or building is making 31008
progress in improving literacy in grades kindergarten through 31009
three, as determined using a method prescribed by the 31010
department. The department shall adopt rules to prescribe 31011
benchmarks and standards for assigning grades to a district or 31012
building for purposes of division (C) (1) (g) of this section. The 31013
department shall designate for a "C" grade a value that is not 31014
lower than the statewide average value for this measure. No 31015
grade shall be issued under division (C) (1) (g) of this section 31016
for a district or building in which less than five per cent of 31017
students have scored below grade level on the kindergarten 31018
diagnostic assessment under division (B) (1) of section 3313.608 31019
of the Revised Code. 31020

(h) For a high mobility school district or building, an 31021
additional value-added progress dimension score. For this 31022
measure, the department shall use value-added data from the most 31023
recent school year available and shall use assessment scores for 31024
only those students to whom the district or building has 31025

administered the assessments prescribed by section 3301.0710 of 31026
the Revised Code for each of the two most recent consecutive 31027
school years. 31028

As used in this division, "high mobility school district 31029
or building" means a school district or building where at least 31030
twenty-five per cent of its total enrollment is made up of 31031
students who have attended that school district or building for 31032
less than one year. 31033

(2) In addition to the graded measures in division (C) (1) 31034
of this section, the department shall include on a school 31035
district's or building's report card all of the following 31036
without an assigned letter grade: 31037

(a) The percentage of students enrolled in a district or 31038
building who have taken a national standardized test used for 31039
college admission determinations and the percentage of those 31040

with the standards adopted under division (F) of section 31042
3345.061 of the Revised Code; 31043

(b) The percentage of students enrolled in a district or 31044
building participating in advanced placement classes and the 31045
percentage of those students who received a score of three or 31046
better on advanced placement examinations; 31047

(c) The percentage of a district's or building's students 31048
who have earned at least three college credits through advanced 31049
standing programs, such as the college credit plus program under 31050
Chapter 3365. of the Revised Code and state-approved career- 31051
technical courses offered through dual enrollment or statewide 31052
articulation, that appear on a student's college transcript 31053
issued by the institution of higher education from which the 31054

student earned the college credit. The credits earned that are 31055
reported under divisions (B) (2) (b) and (C) (2) (c) of this section 31056
shall not include any that are remedial or developmental and 31057
shall include those that count toward the curriculum 31058
requirements established for completion of a degree. 31059

(d) The percentage of the district's or building's 31060
students who receive an honor's diploma under division (B) of 31061
section 3313.61 of the Revised Code; 31062

under section 3313.6113 of the Revised Code; 31065

(f) The percentage of students enrolled in a district or 31066
building who are participating in an international baccalaureate 31067
program and the percentage of those students who receive a score 31068
of four or better on the international baccalaureate 31069
examinations; 31070

implemented a positive behavior intervention and supports 31075
framework in compliance with the requirements of section 3319.46 31076
of the Revised Code, notated as a "yes" or "no" answer. 31077

(3) The department shall adopt rules pursuant to Chapter 31078
119. of the Revised Code that establish a method to assign an 31079
overall grade for a school district or school building for the 31080
2017-2018 school year and each school year thereafter. The rules 31081
shall group the performance measures in divisions (C) (1) and (2) 31082
of this section into the following components: 31083

(a) Gap closing, which shall include the performance measure in division (C) (1) (a) of this section;	31084 31085
(b) Achievement, which shall include the performance measures in divisions (C) (1) (b) and (c) of this section;	31086 31087
(c) Progress, which shall include the performance measures in divisions (C) (1) (e) and (f) of this section;	31088 31089
(d) Graduation, which shall include the performance measure in division (C) (1) (d) of this section;	31090 31091
(e) Kindergarten through third-grade literacy, which shall include the performance measure in division (C) (1) (g) of this section;	31092 31093 31094
(f) Prepared for success, which shall include the performance measures in divisions (C) (2) (a), (b), (c), (d), (e), and (f) of this section. The department shall develop a method to determine a grade for the component in division (C) (3) (f) of this section using the performance measures in divisions (C) (2) (a), (b), (c), (d), (e), and (f) of this section. When available, the department may incorporate the performance measure under division (C) (2) (g) of this section into the component under division (C) (3) (f) of this section. When determining the overall grade for the prepared for success component prescribed by division (C) (3) (f) of this section, no individual student shall be counted in more than one performance measure. However, if a student qualifies for more than one performance measure in the component, the department may, in its method to determine a grade for the component, specify an additional weight for such a student that is not greater than or equal to 1.0. In determining the overall score under division (C) (3) (f) of this section, the department shall ensure that the	31095 31096 31097 31098 31099 31100 31101 31102 31103 31104 31105 31106 31107 31108 31109 31110 31111 31112

pool of students included in the performance measures aggregated 31113
under that division are all of the students included in the 31114
four- and five-year adjusted graduation cohort. 31115

In the rules adopted under division (C)(3) of this 31116
section, the department shall adopt a method for determining a 31117
grade for each component in divisions (C)(3)(a) to (f) of this 31118
section. The department also shall establish a method to assign 31119
an overall grade of "A," "B," "C," "D," or "F" using the grades 31120
assigned for each component. The method the department adopts 31121
for assigning an overall grade shall give equal weight to the 31122
components in divisions (C)(3)(b) and (c) of this section. 31123

At least forty-five days prior to the department's 31124
adoption of rules to prescribe the methods for calculating the 31125
overall grade for the report card, as required by this division, 31126
the department shall conduct a public presentation before the 31127
standing committees of the house of representatives and the 31128
senate that consider education legislation describing the format 31129
for the report card, weights that will be assigned to the 31130
components of the overall grade, and the method for calculating 31131
the overall grade. 31132

(D) For the 2021-2022 school year and each school year 31133
thereafter, all of the following apply: 31134

(1) The department shall include on a school district's or 31135
building's report card all of the following performance measures 31136

(a) Whether the district or building meets the gifted 31138
performance indicator under division (A)(2) of section 3302.02 31139
of the Revised Code and the extent to which the district or 31140
building meets gifted indicator performance benchmarks; 31141

(b) The extent to which the district or building meets the 31142
chronic absenteeism indicator under division (A) (3) of section 31143
3302.02 of the Revised Code; 31144

(c) Performance index score percentage for a district or 31145
building, which shall be calculated by dividing the district's 31146
or building's performance index score according to the 31147
performance index system created by the department by the 31148
maximum performance index score for a district or building. The 31149
maximum performance index score shall be as follows: 31150

(i) For a building, the average of the highest two per 31151
cent of performance index scores achieved by a building for the 31152
school year for which a report card is issued; 31153

(ii) For a district, the average of the highest two per 31154
cent of performance index scores achieved by a district for the 31155
school year for which a report card is issued. 31156

(d) The overall score under the value-added progress 31157
dimension of a district or building, for which the department 31158
shall use three consecutive years of value-added data. In using 31159
three years of value-added data to calculate the measure 31160
prescribed under division (D) (1) (d) of this section, the 31161
department shall assign a weight of fifty per cent to the most 31162
recent year's data and a weight of twenty-five per cent to the 31163
data of each of the other years. However, if three consecutive 31164
years of value-added data is not available, the department shall 31165
use prior years of value-added data to calculate the measure, as 31166
follows: 31167

(i) If two consecutive years of value-added data is not 31168
available, the department shall use one year of value-added data 31169
to calculate the measure. 31170

(ii) If two consecutive years of value-added data is 31171
available, the department shall use two consecutive years of 31172
value-added data to calculate the measure. In using two years of 31173
value-added data to calculate the measure, the department shall 31174
assign a weight of sixty-seven per cent to the most recent 31175
year's data and a weight of thirty-three per cent to the data of 31176
the other year. 31177

(e) The four-year adjusted cohort graduation rate. 31178

(f) The five-year adjusted cohort graduation rate. 31179

(g) The percentage of students in the district or building 31180
who score proficient or higher on the reading segment of the 31181
third grade English language arts assessment under section 31182
3301.0710 of the Revised Code. 31183

To the extent possible, the department shall include the 31184
results of the summer administration of the third grade reading 31185
assessment under section 3301.0710 of the Revised Code in the 31186
performance measures prescribed under divisions (D) (1) (g) and 31187
(h) of this section. 31188

(h) Whether a district or building is making progress in 31189
improving literacy in grades kindergarten through three, as 31190
determined using a method prescribed by the department. The 31191
method shall determine progress made based on the reduction in 31192
the total percentage of students scoring below grade level, or 31193
below proficient, compared from year to year on the reading 31194
segments of the diagnostic assessments administered under 31195
division (A) (1) of section 3301.0715 of the Revised Code and the 31196
third grade English language arts assessment under section 31197
3301.0710 of the Revised Code, as applicable. The method shall 31198
not include a deduction for students who did not pass the third 31199

grade English language arts assessment under section 3301.0710 31200
of the Revised Code and were not on a reading improvement and 31201
monitoring plan. 31202

The performance measure prescribed under division (D) (1) 31203
(h) of this section shall not be included on the report card of 31204
a district or building in which less than ten per cent of 31205
students have scored below grade level on the diagnostic 31206
assessment administered to students in kindergarten under 31207
division (B) (1) of section 3313.608 of the Revised Code. 31208

(i) The percentage of students in a district or building 31209
who are promoted to the fourth grade based on the student's 31210
score on the third grade English language arts assessment under 31211
division (A) (3) of section 3301.0710 of the Revised Code or 31212
demonstrate competency on an alternative assessment under 31213
division (A) (2) (c) of section 3313.608 of the Revised Code; 31214

(j) A post-secondary readiness measure. This measure shall 31215
be calculated by dividing the number of students included in the 31216
four-year adjusted graduation rate cohort who demonstrate post- 31217
secondary readiness by the total number of students included in 31218
the denominator of the four-year adjusted graduation rate 31219
cohort. Demonstration of post-secondary readiness shall include 31220
a student doing any of the following: 31221

(i) Attaining a remediation-free score, in accordance with 31222
standards adopted under division (F) of section 3345.061 of the 31223
Revised Code, on a nationally standardized assessment prescribed 31224
under division (B) (1) of section 3301.0712 of the Revised Code; 31225

(ii) Attaining required scores on three or more advanced 31226
placement, college-level examination program, or international 31227
baccalaureate examinations. The required score for an advanced 31228

placement examination shall be a three or better. The required 31229
score for a college-level examination program examination shall 31230
be a passing score, as determined by the department. The 31231
required score for an international baccalaureate examination 31232
shall be a four or better. A student may satisfy this condition 31233

(3) Except as provided in division (D) (3) (f) of this 31439
section, the department shall use the method prescribed under 31440
rules adopted under division (D) (4) of this section to assign 31441
performance ratings of "one star," "two stars," "three stars," 31442
"four stars," or "five stars," as described in division (F) of 31443
this section, for a district or building for the individual 31444
components prescribed under division (D) (3) of this section. The 31445
department also shall assign an overall performance rating for a 31446
district or building in accordance with division (D) (3) (g) of 31447
this section. The method shall use the performance measures 31448
prescribed under division (D) (1) of this section to calculate 31449
performance ratings for components. The method may report data 31450
under division (D) (2) of this section with corresponding 31451
components, but shall not use the data to calculate performance 31452
ratings for that component. The performance measures and 31453
reported data shall be grouped together into components as 31454

follows: 31455

(a) Gap closing. In addition to other criteria determined 31456
appropriate by the department, performance ratings for the gap 31457
closing component shall reflect whether each of the following 31458
performance measures are met or not met: 31459

(i) The gifted performance indicator as described in 31460
division (D) (1) (a) of this section; 31461

(ii) The chronic absenteeism indicator as described in 31462
division (D) (1) (b) of this section; 31463

(iii) For English learners, an English language 31464
proficiency improvement indicator established by the department; 31465

(iv) The subgroup graduation targets; 31466

(v) The subgroup achievement targets in both mathematics 31467
and English language arts; 31468

(vi) The subgroup progress targets in both mathematics and 31469
English language arts. 31470

Achievement and progress targets under division (D) (3) (a) 31471
of this section shall be calculated individually, and districts 31472
and buildings shall receive a status of met or not met on each 31473
measure. The department shall not require a subgroup of a 31474
district or building to meet both the achievement and progress 31475
targets at the same time to receive a status of met. 31476

The department shall not include any subgroup data in this 31477
measure that includes data from fewer than fifteen students. Any 31478
penalty for failing to meet the required assessment 31479
participation rate must be partially in proportion to how close 31480
the district or building was to meeting the rate requirement. 31481

(b) Achievement, which shall include the performance 31482
measure in division (D) (1) (c) of this section and the reported 31483
data in division (D) (2) (a) of this section. Performance ratings 31484
for the achievement component shall be awarded as a percentage 31485
of the maximum performance index score described in division (D) 31486
(1) (c) of this section. 31487

(c) Progress, which shall include the performance measure 31488
in division (D) (1) (d) of this section and the reported data in 31489
divisions (D) (2) (b) and (c) of this section; 31490

(d) Graduation, which shall include the performance 31491
measures in divisions (D) (1) (e) and (f) of this section and the 31492
reported data in divisions (D) (2) (d) and (j) of this section. 31493
The four-year adjusted cohort graduation rate shall be assigned 31494
a weight of sixty per cent and the five-year adjusted cohort 31495
graduation rate shall be assigned a weight of forty per cent. 31496

(e) Early literacy, which shall include the performance 31497
measures in divisions (D) (1) (g), (h), and (i) of this section 31498
and the reported data in division (D) (2) (k) of this section. 31499

If the measure prescribed under division (D) (1) (h) of this 31500
section is included in a report card, performance ratings for 31501
the early literacy component shall give a weight of forty per 31502
cent to the measure prescribed under division (D) (1) (g) of this 31503
section, a weight of thirty-five per cent to the measure 31504
prescribed under division (D) (1) (i) of this section, and a 31505
weight of twenty-five per cent to the measure prescribed under 31506
division (D) (1) (h) of this section. 31507

If the measure prescribed under division (D) (1) (h) of this 31508
section is not included in a report card of a district or 31509
building, performance ratings for the early literacy component 31510

shall give a weight of sixty per cent to the measure prescribed 31511
under division (D) (1) (g) of this section and a weight of forty 31512
per cent to the measure prescribed under division (D) (1) (i) of 31513
this section. 31514

(f) College, career, workforce, and military readiness, 31515
which shall include the performance measure in division (D) (1) 31516
(j) of this section and the reported data in division (D) (2) (e) 31517
of this section. 31518

For the 2021-2022, 2022-2023, and 2023-2024 school years, 31519
the department only shall report the data for, and not assign a 31520
performance rating to, the college, career, workforce, and 31521
military readiness component. The reported data shall include 31522
the percentage of students who demonstrate post-secondary 31523
readiness using any of the options described in division (D) (1) 31524
(j) of this section. 31525

The department shall analyze the data included in the 31526
performance measure prescribed in division (D) (1) (j) of this 31527
section for the 2021-2022, 2022-2023, and 2023-2024 school 31528
years. Using that data, the department shall develop and propose 31529
rules for a method to assign a performance rating to the 31530
college, career, workforce, and military readiness component 31531
based on that measure. The method to assign a performance rating 31532
shall not include a tiered structure or per student bonuses. The 31533
rules shall specify that a district or building shall not 31534
receive lower than a performance rating of three stars for the 31535
component if the district's or building's performance on the 31536
component meets or exceeds a level of improvement set by the 31537
department. Notwithstanding division (D) (4) (b) of this section, 31538
more than half of the total districts and buildings may earn a 31539
performance rating of three stars on this component to account 31540

for the districts and buildings that earned a performance rating 31541
of three stars because they met or exceeded the level of 31542
improvement set by the department. 31543

The department shall submit the rules to the joint 31544
committee on agency rule review. The committee shall conduct at 31545
least one public hearing on the proposed rules and approve or 31546
disapprove the rules. If the committee approves the rules, the 31547
department shall adopt the rules in accordance with Chapter 119. 31548
of the Revised Code. If the rules are adopted, the department 31549
shall assign a performance rating to the college, career, 31550
workforce, and military readiness component under the rules 31551
beginning with the 2024-2025 school year, and for each school 31552
year thereafter. If the committee disapproves the rules, the 31553
component shall be included in the report card only as reported 31554
data for the 2024-2025 school year, and each school year 31555
thereafter. 31556

(g) (i) Except as provided for in division (D) (3) (g) (ii) of 31557
this section, beginning with the 2022-2023 school year, under 31558
the method prescribed under rules adopted in division (D) (4) of 31559
this section, the department shall use the performance ratings 31560
assigned for the components prescribed in divisions (D) (3) (a) to 31561
(e) of this section to determine and assign an overall 31562
performance rating of "one star," "one and one-half stars," "two 31563
stars," "two and one-half stars," "three stars," "three and one- 31564
half stars," "four stars," "four and one-half stars," or "five 31565
stars" for a district or building. The method shall give equal 31566
weight to the components in divisions (D) (3) (b) and (c) of this 31567
section. The method shall give equal weight to the components in 31568
divisions (D) (3) (a), (d), and (e) of this section. The 31569
individual weights of each of the components prescribed in 31570
divisions (D) (3) (a), (d), and (e) of this section shall be equal 31571

to one-half of the weight given to the component prescribed in 31572
division (D) (3) (b) of this section. 31573

(ii) If the joint committee on agency rule review approves 31574
the department's rules regarding the college, career, workforce, 31575
and military readiness component as described in division (D) (3) 31576
(f) of this section, for the 2024-2025 school year, and each 31577
school year thereafter, the department's method shall use the 31578
components in divisions (D) (3) (a), (b), (c), (d), (e), and (f) 31579
of this section to calculate the overall performance rating. The 31580
method shall give equal weight to the components in divisions 31581
(D) (3) (b) and (c) of this section. The method shall give equal 31582
weight to the components prescribed in divisions (D) (3) (a), (d), 31583
(e), and (f) of this section. The individual weights of each of 31584
the components prescribed in divisions (D) (3) (a), (d), (e), and 31585
(f) of this section shall be equal to one-half the weight given 31586
to the component prescribed in division (D) (3) (b) of this 31587
section. 31588

If the joint committee on agency rule review disapproves 31589
the department's rules regarding the college, career, workforce, 31590
and military readiness component as described in division (D) (3) 31591
(f) of this section, division (D) (3) (g) (ii) of this section does 31592
not apply. 31593

(4) (a) The department shall adopt rules in accordance with 31594
Chapter 119. of the Revised Code to establish the performance 31595
criteria, benchmarks, and rating system necessary to implement 31596
divisions (D) and (F) of this section, including the method for 31597
the department to assign performance ratings under division (D) 31598
(3) of this section. 31599

(b) In establishing the performance criteria, benchmarks, 31600
and rating system, the department shall consult with stakeholder 31601

groups and advocates that represent parents, community members, 31602
students, business leaders, and educators from different school 31603
typology regions. The department shall use data from prior 31604
school years and simulations to ensure that there is meaningful 31605
differentiation among districts and buildings across all 31606
performance ratings and that, except as permitted in division 31607
(D) (3) (f) of this section, more than half of all districts or 31608
buildings do not earn the same performance rating in any 31609
component or overall performance rating. 31610

(c) The department shall adopt the rules prescribed by 31611
division (D) (4) of this section not later than March 31, 2022. 31612
However, the department shall notify districts and buildings of 31613
the changes to the report card prescribed in law not later than 31614
one week after September 30, 2021. 31615

(d) Prior to adopting or updating rules under division (D) 31616
(4) of this section, the director of education and workforce and 31617
the department shall conduct a public presentation before the 31618
standing committees of the house of representatives and the 31619
senate that consider primary and secondary education legislation 31620
describing the format for the report card and the performance 31621
criteria, benchmarks, and rating system, including the method to 31622
assign performance ratings under division (D) (3) of this 31623
section. 31624

(E) The department may develop a measure of student 31625
academic progress for high school students using only data from 31626
assessments in English language arts and mathematics. If the 31627
department develops this measure, each school district and 31628
applicable school building shall be assigned a separate letter 31629
grade for it not sooner than the 2017-2018 school year. The 31630
district's or building's grade for that measure shall not be 31631

included in determining the district's or building's overall letter grade.	31632 31633
(F) (1) The letter grades assigned to a school district or building under this section shall be as follows:	31634 31635
(a) "A" for a district or school making excellent progress;	31636 31637
(b) "B" for a district or school making above average progress;	31638 31639
(c) "C" for a district or school making average progress;	31640
(d) "D" for a district or school making below average progress;	31641 31642
(e) "F" for a district or school failing to meet minimum progress.	31643 31644
(2) For the overall performance rating under division (D)	31645
(3) of this section, the department shall include a descriptor for each performance rating as follows:	31646 31647
(a) "Significantly exceeds state standards" for a performance rating of five stars;	31648 31649
(b) "Exceeds state standards" for a performance rating of four stars or four and one-half stars;	31650 31651
(c) "Meets state standards" for a performance rating of three stars or three and one-half stars;	31652 31653
(d) "Needs support to meet state standards" for a performance rating of two stars or two and one-half stars;	31654 31655
(e) "Needs significant support to meet state standards" for a performance rating of one star or one and one-half stars.	31656 31657

(3) For performance ratings for each component under 31658
divisions (D) (3) (a) to (f) of this section, the department shall 31659
include a description of each component and performance rating. 31660

(B) Except as otherwise provided in this section, a board 32079
or commission that proposes to continue the employment as a 32080
reemployed superannuate or rehire as a reemployed superannuate 32081

employer; 32088

(2) Between fifteen and thirty days before the employment 32089

(D) A board or commission is not required to give notice 32103
under division (B) (1) or (C) of this section if the person has 32104
been retired for at least one year before the person's 32105
employment as a reemployed superannuate is to begin. 32106

~~(E) The state teachers retirement board shall adopt rules 32107
as necessary to implement this section. 32108~~

Sec. 3307.39. (A) The state teachers retirement board may 32109
enter into an agreement with insurance companies, health 32110
insuring corporations, or government agencies authorized to do 32111
business in the state for issuance of a policy or contract of 32112
health, medical, hospital, or surgical coverage, or any 32113
combination thereof, for those individuals receiving, under the 32114
STRS defined benefit plan, service retirement or a disability or 32115
survivor benefit who subscribe to the plan. Notwithstanding any 32116
other provision of this chapter, the policy or contract may also 32117
include coverage for any eligible individual's spouse and 32118
dependent children as the board considers appropriate. If all or 32119
any portion of the policy or contract premium is to be paid by 32120
any individual receiving service retirement or a disability or 32121

authorization, instruct the board to deduct the premium agreed 32123
to be paid by the individual to the companies, corporations, or 32124
agencies. 32125

The board may contract for coverage on the basis of part 32126
or all of the cost of the coverage to be paid from appropriate 32127
funds of the state teachers retirement system. The cost paid 32128
from the funds of the system shall be included in the employer's 32129
contribution rate provided by section 3307.28 of the Revised 32130
Code. 32131

The board may enter into an agreement under this division 32132
for coverage of recipients of benefits under an STRS defined 32133
contribution plan if the plan selected includes health, medical, 32134
hospital, or surgical coverage, or any combination thereof. The 32135
board may contract for coverage on the basis that the cost of 32136
the coverage will be paid by the recipient or by the plan to 32137
which the recipient contributed under this chapter. The board 32138
may offer to recipients plans that provide for different levels 32139
of coverage or for prepayment of the cost of coverage. 32140

The board may provide for self-insurance of risk or level 32141
of risk as set forth in the contract with the companies, 32142
corporations, or agencies, and may provide through the self- 32143
insurance method specific coverage as authorized by the rules of 32144
the board. 32145

(B) The board may make a monthly payment to each recipient 32146
of service retirement, or a disability or survivor benefit under 32147
the STRS defined benefit plan who is enrolled in coverage under 32148
part B of the medicare program established under Title XVIII of 32149
"The Social Security Amendments of 1965," 79 Stat. 301 (1965), 32150
42 U.S.C.A. 1395j, as amended, and may make a monthly payment to 32151
a recipient of benefits under an STRS defined contribution plan 32152
who is eligible for that insurance coverage if the monthly 32153
payments are funded through the plan selected by the recipient. 32154
The payment shall be the greater of the following: 32155

(1) Twenty-nine dollars and ninety cents; 32156

(2) An amount determined by the board, which shall not 32157
exceed ninety per cent of the basic premium for the coverage, 32158
except that the amount shall not exceed the amount paid by the 32159
recipient. 32160

At the request of the board, the recipient shall certify 32161
the amount paid by the recipient for coverage described in this 32162
division. 32163

The board shall make all payments under this division 32164
beginning the month following receipt of satisfactory evidence 32165
of the payment for the coverage. 32166

(C) The board shall establish by rule requirements for the 32167
coordination of any coverage or payment provided under this 32168
section with any similar coverage or payment made available to 32169
the same individual by the public employees retirement system, 32170
Ohio police and fire pension fund, school employees retirement 32171
system, or state highway patrol retirement system. 32172

~~(D) The board shall make all other necessary rules 32173
pursuant to the purpose and intent of this section. 32174~~

Sec. 3307.393. As used in this section, "STRS defined 32175
benefit plan" means the plan established under sections 3307.50 32176
to 3307.79 of the Revised Code and "STRS defined contribution 32177
plan" means a plan established under section 3307.81 of the 32178
Revised Code. 32179

The STRS defined benefit plan or a STRS defined 32180
contribution plan may include a program under which a member 32181
participating in the plan or a member's employer is permitted to 32182
make additional deposits for the purpose of providing funds for 32183
the payment of health, medical, hospital, surgical, dental, or 32184

vision care expenses, including insurance premiums, deductible 32185
amounts, or copayments. The program may be a voluntary 32186
employees' beneficiary association, as described in section 32187
501(c) (9) of the Internal Revenue Code, 26 U.S.C. 501(c) (9), as 32188
amended; an account described in section 401(h) of the Internal 32189
Revenue Code, 26 U.S.C. 401(h), as amended; a medical savings 32190
account; or a similar type of program under which an individual 32191
may accumulate funds for the purpose of paying such expenses. To 32192
implement the program, the state teachers retirement board may 32193
enter into agreements with insurance companies or other entities 32194
authorized to conduct business in this state. 32195

~~If the STRS defined benefit plan or a STRS defined 32196
contribution plan includes a program described in this section, 32197
the board shall adopt rules to establish and administer the 32198
program. 32199~~

Sec. 3307.461. The state teachers retirement board may 32200
establish and maintain a qualified governmental excess benefit 32201
arrangement that meets the requirements of division (m) of 32202
section 415 of the "Internal Revenue Code of 1986," 100 Stat. 32203
2085, 26 U.S.C.A. 415, as amended, and any regulations adopted 32204
thereunder. If established, the arrangement shall be a separate 32205
portion of the state teachers retirement system and be 32206
maintained solely for the purpose of providing to retired 32207
members that part of a benefit otherwise payable under this 32208
chapter that exceeds the limits established by section 415 of 32209
the "Internal Revenue Code of 1986," as amended. 32210

Members participating in an arrangement established under 32211
this section shall not be permitted to elect to defer 32212
compensation to the arrangement. Contributions to and benefits 32213
paid under an arrangement shall not be payable from a trust that 32214

is part of the system unless the trust is maintained solely for 32215
the purpose of providing such benefits. 32216

~~The board shall adopt rules to administer an arrangement 32217
established under this section. 32218~~

Sec. 3307.501. (A) As used in this section, "percentage 32219
increase" means the percentage that an increase in compensation 32220
is of the compensation paid prior to the increase. 32221

(B) For the purpose of determining final average salary 32222
under this section, "compensation" has the same meaning as in 32223
section 3307.01 of the Revised Code, except that it does not 32224
include any amount resulting from a percentage increase paid to 32225
a member during the member's two highest years of compensation, 32226
and any partial year of compensation as determined under 32227
divisions (C) (1) and (2) of this section to which the percentage 32228
increase also applies, if the percentage increase exceeds the 32229
greater of the following: 32230

(1) The highest percentage increase in compensation paid 32231
to the member during any of the three years immediately 32232
preceding the earlier of the member's two highest years of 32233
compensation; 32234

(2) A percentage increase paid to the member as part of an 32235
increase generally applicable to members employed by the 32236
employer. An increase shall be considered generally applicable 32237
if it is paid to members employed by a school district board of 32238
education in positions requiring a license issued under section 32239
3319.22 of the Revised Code in accordance with uniform criteria 32240
applicable to all such members or if paid to members employed by 32241
an employer other than a school district board of education in 32242
accordance with uniform criteria applicable to all such members. 32243

(C) The state teachers retirement board shall determine 32244
the final average salary of a member as follows: 32245

(1) For benefits beginning before August 1, 2015, by 32246
dividing the sum of the member's annual compensation for the 32247
three highest years of compensation for which the member made 32248
contributions plus any amount determined under division (E) of 32249
this section by three, except that if the member has a partial 32250
year of contributing service in the year the member's employment 32251
terminates and the compensation for the partial year is at a 32252
rate higher than the rate of compensation for any one of the 32253
member's highest three years of compensation, the board shall 32254
substitute the compensation for the partial year for the 32255
compensation for the same portion of the lowest of the member's 32256
three highest years of compensation; 32257

(2) For benefits beginning on or after August 1, 2015, 32258
except as provided in division (C)(3) of this section, by 32259
dividing the sum of the member's annual compensation for the 32260
five highest years of compensation for which the member made 32261
contributions plus any amount determined under division (E) of 32262
this section by five, except that if the member has a partial 32263
year of contributing service in the year the member's employment 32264
terminates and the compensation for the partial year is at a 32265
rate higher than the rate of compensation for any one of the 32266
member's highest five years of compensation, the board shall 32267
substitute the compensation for the partial year for the 32268
compensation for the same portion of the lowest of the member's 32269
five highest years of compensation; 32270

(3) For benefits beginning on or after August 1, 2015, 32271
that were preceded by a disability benefit effective before that 32272
date and with no break in benefits, by dividing the sum of the 32273

member's annual compensation for the three highest years of 32274
compensation for which the member made contributions plus any 32275
amount determined under division (E) of this section by three, 32276
except that if the member has a partial year of contributing 32277
service in the year the member's employment terminates and the 32278
compensation for the partial year is at a rate higher than the 32279
rate of compensation for any one of the member's highest three 32280
years of compensation, the board shall substitute the 32281
compensation for the partial year for the compensation for the 32282
same portion of the lowest of the member's three highest years 32283
of compensation. 32284

If a member has less than the requisite years of 32285
contributing membership, the member's final average salary shall 32286
be the member's total compensation for the period of 32287
contributing membership plus any amount determined under 32288
division (E) of this section divided by the total years, 32289
including any portion of a year, of contributing service. 32290

For the purpose of calculating benefits payable to a 32291
member qualifying for service credit under division (I) of 32292
section 3307.01 of the Revised Code, the board shall calculate 32293
the member's final average salary by dividing the member's total 32294
compensation as a teacher covered under this chapter plus any 32295
amount determined under division (E) of this section by the 32296
total number of years, including any portion of a year, of 32297
contributing membership during that period. If contributions 32298
were made for less than twelve months, the member's final 32299
average salary is the total amount of compensation paid to the 32300
member during all periods of contributions under this chapter. 32301

(D) Contributions made by a member on amounts that, 32302
pursuant to division (B) of this section, are not compensation 32303

or are not included, pursuant to division (E) of this section, 32304
for the purpose of determining final average salary shall be 32305
treated as additional deposits to the member's account under 32306
section 3307.26 of the Revised Code and used to provide 32307
additional annuity income. 32308

~~(E) The state teachers retirement board shall adopt rules-~~ 32309
~~establishing criteria and procedures for administering this-~~ 32310
~~division.~~ 32311

~~The board shall~~ notify each applicant for retirement of 32312
any amount excluded from the applicant's compensation in 32313
accordance with division (B) of this section and of the 32314
procedures ~~established by the board~~ for requesting a hearing on 32315
this exclusion. 32316

Any applicant for retirement who has had any amount 32317
excluded from the applicant's compensation in accordance with 32318
division (B) of this section may request a hearing on this 32319
exclusion. Upon receiving such a request, the board shall 32320
determine ~~in accordance with its criteria and procedures-~~ 32321
whether, for good cause as determined by the board, all or any 32322
portion of any amount excluded from the applicant's compensation 32323
in accordance with division (B) of this section, up to a maximum 32324
of seventy-five hundred dollars, is to be included in the 32325
determination of final average salary under division (C) of this 32326
section. Any determination of the board under this division 32327
shall be final. 32328

Sec. 3307.67. (A) Except as provided in divisions (D) and 32329
(E) of this section, the state teachers retirement board shall 32330
annually increase each allowance or benefit payable under the 32331
STRS defined benefit plan. Through July 31, 2013, the increase 32332
shall be three per cent. On and after August 1, 2013, the 32333

increase shall be two per cent. No allowance or benefit shall 32334
exceed the limit as annually determined pursuant to section 415 32335
of the "Internal Revenue Code of 1986," 100 Stat. 2085, 26 32336
U.S.C.A. 415, as amended, and regulations adopted pursuant 32337
thereto but before August 1, 2013. The limit may be adjusted in 32338
accordance with rules adopted by the board. 32339

(B) The first increase is payable to all persons becoming 32340
eligible as follows: 32341

(1) For an allowance or benefit beginning on or after July 32342
1, 1971, but before August 1, 2013, upon such persons receiving 32343
an allowance or benefit for twelve months; 32344

(2) For an allowance or benefit beginning on or after 32345
August 1, 2013, that was immediately preceded by a disability 32346
benefit effective before that date but terminated on or after 32347
it, upon the date that would have been the disability benefit's 32348
next anniversary date; 32349

(3) For an allowance or benefit beginning on or after 32350
August 1, 2013, except for an allowance or benefit described in 32351
division (B)(2) of this section, upon such persons receiving an 32352
allowance or benefit for sixty months. 32353

The increased amount is payable for the ensuing twelve- 32354
month period or until the next increase is granted under this 32355
section, whichever is later. Subsequent increases shall be 32356
determined from the date of the first increase paid to the 32357
former member in the case of an allowance being paid a 32358
beneficiary under an option, or from the date of the first 32359
increase to the survivor first receiving an allowance or benefit 32360
in the case of an allowance or benefit being paid to the 32361
subsequent survivors of the former member. 32362

The date of the first increase under this section becomes 32363
the anniversary date for any future increases. 32364

The allowance or benefit used in the first calculation of 32365
an increase under this section shall remain as the base for all 32366
future increases, unless a new base is established. 32367

(C) If payment of a portion of a benefit is made to an 32368
alternate payee under section 3307.371 of the Revised Code, 32369
increases under this section granted while the order is in 32370
effect shall be apportioned between the alternate payee and the 32371
benefit recipient in the same proportion that the amount being 32372
paid to the alternate payee bears to the amount paid to the 32373
benefit recipient. 32374

If payment of a portion of a benefit is made to one or 32375
more beneficiaries under "option 4" under division (A) (4) of 32376
section 3307.60 of the Revised Code, each increase under this 32377
section granted while the plan of payment is in effect shall be 32378
divided among the designated beneficiaries in accordance with 32379
the portion each beneficiary has been allocated. 32380

The apportioned increases under this section shall begin 32381
with increases granted on or after October 27, 2006. 32382

(D) The board shall not make the increases it would 32383
otherwise make during the period July 1, 2013, through June 30, 32384
2014, to persons granted an allowance or benefit prior to July 32385
1, 2013. The board shall not increase any allowance or benefit 32386
granted on July 1, 2013, until July 1, 2015. 32387

(E) The board may adjust the increase payable under this 32388
section if the board's actuary, in its annual actuarial 32389
valuation required by section 3307.51 of the Revised Code or in 32390
other evaluations conducted under that section, determines that 32391

an adjustment does not materially impair the fiscal integrity of 32392
the retirement system or is necessary to preserve the fiscal 32393
integrity of the system. 32394

~~(F) The board shall make all rules necessary to carry out 32395
this section. 32396~~

Sec. 3307.671. In December 1980, and in December of each 32397
year thereafter, the state teachers retirement board may 32398
allocate an amount from the guarantee fund created in division 32399
(E) of section 3307.14 of the Revised Code to establish a 32400
temporary supplemental benefit fund for the purpose of making a 32401
lump sum benefit payment to all persons receiving an allowance, 32402
pension, or benefit under the STRS defined benefit plan for each 32403
of the twelve months preceding the first day of the following 32404
January. 32405

On or after July 1, 1980, and on or after the first day of 32406
July of each year thereafter, the board may determine the amount 32407
to be placed in a temporary supplemental benefit fund. Such 32408
amount, if placed, shall be not more than twenty-five per cent 32409
of the income from investments for the twelve months preceding 32410
the first day of July not otherwise required to be credited to 32411
the several funds set forth in section 3307.14 of the Revised 32412
Code. 32413

The board shall adopt rules ~~to administer this~~ 32414
~~supplemental benefit. The rules shall that~~ recognize the 32415
effective date of the allowance, pension, or benefit and the 32416
years of Ohio service credit for each recipient as an equitable 32417
basis for allocating the amount payable to each recipient. 32418

If the board determines that a supplemental benefit shall 32419
be paid under this section, it shall pay such amount within 32420

sixty calendar days following its allocation to the supplemental benefit fund. 32421
32422

Amounts paid pursuant to this section shall not be included in the base for increasing an allowance, pension, or benefit provided in section 3307.67 of the Revised Code and shall not incur any obligation or liability for future payments under this section. 32423
32424
32425
32426
32427

Sec. 3307.6913. (A) As used in this section and in section 3307.6914 of the Revised Code, "eligible recipient" means any person receiving a benefit on July 1, 1999. 32428
32429
32430

(B) For each eligible recipient of a benefit payable under section 3307.58, 3307.59, or 3307.60 of the Revised Code, the state teachers retirement board shall recalculate the annual single lifetime benefit, excluding any increases granted under section 3307.67 of the Revised Code, of the benefit payable to the recipient using division (B) of section 3307.38 of the Revised Code as that section existed immediately prior to ~~the effective date of this section~~ July 13, 2000, except that the recalculated annual single lifetime benefit shall be adjusted by the per cent shown in the schedule in the version of division (B) of section 3307.38 of the Revised Code that was in effect at the time the initial recipient's benefit was calculated on the basis of age and service. 32431
32432
32433
32434
32435
32436
32437
32438
32439
32440
32441
32442
32443

(C) If the amount determined under division (B) of this section is greater than the annual single lifetime benefit granted the recipient, the board shall recalculate the recipient's benefit so that it equals the annual single lifetime benefit determined under division (B) of this section or its actuarial equivalent. 32444
32445
32446
32447
32448
32449

(D) The board shall include the increase in amount paid 32450
under this section in an individual's base for purposes of 32451
future increase in any benefit under section 3307.67 of the 32452
Revised Code. 32453

(E) The board shall make the recalculations required under 32454
this section not later than one hundred eighty days after ~~the~~ 32455
~~effective date of this section~~ July 13, 2000. ~~The board may adopt~~ 32456
~~rules to implement this section.~~ 32457

Sec. 3307.6914. (A) As used in this section: 32458

(1) "Cumulative percentage change in the CPI" means the 32459
total percentage change in the consumer price index prepared by 32460
the United States bureau of labor statistics for urban wage 32461
earners and clerical workers (CPI-W: U.S. city average, all 32462

the thirty-first day of December immediately preceding ~~the~~ 32465
~~effective date of this section~~ July 13, 2000. 32466

(2) "Original benefit amount" has the same meaning as in 32467

of the Revised Code, the board shall determine an amount equal 32472
to the sum of the following amounts: 32473

(a) An amount equal to eighty-five per cent of the 32474
original benefit amount, except that if the recipient is not the 32475
individual to whom the original benefit amount was granted, the 32476
amount shall equal eighty-five per cent of the product obtained 32477
when the original benefit amount is multiplied by the percentage 32478

of the original benefit amount being paid to the recipient; 32479

(b) An amount equal to the product obtained when the 32480
amount determined under division (B) (1) of this section is 32481
multiplied by the cumulative percentage change in the CPI. 32482

(2) For each eligible recipient of a benefit under section 32483
3307.66 of the Revised Code that is payable by reason of the 32484

Sec. 3307.77. (A) As used in this section, "employer" 32717

participating in the STRS defined benefit plan or the STRS 32722

of an absence due to the member's own illness or injury, or who 32725
is, or has been, granted a leave for educational, professional, 32726
or other purposes pursuant to section 3319.13, 3319.131, or 32727
3345.28 of the Revised Code or for any other reason approved by 32728
the state teachers retirement board, may purchase service 32729

or leave, either by having deductions made in accordance with 32731
division (C) of this section or by making the payment required 32732
by division (D) of this section. 32733

(C) If the absence or leave begins and ends in the same 32734
year, the member may purchase credit for the absence or leave by 32735
having the employer deduct and transmit to the system from 32736
payrolls in that year employee contributions on the amount 32737
certified by the employer as the compensation the member would 32738
have received had the member remained employed in the position 32739
held when the absence or leave commenced. The deductions may be 32740
made even though the minimum compensation provided by law for 32741
the member is reduced thereby, unless the amount to be deducted 32742
exceeds the compensation to be paid the member from the time 32743

deductions begin until the end of the year, in which case credit 32744
may not be purchased under this division. The employer shall pay 32745
the system the employer contributions on the compensation amount 32746

in effect change during the absence or leave, the contributions 32750
for each month of the absence or leave shall be made at the rate 32751
in effect for that month. 32752

(D) If the absence or leave does not begin and end in the 32753
same year or the member does not purchase the credit under 32754
division (C) of this section, a member may purchase credit for 32755
the absence or leave by paying to the system the sum of the 32756
following for each year of credit purchased: 32757

(1) An amount determined by multiplying the employee rate 32758
of contribution in effect at the time the absence or leave 32759
commenced by the member's annual compensation for the member's 32760
last full year of service prior to the commencement of the 32761
absence or leave, or, if the member has not had a full year of 32762
service, the compensation the member would have received for the 32763
year the absence or leave commenced had the member continued in 32764
service for a full year; 32765

(2) Interest compounded annually, at a rate determined by 32766
the board, on the amount determined under division (D) (1) of 32767
this section from the day following the last day of the year in 32768
which the absence or leave terminated to the date of payment; 32769

(3) Interest compounded annually, at a rate determined by 32770
the board, on an amount equal to the employer's contribution 32771
required by this division from the day following the last day of 32772
the year in which the absence or leave terminated to the date of 32773

payment. 32774

The employer shall pay to the system for each year of 32775
credit purchased under this division an amount determined by 32776
multiplying the employer contribution rate in effect at the time 32777
the absence or leave commenced by the member's annual 32778
compensation for the member's last full year of service prior to 32779
the commencement of the absence or leave, or, if the member has 32780
not had a full year of service, the compensation the member 32781
would have received for the year the absence or leave commenced 32782
had the member continued in service for a full year. 32783

(E) A member who chooses to purchase service credit under 32784
division (D) of this section may choose to purchase only part of 32785
the credit for which the member is eligible in any one payment. 32786
